MEDITATIONS

By The Editor

There seems to be quite a difference in opinion as to how the score stands regard the outcome of the Eagles-Broncos game Friday of last week. The way we have it and the way we are inclined to believe the official score-keeper has it is: Eldorado 24 and Sonora 6.

A New Mexico woman has written a little ditty which goes thus:

The papers and the radio
Have brought me this
conclusion:

This place we know as
Washington
Is the 'District of Con-
fusion.'

Berlin likes to report that "our troops are systematic-ly disengaging themselves from the enemy." Which reminds us of the old boy who succeeded in catching a well-developed shoat only to be dragged all over the pen.

After trying to find out how the ball game is to come out today we know now what side our bread is but tared on—neither!

Eldorado is a small town until you start chasin' your hat on a windy day. Now, you guys laughing at me and wanted to know what I was thinking Monday noon know.

We had never quite realized how many classes there are in high school until representatives began soliciting votes for Talon Queen and selling cake tickets and Jubilee admissions last week.

And speaking of high school, we want to take our hat off to those girls and their sponsor who comprise the pep squad supporting the Eagles. Never have we seen a high school pep squad that put on a better exhibition than the one displayed Friday of last week at the Sonora field when the group paraded the field at the half and formed a "V" three dots and a dash and after singing "Gold Bless America" in which the spectators were invited to participate, marched off the field and left the "V" dots and dash perfectly formed with varied color pom-poms of crepe paper.

The yells and songs are equally as well presented at each game, too.

CAUTION EXTENDED ON FILING TAX FORM W1

Failure to file and pay withholding tax on Form W1 are warned to do it on time as the minimum penalty on failure to do so is \$10. Also the minimum on the delinquent interest is \$10, is the conception of a statement made here this week by J. A. Miller, collector of internal revenue.

Those persons filing on this form had better use precaution, or a few cent tax can easily cost them \$20 penalty plus the interest and tax.

Civilian Tribute Paid County's First World War II Casualty

Memorial Services Held Sunday For Lt. D. E. De Long, Jr.

A capacity congregation which filled the auditorium and the vestibule to overflowing Sunday afternoon at 3 o'clock attended memorial services at the First Methodist church here for Lieut. (j. g.) D. E. DeLong, Jr., Schleicher county's first and to date only war casualty reported in World War II, and at the time of his death a member of the local church.

A beautiful floral tribute was made by friends of the Naval officer who lost his life in line of duty somewhere in the South Pacific August 19, 1943.

Assisting the local Methodist pastor, F. B. Faust, were the Rev. B. A. Jonas, pastor of the Fundamental Baptist church, who read for scripture, Ninety-first Chapter of Psalms and the Rev. J. M. Hays, pastor of the First Baptist church, who offered the opening prayer. A tribute by a long-time resident of the county, D. C. Hill was made wherein he expressed to the congregation the noble character of the youthful navy flier. Following this talk, Legionnaire Ford Oglesby, spoke in behalf of the local American Legion Post, whose members in arm bands occupied a designated place in the sanctuary. Mr. Oglesby, a very personal friend of Lieutenant De Long, paid tribute to him and told of the attitude the former Eldorado young man had expressed on his desire to go into the service of his country and his willingness to give up his home life to go defend the cause for which we are fighting.

The vested choir of the church rendered "Abide With Me", "It Is Well With My Soul", and an anthem, "There's A Beautiful City." Chester Wheeler rendered a vocal solo, "Face To Face."

INJURED IN CALIFORNIA TRAFFIC ACCIDENT

It was reported here by long distance telephone this week that Mrs. W. H. Clevenger of Merced, Calif., is in a critical condition following an automobile accident in California Sunday. Extent of the injuries sustained by Mrs. Clevenger other than a broken leg were not definitely learned here at press time.

Mrs. Clevenger will be remembered here as Miss Nettie Wilson before her marriage and is the daughter of Mr. and Mrs. L. T. Wilson.

Humble Makes First Contribution For War Chest Fund

W. M. Patterson, Jr., has announced that the first contribution to the United War Chest Fund in the county was made by the Humble Oil and Refining Co., through Jimmy West, local distributor.

Patterson, drive chairman expressed appreciation for the \$75 contribution and hopes that every citizen will make an effort to give to this fund soon in order that the county's quota may be raised. The fund includes 17 funds that heretofore have been separate.

Visitors On Lions' Club Program

Rev. C. B. Stovall, Miss Virginia Ryan, Mrs. John Williams, Luet. Charles Ratliff, Gulfport, Miss., and Dr. McKinley Norman, visiting Baptist evangelist were guests at the noon-day meeting of the Lions' club Wednesday. Also present was Paul C. Staake, regional director of the United War Chest Fund.

Dr. Norman gave a very interesting talk on the community and its support of its churches. Following the evangelist's address Mr. Staake made a brief talk on the branches of service supported by the War Chest Fund and a sound film was shown that graphically emphasized the need and support of this all-important drive now being carried on in the county, of which Mr. Patterson is chairman, and Miss Ryan and Mrs. Williams are co-workers.

More than an average attendance of members were present at the meeting for which the publicity committee wishes to express their appreciation. Your presence next week will be equally appreciated, the chairman of publicity states.

Arthur Mund, Jr. First Place Winner In Sears Pig Show

In the annual Sears-Roe buck pig show held in San Angelo, Oct. 15, the following 4-H Club boys of Schleicher county showed Registered Hampshire gilts: Arthur Mund, Jr., Hensel Matthews, Jr., Robert Corbell, Billie Jack Corbell, Harland MaAlpine, Billie Dan McAngus, and Olge Halbert.

Kumler Mund showed a registered Hampshire boar. Arthur Mund, Jr., won first prize in the county and received a registered Hereford heifer as first prize. The heifer was bred by Pat Martin of Christoval. Harlan McAlpine won second prize and will receive 100 baby chicks. Robert Corbell won third prize and will receive 75 chicks. The other boys are to receive 50 chicks each.

According to Mr. Welch, Schleicher county agent, the boys made a creditable showing and will produce a lot of pork from these gilts to help the war effort.

REGISTER THIS WEEK FOR BOOK NUMBER FOUR

Registration for War Ration Book IV will be conducted at the Courthouse (in the District Court room) in Eldorado on October, 21, 22 and 23 according to an announcement by the Schleicher County War Price and Rationing Board. Registration will be in charge of school authorities and others who have volunteered their services for this procedure.

Up to a late hour Wednesday, the local Board had received no detailed instructions from OPA District Headquarters concerning this registration except the dates specified. In the absence of such instructions from OPA, local authorities did not have time in which to set up registration facilities in the various rural communities of the county. Board officials advise, however, that those residents of Schleicher County who may not be able to come to Eldorado on the date set, will be served at the board office at such a time as may be more convenient to the registrant.

Meagre details in possession of the local Board indicate that the procedure will be very similar to former registrations, and that a member of a family or head of a household may register for and obtain Book IV for the entire family unit.

One important requirement to be observed is that applications for War Ration (Continued on last page)

EAGLES MEET MASON IN THIRD CONFERENCE GAME HERE TODAY

Following the "play whistle" Friday afternoon, Captain Luke Thompson of the Eagles kicked off in a straight line toward their goal line and a Bronchos player attempted to intercept the ball and fumbled, Page casually going to the ball made the surprise play of the season when he fell on it making the first touchdown of the afternoon.

Another touchdown came soon after in the first quarter when Page ran over with the ball, but the Eagles failed to get the extra points on either of the attempts to kick over the goal.

A sensational run was made in the second quarter when Page ran from the 40 yard stripe for a touchdown, called in and the Eagles suffered a five-yard (Continued on last page)

Zone Meeting For Lions' Held Here

Following a dinner served at the First Baptist church here Thursday night of last week by members of the high school senior class assisted by their room mothers and sponsors, H. T. Finley, the local club president, opened the meeting with a short address and introduced C. C. McLaughlin who had charge of the meeting attended by some twenty-seven Lions representing clubs at Sonora, Sterling City, Big Lake, Mertzon and Eldorado.

Following the invocation offered by the Rev. J. M. Hays the group sang "America", which was followed by a piano number by Frankie Thompson and the rendering of a vocal duet by Jean and Dinky Meadors. Official pianist for the local club, Mrs. H. T. Finley served as pianist for the program.

Open discussions were held and activities from the various club represented in Zone 10, Region 7 were heard. Mertzon was selected for the next meeting place to be held in January.

HELP YOUR P. T. A. IN THE LAMB SALE SAT. 23

Members of the P. T. A. under the leadership of the President, Mrs. S. D. Harper have worked diligently for the past several weeks preparing for the annual lamb auction sale to be held on the lot adjoining the Bank, Saturday afternoon at three o'clock.

To those of you who have not been personally contacted we urge you to make your donations in time for nations in time for the sale Saturday, Mrs. Harper said.

Some 45 lambs have already been promised and a number of the local business firms will have buyers on the scene ready to do the bidding, she continued.

Besides lambs to be sold, there will be goats, pigs and various items other than live stock on the auction block and you will be sure to find something to buy, the president stated further.

MY CHILDREN MUST BE TRAINED IN BUSINESS

A successful business man who is the father of four, said that regardless of other training, he wanted his children to have, after graduating from high school, a thorough business training. He said he has found from his years of dealing with the public the most successful were those who knew the rudiments of business. He saw many fortunes lost or dwindle to nothing because the unfortunates knew nothing of business. "My course in Business Law, which I learned in business college" says this man, "has been the means of saving me thousands of dollars."

One is daily confronted with problems requiring a knowledge of business. Even a doctor or lawyer will tell you that a knowledge of business is almost as necessary in the conducting of their profession as their expert knowledge is in administering to the sick or defending a client. Try to realize if you will just how a knowledge of business is related to the conduct of this war. Thousands upon tens of thousands of bookkeepers, typists, accountants,

clerks, stenographers, file clerks, and office machine operators are working at top speed to keep the Army, Navy, Marines, and Air Corps at their full efficiency.

Without these business trained workers, the whole program would fail and we would probably lose the war.

So business DOES have its place in war as well as in peace. Then, too, business is now rightfully looked upon as a PROFESSION—a highly trained profession. This suggests to us that if you are interested in business training, there is, in our opinion, not a better place in the Southwest to train for business than in that well-known and highly rated business school at Tyler, Texas, the Tyler Commercial College. Its work is of such high standard, the school carries the approval of the Texas State Department of Education. We understand they will mail their catalog to anyone who may be interested in business training. (Adv)

Machines of War Feed on Oil

For days the General Staff had been making plans for the invasion . . . All branches of land, sea and air had been put in readiness; the timing of all movements carefully coordinated . . . Then came the Big Moment in the grey of early dawn . . . Paratroops dropped behind the lines, Navy big guns and dive bombers blasted shore defenses, wave after wave of infantry scrambled ashore to establish beach heads—and right on their heels came tanks and jeeps and trucks with food, ammunition and OIL.

NO MATTER how fast a mechanized army can move, it cannot out-distance its supply lines; for to fight, a soldier must have food, his guns must have ammunition, his machines must have OIL.

By devious routes and in many shapes and forms oil finds its way into the smooth operation of every department of our armed forces, even to toluene for T. N. T. (see partial list below).

Yes, Oil is vital to victory, and to victory the best efforts of 13,000 Humble employees are dedicated. Their goal is to produce from petroleum the growing demand of the Army and the Navy for the finest fuels, lubricants and synthetics.

These products are made available for war and industry through leadership in petroleum research, the same research which produces Esso and Humble gasolines, Esso, 997 and Velvet Motor Oils for your car and truck.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Univis Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Ban Protective Coatings, Stratosphere Greases, Toluene, Torpedo Greases, Waxes, Waterproof Lubricants, Synthetic Rubber for military uses. FOR THE MACHINES OF INDUSTRY: Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes. FOR YOUR CAR: Products and service to help you care for your car for your country.

**DAIRY FEED PRICE
ADJUSTMENT PAYMENT**

State office of AAA has been advised that the dairy feed payment will be made direct to producers upon the submission to County AAA committee of satisfactory evidence of quantity of whole milk or butter fat sold. For whole milk, sales records must show pounds of milk delivered and the butterfat content is not necessary. Butterfat sales evidence must be on butterfat basis. Payment will be made at 80 percent of the butterfat rate for butter sold as such. Payment will be made at 20 percent of the butterfat rate for cream sold for consumption.

In Schleicher county payment rate for milk will be 40 cents per hundred weight and the payment rate for butterfat will be 5 cents per pound.

The local office stated this week the rate of deduction applicable to Schleicher county for recovering the required amounts of association expenses from 1934 agricultural conservation payment is 3.5 per cent.

**HOW TO STORE
THE SEED**

By Virginia Ryan
Co. Home Dem. Agt.

Numerous requests have been made as to how to store and care for seed that have been saved from the summer gardens.

Vegetable seed can be stored in envelopes, small paper sacks, or other containers of this type. They should be thoroughly dried before placing in containers. An air-tight container is ideal, stored in a cool place. The two important conditions affecting storage of seed are moisture and temperature. Generally, the higher the temperature and humidity, the shorter the time vegetable seeds can be kept. Under favorable conditions most seed may be kept for two years without endangering germination. Under farm conditions, however, it is best to save a new supply of seed each year. It is also a good practice to make a germination test of held over seed, so that viability and rate of planting may be determined.

Beans, peas, okra, and corn should be left in the plant until thoroughly mature and then shelled.

Squash, eggplant, water-melon, cantaloupes, cucumbers and tomatoes should be mature when the seed are removed, washed and spread out to dry. Care should be taken in storing.

Weevil Control: Beans, peas, and corn should be treated with carbon disulphide (high life) using 1 teaspoonful to a quart of seed. Fill quart jars or gallon syrup buckets with seed, and sprinkle carbon disulphide directly on top of the seed, since the fumes settle downward. Close tightly and leave for 36 hours. Then open and spread seed out flat until fumes disappear. Replace in container and seal tightly for storage.

**Who Else Will Help
Them if **We** Don't?**

If we're like most people, we're waiting around to "let George do it." Sure, we've contributed something, but we've got the idea in the back of our mind that there are millions of other people all over the United States who are contributing, too.

The thing we've got to remember is that those millions of other people are pretty much like ourselves. They're expecting the other fellow to carry on the work, which adds up to a handfull of folks to give more than they should and a multitude of once or twice contributors.

Men don't go to the battlefield once or twice. Women and children don't experience the wartime starvation and illness once or twice. The job we've got ahead of us—the job of winning this war—calls for the kind of people who give all they've got! Not once or twice. Get the habit of including the war in your budget. Be thankful you don't suffer the horrors, the realities of war right in this country. Be thankful that all we're asked to do is give.

POULTRY CULLING DEMONSTRATION AT COURT HOUSE WEDS.

The Agricultural Victory Council is sponsoring a poultry culling, posting and caponizing demonstration at the court house Wednesday, Oct. 27 at 2:30 p. m.

County Agent Jack Welch announces that Miss Christine Schott, poultry specialist and E. E. Young, vocational agriculture instructor, both of San Angelo will be in charge of the program.

All persons interested in poultry are invited to attend.

Miss Laura Lane, who is editor of the Extensioner, published at A & M, was in Eldorado the first of the week as a guest of Miss Virginia Ryan and was also assisting the various H. D. clubs with their news problems and gathering news from the clubs and farm activities for use in the Extensioner.

HALLOWE'EN PARTY AT REYNOLDS SCHOOL

The Reynolds School and community will have a Halloween party and Carnival at the school building, Friday night, October 29. They are planning various kinds of entertainment along with something to eat and a good time in general. Funds derived from this entertainment will go toward buying a piano for the school, it is said.

NOTICE

The Senior class will sponsor a cake walk on the street between the Red and White store and the bank, Saturday afternoon immediately following the P. T. A. lamb sale.

penalty because Barber ran in the opponents direction before the ball was snapped. Following this play in the first half the Eagles again put over another six-point count.

An injury to his ankle put Thompson out of the game for a short while. But the kicks for extra points were unsuccessful in every instance.

Inexperienced second stringers were played all during the game. The Broncs made a six-point count in the third quarter. When the final score was summed up it was found that the Eagles had made 11 first downs and the Sonora crew five, and the score read 24 to 6 in favor of the locals, giving them their second win in two conference games of the season.

Hard Foe Met Today

Dopsters scouting the Mason game last week have intimated that the Eagles are to be up against a tough foe in that team today and that the results will likely be an advantage in determining the probable champions of the district this year. At any rate the Eagles are going to have to fly high and hit hard if they hold their own in this game which promises to be one of the best this season.

The Mason line-up for starting has been given The Success as follows:

No.	Name	Wt.	Pos.
76	Whitehead	162	FB
72	Baze	128	LE
35	Eckert	155	QB
30	Polk	125	HB
33	McWilliams	138	HB
77	Slaughter	180	RE
78	Shearer, O.	185	RE
42	Ziriach	140	LT
34	Schulze	111	LG
74	Smith	140	C.
32	Spittgerber	120	RG

Officials are to be Ratliff, Ratliff and Cloninger.

Major and Mrs. E. O. Nevills of Ft. Reno, Okla., are announcing the arrival of a daughter, born September, 28. The little lady weighed 8 pounds and has been named Cara Day. Major Nevills was Vocational Agricultural teacher in the local schools prior to his entry into the service.

RATION BOOK NO. 4

(Continued from front page,

Book IV shall hold a currently valid War Ration Book III, and present the same to the registrar at the time of registration. It will therefore be necessary for all persons who apply for Book IV to have with them at the time of their registration the War ration Book III of all persons for whom they will register.

Green stamps from War Ration book No. 4 will be used to purchase canned fruits and vegetables beginning Nov. 1, the Office of Price Administration has announced.

The OPA said the new green stamps would be used the same way as the familiar blue stamps. But the green stamps will be used only until the ration token system goes into effect early next year. Then the blue and red stamps in the new book will be used for buying rationed foods.

Experimental data from different sections of the cotton belt reveal that from 19 to 24 times as many boll weevils survive the winter in or near fields where cotton stalks grow until frost, according to Jack Welch, county agent. When cotton is harvested early and all green stalks destroyed, weevils are without food until they seek winter quarters. One pair of weevils which survive the winter is capable under favorable conditions, of adding 12,000,000 weevils to next year's population.

MOVE TO EDEN

Mr. and Mrs. Silas Burk of the Adams community are moving this week to a ranch they have leased south of Eden. The Burks have lived in the Adams community for 31 years.

SON TO MAJ. GIBSONS

A son was born to Maj. and Mrs. W. B. Gibson of Dayton, O., Oct. 6, according to information received here this week. The baby has been named Arthur Elliott, being named for Arthur "Buck" Bailey and Mrs. Gibson's father.

Major Gibson is a graduate of the Eldorado High School and the son of Mr. and Mrs. Oscar Gibson, one-time residents of Eldorado, now residing in Glendale, Ariz.

Through CAMERON'S You Can Do Your FARM BUILDING NOW..

Free Plans

With experienced builders so scarce it is likely you will do much of your own construction work this year. To help you save time, labor, and materials, we have prepared plans for every kind of farm and ranch service building. You may have copies of these plans entirely free of charge by coming to our store and asking for them.

YOU CAN BUILD UP TO \$1,000

Essential service buildings may be constructed on farms and ranches up to \$1,000.00 value. No government permit or priority is needed. Our easy payment plan enables you to go ahead with your service building construction right now.

Although many building material items are scarce, and some impossible to obtain, we have been constantly alert to provide our customers with alternate items that make possible a continuation of farm construction work.

Bring your building problems to us. It is very likely we can solve them for you.

SHEETROCK SIDING

For exterior use, A rigid 1-inch board in 2-foot widths and lengths from 6 feet to 10 feet. It's fire resistant and weather-proof. It costs considerably less than standard wood frame construction and does not require painting. Ask to see Triple-Sealed Siding.

CEMENT-ASBESTOS BUILDING BOARD

An all-purpose asbestos building board. Can be used for all kinds of farm buildings. Serves as siding and roofing. It is suitable for partitions and wainscoting inside the home. Fireproof, vermin proof. Board size, 4 feet by 8 feet, in two thicknesses. Ask to see Apac board.
