On The DIVIDE

CHRISTMAS DRESS

As other towns have started putting on their holiday dress, it might be well for Eldorado people to begin thinking of decorating our town for the Christmas season.

This matter was mentioned at the Lions Club meeting last week, and most of the merchants present were in favor of doing a little more decorating than was done last year.

We got off to a late start last year, but we think the job was pretty well done, considering the fact that this was the first attempt of this kind ever made in Eldorado. Let's get started earlier this year and really "dress the town up" for the holiday season.

THEY'LL BE THERE !

Regardless of weather conditions, there's any number of people who will attend the bi-district football game here Friday, believing that if two teams can play they can hold out against the weather long enough to see the game. If we are favored with a pretty day, one of the largest crowds ever to attend a game in Eldorado is expected.

Every Eldorado merchant we have talked to has indicated that doors will be closed here during the game. It's a pretty safe prediction that a majority of Eldorado business houses will be closed up tight, and Eldoradans will attend the game "en masse".

This is as it should be. We believe that our local football boys should be given every tribute possible for us to give them. They're a worthy bunch of boys and they've made a most wonderful record for Eldorado this year.

See you at the game!

Burk Truck lines reports hauling a load of cattle to Ft. Worth the first of this week for John I. Smith.

Two loads of cattle were taken to Fort Worth market this week for H. M. Freund.

Tom Wilton sent a load of fat Muttons to the Fort Worth market this week.

Two loads of registered cattle were moved for Pat Martin this week, being moved from Merton to his ranch.

GRIND

Whatever accomplishment is mine I can trace back to the time my Dad gave me a sound thrashing for not practicing the violin. I was very fond of music and I thought it would be easy to learn. But I didn't want to work at it, especially when other boys were playing baseball on the corner lot. I ducked out frequently to join them, until Dad found out. Thenceforth he stood over me while I did my daily stand, until, at last, I learned to stand over myself, whip in hand, and I'm still doing it.—Paul Whiteman.

COFFEE ON THE RUN

Approximately 1,000,000 pounds of coffee and 250,000 pounds of tea are consumed annually on dining cars operated by American railroads.

Eagles To Play Sidney Lanier

Record Hunt Is Made Last Week By Jones Brothers

GONE LITTLE OVER 24 HOURS, 3 DEER ARE KILLED BY PARTY

John I. and Thomas Richard Jones, sons of Mr. and Mrs. T. K. Jones, have chalked up what is believed to be a record hunt—both from the standpoint of success and in the length of time they were gone.

Accompanied by their wives, these boys left at 8:30 Wednesday night of last week for Mason county. At ten o'clock Thursday night, they returned home, each with a deer. One of them killed a ten-point buck, and the other was a smaller deer.

They hunted on the Kirt Martin ranch as guests of Bill Martin, the Martins being old friends of the family. Bill also got his deer, making 100 percent for the hunters.

John I. and Thomas Richard said this was the shortest, cheapest and most enjoyable hunt they had ever been on. Their deer were displayed from the car in Eldorado for some time Friday morning.

Lions To Sponsor Christmas Cheer

Following its custom of the past three or four years the Lions Club will sponsor the movement to fill the stockings at Christmas of boys and girls of the community who otherwise might be without Christmas cheer. A committee has been appointed to raise funds for the undertaking, and they will canvas the town some day next week.

Each church and civic club will be asked to furnish one person to serve on a community committee. The work of this committee will be to ascertain the names of those needing assistance this Christmas, and to purchase the gifts to be given. On Christmas eve or Christmas morning the Boy Scouts and Girl Scouts will distribute the gifts.

Hitherto the response to this worthy enterprise has been immediate and liberal, and those promoting it this year believe they will meet with such response again.

FRED WATSON AT ANNIVERSARY MEET OF MASONIC LODGE

Fred A. Watson left on Tuesday of this week for Waco, where he is attending the 100th anniversary meeting of the Masonic Lodge. Fred was elected to attend as a representative of the Eldorado Lodge No. 890, A. F. & A. M.

The meeting is continuing through four days, which includes two days of schooling in Masonic work.

Mr. and Mrs. Wallace Davis of Ballinger spent Thanksgiving here, with G. H. Davis and family, also with Mr. and Mrs. W. C. Doyle and Mr. and Mrs. Lum Davis.

Holiday Proclamation

Friday, December 3, 1937

To honor our football team and coach and help them win the bi-district game which will be played here Friday, December 3rd, at 2 o'clock, I hereby proclaim a holiday from 1:30 p. m. Friday to 5:00 p. m., and hereby request that the people of Eldorado and Schleicher county cooperate with the local business houses who close their place of business for these designated hours. And better, still, attend the game.

The football boys will need your presence and your financial help. They are due this honor for their splendid work this season and for securing this bi-district game for the Eldorado home field.

Will you assist in making this proclamation what is should be? And make the home team, together with their visitors, feel like the occasion is worth while.

A. T. WRIGHT, Mayor

Thanksgiving Day Services Are Enjoyed By Fundamentalists

SPLENDID SERVICES HELD DURING TWO DAYS WITH NINE CONVERSIONS

Two days of wonderful services were enjoyed last week, during the Thanksgiving season, by members of the Fundamentalists Baptist church. The services were held during Wednesday and Thursday.

Rev. Bill Frazier, pastor of the Fundamentalist Baptist church of Houston, was the evangelist for these services. He preached five sermons during the two days. Rev. Frazier brought some wonderful sermons, and nine conversions were experienced during these services.

Members of the church went "over the top" in clearing their church of debt. People of Eldorado were liberal in their contributions for this cause, and everyone is rejoicing over the fact that the church debt is paid.

"We want to thank everyone who helped to make our services a success," members stated. "Especially to we thank those who contributed toward the church debt and who helped with the Thanksgiving dinner."

LOCAL APARTMENT DAMAGED BY FIRE ON WED. AFTERNOON

The apartment of Ruth Bradshaw was damaged by fire here shortly after noon Wednesday. The flames were said to have started from the flue.

The quick work of E. M. Willis and Ruth Jackson, who quickly connected a hose and began spraying the ceiling with water, possibly saved the building. They had the fire practically out when help arrived.

Considerable damage was done to the walls and ceiling, and furniture in the room was damaged to some extent. The fire was confined to only one room.

HERE FROM CALIFORNIA

Mr. and Mrs. J. W. Haught of New Ark., Calif., visited Mrs. Haught's parents, Mr. and Mrs. N. Williams and family, and other relatives, here over the week-end. They were on their way to Clarksburg, West Virginia, where he has been transferred. R. W. Gray went with them and will attend school there. R. W. is Mrs. Haught's nephew.

\$53.50 Received For Red Cross In Local Roll Call

Eldorado exceeded its quota in the annual Red Cross Roll Call this year, with the largest enrollment in history being taken here.

A letter from the Red Cross chairman at San Angelo to W. F. Meador, who was in charge of the roll call here, complimented the work locally and stated that this was the largest enrollment ever received from Eldorado. The letter also stated that the San Angelo chapter was increased this year by about 150.

\$53.50 was sent the San Angelo chapter from Eldorado as a result of the roll call drive. This included 50 memberships in the Red Cross for the coming year.

Baptists To Hold Dedication Service On Next Sunday

CHURCH IS ORGANIZED IN 1901, NOW FREE OF ALL INDEBTEDNESS

Members of the First Baptist church will hold their dedication services next Sunday, which will include an all-day celebration. Invitations have been extended to all citizens of this county, all former pastors and former members of the church to come and join in this dedication service.

The First Baptist church was organized on September 1, 1901 with Rev. Ben Wilson, moderator and Rev. A. T. Talbert as clerk. There were fifteen charter members. Rev. W. F. Barnett was the first pastor.

The first church building was erected in 1905 at a cost of about \$1,500. The pastor's home was erected in 1912.

The present church building was erected in 1928 at an approximate cost of \$22,000, and it is a credit to any town the size of Eldorado.

During the summer revival, the church members decided that the balance of the indebtedness could be paid, and a committee was appointed to raise this balance of \$3,240. By the faithful work of this committee and the willingness of the people, not only of the church, but many who are not members of the church, this debt has been paid.

The notes against the church are to be burned and the building will be dedicated next Sunday. Services will begin at 10:30 a. m., with lunch being served. (See No. 1 Last Page)

HOME DEMONSTRATION COUNCIL TO MEET ON NEXT SATURDAY

Members of the County Home Demonstration Council will hold their regular meeting next Saturday afternoon at the office of the home demonstration agent.

As some very urgent business is to be transacted at this meeting all club delegates are urged to be present. Visitors are cordially invited to attend this meeting.

Will Buck All Mexican Team On Local Gridiron Team Weights Given

LOCAL STARLESS MACHINE IS PIPPED AGAINST SPEEDY POWERFUL ELEVEN

Friday afternoon on the Fair Park gridiron the Eldorado Eagles will carry the hopes of this village of 1400 against a school from San Antonio that has an enrollment of more than twice that of our own school, but with all of that, not more than half the spirit that has been shown by the team and town of Eldorado in bringing this important game here.

The Eagles of Coach Bynum set their sights on the District Championship in September. Their hopes have been realized and they are raising their sights to that of the Bi-District Championship. The outcome of these ambitions will be determined Friday at 2 P. M., when the Eagles meet Lanier High School of San Antonio.

The Lanier team is an all Mexican team that has a lot of speed in a little quarterback named Munoz, a powerful full-back in A. Rodriguez, an end who was voted to Captain the all-district team in T. Rodriguez, and Gonzales, a guard who has shown well all year. All of these boys made the all-district team in San Antonio. Spinners an end sweeps with Rodriguez and Munoz carrying the ball have carried them through all opposition so far this year.

To pit against this Latin-American team Eldorado has a starless machine that has mowed down all opposition, and appears to have gained momentum with each win.

The teams average about the same in weight, with Lanier having the edge in speed and Eldorado more power concentrated. See No. 2 Last Page

GOVERNMENT MEN TO BE HERE ON 13TH TO PURCHASE HORSES

Representatives of the War Department will be in Eldorado on Monday, December 13th, for the purpose of inspecting remount horses, which are to be purchased for government use. H. Alexander announced Wednesday that these representatives would be here and urged all who have horses to sell have them ready for inspection.

These men will visit the Alexander place, and horses will be inspected either at Mr. Alexander's place or at Eldorado. Meriton, Eldorado, Christoval and San Angelo are included on their itinerary for that day.

Dee DeLong, who is attending A. & M. College, spent the week-end here with his parents, Mr. and Mrs. D. E. DeLong. He was accompanied to Eldorado by his college roommate, Jack Cooper, of Dallas.

RULES FOR HUNTERS

While the following admonitions to hunters embrace only simple rules which every intelligent person should intuitively observe, the fact remains that a failure to observe them is the direct cause of numerous deaths and injuries every year. Read them over.

1. Do not load your gun until you reach your hunting grounds.
2. Always unload before climbing a fence and never lean a loaded gun against anything.
3. Never carry your gun with the safety catch off.
4. Never put your hand on the muzzle of your gun.
5. Never rest the muzzle on the ground.
6. Never jump a ditch with a loaded gun.
7. Do not load your gun in the house.
8. Do not carry a loaded gun in an automobile or on a horse.
9. Unload your gun before entering a boat and never load in a moving boat.
10. Never point a gun at anybody.
11. Never point your gun at any object unless you expect to shoot.
12. Never shoot at a question mark—it might be a man or woman.

TOOTHACHE HITS CHIEFS

Toothache is no respecter of persons, and a few days ago President Roosevelt and Vice-President Garner were both suffering from this distressing ail-

ment at the same time, the former losing one tooth and the latter two.

A recent bulletin of the Dental Institute of America warns against neglecting a toothache, which is nature's signal that even more serious trouble may lie ahead. The bulletin points out that a sound tooth seldom causes pain, but when a sharp disturbance occurs it means the exposure of a nerve, usually due to decay. It adds:

"The live, soft tissue of a tooth is known as pulp. It consists of the nerve and blood vessels as well as the soft tissues lining the inside of the tooth. When there is exposure or decay, the pulp becomes infected and the process of decomposition sets in rapidly."

If neglected, the decay continues into the nerve which dies from infection and the germs reach the nerve canal which goes all the way to the end of the root, causing more pain and inflammation. Dead teeth usually become discolored and there is danger of abscess formation at the root.

Proper cleaning at least twice a day and regular dental supervision alone can solve the problem of tooth decay. The filling of cavities before the nerve is affected will keep the teeth alive and healthy.

MANY BUFFALOES NOW

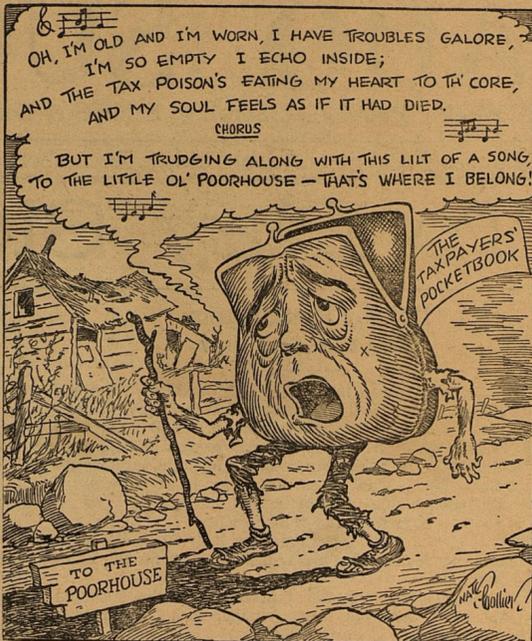

Through the protection afforded by game laws, a gratifying increase in American wild life has been made in recent years. In fact, in the case of some species of larger animals the number is becoming greater than desired.

A notable example of this is seen in the offer of the government to sell nearly 300 buffaloes, or bison, from some of its large Western preserves. The price named is \$60 for a live buffalo, crated and delivered at the nearest railroad point. Or one will be furnished at the preserve, butchered and including the hide, for \$50.

Yet fifty years ago it was feared that the American buffalo would become extinct because of the tremendous slaughter of the animals during the early settlement of the West. Shortly after the Civil War General Sheridan estimated the number of buffalo on the Western plains to be eleven million, while 25 years later the number had been reduced to about eleven hundred.

Before it was too late steps to protect this most typically American big game animal, and the danger of its extinction soon passed. Now the lack of available grazing land in government preserves has made it necessary to reduce the buffalo herds again.

THE POCKETBOOK'S LAMENT

YOU CAN'T PASS THE BUCK

Few of us have any adequate realization of the amazing progress that has taken place in making our modern automobiles mechanically safe. Inventors and engineers have literally shot the works, all the way from major improvements in brakes and bodies, to relatively minor safety additions such as the elimination of projections on instrument boards.

Similar progress has taken place in highway design. Non-skid surfaces have been applied, curves made into straight-aways hills flattened, and turns banked with slide-rule accuracy. And what are the results of all this expenditure of time, money and ingenuity, A soaring accident record, and a death toll that approaches the 40,000 mark annually.

The motorist can't pass the buck. Individual carelessness, individual incompetence, individual ignorance—these are the prime causes of accidents. The most withering commentary that

can be made on our driving habits is the fact that the great bulk of fatal accidents occur on good modern roads, under favorable weather conditions, and involve cars in excellent mechanical condition. The proportion of accidents that are honestly caused by mechanical failure of vehicles or bad road conditions, is microscopic.

Figures indicate that the 1937 toll will be even greater than the all-time record established in 1936. The most dangerous driving months are just in the offing, bringing with them shorter daylight hours, and snow and ice and rain. There is a very definite chance that you or one of your family will be the victim of a reckless motorist—or that someone else will be the victim of your driving. We will never reduce the accident toll until every motorist realizes the vast responsibility that devolves on a man at the wheel of a car, and takes, the simple precautions that will avoid 90 per cent of all accidents.

Timely Topics

Deliberating for several weeks after the baseball season ended, the Sporting News finally made its annual selection of the most valuable players in the major leagues for 1937. First honors went to Charlie Gehringer of the Detroit Americans and to Joe Medwick of the St. Louis Nationals. Second places were awarded to Joe Di Maggio of the Yankees and Gabby Hartnett of the Cubs.

James Thomas of London, walking with his wife in the semi-darkness of a large railroad station, fell into a mail bag chute and descended head first 90 feet. Landing on a wide conveyor belt, badly frightened but unharmed, he pulled himself together and rejoined his wife, who had fainted when he disappeared.

Expert metaphor mixing, quoted by Pathfinder: "The pale hand of death stalked into our

midst last week and fastened its cruel gaze on Uncle Darius Kilgore, ailing since he fell through his haymow and lighted on a steer."

When Adolf Stinkus applied to a New York court for permission to change his name, the judge said he didn't blame him, and asked what name he had chosen. The applicant replied: "Meyer Stinkus."

Wild deer are becoming so plentiful as to be a nuisance in certain northern Illinois counties, according to the Pecatonica News, which reports that they eat and destroy crops and get in the way of motorists on the highways. Being protected by law, the animals can not be killed.

Floyd Whittenburg of Culver City, Calif., draws a weekly check from a motion picture company for carrying a portable phone to the stars as they lunch in the company commissary.

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place.

In such cases, Cardul has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

ELDORADO, TEXAS

N. F. L. A. Observing Its 20th Anniversary

Marking two decades of cooperative farm-mortgage credit in Schleicher county, the Eldorado National Farm Loan Association is observing the twentieth anniversary of its founding this year. Since August 31, 1917, the day it was organized, the association has made loans amounting to a total of \$925,345.00 to 137 farmers, and now has 131 members. B. E. Moore of Eldorado is the association's president; A. L. Baugh of Christoval, is vice-president; and the other members of the board of directors are J. E. Spencer, T. W. Johnson, and F. B. Gunn, all of Eldorado, who have been directors since Jan. 12, 1937.

The group that met in Eldorado twenty years ago to form the association was composed of local farmers who signed the articles of incorporation and application for a charter. The charter member who is still a member today is Ira McDonald.

Members of this association become part-owners, thus sharing in the success of their own farm-financing business. In effect, therefore, the plan enables farmers to pool their credit resources and obtain their financing at low interest rates, but more particularly, enables them to arrange their debts on terms which avoid, as far as possible, the risks which go with a shorter term mortgage.

The association's loans are

made long-term contracts amortized over as much as 33 years, and the semi-annual payments reduce them to the vanishing point. At present, the association is making first-mortgage loans at an interest rate of 4 percent, a rate which has been in effect on new loans since June, 1933, and the lowest rate that the association has ever offered.

The association assists in making and servicing Land Bank Commissioner loans, which are made without the endorsement of the association. The association also makes loans to finance the purchase of farm real estate. Under this plan it is possible for worthy tenant farmers to own farms of their own. A reasonable down payment is required, and the applicants should have sufficient farming tools and livestock to work a farm.

April 3 of this year the Federal Land Bank of Houston celebrated its twentieth anniversary. During the past twenty years the Federal Land Bank of Houston has made through National Farm Loans Associations nearly 91,000 Federal Land Bank loans totaling approximately \$313,500,000. In addition, the bank has made more than 34,000 Land Bank Commissioner loans totaling more than \$63,000,000 to Texas farmers and ranchers.

Lieut. and Mrs. Robert Frost and daughter of Fort Sam Houston spent Thanksgiving here, with Mrs. Frots's parents, Mr. and Mrs. F. M. Bradley.

A. B. (Buck) Baiely, who is coaching in Washington University at Pullman, Washington, and Mrs. Susie Gibson of Phoenix, Ariz., came in Sunday for a visit with relatives here.

Mrs. Sam Jones is visiting her sister, Mrs. Sid Espy, in Brady this week.

Santa Fe spends 125 million .. in Eleven States!

The Santa Fe, in 1936, paid out more than 125 millions of dollars for materials and supplies, fuel, wages and salaries, and other items of operating expense, in the eleven states in which it operates. The amount assignable to each state was as follows:

Illinois . . . \$ 8,600,282	Louisiana . . . \$ 137,989
Iowa . . . 1,086,406	Colorado . . . 4,865,701
Missouri . . . 8,197,033	New Mexico . . . 15,111,396
Kansas . . . 27,069,366	Arizona . . . 12,919,152
Oklahoma . . . 9,606,664	California . . . 21,251,768
Texas . . . 16,216,061	Total . . . \$125,061,818

From 1927 to 1936, inclusive, the monies disbursed by the Santa Fe in these states for operating expenses totaled \$1,350,499,728.

This average annual expenditure of more than 135 millions of dollars over the past decade, devoted entirely to the purchase of goods and services, has been of inestimable value in promoting local industry and trade, and in providing varied employment for thousands of persons, throughout Santa Fe territory.

ELDORADO PUBLIC LIBRARY

The library will not be open on next Tuesday and Wednesday December 7 and 8. The following schedule has been announced for the month following these dates:

From Dec. 9th to Jan. 9th
Thurs. 9th: 10 to 12 a. m. and 1 to 5 p. m.
Friday 10th—10 to 12 a. m. & 1 to 5 p. m.
Sat. 11th—10 to 12 a. m. and 1 to 5 p. m.
Mon. 13th: 10 to 12 a. m. and 1 to 5 p. m.
Tues. 14th: 10 to 12 a. m. and 1 to 5 p. m.
Wed 15th: 10 to 12 a. m. and 1 to 5 p. m.
Thurs. 16th: 10 to 12 a. m. and 1 to 5 p. m.
Fri. 17th: 10 to 12 a. m. and 1 to 5 p. m.
Sat. 18th: 10 to 12 a. m. and 1 to 5 p. m.
Mon: 20th: 10 to 12 a. m. and 1 to 5 p. m.
Tues. 21: Not Open.
Thurs. 23rd: Not Open.
Thurs. 23: Not open.
Fri. 24th: 11 to 12 a. m. and 1 to 5 p. m.
Sat. 25th: not Open
Mon. 27th: 1 to 5 p. m.
Tues. 28th: 1 to 5 p. m.
Wed. 29th: 1 to 5 p. m.
Thurs. 30th: 1 to 5 p. m.
Fri. 31st: 1 to 5 p. m.
Sat. 1st: 11 to 12 a. m. and 1 to 5 p. m.
Mon. 3rd: 11 to 12 a. m. and 1 to 5 p. m.
Tues. 4th: 11 to 12 a. m. and 1 to 5 p. m.
Wed. 5th: 11 to 12 a. m. and 1 to 5 p. m.
Thurs. 6th: 11 to 12 a. m. and 1 to 5 p. m.
Friday 7th: 11 to 12 a. m. and 1 to 5 p. m.
Sat. 8th: 11 to 12 a. m. and 1 to 5 p. m.

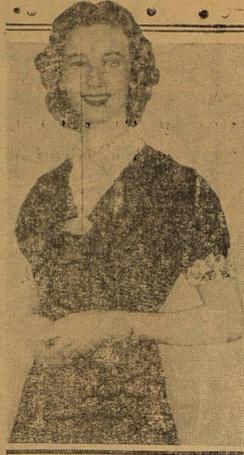

CARLOADINGS FOR NOVEMBER DECREASE

Santa Fe Railway System carloadings for the week ending November 20, were 23,580, compared with 25,407 for the same week in 1936. Received from connections were 5,503 cars, compared with 6,575 for the same week last year. Total cars moved were 29,083, compared with 31,982 for the same week in 1936. The Santa Fe handled a total of 30,577 cars during the preceding week this year.

Miss Leola Sauer, who is in business college at San Angelo, visited home folks here during the holidays.

Mrs. C. A. Graves and daughter, Elizabeth, recently returned from a 30 days visit with Mrs. Graves brother and other relatives in California.

Goes to Yamboree

DENTON, Texas.—Wearing the green and white colors of her school, charming Miss Ayune Mackey, sophomore from Glade-water, represented the North Texas State Teachers College at the Yamboree, annual sweet potato festival held this year at Gilmer, Tex., Oct. 21-23.

Santa Fe's Net October Income Is Below Oct. '36

The Santa Fe Railway's net operating income for October, was \$1,248,651, according to a statement released today by President Samuel T. Bledsoe. This is a decrease of \$1,212,256 under October of last year. Gross for the System Lines was \$15,620,661, an increase over October, 1936, of \$349,342, or 2.29 per cent. Operating expenses were \$12,999,145, an increase of \$1,429,846, or 12.36 per cent over the same month a year ago.

Of the increase in operating expenses, \$858,578 was on account of maintenance of way and structures and equipment, and \$282,840 on account of additional train miles necessitated by increased business. The balance was made up of increases in miscellaneous items.

Accruals under the Carrier's taxing and Social Security acts for the month were \$374,643. Railway tax accruals were \$1,303,008, a decrease for the month of \$4,634, or .35 per cent.

October gross 1937: \$15,620,661; 1936: \$15,271,319; 1935 \$13,758,018.

Net operating income 1937: \$1,248,651; 1936: \$2,460,907; 1935: \$2,341,269.

Aaron Edgar and Judge C. S. McKinney attended the San Angelo-Abilene football game on Thanksgiving.

Miss Mary Jess Koy was home from Texas University, visiting her parents, Mr. and Mrs. Jess Koy, during the holidays.

Pounding Given Rev. & Mrs. Clark Last Wednesday

At the close of the union Thanksgiving service on Wednesday night of last week, Rev. and Mrs. F. G. Clark were giving a nice pounding of good things to eat.

Rev. J. W. Leggett, Methodist pastor, had charge of the program. Rev. C. T. Aly, Baptist pastor, brought a very fine sermon on Thanksgiving. This service was an inspiration to all who attended.

At the close of the service, Rev. Leggett announced that there were three preachers present, and that one of them was to get a pounding. The preachers "drew straws," and Rev. Clark drew the straw that entitled him to the nice assortment of groceries and edibles.

Rev. and Mrs. Clark are very appreciative of this nice expression from their friends in Eldorado.

Miss Maxine Wilton, who is attending T. C. U. at Fort Worth, visited home folks here during the holidays.

Miss Margaret Stewart spent the Thanksgiving holidays in Johnson City, visiting her parents.

Mr. and Mrs. Eldred Roach and family and Mr. and Mrs. A. J. Roach spent the Thanksgiving holidays in Abilene, visiting Mr. and Mrs. T. J. Bailey and Mr. and Mrs. John Roach.

Rev. and Mrs. N. P. Wilkinson spent the Thanksgiving holidays visiting in Chrystal City.

PRESBYTERIAN CHURCH

Sunday School at 10:00
Evening worship at 7:15
Pioneer Society at 6:45
Come to Sunday School.
There's a class for every age, and a hearty welcome for every pupil.

At the hour of morning worship this congregation will attend the dedicatory service at the Baptist Church. We congratulate our Baptist brethren and rejoice with them in their accomplishment and progress.

At the evening service this church will observe Universal Bible Sunday. The subject of the sermon will be "The Fountain of Life." Interesting and helpful literature will be available and free to all.

A cordial welcome awaits all.

Sunday School at 10 a. m.
There will be no 11 o'clock service, as we are invited to worship at this hour with our Baptist friends.

Come to Sunday school, which will be dismissed at 10:45
Epworth League at 6:15 p. m.
Evening Service at 7 p. m.

Missionary Society in the "Week of Prayer" program Monday, beginning at 10 a. m. A covered dish lunch will be served at noon, after which studies will be resumed.

We had a good day last Sunday. Will look for you in Sunday school, League and evening service.

J. W. Leggett.

ONLY TWO MARRIAGE LICENSES ARE ISSUED HERE IN NOVEMBER

Johnnie Isaacs fell back to his usual number of two when it came to issuing marriage licenses during last month. His records show that only two couples applied for wedding permits during November.

Licenses were issued to Edgar Ussery and Lula Hamilton on November 9th, and to Henry Calcote and Dardenella Cox on November 13th.

A group of young women in Oklahoma City have organized the S. F. P. O. M. M. P. A. B., which being interpreted means the Society for the Prevention of Married Men Posing as Bachelors, and its object is to compel add married men to wear wedding rings. The girls say they have no time to waste on benedicts.

1921-1937

"THE REST OF THE RECORD"

BY JAMES V. ALLRED
Governor of Texas

ONE OR TWO-HOUSE LEGISLATURE

AUSTIN.—Judging from my mailbag the most popular question of the month is this: "Would the one-house legislature remedy the evils of the present two-house system?"

A great majority of those writing me think it would. Others while admitting the deficiencies of the present legislature ask pertinent questions about the unicameral (one-house legislature). Senator George Norris of Nebraska, father of the unicameral plan, has answered these questions in a speech printed in the Congressional Record.

The questions given below are typical of those in letters to me. The answers are those of Senator Norris as taken from his speech.

1. Isn't the one-house legislature more representative of the people than the present system?

"The adoption of a one-house legislature is a progressive step toward greater democracy. The idea of the present two-branch legislature was copied from England. One of these branches—the House of Commons represented the common people; the other branch—the House of Lords—represented the aristocracy, men of wealth. The original idea was that the monarchy needed a house of lords to protect one class against the inroads of another. It has no place in a democratic form of government where class distinction has been abolished. The great wonder is that it has been maintained so long in a democracy like ours.

"The two-house legislature must be condemned as out of date and permitting the control of legislation by special interests which through the instrumentality of shrewd paid lobbyists are able to defeat the will of the people at every session of a legislature consisting of two houses."

2. Isn't it easier for the lobbyists to control a one-house legislature than both the house and senate?

"The reverse is absolutely true. The professional lobbyist would find his occupation gone because his success depends upon his ability to assist the unworthy legislator to make such a record that his constituents cannot easily determine just what it is. This is also shown by the fact that in any attempt to adopt a one-house legislature, the proposition is always bitterly fought by trusts, monopolies, lobbyists, and special interests.

"In a one-house legislature where one member of the body has the right to secure a roll call on every vote, it is impossible for anything to be done in secret. Every act of the legislature and every act of each individual must be transacted in the spotlight of publicity.

"In a two-house legislature, with its necessary conference

committee, all kinds of opportunities are offered to perform public business in secret and to cover up the record so the people will not know just who is to blame for the defeat of good laws or for the inclusion of jokers.

"In a one-house legislature, the faithful servant would find his record understood by his people, and it would be impossible for the unworthy legislator to cover up his tracks. No legislation will take place in the dark. There will be no item of legislation without a public record. Legislative matters will be so simplified that the ordinary person will see through them and understand them perfectly. The people would be able, without any difficulty, to punish and reward according to the record."

3. What are the evils of the free conference committee under the present two-house system and will the unicameral plan remedy such evils?

"A bill to become law in a two-house legislature must pass both branches in exactly the same form. Where there is a disagreement between the two houses, it is referred to a confer-

ence committee. This committee is more powerful in all matters referred to it than either house.

"Its meetings are held in secret; there is no such thing as a roll-call vote; and there is no record of its proceedings. A bill, once referred to a conference committee, cannot become a law unless it is agreed to by a majority of the conferees representing each house.

"Thus, it is within the power of the committee, in secret and without a record vote, and without any public record whatever, to absolutely prevent legislation, and to kill or to modify, at its pleasure, any proposed legislation within its jurisdiction.

"If a report is agreed to, it is then reported to the house and to the senate, and the bill thus reported cannot be amended. It must either be accepted as a whole or rejected in its entirety. Thus, members of the senate and the house are compelled, without an opportunity to offer amendments, to vote for or against the conference bill as a whole. In order to get the good they must accept the bad. If they think the bad predominates, then, in order to reject the bad, they must likewise reject the good.

(Note: The outstanding example of this evil occurred in 1933 when the free conference committee tacked on to the departmental appropriation bill the rider authorizing race track gambling which had not been considered.)

"It must be understood in considering this question, that special interests, corporations and monopolies are not as a rule interested in securing the passage of legislation. They are almost universally interested in preventing legislation—which in one

way or another regulates their activities and prevents injustice by means of monopolistic control.

"In order to prevent passage of legislation it is not necessary to control both the house and the senate. It is only necessary to control one house, or to control the conference committee, or to control members of the conference committee from either house.

"Nothing of this kind could happen in an open-house legislature for there will be no such thing as a conference committee."

4. Would the unicameral system be less expensive to the taxpayers than the two-house system?

"There are a hundred different ways and means by which the one-house legislature will be much less expensive than a two-house legislature. We could increase the individual salary of the member and yet in the aggregate save a great amount of money in salaries alone. Logging, delays, and deadlocks (which are expensive procedures) between the two houses cannot occur."

What do you think?

D. A. R. CHAPTER HAS THANKSGIVING PROGRAM FRIDAY

The "Eldorado" Chapter, D. A. R. held its regular meeting Friday afternoon at 2:30 P. M. with Miss John Alexander. The subject for the program was "The First Thanksgiving Festival" and all present answered Roll Call with a verse of thanks. Mrs. W. O. Alexander read a paper giving the history of the Pilgrims; their settlement at Plymouth, Mass.; a sketch of their hardships during the early Colonial years and a vivid description of the first Thanksgiving Festival. The next meeting will be Dec. 11th, with Mrs. Ernest Hill. A salad course was served to Mrs. Alexander, Mrs. V. G. Tisdale, Mrs. E. C. Hill, Mrs. Joab Campbell, Mrs. C. M. McWhorter, Mrs. L. M. Hoover and the hostess.

Mr. and Mrs. Gordon Bird of Midland visited Mrs. John Davis over the week-end.

Miss Jessella Johnson, who is in business college in San Angelo, was home for the week-end.

Mr. and J. W. Hoover spent several days this week in San Angelo, attending the bedside of Mr Hoover's grandmother, Mrs.

Latham of Eden.

Mrs. Frank Webb is recovering from a recent operation in a San Angelo hospital.

Mr. and Mrs. Frank Kennedy and Mr. and Mrs. Floyd Kennedy visited in the home of Mr. and Mrs. Nolan Kennedy last Sunday.

NOTICE TO BIDDERS

Bids will be received Wednesday, December 8th, on the sale of 6,000 feet of shiplap and 2 x 4's and 2,800 feet of sheet iron.

Bids may be mailed either to B. E. Moore, pres., or Leslie L. Baker, secretary. We reserve the right to reject any and all bids.

NOBODY'S BUSINESS
BY JULIAN CAPERS, JR.

Austin.—The attention of Texans were turned anxiously this week toward Washington, where the House and Senate prepared to begin work on farm legislation. With the low price of cotton affecting adversely the prosperity of the nation's largest producer of the fleecy staple, and with Texans, including Reps Reyburn, Jones, Poage, Summers, Senator Tom Connally, and Vice President John Garner, taking a leading part in the drama of farm relief legislation that is in the making, hope was high that some political panacea may be found for an intolerable economic situation.

Crop restriction, soil conservation, subsidy, tariff readjustment, domestic allotment, processing taxes—each plan has its adherents—and the harried Congress is considering them all.

Would Prorate Production

With the virtue of being new, at least, was the latest suggestion, offered to the house Agriculture Committee, by Ernest O. Thompson, Texas railroad com-

Eldorado Finance Co.
J. H. Benton, Mgr.

missioner, who journeyed to Washington at the invitation of Marvin Jones. He suggested that the proper application of prorated production—the method which brought the Texas oil business out of the doldrums of huge overproduction and ten-cent oil into steady reasonable prosperity—might be applied to the cotton production situation. He told how consumer demand for oil is estimated in advance by the Federal Bureau of Mines, and production allowables are fixed by the various producing states, by cooperation through the Oil States' Compact Commission. He suggested such a plan might be used to control cotton, prorating production of domestic requirements among the producing states, exporting the surplus at a world market price, and using tariff revenue to compensate farmers when home markets fail. Expert of the surplus at low world prices, he believes, would go far toward regaining the lost export markets on a competitive price basis.

Oil Shutdown

Meanwhile, a mild furore developed over conditions in the production of Texas other and greatest "crop"—crude oil. With the 24,000th well completed in the giant East Texas field, and with a State law prohibiting the the Railroad Commission from reducing any well below the marginal minimum of 20 barrels daily, the Commission took cognizance of recent alarming drops in pressure in East Texas, and also of a seasonal slump demand, and ordered a shutdown of East Texas for four consecutive Sundays, in order to make

pressure tests. The first weekly shutdown passed off quietly, with no reported violations, despite protests against the restriction from various Chambers of Commerce and others in the East Texas field. Rail Commissioner Lon Smith, at outs with the majority of the Commission, as usual, demanded the Commission permit East Texas operators to make up the back allowable, resulting from the shutdown, but was quieted effectively when his colleagues pointed to a ruling by the Attorney General holding the Commission cannot permit such a makeup. Continued drilling in East Texas eventually will bring on a crisis, in which Texas will either have to amend the margin allowable law, or disregard the Federal estimate of consumer demand for oil, unless demand for oil should take a sudden and unexpected upturn.

Government Costs Up

The State, during the fiscal year ended August 31, took in \$192,078,728, and spent \$186,386,244, a study by R. S. Calvert, statistician for Comptroller George Sheppard showed this week. But the general revenue fund is some \$15,000,000 in the "red" because most of the State's income is ear-marked for special funds, such as schools, roads, unemployment compensation, old age pensions, etc. Of the States income, significant contributions were made by the gasoline tax, which accounted for 26.32 cents of each dollar; gross receipts taxes 12.71 cents; ad valorem property taxes 11.68 cents; cigarette taxes 4.18 cents; liquor taxes 2.44 cents; beer tax 1.14 automobile licenses 4.73; Federal, county and other aid produced 4.76 cents.

Highway building and maintenance and school maintenance continued to lead the list of government accounting for 36.75 cents of each dollar spent and schools 20.96 cents. Pensions stepped into third place with \$20,519,716, or 14.17 cents out of each dollar spent. Excluding non-revenue items, the State took in \$154,120,274 and expended for governmental costs a total of \$144,770,274 during the fiscal year. Incidentally, the cost of the legislature rose from \$325,146 in 1936 to \$958,109 in 1937.

New Session Outlook

"I'm not going to call another session until I am assured that something will be done. The only way is to get a definite commitment from those who apparently have more influence than I have," said Gov. Allred, commenting on a report that the County Judges Association would ask for another session to raise social security program revenue.

Nobody, of course, can assure the Governor what the Legislature is going to do in advance. The politicians here are freely offering odds that the Governor will change his mind again, and call another special session not later than March.

eran former assistant Superintendent of Education, who was "fired" on Christmas Eve without advance notice by Supt. Wood, is the first State candidate to announce formally with a platform. He will seek to replace his former chief, who is serving his third term, and will seek a fourth. Wood is conceded to have built up one of the strongest political machines in Texas, and odds are against anybody defeating it. . . . Dr. C. M. Rosser, of Dallas, a Democratic leader in Texas for 40 years, and close friend of William Jennings Bryan, has written a life of the Great Commoner which will interest Texans of a previous generation. Titled "The Crusading Commoner," Dr. Rosser's work reflects his years of intimate personal association with Bryan. . . . Thirteen ocelots, a striped bobcat, many game birds and other small game constituted the bag of Gov. Allred and Gov. Ammons of Colorado on their Mexican hunting trip. . . . Senators Will Pace, Frank Rawlings, Allan Shivers and Frank Scofield, revenue collector, all bagged deer on a trip to the Schreiner ranch and two other Senatorial hunting groups reported limit bags on their trips to Medina County.

PURCHASING POWER

OF CATTLE IS AFFECTED BY CATTLE NUMBERS

College Station.—Cattle numbers and the purchasing power of cattle follow cycles varying from 14 to 16 years in length, according to W. E. Morgan, economist of the Extension Service division of Texas A and M college.

When the purchasing power of cattle is high, production is stimulated, and cattle numbers increase, Morgan points out. On the other hand, when purchasing power is low, production is curtailed.

In 1920, there were about 49 million head of cattle in the U. S., Morgan says. In that year a steer was worth, in terms of what the ranchman could buy with the proceeds of the sale, 79 percent as much as it was in the years 1910 to 1914. In 1930, 10 years later, there were 3 million head of cattle in the country and a steer was worth 34 percent more in buying power than it was in 1910-14.

LOCALS

Mr. and Mrs. W. G. Godwin and baby attended the Thanksgiving game at A. & M. College and spent the remainder of the holidays visiting in Dallas.

Jack Meador, who is attending Texas University, spent the holidays here with home folks.

Charles Ratliff was home from Hardin-Simmons University to spend Thanksgiving with his parents, Mr. and Mrs. J. L. Ratliff.

Miss Helen Stanford, who is attending business college in San Antonio visited her parents, Mr. and Mrs. S. L. Stanford, during the holidays.

Misses Celeste Tisdale and Nell Campbell, who are attending T. S. C. W. at Denton, spent the Thanksgiving holidays here with home folks, returning to Denton on Sunday.

Miss Grace Ratliff, who is teaching at Bronte, visited home folks here over the week-end.

Johnnie Cleemnt, who is in S. M. U. at Dallas, spent Thanksgiving with home folks in San Angelo and visited in Eldorado Saturday and Sunday.

Miss Johnnie Ferne Isaacs was home from business college in San Angelo for the holidays.

Rev. and Mrs. J. W. Leggett and sons, Billie and J. W. visited friends in Robert Lee on Thanksgiving.

Miss Jetty Grace DeLong, who is in Texas University at Austin, was home for the holidays, visiting her parents, Mr. and Mrs. D.

E. DeLong.

Mary Heffley, who is attending school at San Angelo, spent the week-end here, visiting Beatrice Wright.

Mr. and Mrs. Hank Bowman, Milton Doyle and Miss Margaret Combest spent last Sunday in Villa Acuna, Mexico.

Mr. and Mrs. Dave Williamson attended the football game at A. & M. College on last Thursday of last week, and at Houston on Saturday they saw the Rice-Baylor game.

Mrs. Thompson of San Angelo spent Thanksgiving here in the home of Mr. and Mrs. Luke Thompson.

Mrs. Jewel Shurley and daughter of Sonora visited Mrs. V. G. Tisdale and Mrs. L. W. Balaw last Sunday.

Miss Anna Pearl Finley, who is attending San Angelo Business College, was home for the week-end.

WILL RECEIVE BIDS

Sealed bids will be received for one truck, cab and chassis, wheel base 131 to 133, equipped with 32x6-10 ply dual wheel on rear, 700x20-8ply tires on front, and power take-off, ready to mount Gallion dump bed.

Bids will be opened at 10:00 o'clock Monday, December 13 at the courthouse. All bids must be in on or before Saturday, December 11, 1937.

SPECIAL SUNDAY EVENING SERVICE AT PRESBYTERIAN CHURCH

Universal Bible Sunday will be observed Sunday evening at the Presbyterian Church. For many years one of the early Sundays of December has been observed rather widely in the churches of America and other lands to emphasize the importance of the Bible as a factor in the life and work of the Christian Church. The day has been called Universal Bible Sunday. The practical purpose in the observance of Universal Bible Sunday is to re-put its teaching into action in their thinking, attitudes, and conduct, and to assist in the distribution of the Bible to every person in the world.

Attractive posters will be on display, and free literature regarding the Bible will be available at the service Sunday evening. The sermon subject will be "The Fountain of Life." The public is cordially invited.

PAYMENTS UNDER 1937 AGRICULTURAL PROGRAM TO BEGIN IN DECEMBER

The Texas Agricultural Conservation Committee expects payments under the 1937 Agricultural Conservation Program to start shortly after the first of December, according to Geo. Slaughter, Wharton, chairman of the group.

The committee, in the course of its monthly meeting at Texas A. & M. College, indicated that most of the payments would be made in December, January, and February.

"The state AAA office here at College Station is equipped to check applications and to pass them on to the General Accounting Office at the rate of some 3,000 a day," Slaughter said. "This means that the limiting factor in paying farmers and ranchmen is the number of applications which we receive from the counties."

No payments can be made to any county until it has sent in at least 75 percent of its total applications, according to Slaughter. This minimum has been set as the lowest figure from which the county expenses of administering the program can be calculated. The county expenses are deducted from the payments.

The committee took steps to urge counties to send in their applications for payments as soon as possible. Meanwhile the committee pointed out that farmers had until December 31 to earn payments under the 1937 program by sowing soil building corps especially winter legumes, and by carrying out other conserva-

tion payments.

"Texas farmers earned only about four and a half million dollars in payments out of the more than six million allotted to the State under the 1936 program," Slaughter said.

CIVIL SERVICE EXAMS ANNOUNCED

The United States Civil Service Commission has announced open competitive examinations as follows:

Associate biochemist (syphilis research), \$3,200 a year, U. S. Public Health Service.

Specialist in maternal and child health, \$3,800 a year, and senior and principal specialists, \$4,600 and \$5,600 a year; and associate in maternal and child health, \$3,200 a year; Children's Bureau, Department of Labor.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

BIG SUPPLIES OF AMERICAN COTTON DEPRESS PRICE

College Station.— In the 1931-32 season cotton sold at five cents a pound, according to a statement recently prepared by E. A. Miller, agronomist of the Extension Service of Texas A. and M. College, who has long been prominent in cotton improvement work. The statement was made in connection with the current informational program now being brought before Texas farmers and ranchmen.

Cotton supplies, made up of production plus the carry over of cotton from previous years, amounted to almost 26 million bales at the end of that season, Miller pointed out. This is the largest supply of cotton for any of the 48 seasons between 1920-21 and 1936-37.

During the three seasons, when supplies of American cotton were about 20 million bales, the price was around 12 cents a pound. For the 1937-38 season, with an estimated supply of almost 24 million bales, the price has slumped to around 8 cents.

Failures Falling

Back in '31 and '32 hopes fell as Texas business failures mounted to almost a thousand each year. Still farther back, in 1921 the disheartening tabulation had reached between 100 and 200 a month. But in 1936, despite pessimistic predictions and morose calculations, the figures show that there was the lowest average of failures on record in this state. With a total of 178 for the year, the monthly average was less than fifteen.

Adayar Atchiovritch of Belgrade, Yugoslavia, got four and a half years in prison because of his mistaken idea that a wife is a chattel. He was convicted of trading his spouse to a soldier for a donkey.

* Harry Gregg of Clover Meadows, Calif., has spent his spare time the past two years sculpturing a likeness of Kay Francis, his favorite movie star, out of a rock 12 feet by 7.

NELL CAMPBELL IS DOING ASSISTANT WORK AT DENTON

Miss Nell Campbell of Eldorado, daughter of Mr. and Mrs. Joab Campbell, is now serving as a departmental assistant at Texas State College for Women, in addition to her regular college work.

Chosen by the director of the department, Miss Campbell qualified for her present position through her scholastic attainments, dependability, and achievements in the field of biology.
