#### U.S., Aussies Hit Supply Lines In Activity Step-Up

TOKYO, July 25. (AP)—American and Australian planes today destroyed or damaged 21 Red tanks, 15 bridges and an armored car and raked enemy supply lines in stepped up activity.

Ten tanks, dispatches from Korea said, were destroyed. A far East Air Force spokesman in Korea said 11 more were damaged. The 64 air missions in 191 sorties were in close co-ordination with operations of the U. S. First Cavalry Division of the Taejon-Yongdong highway front. The planes ranged also to Kwangju, deep in Southwest Korea, where Red forces ranged unchecked by token forces of South Korean police.

At the same time it was announced the Fifth Air Force would step up its night operations against the Communists, who have been moving men and tanks in long columns under the cover of darkness. "We've got to pin them down at night as we have them pinned in the day," said Maj. Gen. Earl E. Partridge at Fifth Air Force Headquarters in Korea.

He said the Reds were able to maintain steady ground pressure because of night operations. Last night two Mustangs caught a truck column west of Yongdong in bright moonlight and strafed it. Partridge said the invaders have been moving mortar columns 25 miles long at night with lights on.

Two North Korean planes struck back in a retaliatory raid on American and South Korean positions, field dispatches said Tuesday. B-29 Superforts ripped holes in a network of 12 to 15 strategic railroad bridges used to move Communist troops and supplies to battlefronts.

Attack bombers and rocket-blasting fighters attacked along Korea's western coast line as far north as Seoul, then swung eastward to smash marshalling yards at Checheon, 70 miles inland from the east coast.

### Wolfhounds Fool Reds In Korean Duel

#### BY TOM LAMBERT

WITH THE U. S. 25TH DIVISION IN KOREA, July 25—The fighting Wolfhounds regiment today outmaneuvered the North Koreans and cut to ribbons two new attacks with mortar, artillery and machine gun fire.

The Wolfhounds led by Lt. Col. John (Mike) Michaelis of Lebanon, Pa., former aide of General Eisenhower and battalion commander in the Battle of the Bulge, had parried "previous enveloping tactics of the Reds."

Today the Communists tried again. Their pincer movement closed—but around empty positions. American mortar fire, artillery and strafing aircraft cut the enemy to bits.

One American officer said the Reds were mowed down in droves. An estimated 600 enemy troops took part in the attack. The enemy withdrew but attacked again three hours late with about 800 men. Again the Reds were repulsed with heavy losses. The Reds threw at least eight tanks and an estimated 700 soldiers at the Wolfhounds yesterday. Six of the tanks were knocked out inside the Wolfhounds' perimeter—two by U. S. aircraft.

### Britain To Send Small Ground Unit To Korea Fighting

LONDON, July 25. (AP)—Informants in touch with the government reported today Britain has decided to offer a small ground force to the United Nations for use in Korea.

They reported this in the British cabinet meeting in special session, apparently to discuss a number of major changes in the nation's defense policy.

BEIRUT, Lebanon, July 25. (AP)—Lebanon charged today that an Israeli Spitfire machinegunned a Lebanese transport plane yesterday, killing three passengers and wounding eight others.

# Fierce Red Blows Force Yongdong Withdrawal

## US, British Navy Planes Strike Foe

TOKYO, Wednesday, July 26. (AP)—American ground forces abandoned Yongdong Tuesday, withdrawing under frenzied Communist attacks on that center position of the narrowing American defense perimeter in Southeast Korea. Elements of the First Cavalry Division, which had stood up throughout the day against wave after wave of enemy assaults along the Taejon-Yongdong highway, finally quit Yongdong for new, undisclosed positions.

### Immediate Tax Increase Asked By Truman

#### BULLETIN

WASHINGTON, July 25. (AP)—Senator George (D-Ga.) said President Truman will ask Congress today for legislation to boost taxes about \$5,000,000,000 immediately.

George, chairman of the Senate Finance Committee, told reporters this after a meeting with Secretary of Treasury Snyder. George said that the proposed bill would just about repeal the tax cuts made by the Republican-controlled 80th Congress in 1948.

WASHINGTON, July 25. (AP)—Secretary of the Treasury Snyder today said higher taxes probably will take a bigger bite out of wage earners' pay envelopes before the end of the year.

Snyder told a news conference he is "sure" President Truman will ask Congress this week to raise individual and corporation taxes. The money would go to pay costs of defense to meet Communist aggression in Korea and elsewhere.

Speaker Rayburn told reporters he thought Mr. Truman would send his tax program to Congress "pretty soon," either in a letter to the speaker and Vice President Barkley or in the form of a message to Congress.

The President is due to send an economic message to Congress and it may include the tax program. Or, there was some speculation that he might make his tax increase requests in a separate message, either prior to or after the economic message.

Congressional approval would mean higher withholding taxes from employe paychecks. Snyder said Mr. Truman's request would be for an "interim" tax increase to go into effect as soon as possible.

He indicated the President will send a more comprehensive tax request to Congress later on this year, including a proposed tax on excess profits.

The secretary said he is in accord with congressional leaders that an excess profits tax on corporations should be included in the interim bill because the measure should be passed quickly. He said excess profits tax proposals are so complicated they would mean extended and delaying debate.

Snyder also endorsed proposals to hold excise (sales) taxes at their present levels, close "loopholes" in garnet more taxes and speed up payment of corporation income taxes.

WHERE REDS THREATEN U. S. SUPPLY CENTERS—Broken arrows indicate threat of possible Communist pincers drives on the U. S. supply centers in South Korea. While North Korean frontal attacks (solid arrow) have maintained pressure on American defenses astride the Taejon-Yongdong road, Red columns to the southwest have stashed almost to the tip of the peninsula. Late news disclosed a Yank withdrawal from Yongdong. Here the Reds are in position for a flanking drive east toward Pusan, and the ports of Mokpo and Yosu (underlined) are nullified for U. S. use. North-east of Taejon Reds have built up pressure for possible drive south toward Taegu, vital rail center. The broken line is the approximate front (AP Wirephoto Map).

### SAWYER TESTIMONY

## Urges Truman Be Given Controls

WASHINGTON, July 25. (AP)—Secretary of Commerce Sawyer said today the economic control powers the administration is asking may not be enough. He declared greater powers will be needed if military spending is increased further.

Sawyer was before the Senate Banking Committee to urge that Congress quickly give President Truman the controls he has asked.

These include powers to parcel out scarce materials to industries, to say how these materials shall be used, to stop production of any item, and to fix the terms of credit sales.

Some members of Congress already are balking at such a grant of power. At the same time there has been growing sentiment for a sharp increase in taxes with the idea that this would (1) put defense costs on a pay as you go basis, and (2) hold down inflationary pressures, lessening the need for controls.

A rise in taxes certain since the administration—as well as some critics of its controls program—is urging higher taxes.

There also is some sentiment for an even bigger military expansion than the \$10 billion-plus asked by President Truman.

In a House speech today, Rep. Vinson (D-Ga.) called for an all-out defense effort. He said Russia outnumbers the United States 7 to 1 in tanks, 17 to 1 in military manpower, has a "vast air force" and some 300 submarines.

Those calling for an immediate tax boost included some who opposed, or at least questioned the requested controls, including Sen. Taft (R-Ohio), chairman of the Senate GOP policy committee.

President Truman already has promised the nation and the law-makers a request for higher taxes. He may present some details Wednesday when Congress gets a report from his economic advisers. However, until yesterday most talk had been of higher taxes becoming effective Jan. 1.

## U. S. Asks Pact Partners Rearm To Keep Peace

### Spofford Warns Against Being Caught Napping

LONDON, July 25. (AP)—The United States called on her Atlantic pact partners today to rearm quickly for the sake of world peace, warning that the West must not again be caught napping by Communist aggression.

It was learned that Charles M. Spofford, U. S. member, told the first meeting of the Atlantic Alliance Council that Korea has shown Communism would not hesitate to pass from subversion to armed aggression. He called for western vigilance and a quick increase in military strength.

The meeting was secret and only a non-committal communiqué was issued at the end of the session. It reported merely that, for reasons of military security, the deputies work would be conducted behind closed doors.

Spofford, New York lawyer, was named chairman of the 12-nation permanent civilian high command. The council was created in May by the foreign ministers of the 12 countries, who had called for "tangible results" by fall.

Proposed by events in Korea, the delegates mapped a program to cut a four-year rearmament schedule to two years.

The session opening today is expected to last four or five days but the council is subject to recall at any time. U. S. Delegate Spofford was expected to be named council chairman. The membership also includes representatives of Britain, France, Italy, Portugal, Iceland, Denmark, Norway, the Netherlands, Belgium, Luxembourg and Canada.

Britain's cabinet meanwhile met today to polish plans for expanded defense and to decide what further aid should be sent to the Korean fighting. The labor government made a final check in preparation for tomorrow's full-dress debate in the House of Commons on the rearmament of Britain's defenses to meet any aggression.

## Pope Seems Winner In Court Fight

By The Associated Press  
The Texas Election Bureau announced at noon today that Jack Pope of Corpus Christi appears to be the winner in the race for associate justice of the Fourth Court of Civil Appeals.

His majority over three opponents was 23,019 and the Election Bureau said it was getting bigger. The non-returns represented 41 counties complete out of 48. All 48 counties had been heard from but in seven counties a total of 20 precincts were incomplete.

Pope had 73,077 votes. Austin F. Anderson had 26,577; Joe Burkett, 26,651 and Arley V. Knight, 17,430. Anderson, Burkett and Knight all are of Bexar County.

## McCarthy Says He Has Proof Of Red Charge

WASHINGTON, July 25. (AP)—Senator McCarthy (R-Wis.) declared today he has air-tight proof that an important State Department official — a Moscow-born "Mr. X" — is a Communist.

The proof, McCarthy said in a speech prepared for delivery in the Senate, is contained in the department's own loyalty file on the man. He said his evidence was furnished by "an FBI agent, an undercover agent, (who) joined the Communist Party in 1937 at the suggestion of the FBI."

McCarthy described the case as one of the 81 covered by the State Department loyalty files which were examined by a Senate foreign relations subcommittee which investigated McCarthy's Communists in government charges.

A report last week by the Democratic majority of that inquiry group labeled McCarthy's accusations "a fraud and a hoax." The three Democrats on the committee said there was no proof whatever in the 81 files to back up McCarthy's contentions that those the records deal with were—variously—Communists, fellow travelers, or security risks for other reasons.

In his prepared text today, McCarthy said he was submitting to the Senate a photostated copy of "Mr. X's" State Department file. He did not hand out the copy in advance.

## "Why Honey, That Was My Dragline"

SEATTLE, July 25. (AP)—James T. Swanson was asked by a court reporter yesterday "who was your sweetheart while you are in Alaska?" "No one," he replied.

His wife's counsel then produced a letter written by Swanson when he was mining in Alaska last year. It said in part: "Wait until next time, I'll tell you all about my new honey. Is she streamlined?" Swanson guffawed.

"That was no woman," he said. "It was my new dragline—\$50,000 worth, and I was proud of her." He got the divorce.

## "Tex" Moore, Official State Cowboy Artist, Dies At 84

WICHITA FALLS, July 25. (AP)—John Marcellus "Tex" Moore, 84, onetime trail driver and Indian scout and the official cowboy artist of Texas, died here today.

Moore was well known for his vivid landscapes and his colorful past. He was a cowboy, Indian fighter, gold miner, stage-coach driver. He lost a fortune in the great blizzard of 1867 in Montana. He even ran a dude ranch once, in Colorado. And over the years he painted hundreds of pictures that carried his signature to all sections of the United States.

By resolution, in 1935, the Texas Legislature made him the state's official cowboy artist. He had continued painting in his last years the great scenery of his former days—the wild lakes and mountains of Montana and Wyoming. But he always called Texas his home. He had been ill for months. He died at his home here. Moore was born Nov. 24, 1865, on a ranch near Fort Worth. His father opened a cattle trail from Fort Worth to Abilene, Kan. Young Moore ran away from home at the age of 15 and went to work on the great Goodnight ranch in the Texas Panhandle. Later he worked with outfits of John Chisholm of Chisholm trail fame.

At 19, Moore went to Montana and met a man named Steve Dillon who became his partner. The two found a gold placer claim, sold it for \$40,000 and bought 2,000 head of cattle. They wintered the cattle in Judith Basin, Montana. It was 1887, the year of the great blizzard. For three days and three nights the temperature stayed at 62 degrees below zero. Dillon and Moore lost all their cattle. The two cowboys in Montana long enough to get a stake, then headed southward for Texas. In Mexico, near El Paso they hunted gold with five other men—and found it.

### Democratic Primary Interest Centers On Thomas-Monroney Oklahoma Battle

By The Associated Press  
Democrats in four southern states are holding primaries today, with national interest centered primarily on a senatorial race in Oklahoma. There, Sen. Elmer Thomas, chairman of the Senate Agriculture Committee, is trying to hold off the bid of Rep. Mike Monroney, who has been in the U. S. House 12 years.

Monroney led Thomas in the first primary July 4 but lacked a clear majority. Monroney has campaigned in the second go-around with the argument that Thomas, as chairman of the Senate appropriations subcommittee handling military appropriations, is partly responsible for the plight of U. S. forces in Korea. Thomas has challenged Monroney's stand on farm legislation.

The other states, in brief: Arkansas—There is a national angle in the race for the nomination for governor between Gov. Sid McMath and former Gov. Ben Laney. Laney is a leader of anti-Truman Democrats while McMath has supported much of the Truman program. Louisiana—the main race here is for the Senate, between Sen. Russell Long, son of the late Huey P. Long, and two opponents: Malcolm LaFollette, Shreveport lawyer endorsed by the major groups which oppose the Long faction, and former Rep. Newt Mills of Monroe.

South Carolina—Most statewide races were settled in a first primary July 11 but two congressional district nominations are being decided. Rep. Hugo Sims of Orangeburg faces former Rep. W. J. B. Dorn of Greenville. Democratic nominations in South Carolina Arkansas and Louisiana, mean-election in effect: this is generally true, too, in Oklahoma.

### Coke County Pioneer Resident Dies Today At Robert Lee Home

Mrs. W. H. Bell, 81, pioneer resident of Coke county, died at 5:30 a. m. today at her home in Robert Lee. She was the mother of Mrs. W. J. Garrett, and grandmother of Jamie Bilbo of Big Spring. Mrs. Bell had been ill for a long time. She had rallied enough that Saturday she insisted that she be carried to the polls to cast her ballot. She was the widow of W. H. Bell, former Coke county judge, who died in 1942. Mrs. Bell also was a life-long member of the Methodist church. Besides Mrs. Garrett, she leaves eight daughters. Services will be held Wednesday.

### Woods Adopted Son Assigned To Korea

Mr. and Mrs. Fred E. Wood have learned that their adopted son, Ron E. Britain, has been assigned to Korea. Not long ago he had told his foster grandmother, Mrs. John Tucker, he hoped to be home by August. Then he telephoned to say he was being recalled and shipped to Korea. He is with a Seabee unit.

### Sterling Price Still In Serious Condition

Sterling Price, whose residence here dates back to the earliest days of the community, has shown some slight improvement following a stroke. He is at the Big Spring hospital. However, his condition was considered still serious. Mr. Price suffered an attack Saturday as he picked up a telephone to call for transportation to take him home from downtown.

### GUIDED MISSILE TEST

## Rocket Hit 2,700 Miles Per Hour

By The Associated Press  
LONG RANGE PROVING GROUND, Cocoa, Fla., July 25—Another giant two-stage rocket will

be fired here Saturday in a second horizontal test flight of guided missiles.

### Floats, Visiting Posse Entered In Local Rodeo Parade

Five floats and at least one visiting Sheriff's Posse group have already been entered in the Big Spring rodeo parade, according to Parade Chairman Jess Slaughter. Invitations have been extended to a dozen other Sheriff's Poses in the Big Spring area and all local firms and organizations are being asked to enter floats or marching units. The parade, which formally opens the 18th annual Big Spring rodeo, is set for 3 p. m. Wednesday, Aug. 2.

The first such successful flight was made yesterday when a 14-ton German V-2 rocket with a 700-pound missile on its nose made a climbing turn miles out over the Atlantic.

The V-2 reached 10 miles into the air, then curved downward and was exploded by remote control. Its debris fell into the sea 48 miles from the launching platform. It reached a speed of 2,700 miles an hour.

The smaller missile, known as a WAC (winged), sped on, attaining a speed of perhaps 5,000 miles an hour. Its performance is a military secret.

Col. Harold R. Turner, safety officer and former commandant of the proving ground at White Sands, N. M., said the intended range of the WAC corporal was in excess of 175 miles.

The two rockets measured 60 feet high and rose in a burst of flame and the sound of a sharp thunderclap. The rocket burned up 10 tons of liquid oxygen and alcohol in only one minute's time.

Gyroscopic controls took charge as it thundered upward and bent its path toward the open sea. It was at 51,000 feet after only a minute and 20 seconds of flight.

Then the WAC corporal separated from the mother rocket and sped on at a rate described as the sum of the two rockets.

### Pleasant Weather Over Most Of U.S.

By The Associated Press  
July's pleasant weather continued over most of the nation today. The southern and eastern states were getting some warm and humid weather but not a full blast. From the Great Lakes region westward to the Rockies, skies generally were clear and temperatures seasonal. Readings also were near normal along the Pacific Coast. There were a few wet spots. Showers hit parts of the northern New England states. The Central Plains and northern Rockies reported showers and thundershowers over some areas. There were local heavy thundershowers in Kansas. Falls measuring more than three inches in six hours were reported in Hill City, Kan.

## LATE RETURNS SHOW Mrs. Clark Due For Run-Off Vote

By The Associated Press  
With an estimated 600 votes still out, unofficial returns indicate that Mrs. Altavere Clark of Amarillo and Walter Rogers of Pampa will make the run-off race for Congress in the Panhandle's 18th congressional district.

Mrs. Clark had been at the top in the tabulations since Sunday. In the latest tabulation last night from the Texas Election Bureau, Rogers has 2,000 votes ahead of the third and fourth men in the race. Returns from all 28 counties in the district were in, 24 complete. The bureau estimated that only 600 votes were out.

The winner in the Aug. 26 run-off election will run against Rep. Ben Guill of Pampa—Texas' only

Republican congressman—in the November general election.

The latest tabulations showed: Mrs. Clark, 17,029; Rogers, 15,793; LeRoy Lamaster of Perryton, 13,785; J. Blake Timmons of Amarillo, 13,736.

Rogers gained strength in Monday's tabulations when he picked up 2,200 votes in counties whose boxes from Gray County, his home county.

The bureau's latest report showed no change in other statewide and district races.

Gov. Allan Shivers' lead over Caso March in the seven-way governor's race was still lopsided. Pierce Brooks of Dallas held his lead over Ben Ramsey of San Augustine, who will be his run-off opponent in August.

Other runoff races will have J. E. McDonald of Austin, agriculture commissioner since 1931, facing John C. White of Wichita Falls; Rep. Ken Regan of Midland facing Judge Paul Moss of Odessa in an effort to hold his 16th Congressional District seat; Robert A. Lattimore of Dallas and W. A. Morrison of Cameron contesting for court of criminal appeals; Will Wilson of Dallas and Fagan Dickson of Austin running for Supreme Court, Place 1; and Mead Griffin of Plainview and George Harwood of Dallas contesting for Supreme Court, Place 3.

An official state-wide canvass of returns from the primary will not be made until Aug. 7. Official results probably will not be available until Aug. 8.

## Hard Rains Hit Colorado City Monday

**COLORADO CITY, July 25**—Hard rains struck Colorado City at 1:30 P. M. Monday, filling streets to overflowing and depositing 1.20 inches of rain in a two-hour period.

Rain quenched last flames rising from ruins of the Colorado City Frontier Round-Up association's \$10,000 rodeo barn. The fire began at 4 a. m. Monday and was discovered after it was well under way. A Palomino belonging to Tom Morrison Jr. was burned to death and adjoining pens suffered damage.

The shower also broke up plans for Colorado City's Jaycee-sponsored clean-up campaign. Scheduled to begin at 1 p. m. the down-pour postponed plans until today.

Residents and business men have been urged to clean up rubbish, trash and weeds around their homes and places of business. The pick up of this accumulation was to begin at 1 p. m. today, using 20 trucks, three pick-ups, and a wrecker. Fifty men will follow the trucks to pick up refuse and trash and will spray garbage cans with DDT. The city fogging machine will follow their path to spray alleys and trash piles.

The committee in charge of the operation is headed by Ken Jennings, with Walter Grubbs in charge of publicity. The truck foreman will be Noble Walker, the labor foreman will be Jasper Wood, the contact chairman, Charles Godwin, merchant contact, H. B. Baker, spray foreman, Creighton White, and traffic chairman will be H. S. Weaver.

The committee will be assisted by Jack Tallent, City Manager, George Wythe, Director of Public Works, and Charles Nuckolls, Jaycee Vice President.

Colorado City and Texas Electric have both been dipping into the new lake southwest of the city, but recent light rains have held the lake level about even. Monday the lake was 8.68 feet short of the spillway, which is about the same level reported for the past few weeks.

**COLORADO CITY, July 25**—First issue of the Colorado City Record, as a semi-weekly publication, rolled off the press Monday.

The Record was sold recently by Walter Whipkey, son of one of the founders, to Byron Geller of Detroit, Mich. Geller is due soon to assume management. Meanwhile, a brother, Milton Geller, is working with veteran personnel in converting from a weekly to semi-weekly. Ultimately, the goal is to "go daily."

## Maritime Industry Agrees To Security System To Bar Communists From Ships

**WASHINGTON, July 25**—Management and unions of the maritime industry have agreed on a security system for barring Communists and subversives from American ships.

A voluntary pact under which the Coast Guard will do the actual policing was worked out yesterday by representatives of ship operators and workers meeting here with federal officials.

In a statement issued after the meeting, they pledged that "no ship will be delayed" because crew members are found to be bad security risks.

Secretary of Labor Tobin said the meeting was called because voluntary agreement between management and labor was the only way disloyal crewmen could be taken off American ships. He said the Coast Guard, the FBI and naval intelligence already are taking steps to spot Communist and subversive seamen.

Tobin said some Communist and subversives have sailed on American ships but he is confident that only loyal Americans will be found in the crews in a short time.

"The hope is that every seaman aboard will be a loyal American

and not loyal to any foreign power regardless of his union," Tobin said.

Capt. H. T. Jewell, Coast Guard representative at the meeting, said the policing system should be operating within a week.

The unions agreed to furnish a replacement for any man rejected as a security risk. Either the union or the worker will have the right of appeal. The agreement provided that nobody is to be listed as a bad security risk because of union activities.

A review board is to be set up in each principal port, with a

member representing employers, one the union and one the Coast Guard. Over these will be a national appeals board in Washington.

# First Baptist WMU Has Business Meeting And Devotional On Monday

The WMU of the First Baptist met Monday for a regular business meeting and social in the church parlor.

The meeting opened with the group singing the hymn "O Zion Haste" and Mrs. R. C. Hatch offered the opening prayer. For the devotional Mrs. Roy Odum read Psalm 107 and prayers were offered by Mrs. W. C. Blankenship and Mrs. Della K. Agnell.

Mrs. W. B. Younger, president, presided at business meeting. Reports were heard from Mrs. Roy Odum, chairman of Community Missions and Mrs. M. A. J. Haynes, assistant Sunbeam leader. A resolution in letter form, written by Mrs. K. S. Beckett to Dr. Bill Marshall, president of Wayland Baptist College, was approved and accepted as voicing the conviction of the local WMU against smoking on the Wayland college campus.

Mrs. Younger named a committee to nominate officers for the 1950-51 term of office. Mrs. John A. Coffey will serve as chairman and others on the committee are Mrs. Theo Andrews and Mrs. W. R. Puckett.

Susan Blankenship, Penny Power, Virginia Carpenter and Mary Hobbs were awarded gift books for having the highest grades in neatness and general excellence during the Baptist encampment.

Mrs. K. S. Beckett spoke on the "Baptist Annuity Plan For Aged Ministers" and an offering was allocated to the ministerial relief fund.

The closing prayer was offered by Mrs. C. T. McDonald.

Attending the meeting were Mrs. D. C. Mauplin, Mrs. K. S. Beckett, Mrs. Inez Lewis, Mrs. C. T. McDonald, Mrs. V. W. Fuglar, Mrs.

# Womack-Harris Vows Are Exchanged Sunday

COLORADO CITY, July 25. (Sp)—Betty Jean Womack, daughter of Mr. and Mrs. Dave M. Womack and Miles Leroy Harris, son of Mr. and Mrs. Glen Harris of Buford Community, were joined in marriage Sunday morning at the First Baptist Church.

The Rev. R. V. Bradford performed the double-ring ceremony, before an altar decorated with white majestical daisies and plumosa. The church was arrayed to carry out a summer garden theme with a cascade of daisies falling from a basket centered in a wrought iron trellis. The bride wore a halter-length dress of powder blue eyelet and embroidered organza. It was fastened with a full skirt, and fitted basque with a pointed waistline. Trimmed with tiny covered buttons.

Grover Harris, uncle of the groom served as best man. Ushers were Lindy Merket and Glen Womack, cousins of the bride. The traditional wedding marches were played by Mrs. Louis Latham, organist. Willa Bradford sang "Because".

The bride's mother wore a suit of summer white with brown accessories and a shoulder corsage of yellow roses. The mother of the groom wore a dress of blue crepe and a corsage of pink roses.

For travel, the bride chose a tan linen with brown accessories and a corsage of gardenias. After a short trip the couple will be at home in Colorado City.

The bride is a graduate of Colorado City High School and a member of the Sigma Gamma Chi social club. The groom served three years with the army in the European theatre during World War II. He is now employed by the Berry Tree Lumber Company.

# Write-In Campaign Poses Problem For Garden City Demos

GARDEN CITY, July 25.—What to do about the write-in campaign for justice of peace poses a problem for the county Democratic committee.

The 29 voters who took the trouble to write in a name for the position spread their choices pretty thin. W. J. Gibson had a commanding lead, but he only had 38 votes. This was considerably short of a majority of the write-in votes.

Vernon Gill got five votes, but the fact that he is postmaster pretty well eliminates him as a possibility. Also holding a public position is Mack O'Bannon, county trapper. Joe Cunningham, whose name was written in a single time like O'Bannon, is not of age.

W. J. Williams, Hugh Couch and Ronald McDaniel, each had their names written in twice. Those receiving one write-in were Sam Wood, Chris Schafer, W. A. Bigby, D. W. Parker, Bob Ballinger, L. L. Koenig, Mrs. Leonard Koenig, Jay Wilkerson, Robert Lawson, John H. Cox, Sam F. Cox, Sandy Little, Mrs. Claude Cole, and Cecil Bell.

For county judge, John L. Parker received a write in vote. Claude Cole got five votes for commissioner of precinct No. 3 where he has been serving. He withdrew his candidacy for re-election prior to the primary. E. L. Powell got one write-in vote for commissioner in precinct No. 4.

# Garden City Club Has Bridge Session

GARDEN CITY, July 25. (Sp)—Mr. and Mrs. J. C. Cunningham took high when the Night Bridge Club met with Mr. and Mrs. I. L. Watkins Friday. Second high went to Mr. and Mrs. David Glass, and low to Mr. and Mrs. D. W. Parker.

Refreshments were served to Mr. and Mrs. Foster of Sterling City, Mr. and Mrs. David Glass, Mr. and Mrs. Clyde Reynolds, Mr. and Mrs. Lester Ratliff, Mr. and Mrs. D. W. Parker, Mr. and Mrs. Max Fitzgibbon, and Mr. and Mrs. I. L. Watkins.

Mr. and Mrs. John Dozier and son of Houston are visiting his parents, Mr. and Mrs. Mac Dozier.

Mr. and Mrs. C. G. Parsons of Water Valley and Mr. and Mrs. W. P. Cole of San Angelo were in Garden City Saturday to cast their votes.

Mrs. J. E. Hardesty is in local hospital.

Mrs. J. E. Hardesty of 307 W. 4th underwent an emergency appendectomy at 1:00 a.m. Sunday at the Big Spring Hospital. Her condition is reported to be improved.

Mrs. Hardesty's brother-in-law and sister, Mr. and Mrs. A. B. Self and Mrs. S. B. Looper, all of Cleburne arrived here Sunday to be with Mrs. Hardesty.

Mrs. Forrest Gambill and son and daughter of Marshall have been visiting her parents, Dr. and Mrs. P. D. O'Brien.

# Expect 500 At C-C Barbecue Here Thursday

Preparations are being completed to feed 500 persons at the chamber of commerce membership barbecue to be held in city park Thursday night, Douglas Orme, culinary chairman for the function, reported this morning.

Orders have been placed for 175 pounds of boneless beef, 50 pounds of beans, and onions, pickles, and salads to be served at the barbecue. Orme said. Twenty-five gallons of root beer and a similar quantity of coffee are also being provided.

Meanwhile, ticket sales are being pushed among members and guests who plan to attend the membership gathering. Truman Jones, ticket chairman, reported distribution of approximately 350 tickets. Members of the chamber membership committee are handling ticket sales.

The barbecue, strictly a social function, is slated for 7 p.m. at the city park. There will be no speeches, no introductions, Orme said.

Immediately following the barbecue a chamber-sponsored amateur contest is set for the city park amphitheater. Approximately 35 numbers, featuring amateur artists from Big Spring, Snyder, Colorado City, and Midland, are scheduled. It starts at 8:30.

# Local Man Hurt In Oil Field Mishap

H. C. Hartzell, 35, of Big Spring, is under treatment in a Snyder hospital for serious injuries sustained Saturday.

Working with other men with the Fersan Oil Well Service in the North Snyder field, Hartzell was struck in the back by a highline pole being swung around by a winch.

Two vertebrae were fractured, and he was partially paralyzed from the waist up. A Dallas specialist was called in by the Snyder hospital for special diagnosis.

Mrs. Hartzell is at his bedside. Yesterday he was rational and appeared to be resting better.

Army Commissions Frozen In Move To Retain Reservists

By The Associated Press WASHINGTON, July 25 — The Army has frozen reserve commissions expiring or about to expire, a spokesman said today.

The Army said it has been unable to freeze commissions of its reserve officers. The explanation, a spokesman said, is that the Air Force commissions were issued under a later law than that used by the Army.

and Marine Corps contemplate no such move at the moment. The Army, now calling up smaller-than-divisional units, says that some volunteer reserve officers expert in radar and communications are being called up as individuals and units.

## Taejon Area Cleared Of All Civilians

**POST IN KOREA, July 25 (AP)** — All Korean civilians have been ordered out of the fighting zone south-east of Taejon.

The order was aimed at stopping infiltration behind American lines by Communist soldiers and saboteurs dressed as civilians.

Commanders have directed Korean police to steer all Koreans from villages that may become involved in the fighting and to send them to points far behind American installations.

In an area once cleared of civilians, anyone in civilian clothing may be shot.

The order to clear villages likely to fall in the battlezone was given Sunday.

It followed almost two weeks of harassment by snipers, saboteurs and spies, who filtered through combat lines disguised as civilians.

All Koreans, North and South, look alike to the Americans. Soldiers sometimes put shot at suspicious white clad figures.

The situation grew worse when South Korean troops were moved to other sectors and the Americans were left alone to fight the border of Reds swarming toward them.

South Korean police, almost as badly disorganized as the South Korean army after the surprise invasion by the Reds, proved unable to cope with the situation. They tried to screen refugees but failed.

## REACTION TO LEOPOLD

### Brussels Railway Line Is Dynamited

**BRUSSELS, July 25 (AP)** — The main railway line between Namur and Brussels was dynamited in two places today.

The explosions occurred near the towns of Genval and Lesse in French-speaking Walloon—the section of Belgium where opposition to the return of King Leopold III to the throne has been strongest.

Telephone lines in the district also were cut during the night.

Since Leopold came back last Saturday there have been a series of minor bombings.

Today's dynamiting, which put the rail line out of commission for several hours, happened shortly before parliament was to convene to hear a message from the monarch.

Instead of following the customary procedure of delivering the message personally from the throne, Leopold last Saturday gave it to the presidents of the chamber of deputies and the senate.

Made public then, it pledged the monarch to forget past disagreements and maintain close relations with the legislatures.

Leaders of the Anti-Leopold forces meanwhile went ahead with plans for "total non-co-operation and active resistance" toward the king and his adherents. A nine-man national action committee of Socialist, Trade Union and co-operative leaders announced they were setting in motion measures prepar-

## No Security Check On News On Korea Front

**TOKYO, July 25 (AP)** — Correspondents covering the Korean war no longer have to submit their copy for a security check by the U. S. 8th Army's public information office, an 8th Army memorandum said today.

Newsman, may, however, have their stories checked by the PIO if they want to protect themselves against unintentional security violations.

News dispatches from the field must be submitted to the 8th Army PIO to be transmitted over the signal corps teletype at Tokyo, the memorandum said. But the stories would not be checked for security unless the correspondent specifically asked for it.

The 8th Army also said it would check copy that correspondents in Korea telephone to Tokyo—if newsman so desire.

Telephone connections with Tokyo were promised daily between 2 a. m. and 4 a. m. (11 a. m. to 1 p. m. EST) of the preceding day unless there is an emergency. Telephone time would be divided among the many correspondents.

## Cook Named To Fill Martin Post As County Treasurer

**STANTON, July 25**—John Paul Cook, who was elected treasurer of Martin county Saturday from a field of six write-in candidates, was appointed to fill out the remainder of the current term left vacant by the death of Garland Brewer.

Martin county commissioners were unanimous in their choice of Cook to fill the vacancy. Probably influencing their selection was the commanding lead the new treasurer built up in Saturday's Democratic primary.

Cook captured 684 ballots, compared to an aggregate of 436 for his five opponents, complete but unofficial returns released by County Democratic Chairman Morgan Hall showed this morning.

Completion of returns apparently left Martin voters without a runoff for any county office. Kyle Shoemaker was re-elected sheriff, receiving 833 votes to Lynn White's 417.

Edd Bloomer won his sixth term as commissioner of precinct No. 2 gathered by both opponents. Raymond C. Linder received 87 and W. D. Bryant 98.

I. E. Welch won the commission-ership of precinct No. 3, upsetting Otto Bearden 119-54. Joe Froman,

precinct No. 1, and Oliver Vaughn, precinct No. 2, were unopposed. Froman received 203 votes and Vaughn 454.

Judge James McMorris, also unopposed, was returned to office with a vote total of 1,237. Tom Adams was re-elected county attorney without opposition, receiving 1,262 votes. In the race for district judge, Clyde E. Thomas led Charlie Sullivan 646 to 502.

Morgan Hall was named county chairman with 1,273 votes. Mrs. Noybe Hamilton was returned to the county clerk's office with 1,296 votes.

Others in the write-in race for county treasurer and the number of votes each received were Cleo Bland, 41; R. S. Higgins, 113; Mrs. Opal Kauling, 97; Mrs. R. F. Ross, 74; and Mrs. Minnie Williams, 191.

**Girl Hurt In Wreck To Dallas Treatment**

**DALLAS, July 25 (AP)**—Virginia Lanford, 18, injured in an auto accident near Borger Sunday in which one person was killed and four others hurt, was flown here last night for treatment.

Mrs. Lanford was brought to Baylor Hospital in a private plane. She was reported in critical condition.

# Farmer Is Named Meet's Chairman

## 19th Annual Invitational Scheduled To Be Held At Country Club Sept. 1-4

J. R. Farmer has been named general chairman of the 19th annual Big Spring Invitational golf tournament, which will take place at the country club Sept. 1-4.

# Great Citation May Be Through Due To Injury

CHICAGO, July 25. (AP)—Citation, world's leading money winner, definitely is out of Saturday's \$75,000 Arlington Handicap and he may be all through with racing.

Trainer Jimmy Jones said Monday that Citation, who has earned \$938,630 in his career, pulled up lame after a workout at Arlington Park after the fifth race last Saturday.

He's definitely out of Saturday's Handicap, said Jones. "We're going to watch him for a few days and maybe put a saddle on and ride him later. We'll try to bring him back, but it's certain that we won't race him unless he returns to his true condition."

"I can't say for sure that he's all through," Jones added. "But it looks like it. He's a little better now than after Saturday's workout. I would certainly like to hit the million-dollar mark with him, but I wouldn't want to break him down trying."

The Calumet standard bearer won 29 out of 38 races and finished second nine times in his brilliant career. He has never finished worse than second. In 1948 as a three-year-old he won 19 of 20 starts, winning \$109,470 a record for one year.

However, even with Citation out and the No. 1 handicap performer of his race, Mrs. Charles Howard's Noor, remaining aloof, Arlington's patrons are assured of a worthy race Saturday when the meeting comes to a close.

Jones said that Calumet Farm will be represented by Ponder, winner of last year's Kentucky Derby. This colt has been allotted top weight of 128 pounds.

Four challengers from the east are expected to be among the handicappers. They are Cochise and Greek Song, the Brandywine pair; Loser Weeper and Three Rings. The latter was a loser Saturday in the Monmouth Handicap.

Other horses which might show up to guarantee a spirited race are Volcanic, Oil Capital and King Ranch's Curandero.

# Selbo's Homer Saves Lamesa

LAMESA, July 25.—Glen Selbo's home run with two aboard in the 11th inning gave the Lamesa Lobos a thrilling 5-3 victory over the Berger Caspers here Monday night.

The Caspers had appeared on their way to victory at the turn of the inning, having scored a tally when Ed Carnett crashed out a four-master with the hassocks deserted.

Selbo's round tripper, his 12th of the campaign, came with one out and with Eddie Beeler and Bo Dempsey on base. Both runners had walked.

Borger scored in the first frame and again in the fourth. The Lobos registered markers in the second and again in the fourth.

Ed Arthur went all the way on the mound for the winners to collect his tenth win of the season. The two teams play a double bill starting at 7:30 o'clock this evening.

Graves Batters Dallas Feather  
By The Associated Press  
AUSTIN, Minn., July 25.

Jackie Graves of Austin was credited with a first-round knockout Monday night over Jackie Blair of Dallas.

Blair was not actually knocked out. After two minutes and 40 seconds of the first round, Graves landed a blow to the Texan's head. Blair went down on one knee, and the judges ruled he didn't get up until just after the 10-count. Blair protested he didn't hear referee Johnny De Otis, Minneapolis, call "10."

Graves weighed 129 3-4, and Blair 127 1-2.

Weimar Is Champ  
BRENNHAM, July 25. (AP)—Weimar thumped Shell Oilier of Houston, 9-6, last night to win the north zone championship of the Texas Semi-Pro Baseball Tournament.

HIGH BRIDGE—Gerry Coleman, New York Yankees' second baseman, steps high as he whips the ball to first to complete a twin killing in the first inning of the Detroit-New York game at Yankee Stadium in New York. Shortstop Johnny Ligon slides into second in vain. Tigers' George Kell, who started the action with a grounder to Yanks' Phil Rizzuto, was out at first to complete the double play. (AP Wirephoto).

# LOOKING 'EM OVER

With Tommy Hart

Fastest pitcher in the Longhorn league isn't Ray Knoblauch of Odessa. Lee Zamora of Sweetwater or Dean Franks of Rowell but Our Town's Carlos (Potato) Pascual, who isn't a hurler at all but a third sacker.

Pascual simply throws the ball past the batter when he pitches. Too, he boasts a curve ball that is hard to follow. His team mates say Spud he could win 25 games easily in this league if he'd concentrate on that phase of the game but none wants him to. He's too valuable at the far corner.

BURRIS TO WRITE BOOK ON SOFTBALL  
H. C. (Harry) Burris, Big Spring high school's stellar footballer of the '30's, who went on to make a great name for himself in collegiate and pro football, writes this department that he is to write a book on softball for the A. B. Barnes publications.

The volume will be known as the Champion Series. Burris indicates he'll dedicate the book to Ben Daniel, the famed coach of the Big Spring Devil teams, active when Burris first took up sports here. The late Daniel was an amazing character, an individual who donated his services to the school and the community. He gained his rewards in watching his boys make good in an athletic way against senior competition.

After leaving here, Burris spent four years at Hardin-Simmons, then four years in the Air Corps Training command. After leaving the service in 1946, he played three years of pro ball in New York and attended Columbia university where he attained his master's degree and did most of the work toward his doctorate.

For the past year, he has served at Washington university (St. Louis) as an assistant football coach and assistant professor.

JOHN FORD IS OFFERED AS ALL-AMERICAN  
Hardin-Simmons, by the way, is projecting John (Model T) Ford as a candidate for All-America honors this fall.

For three 26 touchdown passes last year. He completed 98 aerials in 168 flips for 1,691 yards.

Billy Van Pelt, the ex-Big Spring high school lineman, reported here last week as headed for Austin college, may wind up at TCU instead. Dutch Meyer, the Purple's head mentor, reportedly is interested in him.

DID \$100,000 GO DOWN DRAIN FOR PETTIT?  
Hugh Luby, recently let out as manager of the New Orleans baseball mercenaries, suggests the Pittsburgh Pirates may have bought a lemon when they laid \$100,000 on the line to sign Paul Pettit, the California pitching phenom.

Pettit developed a sore arm in his first season in pro ball and has been of little use to the Pelicans.

Luby tells intimates he thinks the Pirates realize they bought up Pettit too fast. Next spring, Pittsburgh has to call him up by baseball law. If he can't win in the Southern Association, what chance does he have in the big leagues?

Pettit's troubles are many. He's wild. He had a stiff shoulder before he ever reported to New Orleans. Later he pulled a muscle in the elbow while trying to break off a curve ball.

# Roughies Close In On Cats

By HAROLD V. RATLIFF  
Associated Press Sports Editor  
Fort Worth's immediate concern in a hectic Texas League race is a bunch of Roughnecks. Not the brawling, slugging kind but Beaumont's ambitious, driving Roughnecks who have begun to breathe on the Cats' furry necks.

The Cats are losing and Beaumont isn't—and the denouement is going to be a new leader unless the situation changes radically.

Last night Beaumont won its thirteenth game in the last fourteen starts to move within four and one-half of the league-leading Cats who took another drubbing. It's the closest any club has been to Fort Worth in quite a spell.

Beaumont trimmed Tulsa 3-1 to sweep the four-game series with Art Deidura spacing nine Oiler hits just right. The Roughs got two runs in the second inning to sew up the decision early.

Third-place San Antonio batted down Fort Worth again with a 5-3 decision with Angelo Nardella limiting the Cats to four hits. Clarence Podbielan hurled seventh-inning ball for Fort Worth but was the victim of two unearned runs.

Oklahoma City took over undisputed fourth by trimming Shreveport 4-3 while Dallas fell into fifth by splitting a double-header with Houston.

Fred Marsh's two-run double in the ninth gave Oklahoma City its victory and a sweep of the three-game series. Wildness of Andy Bush and Leroy Jones loaded the bases and set up the game-winning two-bagger.

Dallas and Houston wound up a series in which they played 47 innings to get in three games. Houston went 10 innings to win the first game 4-3 as Joe Presko fashioned a five-hitter. Dallas took the night cap 3-1 with Walt Lanfranconi giving up only seven hits and having a shut-out going into the ninth.

Tonight the clubs change stands with San Antonio at Dallas, Houston at Fort Worth, Beaumont at Oklahoma City and Shreveport at Tulsa.

# Grid Bleachers Being Added

GARDEN CITY, July 25 (Sp)—Bleachers are being erected at the new high school football field here. J. E. Jones, superintendent of schools, has announced.

A bleacher will be located on each side of the playing field, with a capacity of about 300.

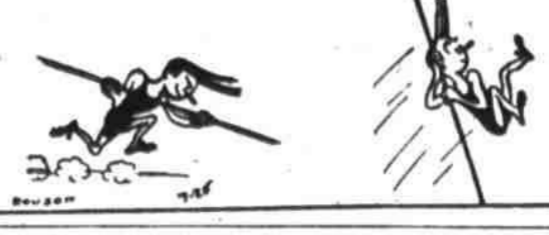

Several people made donations of materials and labor for construction of the bleachers, Jones said. Contributors include C. R. Smith of Odessa, R. H. Foard, A. W. White, W. R. Hobbs, J. C. Pye, Bill Scott, Arch Roberts, Slim La Course, Bill Hughes, Cecil Bell, J. J. Overton and G. T. Baker.

# Jap Artist Gets Death In Poison Deaths Of Twelve

TOKYO, July 25. (AP)—A mild-mannered Japanese artist was sentenced to death yesterday for the poisoning of 12 persons in a \$456 bank robbery.

The painter, Sadamichi Hirazawa, muttered "frame-up." His attorney filed an appeal.

# RUSSELL BLANKS BRONCS

# Vernon Dusters Can Gain Third With Win Tonight

VERNON, July 25.—Third place in Longhorn league standings will be at stake tonight when the Big Spring Broncs take the field against the Vernon Dusters.

The Dusters rolled to a 4-0 victory over the Steeds here last night behind the five-hit hurling of Cotton Russell, a thorn in the Big Springers' side all season. The Cayuses never got a man past third base.

The win was Russell's 17th of the season, best record in the league.

Lou Ehlinger, Homer Matney and Jimmy King were the offense standouts for Vernon. Ehlinger bashed a double, only extra base hit of the evening. Matney collected two one-basers while King drove home two of the Duster tallies.

The Dusters went ahead in the second frame when Matney crossed the dish, then picked up three more tallies in the third.

Bill Windham, Bill Peeler and Arnold Davis all tallied in that round.

Luis Gonales pitched creditably for Big Spring, giving up only seven blows but his task was hopeless because his mates could not touch Russell.

The game, despite a third inning rhabarb that delayed proceedings, was ripped off in an hour and 29 minutes.

# Taxes, Controls Needed For Inflationary Defense Request

By J. A. LIVINGSTON

WASHINGTON, July 25.—President Truman's ten-billion-dollar-and-up defense program is inflationary. Only the most stringent credit controls and taxes can prevent a rapid rise in the price level and the cost of living. The increased war demand comes when the economy doesn't have much "give" elasticity.

What a contrast with June 1949 when France fell! Then we were slowly emerging from a mild depression. We talked about economic stagnation and maturity. We had spare manpower, materials, and machines. Unemployment was still a curse. But today, the nation's industrial machine is working 12 per cent harder than last year, harder than at any time since the war (see chart). So there's no obvious slack.

None the less, a country as great as ours has hidden reserves, out of which to eke increased pro-

duction. We could:

1. Put in a longer work week. Today factory employees are working 40 hours. During the war, they worked 46 hours.
2. Cut down unemployment. Industry can absorb nearly all the 3,400,000 persons laid out of jobs. During the war, industry used all but 500,000 workers. Actually, unemployment got down as low as 440,000.
3. Employ more women in industry. As jobs become easier to get, factory pay goes up when employers bid for workers. A greater proportion of women will be drawn into the labor force. Today 29 per cent of U. S. workers are women; during the war, the proportion got above 35 per cent.
4. Utilize idle or under-used plant. The Army, Navy, Air Force and Munitions Board have some standby plants which can be operated. Likewise some private companies have excess plant. Likewise, there are some machine tools stored away.

But the immediate bottleneck is materials, notably steel. Consumption today is running just about at capacity. And though steel companies have expansion programs under way, the increase will be insufficient to meet potential needs. Tight supplies of copper, aluminum, lumber will also constrict overall production.

War requirements will subtract from civilian supplies, while, at the same time, civilians—workers with pay checks—will have as much money as before, with which to buy goods. That's inflation. The money supply gets too big for the goods supply. We're once again in a scarcity economy.

President Truman must now hold two lines: The battle line in Korea and the price line in the United States. His program, to that purpose, divides into two parts.

1. Implementation of war production. The President has asked

Congress for authority to institute priorities, allocate materials, place ceilings on production of goods which consume critical materials, and regulate excessive inventories. This function may be lodged initially with the Department of Commerce, but ultimately, as the war effort expands, a special agency may be set up, staffed by men directly from industry who speak one another's language and know the problems of production and supply.

The President has also asked for loans to business firms engaged in war work. Since most companies are well heeled with cash, in contrast to 1939-43, such loans won't amount to much.

2. Guarding against inflation. Already the President has ordered the Federal Housing Administration and the Veterans' Administration to be less liberal in guaranteeing housing loans. At the same time, public housing programs are to be curtailed. And the President has asked Congress to re-institute consumer credit regulations—Regulation W.

These measures focus on curbing credit, which creates purchasing power and pumps up the demand for goods. They make it more difficult for people to buy homes, automobiles, television sets and so on, hence indirectly curb consumption of steel, copper, lumber and other commodities in short supply.

Most important, the Treasury Department is at work on a tax bill, to raise money to pay for the increased defense expenditures, but also to prevent an undue expansion of bank deposits arising from increased government spending. Higher taxes will be directed primarily at corporations, so as to limit their profits. This is a way of keeping prices down. Corporations—business men—will reason: Why boost prices and incur public ill will when the profit will be siphoned off by higher taxes anyway?

In addition, an increase in personal income taxes seems reasonable—to restrict consumer buying in a tight market. Coincidentally, Secretary of the Treasury Snyder will begin beating the drums for increased sales of war bonds, which also will drain off excess consumer buying power.

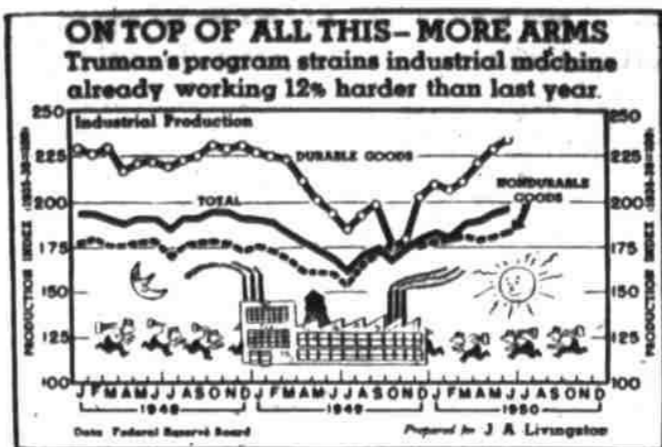

As part of the program, Truman has ordered all federal agencies to cut out any spending not urgent, so as to reduce competition for manpower and materials. But, if prices rise despite all these measures, Truman reserves the right to ask for authority to institute price control and rationing.

For the United States, this is either the beginning or the beginning of the end of World War III. Truman has demonstrated to the Kremlin that he is the commander-in-chief of a fighting, not a glasscase, army. He has risked it in battle. More, he has now declared that the country will risk the dislocations and shortages—the hardship—of a major war effort. It's up to Stalin to decide what's next.

The drain on the U. S. economy is not fully disclosed by the dollar totals. The \$10,000,000,000 request is only a start. What's more, most of it—say 60 per cent at a minimum—will go directly for planes, tanks, ships, guns, ammunition, trucks, the kind of stuff that takes steel, copper, rubber and other materials. Our present expenditures for weapons, out of a defense program of \$15,000,000,000, amount to only about five or six billions. So the minimum impact of war demand on the durable-goods industries is 100 per cent.

That explains the rush to buy tires, the jump in premiums on passenger cars, the upsurge in demand for farm equipment. But it doesn't explain the rush of housewives for sugar, canned goods, nylon, etc.

Women who are panicky should mark this: When the last war broke out, millions of Americans were unemployed. The economy was geared to the low buying power of the period. Then when people were reemployed and buying power shot up, the increased demand for sugar, meat, butter, etc., was above the capacity of

manufacturers and farmers. Storekeepers didn't have the necessary stocks. Farmers weren't ready to take care of the increased effective demand. Factories couldn't get materials.

In 1950, however, wholesale and retail stocks are up to current consumption. Manufacturing concerns are able to keep pace with civilian requirements for dresses, suits, shoes. Farmers are meeting not only our own needs for food, but also ECA countries. And the present war effort won't boost consumption radically. It won't result in a vast increase in the working population. Hence, the pell-mell rush for food, which will probably spill in kitchen closets or damp cellars, seems a misuse of money, energy, and resources.

### Store Purchases Hiked In June

AUSTIN, July 25 (AP)—Texans bought less from department stores last month than in May but more than in June a year ago.

The University of Texas Bureau of Business Research today reported an 18 per cent May-to-June drop in department store sales. June sales were 6 per cent above those of the comparable month in 1949, however.

Brownsville had a sharp 23 per cent monthly gain. Sherman had a 5 per cent increase. All other stores reported decreases.

The June-to-June comparison ranged from Brownsville's 46 per cent increase to Port Arthur's 18 per cent decrease. Increases also included Odessa, 30 per cent; Arado, 29 per cent; Lubbock, 25 per cent; San Angelo, 20 per cent; and Dallas, 14 per cent.

### Army Will Open Camp Breckinridge As Training Center

WASHINGTON, July 25 (AP)—The Army today announced it will reopen Camp Breckinridge, Ky., as a replacement training center.

It said the camp would start receiving recruits about mid-September and could reach its training capacity of 22,000 men by Oct. 1.

Breckinridge is the second training center to be reopened since the start of the Korean war. Camp Jackson near Columbia, S. C., was reactivated about 10 days ago.

### At Sheppard Air Base

Pfc. James F. Fite of Big Spring recently entered the airplane and engine mechanic's school at Sheppard Air Force Base, Wichita Falls. He will be there for an intensive 28-week technical course. Pfc. Fite is the son of Mr. and Mrs. J. F. Fite of Big Spring.

### CAN'T LOOK INTO THIS

JERSEY CITY, N. J., July 25 (AP)—Rachel Lilly who reads palms and predicts the future by looking into a crystal ball, asked police today to find her stolen car.

She said the auto thief took along her crystal ball.
