300,000 Pounds Of Wool Sold AT 25c To 26c Per Pound

Ten cars of wool moved from Eldorado Tuesday by rail to Galveston where it will be transferred to steamship for delivery to New York and Boston. The shipment consisted of 330,000 pounds sold early in the week by the Eldorado Wool Company to Wright Bros. Prices are reported to range from 25c to 26c per pound on 315,000 pounds and 24 and one-half cents for 15,000 pounds.

The average price on the wool sale is said to be approximately 25 and one half cents.

Other points reporting sales over the week include San Angelo where a half million pounds of wool was bought by Jos. Walker of Philadelphia at prices from 24c to 25c.

NEW FRONT FOR CITY BARBER SHOP

This week a new front is being built for the City Barber Shop. A permanent awning has been placed over the sidewalk which improves greatly the appearance of this business house. Mr. W. W. Jackson and Lark McLeary are doing the work. The material was purchased from the West Texas Lumber Company.

NEW TEXAS AUTO PLATES TO BE CREAM WITH BLUE

Austin, July 26.—Next year's passenger automobile license plates will be cream color with blue numerals and lettering. The truck plates will have the colors reversed.

At the bottom of the plate, where the word "Texas" now appears, there will be the word "Centennial," while "Tex" will be stamped horizontally in the middle of the Plate.

The body was taken overland to Ft. McKavett for burial there Wednesday afternoon at 5:00 o'clock.

Surviving are the husband, R. T. Williamson, Ft. McKavett; three sons, Wayne, Raymond Harold, and Alvis Williamson, all of Ft. McKavett; the mother and father, Mr. and Mrs. Jess Barker of Fort Stockton; and three brothers, Raymond and Granville Barker of Sonora, and Bill Barker of Fort Stockton.

IMPROVEMENTS TO BE MADE ON RANCH HOME

This week lumber and materials were being loaded at the West Texas Lumber Company yard here to be trucked to the ranch home of Mr. Jack Mann, who will add two new rooms to his ranch home. He is planning to have the entire house remodeled, reshingled and painted. Other improvements will be the repairing of the other ranch buildings.

REV. CONNELL RETURNS FROM VACATION TRIP

Rev. P. S. Connell, pastor of the Methodist church, returned Tuesday from a ten-day vacation. While away he visited in San Antonio and Cotulla. Services will be held Sunday at 11:00 a. m. and 8:15 p. m. Sunday school at 9:45 a. m.

RACES WILL BEGIN AT 2 P.M. SHARP

Horses From All Parts of Texas And Some From Other States

At two o'clock today racing fans will gather in the Grand stand and around the race track fence to witness one of the most sensational races ever staged on the Eldorado race track.

Horses from far and wide will compete for the purses offered today. At the time this paper went to press many of the horses were here and some have come in for entrance since this was printed. The names of those on the grounds that could be gotten are as follows:

Bill Wade, entered by Jess Barker; Crook, a Menard horse entered by L. M. Waters; Dick, a Schleicher county horse entered by Pat Martin; Lipan Flower, entered by L. M. Waters; Judgement, a well bred horse from New York state, entered by Sam Wellman; Tiny Comet, a Rock-springs horse, Fred Smith; Cliff C., a Sutton county horse, Fred Smith; Betty Ann, a Sweetwater horse, Charlie Pennell; Polka Dot from Schleicher county, Barber Henderson; Black Streak, Sonora by Jess Baker; Schleicher Boy, county, Joe Finley; Princess Cueta, Joe Finley; Red Pepper Burns, Joe Finley; (this horse is the Tom Henderson horse); Fast Time, a Rankin horse entered by Oscar Schnaubert; Netty Hill, a county horse, entered by Harold Jackson; Navajo, owned by Tom Henderson, entered by Sam Mather; Lady H., entered by S. Gin Will be Ready For Fall Season

For several days work has been going on at the Eldorado Gin. Mr. Terry Crain is overhauling, sharpening saws and replacing those that need replacing, and getting everything in readiness for the looked for rushing business this fall.

The Eldorado Gin Company has a well equipped gin, one of the best in the country.

BAILEY MONTGOMERY REMODELING RANCH HOME AND BUILDINGS

The ranch home of Mr. Bailey Montgomery has undergone a remodeling with a new roof and new paint.

Also a new garage has been built and repairs in general are in evidence. The material was purchased from The West Texas Lumber Company.

increase.

There probably is a considerable volume of bootleg liquor still being peddled. That would not show, of course, in the Government's revenue tax figures. But it is hardly likely that such illicit traffic can be large enough to account for the wide gap between the figures of 1917 and those of the first full fiscal year since Repeal, the year just ended.

The plain fact seems to us to be that the American people are doing less drinking than they used to do. Moreover, we believe that the use of alcohol will continue to decline, as the younger generation begins to discover for itself that booze and motoring, liquor and athletics, don't mix.—The Dublin Progress.

Here are some business briefs of interest:

EMPLOYMENT: Has gained 60 percent in heavy industries since March, 1933; shown a lesser advance in consumer industries. The unemployed are now estimated at about 9,000,000.

INDUSTRIAL ACTIVITY Has fooled the forecasters, by holding up better this year than was anticipated. Was at 85 percent of the 1923-25 average in May, and the first half of 1935 was five per cent better than the same period last year.

AUTOMOBILES: First half production was 35 per cent over same period in 1934, represented the highest volume since 1929.

STEEL: Steel makers are hopeful, and the usual summer decline has been less severe than in the past. Structural steel business is good, due to government orders.

MINING: Copper prices recently took a sharp drop, following the elimination of NRA price-fixing. Silver value also declined lately, due largely to the Treasury's refusal to buy additional silver stocks in large quantities.

AGRICULTURE: It is estimated that the farmers' 1935 income will be about the same as in 1934, which registered a billion-dollar jump over 1933. Crops will be larger this year than last, but prices will probably be lower.

LABOR: Latest trouble has occurred in New England textile mills, where the union recently called a strike on one large operator, is threatening others.

It is said to be inevitable that there will soon be a strike of cloak and suit workers in the east. Potential labor troubles have most big industries nervous.

Farmers, Short Course at A. & M. College all next week is the attraction which will cause about 5000 bags to be packed this week-end.

Science has made available a great range of information valuable to rural citizens in making more profitable use of the raw materials grown by them.

Also science has revealed the fact that homemakers aren't just "lucky with the canning" so much as they follow sound methods of preservation.

The Farmers Short Course undertakes the demonstrations to make the riches of science available to all who come.

Farms and ranches alongside of Texas highways will keynote Centennial visitors' impressions of the State.

DEVIL'S HEAD

STANDS GUARD
Devil's Head Colorado, is a great rough pile of rocks which forms a landmark for all the country around it. There are many stories told about the region, which is wild and little

traveled except on the main roads. Even at this time desperadoes sometimes hide out in the vicinity, although a national forest fire lookout tops the Head. In early days robbers and desperate men knew that region too, and without doubt there is

treasure hidden about the Devil's Head which has never been—and perhaps never will be found. For instance, in the early 70's a gang held up a government train at Big Springs and got away with \$60,000 in gold eagles. The men managed to hide in the forest near Devil's Head, but the posse hunting for them knew that country rather well themselves and pursuit came entirely too close for safety. Accordingly the holdups buried their loot, sticking a long knife into a tree to mark the spot, and got out of the country for the time being.

In 1923 an old man appeared in the region, who seemed to be hunting for something. He searched for days, and when a forester at the lookout, who had been watching him, finally asked him what he was looking for, he told the story of the holdup that had happened so long before. He had been one of the gang, the old man said, and he hoped to find the buried loot. But he had not reckoned on forest fires—the trees he had once seen, and the knife he knew to have been left above the gold, had long ago gone up a billows of thick smoke.

familiarize themselves with the Housing program in order that they may present it intelligently to club members and residents of the community.

Suggestions for 4-H clubs made in the pamphlet distributed by the Federal Housing Administration include the planning of dairy barns, milk houses, hen houses and fences and judging of various farm houses by club members.

Coincident with the 4-H club program, farm representatives of the Federal Housing Administration are contacting officials of county affairs to arrange for space housing demonstrations on their programs. More than 1,000 such affairs are to be held throughout the United States during the months of July, August and September. In some instances, 4-H club members will assist in staffing these booths.

In communities where fairs are not being held, farm bureau picnics and fields days are planned, as well as tours when farmers visit neighbors in a group and inspect various crops. The farm representatives also plan to present housing programs on these occasions.

"The Changing Country Life" is the theme around which all the Short Course programs and demonstrations have been built. Ox-cart ideas do not keep up with the procession in an automobile age whether in town or country. So it is well to recognize that country life is changing.

Wool or wool, cotton or corn, hides and what not have possibilities for home use to add to the comforts and conveniences of life in these days of small electrically equipped shops and reviving interests in skill.

USE COMMON SENSE IN THE MANAGEMENT OF THE VACATION

This is the time of the year when we put much effort and money into the summer outing and justify the expenditure on the ground that we and our families require an opportunity to recuperate through change of surroundings and to improve our well-being. But there is often very little common sense in the management of the vacation, especially that of the children. The essentials of good care are ignored, so that the child is often in less satisfactory condition, physically and mentally, at the opening of the school in the fall than he was at the beginning of the summer.

Insufficient rest and over-exercise the particularly common. It is more difficult, of course, to see that the child obtains sufficient rest during the summer, the long days and planned diversions being largely responsible; but more rest, not less, should be the rule during the summer months. Heat and exercise may interfere with proper digestion, indiscretions in diet are often permitted or even encouraged. Milk, the child's staple food, which deteriorates rapidly in warmth, is not sufficiently protected; and other foods are subjected to contaminations which would be less likely to occur in winter.

A sudden change from an indoor to an outdoor life often leads to long exposure to the summer sunshine and when this is unduly prolonged sunburn often results. Children who have played out in the sun all the year have become more or less hardened to the effects of the sun but those that don sun-tan suits for the first time should be careful not to prolong the exposure at first. Exposing the skin a short time at first and gradually increasing this will soon build up a beneficial tan without sunburn.

PROPOSED AMENDMENT NUMBER 5 Suspended Sentence or Probation Amendment

Proposition Number 5 on the ballot of the August 24th special election reads: "For and against) the Amendment to the State Constitution authorizing the Court to place defendants on probation."

Proponents claim that if this amendment is passed, many who are now sent to the penitentiary for first offense will be permitted to enjoy suspended sentences under restrictions of the court.

The only restriction under the present suspended sentence law is the fact that the defendant must not be convicted of a felony—that is, a crime punished by confinement in the penitentiary. The judge or court has no control nor can it set up or impose any other restrictions.

It is the understanding of those who have studied the amendment that if passed is would per-

mit the Legislature to pass laws giving the courts the right to suspend sentences and place defendants on such probation as the court might deem proper. In other words the court could suspend sentences subject to certain limitations. If those restrictions or limitations were not observed the Court would have the authority to have the defendant committed to the penitentiary without further ado. Many courts now refuse to grant suspended sentences for the reason that they have no control over the defendant after the same is granted. It is pointed out that this would prevent many first offenders from having to go to the penitentiary and reclaim many of them for society.

If a suspended sentence is given under the present law the only limitation is that the defendant must not be convicted of a felony. The court has no control over him nor can it impose other conditions.

PROPOSED AMENDMENT NUMBER 6 Abolishing Fee System for Paying Officials

Two years ago a Senate investigating committee discovered a number of flagrant abuses of the fee system as practised in Texas for recompensing certain public officials. The fee system was established and written into the Texas Constitution at a time when it was impossible to pay salaries and the theory was that an official was entitled to "all he could make". Since the Senate committee discovered and revealed the malpractices existing under the system there has been a demand for a Constitution change on this score, according to Secretary of State Gerald C. Mann.

Proposed Amendment No. 6 on the ballot provides that the fee system as a method of paying certain precinct, county and district officials shall be abolished in counties having 20,000 or more population according to the last Federal census. The Legislature will, if the amendment is adopted, set the salaries for officials now receiving fees in such counties. In counties of under 20,000 population the Commissioners Courts may put their county and precinct officials on a salary basis if they so desire. The Amendment does not specifically state who shall set the salaries of such officials in this case.

If this amendment is adopted all district officers must be compensated on a salary basis.

The amendment provides that fees shall continue to be collected as at present but they will go to the county instead of the officer. The evident purpose of this amendment is to place as many public officials on straight salaries as is possible and thus abolish insofar as is possible the payment of officials through the present fee system.

PROPOSED AMENDMENT NO. 7

Free Text Books for Private & Parochial Schools

The Texas Constitution at the present time provides that the State is without authority to furnish free text books to other than public schools. Proposed Amendment number seven permit the State to supply free text books to all schools private and parochial.

Such text books, it is presumed, to be the same as used in the public schools.

Advocates of this Amendment state that this would entail no additional expense because the state now purchases more books than are necessary. However, this point is merely one of the claims made and has not been substantiated by the Secretary of State. Advocates point out that they pay taxes to support public schools but that if they choose to send their children to private or parochial schools the least the State can do is to supply the text-books free.

Probably the most important and less publicized provision of this amendment is the fact that it proposes to rewrite Section 5 of Article Seven of the Constitution so as to permit the apportionment of school funds on some other basis than scholastic population.

For many years there has been considerable agitation in certain quarters to abolish the "school census" or scholastic population system of apportioning school funds and substitute in lieu thereof the "average attendance" basis or some other basis. The Legislature would determine just how this was to be done, if this Amendment is adopted.

If adopted this proposed Amendment Number seven would mean, in effect: (1) that the State would furnish free text-books to pupils in all the schools of Texas; and (2) that a new ba-

for apportioning school funds other than the scholastic census basis, could be set up.

LION CONVENTION

Chicago, Illinois July 18.—For the first time in its history Lions International is holding its annual convention in a non-English speaking country. On July 23 an estimated 6,000 Lions and their friends will gather in the capital of Old Mexico for their four-day nineteenth annual meeting. They will reach the Aztec capital by special train, by plane, by boat, and if the highway is in good condition hundreds of them will drive. Director General of Highways, Senor Gonzales, has ordered the Laredo-Mexico City highway closed until July 15 to prepare it for the convention traffic.

The convention program will be opened at 2:00 P. M., Tuesday, July 23, when International President Hascall of Omaha, official of the Standard Oil Company of Nebraska, will take charge of the sessions. His report which will cover the record made by the Association during the past twelve months and will include recommendations for the new fiscal year will be one of the highlights of the business sessions.

Besides the business sessions for delegates and officers there will be an unusual amount of typical Mexican entertainers and hospitality. On Wednesday evening the President of the Republic of Mexico, Senor Lazaro Cardenas, will receive the delegates, and prior to this Ambassador Joseph Daniels will receive delegates at the United States embassy. Some of the convention proceeding will be broadcasted over a national hook-up in Mexico, which will be relayed by a number of American stations. Trips to the famous pyramids of the Aztecs, and the floating gardens of Zochimilco, a Mexican circus, and a trip around Mexi-

co City are among the special features arranged for the delegates. The convention sessions will be held in the magnificent Palacio de Belles Artes, recently completed, while many of the evening affairs will take place in the newly erected Foreign Club. It is expected that a large portion of the delegates will take advantage of the post convention tours through central Mexico which have been arranged for them the Lions Club of Mexico City.

A unique feature of this conventions is the use of a "Pullman City", for the accomodation of the delegates who will not be able to secure hotel rooms during the conventions. Every hotel room and available apartment, and a good portion of the ac-

comodations available in private homes are already reserved. Hundreds, possible thousands will therefore stay in Pullman City during the convention, where they will have their own lighting system, their own public force, a special cabaret, restaurant facilities, shops, baths, and even carefully laid out streets and boulevards lined with trees and flowers.

The convention will mark the close of a particularly successful year for the Lions organization, during which sizeable increases in both the number of clubs and the total of the Association were made.

Tuesday of this week members and guests of The Merry Makers 42 Club were entertained at the home of Mrs. W. B. Cobb. There were three tables of members and guests present. Refreshments of cakes and ice cream were served the following: Mesdames Doc Kerr, Roy Andrews, Ben Isaacs, A. T. Wright, Jim Griffin, F. M. Bradley, O. E. Conner, Dollie Edmiston, and Miss Chrissie Enochs. Guests were: Mrs. Jaob Campbell, Leslie Galbreath, Mrs. Lucius Wheeler; Mrs. O. E. Conner will entertain the club August 13.

FOUND SHE COULD IMPROVE CLOTHES CLOSET

"When my club asked me to take the wardrobe demonstration I had not the slightest idea that there was an improvement which I could conveniently make in my clothes closet, said Mrs. Marion Wade, wardrobe demonstrator for the Country Woman's Club but as I started to work, I realized the closet was too dark, was crowded and ill arranged. I secured from a neighbor enough white ceiling paper to paper the inside of the closet. I painted the door and floor white. I made a hat rack, using the ends of a fruit box and two smooth sticks, and painted it white. I rebuilt the clothes rod, and made two hanging hat holders; made a large door pocket having six spaces for hose, handkerchiefs, patterns, etc. I discarded some things which I had kept crowded in the closet, and put other things in more convenient places.

At a cost of 10 cents and a bit of time and work, I now have a clothes closet that seems much larger and is much lighter having plenty of space for my clothes and shoes, and leaving the floor space clear. The result is gratifying and the closet is nice enough for any room."

MRS. LYNN HOSTESS TO THURSDAY CLUB

Mrs. H. E. Lynn entertained the Thursday Bridge Club in her home last Friday afternoon. Mrs. E. C. Hill was high scorer for club members and Mrs. Bur Hext was high among guests.

Other Club members present were Mrs. W. O. Alexander, Mrs. J. B. Edens, Mrs. A. A. Millar, Mrs. D. C. Royster, and guests were, Mrs. L. L. Baker, Mrs. Sam Loyd, Mrs. J. W. Hoover, Mrs. L. T. Barber and Mrs. Bill McLaughlin.

ADAMS NEWS

Everett Selman visited in Eden last week. His brother L. T., returned home with him to spend a few days.

Bailey Montgomery and Mack Jones made a business trip to San Angelo Saturday, where Mr. Montgomery purchased 100 ewes from C. C. Townsend.

Mrs. Horace Christman and children, Dewitt and Madge, who have been visiting Mrs. Myrtle Williams, here the past week returned to their home at Barnheart Wednesday.

On account of the rodeo at Eldorado Thursday the Adams W.H.D. Club, which was to have met at the home of Mrs. B. W. Montgomery, was postponed until next Thursday August 2.

Miss Alica Burk visited Mrs. Cecil Townsend Jr., near San Angelo, over the week-end.

The Baptist Revival at Loftin closed Wednesday night with seven additions to the church; four by baptism and three by letter.

Alexander News

The rain received Sunday night will be of much benefit to crops. Cotton growers report no leaf worms yet, but lots of millers in the fields.

Winnie Jean Steward was accidentally hurt Saturday. She fell on a windmill hydrant making a deep cut in her leg which has been very painful. She was

taken to Dr. Sealy's hospital in Santa Anna Monday and was resting well at last report.

M. H. Casey, Henry Clark, W. J. Steward and E. F. Ramsel have sold yearling muttons recently.

J. G. Rushing and family re-

turned late last week from Comanche, where they were called by the serious illness of his mother.

Mr and Mrs. Will McAngus and daughter Chrystelle were shopping in San Angelo Wednesday.

RAINS GENERAL OVER COUNTY THIS WEEK
 General rains fell over Schleicher and adjoining counties and a continued unsettled forecast have caused farmers and ranchmen of this section to have a more optimistic view of the future.

Farmers were ready for the rain after several weeks dry weather during which they put their crops in good shape. The outlook is good for a bumper crop this fall.
