No. 19

## Large Crowd Attends Annual Senior Play

On last Friday night, May 3, the senior class of Eldorado high school presented the annual senior play. The play, entitled "The Ghost Parade," was directed by Misses Ford and Knight.

The leading roles were played by Celeste Tisdale and Richard Jones. The other characters were Jess Ella Johnson, Joe T. Hext, Jack Rape, John E. Rodgers, Josephine Clayton, Mary Lee Davis, Clemens Sauer, Clarice Lee, Inez Cobb, Lois Whitley, Margaret Hill, Zona Clara Koy and Samuel Smith.

The proceeds of the play totaled sixty-five dollars. Of this amount twenty-five dollars go for expenses of the play, fifteen dollars go to the speaker at the commencement exercises and the remainder goes for a donation to the school.

The seniors greatly appreciate the interest shown and the large attendance present at the play.

## Revival To Close With Sunday Night Service

The revival which has been in progress for the past two weeks at the Eldorado Methodist church will close with the evening service on next Sunday, May 12, states Rev. P. S. Connell, pastor of the church.

Rev. Tim Guthrie of Monahans has conducted the revival, and his inspiring and soul-stirring sermons have been delivered to large and appreciative congregations at each service.

The revival has been a successful one from every standpoint, and all who have heard Rev. Guthrie have been deeply impressed by his sincere and appealing gospel sermons.

Rev. Connell announces that a banquet for men will be held at the church next Tuesday night, May 14, beginning at 8:15.

## Two Men Held Here For Brady Officers

Two men, giving their names as Robert Matthews and Mitchell Monk, were being detained in the Schleicher county jail this week awaiting the arrival of officers from McCulloch county, where the two are said to be wanted.

The two men were alleged to be acting suspiciously in the vicinity of a ranch home near Eldorado. Sheriff Conner was notified of their presence and went to investigate. Learning of a report that they were wanted in Brady, he phoned Sheriff Kimbrough of McCulloch county who informed him that the parties were wanted there on a felony charge, and requested that they be held until he could come for them.

As district court is now in session in Brady, it is probable that the two will secure an early trial.

## CAR OVERTURNS NEAR CITY SUNDAY NIGHT

A group of young men returning from a week-end vacation to the army camp near Bracketville narrowly escaped serious injury Sunday night when their car was overturned on the curve south of town. The car was almost demolished.

## DR. T. H. TAYLOR TO GIVE COMMENCEMENT ADDRESS ON MAY 23

### Rev. N. P. Wilkinson To Deliver Graduating Address to Seniors

Principal among the closing exercises of the Eldorado high school will be the commencement sermon and the commencement address and senior exercises.

Rev. Noel P. Wilkinson, pastor of the Eldorado Presbyterian church, will deliver the commencement sermon on Sunday, May 19, at eleven o'clock, at the Baptist church. Other pastors of the town will be asked to assist in the service. An appropriate musical program will be given.

Dr. Thomas H. Taylor, president of Howard Payne College of Brownwood will deliver the commencement address on May 23 at 8:00 p. m. Margaret Hill, daughter of Mr. and Mrs. Ed Hill, as highest ranking student in the class of 1935, will deliver the valedictory, and Lois Whitley, daughter of R. L. Whitley, as the second highest ranking student in the class, will deliver the salutatory address. The high school choral club will take part on the program.

The senior class of 1935 is composed of twenty-two members. They are:

Edward Butler, Joe T. Hext, Thomas R. Jones, Billy Kerr, W. C. Parks, Jack Rape, John E. Rodgers, Clemens Sauer, W. C. Spurgers, Samuel Smith, Ardrian McDaniels,

Josephine Clayton, Inez Cobb, Mary Lee Davis, Alice Doran, Margaret Hill, Jess Ella Johnson, Zona Clara Koy, Clarice Lee, Zella Mercer, Rosa Sauer, Celeste Tisdale and Lois Whitley.

## HOW PATMAN BILL MOULD WORK OUT FOR VETERAN

Here is what the Patman bonus bill, passed this week by the United States Senate, would do:

Pay to the average veteran the full face value of his adjusted service certificate, minus any loans and interest due against it. For the fifteen per cent of the veterans who have not borrowed, this would average \$1000. For the 85 per cent who have borrowed, it would average \$497.

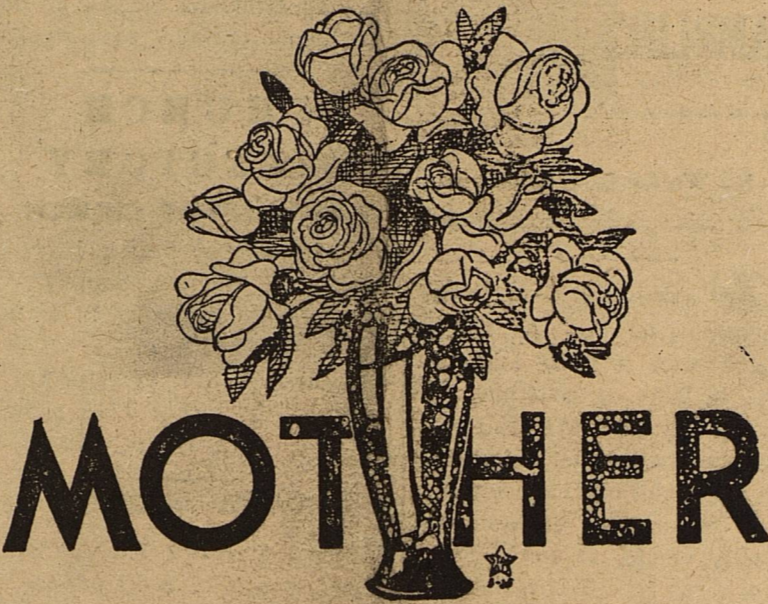

It would authorize the secretary of the treasury to issue sufficient non-interest bearing notes to pay off the certificates. This has been estimated at \$2,201,934,000. But if the price level reached the 1921-29 average, the treasury would be authorized to contract the currency.

Eligible veterans who had not applied for their bonus certificates would have until January 1, 1940, to do so. Approximately 3,500,000 veterans now hold certificates.

The Senate's vote on the bill was 55 to 33, not a sufficient majority to over-ride the veto which is certain when the bill is sent to President Roosevelt.

## ALLRED SIGNS BILL FOR TEXAS CENTENNIAL

Governor Allred on Tuesday signed the bill appropriating the sum of three million dollars for the Texas Centennial, and then asked the legislature to remain in session past May 11 to raise necessary revenue and to transact other important business.

Crimson rosebud, flower of beauty,  
Through your veins flows Nature's blood;  
You embody in your being  
Living, breathing Motherhood!

Rose so white, so pure, so peaceful,  
You but symbolize to me  
Heaven's greatest gift to children —  
A rich mother-memory!

—Alethea M. Bonner.

## Committeemen to Meet Monday Night at Hotel

J. A. Whitten, general chairman for Schleicher county of the Texas Centennial committee, announces that a meeting of all committeemen of the county will be held Monday night, May 13, at eight o'clock at the Eldo Hotel. Important announcement of interest to the committee will be discussed, and all members are urged to be present.

## CHAIN LETTERS ARE DECLARED UNLAWFUL

Eldorado citizens who have wondered about the legality of the flood of dime "chain letters" received here will be interested in the following official ruling on the subject, issued by the postoffice department in Washington.

The ruling was made by Solicitor General Karl A. Crowley after the department had opened investigation into the letter chain having its beginning in Denver.

"The chain letter scheme," said Mr. Crowley's ruling, "is a violation of the lottery law because at the time a person gets in on the chain he has no knowledge of the extent to which the chain has already progressed and in parting with his money he has no guarantee that he will receive anything in return.

"It is a violation of the postal fraud statute because the scheme is economically unsound and it can not possibly work out as contemplated, because there are neither people nor money enough in the country to assure all the participants receiving what they are promised."

Mr. Crowley said a number of arrests had been made, and that others would be made until the scheme is checked. An effort is being made to locate originators of the various chains.

In view of Uncle Sam's attitude on the question, it looks like the part of wisdom for local citizens to forget about the promised floods of dimes.

## CITY COUNCIL MEETING

The City Council will meet in regular session on next Tuesday night at eight o'clock, at the First National Bank. All councilmen are expected to be present.

A. T. WRIGHT,  
Mayor.

## Double Header With Ft. Clark Here Sunday

Local fans will get the chance to see two fast games Sunday afternoon when the boys from Fort Clark come over for a double-header with the Eldorado team.

The soldier boys are coming with the intention of carrying home a double victory, but the locals are determined to send them back disappointed.

Fans are urged to come out and support the local team. They are putting up a good brand of baseball for your entertainment, and deserve your patronage.

The first game is scheduled to begin at 2:15. Batteries will be announced later.

## Weather Takes Hand In Clean-up Drive

The clean-up campaign which was sponsored by the Eldorado Lions Club and put on with the co-operation of the City of Eldorado got off to a good start last week, but was halted in the midst of its progress by the dust storm, rain and norther which descended upon the city during the latter part of the week.

The city authorities had donated the services of a truck and driver, and a number of loads of cans and other rubbish were taken up and hauled away. However, the rain on Friday prevented the completion of the drive in the downtown section.

Plans for the completion of the work will probably be announced by the Lions Club in the near future.

## NEW STATE POLICE SYSTEM AUTHORIZED

The Texas legislature this week approved and sent to Governor Allred a bill calling for the creation of a new state police system, merging the state highway patrol and the Texas Rangers under one director. The governor's approval was regarded as certain, since the establishment of strong state police forces was a campaign pledge.

The bill was advocated to take law enforcement out of the "ox cart period" and place it on a plane where it can successfully combat lawless elements.

## HOLT RESIGNS OFFICE AS SUPERINTENDENT ELDORADO SCHOOLS

### Has Headed Schools Of City for Past Eight Years; Leaves July 1

After having headed the city schools of Eldorado for the past eight years, during which time the local schools have made remarkable progress in buildings, equipment and standing, Superintendent R. D. Holt this week presented his resignation, effective at the close of the present school year.

Mr. Holt has made many sincere friends in Eldorado and other sections of Schleicher county who will regret to lose him. Active in all phases of educational and civic progress, and taking leading part in all movements looking toward the improvement of the city, Mr. Holt has been an invaluable asset to the city, and his loss will be keenly felt.

Mr. Holt states that he will remain in Eldorado until July 1, in order to close up the records and other affairs of the school year and leave everything in readiness for his successor. On July 1 he will go to Sanderson, having been elected to head the schools of that city, and will spend the remainder of the summer there preparing for the opening of the Sanderson schools for the 1935-36 term.

Eldorado will long hold the memory of Mr. Holt as an inspired teacher, a capable school executive and a progressive leader in the affairs of the schools and of the city.

## ELEMENTARY GRADES TO PRESENT FINAL PROGRAM

On Friday night, May 10, the children of the elementary grades of the Eldorado schools will present a program beginning at 8:00 o'clock, in the high school auditorium.

The program is as follows:

Song, "May Baskets," by the first grade; operetta, "Frolic of the Bugs," second grade; operetta, "In a Florist's Window," by third grade; play, "The Fortune Teller," fourth grade; musical number, "The Circus Parade," by the two fifth grades; "Scenes Around the Campfire," by the two sixth grades.

This program is intended particularly for the parents of the elementary grade pupils, but the entire citizenship is cordially invited to attend and enjoy the varied entertainment offered.

There will be no charge for admission to this program.

## MAKES WOVEN SPREAD

Using 1x4 inch strips of lumber, two pieces ten feet long and two pieces eight feet long, Mrs. Merlin Rogers, co-operator in the Riverside home demonstration club, made a frame on which she wove a bedspread of the "waffle weave" design.

Finishing nails were put one-half inch apart in the frames. Grooves were cut in the ends of the strips of lumber to make the pieces fit evenly into each other.

Six strands of thread were wrapped from nail to nail across both directions of the frames and knots were tied in the form of an X at all intersections of the thread.

It took eight spools of 800 yards of carpet warp to make the spread.

## Heavy Rain Drenches County Late Thursday

One of our contemporaries in McCulloch county crows to the world at large about a "million-dollar rain" every time a heavy fog comes down Brady Creek, so we're not very strong on the use of his pet term to describe the value of the rain which fell in Schleicher county Thursday evening and night.

However, without trying to put a monetary value on the free gifts of Providence, we must say that the rain last night was one of the most valuable that ever fell in this section of the state.

It will provide water for sheep and cattle, it will bring on the grass, already started by former showers, and it will put moisture in the ground to assure Schleicher county farmers of a bountiful crop this year. But the most valuable result of all will be in the restoration of confidence, in making folks forget the late unlamented depression and drouth, and realize again, as some seem almost to have forgotten, that we're still sitting on top of the world down here in Schleicher county.

The rain began falling in Eldorado shortly before seven o'clock Thursday evening, but had been reported in the northern portion of the county some time earlier. At the outset the rain was accompanied by considerable hail, but the stones which fell in town were mostly of small size.

The rain still continues as we go to press, and promises to keep up a steady fall for the rest of the night.

We wouldn't attempt to set a value on it, but it's a mighty fine rain, anyway.

## Main Street Stores Improving Fronts

Hammer and saw and paintbrush were in evidence this week on Main Street at the Ratliff Store, where a new and modern awning is being built, and at the Red and White Grocery, where the front is being dressed up with a fresh coat of paint.

Business men of Eldorado evidently believe in the saying that one way to gain prosperity is to look prosperous. The number of new and attractive fronts down town certainly adds to the appearance of good times, and the prosperity goes further than the mere appearance.

## BANKHEAD PAPERS MUST BE SIGNED SATURDAY

County Agent C. Snell announces the receipt of forms for the Bankhead papers. He states that it is necessary for everyone who raises cotton to sign these papers so that certificates can be issued, regardless of whether or not the grower has signed a cotton contract.

Mr. Snell states that it is impossible for anyone not signing these papers to be issued certificates, and that therefore it is very necessary for every cotton grower to sign these papers.

The forms will be ready for signing on Saturday, May 11, at the county agent's office in the court house. Saturday is the only day set aside for signing, and all cotton growers are urged to come to the office and sign the papers Saturday.

FLOW OF FUNDS FOR JOBS IS PROVIDED BY NEW RELIEF LAW

After reading much about the CCC camps, about soil erosion projects, government terracing programs, low water dam projects for water conservation and the like, and believing that our farmers and ranchmen are desperately in need of assistance along this line, we took the privilege of writing to Hon. Charles L. South, Congressman from this district, hoping that Schleicher county would not be overlooked.

We have a letter from Mr. South in which he says, in part: "I see no reason why your country should not be able to secure an appropriation for one or more of the projects suggested by you." We suggested that Schleicher county needs a number of all-weather roads. At hundreds of places in Schleicher county dams could be built across ravines and creeks, and reservoirs could be built along the foot of the hills. The farm land and pasture land could be terraced. By so doing we could decrease the run-off by fifteen to twenty-five per cent in this county. This would greatly increase our crop production, would encourage diversification, would help Schleicher county farmers to live at home, and decrease the amount of money sent out of the county. This would help every class of business in the county.

A proper soil and water conservation program would raise the standard of living, make a decent return from our farms possible, and lift an intolerable burden from our shoulders.

Too long the conservation of what little rain we do get has been neglected. Our primary and most essential resource is the soil. At least 75 per cent of our income and sustenance comes from the land.

Schleicher county needs call for building homes and apartment-topped roads. The city of Eldorado needs topped streets, fire protection, a sewerage system, a city hall. There is plenty to do; the people need the work, the work needs to be done, and we need the business. Quick action is essential. Are we doing anything about it?

Channels Provided

The work relief law provides eight general channels for the flow of government funds to furnish jobs for persons on relief:

Eight hundred million dollars for building highways, streets, roads, and elimination of grade crossings.

Five hundred million dollars for water conservation, irrigation and reclaiming land.

Ten million dollars for rural electrification.

Four hundred million dollars for building home and apartments.

Three hundred million dollars for work which educational, professional and clerical persons can do.

Three hundred and fifty million dollars to plant forests, improve rivers and harbors, prevent

soil erosion and dust storms and provide proper sanitation. Nine hundred million dollars to be loaned or given to states, territories, counties and cities for public works and work-making enterprises.

President Roosevelt, however, is permitted to use not more than one-fifth of the entire sum to increase the amount spent in any of the eight divisions, thus enabling him almost to double even the largest.

LURE OF THE UNKNOWN

Wanderlust is wonderlust. A lust for strange roads is lust for the unknown things to be seen along them and at their ends. Individuals of all ages and of all generations have known it; have felt it dragging them from the beaten tracks to trails that lead into uncharted regions. Some of them never return. Some do, in rags, broken, worn, weary, with stories of monsters and of evil things encountered, with scars to prove their adventures. A few return in fine raiment, enriched, with wondrous tales of the good things found, and with evidence that bears them out. Thus do the terrors and treasures of the unknown become evident.

Sometimes the lust gets into the feet and pulls its victims on strange paths, toward wondrous places, new lands, or unexplored wastes. Sometimes it gets into the mind and leads toward strange objectives, some of them real, some of them chimerical, some of them good, some bad.

Sometimes the lure of the unknown draws toward strange political, moral, social, economic or metaphysical "isms," some of which prove sound and safe, but most of them unsound and deadly dangerous. Sometimes it gets into youth and tempts it toward odd moral conceits and fancies, some harmless, some destructive. Many wanderers perish in their journeys along strange mental lines. Others return, sadder and wiser.

Many of the younger generation are today wandering after strange notions, and in pursuit of strange fancies that may come true, hunting new pleasures by new paths into new haunts. May all return as hopeful and confident as they set forth. —Miles Messenger.

HOW TO AVOID WAR

In view of the belief of most informed observers that sooner or later another war of large proportions in Europe is inevitable, measures have been proposed by which the United States, by making certain definite declarations in advance, might keep out of it.

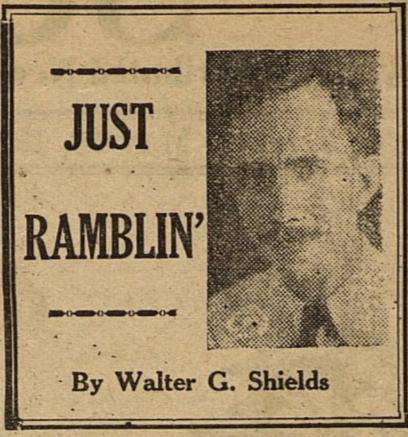

Some of the declarations suggested are the following:

Inform the world that our government will not lend funds to any belligerent for war purposes, nor permit individual citizens to do so. Also that sales or shipments of goods of any kind to belligerents will be prohibited.

Notify our own people that American vessels will not be permitted to sail in the waters of any disputed area, and that travel by American citizens into belligerent countries will be prohibited, except for reasons of the most urgent necessity.

Disavow responsibility for protecting Americans who violate the foregoing provisions, and announce in advance that any who disregard them do so at their own risk.

If Europeans knew positively in advance that they could obtain no money, munitions or supplies of any kind from the United States there would be far less danger of their going to war than there is now. By announcing immediately a policy such as is outlined in the foregoing, this coun-

JUST RAMBLIN' By Walter G. Shields
The dust storm that blew in last Thursday afternoon apparently brought with it some kind of germs, or bugs, or something like that. At any rate, they started a thriving colony in our throat and have just about had us down ever since. Seems like we were not the only victim, as we've heard lots of other folks complaining of the same thing. Wish folks in Kansas and Oklahoma would keep their dirt and their bugs at home. When we need either we could put in an order for 'em.

Getting both eyes and throat and nose full of dust hasn't improved our temper a bit this week, and being half frozen for several days following the rain hasn't helped very much, either. In fact, we've been just about ready to bite anybody who spoke to us this week, and the editor has stepped pretty lively when we growled. If you don't believe we can growl ferociously and sincerely, just come down and start something; just after a dust storm, and we'll growl a few realistic growls for you. If necessary we'll also run around and bite the legs off the furniture, if the weather has been sufficiently bad to justify the full exhibit.

The Lions are going to have an unusually life-like member when and if they accept us as a member. We don't believe a Lion in the whole bunch can out-growl us when some little thing goes wrong.

You notice that we said "little" thing. That's what it takes; we don't do a whole lot of growling about the big things when they go wrong. The editor attends to that part of the growling. But, oh, boy! When the big things and the lesser things all go haywire at the same time, like they have a habit of doing around a newspaper shop, then what a wild and ferocious duet of roars we do send up! It's real interesting to listen to; come down some Thursday night about ten o'clock and enjoy it.

Seems like the great European war has again been postponed for a few days, or maybe weeks. Some of 'em don't want to fight, but are ready if they have to, and some of the rest of 'em are just itching for a good scrap but don't quite dare to start it. If Uncle Sam would just promise unlimited ammunition and financial assistance, we'll bet there would be a dozen wars under way before night. But they'll have to carry on the next one without our able assistance; the last one cured us.

The wind keeps us guessing, as do most other varieties of West Texas weather. If we keep the back door closed we nearly burn up, and if we open the door the wind blows us out of the shop; not only us, but various other more valuable and important details of the shop equipment. We don't mind being blown away so much, but to be blown away in company with a linotype would be just a little bit more than our dignity could stand.

try could serve the cause of world peace more effectively than in any other way. —Kerrville Sun.

We don't know, but we have a hunch that this will just about fill up our space for this week. We hope so, anyway. If these Kansas bugs clear out of our system and leave us alone, we may feel a bit more cheerful and be able to do some more ramblin' next week.

CHURCH DIRECTORY

FIRST BAPTIST CHURCH
Sunday School 9:45 a. m. (W. T. Whitten, Supt.)
Sermon by Pastor at 11 a. m. B. T. U. 6:45 p. m. (Glenn Ratliff, Director.)
Sermon by Pastor 7:45 p. m. A. J. Quinn, Pastor.

CHURCH OF CHRIST
Afternoon service 3:00 o'clock. Evening service 8:00 o'clock. A cordial invitation is extended you to attend each service.

CHURCH OF CHRIST
Bible School 10:00 a. m. Communion Service 10:45
Preaching 1st and 3rd Sunday. Midweek services each Wednesday at 7:30.

METHODIST CHURCH
Sunday School 10 a. m. Morning Service 11 a. m. Young People's Meeting 6:30 Evening Service 7:45 p. m.

PRESBYTERIAN CHURCH
The following services will be held in this church on next Sunday: Sunday School at 10:00. Morning worship at 11:00.

There will be no evening service, as we will worship with the Methodist congregation in the closing service of their meeting.

Sunday is Mother's Day, and will be observed at the morning service in this church. The sermon subject will be "A Child's Greatest Heritage." The church will be appropriately decorated for the occasion.

As announced in January, our revival meeting will begin on May 29 and continue thru June 9. Rev. B. B. Hestir will do the preaching, and the music will be led by Rev. W. H. Foster of Brownwood. We count ourselves fortunate in securing these two splendid men and are looking forward to the good services in which they will lead.

A cordial welcome awaits all at the services of this church. N. P. Wilkinson, Minister.

A Civil War veteran had spent a week at a New York hotel. He went to pay his bill, and the clerk asked:

"What was your rank?" "Oh, just a private," the old soldier replied. "Well I won't charge you anything. You are the first private I ever met."

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

"ROMANCE IN MANHATTAN" SCREEN HIT AT LONE STAR

Tearing at the heart strings in its human appeal, stirring the pulse with its tense drama and flooding the soul with its love story, "Romance in Manhattan," now playing at the Lone Star Theatre is one of the most satisfying productions that has been presented in recent months. Francis Lederer, fiery international stage and screen artist, and sparkling Ginger Rogers head a strong cast.

The story tells convincingly and realistically of love and drama in the teeming tenements of New York City, with their attendant joys and sorrows, inspirations and disillusion, glorious dreams and stern realities.

The dramatic complications which arise and the surprising denouement which results make an exciting and gripping story, mingled with sparkling comedy situations.

If you're looking for the best in entertainment, you won't fail to see "Romance in Manhattan."

Sign on a farm gate in Ohio: "Peddlers Beware! We shoot every tenth peddler. The ninth one has just left." And they say that most peddlers go on past, in a big cloud of dust.

NOW WE CAN BOTH SEE!

THIS wise father has put his reading lamp to double use. He found that when both he and his son shared the same light, neither one could really see properly. So here's what he did: He bought a floor lamp equipped with an indirect lighting reflector. In the sockets under the shade he put 60-watt lamps for reading. In the reflector at the top he inserted a 300-watt Mazda lamp.

Now they can both see. Dad can place the lamp wherever he wants it without robbing the boy of the light he needs.

In order to be sure that you have the right kind of light, ask for the free services of our lighting expert. He will measure your light with the Sight Meter. Then you will know. Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill? West Texas Utilities Company

**LIONS OF TEXAS WILL CONVENE AT TEMPLE**

With a host of prominent head liners featuring the program, the Texas state convention of Lions clubs and the district 2X meeting will attract hundreds of Lions from all sections of Texas to Temple on June 9, 10 and 11.

On the afternoon of Monday, June 10, a representative of the government of Mexico will appear on the program to extend the greetings of the Republic of Mexico, and to bring a formal invitation to the international convention, which will be held in Mexico City in July. He will appear on the program with Governor James V. Allred, a member of the Austin Lions club.

Vincent C. Hascall of Omaha, Nebraska, president of Lions International, will be the speaker on the opening program of the convention. Tuesday's session will be featured by the appearance of Brigadier General Carl Nesbitt, adjutant general of Texas and former state commander of the American Legion.

Other prominent Lions who will take part in the program of

the two-day state convention and the one-day district 2X convention which precedes it, include Julien C. Hyer of Fort Worth, past international president; Fred O. Grimes of Hillsboro, member of the international board of directors; George R. Jordan of Dallas, sergeant at arms for the international convention; Rafael De La Colina, Mexican consul general at San Antonio, in Mexico City; Sam Braswell of Clarendon, former international director; District Governors E. L. Pitts of Lubbock, D. T. Bowles of Breckenridge, Walter R. Humphrey of Temple, G. Lorimer Brown of Harlingen, Harry Copenhagen of Wharton, and W. G. Higgins of Mexico.

Mr. Copenhagen is chairman of the state board of governors and will preside at a business session of state and district officials preceding the opening of the convention proper.

Final determination of whether the state convention shall be abolished in favor of district conventions with a state conference of district delegates substituted, will be made at the convention.

**LANDOWNER BARS ROAD BETWEEN U. S., MEXICO**

The greatest project ever begun in international road building, a direct highway to connect Mexico City with Houston, San Antonio, Dallas and the rest of the United States, is blocked at the present time by the inability of the road builders to put a road thru Kenedy county, in Texas, which stands squarely in the way of the road.

Collier's Weekly, which sent Owen P. White, one of its associate editors, down to Kenedy county to find out the whys and wherefores of this blockade, published his report in a late issue. Mr. White was unable to get into Kenedy county, his way being barred by a "Keep Out" sign, placed there by its owner, John G. Kenedy. So he hired an airplane and flew over it.

Larger than the state of Rhode Island, it is owned by one man, governed by the same man, and as Mr. White reports, "apparently the state authorities and indignant motorists who have to detour around it can't do anything about it."

Its 1335 square miles are completely surrounded by barbed wire, enclosing a large section of the finest cow country in Texas, a mammoth ranch that stands exactly in the way of the beautiful concrete road that comes up from the Rio Grande to the south county line, and suddenly ends there in a mesquite thicket. On

the north boundary of the county the road starts again, but there is no connecting link across Kenedy county.

"For years," says Mr. White, "thousands of people interested in direct communication with one another have been trying to tear down just one barbed wire fence, and they can't do it. Even Uncle Sam tore his pants a couple of times and then he quit. Kenedy county has been protected, despite the fact that from as far away as Chicago on the north and the City of Mexico on the south have come wails and protests and strident demands that the people of Texas tear down the walls of Kenedy county and let folks thru.

"But as far as Mr. Kenedy and his cattle are concerned, this is Utopia. Nobody bothers them. Nobody can. There wasn't anything I could do except fly over the ranch.

"From above you can get a good look at Kenedy county with its little personally owned town of Sarita, its Palace, its scores of windmills, its numberless water holes with hundreds of cow trails running to them, its stock pens, its stretch of desert down thru its center, its interminable acres of grass pasture, and its fifty miles of shore line which is practically fifty miles of a beautiful sandy beach.

"The ranch teems with life. Fat sleek cattle and good looking horses are everywhere. Here one sees a bunch being driven into a loading pen for shipment. Twenty miles away a few cowboys are branding calves. Herds of deer graze out in the open, and several droves of wild boars are fattening themselves contentedly on acorns.

"No county could possibly need a public road as badly as Kenedy does, because it hasn't an inch in it, but what of it? It's the cattle against humans; the cattle are winning, and apparently there is not much that the humans can do about it.

"Kenedy county has never issued a bond; it doesn't owe anybody a dime; it hasn't a hungry person or an unemployed man; it has never asked for relief; it has no jail; and its court house was obviously built for ornamental purposes, and was paid for in cash 24 years ago."

**MAYER H. D. CLUB**

"In taking sleeve measurements, measure:

1. Top of shoulder over elbow to wrist with arm bent.
2. Back chest to elbow with arm bent.
3. Inside length from arm pit to wrist.
4. Around the arm over the largest part above the elbow with arm bent.
5. Around the arm over the largest part below the elbow with arm bent.
6. Wrist."

said Mrs. T. E. Dobbs, wardrobe co-operator from the Mayer home demonstration club, on May 2, at the home of Mrs. R. A. King.

An all day meeting was held in which several patterns were fitted by Miss Lora Farnsworth, the Schleicher county home demonstration agent.

Those present were Mrs. L. T. Dannheim, Mrs. L. G. Edmiston, Mrs. B. R. Cauthorn, Mrs. R. C. Edmiston, Mrs. N. G. Hodges, Mrs. E. N. Edmiston, Mrs. Gerald Mitchell, Mrs. Dollie Edmiston, and Mrs. Frank Warren.

The next meeting of the club will be held on May 16, with Mrs. T. E. Dobbs as hostess.

We can't fix prices, but prices sure do fix us.

Radio audiehes can tune out instead of walking out.

**SAMPLE IS DISTRIBUTOR OF ORANGE JUICE DRINK**

Milk and citrus fruit juices have long been associated as essentials of the diet, recommended by dieticians and health authorities generally.

Few realize how closely these two items of public well being are allied in preparation and distribution.

One of the outstanding business successes has been the rapid growth of the sale and distribution of Bireley's Orangeade, which is prepared, bottled and delivered by milk dealers throughout the country.

R. L. Sample, of the Sample Dairy, distributors of Bireley's Orangeade in Eldorado, has selected The Eldorado Success to carry an advertising campaign on this product. Mr. Sample states that the advertising manager of Bireley's, in California, has recommended newspaper advertising as the best medium for acquainting the public with Bireley's Orangeade.

This real fruit beverage is distributed by over a thousand milk dealers in that many cities. The majority of these have used newspaper advertising and feel that it has played a large part in increasing the sale of Bireley's Orangeade to such an extent that at this time it is the largest selling fruit beverage.

According to Mr. Sample, citrus fruit juices and milk have many things in common. Both are semi-perishable, both must be handled by refrigeration and with care; because of this, Bireley's originated and developed the dairy production and distribution for their product. The handling of Bireley's Orangeade with the same care as is used in the handling of milk has made possible the retention of the natural flavor and full value of the orange. The same equipment is used to prepare and bottle this product as is used in the handling of the milk.

The orange juice from which Bireley's Orangeade is made is extracted from selected oranges of standard quality at the Bireley plant in Southern California. Special equipment, operating under immaculately sanitary conditions, makes it only a matter of moments from the time the juice is taken from the fruit until it is packed in hermetically sealed, enamel lined tins, ready for shipment. No artificial flavoring or preservatives are used. Lemon juice is also added in order to give the beverage a delicious tang.

Mr. Sample states that the real fruit beverage will be delivered to homes and stores in quarts, and will also be sold by dealers in beverages, in individual bottles.

**Miers Paint & Body Works**

The Miers Paint & Body Works in San Angelo at 120-124 West Ave. A, phone 3712, is one of the most modern and up-to-date body works in West Texas, and offers a complete service in Dupont Duco painting, body building, fender straightening, top and upholstery. The management has had wide experience and has won a wide reputation thru the excellent work executed on all body rebuilding jobs.

Thruout all of this part of the state there are many examples of their rebuilding. It is hardly possible to drive on any highway in this section without passing an evidence of their superior craftsmanship and high grade material which have won for them a well merited reputation and a large patronage.

The prices are of the most pleasing character and the promptness of the satisfying kind, getting the work done when promised.

You need not worry after the "smashup," just make arrangements with Miers Paint & Body Works to give you an estimate on the job of rebuilding the body so that it will approach the look it had when new.

The management and assistants know the business from A to Z, and it quite naturally follows that this concern has come to be one of the leading and most popular concerns of its kind, with a patronage that is steadily increasing.

**FARM FAMILIES REMOVED FROM GENERAL RELIEF**

Effective immediately, county relief administrators will no longer be permitted to extend any form of relief from general relief funds to any employable farm family, it has been announced by Adam R. Johnson, state director of the Texas Relief Commission.

"A farm family," Mr. Johnson explains, "is one residing outside the limits of incorporated or unincorporated towns, villages and cities, and depending upon farming operations for the major portion of their income. It is not intended to include in this group families who live on small plots of land which are sufficient only to produce a part of their sustenance requirements and upon which they can not produce a commercial crop."

Farm families henceforth may receive aid only in the form of advances thru the rural rehabilitation corporation. County administrators have been instructed to recall any work cards issued to rural families for work relief in May and to make advances, secured by notes and mortgages, instead.

All families affected by this change immediately will become rural rehabilitation families, Mr. Johnson said, and will receive aid in the future from rural subsistence funds in accordance with their needs as established by case workers.

At the same time, administrators will contact all landlords at the earliest possible date to obtain waivers on the landlord's interest in the tenant's share of the crop. This procedure was adopted in order to secure advances which the rural corporation will make to the tenant.

"If a client transferred under these regulations receives subsistence advances, executing notes for them, and later it develops that a waiver form can not be obtained from the landlord or other creditors, then the case will be dropped completely from our records," Mr. Johnson declared. "In such instances, the notes taken will be written off as a loss, but the client will receive no fur-

**Farmers Produce Co.**

The Farmers Produce Company, at 623 S. Oakes, with phone 4568, in San Angelo, has done much in encouraging the agricultural progress of West Texas.

They are one of the largest and most reliable produce houses and consequently, in each season, their business shows an increase in patronage.

A very popular feature of the Farmers Produce Company is the courtesy and accommodation that marks their dealings with the producer.

This is one of the institutions that has materially aided in the development of West Texas and has especially been instrumental in aiding the progress of diversified agriculture in the community. They furnish a most advantageous market for poultry, cream, eggs, hides and furs, and therefore operate an institution that is of great economic value to the public. Their prices are far more favorable than would be secured

by the people if they had to ship elsewhere, for it is a well known fact that this house pays the top of the market at all times.

The Farmers Produce Co. is conveniently located and large enough to look after their patrons in a satisfactory manner.

Mr. Smith, the manager, and his assistants insist that the very best attention be given to every patron. As a consequence people are now praising the excellent service of this concern.

In making this review, we wish to compliment the Farmers Produce Co. upon the admirable manner in which the business is operated and upon their progressive and public spirited policies.

The Farmers Produce Co. has always been known for honest and straightforward dealings with everyone who visits the place. This establishment adds much to the efficiency of San Angelo as a trading center.

**San Angelo Nat'l. Bank**

Among the financial institutions of West Texas there are indeed few which can show more substantial progress than the San Angelo National Bank, in San Angelo. From the date of their organization up to the present time they have been noted for their sound, energetic and conservative business, commanding in a marked degree the confidence of their depositors and the public at large, a condition that is the aim of the officers and executive board.

The officers in charge are among the best known men of affairs, who have been intimately associated with the progress of West Texas. In this comprehensive review of our progress we cannot fail to compliment them upon their successful efforts in giving the community a financial

institution of the character and stability of this bank, which represents safety, service and progress.

Founded by successful men, prominent in the business and trade life of the community, and with a sure basis of commercial insight, they invite the accounts of people whose business can profit by a sound and progressive banking connection. Modern business is rapidly getting away from thinking of a bank in terms of financial resources alone. It demands in addition practical understanding of local, state and national industry. The officers of the San Angelo National Bank are men who have worked side by side for the advancement and progress of business in West Texas, and who thoroly understand its banking needs.

**American Service Co. Inc.**

Mr. Bethel Jeffrey, Local Agent

The American Service Co., with plant located in San Angelo at 231 N. Chadbourne, phone 6944, under the competent management of Mr. C. E. Roberts, and with Mr. Bethel Jeffrey as local agent, conducts more than a local institution, in that they have been an elemental factor in the development of the territory which they serve. It is more than a commercial institution and is exerting an influence that aids greatly in the development and promotion of modern life.

Ice adds to the length of human life, is a great benefit to the sick, and more than all lifts the burdens from the housewife, as she can always have everything cool and well preserved for the meals. As the air circulates over the ice in the refrigerator it is constantly purified. As the ice melts, it washes down the drain impurities and odors collected by

the air circulating over the food. Ice guards in every way against the loss of flavor.

Ice is inexpensive. The initial investment in equipment for the proper use of ice is very much lower than would be required by any other form of refrigeration. Repairs and upkeep are practically nothing. The American Service Co. is able to produce not only the purest of ice, but sufficient quantities to meet the demands of the public for miles around, and manufacture it in an economical way and thus the public is assured of ice at a price that is very attractive.

In this issue we are glad to call the attention of the public to the advantages of the location of this industry in our community, and to say that their commercial success is well merited, as they are performing a great work for the promotion of the general welfare of the surrounding territory.

her advances after the date on which creditors refuse to execute waivers. Creditors will be notified when these cases are dropped from the records."

Explaining the new regulation, Mr. Johnson said it is in line with the long established method of furnishing share croppers. "This is what bankers and other creditors always have done," he said. "Our former practice of furnishing the tenant with subsistence needs as an outright grant just

encouraged creditors to allow the relief administration to finance the making of their crops. This new regulation will help to correct that situation and dignify the aid extended to farmers by eliminating the outright relief grant."

# Prominent San Angelo Concerns Who Are Boosters For Our County

## Allen Motor Sales Company

The Allen Motor Sales Co., located in San Angelo, at 20-24 E. Twohig, with phone 3690, are dealers for the famous Chrysler and Plymouth motor cars in this section, and handle a line of good used cars.

It is an institution that is under the management of men well known in this section for their interest in the welfare and progress of the entire community.

The Allen Motor Sales Co. is truly a "live wire" concern, whose management is always on the alert to see that its patrons get the most metropolitan service, and Chrysler and Plymouth motor cars are handled in the efficient manner that their superiority and enviable reputation merits.

The new Chrysler, which is offered in either the Airflow or the Airstream design, is on display in their sales rooms, and carries with it, of course, all of the positive assurance of sound, enduring value suggested by the name of Chrysler. It is a car as fine as

the great geniuses of the automobile engineering world can produce.

The new Plymouth sells itself every time it makes its dashing appearance on the road or highway. The contrast between it and the other cars is so marked that the desire to own one is bred then and there. But that desire is nothing compared to the delight induced later on. If its only charm was the charm of appearance, the attraction would soon wear out. But the Plymouth is just as unusually attractive as it looks. One after another it reveals these unusual qualities even before it gets under way.

Just to sit in a Plymouth and look about reveals first a quality all Americans love—compactness, conservation of space, artistry, neatness, and a complete elimination of all unnecessary elements.

Mr. Allen and his assistants are courteous and accommodating and will be pleased to show you the advantages of having either of these wonderful cars.

## Wood Motor Company

The men who have done most for America have been the men who have had ideas and ambitions and who have stuck with them until they were realized.

Henry Ford was one of these men. He set out to build a good car that people could afford to buy. It took years of planning and trying. It took several unsuccessful attempts. But he stuck with his idea. He gave Americans the greatest car value of all time.

When Ford decided to build the old model T he was called a fool. His own executives told him that he was crazy to think of abandoning the older model. Ford knew he was right, and he went ahead. The model T carried the name of Ford all over the world. More than fifteen million of them were sold.

Wood Motor Co., in San Angelo, at 342-348 S. Chadbourne, phone 3191, are authorized sales and service dealers for the new Ford V-8 motor cars. They not

only sell the marvelous new Fords, but they give the most expert and efficient repair work on all models. They carry a full line of accessories and parts for all models.

The appearance and performance of the new 1935 Ford are comparable to that of cars selling for hundreds of dollars more than the price of this splendid motor car. The Wood Motor Co. invites you to call and let them show you how the new Ford operates. They want you to compare it with other cars. They want you to see its beautiful new lines, to feel its perfect driving comfort, to realize its speed, its quick acceleration and dependability in traffic.

The Wood Motor Co. also invites you to visit their used car department. It is a pleasure for us to recommend both the service and the splendid motor values that they offer.

## Chain Investment Co.

The Chain Investment Co., conveniently located in San Angelo at 21 S. Chadbourne, with phone 6734, affords the people of West Texas a very essential and valuable service in offering a friendly and courteous automobile loan service at reasonable rates.

All transactions are handled in strict privacy and are made pleasant to the clientele. In this connection it might be well to say that no embarrassment should be felt by persons interested in negotiating loans, as this service is handled on an ethical business basis and is operated strictly under the laws of the state.

During the time the Chain Investment Company has been in operation in San Angelo, they have gained an enviable reputation for reliability and square dealing with everyone with whom they do business. All requests are given their immediate

and courteous attention.

The Chain Investment Company is worthy of the consideration of any of our readers who may be in need of such a service. Full information pertaining to loans may be had by letter, personal call, or by phone. All communications will be dealt with promptly and in a confidential and courteous manner, and we do not hesitate to recommend their service to any of our readers.

We are glad to compliment the Chain Investment Company upon their successful business operations. You will find when you have come to this firm that you have placed your problems in able and competent hands.

Every detail of the business operations is given careful attention and the placing of smaller loans with the clientele receives the same careful consideration as larger transactions.

## Dr. Roy Crowder, Chiropractor

As we think of the afflictions that mankind is accidentally subjected to we look at the exterior of our body and wonder why. The more we know about ourselves the easier we can understand the cause and effect.

The human body is like a machine. All machines must be in harmony with the law of gravity for normal expression. The human structure is subjected to strains and distortions. The degree and amount of the strain and distortion present is the degree and amount of the bodily weariness. Weariness is the accumulation of fatigue, and fatigue is the only thing that leads invariably to destruction of human structures, buildings, cars, ships, etc. Perverted structure perverts function, perverting the expression of life.

It may be said that life is balanced nerve expression, and balanced nerve expression can only be had thru a complete balance of the body. When the body be-

comes unbalanced and distorted we have abnormal and hindered nerve expression which brings on lowered vitality and disease. It is then that we need an engineer to set the body in balance so that nerve and life expression may function normally again.

Dr. Roy Crowder, with offices in the Western Reserve Building in San Angelo, phone 3582, is an engineer of human structure. His work is to correct the distortions of the body and set it in balance again, so that the nerve expression may resume their normal functions. When he has corrected the distortions and balanced the units of the body, the perverted nerve functions return to normal and good health naturally follows. Anyone not in the best of condition should go to Dr. Crowder for an examination, for an adjustment or two taken in time is a powerful preventive, and may save you much trouble and pain in the future.

## Webb Auto Supply Co.

Have you ever stopped to think that your automobile is composed of hundreds and hundreds of parts, and that these parts, when properly assembled into a complete unit, is what gives you the pleasure, the comfort and the transportation you get from your machine? As we all know, these parts wear and must frequently be replaced. And that's why we have modernly equipped garages; that's why we have firms which cater to garagemen, by supplying the necessary parts to enable them to put your car back in running order again.

Webb Auto Supply Co., in San Angelo at 216-218 W. Beauregard, with phone 6000, is just such a firm, serving just such a need in our community. Here the garagemen, auto dealers and sales agents come for standard auto parts which they know will give the service which the motor car owners demand of their machines.

The stock of the Webb Auto Supply Co. is large and complete. They have a complete stock of auto parts and equipment, so as to meet the needs of the trade quickly and efficiently.

Mr. Webb, the proprietor of the Webb Auto Supply Co., and his assistants, are men of wide experience in the auto parts business.

## Boehme's Butter-Nut Bakery

Boehme's Butter-Nut Bakery in San Angelo at 1313 Colorado, with phone 5244, is the home of the famous "Butter-Nut Bread," and is a bakery that furnishes its customers the freshest of bread, which is baked under the most sanitary conditions.

With the progress of the age of pure food there is no one institution in this part of the state that has been a more potent factor in the development of fine bread that meets all the requirements of the day than Boehme's Butter-Nut Bakery.

Their famous bread is a real energy builder. Made almost entirely of wheat flour, it is rich in carbohydrates, the greatest energy producing food elements, and proteins, to build muscle, and is right at the top in nutritive qualities.

Mr. Boehme has been closely allied with the business interests of this section of the state for some time, and has been instrumental in the upbuilding of this section of the country and should in turn receive the patronage of all the people in this section.

## Del-Tex Nut Company

The Del-Tex Nut Co., in San Angelo, at 1501 W. Beauregard, with phone 5974-1, are wholesale distributors in this territory for quality candies, confections, nuts and allied lines.

This is a prominent institution which has aided in the upbuilding of the community and renders a valued and essential service in the furnishing of their goods, which in the past years has enlarged their business, and they are admirably equipped to serve the retail trade which they supply all over this section. This well known concern is under a management that is thoroly conversant with the wholesale candy and confection business of this section of the country.

The Del-Tex Nut Co. has always taken an active interest in the development of West Texas, and are known as among our foremost citizens. It is a pleasure for us to point to this concern as one of the leading firms of this section and to say that Mr. C. A. Fitzgerald, the manager, and his assistants, have always been eminently fair and honest as well as progressive and up-to-date, and they have won for themselves the reputation of being one of the leading concerns in their special field of endeavor, and we point out the advantage of doing business with them.

## Bates-Cavitt Lumber Company

It Is Time To Build

The Bates-Cavitt Lumber Co., in San Angelo, at 801 S. Oakes, phone 3782, operates an establishment that has built a reputation far and wide for high quality that is both complete and satisfactory.

The management has had years of experience, and as a result is in a position to save you money as well as serve you with a superior material. This is one of the old reliable, yet progressive firms of San Angelo.

The Bates-Cavitt Lumber Co. is at all times pleased to be of practical assistance to home builders. They invite you to talk your building problems over with them; their building experience enables them to furnish useful information and sound counsel.

The contractors and builders, the people generally have come to know that they can depend on this well known firm for just about everything in the lumber and building material business.

When in need of lumber, lime, lath, cement, roofing, or anything else in the building line, you are guaranteeing your own satisfaction when you consult the Bates-Cavitt Lumber Co. in San Angelo.

## Gulwell & Son -- Meat Packers

Meat Packing Then and Now

Meat packing in the United States developed from the farmer packers of colonial times.

These farmers packed, that is, cured and smoked meat for local use during the winter. That is the origin of the word "packer." During the early nineteenth century a center for meat packing was developing naturally in the Middle West. For many years Cincinnati was the best known pork packing point, and by 1840 had been called "Porkopolis." The reason for its importance was that it was the center of livestock production and occupied a strategic position on river transportation.

Up until 1865, the meat packers had for the most part been pork packers. But from that time on there came a remarkable development of the dressed beef trade. The packers, with the national markets from then on were those who knew cattle dealing or had acquired the knowledge after developing a pork packing business.

But today, meat packing has become one of our most important industries. We know of no one who is a better representative of this business in West Texas than the Gulwell & Son Wholesale Meat House, located in San Angelo with phone 3318. This is a local concern with local interests at heart, and it should receive the consideration of the entire people of West Texas.

The plant of the Gulwell & Son Meat Packers is modern and up-to-date in every way, clean and sanitary thruout. The business is conducted along progressive lines and we are glad to say that this concern is a credit to the community.

They serve the public in a double capacity, for many of the growers ship their livestock to them. Fair and straightforward in their dealings, it is not strange that so many producers are sending to them daily and receiving the highest market price.

## Western Mattress Company

The Western Mattress Company, located in San Angelo, at 611 N. Chadbourne, with phone 4672, are extensive manufacturers of mattresses, and in their renovating department they are prepared to give metropolitan service. They have associated with them the services of expert repair men, and all work done by this department is absolutely guaranteed.

To the public they wish to explain the way they use the word renovate, and what they mean by it. They mean by "renovate" to make new and sanitary your old bedding, and not just "slip on a new tick," but put your own stock thru a modern process, which gives you quality and a new product appearance at a great saving. They can take your old bedding, any condition, and do this for you.

There is quite an advantage in these days of rather high transportation in buying goods made close at home, as you get the best of service in the way of adjustments and repairs. Then again when you buy products of the local manufacturer, quality considered, you get rock bottom prices. That is the reason these goods are so popular here at home, where their excellent qualities are recognized.

The plant of the Western Mattress Co. is a model institution in its line, being one of the most modern and up-to-date in this part of the country. The latest improved machinery is used in making their products and these mattresses are the best that money can buy. That they conduct a modern and sanitary factory is evidenced by the fact that they welcome visitors.

## Whitaker Bros., Implements and Seed

Many volumes might be written upon the varied tools which man has used to harvest his crops since the beginning of time. The scythe, the cradle and the flail have had their day even in our own country.

Nor has it been many years that the Whitaker Bros. in San Angelo at 418 S. Oakes, with phone 3656, have been able to offer you the modern implements that you obtain from them today, for such implements have not long existed.

The earliest harvesting machine of which there is any record was a box mounted upon wheels and pushed from the rear by an ox. Some sort of a cutting arrangement was attached to the front of the box to gather and cut the grain heads.

The Whitaker Bros. have long been the leading implement and seed dealers in West Texas, and their large business has enabled them to keep right up to the minute in all their tools and machinery.

Just as there is a difference in old implements and new, you will find that the same thing is true of seeds, and you will find also that just as the Whitaker Bros. offer the latest and best in John Deere implements that they have a complete stock of the best grades of all kinds of field seed, garden seed and cotton seed which are adapted to this climate and are of the highest productive value. Every day farmers are learning that this fine concern, under the competent

management of Messrs. H. G. and M. G. Whitaker, can be counted upon to give the best service and supply the best tools and seeds at the most reasonable cost.

The Whitaker Bros. invite the people of West Texas to make their store their headquarters when in San Angelo, and keep posted on the late models of implements and supplies.

### HARRY HINES WILL ASK FOR 100 MILLION

Harry Hines, chairman of the Texas Highway Commission, in an address at Dallas, where he was entertained by the Dallas Chamber of Commerce, made the announcement that he would in a short time visit Washington, and that it was his intention to ask for \$100,000,000 to go into highway improvement in Texas.

Mr. Hines is a capable and efficient addition to the highway department, and as he comes from West Texas we are sure that this section of the state may expect much at his hands.

Houston Harte, publisher of the San Angelo Standard Times, was elected second vice president of the Associated Press by the board of directors in session in New York. Mr. Harte was the only Texan to be honored by being elected to office in the AP. He did not attend the convention, and his election was a surprise to him.

# The Eagle Screams

Published by the students of Eldorado High School

Vol. 1 May 10, 1935 No. 34

## Calendar for Close of School

Friday, May 10, elementary school May Day fete; free program in school auditorium.

May 16 and 17, senior examinations.

May 19, Sunday, commencement sermon at Baptist church at 11:00 a. m., by Rev. Noel P. Wilkinson.

May 21 and 22, regular examinations for semester.

May 22, at 8:00 p. m., seventh grade graduation exercises. Most of the program is a play presented by the class.

May 23, at 8:00 p. m., high school commencement exercises. Dr. Thomas H. Taylor of Howard Payne College will be the principal speaker.

May 24, school closes. Reports will be given out at 1 p. m.

—Eagles Screams—

## Girls Lead Boys in Senior Honors

Only one boy placed in the first six highest ranking places in the senior class honors, which were recently posted. This was Jack Rape, who was third in the class of 22.

The highest four-year average was made by Margaret Hill, her average being 92.34 for the four years and 92.83 average for her senior year. Lois Whitlet was second with a four year average of 89.32 and a senior year average of 90.16. Margaret will be the class valedictorian and Lois the class salutatorian.

Jack Rape, who placed first among the boys, was third in the class with a four year average of 89.01 and a senior year average of 92.33, which was the second in the class for this year's average. Clarice Lee was fourth in

rank in the class, Celeste Tisdale was fifth, and these were followed by Josephine Clayton, John E. Rodgers, Clemens Sauer, Joe Turner Hext and Alice Doran, in the order named. The median, or middle grade of the class was 78.

It is expected that a number of these pupils will enter college next year, altho some of them have not decided upon the place to attend.

—Eagles Screams—

## Win Typing Tournament

On last Saturday, May 4, Eldorado held her annual cup tournament. Several schools were invited, but only Sonora attended.

Cecil Newlin took first place, having 46.0 words per minute. Bobbie Nisbit of Sonora took the second place, having 41.2 words per minute. Clarice Lee had third place with 40.1 words per minute, and Richard Vehle took fourth place with 14.1 words per minute.

Eldorado's team score was 141.6 and Sonora's team score was 123.6.

This is the second successive year that Eldorado has won the cup tournament.

—Eagles Screams—

## Assembly

On April 30 the chapel program was given by the drum and bugle corps, directed by Miss Taylor. A number of pieces were played by the corps, among them being some marches.

The seniors introduced the characters of the senior play, "The Ghost Parade." Two short sketches were given as a demonstration.

## Other Fellow's Rights

We think that a certain rule in school should be enforced. It is to respect the other fellow and his property. There happened in our school the other day a great tragedy. One of the teachers missed her watch, and nowhere could she find it. Is it not possible for a person to lay a thing down and turn her back without it being gone when she returns? Does she not have the right to trust her own students?

The rights of the pupils are not hindered so much, but sometimes they are restricted because they interfere with the rights of someone else. The pupils should have the right to leave their fountain pens on their desks, but we learned that the students do not have the right to do this if they expect to find it there when they return. It might be borrowed, broken, thrown on the floor, or misplaced in some way.

Respect rights and property.

—Eagles Screams—

## Tall and Short Boys

There are many different heights of the boys in the high school. There are some who are extremely tall and some who are extremely short. There are quite a few boys who are six feet tall and a few that are over six feet. Among the tallest are Felix Susen, Clayton Trotter, Jack Shugart, Harold Susen and Paul Davis. Some of the short ones are L. D. Munn, Jim E. Samples, Orvel Edminson, Milton Spurgers and W. C. Spurgers.

There are lots of other short boys, but you can't tell whether they are short or are merely young.

—Eagles Screams—

## Why a High School Education Is Necessary

We hear very often that a high school education is absolutely necessary. It seems to me that the best policy is to get all the education one can. In this present era, it is difficult enough for persons having college education to get work. If a person has any ambitions at all, he must prepare himself for his life work.

You can take the different types of people. There is the boy or girl who tires of going to high school. Perhaps they fail, or maybe they just quit. If they wish to enter any special field of work in later life, they are so handicapped by the failure to finish high school that their chances for success are very slim. Very often they have to resort to hard manual labor for a living.

On the other hand, there is the boy or girl who goes on thru high school. He or she may have the great privilege of attending college, but whether one of them does or not, he has the background gained in high school. Frequently we find good jobs which require only a high school education.

At the present time it seems that to be without a high school education is similar to being without one's right arm.

—Eagles Screams—

## Hobbies Are Popular

There is a certain girl in school that has several hobbies. She has a hobby of writing letters to foreigners and people that she doesn't know. This girl writes to a Chinese that lives in India, and a woman that lives in Ireland. Also she writes to many people in the United States that she does not know.

She has a hobby of stamp collecting. She has a large collection of stamps from places all over the world.

Another of her hobbies is collecting model airplanes. She has a great many of these machines, but of course they are just playthings.

One of her hobbies is a peculiar one. It is one of collecting pitchers. She has pitchers of glass, china, brick, straw, paper, and pitchers of every shape, size and form.

## SHERIFF'S SALE

THE STATE OF TEXAS, County of Schleicher.

Notice is hereby given that by virtue of a certain execution issued out of the Honorable District Court of Schleicher County, of the 23rd day of April A. D. 1935, by John F. Isaacs, Clerk of said Court for the sum of Four Hundred and Ninety-Five Dollars and costs of suit, under a Judgment, in favor of Mrs. May Dabney, in a certain cause in said Court, No. 535, and styled Mrs. May Dabney vs. Mrs. Mary Green Ezell, et al., placed in my hands for service, I, O. E. Conner, as Sheriff of Schleicher County, Texas, did on the 23rd day of April A. D. 1935, levy on certain Real Estate, situated in Schleicher County, Texas, described as follows, to-wit:

Fifty (50) feet of land off the entire northwest portion of Lot No. Four (4) in Block No. Twenty Six (26) in the town of Eldorado, in the County of Schleicher and the State of Texas as the same appears from the map of the said town of Eldorado, Texas.

and levied upon as the property of Mary Green Ezell, J. F. Ezell, Ada Green and W. T. Green, and that on the first Tuesday in June A. D. 1935, the same being the 4th day of said month, at the Court House door, of Schleicher County, in the County of Schleicher and the State of Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. Mary Green Ezell, J. F. Ezell, Mrs. Ada Green and W. T. Green.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Eldorado Success, a newspaper published in Schleicher County.

Witness my hand, this 23rd day of April 1935.

O. E. CONNER,  
Sheriff Schleicher  
County, Texas.

## WOOL -- MOHAIR SUPPLIES

It is a fact recognized by the wool trade that the most desirable Texas wools are produced in a relatively small area, only a few hundred miles in dimensions in South Central and Southwest Texas.

When your wool is stored here it sells on the merits of the wool of this section and is not co-mingled with the widely varying types and grades of wool characteristic of those sections where less vigilant production methods are employed.

SALT PRICES ARE DOWN. We have in stock Grand Saline Klear Farm & Ranch Stock Salt packed at the mine in white heavy toweling or cotton bags.

Louisiana Superior Quality Pure-Clean-Dry Salt packed at mine in extra heavy gray shirting bags.

Also South Texas Salt either in white bags or burlap.

## Eldorado Wool Co.

# -SOCIETY AND LOCAL NEWS-

Mrs. Louis Tisdale of Ft. McKavett was an out of town guest.

Mr. and Mrs. Leonard Baugh of Blum visited in Eldorado this week.

Mrs. P. W. Sewell and Roland were in Eldorado Tuesday.

Mrs. V. G. Tisdale and Patsy Ballew are visiting in the Louis Tisdale home this week.

Mr. and Mrs. J. W. Lawhon visited friends in Eldorado Tuesday.

Mr. and Mrs. Elton Ellis were in from the ranch Saturday, visiting and attending to business.

Milton Baugh was among the ranchers in town Tuesday.

Neill Dickens, son of Mr. and Mrs. Reuben Dickens, has been ill for the past ten days and was carried to San Angelo the first of this week for treatment.

S. D. Harper, Sr., who has been visiting in the home of his son and family, has returned to his home at Santa Anna.

H. T. Finley left Friday for a few weeks visit in Wichita Falls.

Terry Crain, who has been attending to business at Rankin for the past few weeks, has returned to Eldorado.

Mr. and Mrs. V. G. Tisdale are the proud owners of a new Terraplane.

Miss Eula Alexander of Christoval is visiting in the home of her sister, Mrs. Bernie Currie.

Mr. and Mrs. C. L. Meador, Sr. who have been visiting at Corpus Christi, have returned home.

Mr. and Mrs. J. W. Lawhon and children spent Sunday afternoon in Eldorado.

Mr. and Mrs. S. D. Harper and children were the week-end guests of Mrs. Elizabeth Heffley.

Mrs. Sam Jones and Mrs. H. T. Finley and children visited relatives and friends at Brady recently.

Mrs. Edward McCullum of Alpine visited her parents, Mr. and Mrs. A. T. Smith, recently.

Mrs. John Raë and Agnes visited in Eldorado Sunday.

Aubrey Baugh and S. D. Harper attended to business in San Angelo Saturday.

## RIVERSIDE H. D. CLUB

"Your foundation pattern is not complete until you have the following seams stitched in black: center back and center front of both skirt and waist, the chest lines, waist lines, hip lines and the straights of the material on sleeves," said Mrs. Melvin Rogers, wardrobe demonstrator, to the Riverside home demonstration club on May 7 at the home of Mrs. Tom Law.

All edges of the pattern should be stitched in white to prevent stretching and raveling.

Six of the thirteen members have foundation patterns complete, and four others have skirts and are to have their waists by the next meeting, on May 21, with Mrs. Franklin Roberson.

Refreshments were served to eight members and the following guests: Mrs. Palmer West, Miss Maiden Law and Miss Lora Farnsworth, county home demonstration agent.

## VERMONT H. D. CLUB

"Do not stitch your foundation pattern with black thread until it has been checked," said Miss Lora Farnsworth to the Vermont home demonstration club at the home of Mrs. Guy Bodine, on Wednesday, May 8.

After business of the club was disposed of the remainder of the afternoon was spent in checking patterns.

Refreshments were served to the following members: Mrs. Albert Howard, Mrs. Ed Finnegan, Mrs. Guy Bodine, Mrs. Dan Haynes, Mrs. Tom Wilton, and Mrs. F. B. Calcote, and to Mrs. Earl Cathy and Mrs. R. L. Bricker, guests. Mrs. Bricker's name was added to the club roll.

Dr. and Mrs. H. Z. Pennington spent Wednesday on a fishing trip at Christoval. The doctor states, however, that the trip was the main part of the day, as the results of the fishing were not worth mentioning.

Mr. and Mrs. C. S. McKinney announce the birth of a son, Robert Earl, born Wednesday morning. Mother and son are doing nicely.

## THURSDAY CLUB MEETS WITH MRS. MILLAR

Mrs. Cora Millar was hostess to the Thursday Bridge Club on Tuesday at the home of Mrs. Lewis Ballew.

Five tables of guests enjoyed an afternoon of bridge, and refreshments of ice cream and cake were served.

Mrs. W. E. Cooper was the high scorer for club members, Mrs. V. G. Tisdale won the high cut, and Mrs. K. G. Garey was high scorer for the guests.

## MRS. GUTHRIE SPEAKS AT MISSION MEETING

Both circles of the Methodist Missionary Society were favored with a talk by Mrs. Tim Guthrie on Monday afternoon at the church.

The subject chosen was Scarritt College. The speaker explained to the ladies how the college is supported by their organization.

About forty-five members and guests were present for the program.

On next Monday afternoon Circle No. 1 will meet at the church, and Circle No. 2 will meet with Mrs. L. T. Barber for regular programs.

## MRS. LEWIS BALLEW ENTERTAINS WITH BRIDGE

Entertaining with bridge, Mrs. Lewis Ballew was hostess to her club and a number of guests on last Thursday afternoon.

Mrs. H. T. Finley had the high score for club members, Mrs. W. E. Cooper high for guests, and Mrs. J. W. Hoover was presented the high cut prize.

During the social hour apricot ice and cake was served to twelve club members and eight guests.

## LOCAL REPRESENTATIVES ATTEND CONFERENCE

Rev. and Mrs. P. S. Connell and Rev. and Mrs. Tim Guthrie attended the district conference of the Methodist church, held at Sterling City Tuesday.

## ADAMS H. D. CLUB

As soon as foundation pattern is fitted, run sewing machine stitches close to edge of all the pieces of pattern to keep pattern from stretching," said Miss Bessie Reynolds to the Adams home demonstration club on April 25 at the home of Mrs. Silas Burk.

When cutting the foundation waist pattern, the center front should be placed on the selvage.

Refreshments were served to seven members: Mesdames Will Montgomery, Sid Stapp, Will Isaacs, Otto Williams, Misses Lottie and Bessie Reynolds and the hostess.

## Rudd Community

Webb Montgomery, son of Mr. and Mrs. B. W. Montgomery, has returned to Christoval for treatment. Dr. Rawls says he will have to stay about six weeks.

Mrs. W. F. Wilson attended services at the Methodist church Monday.

Rev. Tim Guthrie, who is conducting the Methodist revival in Eldorado, filled the pulpit here Sunday afternoon.

Miss Alicia Burk, who has been visiting friends and relatives in Eden, returned home last week.

Mrs. Will Isaacs and son, Willie, visited her father in Fife last Saturday and Sunday.

## Alexander News

Farmers are busy planting, as they think they have sufficient moisture to bring up seed in the water furrow.

M. H. Casey and family went to Valley Springs Friday to visit his son, Buddie, and family. They returned home Sunday and report crops and livestock there in good condition.

Rev. and Mrs. J. L. Ratliff and Mrs. S. L. Stanford of Eldorado visited Mr. and Mrs. T. E. Parson Sunday.

Mrs. F. Ramsel and Miss Beulah Casey visited in the home of W. E. Baker Sunday afternoon.

T. E. Parson and family attended church services at Reynolds school house Sunday afternoon.

Miss Margaret Davis and Mr. Curtis Yancy visited Chrystelle and Marvin McAngus last Sunday night.

**PIPE LINE TO COLLECT SALT WATER IN OILFIELD**

A franchise for 25 years has been granted to the Gladewater salt water gathering system, and much work has been done on this project that calls for laying several miles of pipe in the site of Gladewater, connecting to various oil wells that are making salt water.

The project, said to be one of the few salt water gathering systems in America, was favorably reported by the city commission several weeks ago as a means of taking care of the enormous salt water flow that has been polluting the Sabine River.

**INDUSTRY OFFERS PLAN TO INCREASE PROFITS FROM AGRICULTURE**

"Chemurgic" farming, or the growth and initial processing of products other than food, was advocated at a conference of agriculture, industry and science that met this week in Dearborn, as a means of bringing to the farmer a larger share of the profits of agriculture.

The Chemical Foundation, the sponsor of the meeting, chose Dearborn for the meeting to honor Ford for his work in the field of "chemurgic" farming, a newly coined term which was introduced at the meeting.

An appeal by Louis Tabor of Columbus, Ohio, master of the National Grange, for farmers to "grow every plant and every product in the United States that can be grown here," was read to the delegates.

"The hour has come," Tabor said, "for us to recognize the unpleasant fact that temporarily the entire world has gone nationalistic." He declared that the American farmer "hopes this conference will set in motion influences that will do more for rural life than the politician has ever been able to accomplish."

In explaining the "chemurgic" farming, Howard Doane of St. Louis, president of the Society of Farm Manufacturers, said, "We must shorten the distance between pure production and ultimate consumption, by farmers again assuming some of the elemental service and processes," and by "elimination of useless and wasteful and non-essential services that have wedged themselves between producers and consumers."

F. P. Garvan of New York, president of the Chemical Foundation, told the delegates that chemistry would free agriculture of what he termed the parasites of big banking and the government, by enabling the farmer to become more than a producer of food stuffs.

**SIMMONS COWBOY BAND TO VISIT RUSSIA ON TOUR**

Abilene.—At the invitation of the Soviet government, the Cowboy Band of Hardin-Simmons University will include Russia on its concert tour of Europe this summer, it has been announced by G. B. Sandefer, manager of the band.

Sandefer has concluded negotiations with a Soviet agent, and his organization plans appearances in Moscow, Leningrad and other large Russian cities.

The Hardin-Simmons organization will leave Texas by special train on June 16, and will sail from New York on June 19. A tour party will accompany the band thru other countries of Europe, but only the musical unit will go into Russia.

**Try CARDUI For Functional Monthly Pains**

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

**Constipation**

If constipation causes you Gas, Indigestion, Headaches, Bad Sleep, Pimples, get quick relief with ADLERIKA. Thorough in action yet entirely gentle and safe.

**ADLERIKA**

**HIGHWAY PLANNED TO REACH SOUTH AMERICA**

Dr. William K. Manning of the division of Latin-American affairs of the department of state at Washington passed thru Laredo recently en route to Mexico City to examine the Mexican section of the Inter-American highway which will eventually go to the Panama Canal and on to the continent of South America.

This will be an extension of the Pan-American highway from Laredo to Mexico City.

Dr. Manning announced that his department drafts documents for the state department in cooperation with Latin-American countries in the survey for the Inter-American highway.

Part of the highway has been surveyed and partial construction is said to be under way between Mexico City and the boundary of Guatemala.

**RARE WHITE NECK RAVENS ARE COLLECTED IN TEXAS**

Lubbock—Twenty more white necked ravens from this region have been requested by the National Zoology Park at Washington, some of which may be sent to museums in Europe for study.

Twenty ravens recently were shipped to the park from Lubbock, but four died. They were the first of the species the park had received in twelve years.

The first birds shipped alive from this section were eight for the Smithsonian Institute at Washington, and eight for the Cleveland, Ohio, Museum of Natural History.

**ONE DECADE OF SERVICE**

Only one decade has passed since a unified plan of electrical development was inaugurated for West Texas. The West Texas Utilities Company pioneered in this development in 49 West Texas Counties and now serves 159 towns and communities. Many of these towns have for the first time dependable and adequate electric service and many without immediate hope of electric service were enabled to procure such service.

The results of this well-planned and unified system of electrical development has made possible economies in operation through a closely correlated and experienced management. Rates have been reduced over 60 per cent since the organization of this company.

This company realizes the importance of electric service in the home today. It reasonably anticipates a far greater service in the future. Every plan of company operation is guided not only by immediate needs but by the potentialities for tomorrow. The policies that this company has adhered to in the past of building and of reducing rates can be continued with the co-operative efforts of its valued customers.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

West Texas Utilities Company
