MILWAUKEE, Sept. 2. — A national convention of model rail way fans opened tragically today when nine of them were killed and an estimated 50 injured in a head-on crash between two special interurban trains.

The collision, about nine miles from downtown Milwaukee, was between two special two-car excursion trains of the Milwaukee Rapid Transit and Speedrail Co. Delegates to the annual convention of the National Model Railroad Association had leased them for a sightseeing trip.

The forward cars of the two electrified trains were smashed to bits as one telescoped into the other, splitting the sides back like a banana peel. The rear coaches of both trains remained on the tracks.

## Bill To Draft Doctors Awaits HST Signature

WASHINGTON, Sept. 2. — The bill to draft physicians, dentists, and other medical specialists now awaits President Truman's signature. Congress completed action on it Friday.

join them now, they will not be drafted. Members of the reserves, however, can be called to active duty at any time.

The measure requires the medical men to register for the draft if they are under 31 years of age. If drafted, they would be liable for 21 months' service.

If they are in the reserves, or if they volunteer for duty with the armed services, the medical men will be entitled to \$100 a month extra pay—a bonus set up by Congress two years ago to interest them in military service.

## Posse To Ride In Parade Opening Junior Rodeo

Plans are being formulated to place as many horsemen as possible in the parade opening the Junior World's Championship rodeo here next Thursday.

If possible, the entire membership of the Posse will ride in the procession, Dr. Bennett stated. W. R. Newsom and Don Bohannon have been appointed parade captains for the rodeo.

The posse is to ride in three sections, with one group to be attired in the new summer parade toggery, and the other in levis and white, shirts, the posse president said.

Revision of the selective service law, meanwhile, was suggested by Chairman Vinson (D-Ga.) of the House Armed Services Committee. He predicted that in January his committee would consider raising the top draft age from 25 to 35 and, possibly, drafting World War II veterans. None all veterans with 90 days of service are exempt.

## U. S. Commercial Pilots Arrive At Rangoon From China

RANGOON, Burma, Sept. 2. — The American embassy announced today the safe arrival here of two American commercial pilots who had been held prisoner by Chinese Communists for eight and a half months in Kunming.

They are Francis J. McGowan of Roselle, N. J., and Darrell D. Carden of Cleburne, Tex. The embassy said the Chinese Reds were in possession of Kunming airfield when the pilots landed their plane—chartered for evacuation of refugees—early this year.

The embassy statement said the men will leave by plane for Bangkok Tuesday en route to Manila and reunion with their families.

Thursday Vinson had said that married men with children would soon be drafted, if they were within the present draft age of 25. He said Friday, however, that he didn't expect any change in the draft procedures for the present. Only men without dependents are now being called up.

## Germans Demand Full Sovereignty

HAMBURG, Germany, Sept. 2. —A group of former German army leaders last night demanded full sovereignty for Germany as their price for joining the West in military defense against communism. "We are willing to go with the Americans against Bolshevism," said their chairman, ex-Major Helmuth Beck-Brochsmittler. "But we refuse to march with them as vassals. We want to be free men." Five hundred ex-officers in Hitler's army cheered.

## Garden City Pupils To Have New Course

GARDEN CITY, Sept. 2.—A new course, "Everyday Living," is to be offered to pupils in the seventh and eighth grades of the school here.

Idea of the course is to teach young people to get along with others. It will stress elements of a happy and satisfactory home and family life. In a sense, it is an introductory course in homemaking. Informality of the home economics laboratory and the close tie-up between the home and the HE instructor are high points.

Both boys and girls are eligible for the course, said Doris Jean Morehead, the home economics teacher. It is essentially the same type of course offered in many larger schools.

## Jewish New Year Services Are Set For Sept. 11, 12

Rosh Hashanah, the Jewish New Year, will be observed Monday evening Sept. 11 with services at Eberly chapel, according to A. J. Proger, president of the Jewish congregation here.

Services are to begin at 8 p. m. On Tuesday morning, another service will be held at 10 o'clock. Ten days later, Thursday, Sept. 21, the Jewish Day of Atonement (Yom Kippur) begins at sundown and services are planned for that evening, Proger said.

"We expect to hold them in Eberly Chapel where all our services are held," he stated. Morning and afternoon services are planned for Friday, Sept. 22. Times for the Yom Kippur services have not yet been set.

Various members of the congregation will conduct all services. On Sept. 10, Rabbi Julius Kerman of Lubbock, who will be here for the dedication ceremonies at the Veterans Administration hospital, will assist in the dedication of the new Jewish cemetery at Trinity Memorial Park.

"Anyone who is interested in attending either the special Jewish services or the regular Friday night services which start at 8 p. m.

## Pilot Suffers Minor Injuries In Crash Near Here

Cedric Webb, pilot for Farm Air Service, escaped with a minor cut over one eye Saturday morning when his plane crashed and burned on the Y. E. Gray farm, about six miles northwest of Big Spring.

The plane, a Piper Cub, seemed to receive only slight damage when it stalled and "pancaked" to the ground, was destroyed by a gasoline fire resulting from a burst gas tank. Bill Edwards, owner, reported. Webb had jumped out of the plane after it hit and made an unsuccessful attempt to extinguish the blaze with sand. He was brought to a local hospital and released after treatment for the cut.

The mishap occurred about 11:00 a. m. Saturday. Webb had just finished dusting the B. M. Newton farm, a mile to the east. Flying low, his plane was apparently caught in a whirlwind and was unable to maintain flying speed. Edwards said. It settled to earth slowly and wouldn't have been damaged extensively had not the fire broke out.

is cordially invited," Proger said. Assisting Proger in conducting affairs of the congregation are Sam Bloom, treasurer and Mrs. Jim Zack, secretary.

# Inflation Has A Head Start On Truman, Congress, FRB

**J. A. LIVINGSTON**  
 WASHINGTON. — Inflation, like a forest fire fanned by a favoring wind has a head start on President Truman, Congress, and the Federal Reserve Board—so much so that the problem now is not how to put the fire out, but where and how to prepare a line beyond which the onrush of rising wages, prices, and hoarding shall not pass. A casual glance at the news reveals the swift pace since Korea.

1. Consumer credit in July reached an all-time peak of \$20,340,000,000, up \$660,000,000. Installment credit accounted for \$12,600,000,000 of the total, and \$300,000,000 of the increase. People just had to get their autos, refrigerators, washing machines, television sets and so on—items bought on credit—quickly.

2. Industrial orders mounted sharply too, as business men decided they'd better lay in inventories of machine tools. Most spectacular was the upswing in machine tool orders which jumped to a seven-year high (see chart).

3. This new-born rush of activity shows up in the jump in business loans of Federal Reserve reporting member banks—\$153,000,000 in the week ended August 23 to \$143,122,000,000. True, manufacturers, wholesalers and retailers are preparing for fall. Nevertheless, the rapidity of advance suggests some forehanded buying.

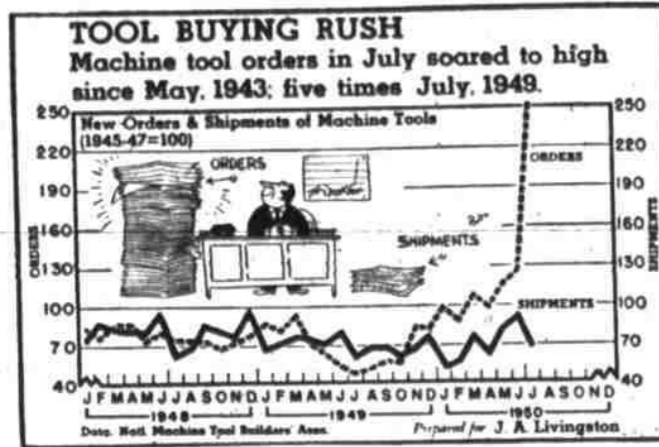

4. Real estate loans rose \$33,000,000 to \$4,910,000,000. Not all of the rise can be attributed to GI home-building loans. There's a suggestion of speculation. Increasingly people talk of "getting into real property."

5. Fears of shortage have pushed up prices of cotton, wheat, soybeans, meat and so on. As a result, farm marketings this year will top \$27,000,000,000 and may compare well with 1949. Yet earlier, the Department of Agriculture anticipated a 10 per cent drop. Each day provides new price boosts. Platinum's up \$13 an ounce to \$90 for small purchases. \$87 in bulk and beer is up \$1 a barrel in Detroit.

6. But one man's price is another fellow's cost. And the cost of living is rising. Packard workers struck for more money. Ford workers want wage boosts to match those of G. M., Chrysler, and Packard, and a fifth postwar round of wage increases is now just about settled. Phillip Murray has announced he expects more in the fall for his United Steelworkers and John L. Lewis, in a tart and gratuitous memorandum to William Green, served notice on the world that he wants his when the United Mine Workers' contract is renegotiable in April. Said Lewis to Green:

"The press chronicles you as plodding around this country seeking someone to whom you can give a no-strike pledge. Restrict your pledges to your own outfit. We do our own no-strike."

This fifth round of price advances is going to push up industrial costs. Business men, in turn, are going to try to raise prices again, if

possible. And if they do that, the cost of living will go up again, labor will demand more, and so on and on.

Fortunately, forest fires have their limits. The inflationary blast, now hitting the nation hardest will subside once the fifth round of wages is out of the way, once the rush to buy by business and consumers eases, as it must. It's then that the fire-fighters can get to their work.

The Federal Reserve has already taken positive action. It has made served notice on banks and would be borrowers that credit isn't going to be plentiful. That has the psychological effect of making banks less willing to extend credit and business men less willing to borrow. After all, if you raise the price of pianos or eggs, it curtails demand. So it is with credit. What's more, the Reserve may jump the red-

## Chamber Yuletide Fund Has \$1,242

The chamber of commerce Christmas Decorations committee was approximately one fourth of the way to its goal of \$4,500 for the purchase of permanent Christmas decorations Saturday.

A total of \$1,242 had been raised by canvassers who covered the city in an attempt to raise funds for purchasing 34 strings of the street decorations. The committee is pushing the drive for a swift conclusion and all Big Spring businessmen, professional workers, and operators of service institutions are to be asked to assist. Individual contributions are also being solicited. Gilbert Gibbs, chairman, announced Saturday.

Decision to purchase the new decorations came last Wednesday when the Retail committee heard a report from its special decorations committee appointed last year to investigate the possibilities of securing permanent decorations. As a result, contacts are being made on a business classification basis.

## Ellis Homes Transferred To ACC, H-SU

The Ellis Homes FPHA project near the Big Spring Municipal Airport has been officially transferred to Abilene Christian College and Hardin-Simmons university, officials of the two schools announced Saturday.

The housing project will be "extensively improved right away," Don H. Morris, president of ACC, said Saturday in Abilene.

One hundred and sixty of the 172 apartments were transferred to ACC Sept. 1 by the Federal government. The other 12 were transferred to HSU.

J. E. Freeman, ACC fiscal agent, has been in Big Spring for the past 10 days making arrangements for the college's operation of the property.

President Morris of ACC said all of the buildings will be repaired and renovated, the grounds cleaned and beautified. Although complete landscaping must await the proper season, the college aims to make the area an attractive asset to the community, he said.

The college trustees expect to decide within the coming week whether natural gas service will be installed immediately, said Morris.

Except for a small parcel, all land where the buildings are located was given to ACC nearly two years ago by J. B. Collins and R. L. Cook and their wives. Hollis Lyson of Roscoe gave Hardin-Simmons a small part of the site. The property will be operated by ACC as a part of its endowment.

Collins and Cook have been loyal friends of ACC for many years, said President Morris. Collins is a former student there. He has been a member of the board of trustees for 20 years and served as its president several years. Both Mr. and Mrs. Collins's children, Mrs. J. C. McWhorter and Mrs. Myron McCracken are graduates of ACC.

The Ellis Homes apartments were built by the government in 1947 to supply housing for civilian workers assigned to the Big Spring Bomber School. Subsequently, the need for housing of military personnel became so great that Army people were given preference of occupancy.

## Beasley Family Has Reunion Gathering

The family of Mrs. Annie Beasley is holding a family reunion here this weekend.

A barbecue Saturday evening and family dinner today were high lights along with the visitation.

Among those attending are Mr. and Mrs. Tom Beasley, and children, Linda Lou and Tommy Lee, of Austin; Mr. and Mrs. Leo C. Haynes and son, Bobby Tom, of Houston; Ann Blankenship, Fort Worth; Ruth Beasley, Big Spring; Mr. and Mrs. W. C. Blankenship and W. C. Blankenship, Jr., Big Spring.

Mr. and Mrs. T. J. Walker returned today from a two weeks stay in Ruidoso. They were accompanied by Rev. and Mrs. M. A. Walker of Amarillo.

## Dial Phones Appear Favored By Citizens

Southwestern Bell Telephone company's proposal for installation of a dial system in Big Spring fell on receptive ears, although some local citizens believe accompanying rate increases may be a bit out of line.

That is the consensus of several persons contacted during an informal survey conducted by members of the Herald editorial staff.

Almost without fail, those interviewed were wholeheartedly in favor of a dial system. At the same time, most of them expressed belief that the telephone company is entitled to a rate increase. The extent of the increase constituted the only major question.

Briefly, the telephone company's proposal follows: If granted rates of \$9 monthly (up from \$15.50) for business telephones; 4.25 (up from \$2.50) for one-party residence telephones, \$3.50 (up from \$2.25) for two party telephones, and \$3 per month for a new four-party telephone, the company will erect a new building and install dial telephone equipment at an estimated cost of \$1,997,500 to go into service 24 months after the new rates become effective.

Some of the opinions expressed during the survey: R. A. Trantham, ambulance dealer, said he would like to see a dial system installed, but would not favor such a large rate of increase. He also feared that many local employees would be thrown out of work. He said he had no complaint against present service.

Mrs. Bernard Lamun, housewife, "Although the present system has always served me satisfactorily and courteously, I shall go along with the majority in their desires. I do believe that the dial system will be an improvement in service to many customers and I think in that case the upward adjustment in rates will prove satisfactory."

Ollie Anderson, barber: "I imagine the telephone company is due a raise in rates, but those figures seem rather high. It seems to me that 25 percent should be enough."

Grace Henry, secretary: "We can't even get one of the old-type telephones. Service is awfully poor now, and I think that the dial system should be installed before the rates are increased—to prove that the increase is justified."

Matt Harrington, insurance agent: "I would want a binding agreement on the dial system before the rate increase. If they are ready for such an agreement, I'm ready to sign for one now."

Mrs. Schley Riley, housewife: "I have never lived in a community that had dial telephones, but when I have used them, I have found them

other prices have been going up and its charges have remained static. I would be in favor of a slight increase in rate, even without the promise of a dial system."

Mrs. Dargell Webb Jr., housewife: "Since I have been assured that installation of a dial system would not mean that operators would be fired, I think the dial system will be an added improvement. It is a progressive movement and should be encouraged."

Thomas H. Bunch, recruiting sergeant: "If it will speed up operations any, I'm all for the proposed dial system. The rate increase seems a little high, however."

## Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unsightly weight and helping to bring back slender curves and graceful slenderness. Just get from your druggist, four ounces of liquid stevioside. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

# Frenzied Rush To Get Autos Now Subsides

By DAVID J. WILKIE  
DETROIT, Sept. 2 (AP)— Things change quickly in the car industry. If you question this, note what has happened in the last two months. The frenzied rush to place new car orders has subsided. Used car prices, near the year's top three weeks ago, have leveled off sharply.

Used car dealers have large stocks on hand and new car dealers no longer insist on a trade-in with each new car purchase.

All this fairly well shows how fast things can happen in the multi-billion dollar automobile business. But it doesn't mean new car sales are falling off. Many thousands of the orders that were placed with the outbreak of the Korean War weren't real. How many of them were only duplications can only be guessed at but they were many.

Orders remaining on the new car dealers' books still call for more vehicles than are immediately available. For most companies that situation will continue through much of the remainder of the year.

Apparently what happened to halt the deluge of new car orders was that many would be buyers concluded a stoppage of car output wasn't likely for some months to come. Probably the realization that there would be many new models despite the war situation also had something to do with easing off.

The first of the industry's 1951 model automobiles began moving from the assembly lines in increasing volume this week. Kaiser Frater stepped up its output of the new units Packard returned to production after a two-week strike shutdown and Nash increased assemblies of its newest offerings.

Hudson is completing its switch over to new models and should have them ready for public introduction early next month.

The new Studebakers will be next among the 1951 models of the so-called "independent" car makers to go into production, although no date yet has been announced. That will leave all the "Big Three" of General Motors, Ford, and Chrysler still to swing into new model production.

# SURVEY STILL ON. 651 Get X-Rays In 2-Day Period

Some 360 persons were given x-rays Saturday as the anti-tuberculosis campaign, sponsored by the Howard County Tuberculosis association, hit its stride.

Total for the two days the x-ray survey has been underway stands at 651. The free x-rays will be given through next week, with the exception of Monday, Labor Day, and every person in Howard county over 15 years of age is urged to go by the mobile unit at the Taylor Appliance company for examination.

Saturday was Latin-American Day of the survey and a good turnout of Latin-American residents was reported. Those who missed taking the x-ray Saturday, however, are urged to report at anytime next week which is convenient.

State Health department technicians are operating the x-ray equipment which has been set up at 212 E. 3rd street. The mass survey is being conducted to locate any "hidden" cases of tuberculosis in the county.

A goal of 100 per cent participation on the part of Howard County has been set, according to Jack Y. Smith, general chairman of the survey being held Sept. 1-2.

Next Saturday has been designated as Colored Day and all Negro citizens are urged to report for x-rays either on that day or at any time convenient. The x-ray occasions no inconvenience and requires only a few minutes.

Members of the various women's clubs in the city are acting as hostesses and registrars each day. The Junior Woman's Forum served Saturday. Members of the Garden club are to be on hand Tuesday to assist.

Highway last week. Fred Wemple, Midland, state highway commission chairman, did the honors and pledged that the south end of this increasingly important road would be improved.

No significant strikes were reported in oil activities during the week but some edge wells were completed. Two more deep wildcats were announced for north-eastern Howard.

Haircuts have been advanced from 75 to 85 cents, according to a coincidental announcement by all union shops. We knew we weren't getting bald headed for nothing.

The free chest x-ray service, under local sponsorship, started Friday at Taylor Appliance company. It continues through Sept. 9. Have yours snapped. Chances are you'll be OK, but if not, you might head off real trouble.

Committees report encouraging initial response on their contacts to secure \$4,000 for a semi-permanent type Christmas street decoration. A sample has been hanging across Main downtown. Come Christmas, the streets will be full of 'em.

Looks like a busy week. The Country Club is in the middle of its 19th annual tourney. The Brents are battling down the homestretch toward a playoff berth. The junior rodeo is Thursday, Friday and Saturday; the Hereford Breeders fair Thursday; the VA hospital dedication on next Sunday.

Another sign of the impending harvest season came in receipt of the first carload of 1950 milt last week. There may be upwards of 450 more before it's over. Cotton producers are getting heads together to settle on pulling prices at \$1.25 in the field and \$1.50 at the gin.

### Court Nominee To Help Try Cases

DALLAS, Sept. 2 (AP)— District Attorney Will Wilson said today he planned to return to Dallas from the Supreme Court bench next year to help dispose of some of his major criminal cases—if he doesn't get them tried before Dec. 31.

Wilson won nomination to the state high court in the second Democratic primary.

## Shows About Texas Now On Gay White Way

By MARK BARRON

NEW YORK, Sept. 2.—It shouldn't even be whispered to your best friend or else the word will get around, but Broadway is overflowing with a couple of shows about Texas.

There are only two shows, but the amount of verbiage on the part of the Texas characters is enough to make a dozen shows. And one of the shows, "Born in Texas," doesn't even dare place the setting in Texas.

Playwright Lynn Riggs makes his principal character a Texan, but brings him over to Oklahoma to make his tall speeches.

The other Texas show now intriguing Broadway is the musical "Texas, L! Darlin'" which has just reopened at the Mark Hellinger Theatre after a summer vacation of five weeks. With Kenny Delmar, Mary Jane Watson and Danny School still playing the leading roles, this musical remains hilarious.

"Born in Texas" is a straight play. It has a principal character who has the ability to talk himself into and out of trouble.

He is known simply as "Texas" because a federal judge and a pair of sheriffs are just about to catch up with him and bring him to justice.

"Texas" is a tough boy, who should get locked up in prison, shot by a sheriff or else strung up. But, fleeing through Oklahoma he encounters Hannie, a young housewife traveling westward in a covered wagon and who discovers that her marriage is a failure.

"Texas" falls in love with Hannie, decides to repent his ways and even offers to surrender to the officers. But, by this time they are so entranced by his Texan ways of big speech that they are willing to forget his past indiscretions if he will only continue westward and stop his fanciful tales.

Hannie proves to be his equal and makes him retreat with her equal vocabulary. She tells him that if they are going to team up, she is going to be boss. And, for once and probably forever, he is silenced completely.

Originally on Broadway under the title of "Roadside," in 1930—it had only a short run. Riggs has done considerable rewriting, but it is still a folk tale and a burlesque. And it is far from the quality of his "Green Grow the Lilies," which later became the successful musical, "Oklahoma."

Anthony Quinn, as Texas, and Marsha Hunt, as Hannie, head a very excellent cast.

### Baylor Goes Through A Speedy Scrimmage

WACO, Sept. 2 (AP)—Baylor ran through a full speed, 30 minute scrimmage today after a morning practice session limbering up.

Hayden Fry of Odessa, Bob Reid, Francis Davidson and Claud Kinnannon alternated as quarterback in Coach George Sauer's T formation.

Sauer said he was very well pleased with the physical condition and hustle displayed by his squad.

"We've got a lot of work to do," he commented, "before we are ready to play that first game."

### Temple Blueprinting Plans For New Bank

TEMPLE, Sept. 2 (AP)—Plans for a new \$1 million 10-story First National Bank Building were announced by the bank's directors here today.

The new structure, replacing the bank's two-story building, will include "drive-in" banking facilities in the basement.

### THANKS VOTERS OF PRECINCT 2

I want to thank each and everyone for their vote and support in nominating me County Commissioner of Prec. 2.

I appreciate your confidence and will try to make everyone a good Co. Commissioner and solicit your continued help in getting the job done right.

## Economy Enters The Picture In America's Trade, Industry

By SAM DAWSON

NEW YORK, Sept. 1.—Business heads into the fall season today with a topheavy load of questions. Traditionally Labor Day marks the start of the fall pickup in trade and industry. But this time the economy is already like an inflated toy balloon. What's going to happen if more air is blown into it?

Industry was already picking up speed under growing inflationary pressure when the Korean war added a great push in retail trade, entirely contrary to the usual summer trend.

Then businessmen and manufacturers rushed to get orders on the books of their suppliers, who were already working at peak or near peak capacity. Three billion dollars were added to manufacturers' backlog of unfilled orders during July, the Commerce Department reports today. The nation's industrial output is at a peacetime high as Labor Day nears.

Will Labor Day see a further increase, as lines which didn't share in war scare buying and their traditional fall spurt in activity to the boom?

Or will businessmen find that the summer rush to buy his taken the steam out of the market, and that sales to an already sated public will level off, or even decline?

Can the worldwide rush to higher prices be halted? Or will everyone's dollar buy less and less? Or will the President be moved to clamp on price and wage controls, as Congress today is giving him the power to do? Many observers think he will wait as long as he can, and that meantime the cost of living will go steadily, if slowly, higher.

Usually farm prices ease off in the fall, as the harvests build up supplies. But farm prices are also traditionally quick to reflect changes in industrial workers' incomes, and a move is shaping up to push wages higher, while defense production apparently will put everyone to work. Thus, there should be more purchasing power available.

## INSECTS WORRY FARMER MORE THAN LABORERS

The first week in September, ordinarily the period when cotton picking begins, finds Howard county farmers this year far more worried over insects than the harvest labor supply.

Indications are that more laborers in this country will be available this year than in 1949. Consequently, no move has been made to seek crews of Mexican Nationals to work in the cotton harvest, and based upon reports Saturday, no plans for such action are in the making.

Last year the Howard County Farm Bureau Federation brought several hundred Mexican Nationals here when labor shortages developed in the face of the largest cotton crop in the history of the county.

Martin County farmers, who also used Mexican National harvest laborers last year, are making new contracts. However, Howard county farmers hope to fill their demands from domestic crews.

"The Texas Employment Commission has advised us that enough picking crews are expected from South Texas early this fall," said Jack Walde, assistant county agent. "Cotton crops in South Texas were considerably lighter than expected, and we hear that crews will finish there early this season."

Meanwhile, bollworms and leaf-worms were still working in cotton fields. Walde said infestations had declined in some parts of the county, but others are still facing serious insect problems.

"I believe the infestation around Vincent is as heavy right now as

It has been any time this season," Walde advised.

Late rains in that section have caused heavy foliage to develop recently.

Cotton in some other parts of the county was suffering because of dry weather by the end of the week. However, little picking was reported in the county.

Walde said he believed it would be three weeks longer, and possibly a month, before harvest operations get into full swing. Most cotton in the county was planted late in the season because of heavy rains last spring.

Yongsan while the infantrymen struck Northwest. This threw the Leathernecks across the same terrain they traveled in helping the U. S. 24th Division eliminate a 12,000 man Red bridgehead two weeks ago.

Hundreds of land and carrier-based planes attacked enemy targets in their consecutive day of massed support today. They bombed, rocketed, and machinegunned Red troops which already have suffered casualties well over 10,000.

This was the situation at what may be the climactic phase of the entire campaign!

1. The Reds attacked today all along the north 55-mile sector of the battle perimeter, gaining at Kijue and Waegwan.
2. Along a 25-mile front west of Yongsan the U. S. Second Division and the Marines were on the attack.
3. The Communists threw fresh reserves and the remnants of two shattered divisions—the Sixth and Seventh—back into an attack today against the U. S. 25th Division holding lines west of Masan at a point 35 miles from Pusan. After losing some ground to this assault, the 25th counterattacked.

### Romine Named As Principal At Abilene H.S.

ABILENE, Sept. 2 (AP)—Charles Romine, former principal at Temple, has been elected principal of Abilene high school. He assumes the post with the school opening Sept. 5.

The 38-year-old Romine succeeds Joe Humphrey, former state representative and president of the Texas State Teachers Association. Humphrey has accepted a fellowship in George Peabody College this fall. Romine has been high school principal at Temple three years. He formerly was at Big Spring.

### Fire On Roof

MIDLAND, Sept. 2 (AP)—A roofing crew's fire pot set fire to the top of the six-story McClintic Building late today. Billowing smoke and flames attracted thousands of spectators, but the building was emptied without a casualty and the fire was localized on the roof.

Holders of delinquent traffic tickets should get them cleared as quickly as possible to avoid being hauled into Corporation court, Chief of Police Pete Green warned Saturday. Warrants are to be secured for the arrest of motorists who have tickets that have not been cleared through city court, the officer said. Overtime parking violations make up the bulk of the outstanding tickets.

**Mrs. H. Martin, Stanton Resident, Dies Saturday**

STANTON, Sept. 2.—Mrs. Elizabeth Martin, 72, wife of Henry Martin, died here Saturday at 3:45 a.m. after a long illness. Mrs. Martin was a native of Mississippi, but she and her husband had lived in Martin county since 1924. She was a long-time member of the Methodist church and had devoted her adult life to

making a good home. Services will be held at 3:30 p.m. Sunday at the First Methodist church here. The Rev. James Harrell, pastor, will officiate, assisted by the Rev. T. R. Hawkins. The remains will be in state at the Arrington Funeral home until time for the last rites. Interment will be in the Evergreen cemetery. Besides her husband, Mrs. Martin leaves five sons, Sam Martin, John Martin, Leonard Martin, Al Martin of Lamesa and one daughter, Mrs. Luis M. Crumpton, Abilene. She also leaves five grandchildren and one great-grandson.

**Glasscock Gets Its First Cotton Of '50**

GARDEN CITY, Sept. 2.—Edwin Junebug first bale of the 1950 season for Glasscock cotton producers has brought a five cents per pound premium. The St. Laurence gin bought the cotton on the market, then paid the premium on the bale which weighed 500 pounds. Several men plan to make up a purse for Junebug, who raised the cotton on a farm he has leased from Jim Ratliff north of here. Max Fitzhugh, county agent, said it would be several weeks before the cotton harvest hits its stride in Glasscock.

**Injured Martin Rancher Improves After Auto Mishap**

Billy Epley, pioneer Martin county rancher, was showing improvement at St. Paul's hospital in Dallas Saturday. His physician, Dr. Jack Wolf, said he was getting along fine and that his injuries were possibly not as serious as at first feared. Mr. Epley was injured Wednesday

when his car, northbound off U. S. 80 at the Lamesa road intersection, was in collision with an eastbound one on U. S. 80. Impact of the collision threw him from the car. He was given treatment at the Martin County Memorial hospital and then was removed Thursday night to Dallas in an Arrington ambulance for treatment by a brain specialist. Mrs. Epley suffered painful though not serious injuries. She had bruises and lacerations.

**CLASSES ON TUESDAY**

**School Enrollment Forecast At 3,250**

Registrations through Friday forecast an enrollment of nearly 3,250 when schools convene here Tuesday.

When teachers registered elementary pupils in advance of the actual opening of school on Friday for the first time, they listed 2,050 youngsters.

This compared with 2,110 at the end of the first week of school last year.

In addition, there were 127 pupils listed at Lakeview school for the Negro children. This compared with 103 at the end of the first week last year.

Of course, there can be no accurate count on high school and eighth grade enrollment until Tuesday. Based on the number enrolled at the close of school last year (less graduates) and the new students enrolling, there will be 746 in high school and 300 in the eighth grade. Some loss is expected in both instances, for while many families have moved here, some

have doubtless moved to other places.

The number of high school students who have moved into Big Spring since the close of school last year is 103. This probably sets a new record.

When school starts Tuesday at 9 a. m., the state compulsory attendance law will be effective, said Supt. W. C. Blankenship. That means that parents are to have all school children (between age of six and 17) in school. Only exception is the possession of a legal excuse or that the scholastic has attained the age of 16 and finished the ninth grade.

Registration figures by schools Friday showed:

COLORADO CITY, Sept. 2 (Sp) —Colorado City High school registered 339 students Friday, and some 25 or 30 more are expected within the next few days, H. M. Morton, principal, announced.

First of the Junior High school students also have registered, and pupils in the elementary grades will be registered Tuesday. Teachers are urging parents to accompany first, second, third and fourth grade pupils who will be registered at the Junior High school.

Classes will not begin at the schools here until Sept. 11, said Supt. Ed E. Williams.

LANSING, Mich., Sept. 2 (Sp) —Mrs. R. E. Olds, 84-year-old widow of the late automotive pioneer, died today, exactly a week after her husband's death.

Death was attributed to complications arising from a broken left hip which she suffered in a fall early this week.

**Cotton Supply Estimate Lower Than 1949-50**

WASHINGTON, Sept. 2 (AP) —The supply of United States cotton for the 1950-51 season was estimated by the Agriculture Department today at about 16,800,000 running bales, 4,750,000 less than in 1949-50.

This supply, the department said, is about 2 million bales more than the total consumption in 1949-50.

The forecast for the 1950 cotton crop is 10,308,000 bales, as compared with a 1949 crop of 16,128,000. This year's crop is expected to gin out at 10,100,000 bales, the department said.

It explained the 1950-51 supply estimate includes an August 1 carry over of 6,500,000 bales.

During the year ended last month, domestic mills used 8,870,000 bales. This was 15 per cent more than the season before but 12 per cent below the peak peace time season of 1946-47.

Cotton exports in the year ended in July totaled 5,905,000 bales, which was 1,158,000 more than in 1948-49. The department said exports have not been this high since 1939-40, when 6,200,000 bales were shipped.

Cotton prices in August were at the second highest level on record for that month, the report said. This was only about 1 1/2 cents a pound below the all-time August high in 1929.

The department declared that a prospective increase in industrial activity and military requirements indicated a higher level of mill consumption in 1950-51 than in the past year.

**120 Reservations Made For Dinner Feting Gen. Gray**

Some 120 reservations have been made for the dinner which will honor Gen. Carl R. Gray Jr., administrator of Veterans Affairs, Washington, D. C., at the Settles hotel next Saturday evening.

The chamber of commerce is sponsoring the dinner as an expression of appreciation to the VA for locating the new Veterans hospital in Big Spring. J. H. Greene, manager, announced. It is to start at 7 p. m. in the Settles ballroom.

Gen. Gray and members of the VA hospital staff are to be guests. Reservations are still being accepted at the chamber. Everyone interested is invited to attend, and to call the chamber management as early as possible. A limit may have to be set as to the number that can be accommodated, Greene said.

**Army Judge Advocate To Aid Reservists With Legal Problems**

AUSTIN, Sept. 3 —Army Reservists called to active duty will have the benefit of the Army's Judge Advocate in clearing personal legal problems, Col. O. B. Abbott, chief of the Texas Military district, has announced.

Local organized reserve corps may secure the assistance of a former member of the Army's legal department in settling their legal affairs, Abbott stated. The service is provided for in the Soldiers and Sailors Relief Act, passed by Congress in 1940.

**WINGS OVER BIG SPRING**

**Traffic At Airport Hits 3-Year Peak**

Traffic at Municipal airport hit a three-year peak during August, Jack Cook, manager, reported Saturday.

The control tower handled more traffic than in any single month since 1947—a total of 3,407 operations. Included were 344 air carrier operations, 638 Air Force itinerant, 509 Navy itinerant, 1,030 civilian itinerant, and 686 civilian local craft.

Farm Air Service planes, operating from Municipal airport, have been in the air daily during the past three weeks dusting crops in Howard and surrounding counties.

The FAS craft have distributed as high as 16,000 pounds of dust in a single day, Bill Edwards, FAS

owner, has kept three Cub dusters operating and has applied approximately 100,000 pounds of insecticide to Howard county cotton alone.

Lambert Ward returned last week from Colorado where he flew in connection with joint ranching operations he, his father and brother conduct here and in the Rocky Mountain state.

While in Denver, Ward had a Narco Omni-radio installed in his Cessna 170, which is based at Munyport.

Mr. and Mrs. D. T. Hayes of Akron, Colo., have been guests of the Lambert Wards for the past few days. Hayes is aircraft communicator for the Civil Aeronautics authority in Akron.

The Ward and Hayes families flew to El Paso and Juarez, Mexico, this weekend in the Big Spring flyer's Cessna 170.

Aircraft sales also jumped during the past month with five planes changing hands.

Bill Edwards sold his Cessna T-50 to Herman Taylor, Paul Cunningham, Snyder, purchased Ben Furk's Cessna 170, and J. D. Church sold his Cessna Airmaster and purchased a Cessna 140.

The Howard County Junior college Flying club bought a Cessna 140 from Lee Christian.

Farm Air Service fulfilled a contract with the city of Stanton last week, dusting the entire town in less than two hours with one plane and a single pilot.

DDT was applied in dust form. C. Randall Webb piloted the Piper Cub used in the operation.

**ABClub Hears Talk By Psychiatrist**

John Freeman, psychiatrist for the Big Spring State hospital, was speaker at the American Business club meeting Friday.

He discussed juvenile delinquency. Approximately 40 ABClubbers were present.

Announcement was made of the club barbeque which is to be held at city park at 7 p. m. Tuesday. AB XYZ club members are to be ABC guests at the affair.

**Scout Honor Court Set For Tuesday**

Regular Court of Honor for the Lone Star district of Boy Scouts is set for 7:30 p. m. Tuesday in the district courtroom. If plans materialize, movies of the national jamboree at Valley Forge, Pa. may be projected, said John L. Dibrell, Jr., advancement chairman.

# Colorado City Wolves Nudged By Wink, 14-7

## Kick-Off Return Sets Stage For Winning Score

By TOMMY HART

WINK, Sept. 2. Colorado City Wolves built up a heavy statistical advantage but dropped a 14-7 decision to Wink in one of the first high school football games of the season here Saturday night. A fancy kick-off returned early in the third quarter actually won the difference Dan Villareal gathered it in and palmed off 40 yards to the Colorado City 33-yard line to set up a tie-breaking touch-down.

From that point Gerald Hall romped a drive that carried to the 4, and then Colorado City

was penalized in its one-yard line. Ken Vinson tossed a flat pass to Paul Jette for the game winner. The Wolves had scored first on a perfectly executed pass play that carried 33 yards early in the second quarter. Nathan Corbell did the heavy lifting. Gene Cheney was the receiver. Corbell split the uprights on the point-after touch-down attempt to send the Colorado City eleven ahead, 7-0.

Wink came right back to dead-lock the count, however. The payoff came on a 31-yard pass from Vinson to Jette. Rusty Wallace then kicked the first of two extra points for Wink.

Both teams generated serious threats in the fourth quarter. Colorado City made a drive to the Wink 20-yard line, but Corbell was thrown back to the 28 when he failed to spot a receiver on a fourth-down pass attempt.

A fumble early in the fourth cost Wink another possible score. Jette was probably the best defensive man in the line-up, but the individual star of the game was Colorado City's Gene Garner. He manned a spot on the forward wall on defense, and performed in the backfield on offense, turning in a superb performance whenever he happened to be.

Ray Ainsley's 19 on a par four hole in the second round of the 1938 U.S. Open golf championship is the highest total ever recorded in Open history.

## Longhorn Marks Keep Falling

It's still a two-way battle for the individual batting championship of the Longhorn league as the season nears the end. Midland's Jim Prince holds a scant four percentage points lead over Manager Tom Jordan of Roswell to lead the loop through games of Wednesday, Aug. 30.

Prince has collected 180 hits in 466 trips for a .387 mark while Jordan has garnered 109 hits in 519 attempts for a .383 mark. Both Prince and Jordan have already broken season records in individual departments. Prince's 59 doubles is a new mark while Jordan surpassed the home run mark last week, running his total to 38, one better than Bob Cowser of Sweetwater hit in 1947.

At Midland of Odessa has bettered his own record in participation in double plays for second basemen. The other skipper has taken part in 133 twin killings, compared to 109 in 1949.

Three hurlers have now joined the select 20-win circle with Frank Hill of Roswell leading with 22 triumphs. Cotton Russell of Vernon has 21 while Ray Knoblauch of Odessa has 20.

Hill also leads in strikeouts with 185, while Lee Zamora of Sweetwater has given up the most walks, 181.

**Cards Drop 49-ers For First Victory**  
CHICAGO, Sept. 2. — There's still life in the Chicago Cardinals, opponents of the National Football League exhibition season.

The Cards, trampled in four straight previous starts, rode on the mercurial arm of Jim Hardy to three "last period touch-downs and a 28-21 win over the San Francisco 49ers here last night.

# Broncs To Host Odessa Oilers In Doublebill

Local baseball fans will have opportunity to witness the national overtime in a double-measure twice over during the Labor Day weekend.

Pat Stacey's Big Spring Broncs, holding for dear life to a place in the first division of the Longhorn league, will play no less than four games in two days. The foe in both doubleheaders will be none other than the league-leading Odessa Oilers, who would like to see the Cayuses derailed and eliminated for playoff consideration.

The pace setting Oilers will appear first at 3 p. m. Sunday starting time set for an afternoon doublebill. The Oilers remain over for another doubleheader Monday night.

The Labor Day double-offering was on the regular schedule, while the extra game carded for Sunday is a make-up for a rain-out in Odessa last Tuesday night.

**MIDLAND, Sept. 2. —** Kenny Jones unloaded a double with the bases loaded in the bottom of the 10th inning here Saturday night to give the Midland Indians a 11-10 victory and an even split in their two-game series with the Big Spring Broncs.

The Broncs, who trailed until the fifth inning, blew a 9-4 lead when the Indians counted three times in the seventh and twice more in the ninth to send the game into extra innings.

The visitors managed a single tally in the top of the 10th, but the Indians loaded the bases on Gil Guerra with only one out in their half of the 10th. Luis Gonzales came on to relieve Guerra, only to have Jones pounce on one of his offerings for the game-winning blow.

Manny Jurco went on a hitting spree for the Broncs, bagging a triple, double and two singles in four trips to drive in five runs. Jones, who got a double and three singles in six trips, also drove in five for the Indians.

The loss cut the Broncs margin over fifth place San Angelo to three games and also dumped the Big Springers out of a tie for third place. San Angelo trimmed Ballinger, 7-6, while Vernon defeated Sweetwater, 3-2 in other Saturday night games.

**Broncs Build Up Booster Figures**  
Despite a rain-out at Odessa, the Big Spring Broncs made substantial additions during the past week to statistics begun kept for the Broncs Boosters organization.

Big 1st increases were noted in the hit and run columns, with 71 and 39, respectively.

# Maxwell Ousts Bill Tatum To Advance In Links Meet

## Two Rounds On Today's Card At C-C Course

Favorite Billy Maxwell survived a torrid opening round match and then ousted Medalist Bill Tatum of Lubbock with apparent ease to advance in the 19th Annual Big Spring Invitational Golf Tournament Saturday afternoon.

The blond links star from North Texas State College and Odessa had his hands full in disposing of Frank Freer of Lamesa 1-up on 21 holes in one of four matches that required extra holes.

Maxwell came back strong in the second round to sideline Tatum, 6 and 5. Tatum, who fired a scorching 68 to gain medalist honors Friday, had eliminated Ramsey of San Angelo in the first heat.

Some other well respected entrants were out of the running by Saturday night, following some of the hottest competition ever witnessed on the Country club course. Bobby Wright sidelined Earl Reynolds, 1-up, after the latter had eliminated J. R. Farmer, 4 and 3 in the first round.

At the same time, Jake Morgan was turning back Ray Marshall of Lubbock, Spud Cason, who eliminated Obie Bristow by 6 and 5 in the first round, came back in the afternoon to sideline E. B. Dozier, 1-up in 19 holes.

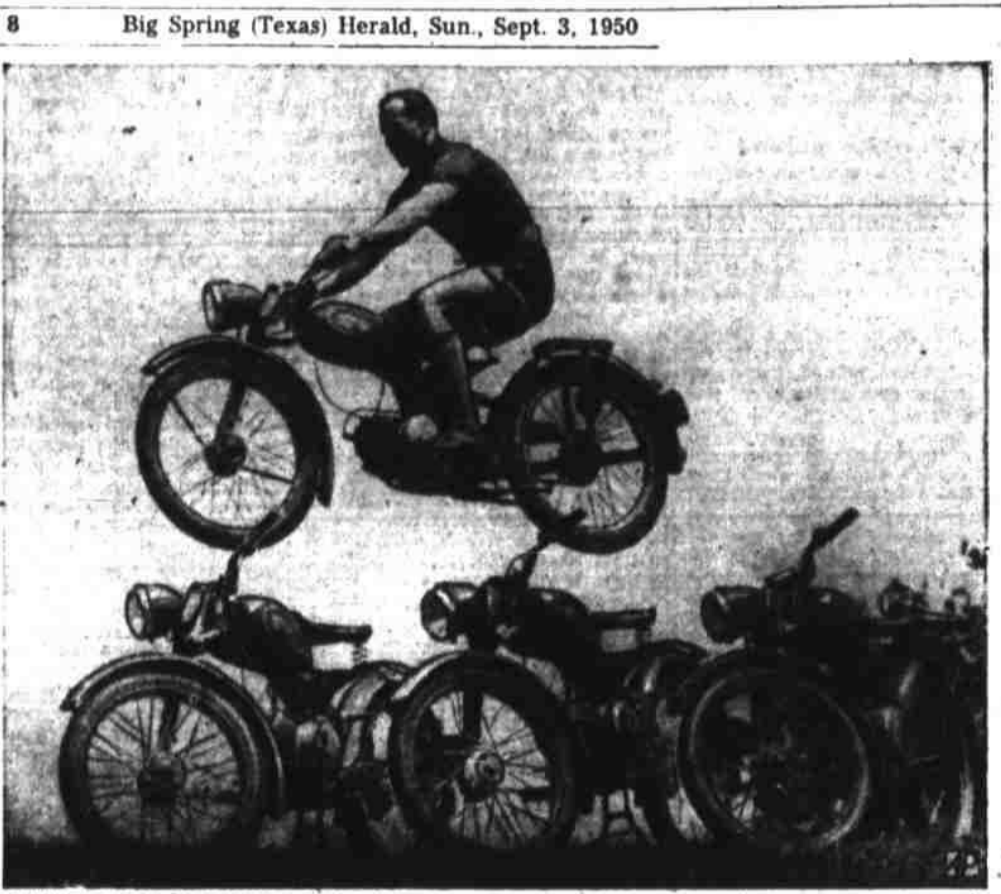

Maxwell, who will tangle with Arlyn Scott of Odessa today, blistered the 6,308-yard course with a three-under-par performance in his morning round, but had to birdie the par three short 21st to defeat Freer.

Maxwell played catch-up in that one after leading, 1-up, through the first nine. Freer captured the 10th and 13th and fought Maxwell stroke for stroke until the 17th, when a birdie enabled Maxwell to pull even.

Freer just missed a birdie on the 20th that would have given him victory, the ball coming to rest on the lip of the cup.

A total of 175 entries registered for the four-day meet, which ends Monday afternoon in 1949 there were 192 in the field.

It required a score of 76 or better to rate the championship flight. A favorite who failed to make it here for the meet was Marion Pfeiffer of Midland, the former University of Texas star, who had qualified with a 72.

## WHITE CONTINGENT WINS CUP MATCHES

Big Spring forces suffered a shut-out in Hall and Bennett trophy matches at the country club Friday afternoon, losing by a score of 6 to 0.

Bill White of Lamesa, captain of the invaders, teamed with Raymond Marshall, Lubbock, to pick up a point at the expense of Jake Morgan, the local captain, and Tommy Hutto.

Bobby Maxwell and Obie Bristow, Big Spring, yielded a point to Billy Maxwell, Odessa, and Frank Freer, Lamesa.

Red Covington, San Angelo, and Roane Pruet, Midland, won two points at the expense of J. R. Farmer and Champ Rainwater, Big Spring.

Bill Tatum, Lubbock, and Bob Wortham, Midland, won by the same margin over Sam Hefner and Earl Reynolds, Big Spring.

Bill (Red) Roden, who was to have played with the Big Spring team, failed to make it here and was replaced by Hutto.

The win was the second straight time a visiting team has clipped a local contingent in the matches. Last year, Van Ligon of Midland led the visiting delegation to a 4-3 win over a local troupe captained by Joe Black.

## McMurry Is Favored Again By Writers

ABILENE, Sept. 2. (AP)—Sports writers and radio announcers have once more placed McMurry College in the favorite's role for the Texas Conference championship.

Seventeen of the 23 writers and radio men participating in a poll picked McMurry to repeat as champions. Austin College gained the runner-up spot, aided by four first place votes.

Texas A&I and Abilene Christian were the only others to receive first place votes — one each.

Texas A&I was picked for third, ACC for fourth, Howard Payne fifth, Northwestern University, sixth.

Of the ten teams on the Clemson football schedule, eight were opponents in 1948.

During the 1949 season, Oklahoma's football team led the nation in rushing, and also had the best defense against opponents' rushing.

**Tuttle Is Winner In Driving Meet**  
Buster Tuttle, Lamesa, won first place in the long driving contest of the 19th annual Big Spring invitational golf tournament here Friday, getting 735 yards in his three drives. His average was 245 yards.

High winds hampered the effectiveness and distance of all the entries.

Bill (Red) Roden, who was to have played with the Big Spring team, failed to make it here and was replaced by Hutto.

The win was the second straight time a visiting team has clipped a local contingent in the matches.

Last year, Van Ligon of Midland led the visiting delegation to a 4-3 win over a local troupe captained by Joe Black.

Bobby Maxwell and Obie Bristow, Big Spring, yielded a point to Billy Maxwell, Odessa, and Frank Freer, Lamesa.

Red Covington, San Angelo, and Roane Pruet, Midland, won two points at the expense of J. R. Farmer and Champ Rainwater, Big Spring.

Bill Tatum, Lubbock, and Bob Wortham, Midland, won by the same margin over Sam Hefner and Earl Reynolds, Big Spring.

TEXAS TORY TALK

Texas Being Led By Men Who Have Lost Moral Fiber Of Their Fathers

By J. EVETTS HALEY

Just 75 years ago Texans were still busy protecting their lives with their own arms by scalping Indians caught off the reservation. Today they are being led by men in Washington who have not only lost the moral fiber of their fathers, but have apparently forgotten the primal law of nature.

That survival is now the ultimate issue no man of common sense can doubt. But anyone whose life is remotely in accord with the honest and rugged laws of Nature—as is that of the average Texan—instantly knows that we cannot continue to exist strong and free under the leadership of men lacking in character and courage, or this matter of leadership in any place in times of stress, short of that imposed by force, is dependent on high moral character. Real courage and character go hand in hand.

Therefore it is no mystery to thoughtful persons as to why we are utterly bankrupt of leadership in Washington. This fact is perfectly obvious even though we have, out of lazy thinking, or for continued special privilege or in keeping with ancient prejudices, supported this political menagerie that now runs wild in search of a solid anubing post in Washington. But unfortunately through years of shoddy thinking and loss living we have let the termites weaken them all at their once solid base, and now there is little left to be had.

The final upshot of all this unprincipled political improvisation in state and world affairs is involvement in war for which we are totally unprepared. Much is being made of the loss of \$50 billion, ground out of the lives and labor of American citizens, ostensibly for world defense. Little is being said of a much greater loss that could conceivably, be downright fatal.

That loss is the verve, the spirit and the high moral purpose of the American people. The first, though costly in years of labor for us all, and in thousands of lives that will needlessly be lost can possibly be recouped. But the loss of high adventure, the strong spirit of national unity that, for free men, rests alone on high an honorable purpose, is gone. Unless it is quickly recovered we are rightfully and irretrievably sunk. For the distinguishing feature of his two-legged creature, relatively peaceful and lovable creatures, is his moral nature. Does anyone in his right mind now being called upon to expiate with blood the sins and shortcomings of our course, honestly think it can be retrieved without leadership of character and courage?

The latest evidence of our complete bankruptcy at Washington—of our total loss in faith in the

dynamic philosophy that made us great—is the shameful abdication of Congress on the matter of controls. That supine body simply checked the responsibility to the President, who, in view of the approaching election, has no appetite for the decision. But its superficiality to support that controls will get us out.

Everyone devoted to the perpetuity of America knows that internal chaos must be averted if we are even to survive at home, to say nothing of maintaining our position as a world power. But to assume that the very men who got us into this mess can, by taking control of the lives and the productive resources of his nation, do a better job of running them than those who zealously built our land and industry, is to engage in a fatal fallacy. "Total mobilization" is not the answer.

On the other hand it is high time this matter should be unmasked and looked squarely in the face. Euphemisms and soft-soap, so long the resort of people pandering to the maudlin side of American nature, have no place in the appraisal of issues that pose the choice between life and death. Stripped of its window-dressing "total mobilization" means regimentation, and regimentation means tyranny.

Those who advocate this course are victims of the bland but completely fallacious assumption that slaves can fight; better war than free men. A lot of people in Washington, backed by the regiment of writers, have been following the lead of an old man in his dotage, vainly laboring under the elusive halo of "unofficial adviser to Presidents," upon the proposition that we should be completely regimented

at once. At least two pointed questions should be raised, loudly enough to reach from the grassy hinterlands of Texas to what we, with our peculiar sense of humor, still call the halls of state in Washington. They can be briefly put. Is regimentation wise? Is it possible?

If the productive experience of free men throughout the world means anything, the answer to the first is no. And speaking strictly in the embattled spirit of Texas, the answer to the second is likewise no. Positively stated it would be a tragic step for Washington to place the heavy shackles of government control, which is simply control by politicians, upon the strong arms of American industry. And in view of the vigorous spirit of freedom that still flourishes in Texas, it would be impossible.

It will be asked if we mean to say that when regimentation is tried, Texas will not wholeheartedly go along? That is exactly what we are trying to say and if this sounds revolutionary, then that too must be considered in Washington, or regimentation, even if it could conceivably be wise, cannot be imposed from above upon the people of Texas without their consent. And the rugged people of America who must pay the price will not consent except in pursuit of some great and noble design. And this, upon which alone our spiritual unity can be rebuilt, is sadly lacking.

Even yet in the face of an impending series of war fronts in the Far East, and danger spots throughout the globe, nobody knows what our ultimate objective is. Still every healthy indi-

vidual senses our peril, and knows that much of it is internal. And yet we are told that the immediate solution of this crisis is to invest the inept leadership, which has so dangerously embroiled us abroad with dictatorial powers over every man's life at home. Anyone so fatuous as to swallow this fallacy is completely forgetful of the innate wisdom, the sacrificial spirit and the stubborn resistance of the genuine American nature. But pointed questions will properly and immediately be asked.

How about these crippling strikes, the profiteering on war, shortages, and inflation? The answers are simple. They are on the books and ample power in executive hands to control the monopolies of labor as well as business to prevent and rectify exorbitant charges for services, to make allocations of scarce materials, and to control the greatest danger of all—wild inflation. The remedies are all there without resort to regimentation. Meanwhile the priceless ingredients missing in public life is the character to use them.

Yet there is an element of hope. This quality still exists in abundant measure among the people who are being called upon to fight the war and pay its costs. If we are to survive, such men must shortly be elevated to positions of leadership. Meanwhile the sands of our life are running out.

Jocelyn Welch and Kay Richbourg honored Frances Walker with a cake party Thursday afternoon on her fifteenth birthday. Those attending were Barbara Lewter, Earlane Wright, Francine Thompson, Frances Walker, and the hosts.

Casualty List Up To Aug. 26 Totals 6,886

WASHINGTON, Sept. 2 (Sp) — Next of kin have been notified of 6,886 U. S. casualties in Korea through Aug. 26, the Defense Department announced Friday.

The figure does not include all casualties suffered up to that date, because of the time lag in receiving reports and notifying relatives. Of the total, 443 were killed in action, 3,889 were wounded and 2,554 were missing in action. Of those killed, 343 were Army men; nine were Navy; 66 were Marine Corps, and 25 were Air Force.

The wounded included 3,746 Army men; 13 Navy; 127 Marine Corps, and nine Air Force. The Army accounted for 2,484 of the missing; the Navy had five; the Marine Corps one, and the Air Force 64.

Colorado Citian Is Called By Navy For Active Service

COLORADO CITY, Sept. 2 (Sp) — R. A. Moore, Jr., 1120 Walnut, Colorado City, received orders Friday to report to Dallas Tuesday for examination and further orders from the Navy. He is a member of the inactive Naval Reserve, and at the time of his discharge following World War II his rating was Mailman, third class. He served 21 months during World War II, and had been in the inactive reserve for three and a half years. Moore, 30, has been employed by the Col-Tex Refinery here for the past three years.

Brewster Doesn't Want Defeated GOPs In Cabinet

BRUNSWICK, Me., Sept. 2 (Sp) — President Truman is thinking of asking one or two Republicans to serve in his cabinet, according to reports heard by Senator Brewster (R-Me). Brewster said last night that the men reported under consideration

"have been defeated for public office and would not have the confidence of the people." Brewster, chairman of the senatorial GOP campaign committee, spoke at a Republican political meeting.

He said that one of the two reported under consideration is John Foster Dulles, Republican adviser to the State Department. Dulles lost a senatorial bid in New York last year after serving the unexpired term of Senator Wagner (D-NY).

German Red Exile Has Key Job In Eastern Reich

BERLIN, Sept. 2 (Sp) — Another Moscow-trained German Communist exile occupied a key job in East Germany today.

Karl Maron was promoted Friday to chief of the People's Police, a command that includes 50,000 soldier-trained police troops and 100,000 regular police. He replaced the late Dr. Kurt Fischer.

**SHOPPING**—Blonde Sandra Lane (above), daughter of Mr. and Mrs. R. D. Lane, 502 Owens, is a busy shopper, selecting supplies she'll need as a school pupil.

**NEW DRESS**—That's important to a first-year girl. Martha Ann Jones (right) watches with interest as Mother, Mrs. Elgin Jones, 710 Nolan, does some measuring for a new school frock.

**NEW SHOES**—Maybe going barefooted has been fun this past summer, but shoes have to be worn when school starts. Being fitted for a brand new pair which will take him right into the classroom is Robert Lynn Ellis (below). He is the son of Mr. and Mrs. Elmo Ellis.

## First Year In School

WHEN YOU'RE SIX, it's a very important age. And when school opens, and you start to class for the first time, that's a very important day. There's a new teacher to meet, there are new friends to get acquainted with (as classmates through the years to come), and there are many wondrous things to start learning, from books, from pictures, from demonstrations by the instructor, and from self-developed skills. Meet a few Big Springers on this page, who, at the important age of six, are plunging into a new world of schoolrooms as classes start in the city this week.

(All Photos By Culver)

**NEW FRIENDS**—Part of the fun in starting to school is in becoming companions with new classmates. Walking right up to the school door together are (pictured at right) Kenny House, son of Mr. and Mrs. Marvin K. House, Jr., and Joan Jordan, daughter of Mr. and Mrs. Tommy Jordan.

**DOESN'T HURT MUCH**—A part of preparation for school is to be insured against sickness. Below, James Burk, son of Mr. and Mrs. Don G. Burk, 700 West 18th, gets his "shot." It doesn't hurt too much.

## New Classroom Units To Be Ready When School Bells Ring Tuesday

With 16 more elementary classrooms ready for use, Big Spring schools face a new school year Tuesday with brighter prospects. The "housing" problem won't be solved, for indications are that enrollment will show an increase again just as it has for several years. But the presence of 16 new classroom units will mean that 32 of the 43 class sections on half-day sessions last year will be able to go to a regular all-day schedule. To what extent the remaining 11 sections will be increased remains to be seen.

Tuesday's schedule calls for all schools to swing into action at 9 a. m.

In the high school, all pupils will go to their last year's guidance rooms. The eighth grade (those entering the eighth grade this year) will gather in the auditorium.

Elementary pupils will report to the school of the district in which they reside. The only exception is that all pupils who ride the bus will come to Central Ward; South Ward seventh graders will go to Central; and South Ward fifth and sixth graders will go to College Heights.

Friday's registration cleared the way for an early start on regular activities Tuesday. Officials anticipated a minimum of registration on Tuesday and subsequent days. The pre-registration is a new practice employed to permit instruction to proceed with a minimum loss of time and effort on the opening of school.

School space is vastly improved since last year. When school got underway then, the Lakeview school for the Negro children was not complete. Later it boosted the number of classrooms to six, plus a library, auditorium, office and restroom space for these children.

Then another building program brought two more rooms to North Ward, six to Kate Morrison school and eight to College Heights.

Possibly within a year to a year and a half, the new high school, under construction, will be completed, providing a large number of additional classrooms through a shifting process. The present high school will become a junior high to accommodate the seventh, eighth and ninth grades. Pulling of the seventh to this point will free a number of classrooms for use in the lower grades.

Indications are that all places will be filled on the faculty when school starts, said W. C. Blankenship. Some last minute changes could affect this, or an unexpectedly large increase in enrollment. Other schools in the area will be getting under way this week.

Those starting Monday include Knott, Ackerly and Vealmoor Tuesday, the most popular starting day, will see Coahoma, Stanton, Foran, Garden City and Colorado City swing into action. Snyder, due to construction delays, will not open until Sept. 18.

## Big Spring College Students Return To Schools To Register For Classes

College students of Big Spring will soon be leaving to register for the fall semester at their respective colleges and universities. They will attend school at points all over the state.

Vevagene Apple, daughter of Mr. and Mrs. J. B. Apple, 804 E. 12th, is returning for her second year at North Texas State College in Denton, Texas.

Beverly Campbell, granddaughter of Mr. and Mrs. Ben F. Mayes, 601 Main Street, is returning as a sophomore to SMU.

Dorothy Christian, daughter of Mr. and Mrs. Lewis E. Christian, 1602 Young, is returning to HCJC.

John Richard Coffee, son of Mr. and Mrs. John Coffee, 513 E. Park, will return to take his sophomore year at Baylor.

Ann Currie, daughter of Mr. and Mrs. R. W. Currie, 509 Hillside Drive, will transfer to Arizona State College for her sophomore year.

Kenneth Curry, son of Mr. and Mrs. Brandon Currie, 1208 Nolan, is taking his second year at North Texas State College, after spending his first two semesters at Shriner Institute.

Culin Grigsby, son of Mr. and Mrs. M. C. Grigsby Sr., 508 Johnson, will transfer his studies from Howard County Junior College to Baylor for the fall term.

### Nell Davies And Wallace Price Jr. Are Married In Texarkana Wedding

Nell Davies and Wallace Duncan Price, Jr. were united in marriage in a formal ceremony at the Pine Street Presbyterian Church in Texarkana, Texas, Friday evening. The bride is the daughter of Mr. and Mrs. M. H. Davies, former residents of Big Spring, and the bridegroom is the son of Mr. and Mrs. Wallace Duncan Price Sr. of Dallas.

Vows were exchanged before a background of greenery with pedestal altar baskets of white gladiolus, stock and asters. Antique candelsticks holding tall white tapers lined the rostrum banked off palms. Dr. T. J. Wilbanks officiated, and the bride was given in marriage by her father.

A white pathway was laid for the bridal procession and white satin bows, white asters and plumosa fern ornamented the family pews. Mrs. Robert Carl Jenkins of Dallas was matron of honor. Bridesmaids were Jean Bain and Cronie Carroll of Texarkana. Norman Munden of Dallas was best man. Groomsman were Robert Kaufman of Sherman and Jack Davis of Dallas.

The matron of honor and bridesmaids wore identical gowns of coral faille taffeta fashioned with a tight-fitted bodice with detachable cape collar and full floor-length skirt. Their headresses were of coral imported illusion encrusted with matching velveteen. The bride wore a gown of traditional white satin, princess style. The long fitted sleeves came to points over the wrists. A full skirt terminating in a cathedral train joined the waist line in points. The yoke of the dress was white net embroidered with seed pearls. She carried a cascade bouquet of white roses and stephanotis centered with a white orchid in an antique bouquet holder. The bride carried out the tradition of carrying "something old, something new."

For her daughter's wedding, Mrs. Davies chose a gown of dove grey crepe with royal blue velvet accessories. Her corsage was of pink amaryllis lilies. The groom's mother chose a pale blue crepe dress with a corsage of yellow Pervian lilies. Mrs. Raymond A. Coyle, organist, played a musicalrelude including "H Thou Art Near" by Bach, "Traumerli" by Schumann, "I Love Thee" by Grieg, and "Romance" by Rubenstein. She also played the bridal chorus from "Lohengrin" by Wagner, and the wedding march from "Midsommer Night's Dream" by Mendelsjohn. Accompanied by Mrs. Coyle, T. W. Knot sang "At Dawning" by Cadman and "O Perfect Love" by Barnby. He sang "A Prayer" by Schubert as the wedding prayer.

The bride's parents were hosts at a reception following the ceremony in the Mirror Room of the Hotel McCartney. The table was covered with an Italian cut-work cloth centered with a large mirror in a silver frame holding the bride's bouquet flanked by five branched silver candelabra holding white tapers. At one end was a four-tiered green and white wedding cake, and at the other end was a crystal punch bowl on an antique silver tray. Mrs. A. L. Hollis of Alexandria, La., sister of the groom, presided

at the bride's book. Mrs. J. Ralston Crowder served cake and Mrs. K. E. Jennings poured the punch. Others in the house party were Betty Lee of a Betty Valentine. For their wedding trip, Mrs. Price wore a grey suit with brown accessories. Her corsage was a white orchid. The newly weds will be at home in El Dorado, Texas, where both will teach school. The bride is a graduate of Texarkana High School and North Texas State College. In college she was a member of the Delta Chi Delta sorority, the Green Jackets, and the Senior Mary Arden Club. The groom is a graduate of Sunset High School in Dallas and North Texas State College where he was a member of the Talons fraternity.

### McDonald-Reid Rites Said At Courtney Church

STANTON, Sept. 2—Miss Boots McDonald and Joe Reid were married Saturday at 8 p. m. in the Courtney Baptist church before an altar decorated with flowers and fern.

The church glowed with fern laced candelabra, and pink zinnias and queen's wreath furnished a backdrop. Peggy Rose Cross played the traditional wedding march. Genevieve White was maid of honor and Van Ross was the best man. Ushers were Elmer Lee Stroud, Wayne Halcombe and Jack Clements, while candles were lighted by Virginia Ann and Elsie Marie McDonald, sisters of the bride.

The bride was given in marriage by her uncle, James Reeves. She wore a light gray suit with blue pin plaids. Her blouse was white lace trimmed, and she wore silver and black accessories. She carried a white Bible topped with a bouquet of light pink roses bound with pink and white satin ribbon with streamers.

The Rev. T. R. Hawkins, pastor of the First Baptist church in Stanton, read the double ring ceremony, and the Rev. H. L. Bengham, pastor of the Courtney church, gave the closing prayer. After the ceremony, a reception for almost 70 people was held in the Baptist parsonage. The table was laid with lace cloth, centered with pink zinnias. Mrs. Jack Reid, Stanton, and Mrs. Elton Haynes, Stanton, presided at the punch bowl.

Mrs. Reid is the daughter of Mr. and Mrs. Dan McDonald of Courtney. She is a graduate of the Courtney high school. Joe Reid is the son of Mr. and Mrs. W. P. Reid, Stephenville, and he is a graduate of the Stanton high school. Currently, he is employed by the Midrow Aerial Survey in Midland. The couple will make their home in Stanton. Assisting in arrangements for the wedding were Mrs. Claude Davis and Mrs. Ed Wilson, Courtney.

Mr. and Mrs. Don Vandiver have returned to their home in Sherman after a week's visit with Mr. and Mrs. George Montgomery. She is the former Miss Helen Montgomery of Big Spring.

Mrs. L. B. Massengill of El Paso has been visiting Mr. and Mrs. Alvie Harrison for the past week. Rayford Harrison accompanied her home for a short visit.

# Betty Ray Nall, Richard Clifton Are Wed In Double Ring Ceremony

Candlelight nuptial vows were repeated by Betty Ray Nall and Thomas Richard Clifton at the First Presbyterian church Friday evening at 8 o'clock.

The bride is the daughter of Mr. and Mrs. R. L. Nall, 1400 Main. The bridegroom is the son of Mr. and Mrs. T. B. Clifton, 704 Johnson.

Lloyd Connell, minister of the Church of Christ, officiated at the double ring, informal service.

Vows were exchanged before an altar banked with fern and greenery with baskets of white gladioli and asters on each side. Candelabra holding white tapers were placed in diagonal lines from either side of the rostrum.

MRS. RICHARD CLIFTON

Mrs. Omar Pitman played organ selections preceding the ceremony including "Tannhauser" by Wagner and "Liebstrum" by Liszt. She accompanied Sue Nell Nall, sister of the bride, who sang "I Love Thee" and "O Promise Me." The soloist wore a chartreuse dress with gold metallic thread and a corsage of pink carnations.

Mrs. Pitman played the traditional wedding marches.

Given in marriage by her father, the bride was attired in a balenciaga lace ensemble over a rose beige taffeta. The dress was fashioned with a round neckline, fitted bodice and softly gathered skirt. She wore a matching lace bolero designed with long, tapering sleeves and rolled collar. The dress featured a soft brown velvet sash matching a feathered halo hat trimmed in seed pearls. She carried a bridal bouquet of a purple orchid showered with cream gladioli atop a white Bible.

In carrying out the bridal tradition, the bride wore a wristwatch, a gift of the bridegroom, as something new; she carried a handkerchief belonging to Mrs. J. B. Nall, paternal grandmother, as something old; something borrowed was a white Bible belonging to her cousin, Frances Walker. She wore a blue garter and a penny in her shoe for good luck.

Frances Carr, college roommate of the bride, served as best maid of honor. She wore a vivid green lace elbow length sleeves triangular gown over taffeta, fashioned with collar and gathered skirt. Her accessories were gold velvet. She carried a bouquet of pom poms in a cascade effect.

Candlelighters were Lou Ann Nall, sister of the bride, and Frances Walker, cousin of the bride. They wore identical pink-tinted champagne colored satin suits, with gently flaring skirts and fitted jackets featuring small peplums. They wore gold accessories and corsages of pink gladioli.

J. W. Purser was best man. Ushers were Boyce Patton, cousin of the bridegroom and Cecil Peurifoy.

For her daughter's wedding, Mrs. Nall wore a dark green dress with beige accessories. Her corsage was of white roses.

Mrs. Clifton, mother of the bridegroom, chose a black chiffon gown, with black and white accessories. She wore a corsage of white roses.

Immediately following the wedding, a reception was held in the church parlor. Those in the receiving line included the bride's couple, the bride's parents, Mr. and Mrs. Nall; the bridegroom's parents, Mr. and Mrs. Clifton, and the bride's party.

The bride's table was laid with

a white cloth and with a ruff of mallow centered with an arrangement of white roses. Crystal and china appointments completed the setting. After flowers decorated the reception room.

Rosalene Balch cut the double ring wedding cake. Dalpha Gideon presided at the punch service.

Others in the house party included Mrs. T. A. Harris and Mrs. J. T. Anderson, Jr., who presided at the bride's register.

The bride is a graduate of Big Spring high school, Howard County Junior College and Abilene Christian College. She is a member of Alpha Chi, honorary scholastic society; and the W club, honorary woman's society. She is employed as secretary by the Coffee, Coffee and Gilliland law firm.

The bridegroom also graduated from Howard County Junior College. He attended Abilene Christ-

ian College and served four and one half years in the United States Navy during World War II. He spent two years in the Pacific theatre of operations. He was employed as classified advertising manager with the Big Spring Herald until he was recalled into active duty with the Naval Air Force. He is a member of the local Kiwanis club, the Junior Chamber of Commerce and the Veterans of Foreign Wars.

For traveling Mrs. Clifton chose a navy blue suit and navy accessories. She wore an orchid corsage.

Following a wedding trip to Santa Fe, Cimarron Canyon, and Hato Pass, the couple will return to Dallas where Clifton will resume duty in the United States Navy. Mrs. Clifton will make her home with her parents until her husband returns.

## Lubbock Presbytery Holds Meeting At Garden City Cumberland Church

GARDEN CITY, Sept. 2—Members of the Cumberland Presbyterian church here were hosts last week to the Lubbock Presbytery.

Both the presbytery and its missionary society held day long meetings here.

The Rev. J. R. Jennings, Olton, brought the presbyterial message at the request of the retiring moderator, Elder G. A. Bodkin.

Beside election of Rev. Jennings as moderator and appointment of committees, there were reports from denominational representatives from commissioners to the general assembly, the committee on literature and theology. In addition there was a service of licensure for Vernon Burrow, Petersburg.

Next meeting place will be in

Petersburg. The presbyterial sessions are held semi-annually.

At the missionary session, held simultaneously and at the Methodist church, Mrs. A. C. Topp and Jane Scott furnished the special music, and Glenda Boyle played a piano solo. Garden City staged a pageant, "The Book Shelf." An offering was taken by missions, and the theme of "forward" was developed by speakers from Lubbock, Petersburg, and Floydada. Closing meditation was in charge of the Garden City church. The women of the church here served all guests with lunch at the school lunch room.

Out-of-town guests attending were Rev. and Mrs. B. C. Welch and children, Mr. and Mrs. D. E. Ken-slow, Mr. and Mrs. Mark Burns,

Mrs. Dixie Martin, Mrs. A. C. Topp, Mrs. Margie Wilcox and Jane Scott, all of Lubbock; Rev. and Mrs. R. E. Boyle and Glenda, Mrs. Victor Blasingame, J. F. Burrow, Bernon Burrow, Mrs. J. T. Stack and James, Petersburg; Rev. J. R. Jennings, Olton; E. C. King, Floydada, and Mr. and Mrs. Lester Faw of Hobbs New Mexico.

## Local Fine Arts Teachers Announce Fall And Winter Class Schedules

Importance of the fine arts has been recognized for hundreds of years and people today still acknowledge culture as a forceful factor in the enlightenment of mankind.

Following the summer holidays, local teachers of fine arts have announced their schedules for the winter months. Classes will be taught in piano, voice, expression, speech and in art.

Elsie Willis, teacher of piano and musicianship, will reopen her classes at 508 Runnels, September 5. Both advanced and beginner pupils will be accepted.

Mrs. Willis received her Bachelor of Music at Texas Christian University. She studied in the American Conservatory in Chicago and at Juilliard in New York. She has taken private lesson under Edwin Hughes and from Harold Bon Mickwitz in New York.

Classes are taught by appointment.

Although her classes have already been filled for the current term, Ann Gibson Houser will reopen her studio 1005 Johnson, September 11. Mrs. Houser specializes in teaching the pupil music interpretation and in preparing him for piano major in college.

Mrs. Houser received her training at the Chicago Musical College and the Memphis Conservatory. She received private lessons from Feta Present, a graduate of the Paris Conservatory, from J. Paul Stalls and from Alexander Rabb.

Pupils may be accepted in Mrs. Houser's studio by direction, Wanda Lou Petty and Susan Houser, student teachers, will accept piano pupils. All classes will be under

the supervision of Mrs. Houser.

Beginning the 18th consecutive term in Big Spring is the Farrar Pre-School, 1200 Runnels, under the direction of Mrs. Amelia Farrar and her daughter, Betty. Classes will open September 5.

The school features a story hour, rhythm band, dramatization training, creative art, directed play and public school work. Classes last three hours consecutively.

Mrs. Farrar received her degree at Denton, and has taken extension courses from Columbia University. Mrs. Farrar has returned from summer training at the Dance Convention at Highland Park School of Dance at Dallas. She has studied at the American University of Dance in Lee, Mass.

Private piano instruction and ear and harmony training are taught by Mrs. Albert Jordan, 114 E. 16th. Classes open September 1. Mrs. Jordan plans to teach by appointment in Foran also.

Mrs. Jordan has studied at the St. Louis Music Conservatory, at Our Lady of Victory in Fort Worth and at the Wichita Falls Conservatory. She has received private instruction from Virgine England Estes in Commerce and from Dr. Bain at North Texas State College, Denton.

Enrollment in the Roberta Gay Studio will be accepted at the pre-

sent, although classes will not convene until October. Miss Gay teaches piano and music interpretation. Her studio is at 600 E. 15th.

Classes will begin at the Helen Williams Kindergarten, 1211 Main September 5. Emphasis is based on teaching the child to get-along with other children, to train him to be a good citizen and some public school work. Training is also offered in music and art.

Mrs. Williams received her degree from CIA, Denton. She studied piano, voice, the pipe organ and violin in Dallas and has received training in art, pastels and water color. She has had much practical experience including radio, church and office work.

Children may be enrolled by appointment. Private piano lessons will be given beginning September 5, by Mrs. Everett Ellis, 104 Washington Blvd. Classes are arranged by appointment.

Mrs. Ellis has studied with Walter Gilewicz at Baylor College, at the Washington Conservatory of Music in Washington D. C. with Madame Roberts and at the Cincinnati Conservatory under Madame Dayas. Besides other experience, she has taught with Henry Meyers at Southwestern University in Georgetown, and has done special work under Silvio Schinto at Maria.

Mrs. Bob Eubanks will be hostess at the opening meeting of the Modern Womens Forum Sr. Thursday afternoon. New year books are to be given out. The club will not meet on Friday, their regular day, since they are hostesses for the TB examinations.

# HELEN'S HINTS

---Where to shop for what---

**GOODNESS KNOWS . . .** when I'm 150 years old I'll still get the school fever when autumn rolls around. Remember the fun of buying your school supplies and checking to see if the crayons you bought contained that heavenly pink crayola? There were scissors (that didn't work too well) and tablets with a red Indian on the front, and blue in a tube that wrapped all the nice school odors up in one . . . Supply counters brought back a jillion memories this past week as I shopped for school and other items. Among them were:

**IT WAS JUST LIKE CHRISTMAS AT MI-Lady's** Accessories as Mrs. Lina Flewelling, the manager kept unwrapping a new shipment of costume jewelry, and I ogled until the last piece was brought from tissue covers. All beautiful . . . the most outstanding were brown, gray and black pearl clamp-on chokers with matching bracelets, and bronze and black bead roped lariets with matching ear bobs. Oriental tinkling bells of scribbled gold were the prettiest ear screws and rhinestone necklaces with rhodium finish, the most elegant neckpieces. Go by and see these finds.

**IF YOU'RE HAVING DIFFICULTY WITH** dry skin these days, I'd suggest you get acquainted with Contoure cosmetics at the Settles beauty shop. Prepared for a dry skin condition, Contoure suggests a bedtime routine I'd like to pass along. Cleanse the face thoroughly with Contoure Zephyr cream, then saturate two cotton pads with skin freshener. Hold one in each hand and pat gently, being especially firm where lifting or tightening is needed. Smooth Contoure skin texture cream all over face and throat. Use generously, leaving small film on overnight. It's surprising how fast your complexion takes on a new glowing beauty.

**DRAPERY SEAMSTRESSES AT LUCELLE'S** Interior Decorators were busy this week outfitting a little farm home with curtains . . . and the materials selected were just right for maple furnishings in the house. Heavy cotton draw drapes, laid out on the table for flannel interlinings featured a white background for brown bordered squares of colorful nosegays. Curtains for a little girl's bedroom were prissy Priscillas in a colorful printed chintz with full ruffles billowing down the center and across the bottom. Lucelle's captured a homey atmosphere that stands out in my memory as one of their most excellent jobs in decoration.

**WHAT KIDDO DOESN'T ENJOY** splashing in the rain to or from school . . . especially if he's outfitting for the occasion? I found a delightful little rain companion at the Kid's Shop known as the FOR DOLLY AND ME rain cape set. There's bright, plaid rubberized coats and capes for your first grader with a matching ensemble for her favorite doll. A plaid umbrella to match makes it bright as a rainbow for your little duckling. For the older rain splashers there's Korosel coats done up in a neat rain kit . . . and assorted colors in the selection of slickers for little boys. Complete with caps and collar flaps, these are lined with bright safety slogans. Prices start at \$2.98.

**GREAT CAESAR—YOU WALK OUT WITH THE HOUSE** when you purchase Zale's newest bargain offer . . . and they're right behind you delivering the 130 piece collection for your dinner table and kitchen. Included in the offer is a Dorneyer electric mixer; a \$2 piece set of International silver; a \$3 piece service in dinnerware; and a 24 piece set of glassware. The price is \$59.95 . . . a tremendous saving over regular prices. There's no money down, but plenty saved, so don't miss this special now being featured.

**THE GALS AT HESTER'S SUPPLY COMPANY** were busy as cranberry merchants and had little time to chin when I made the rounds this past week. It's school time and a busy time at the local supply house. Stacked high on a work desk at the back were leather notebooks being monogrammed in gold. I noted that this service is free and that the gold lettering is permanent. With the purchase of brief cases, fountain pens, billfolds and all other leather goods, Hester's include the gold identification markings free.

**MAKE A DATE WITH YOUR LAST YEAR'S** SKIRTS AND DRESSES by bringing them up to date with autumn accessories. On McCrory's notion counter I discovered a host of narrow (half-inch, to be exact) belts that are ornamented with gold buckles. They're black velvet, of course, and an excellent buy at 49 cents. At the millinery counter I was surprised to find a good variety in the styles of perky little velvet hats for the coming season. Hunter caps with long bills are available in corduroy and you can find attractive off-the-face chapeaux in gray, green, black and brown velvet. Prices run from \$1.59 to \$1.98.

**BOUND TO KNOCK YOU FLAT** are the shirts for she's now being shown at Zack's of Margos. Styled minutely along the lines of men's dress shirts . . . they're feminine as petticoats with pique collars and dainty French cuffs. Known as Shapely Classics they're available in a wide range of sizes and colors. Their charm: trousers with white cuffs, cleverly designed stripes and miniature checks. From this bivy of beauties I chose a pink, green and white stripe which sports pink collar and cuffs. They're adorable and available 10's through 16's.

**ONE OF THE BEST AND MOST POPULAR** BEDROOM GROUPINGS IN TOWN is the solid lined oak suites handled by Elrod's Furniture store. Open stock, these pieces are well made and drawers are of dovetail construction. The beautiful double dresser with six drawers, has a plate glass mirror put together with hot resinous glue. The piece serves double duty as a vanity and chest of drawers. We chose this oak grouping for a bedroom at home because of its beauty, versatility and low price.

**YOU'LL FIND 187 SCRIBBLED ON** MANY A TELEPHONE BOOK around town for the majority of high schoolers depend on that number to produce the best poses for best girl friends. Their headquarters is Faye's Flower shop where Faye Colthrop and her associates take special pride in adding special touches. Take for instance, chrysanthemum corsages for football games. Faye uses fall leaves as a background for the arrangement or black and gold streamers. Centering the huge mums will be black chenille letters BSH, identifying the local high school.

**THE SCHOOL BELL'S RINGING AT** Furr's Food Store and classes begin at the school supply counter up front. There's a dozen kinds of tablets, notebooks and pencils with zippered binders at low as 89 cents. A single box of crayons is priced at nine cents with a quadruple set at 53 cents. Newcomer to supplies are the tri-color ball-point pens in gold cases. They're tagged \$1. Prices are right and stocks plentiful.

# HI-TALK

BY KITTY ROBERTS

With all the back-to-school preparation at hand everyone has been pretty busy this past week, but many of the teenagers have found time for last minute summer recreation.

In line with the back-to-school business is this announcement from Walter Reed, principal of high school. All students will report to the high school at 9 a. m. Tuesday, Sophomores, Juniors, and seniors report to your last year's guidance teacher. Freshman report to your eighth grade guidance teacher. All new eighth graders report to the gym.

Monday evening Jan Masters entertained with a supper at her home in Forsan. The table was laid with a centerpiece composed

of a blackboard, on which was chalked "Back to School", and it was surrounded by greenery and a plastic character representing each of the girls present. Attending the party were "tiger" Ann Crocker, "humphrey" Curt McCauley, "queenie" Susan Houser, "one long neck" Jan Masters, "hippo" Wanda Petty, Kitty "kat" Roberts, "man eater" Sue Craig, "baboon" Barbara Greer, and "moron" Marilyn Miller.

Congratulations are in order to Bill Montgomery, teen-age winner of the YMCA City Tennis Tournament. Bill downed Harry Jordan, last year's winner of the title, to capture the trophy.

The open house at the YMCA Thursday night was termed as "very successful". Many of the teen-age group helped with the affair. Helping register and hostess the affair were Diana Farquhar, Doris Jean Brown, Shirley Wheat, Jo Ann Smith, Sue Robinson and Bonnie Dempsey.

See in the show Thursday night were Susan Houser, Marilyn Miller, Chester Cluck, Dick Laswell, Billy Wheeler, Kelley Lawrence, Sam Thurman, Curtistein McCauley, Luke Thompson, Harold Rossen, Frank Phillee, Bobby Wheeler, John Robinson.

A going-away dance was held on scene for Woody Wood and Joni Hudman. Some of those present were Martha Johnson, Jo Bailey, Pat Lloyd, Alan Davis (Ft. Worth), Jo Ann Smith, Woody Wood, Gall Price, Alan Conley, (Lubbock), Irma Clare, Jeff Hanna; Barbara Greer, Eddie Houser; Sandra Swartz, Richard Prahm; Joni Hudman, Russell Green; Peggy Carter, Bud Whitney; Ann Mary Gray, Billy Bob Watson; Claudette Harper, Leonard Hartley; Shirley Barrette, Aury Burke; Bill Seawell "Shotgun" Kinsey, Jack Little, Ray Adams, Bobby Jo Johnson, Richard

Deats, Hollis Harper, James Daniels, Robert Ragan, "Giz" Gilstrap, Amos Jones, Mary Jane Collins, Sue Robinson, Shirley Wheat and Shirley McGinnis.

A surprise party was held for Jerry Choate on his birthday Thursday night. The party was held at the city park and those present were Jerry Choate, Johnny Coffee, W. C. Blankenship, Jackie Gilbert, Barbara Dehlinger, Helen Phillips, Narrell Dene Choate, Mr. and Mrs. Curtis Choate, Sharon, and Mrs. Louis Phillips.

Helen Phillips and Lynelle Martin held a dance on Scene pavilion Tuesday night. Those present were Mary Lou Lepard, Frank House, Margie McDougal, Ebert Long, Jo Ann Miller, Mark Harwell, Frances McClain, Gene Lockhart, Rosemary Lawson, Fritz Smith, Lynelle Martin, Tom Lockhart, Narrell Dene Choate, Speck Franklin, Helen Phillips, Chares Clark, Joyce Gound, Junior Sultor, Myrna Talley, Robert Merworth, Mary Jane Allen, Don Lockhart, Janice Boardman, Luke Thompson, Dane Laughman, Don Freeman, Sarah LeMay, Doyle Mason, Nancy Clark, Hollis Harper, Harold Broughton, Ray Phillips, Loy Carol, Dub Day, Jack Hindman, Ross Hydn, Aury Burke, Mr. and Mrs. Buddy Martin, and Louise Phillips.

The First Methodist church held a banquet in honor of the college students Friday night. The decorations included favors of gum drops topped by pennants of the various college colors, a centerpiece of flowers on the head table, and on a separate table was the miniature model of a football field. The Houser Sextette composed of Barbara Greer, Ann Crocker, Jan Masters, Susan Houser, Wanda Petty and Kitty Roberts sang "They Always Pick on Me" and Marilyn Miller gave a reading. Some of those attending were Billie O'Neal, Moga Moad, Clinton Pursor, Richard Deats, Paul Shaffer, Billy Bob Watson, Harold Jones, Jimmy and Mary Nell Shaffer, June Cook, Larry Dillon, Russell Logan, Jean Robinson, Eva Smith, Robert Debridge, Veva Apple, Lucille Hester and members of the program.

The 1950 yell leaders held a dinner in honor of the graduating 1949 leaders. The dinner was held in the home of the head yell leader, Ann Crocker, who was joined by Wanda Petty, Sue Craig, Diana Farquhar, Shirley Riddle, Mary Lou Lepard, and Claudette Harper. The honorees were Peggy Lamb, Luan Miller, Lou Ann was not in town.

A new teen-age program is being presented over KBST every Saturday morning. It consists of local talent, local gossip, and the latest in popular recordings. Your teen-age reporters are Diana Farquhar and Ann Crocker, and the time is 10:45 every Saturday morning, right after the Junior Junction program. The special attraction for next Saturday, September 9, is the Houser mixed sextette, composed of Wanda Petty, Susan Houser, Jane Stripling, Eddie Houser, Jerry Houser, and Paul Shaffer. If you have a request to be played just let one of the girls know before the program.

## Phyllis Prescott Honored With Party

Phyllis Prescott was honored on her ninth birthday with a party given at the City Park. Refreshments were served to Jackie Franklin, Bill McGere, Charlene Campbell, Jimmy Hayworth, Marshall Watermore, Joe Coner, Richard McFriedes, Ola Jean Franklin, Karen Montgomery, Fay Price, Janice Kirby, Linda Stutville, Karen Greenhill, Rocky Wood, Glenda Greenwood, Bobbie Greenwood, Dwain Prescott, John McFriedes, Ross Price, Gloria Jean Greenwood, Mrs. S. ### Shield Expert Here

H. M. SHEVNAV, widely known expert of Chicago, will personally be at the Slettlie Hotel Big Spring Wednesday only Sept. 6, from 9 A.M. to 4 P.M.

Mr. Shevnav says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnav will be glad to demonstrate without charge. 6508 N Artesian Ave., Chicago 45 Large incisional hernia or rupture following surgical operation especially solicited.

Industry spares no pains or expense when it comes to protecting the bodies of factory workers.

Spark-proof helmets, sturdy shoes, non-slip floors, easy exits—the list of precautionary devices is long. They call it "Safety Engineering."

Is it too much to say that the Church too is engaged in a type of safety engineering? Through the religious faith on which it is founded the Church knows that the souls of people need protection even more than do their eyes and limbs.

The Church believes that human hearts yearn for a comforting arm just as human frames require safe-guarding. It believes that physical safety is not enough; that to bring peace of mind is a more important mission than to insure absence of bodily risk.

As long as lives are saved from the blight of godlessness, the institution contributing to such saving is entitled to all the encouragement and support you can give it.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his community and nation. (2) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Barbara Lytle And Bill Kuykendall Are United In Marriage Saturday

Barbara Lytle and Bill Kuykendall were united in marriage in a formal candlelight ceremony at the East Fourth Baptist church Saturday evening.

The bride is the daughter of Mr. and Mrs. R. T. Lytle, 1310 Donley. The bridegroom is the son of Mr. and Mrs. O. E. Kuykendall of Phoenix, Ariz.

Double ring nuptial rites were read by the Rev. James S. Parks, church pastor, as the couple exchanged vows before the altar. Lighted pink cathedral tapers in tall candelabra illuminated the sanctuary, banked with basket arrangements of pink gladioli and fernery. Focal point of the nuptial bower was the archway which was lighted with graduated candles in upstanding candelabra entwined with greenery and fern. A sunburst arrangement of pink gladioli and asters was placed in the center of the archway. The bride path was marked with satin aisle cord and the family section was marked with pink satin ribbons and pastel floral arrangements.

Mrs. H. M. Jarratt, pianist, played a medley of love songs prior to the ceremony. Selections played included "Intermezzo" by Provoist; "Serenade" by Schubert and "My Heart At Thy Sweet Voice" by Saint-Saens. During the ceremony, Mrs. Jarratt played, "Indian Love Call," by Rudolph Friml. She played the traditional wedding selections during the recessional and processional.

The bride was attired in a bridal gown of shell pink satin fashioned with a transparent yoke of silk net, a fitted bodice and full, circular skirt. Her fingertip veil was of imported French Chantilly lace. The veil cascaded from a tiara of seed pearls and rhinestones. She wore long, silk net mitts, and carried a white Bible topped with a white orchid interspersed with stenoanotis.

The bride carried out the tradition of something old, new, borrowed and blue. For something old, she wore a gold wedding band belonging to Mrs. C. E. Lytle; something new was her wedding ensemble; something borrowed was a single strand of pearls imported from Japan and belonging to Mrs. C. A. Tonn, Jr. She wore a blue garter a gift from Mrs. T. E. Stringfellow, and a penny in her shoe.

Mrs. C. A. Tonn, Jr. served as matron of honor. Mrs. Tonn chose a kelly green taffeta dress designed with an off-the-shoulder neckline and full, gathered skirt. She wore a matching net stole across her shoulders. Her colonial bouquet was composed of pink gladioli and asters.

Bridesmaids included Jean Meador and Bonnye Hill. They were attired in kelly green taffeta dresses, designed with full skirt and off-the-shoulder neckline. They carried pink colonial bouquets.

He carried a pink satin pillow decorated with a small nosegay arrangement in each corner.

For her daughter's wedding, Mrs. Lytle chose a jade green crepe dress and navy accessories. She wore a pink aster shoulder corsage. A reception was held in the church parlor following the wedding ceremony. Members of the receiving line included the bride and bridegroom, the bride's parents, Mr. and Mrs. Lytle, Mr. and Mrs. J. M. Lytle of Weatherford, Mrs. Kenneth Kuykendall of Plainview and the bridal party.

The refreshment table was laid with lace over white, and centered with colonial bouquets flanked with lighted tapers in crystal candelabra. Janis Yates and Wanda Richardson attended the punch service. Lindel Gross and Mille Balch served the wedding cake.

Others in the houseparty included Dalpha Gideon, Mrs. Bill Hiney, Mrs. Harry Weeg, Jr., Mrs. Ed Stringfellow, Mrs. Rex Edwards and Mrs. Melvin Ray. Mrs. Charles Gressett presided at the bride's book.

## Parker's Honored At Going Away Party Given By Friends

LET ME GET THIS STRAIGHT, GOLDY... ARE YOU TELLING ME THAT YOU SAW RUSTY TAKE A WALLET FROM ONE OF THOSE COATS AND PUT IT IN THE POCKET OF HIS JACKET?

IF YOU DOUBT ME, UNCLE QUENTIN, WHY NOT LOOK IN THE POCKET OF HIS JACKET?

EXCUSE ME FOR BARGIN' IN, BOSS, BUT I JUST GOT BACK FROM TOWN AND I DON'T GEE THE HORSE VAN... DID YOU HAVE IT MOVED?

THE VAN? WHY, NO, TEX! ALL THE HELP HAD THE NIGHT OFF... THERE'S NOBODY HERE WHO COULD MOVE IT!

TRUE ENOUGH, BOSS!... BUT IT AINT THERE! AS SOON AS I SAW IT WAS GONE, I CAME RIGHT IN HERE! I AINT BEEN IN THE BARN YET... I DON'T KNOW IF ANY HORSES ARE GONE!

GOOD HEAVENS, TEX! COME ON! LET'S GET OUT THERE, QUICK!

BUT WHAT ABOUT JUDGE ADAM'S WALLET?

NEVER MIND THAT NOW, MY WALLET CAN WAIT!

WE PUT BLAZE IN THE OLD BARN... IN HILLBILLY'S STALL... TO KEEP HIM AWAY FROM ALL THOSE STRANGE HORSES... HILLBILLY IS IN BLAZE'S STALL IN THE BIG BARN!

I GEE! WE'LL TAKE A LOOK... QUICK!

HE'S GONE, BOSS! HILLBILLY'S STALL IS EMPTY, AND THAT'S WHERE BLAZE WAS BEDDED!

GREAT GUN! THIS IS TERRIBLE, TEX! BUT BEFORE WE GIVE UP, LET'S LOOK IN BLAZE'S OWN STALL. RUSTY MAY HAVE PUT HIM BACK THERE AGAIN.

SUFFRIN' HORNED TOADS, BOSS! THERE'S NO HORSE HERE, EITHER! THAT MEANS BOTH BLAZE AND HILLBILLY ARE GONE!

MAYBE RUSTY KNOWS SOMETHING ABOUT ALL THIS!... WHERE IS HE? COME TO THINK OF IT, I HAVEN'T SEEN HIM FOR AN HOUR! GET HIM, TEX!

A HALF-HOUR LATER

RUSTY'S DISAPPEARED, BOSS... WE'VE LOOKED EVERYWHERE!

WHAT! BY JOVE! BLAZE AND THE VAN STOLEN!... NOW RUSTY AND HIS HORSE VANISH!... I WONDER IF THERE'S A TIE-UP...

AND DON'T FORGET JUDGE ADAM'S WALLET, UNCLE QUENTIN!

THIS AIN'T SO GOOD!... I MUSTA SOCKED THIS KID HARDER'N I INTENDED... I BETTER GET HIM INTO THE SHACK AND THEN HIDE THIS VAN IN THE OLD QUARRY!

IN THE DAYS OF KING ARTHUR

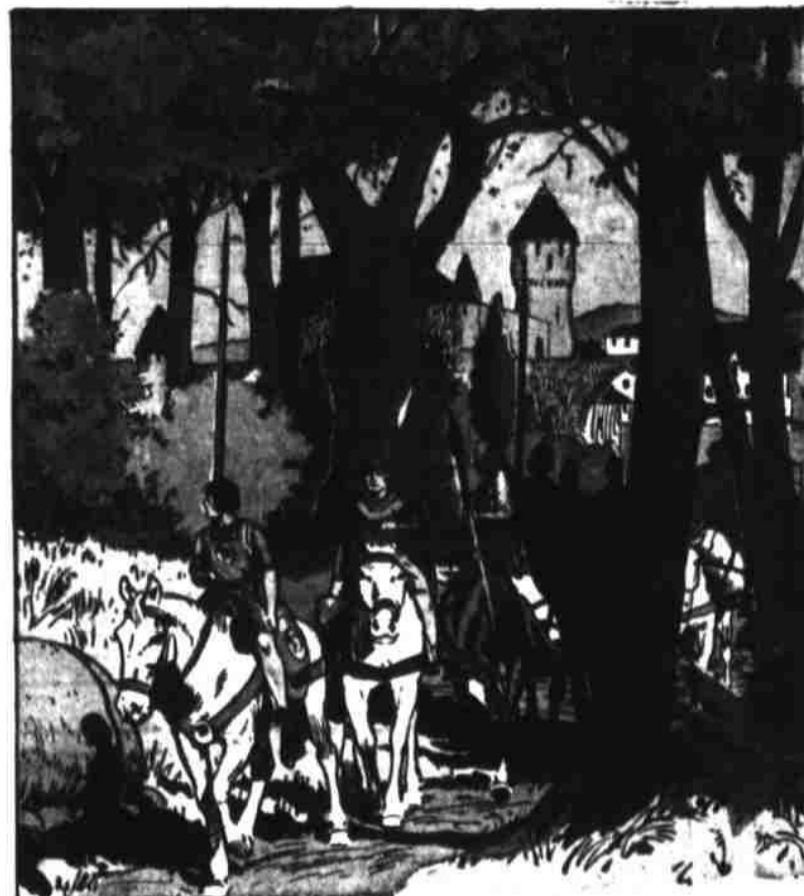

BY HAROLD R. FOSTER

**Synopsis:** - PRINCE VALIANT LEARNS THAT THE LAND JOURNEY TO ROME IS BESET WITH GREAT PERIL AND THAT THE LONG SEA VOYAGE IS MUCH SAFER . . . . SO THEY DECIDE THE LAND ROUTE IS FAR MORE INTERESTING.

IN PARIS THEY PURCHASE HORSES AND EQUIPMENT FOR THEIR LONG RIDE.

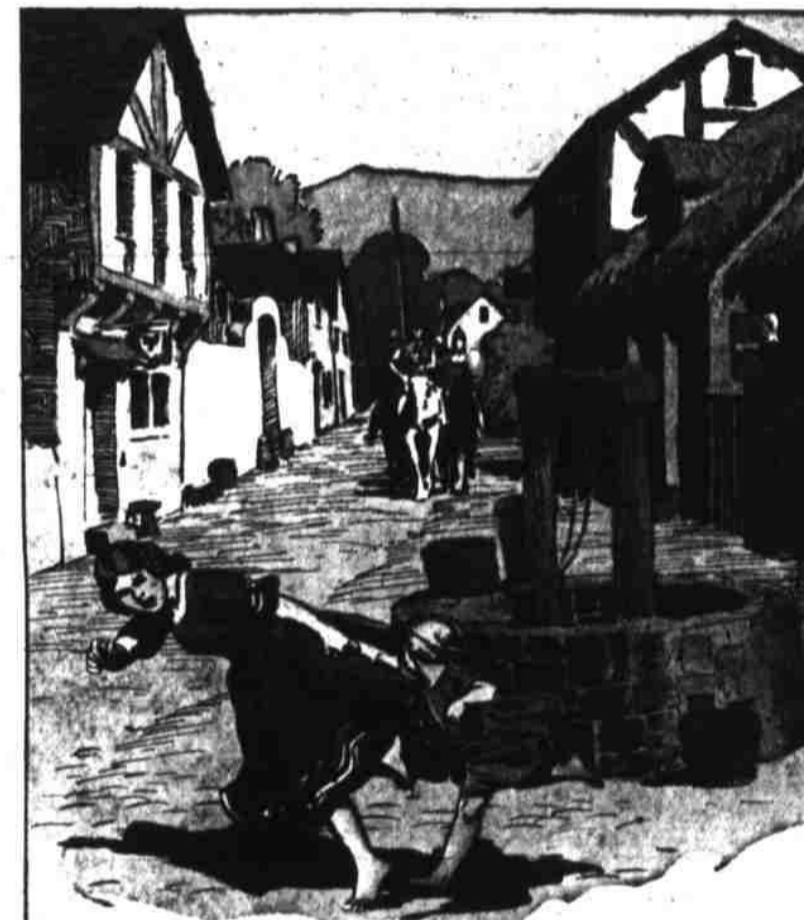

THEY LEAVE THE CITY, RIDING UP THE LEAFY LANES IN THE SUNLIGHT . . .

. . . . AND ARE PROMPTLY SET UPON BY A BAND OF ROBBERS !

THE SURVIVORS OF THAT BAND FLEE, BUT NOT BEFORE THEY HAVE TAUGHT VAL AND HIS PARTY THE PRICE OF CARELESSNESS.

IN VILLAGES THROUGH WHICH THEY PASS WINDOWS ARE SHUTTERED, DOORS BARRED. EVEN THE SERFS IN THE FIELDS GO ARMED.

WHEREVER THE ROMANS HAD CONQUERED THEY BROUGHT LAW AND ORDER, BUT WHEN THE POWER OF ROME DWINDLED AFTER ITS TERRIBLE ORDEAL AT THE HANDS OF THE VANDALS, THE DARK AGES HAD SET IN.

THEN, ONE DAY, THEY REACH THE BORDERS OF ANOTHER ONE OF THE MANY SMALL KINGDOMS. A SMALL FORT GUARDS THE ROAD AND SIGNBOARDS INFORM THEM THAT THE KING IS A BUSINESSMAN.

WHAT'S THE MATTER WITH THE WHITE HORSE?

MAYBE HE KNOWS HIS MASTER'S ABOUT TO BE BLOWN UP!

GET TO OUR HORSES! WE'LL CLEAR OUT BEFORE THAT SECOND BLAST GOES OFF!

SOMEONE SET A BLAST TO SEAL THE ENTRANCE OF HIS CAVE. CAN YOU DESCRIBE THE MAN WHO BLUGGED YOU?

YOU-YOU'RE MASKED! YOU'RE WORKING FOR THE STEEL CLAW!

LOOK! THERE BOMB!

EXPLOSIVE! HUG THE GROUND!

SOMEONE THROW POWDER IN!

GO AND SEE IF YOU CAN FIND HIM, TONTO!

THIS STEEL CLAW MAKES A GOOD WEAPON!

MAKE A MOVE AND IT'LL BE YOUR LAST! YOU'RE GOING TO TELL ME WHO HIRED YOU TO MAKE ME SIGN AWAY MY LAND!

I HATE TO DO THIS TO A LADY... BUT A FELLA'S GOTTA BE ON HIS GUARD THESE DAYS!

GLUH!

YHU WUK!

AT LAST I... OH, NO!

THUH DOOR SEEMS TO BE STUCK OR SOMETHIN'!

LET'S GIVE IT A SHOVE!

STAND BACK OR I'LL... OH... THANK GOODNESS IT'S ONLY YOU!
