

Heavy Rainfall Threatens South Texas Floods

Heavy rains flooded low sections of Corpus Christi Friday. Creek water overflowed into Kingsville. The weather bureau predicted the swollen Rio Grande would spill a minor flood into Rio Grande City. Water from Tranquitas Creek was reported 12 to 18 inches deep in northeast and southeast Kingsville. South of town, Escondido Creek threatened to break the dam at the Kingsville Country Club. It also threatened the village of Ricardo.

The weather bureau at Brownsville said heavy rains in the Rio Grande City-Roma area would swell the river to flood stage but only minor flooding would result. Rio Grande City has a low-lying area of homes along the river bank.

A slow fall in the river in the Rio Grande City-Roma area was predicted for Saturday with the rise continuing downstream to Brownsville for the next two days. The forecasters said the Rio Grande would be nearly bankfull all the way to the mouth.

Streets in low areas were blocked and police reported a number of houses with the muddy water seeping into their first floors.

The torrential rain continued a pattern of downpours that have hit South Texas for five days.

The Corpus Christi Weather Bureau warned that flooding conditions could be expected to continue Friday night in Kingsville, 40 miles southwest of Corpus Christi, and in Falfurrias, 30 miles southwest of Kingsville. No further flooding was expected in San Diego and Alice, due west of Corpus Christi, unless heavy rains resumed.

At Roma, almost 300 miles southwest of Corpus Christi, the normally placid Rio Grande rose 12 feet in seven hours and still was rising as runoff from Mexican rains surged downriver to the Lower Rio Grande Valley.

Rain measurements in Corpus Christi at 8 a. m. Friday showed 4.81 inches since midnight at Cabanilla field just outside the city limits, 3.4 at the official weather station, and 2.34 in the downtown section.

The Central Power and Light Co. reported 4.9 inches at Fremont in southern Jim Wells county during the night of Falfurrias and 7.2 overnight, for a total of 7.92 in the past 10 days.

Weather Bureau totals for the 24 hours ending at 6:30 a. m. Friday also showed .79 inch at Austin.

Mrs. A. P. Kasch Dies Thursday

Mrs. Anna Helen Kasch, 59, wife of A. P. Kasch, died in a hospital here Thursday afternoon. In ill health for a number of years, Mrs. Kasch had been seriously and progressively sick for the past three years.

Services will be held at 4 p. m. Sunday at the Nalley Chapel, where the body is in state, and burial will be in the Trinity Memorial Park. Her pastor, the Rev. Jordan Grooms of the First Methodist Church, will officiate.

Mrs. Kasch was born Jan. 12, 1894 in Hazelton, Pa. and came to Big Spring with her husband in 1923 from Idabel, Okla. For years she helped him in the operation of their plumbing and contracting business. A woman of infectious good humor, she also took part in community affairs.

She leaves her husband; two sons, Arthur F. Kasch and Paul E. Kasch, both of Big Spring; three granddaughters, Cheryl, Karen and Nancy Kasch; one grandson, Don Kasch.

Funeral services will be held at 10 a. m. Saturday at the Nalley Chapel. Burial will be in the Trinity Memorial Park.

Mrs. Ralph Meier, 38, wife of Col. Ralph Meier, married to Herald Kapash, March 2, 1953. She had married Meier Nov. 8, 1950, shortly before Meier entered the Army. Meier was captured Dec. 31, 1951, and released Wednesday.

The record of the annulment proceedings shows Mrs. Meier testified she "heard from a boy in Korea last fall" that her husband had been killed in a Communist prison camp.

"I still think he's dead," she testified. The annulment proceedings were brought by her second husband.

International Dam Impounds First Water

First water impounded behind the Falcon International Dam on the Rio Grande near Falcon, Tex., backs up behind the long earthen and concrete structure. On Oct. 19, President Eisenhower will meet at the dam with President Adolfo Ruiz Cortinas of Mexico for dedication ceremonies. Shown in center section of the dam, which extends more than two miles in each direction from this point. Water is still 25 feet below the spillway gates, lower right. American powerhouse is just to left of spillway; Mexican powerhouse is at left center. The old channel of the Rio Grande runs out of picture at lower left. With tower in left center is intake tower for a 22-foot tunnel beneath the dam through the Mexican powerhouse. The Rio Grande stretches out of picture at upper left on upstream side of the dam. (AP Wirephoto).

Congress Hails Lower Eisenhower Budget

By CHARLES F. BARRETT
WASHINGTON (AP) — Congressional leaders today hailed a new, downward curving Eisenhower administration budget as a step toward lower taxes and a clincher limit now.

The new budget scaled down two billion dollars the estimates of just a few months ago on federal spending, the deficit and the national debt for this fiscal year, ending next June 30.

Secretary of the Treasury Humphrey, pleased as punch, said the picture is now brighter than the administration's "best expectations." We have definitely turned the corner," he told a news conference yesterday.

Humphrey said: 1. Barring unexpected changes in the picture, it will not be necessary to call Congress back into special session to raise the federal debt ceiling. That question was left up in the air when the lawmakers recessed four weeks ago.

2. The administration will propose a balanced budget for the next fiscal year.

3. Chances have lessened that further increases in total revenue will be proposed to reach that prime goal of the administration.

But officials are considering all sorts of tax changes, including a national sales tax.

The new budget showed the peak has passed in spending by the military forces. This year's cash outlays were listed at \$41,700,000, two billion under last year's rate.

But foreign aid and atomic energy spending will reach a new crest this year, with substantial reductions scheduled next year.

The figures, revamped in the light of congressional appropriations, the end of the Korean War and new administrative surveys: Total government spending of \$72,100,000,000 this year; receipts of \$65,500,000,000, leaving a deficit of \$6,600,000,000 and a national debt at the end of the year of \$271,100,000,000. The legal debt limit is 275 billions.

Those figures compare with a May estimate by Eisenhower that spending would pass 74 billion and the deficit would pass 5 1/2 billion, and a July forecast that the debt would wind up two billion higher.

The budget was 6 1/2 billion below the spending program outlined by former President Truman in his final budget message to Congress last January. It was 2 1/2 billion below actual spending in the year ended last June 30.

The deficit was six billion less than forecast by Truman and 5 1/2 billion less than last year.

From the standpoint of total cash income and outgo, including social security funds and other trust accounts, not counted in the regular budget, the deficit was estimated at only one-half billion dollars.

That is the figure economists usually choose in measuring the effects of government finances on inflation. Humphrey said the cash annulment.

Mrs. Ralph Meier, 38, wife of Col. Ralph Meier, married to Herald Kapash, March 2, 1953. She had married Meier Nov. 8, 1950, shortly before Meier entered the Army. Meier was captured Dec. 31, 1951, and released Wednesday.

The record of the annulment proceedings shows Mrs. Meier testified she "heard from a boy in Korea last fall" that her husband had been killed in a Communist prison camp.

"I still think he's dead," she testified. The annulment proceedings were brought by her second husband.

budget actually may be balanced under President Eisenhower's recent order for still further economies.

He added that cost of living figures, showing one-half of one per cent increase in the past year, present "the most eloquent demonstration of a stabilized economy we could have."

House Speaker Joseph W. Martin (R-Mass.) said the announcement "is good news for the American people. The determined effort to reduce expenses and bring the budget into balance is bearing fruit. A balanced budget means we can begin to look forward to a decrease in taxes and that will be a stimulant to prosperity."

Chairman Taber (R-N.Y.) of the a strong wailer of the economy tax, said he hoped the deficit could be held to three billion dollars.

Eisenhower's recent economy order, he added, "has aroused the department heads to a sense of responsibility that they didn't have before."

Rep. Cannon (Mo), senior Democrat on the Appropriations Committee, said "it is a very hopeful situation." He added the new budget proves Humphrey was "utterly mistaken" in his unsuccessful effort in the closing days of Congress to get the debt limit raised from 275 billion to 290 billion.

Sen. George (Ga), senior Democrat of the Finance Committee, said there is no need to raise the debt limit now or later.

Despite what Humphrey called big improvements, the new budget left some king-sized headaches in the tax field. The figures assumed that individual income taxes would be cut 10 per cent on Jan. 1 and that the excess profits tax would

Traffic Record Is Attributed To Luck

The fact that Big Spring has had no traffic fatalities for the past two years is due mostly to luck, says Don Hill, area representative for the National Safety Council.

Hill Thursday addressed members of the Citizens Traffic Commission, city officials and others. He said that in 1952 Big Spring used only about 25 per cent of its potential to prevent accidents.

More than 70 per cent of the city's accident prevention potential should have been utilized.

The potential involves facilities for engineering, enforcement and education in connection with flow of automotive traffic, he explained.

"Traffic engineering should be somebody's responsibility, and an ordinance should be drawn to include a traffic engineering program," Hill declared.

The National Safety Council official called attention to the need for off-street parking areas in Big Spring. He also warned that unless parallel parking is instituted on Second Street, more and more business is going to gravitate from the downtown area to community shopping centers.

Hill stated that the most important factor for consideration of a businessman is not how many people can park in front of his store, but how many can get to it conveniently.

"Circulation of traffic in a city is the same thing as circulation of blood in the human body," he explained.

The safety representative called for conviction of more traffic violators who become involved in accidents. "If a driver is caught speeding or running a red light, we punish him. But after he has a wreck we assume the attitude that he has enough troubles already," Hill declared.

Nationally and locally, said the safety expert, driving while intoxicated is dismissed too lightly. A crackdown on DWI's in 1952 might have prevented some of the 18 traffic deaths in Howard County, he declared.

Hill recommended proper court procedures for traffic courts.

"For every person that enters federal or district court, hundreds appear in traffic court and form their opinions of the court system from what they experience there," he asserted.

He recommended a "graduated fine increase" for repeated traffic offenses.

Answers to the traffic problem, he said, is an organized community safety program and every community should adopt a traffic improvement plan.

Accompanying Hill to Big Spring was Clay Bedder, district safety officer for the Department of Public Safety. Appearance of the two safety workers here was sponsored by the local Citizens Traffic Commission.

U. S. Peace Meet Plan Obtains U. N. Approval

POW Says Reds Say All Captives To Be Returned

PANMUNJOM, Saturday (AP)—A returned U. S. prisoner said Friday the Communists told his camp they would return all captives, including those he asserted were convicted of "germ warfare" or other "crimes" which carried sentences of "no repatriation."

The report came as the Communists turned back 144 more Americans, who told of continuing brutality and torture behind closed doors right up to the armistice.

Lt. Roy Boyd of Winnetka, Ill., said the Chinese commander at his camp told prisoners a few days ago the Reds would return all prisoners, adding that this includes criminals and men convicted of germ warfare.

Previous reports said men sentenced to jail terms extending beyond the armistice for "crimes" were coming back, but the fate of officers and men convicted of "germ warfare" was in doubt.

Peiping has asserted that under terms of the Geneva Convention for treatment of war prisoners, the Communists had a right to withhold from immediate repatriation men convicted of "crimes."

The United Nations said the armistice calls for the return of all willing prisoners.

Prisoners have said many of their comrades were sentenced on such phony charges as "instigating against the peace" and others were forced to confess they had waged germ warfare. The United Nations has dismissed the Red germ warfare charges as propaganda.

Boyd said he knew of 20 to 25 men now at nearby Kaesong, where prisoners are assembled for exchange, whose sentences ran as high as 15 years.

"Everything indicates they will be repatriated," he said.

Bird Trouble

Roberta Martin, eight-year-old daughter of Mr. and Mrs. George Martin, feeds her pet robin a tomato worm. The friendship has led to a lot of difficulties around the Martin home in Kansas City, Mo., all stemming from one peculiar fact: the bird won't go away. Roberta saved the robin from a dog, and the bird, named "Bird-Bird," became such a pet that the entire Martin family and their friends sought bugs and worms for it. While searching for worms along a fence, Roberta fell, fracturing her arm in two places. That caused the family trip to Florida to be cancelled.

Only Communist Block Votes No

UNITED NATIONS (AP)—The U. N. General Assembly gave an overwhelming endorsement today to an American-backed plan for the Korean peace conference despite vigorous Russian opposition. The plan provides that only countries who fought under the U. N. banner should represent the world organization at the parley.

The vote was 43-5. The Soviet bloc cast the negative vote. India did not participate.

India avowed a certain defeat by withdrawing as a possible participant just before the voting.

With United States backing, the Assembly recommended that Russia could take part in the conference "provided the other side desires it." This means that, if Russia goes, she will have to sit on the Communist side with Red China and North Korea.

South Korea will sit with the U. N. delegation.

The action concluded the work of the special Assembly meeting which opened two weeks ago to choose U. N. representatives at the peace conference.

Andrei Vishinsky of Russia has given a veiled warning that the Communists may reject the Assembly's decision and try to reopen the whole debate when the

Assembly convenes its fall session Sept. 15.

Menon referred to the strong opposition by the United States and the Latin American bloc in the political committee and said: "I think the purposes of peace are best reached by not forcing the resolution on India in this Assembly."

India's defeat had been certain in yesterday's 27-21 vote in the Political Committee. This was far short of the required two-thirds majority.

Menon said "we are trying to allay the heat of the battle. We have not been a candidate but we think it the best course not to force the resolution to a decision."

His move drew applause from U. S. Delegate Henry Cabot Lodge Jr. and other opponents of India. Soviet Delegate Andrei Vishinsky sat still.

Lodge welcomed Menon's move as the gesture of a "great representative of a great leader of a great nation." He said the decision of India was "generous and statesmanlike."

The Assembly earlier had rejected 26-11 a Soviet move for a full dress debate on the Korean peace proposals already approved by the Political Committee.

The decision meant that delegates were limited to brief statements explaining their votes.

The Assembly was due to adopt an American-sponsored resolution — overwhelmingly okayed by the 60-nation Political Committee yesterday — that the conference include India.

1. The 16 U. N. members which supplied troops under the U. N. banner — the United States, Britain, Australia, Belgium, Canada, Colombia, Ethiopia, France, Greece, Luxembourg, The Netherlands, New Zealand, The Philippines, the Union of South Africa, Turkey and Thailand.

2. South Korea.

3. By implication, the Communist belligerents — North Korea and Communist China.

4. The Soviet Union, "provided the other (Communist) side desires it."

The Political Committee approved an invitation for India by a small margin — 27-21 — but the approval fell far short of the two-thirds majority required in the 60-nation Assembly.

The Assembly vote today was expected to follow the committee pattern, barring India from a place at the table.

Soviet Delegate Andrei Vishinsky told the Political Committee that the reactions of North Korea and Red China definitely would have to be considered here. And he left no doubt these reactions to the U. S.-backed conference lineup would be unfavorable.

U. S. Delegate Henry Cabot Lodge Jr. said this was a veiled threat that the Communists would torpedo the conference unless they got their own way about which countries would take part. Lodge had already said that the United States would support any country that

Fugitive Commie Leaders Nabbed

SAN FRANCISCO (AP)—Two fugitive Communist leaders and three alleged satellites, charged with harboring them in a remote mountain hideout, were swept up in a dramatic capture yesterday by FBI agents posing as campers.

A fourth follower was picked up late last night, 100 miles away.

All were jailed quickly—one of them in grim Alcatraz prison in San Francisco Bay.

Sixteen FBI agents in campers' blue jeans caught Robert George Thompson and Sidney Steinberg in a cabin 8,000 feet up in the rugged Sierra Nevada, about 200 miles east of San Francisco.

Their arrest climaxed a relentless two-year manhunt.

Thompson, one of the 11 top Communist leaders convicted in 1951 of violating the Smith Act, was rushed to Alcatraz. He disappeared two years ago when ordered to report to Federal Court in New York for commitment for a three-year prison term.

He will serve that three years at another prison, the FBI said.

Steinberg, indicted with 21 other "second string" Reds in 1951 on similar Smith Act charges, was jailed here on \$100,000 bail. He will be arraigned for removal proceedings to face trial in New York.

Steinberg protested the bail was excessive. U. S. Commissioner Joseph Karez replied "It isn't for a fugitive for such a long time, since 1951."

The other three captured in the Sierra hideout were locked up in San Francisco County jail on \$35,000 bail each. The FBI identified them as Carl Edwin Hasi, 40, a Minnesota Communist leader; Samuel L. Coleman, 42, of New York described as a veteran Red and leader in the Communist underground since 1951; and Mrs. Shirley Keith Kremen, 21, a reported leader of leftist activities in Los Angeles.

Hours after the first five had been arrested, FBI agents picked up Patricia Blau, 42, near Stockton Calif., and charged her with harboring the fugitives.

The FBI said an automobile found in the mountain retreat was registered under one of Mrs. Blau's six aliases. She was described as a Canadian-born Communist organizer who was naturalized in New York last year.

Thompson was one of four top Communists who disappeared in 1951.

Another, Gus Hall, party secretary, was arrested in Mexico City Oct. 9, 1951. The other two, Gilbert Green and Harry Winston, are still at large.

The 15 agents caught the fugitives by surprise in their two-story cabin not far from Yosemite National Park. They met no resistance.

The FBI said both Thompson and Steinberg declined to admit their identity, but in each case it was established by fingerprints.

Thompson was using the name of John Francis Brennan. He had driver's licenses from Illinois and Pennsylvania.

Steinberg was going under the name of Joshua Newberg and carried a business card as a violin teacher.

POW CAMP MEMORY

Tough Jet Pilot Looks For Man Who Aided Him

By SANKY TRIMBLE
ALBUQUERQUE, N. M. (AP)—A jet pilot too tough for the Reds to crack is looking for a man whose name he doesn't know to say thanks for a memory.

That memory literally pulled Lt. Col. Thomas Harrison of Clovis, N. M., through months of imprisonment, cruelty and torture as a prisoner of the Chinese Reds.

Harrison's search is for a man, once an Albuquerque contractor, whom he met only casually 3 1/2 years ago. The Air Force officer asked The Associated Press to help find the man.

"I don't know who he is, but I would appreciate it if you would help me find him so that he would know that he gave someone a lot of help when he needed it," Harrison wrote.

Harrison wrote that after he lost his left leg when shot down in North Korea, his right leg became infected and he was afraid he would lose it too. He said there was no one to talk to, nothing to do but lie and stare at his prison cell ceiling.

"Naturally I began to worry about my future and tried to remember all that I could about artificial legs. It was very little. As a result, my mental condition became very bad.

"I knew the worst thing that could happen to me was to despair. As long as I could maintain hope I could make it. I prayed and prayed hard.

"God answered my prayers. When I felt the worst, I suddenly remembered an incident which happened at Sandia Base (Albuquerque) in May, 1950."

Harrison related he and his wife, Doris, were at a dance and were introduced to a tall blond man who later danced with Doris.

"I noticed he did a pretty lively fox trot," Harrison recalled. "When he returned to our table, he unexpectedly said: 'You would never believe I have an artificial leg,' and raised his trouser leg to prove it."

Harrison says, "It was a small incident then, but now I credit that incident with giving me the inspiration which helped me pull through a very difficult situation."

Du Pont Tax Bill More Than Salaries

WILMINGTON, Del. (AP)—The E. I. du Pont de Nemours and Co., world's largest chemical firm, reported today its income tax bill to the U. S. government was higher than its payroll for the first half of 1953.

Du Pont said it had set aside 233 million dollars to pay federal taxes, while wages and salaries paid employees amounted to 226 million.

"If state, local, security and other taxes had been included," Du Pont pointed out, "they would have added about 16 million more to the tax bill."

BLISSFUL CONTRAST

Medal Winner Gets A Chance To Rest

In blissful contrast to his tumultuous welcome home Thursday, Lt. George O'Brien Jr. lay in the quiet of his home Friday morning—sound asleep.

Twenty-four hours earlier his fellow townsmen and Webb Air Force Base officers and personnel were paying tributes to the returned Medal of Honor winner.

Expecting only a few people out to meet him, Lt. O'Brien peeped dubiously from an Air Force plane into the face of a multitude. There were color guards, honor guards, his family, VFW and Legion units, and the Wing band playing spiritedly.

"I was downright embarrassed out there," he confided later. Unused to the attention focused upon him, he insisted that the Medal of Honor to be presented him for his courage and leadership last October in Korea belonged instead to the men in his Marine rifle platoon.

Even after he was whisked from Webb AFB hurriedly through the downtown streets, he still faced a group of reporters asking about his plans, his reactions to recognition, his feelings about being home. Patiently he answered these.

"To go through something like that," he said in reference to the terrific bombardment and wall of fire through which he and his men had to move, "you have to know and understand that there is something greater than thou."

And again he paused to pay tribute to his men, declining to estimate casualties in the particular action for which he was cited. At one point he did indicate that possibly no more than a dozen out of the 75 were able to move around after it was over. Regarding part of the citation which told of his refusal to be relieved until all his men were cared for, he brushed it aside: "I didn't stay back there very long, I'll tell you that."

Invariably, he got back to the Marines—"the finest organization of its kind in the world." He said

Golden Eagles Now In West Virginia

ELKINS, W. Va. (AP)—Golden eagles, usually found in the western states, have shown up in recent years in limited numbers in this mountainous area along the West Virginia-Virginia border. Conservation officers report two golden eagles were killed in Pocahontas County in the spring

of 1952. Remains of three others were found this summer. The belief is that two giant birds had nested and been raising young in an isolated cliff. One of the last three appeared to have been an adult. All had been shot. Both the bald eagle and the golden eagle are protected by state law in West Virginia.

Canada uses limited amounts of natural gas from Texas and Kansas.

Riding THE GRUB LINE With Franklin Reynolds

The district contest to select the queen of District 8 of the Texas Farm Bureau Federation will be held at the Settles Hotel in Big Spring the afternoon of Friday, Sept. 4, according to word from Bill Hoover of the TFBF headquarters in Waco.

Contestants for district queen will be those young ladies who have won the county queen titles in the district. Also to be selected will be a runner-up. The contest will be held in connection with the annual district membership meeting, an all-day event.

The district winner in the queen contest will represent this district in the state contest, which will be held during the state convention at the Baker Hotel at Mineral Wells, Nov. 9-10-11. Twelve other district queens will be selected in similar meetings this month and next throughout the state.

The young lady winning the district title here will receive a beautiful wrist watch plus an expense-paid trip for herself and a matron escort to the state finals. The girl who is chosen state queen during the state convention will be allowed \$500 expenses for herself and a matron escort to attend the annual national convention of the American Farm Bureau Federation in Chicago in December.

The program for the district membership meeting of the TFBF here on Sept. 4, will include discussions of Farm Bureau plans and policies by C. H. DeVaney of Coahoma, state vice-president; Marvin Carter, organizational director; Leon M. Lane, state field representative, and M. C. Jaynes, organization specialist with the Texas Agricultural Extension Service.

The invocation at this meeting will be delivered by the Rev. Lynn Crossman, pastor of the Coahoma Presbyterian Church. Musical events will also be included in the day's program, which will be concluded with the selection of the district queen.

While drinking coffee in Stanton a few days ago with Martin Vavra of the SCS, County Agent Ray Hastings, and Charley Daniel, Martin County PMA officer manager, that trio about convinced the Grub Limer of one thing, and that is about we "ain't seen no dust storms yet" if the farmers west of Big Spring, and plumb on out into New Mexico, don't get enough moisture to plant cover crops.

Hastings, who looks after the Soil Conservation District equipment in Martin County, says he has had a number of farmers come in and ask for reservations on the drills "if and when it rains."

Vavra says the dollar looks bigger to the farmer who has it than it ever has before and that they just can't afford, or are afraid to take chances on, dry plantings. They're afraid, says Vavra, that the rain won't come and that the seed will blow away. He says very few people have been able to get cover crops planted as far as he knows.

Daniel says he believes Martin County will produce more cotton this year than last year but that the increase will be due to increased irrigation acreage.

Jim Kelly, editor of the Stanton Reporter, who can easily remember when there weren't any automobiles, much less paved highways and hitchhikers, has a new worry.

He's wondering, now that there aren't any more water tanks along the railroads, where the hobos are stashing themselves out so they can catch trains—or if there are any real hobos any more!

To the "exchange desk" here in the Herald office come newspapers from all over the country, and more frequently than most people might think stories pop up about how some fellow riding in a car with his arm in or out of the window is sideswiped by another car and his arm torn off.

Yet in spite of this at least one-fourth of the drivers appear to continue to drive that way. It will be the other fellow's arm, not theirs, that gets snatched away. Besides they can't be daredevil traitors to everybody else if they have both hands on the steering wheel.

Three Dawson County farmers have experimental plantings of Guar in an effort to learn something about just what it can and will do. This has proved, in two years, to be a very popular cash and soil building crop in Dawson. Arthur Little, five miles south of Midway, which puts him a little northeast of Ackerly, has cotton growing on land that was planted to Guar last year, and he is leaving volunteer Guar in his cotton rows to determine its drought-resistant qualities. At present the Guar is a little taller than the cotton and the cotton is the best on his farm.

Monroe Davis, one mile west and half a mile south of Sparenberg, planted Guar July 20, and it is up to a good stand four or five inches high. Dan Corley, five miles south of Lamesa, planted Guar Aug. 17, and Jess Jenkins of the Lamesa unit of the SCS, says that with favorable weather conditions the Corley Guar should make enough growth for the root nodules to add nitrogen to the soil, as well as enough top for organic matter and more nitrogen.

Toady Morris, three miles east of Lamesa, has been leveling land with the Dawson SCD's plane. A number of farmers have been using the district's legume seeder to plant hairy vetch in cotton middles. These vetch plantings are on irrigated land and the vetch can be watered for cool season growth. The best planting time for the vetch, they say, is from Aug. 15 to the middle of September.

Free Kindergarten Cut Is Protested

JERUSALEM, Israel (AP)—A protest movement has started here against the government plan to cancel the free "Compulsory Kindergarten" for five year olds. The Minister of Finance believes that the cut would mean a considerable saving on teachers' salaries hitherto paid by the State.

"Save the Kindergarten Committee" representing 10,000 parents and 103 kindergartens has been set up to convince the government of the social disadvantages that would be caused by the closing of the "Compulsory Kindergartens" probably forcing children back on the streets as many parents couldn't afford the fees demanded in private kindergartens.

Special Investigation

CIMARRON, KAN. (AP)—A motorist with poor coordination rounded a residential corner here, smashed into a home and caved in the front wall of the building. Sheriff Charlie Davis launched the investigation with special test. It was his home.

Scientist Tells Physicians Grandma Needs Specialist

By ALAN D. CLINE
SAN FRANCISCO (AP)—Grandma needs a medical specialist just like junior, says the head of a scientific society devoted to helping the nation's senior citizens.

"Families should have a dependable family geriatricist for their older members" comparable to junior's pediatrician, Dr. E. V. Cowdry, told the Gerontological Society last night.

The St. Louis scientist deplored the lack of full-time experts in diseases. He described some of those now practicing as excellent—others as "half-baked."

The fear of growing old is hampering the solution of problems facing the aged, Dr. Cowdry declared.

"Because of this phobia, we like to turn away from old people and their difficulties, and concentrate instead on starry-eyed children," he said.

"Our nation is not discharging its duty to the increasing millions of citizens who face with trepidation their declining years."

However, social and medical scientists in final sessions of the three-day meeting presented these findings from research projects aimed at relieving that trepidation:

1. A proper diet of milk products

can lessen incidents of arthritis in body joints (osteoarthritis).

2. Atherosclerosis—the condition which often leads to heart attacks and apopleptic strokes—may be caused by a deficiency of heparin, a chemical normally found in the liver and lungs.

3. Educated persons get smarter as they get older.
Dr. L. M. Cronwell, San Diego, said results of his experiments with 269 osteo arthritics showed "the older people who hadn't liked milk products had more osteo arthritics than their counterparts who had liberally used them."

Dr. Hyman Engelberg of Los Angeles said his research—if confirmed—would show that atherosclerosis or hardening of the arteries is a heparin-deficiency disease just as diabetes in many cases results from insulin deficiency.

Files Fight Borers

BLUE EARTH, Minn. (AP)—To combat an infestation of corn borers, which attack and destroy the corn crop, farmers here have imported parasite flies from New Jersey.

The flies are natural enemies of the borers, but do not harm human beings nor animals.

Train Rams Tank Truck

The Union Pacific's Portland Rose rammed an oil tank truck at a crossing near Greeley, Colo., Thursday. With the burning, smashed tank emplaced on the engine, the train plunged for three miles with its sheath of flame and smoke before it could be halted. One crewman was killed and another critically injured. (AP Wirephoto).

Last Daily Casualty List Sent Out By Pentagon For Korea War

By C. YATES MCDANIEL. WASHINGTON (U)—The last daily casualty list of the Korean War has been sent out by the Pentagon, one month after the firing ceased along the Far Eastern battle front.

By the time list No. 889 is published on Aug. 31, all but a few of the 142,277 American killed, wounded or missing in Korea will have been identified by name and category of casualty.

The military services are still holding back from publication a handful of casualty notifications because their best efforts to date

have failed to locate the next of kin which each serviceman registers when he puts on his uniform.

The largest daily casualty list of the Korean campaign was made public on Oct. 8, 1950. The 1,211 names in that list represented casualties during the landing at Inchon, the first battle for Seoul and the breakout of the Pusan perimeter.

The second largest list, containing 1,195 names, was published on Nov. 4, 1951, more than three months after the start of armistice talks.

ment Aug. 19 covered all but a few of the casualties up to the moment the cease-fire went into effect on the morning of July 27, U. S. time.

Since that summary, however, there has been a steady increase in the total of deaths and a corresponding decrease in the number of current missing. The return of prisoners at Panmunjom has not only cut the number of missing, but also provided information from which the services have determined that some men previously listed as missing are dead.

The last casualty summary reported 8,529 current missing. The Communists originally agreed to return 3,313 American prisoners. In recent days the Reds indicated they would turn back an unspecified number of Americans who were captured in the final days of the conflict and were not counted in the agreed exchange totals.

The gap between 3,000 odd and 8,529 may never be accounted for to the full satisfaction of the U. S. government. After all possible information has been obtained from the Communists and all reports of returned prisoners have been correlated, the men then still listed as missing will be declared dead.

'Antique' Air Pilots Okay, Says Prof

SAN FRANCISCO (U)—Don't worry about those "antique" airlines pilots, says Harvard Professor R. A. McFarland. They're just as safe as younger fliers.

McFarland in a paper prepared for the Gerontological Society today, said a study of fatal accidents on scheduled airlines in the past 12 years "produced no evidence to show that older pilots—those over 40—have more accidents than do younger men."

It's true, McFarland said, that the older men are at a disadvantage because of slight losses in seeing and hearing ability. But it appears, he added, that these are more than offset by the veterans' improved judgment and additional experience.

Hannah Arrives

OKINAWA (U)—Dr. John A. Hannah, assistant U. S. secretary of defense for manpower and personnel, arrived today from Japan for an inspection of installations at this Far East military base.

Although the Pentagon has discontinued both its weekly summary of casualties and the daily lists, the checking and rechecking of casualty information will go on for months and possibly years until the Defense Department closes its books on the third costliest foreign war in U. S. history.

It was not until this summer that the Army issued a final report on its World War II casualties.

The preliminary total of killed, missing and wounded in Korea reported by the Defense Department

WHY "GET UP" NIGHTS?

It's not necessary. Raise the pH of the fluid in your bladder with CIT-ROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CIT-ROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.50 at your druggist. For sale by

14 Additional Texas POWs Freed Today

By The Associated Press. Fourteen more Texans were freed Friday in the Korea War prisoner exchange.

As the 14 came grinning and shouting back to freedom in Korea, others released earlier were arriving home.

One joyous reunion occurred Thursday night in Dallas. Mrs. Ola Esters had met every train from San Antonio for two days in hopes of greeting her son, Pfc. Mitchell Conway. He was among the first Texans freed and was due in Dallas from the San Antonio processing center.

"There he is!" she shouted. "Oh! I see him—I see him!"

Conway, his big grin making a missing tooth doubly conspicuous, stepped down from a bus, collided with his mother, grabbed her up, and gave her a very big hug.

The 14 Texans released Friday brought to 154 the number exchanged.

They included Pfc. Reuben Kimball Jr., of Baytown, who went absent without leave early in the war because he wanted to fight. Kimball is the son of Reuben Kimball Sr., of Baytown.

Kimball was refused permission to join front-line fighting in Korea in July of 1950. So he picked up a pair of 45s, a couple of buddies and took off for the front. He was captured a few days later.

"Of course we were just thrilled to death," said his father in a voice calm and unexcited. "We'd been kind of expecting his release."

Sgt. Roy Jenkins, 24, of Dallas, captured Nov. 28, 1950 said "I saw 1,500 men die in January and February of 1951 from starvation and lack of medical treatment."

"They'd have 20 guys in a little room," he said.

"Half would die one day and half the next. They died like flies. They didn't beat you so much but they'd try to freeze you to death. Almost all of the men had frozen feet and hands."

Jenkins said he spent six and one half months of his imprisonment in confinement or at hard labor.

Others newly released were Sgt. Gilberto Nava, Houston; Cpl. Donald Short, Patsville; Cpl. Frank Durant, Alpine; Cpl. Ramon Martinez, Crystal City; Cpl. Lupe Rodriguez, San Antonio; Sgt. Ricardo Cortez, Brownsville; Cpl. Andrew Mendoza, Wetmore; Lt. Billy Foshee, San Antonio; Sgt. Carol McEntire, Hughes Springs; and Lt. Ernest Reid, Irving.

San Antonio's first casualty of the Korean War, Sgt. George Longoria, 25, reported missing in action in July of 1950, was among those newly released.

News of the release of another San Antonian, Cpl. Jose Hinojosa, 22, sent his sister, Rose, 22, into hysterics. She was put under a doctor's care. The young woman

'Peace Pilgrim' On Way To Washington

BATTLE CREEK, Mich. (U)—A middle-aged blonde, self-styled "peace pilgrim" reached Battle Creek from Kalamazoo late yesterday in her trek across Michigan.

She says she started her hike Jan. 1 from Los Angeles and hopes to end it in Washington several months hence. She's carrying a "peace petition" she hopes to present to President Eisenhower.

The woman refuses to give her name, saying: "Who I am is unimportant." She also says she refuses all offers of rides.

En route from Kalamazoo to Battle Creek she said she was given three meals by hospitable Michiganders and that one group took her to an ice cream festival. She reported she spent the night under a tree near Comstock, Mich.

Milk production records are kept on only about five per cent of the cows in the United States.

was recuperating from an appendectomy. The Defense Department had

tomorrow 21 Texans freed in the prisoner exchange are due to land in San Francisco. After brief processing they will be sent on their way homeward.

American POWs Say Reds Kept Up Tortures Until Truce Signed

PANMUNJOM (U) — Returning American prisoners today accused the Communists of continuing brutality and torture right up to the armistice—but behind closed doors where they could not be seen.

Of 144 exuberant Americans freed from Red prison camps today, many were captured in the first few weeks of the war. Some said they had been beaten and tortured almost until the truce July 27.

The Communists also turned over 4 British, 2 South Africans and 250 South Korean prisoners.

The South Africans sported six-inch beards.

The Americans were laughing and happy. They seemed to be the most jubilant group of prisoners to return so far in the 24 days of Operation Big Switch.

The Communists promised to return 145 more Americans, 3 Turks, 2 Australians and 250 South Koreans Saturday.

Friday's delivery brought the number of Americans returned to 2,422 of the 3,213 the Reds said they held. The Reds have sent back a total of 9,819 of the 12,776 Allied POWs they listed.

Some Americans returned Friday told of an infamous North Korean death march early in the war when a French nun was dragged through the streets of a town and shot. Pfc. Reuben K. Kimball Jr. of Baytown, Tex., said he watched the bitter spectacle. He said he saw the Reds kill 30 American prisoners, all but 13 of them wounded men.

The co-pilot of a U. S. B29 shot down in November, 1950, said he was taken to Manchuria for six days with three other survivors for questioning.

The filer, Capt. Billy B. Foshee, 28, of Bowling Green, Ky., said

more than 200 Air Force officers held at his prison camp No. 2, are now at the Red exchange grouping point of Kaesong, awaiting repatriation.

Another American, Cpl. Thomas Kappel, 21, Homestead, Pa., said he saw Maj. Gen. William F. Dean, captured U. S. 24th Division commander, at a prisoners' athletic meet in Pyoktong in November, 1952. There still was no indication when the Reds would free Dean.

As the last of the day's prisoners were being exchanged, the Joint Military Armistice Commission met at Panmunjom.

Maj. Gen. Blackshear M. Bryan, U. S. 24th Division commander, said that Indian troops who will guard prisoners unwilling to return home be granted the right of movement into and out of the neutral zone. The Communists agreed.

An advance Indian unit moved into the demilitarized area Friday. It was a medical group which has been in Korea almost three years.

The main body of Indian troops, about 5,000, is enroute to Korea aboard troopships and is expected to move into the demilitarized zone about Sept. 7.

Bryan said the Indians may arrive at Panmunjom by helicopter, circumventing South Korean objections to landing on South Korean soil. A spokesman said they would

be transferred from their ships to an aircraft carrier and flown in from there.

Bryan also acknowledged three Red complaints of violation of the demilitarized zone — unauthorized flights by Allied aircraft—but he said it was just a case of one plane being seen three times.

The 144 Americans returned Friday were rushed to nearby Freedom Village, where they were given food and showers and where they told their experiences.

Cpl. Franklin Eugene Harding, 20, of Rockcrest, Rockville, Md., described an almost medieval form of torture the Chinese Reds practiced upon him during this past year at Camp 3.

Harding said he refused Chinese demands that he confess to "sabotage". He said the Chinese placed boards around his body that tightened against him when they turned screws.

He said they turned the screws every 15 minutes for two hours, until the pain became so excruciating he agreed to sign the confession.

At the port of Inchon, about 400 more returned American prisoners of war were scheduled to board the troop transport Marine Phoenix for return to the United States.

The Phoenix is scheduled to leave for San Francisco Saturday.

Eisenhower Plans To Just Loaf Today

FRASER, Colo. (U) — President Eisenhower, enjoying his first full-time vacation in more than a year, planned to "just loaf" today at a secluded ranch here in the Colorado Rockies.

The President drove from Denver yesterday to the ranch of Axel Nielsen, an old friend. He intends to stay through next Tuesday.

White House Press Secretary James C. Hagerty told newsmen accompanying Eisenhower that the chief executive had decided to wait until tomorrow to do any trout fishing.

A sore elbow which developed while he was fishing at Pine, Colo., last week was keeping the President from St. Louis Creek, which flows through the ranch area.

"He is going to do nothing but just loaf today," said Hagerty.

Four crewmen of a Coast Guard B-17 that crashed in Lake Washington, near Seattle, Wash., pull up to a pier as Lt. G. W. Snoddy, Naval Air Station fire marshal, extends his hand to Lt. J. W. Day, Nashville, Ill., co-pilot of the plane. In the left, right to right, are Louis Hammer, machinists mate, Prosser, Wash., who had scalp cuts; Henry M. Richborg, Summerton, S. C., leaning over side of raft, and Joseph T. Kalkman, electronicsman, Faulkton, S. D., in background. (AP Wirephoto).

Primo Carnera Will Become United States Citizen Today

By BOB THOMAS

HOLLYWOOD (U)—Primo Carnera today is scheduled to pick up his citizenship papers—Uncle Sam's gift to go with his new career as an actor.

"It's a great day for me," grins the gargantuan ex-heavyweight boxing champ. "I've been looking forward to it for 20 years."

Carnera and his wife both will receive their final papers today, thereby bestowing citizenship to their son, 14, and daughter, 11. "That's the nicest thing we could give them," remarked Primo.

The former champ's other great enthusiasm is his acting career—and I don't mean the acting he does on the wrestling circuit. He's a full-fledged movie performer now, appearing in two pictures at once. By day he does a wig and silken costume to cavort with Bob Hope in "Casanova's Big Night." Then he puts on another wig at night for his role in "Prince Valiant."

"This is my third career," he

enthused. "First came boxing, then wrestling and now acting. I'm leaving soon for Italy, where I'll film my own life story and appear in it myself."

Primo's life should make quite a picture. The naive Italian boy came to this country and was ballyhooed into a top ring attraction. He made fabulous money but ended up with little to show for it.

"I wasn't as broke as some people have said," he explained. "My money was cut up into a lot of pieces, but I managed to keep some. My mistake was taking the dollars and changing them to lire in Italy. Then came the war and it all disappeared."

"During the war I had to dig with a pick and shovel for the Germans, I worked on the farms and did underground work with the Americans. When the war was over, I had about 35 offers for appearances all over the world. I chose to come to America and be a wrestler. I always wanted to come back here."

Primo, a big, friendly bear of a man with ham-like hands, said he found the wrestling game pleasant and profitable.

"The gross isn't as big as in boxing," he remarked. "When I fought Max Baer for the title, I fought him for 12 rounds, received 42 1/2 percent of the gate, which was a million dollars."

"But a boxing champ fights only once a year. When I go out on a wrestling tour, I work four or five nights a week in all parts of the country. Sometimes the gate is big, sometimes not. But it's steady pay."

I asked Primo who was the best fighter he faced in the boxing ring. "Jack Sharkey," he replied without hesitation. "He was the complete boxer, a well-rounded fighting man. He could do everything.

Jeweler Kills Wife And Sons, Then Self

NEW YORK (U) — A jeweler, estranged from his wife about a year, shot and killed her and the couple's two sons yesterday at a Bronx apartment and then took his own life.

Dead were Jack Howard, 38; his wife, Ruth, 36; Stanley, 9, and Harvey, 5.

The husband and wife were dead when police arrived. The two sons, both shot in the head, died later without regaining consciousness.

Standards for Christian Leaders

PAUL ADVISES TIMOTHY TO STUDY THE SCRIPTURES

Scripture—1 Timothy 3:1-13; 4:6-16; 5:11-22; 11 Timothy 3:14-17.

By NEWMAN CAMPBELL

SIMILAR to last week's lesson on prayer is the subject of Bible reading. We hear the Scriptures read frequently in church. We may often read them in our homes. Do we always think and meditate on what we hear read or read to ourselves?

On the other hand, the Bible is probably the most quoted book in the Christian world. Almost automatically, when certain circumstances arise, we find ourselves quoting the beautiful words of the Scriptures that are appropriate to them. Men and women serving in the armed services probably read their Bibles more now than ever before in their lives.

When St. Paul wrote the epistle to Timothy he was very near his martyrdom. They were his last written words, and we can imagine how Timothy treasured them in his mind and heart.

Do you children remember that picture of Timothy as a young boy, listening to the Scriptures read by his mother and grand-

learned them while they were young, as was Timothy.

In fact, it has been stated "that children learn to read out of the Bible better than from any other book." Of course some of it is above the child's understanding, just as many other things are, but there is so much that they can assimilate.

Paul warns Timothy not to listen to "old wives' fables, but to "exercise thyself unto godliness; for bodily exercise is profitable for a little; but godliness is profitable for all things, having promise of the life which now is, and of that which is to come.

"For to this end we labor and strive, because we have our hope set on the living God, who is the Savior of all men, specially on them that believe. These things command and teach."

Teachers, preachers, all leaders in religion will find it helpful to read this advice to the young Timothy, who was addressed to: "Let no man despise thy youth; but be thou an ensample to them

MEMORY VERSE

"Neglect not the gift that is in thee . . . Be diligent in these things; give thyself wholly to them; that thy progress may be manifest unto all."

mother in his home? He was brought up in a Christian home and was very close to St. Paul's heart. Paul called him "My own son in the faith."

To those of us who have had the same privilege, Paul's first counsel to Timothy must seem particularly appropriate: "But abide thou in the things which thou has learned and hast been assured of, knowing of whom thou learned them;

"And that from a babe thou has known the sacred writings which are able to make thee wise unto salvation through faith which is in Christ Jesus."

"Every scripture inspired of God is also profitable for teaching, for reproof, for correction, for instruction which is in righteousness."

The Bible stories, the moral lessons and the many beautiful passages from the Scriptures are easily understood and will be remembered by children. All their lives they will be influenced by them and be the better for having

that believe in word, in manner of life, in love, in faith, in purity. "Till I come, give heed to reading, to exhortation, to teaching. Neglect not the gift that is in thee, which was given thee by prophecy, with the laying on of the hands of the presbytery;

"Be diligent in these things; give thyself wholly to them; that thy progress may be manifest unto all."

The children here might be reminded of the parable of the talents. Even small children have their own talents, and they should be shown how to develop them. Young ministers of the gospel are often timid of expressing their views, especially before a congregation may of whom are much older. Paul's words should encourage them.

Lastly Paul advises Timothy of the proper qualifications important for the leaders of the congregation—the bishop, the elders, the deacons. Timothy himself became bishop of Ephesus, the head of the church.

Darrell Flynt To Become Minister Of The Airport Church Of Christ

Members of the Ellis Homes Church of Christ will welcome a new minister, Darrell Flynt, formerly minister of the Church of Christ in Tuscola, Sunday.

He will speak on "Christianity and Individual Responsibility" at the 11 a.m. service and on "What Must I Preach to be Saved?" at the 7:30 p.m. service.

Other services in local churches Sunday will be as follows:

BAPTIST
Dr. P. D. O'Brien, pastor of the First Baptist Church, will use the same Scriptural text, Acts 2:17, for both his morning and evening sermons. He will speak on "Old Men and Their Visions" at the 11 a.m. service and on "Young Men and Their Dreams" at the 8 p.m. service.

The Rev. James S. Parks will preach at both the 11 a.m. and 8 p.m. services at the Baptist Temple.

CATHOLIC
The Rev. William J. Moore, O. M. I., will say Mass at 7 a.m. and 9:30 a.m. at St. Thomas Church. The 9:30 Mass will be followed by Benediction. Confessions will be heard from 4-6 p.m. and from 8:30-9:30 p.m. Saturday.

The Rev. B. A. Wagner, O. M. I., will say Mass at 8 p.m. and 10 a.m. at Sacred Heart Church (Spanish-speaking). Confessions will be heard from 4-6 p.m. and from 7-8:30 p.m. Saturday.

FIRST CHRISTIAN
"The Preachers in the Pew" will be the Rev. Clyde Nichols' sermon topic at the 10:50 a.m. service at the First Christian Church. He will speak on "The Sower and the Soils" at the 8 p.m. service.

CHRISTIAN SCIENCE
Jesus as the ideal representative of true manhood will be the subject of the Christian Science Lesson-Sermon, "Christ Jesus." His humility and divinity will be discussed in Scriptural texts and passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy.

CHURCH OF CHRIST
Lyle Price, minister of the Main St. Church of Christ, will preach on "The Whole Council of God" at the 10:30 a.m. service and on "God's Faith in Man" at the 7 p.m. service.

Elwood Page, minister of the Church of Christ in Lovington, N. M., will preach at the 10:40 a.m. service at the Benton St. Church of Christ. Sermon topic at the 7:30 p.m. service will be "Popular Sins."

CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS
Services at the Church of Jesus Christ of Latter-Day Saints will include a priesthood meeting at 9 a.m. followed by Sunday School at 10 a.m. and a sacrament meeting at 6:30 p.m. Services will be held at the Girl Scout Little House.

CHURCH OF GOD
The Rev. John E. Kolar's topic for Biblical lectures at both the 10:30 a.m. and 7:45 p.m. services at the First Church of God will be "The Church in Prophecy and Revelation" (Dan. 2:3-5 and Rev. 11, 13, 20).

The Rev. W. E. Mitchell, pastor of the Galveston St. Church of God, will conduct a special mission service at the 11 a.m. wor-

ship. "The Man in the Ditch" (Luke 10:30) will be his topic at the 8 p.m. service.

ST. MARY'S EPISCOPAL
Holy Communion will be celebrated at St. Mary's Episcopal Church at 8 a.m. Church school will be at 9:45 a.m. and morning worship and sermon by the rector, the Rev. William D. Boyd, at 11 a.m. Confirmation instruction will be given at 7 p.m.

ST. PAUL'S LUTHERAN
"Lord, Let Me Learn of Thee to Love" will be the Rev. A. H. Hoyer's topic at the 11 a.m. service at St. Paul's Lutheran Church. The Lord's Supper will be celebrated.

METHODIST
The Rev. Jordan Grooms will speak on "Mountain Time" at the 10:55 a.m. service at the First Methodist Church. "Wide-Awake Christianity" will be his topic at the 7:30 p.m. service.

The Rev. Marvin Fisher, pastor of the Wesley Memorial Methodist Church, will preach on "Is It Well With You?" at the 10:55 a.m. service and on "The Promised One" at the 7:30 p.m. service.

PRESBYTERIAN
"Lift Up Your Eyes" (Ps. 121)

will be Dr. R. Gage Lloyd's topic at the First Presbyterian Church 11 a.m. service. He will speak on "The Called of God—Abraham" at the 8 p.m. service.

The Rev. Otis Moore's topic at the 11 a.m. service at the St. Paul's Presbyterian Church will be "Accentuate the Positive" (Acts 17:28). The choir will sing "Nearer My God to Thee" by Wilson.

TEMPLE ISRAEL
Regular Friday evening services of Temple Israel will be held in Room 20-D of the Settles Hotel at 8 p.m.

BUSINESS MEN'S BIBLE CLASS
The Business Men's Bible Class will meet at 9:15 a.m. Sunday in the ballroom of the Settles Hotel.

BUILDER'S BIBLE CLASS
The non-denominational Builder's Bible Class will meet at 8:30 a.m. Sunday in Carpenter's Hall. Coffee and doughnuts will be served prior to the lesson.

WEBB AIR FORCE BASE
Services at Webb Air Force Base will be held in the Academic Building. Chaplain Henry N. Dunkel will say Mass at 9 a.m. Chaplain Grant E. Mann will preach at the general Protestant worship at 11 a.m. on "The Divine Spark."

Wrong Plane To Try To Time In That Way

CLINTON, Okla. (AP)—Donald Gowdy, of Borger, Tex., driving a speedy foreign car, told troopers who stopped him for traveling at 90 miles an hour that he was racing a small plane, trying to find out how fast it was going. The plane turned out to be the highway patrol's Beechcraft, with trooper Art Hamilton dutifully clocking Gowdy's speed from the air.

Swindell Charged With (Yep) Swindling

WICHITA FALLS, Tex. (AP)—Oklahoma City officers had returned to Oklahoma today with a man charged in the \$1,500 swindling of an Oklahoma City automobile firm. The 37-year-old man's name: F. C. Swindell.

They Couldn't Breathe Too Much More Easily

FARMINGTON, N. M. (AP)—Some dire thoughts flitted through the minds of police called to investigate a "terrible odor" emanating from a foot locker at a bus station. They breathed a little easier—but not much—after the box was opened. It contained two boxes of fishing worms, quite dead.

DOWN HE GOES!

But he's a game little tike, this youngster so well-padded on the North side. Even though his pillow doesn't keep him from falling, it does cushion his falls while he learns how to balance himself, how to stroke, and swing.

It will be that way with his life, too—and yours. As you grow older you often feel the need of something to cushion yourself against the jolts that come suddenly in everyday living.

Since you learn to skate only by skating, and to live only by getting into the thick of life, you have to expect these mishaps.

If you cushion yourself with the true knowledge of God and His ever-present love and watchful care, you will feel these blows less.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ladies Attack Kinsey Report As 'Unfair'

LOS ANGELES (AP)—"An unfair appraisal of American womanhood." That's how the ladies of the Pan-Arcadian Federation of America feel about the Kinsey report on their sex.

In a resolution yesterday, the auxiliary of the federation, a Greek-American group, criticized the Kinsey studies because only 6,000 women were interviewed.

"The answers probably came from braggarts, exhibitionists and those more or less abnormal," declared the auxiliary in convention here. The resolution concluded: "The notorious report has created a sensationalism which might affect the moral code of women and family relationships."

America's Tanker Fleet 'Insufficient'

GALVESTON, Tex. (AP)—Rep. Allen R. Calli, sailing from here today on a Caribbean tour, said the nation's tanker fleet was badly insufficient.

If it had to supply Air Force bases and foreign installations on an emergency basis, Allen told newsmen, it would be forced to neglect domestic supplies.

Allen said there was a need for much legislation concerning the nation's maritime fleet in the next session of Congress.

Dempsey-O'Flaherty Nuptials Are Set

SANTA MONICA, Calif. (AP)—The stage is set for the wedding tomorrow of Jack Dempsey's daughter, Joan Hannah Dempsey, 19, and Dennis O'Flaherty, 21, Loyola University student. They obtained their marriage license here yesterday.

The young couple will be married in Our Lady of Loretta Church in Los Angeles by the groom's uncle, Monsignor O'Flaherty.

U. S. dairymen have an income of about 4 1/2 billion dollars a year. More than 70 per cent of American railroad passenger service is handled by diesel locomotives.

Sound Advice

Dancer Allyn McLerie laments how few people have a good carriage, and she passes on her favorite posture exercise in an interview with Lydia Lane.

Farm Bureau Queen To Be Selected Tonight

A Howard County Farm Bureau queen will be selected tonight in a contest in the Amphitheatre in the City Park and the winner will meet other county queens in a contest for the district title at the Settles Hotel here, Sept. 4.

The selection of the Howard County queen will be made by the out-of-town judges from among five candidates including Connie Crow, Beverly Meador, Thelma Lou Tucker, Mary Ella Bigony and Marie Petty.

The program will start at 8 p.m. with the contest following a variety of entertainment provided by amateurs from Farm Bureau families.

The winner of the district queen contest next month will receive, in addition to a fine watch, an expense-paid trip for herself and a matron escort to the Texas Farm Bureau Federation's state convention at Mineral Wells, Nov. 9, where she will compete for the title of state queen.

The state queen will be given \$500 for a trip for her matron escort and herself to the national

HOLLYWOOD BEAUTY

Simple Exercises Help Keep Graceful Posture

By LYDIA LANE HOLLYWOOD — Allyn McLerie commutes between New York and making pictures at Warner Bros. and when she was here in town recently we lunched together in the studio's famous Green Room. On the walls are pictures of all the stars with studio contracts.

"I still can't take Hollywood for granted," Allyn told me, though she has made a half a dozen pictures.

"What is the most valuable thing you've learned here?" I asked. "That talent is secondary to beauty. In the ballet and in the theatre you don't have to be beautiful so long as you are gifted, but when a camera is placed a few inches from your face and it comes out many times its normal size, then you can't get too far without being attractive."

Allyn sighed, "That's why I leave Hollywood as soon as I have finished a picture because on the stage you can create an illusion of beauty with make-up."

"If you are going to compete on a glamour basis this is true," I commented, "but Marjorie Main, Judy Canova and even Lucille Ball would never win a beauty prize." "I don't mind not being beautiful," Allyn told me. "It is a challenge to make myself more interesting, to be well informed and to have a warm friendliness for people."

"An appealing personality," I remarked, "goes much farther than mere beauty." "What is your top beauty secret?" I asked. "As a dancer I'm very conscious

of a supple body but in travelling around it seems to me that a great many people become stiff from lack of exercise. So I think that I would say a graceful carriage and a free flowing body was my most important beauty routine."

"Will you be more specific?" I coaxed.

"One exercise which is excellent for posture and which will keep

FOR PERFECT POSTURE You'll want a copy of "Hollywood Beauty" leaflet M-28. "Piper Laurie's Special Exercises to Correct Posture." With it you'll be able to correct round shoulders, spine sway, and you learn some interesting things about a new "thought" method to improve posture. Added, a vital section called "Breathing for Beauty" with some breathing exercises for firming the breasts, correcting constipation, etc. Get your copy by sending 5 cents AND a self-addressed stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Herald. Remember to ask for M-28.

you from having a widows hump or being round shouldered, is to hang in an open doorway and let every vertebra in your spine get a good pull.

"If you are awfully tired it's amazing how refreshed you will feel from a good spine pulling," she added. "At first your hands may seem tender and you may feel you can't do this but a second time in time you will build up resistance and you'll find that your body will miss not being stretched."

Ribbon Trim Skirt

The handsome felt, wool or linen circular, decorated skirts which sell for fabulous prices can be just as attractively made at home—and for very little money! We've used the brand new "drawstring" velvet ribbon (available in your five-and-dime stores) in black on a royal blue felt skirt to produce this exciting-looking dress-up skirt. Velvet ribbon trim motifs are 14 by 8 inches; just gather the ribbon by means of the two drawstrings as illustrated, pin into place and slipstitch to skirt. Sequins, pearls or beads may be used in center of design. Navy, black or red velvet on dark skirts; pink, white or light blue on linen, shantung or pastel wools are prettiest!

Send 25 cents for the "DRAWSTRING" Velvet Ribbon Trim Design and Skirt; sizes 22, 24, 26, 28 waist (Pattern No. 575). YOUR NAME, ADDRESS, PATTERN NUMBER AND SIZE to CAROL CURTIS

Big Spring Herald Box 229, Madison Square Station New York 10, N. Y.

Mr. and Mrs. Monty Simpson, Mr. and Mrs. Cletus Floyd and two sons, Brownfield, visited in the Edward Simpson home, recently.

Mr. and Mrs. C. H. Hyden Sr. are the proud grandparents of a 9-pound and 6-ounce boy, named John Davis Jr., born to Mr. and Mrs. J. D. Hyden of Big Spring on Aug. 20.

Recent guests of Mrs. Rubye Simpson and Nolan were, Mr. and Mrs. Bobby Simpson and son of Big Spring, Mr. and Mrs. Delbert Simpson of Big Spring, Dr. and Mrs. Akim Simpson and children of Big Spring; Mrs. Evelyn Wilds and daughter of Spokane, Wash., Donald Simpson of Albuquerque, N. M., Mr. and Mrs. Edward Simpson, Mr. and Mrs. Cletus Floyd and sons of Brownfield.

Mr. and Mrs. Ralph Smith and Kay visited her parents, Mr. and Mrs. Leslie Bryson and enjoyed a fish fry recently.

Mr. and Mrs. L. L. Underwood visited their daughter, Mr. and Mrs. Billy Gill in San Antonio.

Mr. and Mrs. Carl Lockhart, Ben, Jimmy and Sue and Mr. and Mrs. Don Lockhart attended the S. L. Lockhart family reunion at the Big Spring City Park.

Mrs. T. L. Burns and baby of Andrews visited her parents, Mr. and Mrs. V. C. Henry.

Max Lloyd visited his parents, Mr. and Mrs. Bob Lloyd.

Mrs. Leslie Bryson left this week to visit her mother, Mrs. Ida Lincoam and two sisters in Fort Worth.

Mrs. Billy Gill and son of San Antonio is visiting her parents, Mr. and Mrs. L. L. Underwood.

Connie Crow has been awarded a tuition scholarship to the Howard County Junior College by the Altrusa Club of Big Spring.

Altrusans Bring Books For Hospital

Bring-A-Book Day was observed by members of the Altrusa Club meeting Thursday at the Settles. Each one brought a book or magazine to be given to the State Hospital.

John Freeman, who is associated with the hospital staff, talked on "Our Forgotten Neighbors," the patients. He described the great need service clubs could fill by visiting the patients, presenting plays and giving parties.

A coffee urn and a punch bowl to be given by the club to the Servicemen's Center was displayed. Other projects set up for the year include assisting at a Christmas party for the Cheerio Club, helping to sponsor a Girl Scout troop, and purchasing a club emblem for the meeting room and outdoor signs for five highways. The group will have a Bring-A-Book Day regularly.

Twenty attended.

P-TA Officers Meet

Officers of the Airport P-TA and Mrs. H. H. Rutherford, principal, met at the school Thursday to plan the program for the coming year. Mrs. Akim Simpson presided. Also participating in the planning session were Mrs. A. McNary, vice president; Mrs. J. W. Hughes, secretary, and Mrs. Bernice Slater, treasurer.

Laughlin Case Recessed Until Tuesday As Prosecution Rests

By MAC ROY RASOR
AUSTIN (AP)—Defense counsel in the removal proceedings against Dist. Judge Woodrow Laughlin of Alice waived cross-examination of the prosecution's last witness today, and the hearing was recessed until Tuesday.

Defense testimony is to begin then. Sen. William Shireman of Corpus Christi, counsel for 11 South Texas attorneys seeking Laughlin's removal said agreement to rest the prosecution's case was reached in chambers of Supreme Court Master D. B. Wood, who is conducting the hearing.

He said defense agreed not to cross-examine former Dist. Judge Sam Reams, Shireman's last witness, and prosecution testimony was rested on condition that Laughlin's testimony before a state bar committee could be entered into the court record.

The bar committee conducted an investigation into charges against Laughlin last spring. Judge Wood then recessed the hearing until Tuesday at 9:30 a. m. to allow defense time to prepare for presenting its testimony.

Reams, now a Houston attorney, was beaten for re-election last year in a bitter election. South Texas political boss George Farr supported Laughlin, the opponent of Reams.

Reams testified yesterday. He became yesterday the third person who has served as district judge to testify in the hearing that he does not consider it ethical for a judge facing indictments to select the judge to try the case.

Such a selection is one of the charges against Laughlin. Jim Wells County Atty. Sam Burris testified he still has "undisclosed information" bearing on the Jacob Floyd Jr. murder case.

He said he had not taken it to a grand jury yet because it is not ready for disclosure. Defense Counsel C. C. Small Sr. asked Burris if he knew of anything more the Jim Wells County grand jury could have done in investigating the murder case.

low Burris could leave the country, don't you?" Small asked. "I don't know that Judge Laughlin did it. It seemed at that time somebody did it," Burris replied.

Texan Says Reds Killed 30 Prisoners

FREEDOM VILLAGE, Korea (AP)—A freed Texas soldier, whose outspoken hostility to communism caused him to be held 233 days in "the hole" during his imprisonment, said today North Korean Reds killed 30 American prisoners, all but 13 of them wounded.

Pfc. Reuben K. Kimball Jr., 25, of Baytown, Texas, also said he saw the Reds drag a blind French nun by her neck through the town by Manpo and then shoot her.

Kimball was captured July 24, 1950 because he stayed behind at the side of a wounded British correspondent. The correspondent, Philip Deane — released a few months ago—in turn saved Kimball from death by telling the Reds Kimball also was a correspondent.

At the time the Reds were getting ready to kill the 30 in a field, Kimball said they would have shot him too had they not been misled by Deane to believe he was a civilian.

"The wounded were lying under a tree," Kimball related. "North Korean Reds sprayed them with burp guns. The 13 healthy ones they stood at the side of the house. They killed them all."

Kimball said the Reds took him and Deane into the mountains where they beat them three times a day with pistols, rifle butts and clubs—"anything handy."

Kimball and a fellow Texan also released today—Cpl. Ramon Martinez, 23, of Crystal City—marched north with 730 captured soldiers, missionaries, diplomats and civilians.

Of the 730 Kimball said "only 238, as close as I can figure, are alive today."

West Texas Power Firm Loses NLRB Hearing Decision

WASHINGTON (AP)—The National Labor Relations Board ordered the West Texas Utilities Co. today to bargain with the AFL International Brotherhood of Electrical Workers as the representative of its power plant employees.

The ruling upheld the recommendations of Trial Examiner Eugene Frey made June 2.

The dispute was taken to the NLRB following a collective bargaining election on Dec. 19-20, 1951. At that time 59 ballots were cast for the AFL union, 47 against the union, 45 ballots were challenged and one ballot was voided.

The company filed an objection to the conduct and results of the election. After an investigation a revised tally of the election showed 65 ballots cast for the union and 57 against.

After a subsequent hearing the NLRB examiner recommended that the election be validated and the company be ordered to bargain with the union.

12-Year-Old Drowns

DALLAS (AP)—Wayne Brown, 12, son of Mr. and Mrs. Homer Brown of Dallas, drowned yesterday while swimming in a pond behind a water plant.

Drowns In River

BAY CITY (AP)—Josephine Camacha, 9, stepped into deep water in Tres Palacios River near here yesterday and drowned. Her father, Aljijo Camacha, was picking cotton on a nearby farm.

Stenographer Might Not Face First Degree Murder Charge

SOMERVILLE, Mass. (AP)—Mildred McDonald, 25, the pretty stenographer who admitted she killed the young sister of a man who left her to marry another, may not have to undergo a first degree murder trial.

That indication was given last night by District Attorney George Thompson, who would have to prosecute her.

He said he had just completed studying "all aspects of the case and I am convinced the ends of justice will not be served by attempting to send this girl to the electric chair."

Thompson added: "This is a terrible tragedy involving two substantial, highly respected families of the community. The public is shocked by it. I will not seek a first degree murder indictment nor shall I press for capital punishment for her."

Families involved were those of Miss McDonald and of Mary Di Rocco, 14, who received five bullet wounds, superficial throat slashes

and burns from newspapers that were piled around her and set afire.

Hundreds attended the funeral of Mary Di Rocco yesterday a few hours before Miss McDonald was brought back from New York and arraigned on a first degree murder charge.

Mrs. Angelo Di Rocco, the victim's mother, bordered on collapse at the graveside but sobbed out her forgiveness to the frail accused slayer.

"God, forgive her," she cried. "I forgive her." Four hours later and a few miles away, Mildred McDonald was reunited with her school teacher father for a few brief minutes at the courthouse.

She ran to her father, Alfred McDonald, crying: "Oh, daddy, oh, daddy." The father, tears streaming down his cheeks, replied: "Don't honey, don't honey."

Miss McDonald was led to a court ante room, where she fainted while waiting to be led into the courtroom.

Miss McDonald told police she went to the Di Rocco home to tell Mrs. Di Rocco what she thought of her son Joseph, 25, for courting for about three years and leaving her to marry another girl last April.

She said Mary was home alone and shot her because she felt the young girl was trying to belittle her by telling her about the brother's successful marriage.

Australia To Get Its First Atomic Shelter

CANBERRA (AP)—Australia soon will have its first shelter for protection against atomic blast and radiation. The shelter will be the sub-basement of the Commonwealth Secretariat building in Canberra, 300 yards from Parliament House.

Its sub-basement, 25 feet below ground, will provide a store for tons of Commonwealth records and also will provide a shelter from atomic attack for thousands of people.

DALLAS (AP)—The pumping plant north of Gainesville built by Dallas to draw water out of the Red River will be out of operation for several weeks. The six huge electric motors were sent back to the Wisconsin factory yesterday to be rebuilt. They heated up dangerously in a test ten days ago.

Bad Weather Hampers Search For Airplane

LUFKIN (AP)—Bad weather interrupted the aerial search yesterday for a missing plane piloted by Pvt. Kilner Evans, 21. The search was resumed today.

Evans left College Station Tuesday en route to Lake Charles, La. About 20 planes have taken part in the search.

Out Of Operation

DALLAS (AP)—The pumping plant north of Gainesville built by Dallas to draw water out of the Red River will be out of operation for several weeks. The six huge electric motors were sent back to the Wisconsin factory yesterday to be rebuilt. They heated up dangerously in a test ten days ago.

JAMES LITTLE ATTORNEY AT LAW
State Nat'l Bank Bldg.
Dial 4-5211

"SAY! What's goin' on here?"

A crowd formed fast on a street in Providence, R. I. The police arrived—and the fire rescue squad.

"What's going on?" people asked.

A four-year-old girl had caught her head in an iron railing while watching a baseball game.

Nothing serious... she wasn't hurt.

But everybody wanted to know all about it... so they looked for the full story... in the newspaper.

And the folks who actually saw the rescue wanted to read about it even more.

It's exciting to be an eye-witness to an unusual event. But it's like seeing one or two photographs of the action, or seeing a headline about it, or hearing a brief few words about it. They whet your appetite for news, but they can't satisfy your hunger for the whole story.

● That goes for advertising, too. The message that hangs in the air... or headlines here or there... may have a momentary interest. But the newspaper ad carries the brass-tacks quality, the urgency of the newspaper itself.

It can be examined and re-examined... read any time... anywhere.

And just as the newspaper speaks the special language of the town it mirrors, the ads themselves have the same important local quality. No other medium can match this quality.

Add to this the fact that the newspaper reaches just about everybody in town, and you know why the newspaper is the nation's most effective advertising medium.

The newspaper is always "first with the most"

Memo To COLLEGE STUDENTS

While you're making plans for your College year, be sure and include The Herald on your list of "needs." You'll enjoy having the home town paper while you're away, with news of the school, the town, and of the people you know and like. The Herald offers you a special College Bargain Rate, and will send the paper for the nine-month college term to your campus address for only...

\$5.50

Take advantage of this offer. You'll be glad to have that "daily letter from home," at a low rate that's for college students only. Send us your name NOW, before you get too busy with other last-minute details. We'll start The Herald on the date you specify.

Little Progress Made At Phone Strike Talks

The strike of 23,000 Texas telephone workers went into its ninth day Friday with little progress in talks to end the walkout.

Another meeting between striking CIO Communication Workers of America, Southwestern Bell Telephone Co. and federal conciliators was on in St. Louis.

The strike began Aug. 20, when operators, clerks, installers and repairmen walked out in six states and three pickets around Bell exchanges.

Union and company negotiators were deadlocked Thursday and after a 3-hour meeting Federal Conciliator A. E. Johnson said, "The status is unchanged."

Thursday's meeting was the first company-union meeting since Monday when a deadlock developed over a company-proposed clause which the union termed a "no-strike" provision and "yellow dog" clause.

Houston and Galveston employees approved the negotiating committee's rejection of the clause.

In Dallas, T. E. Webb, Texas CWA-CIO director, asserted the policy of the union was to conduct strikes "in an orderly and peaceful manner without resorting to any violence whatsoever."

G. E. Terry, local president, had admonished Dallas union members earlier to "beat hell" out of workers who crossed picket lines if they annoyed or approached pickets in any way.

Receiving Well-Earned Acclaim

Although he was inclined to shrug it off as something he didn't deserve, Marine Lt. George H. O'Brien Jr. learned Thursday that his friends and neighbors are proud of their home town winner of the Congressional Medal of Honor, and there was no escape from public acclaim.

Standing in the foreground with Lt. O'Brien are Mayor G. W. Dabney and Col. Fred M. Dean, commanding officer of Webb Air Force Base.

In the back row, left to right, are Sgt. Harrold Jones, Mrs. James, Joe O'Brien, the Medal of Honor winner's brother; Mrs. George O'Brien Sr., his mother; J. Y. Robb, his father-in-law; Lt. O'Brien's wife, Janet, and Mrs. Robb, his mother-in-law.

O'BRIEN

(Continued From Page One)

respects to the enemy as fine professionals, but not to be compared to a U. S. Marine.

There was a good home-cooked meal prepared by his mother, Mrs. George O'Brien Sr., at noon. Finally, Thursday evening, he and his wife, Janet, and their two children, Terry Jr., 3, and George Michael, 5-months-old, were left alone.

"It was the first time he seemed to really relax," said Mrs. O'Brien. "I don't think he will ever catch up on his sleep."

In San Francisco, after an exciting and surprising welcome which included official notification of the award, he spent most of the days with intelligence. Friends joined him and Janet in the evenings and there really wasn't much time to take it easy.

On top of that, he went practically through the Korean campaign with out a cold only to contact one aboard ship en route home. And summer colds are the mischief to break up.

He has 15 days of previous leave before reporting to the Marine Barracks at Corpus Christi. He and Janet aren't planning to go anywhere—just stay at their home at 1809 Main.

Maybe in the meantime they will learn when he is to go to Washington to receive his medal from the President. Maybe he can catch up on his sleep.

U. N.

(Continued From Page One)

States would sit with India if she could win in the General Assembly.

Vishinski contended he had made no "velled threats." All he had wanted to say, he declared, was that any reactions of the Communist side would have to be considered by the U. N.

The delegates bore in mind, however, that Vishinski the day before had termed the American-sponsored resolution an "ultimatum" and strongly implied the Communist Chinese and North Koreans would reject any conference lineup but the 15-nation "round-table" proposed by the Soviet Union and rejected yesterday by the Political Committee.

In view of the Communist threat, other delegates feared that the U. N. would reject the conference the Americans want, and that the whole problem of setting up the peace party might be before them again when the General Assembly convenes for its fall session Sept. 15.

Lodge, nevertheless, said the United States would begin work immediately on the task of arranging the conference. One of the decisions approved by the committee was that the United States should consult with representatives of both sides and arrange for the time and place of the parley. Geneva appeared to be the most likely site. The time must not be later than Oct. 28, under terms of the armistice agreement.

The United States regarded the defeat of India as a major victory, although Lodge insisted that the United States had no objections to India personally. He contended that the U. N. representatives should be restricted to countries who actually took part in the fighting.

The fight over India caused a wide rift among the Western Allies, however, and generated plenty of heat among the Asian and Arab countries against the United States.

The Political Committee gave a Revival To Begin Sunday Evening

The Rev. and Mrs. D. L. Laughlin of Waxahachie will conduct a revival at the Second Assembly of God Church, 15th and Dixie, beginning Sunday at 8 p. m. Services will be held daily at that time for an indefinite period.

Mrs. Laughlin specializes in services for children. The Rev. H. A. Wilson, pastor, invites the public to attend.

Parakeet, Goldfish Have Fun Together

ST. LOUIS (AP)—The Stephen W. Klaus family has a parakeet and a goldfish that play together around the edge of a fishbowl.

Klaus says Pepper, the parakeet, perches on the edge of the bowl and chirps until the fish surfaces and nudges the rim in answer.

He says when the bird moves, the fish follows him around the bowl.

FLOODS

(Continued From Page One)

Laredo with .67, Brownsville .26, Fort Worth .13, Cotulla .17, San Antonio and Waco .02, Palacios .01. Showers also fell in Houston, Beaumont, Del Rio, Galveston, Lufkin, and College Station.

Near mid-morning Friday rain was reported falling in San Antonio, Alice, Palacios and Brownsville.

The sudden and possibly dangerous crest on the Rio Grande Thursday night was from the Rio Alamo, which drains much of north Mexico.

San Pedro, across the border from Roma, was isolated from Mexico as roads and wires were washed out. There was little danger to either Roma or San Pedro.

Both are built on hills adjoining the river.

Alice, Bishop and Kingsville were hit by flooding streams Thursday. The water entered about 150 homes in Bishop.

Despite the threatening Rio Grande, the water was a god-send to South Texas and the Rio Grande Valley, drought-hit for two years or more.

The rains had turned great stretches of the brush country into lush lakes.

The Rio Grande, a muddy trickle most of the last two summers, poured tremendous amounts of water behind Falcon Dam. Below the dam, the river and its tributaries was pouring ten times as much water toward the Gulf as irrigation pumps in the area could handle.

Metal stoplogs installed at Falcon Dam held back 85 feet of water and could hold 34 feet more. It was rising four inches an hour Thursday night. Boundary commission engineers estimated about 200,000 acre feet of water was behind the big new dam Thursday night.

By the time the big dam is dedicated Oct. 19 by President Eisenhower, it would likely hold back much more water for valley use.

The river's 240 miles below Falcon Dam is studded with irrigation pumps with a combined capacity of 4,000 cubic feet per second. Thursday night the river was flowing 300,000 or ten times more than all the pumps could handle.

There were no evacuations at Alice Thursday as San Diego Creek crept up to the porches of some homes. Authorities said the danger was past, but that was before the new rains Friday.

Alice has had about 8 inches in two days through Thursday night. Kingsville's rainfall has totaled 5.30 inches while Bishop has had about 13 inches in a week's time.

Most of North Texas and West Texas remained cloudless. It was cloudy to mostly cloudy in South Texas and East Texas. Forecasts predicted continued warm weather with continued widely scattered thunderstorms for the whole of the state.

Temperatures at dawn ranged from 62 at Marfa to 79 at Brownsville and Galveston. They were not expected to be much higher than Thursday's during the day.

Information Agency Cuts Its Payroll

WASHINGTON (AP)—Cuts in personnel of the U. S. Information Agency (USIA) and other government agencies are removing about 3,000 Americans and foreigners from the payroll.

The USIA made the sharpest reduction yesterday, bringing its force down from 8,200 to 6,200 and abolishing more than 500 jobs it had been authorized to fill. All but about 700 affected are foreigners.

The Veterans Administration is reducing its Washington staff by about 1,000, largely because of decentralizing insurance activities.

The Rural Electrification Administration said it was dismissing 37 employees, laying off 22 accountants and demoting 11 persons.

USIA is the successor to the State Department branches that operated the Voice of America and other overseas information programs, at a cost last year of about 105 million dollars. The appropriation was cut to 75 million for this year, but Director Theodore Streibler said "we can develop an effective, hard-hitting program with the funds now available."

The Voice will discontinue broadcasts in some languages, but continue to put out news and political programs in 34 tongues. The International Press Service will cut down both its daily news file, 8,000 words to 6,000, six to five days a week, and its magazines, 26 to 18, with reduced size and circulation. Ten of the 143 overseas libraries will be closed.

Hoover Defends FBI Probing

LOS ANGELES (AP)—Any investigations the FBI makes about civil rights are done as duties prescribed by the Department of Justice, Director J. Edgar Hoover asserted yesterday.

His remarks were in reply to criticism from the governors of Texas, Pennsylvania and Virginia. All protested recently that such investigations were an invasion of state's rights.

"The investigations by the FBI in the field of civil rights have been made pursuant to an act of Congress."

"It makes little difference whether the act of Congress was passed in 1886 or 1953, so long as it is the law of the land. The Attorney General has not only the right but the duty of establishing as a matter of policy that the FBI should investigate the alleged violation of such acts."

Hoover said that, in the cases of which the governors complained, the FBI merely was doing its duty on instructions from the Department of Justice. Such investigations, he added, will continue whenever ordered by the Justice Department.

He suggested that, if the governors object to the law of the land, they should seek repeal "rather than level attacks upon the FBI."

POW Misses Plane With AWOL Doings

TOKYO (AP)—Five returned American war prisoners were to fly home tonight—but only four took off.

The fifth one? "Well," explained the Air Force, "this guy got a pass today and went AWOL."

The other four included Sgt. John Rhotom of Holy, Tex.

Completion Is Reported For Mitchell's North Jameson Area

A completion was reported today in the North Jameson Strawn Sand area of Mitchell County, and locations have been spotted in Midland, Glasscock and Borden counties.

And a potential test is now under way on Standline No. 1 Burton, venture in Howard County's Bond (Canyon) Field.

Sun No. 6 V. T. McCabe is the Mitchell Completion. It made 157 barrels of 40 gravity oil on potential test. One of the new locations—Texas Company No. 1-B A. M. Clayton—is a wildcat in Borden County about 12 miles southwest of Gall.

Other locations are Standard No. 5 J. W. Baker in the Howard-Glasscock field and Hanley No. 2 Edwin Maeller in Midland's Spraberry Trend area.

Texas Company No. 1-B A. M. Clayton, 2,001 from east and 661 from south lines, section 29, block 32, tsp. 4-north, T&P survey, is a new wildcat location about 12 miles southwest of Gall. It is to be drilled to 8,375 feet, starting at once.

Magnolia No. 3-D Conrad, C SW SW, 71-07-H&T survey, has been temporarily abandoned at plugged back depth of 4,300 feet.

Ryan and Burke of Midland No. 1 C. C. Canon, 669 from north and east lines, southeast quarter, 22-23-5n, T&P survey, got down to 3,051 feet in anhydrite.

Double U. No. 1-A C. E. Spindler, 650 from south and 1,650 from east lines, 464-97-H&T survey, is now taking a drillstem test between 8,200 and 8,246 feet. Samples taken in zone did not have any shows. Top of the Mississippian by sam-

ples is 8,206 feet, and datum minus is 3,524 feet. Total depth is now 8,240.

Gulf No. 1 Canon, C SW NW, 29-33-5n, T&P survey, is now coring at 10,442 feet in lime and chert.

Dawson Magnolia No. 1 Eiland, C NE NE, 33-273-Glasscock CSI, is today drilling at 12,336 feet in lime. A drillstem test was taken between 12,194 and 12,272 feet in the Devonian. The tool was open two hours and choke was 1/4 by 1/4 inches. There was no water blanket used, and test had a fair blow of air throughout. Recovery was 660 feet of drilling mud with no shows. Flowing pressure was 500 pounds, and the 15-minute shutin pressure was 900 pounds.

Seaboard No. 1 Pettaway, 1,800 from south and 1,500 from west lines, 40-34-5n, T&P survey, is now conditioning mud after checking top of cement at 8,177 feet. Operator picked 276 joints with two inch tubing.

Harvell and Williamson No. 1 Fowler, 330 from south and west lines, north half, 111-56-EL&R survey, reached 4,460 feet in lime and gyp.

Glasscock Standard No. 5 J. W. Baker, 330 from north and east lines, south quarter, 23-33-T&P survey, Howard-Glasscock field, is a new location about three miles northwest of Forsan. The well will be drilled by combination tools down to 3,600 feet. It is on a 180 acre lease.

Howard Stanolind No. 2 Burton, C SE SE, 27-33-5n, T&P survey, flowed four hours to make 25 barrels of oil and no water. Operator is now taking potential test.

Murphy No. 1 Wilson, 660 from east and 1,980 from south lines south half of south half, section 29, block 31, tsp. 3-north, T&P survey, is today drilling at 5,578 feet in sand. Top of Spraberry is 5,470 feet. Elevation has not yet been reported.

Texas Pacific Coal and Oil No. 1-A Tom Spencer, 494.7 from north and 1,986 from west lines, section 14, block 32, tsp. 2-north, T&P survey.

Thieves Pay Visit To Used Car Lot

Thieves took a spare tire and set of fender skirts from a Plymouth parked on a used car lot at 11th Place and Johnson last night.

Police said the thieves apparently were frightened away before they completed their raid. A passer-by reported someone was "stripping" a pickup on the lot about 9:15 p. m.

Police raced to the scene, but the culprits had vanished. Nothing was noticed missing last night, but loss of the tire and accessories was discovered this morning.

Hearings Set For Beer Applications

Hearings have been set Monday and Tuesday by County Judge R. H. Weaver to determine if beer licenses will be issued to two local establishments.

Applications for on-premises licenses have been made by Willie Brown and Annie Huey for The Little Brown Jug, 505 1/2 NW 3rd, and by Eneida Flores for the Texana Cafe, 405 NW 4th.

Hearing for the Huey application is Monday at 10 a. m. The other is Tuesday at 10 a. m.

Fine Is Assessed

Jeff W. Hardin was fined a total of \$43.85 this morning in Howard County Court after he pleaded guilty to passing a hot check. He also paid off a \$4 check to Christensen Boot Shop here.

Claims Court Has First Case Filed

The first case was filed today in the newly created Howard County Small Claims Court. A man brought the suit claiming he was owed \$43 for services rendered to another.

The court has concurrent jurisdiction with Justice Court, and filing fee is only 52 cents. Claims up to \$50 can be filed in the court, and \$100 claims concerning labor debts can be noted.

Individuals can file the suits without the services of a lawyer. Justice of the Peace Cecil Nabors presides over the court.

Woman Is Released After Posting Bond

Nelda Brown was released from county jail Thursday after posting \$1,000 bond on charges of child desertion.

Sheriff's officials reported that she now has her 2 1/2-year-old baby at her home. The baby has been under county care for the past week.

Mrs. Brown is accused of leaving the baby with her sister and leaving town.

vey. Is today running logs for plug back test.

Martin Harmon No. 1-C University, C NW SW, 13-7-University survey, is coring at 3,627 feet in anhydrite.

Hall and Stewart No. 1 C. M. Brown, 669 from north and east lines, southeast quarter, 15-34-5n, T&P survey, got down to 4,955 feet in lime.

McElroy Ranch Company No. 1 C. C. Kelly, 330 from south and 2,310 from east lines, 18-36-1s, T&P survey, hit 3,383 feet in gyp and anhydrite.

Midland Hanley No. 2 Edwin Maeller, 662.2 from south and 1,971.9 from west lines, 10-37-5s, T&P survey, is a new Spraberry Trend location about five miles east of Midkiff. Venture will be drilled to 7,800 feet by rotary, starting at once. It is on a 200 acre lease.

Mitchell Sun No. 6 V. T. McCabe, C SE NW, 225-1A-H&T survey, is a new North Jameson Strawn Sand area completion. It flowed 24 hours to make 157.27 barrels of 40 gravity oil on potential test. Flow was through a 11-64th inch choke, and gas-oil ratio was 965-1. Top of pay is 5,897 and total depth is 6,100 feet, where the 5 1/4 inch oil string is bottomed. Oil comes from perforations between 5,919 and 5,926 feet and between 5,933 and 5,940 feet. Tubing pressure was 250 pounds, and well was fractured with 6,000 gallons before flow. Elevation is listed as 2,106 feet.

12 Counties Cut Off Drought Aid Eligibility List

FORT WORTH (AP)—A reshuffling of Texas counties eligible for federal drought aid started today.

The State Drought Disaster Relief Committee, meeting at College Station, ordered a halt on taking applications in the 12 Texas counties included in the program Aug. 18.

It was not known whether the disaster designation had been removed from those counties.

The Tarrant County Drought Relief committee, meeting this morning to pass on the 352 applications for cheap feed received since Monday, found their work brought to a sudden stop.

A telegram from State Drought Committee Chairman Claude McCan of Victoria told the committee to take no more applications.

The telegram said no applications Tarrant or the other 11 counties included in the Aug. 18 list.

The 12 counties in the Friday session are Tarrant, Johnson, Cooke, Denton, Hoquib, Aransas, Bexar, Comal, Coryell, Karnes, San Patricio and Wilson.

VA Medical Aid Cutback Urged

WASHINGTON (AP)—The Eisenhower administration has suggested that Congress consider cutting down on the free medical aid given to veterans for ailments not connected with military service.

Otherwise, says Budget Director Joseph Dodge, the government will have to spend hundreds of millions of dollars more annually to handle a growing number of these cases.

Dodge and Lindsay Warren, comptroller general, asked a House veterans' subcommittee to reconsider "the extent of the federal government's responsibility toward veterans with non-service illnesses."

Stamp Honoring Bar Association Is Now On Sale

The new three-cent postage stamp issued to commemorate the 75th anniversary of the founding of the American Bar Association has been placed on sale in Big Spring, according to Postmaster Nat Shick.

Only 100,000 of these purple stamps have been printed, Shick said, and it is anticipated that most of these will be purchased for collections and by lawyers for their use. The stamps were printed in sheets of 50 each.

The ABA commemorative stamp is almost twice as long as it is deep but is of a standard size. The central design of the stamp is part of a frieze as it appears on the wall of the Supreme Court Room, which depicts four figures representing "Wisdom," "Justice" and "Divine Inspiration," and "Truth." Across the top of the stamp is the wording "American Bar Association" and across the bottom "1878—Liberty Under Law—1953." Arranged in two lines in the upper left corner is the wording "U. S. Postage" and in the bottom corners the denomination "3 cents" appears. All the lettering is styled in dark architectural Roman on a shaded background.

Shick said that for the benefit of collectors desiring stamps of selected quality for philatelic use, ABA stamps will be available at the Philatelic Agency, Post Office Department, Washington, 25, D. C., from now until the supply is exhausted.

The Big Spring postmaster said that because of the very limited number of these stamps that have been produced he does not expect them to last very long and so he suggests early purchases by those wishing them.

Hotel Threatened

Flames are shown licking at the landscape of the fashionable Conrad Hilton Arrowhead Springs Hotel in Strawberry Canyon, northeast of San Bernardino, Calif., in a fire which is still raging up Waterman Canyon. The flames got within 100 yards of the foothill spa which has been destroyed twice in its history by fire. (AP Wirephoto).

Haggling Continues On Spanish Base Use

By CARL HARTMAN
WASHINGTON (AP)—Stubborn bargaining between the United States and Generalissimo Franco's Spain appeared today to be still holding up full agreement after nearly 18 months of talks on obtaining use of Spanish bases in return for U.S. aid.

Among the issues remaining, authoritative sources say, are control of Spanish base facilities and the way in which U. S. aid funds would be used in strengthening them.

Gen. August Kissner of the U. S. Air Force head of the negoti-

Efforts Resumed To End Firestone Tire Plant Strike

CLEVELAND (AP)—Negotiators, reportedly only 2 1/2 cents from agreement, resumed efforts today to end a CIO United Rubber workers strike which has idled the Firestone Tire & Rubber Co.

When they resumed their talks here last night, union and company representatives followed their usual custom of not discussing progress. But unofficial reports were that the company's latest offer was an 8 1/2 cent hourly package increase, including a direct wage boost and fringe benefits. The union was reported to have lowered its demands from 13 cents an hour to 11 cents.

Firestone production and maintenance employees now get wages which average \$2.05 hourly.

The strike, now in its second day, involves 25,500 production and maintenance workers in eight cities. An agreement, if and when it is made, is expected to set a wage pattern for the entire rubber industry.

Band Ready For Regular Duty

Bands conclude their pre-school rehearsals Monday, and by Wednesday they will be settling down to their regular routines.

The young musicians will come up in good condition, too, says Clyde Rowe, the new director. For the past two weeks he has been working daily with the senior and junior high bands in the morning and the beginners in the afternoon.

"J. W. King (former director) left a fine group of players," said Rowe. "They have a lot of ability and a splendid attitude. I'm really proud of what they have done."

Thursday after try-outs, band members named Patsy Ann Rutledge, daughter of Mr. and Mrs. W. T. Rutledge, Vesimor; Nancy Miller, daughter of Mr. and Mrs. L. E. Miller; and Anne Rowe, daughter of Mr. and Mrs. Clyde Rowe, as majorettes. Rutledge is lease foreman for Seaboard Oil and Miller is business manager for Big Spring State Hospital.

Along with band sweetheart, Beverley Edwards, the daughter of Mr. and Mrs. Rex Edwards, the majorettes will march with the band, cutting their twirling antics. The drum major has not yet been chosen.

During the past week efforts have been devoted to getting lips into condition and in getting the edge back on precision. With the start of school, there will be a lot of marching as well as playing.

First appearance of the band will be Sept. 17 at the 4-H Club Junior rodeo parade.

Adverse Weather Is Hampering Hail Hunt

TACOMA, Wash. (AP)—All clues in the disappearance of Ellis Hall, Albuquerque, and Abilene oilman and his four passengers, fished out yesterday when investigators by searching almanac, McChord Air Force Base officials reported.

Activity was curtailed because of adverse weather. No improvement is in sight today.

11 Airmen Unhurt As B50 Crash-Lands

ROSWELL, N. M. (AP)—Eleven airmen escaped unhurt last night when their four engine B50 bomber landed wheels up on gently rolling plains 335 miles southwest of Tatum in southeast New Mexico.

The plane, of the 97th Bomb Wing at Biggs Air Force Base, El Paso, and piloted by Lt. Chester Walter, was on a training flight.

Walter said two engines went bad, and he could not maintain altitude. He was helped on the emergency landing by bright moonlight.

The crash was reported to Walker AFB at Roswell by a crew member who walked about two miles to a phone in a country store. The crew returns from Walker to Biggs Field today.

Eisenhower NLRB Appointee Now Consistently Outvoted

By NORMAN WALKER
WASHINGTON (AP)—The only member of the National Labor Relations Board (NLRB) who was appointed by President Eisenhower is being consistently outvoted, but additional new Eisenhower appointees are soon to take office.

When they do, the board majority will be made up of administration choices.

Guy Farmer, a Washington lawyer, is the present Eisenhower appointee. He is charting a new course for the agency which interprets the Taft-Hartley labor relations law. For the present, his views are not prevailing, but he is making his influence felt.

A holdover majority from the former Truman administration has been calling the tune this week in a series of NLRB decisions. They usually found Farmer taking a differing and sometimes lone dissenting viewpoint.

Two members, often in the majority against Farmer, are leaving the NLRB. In fact, Ray Rodgers, former Republican adviser on the Senate Labor Committee, arranged to take the oath today succeeding John M. Houston as a member.

In addition to Farmer and Rodgers, Eisenhower has an opportunity to appoint a third member of the five-man NLRB because of the accepted resignation of Paul L. Styles, effective Aug. 31.

A ruling from the agency today found Farmer differing with the majority, which held that automobile retailers come within the province of the Taft-Hartley law.

The law's reach into the local affairs field has often been a matter for argument.

Farmer, who is on record as favoring less jurisdiction for the NLRB and more extensive state control over labor problems, said the case seemed to him to be a matter best left to state agencies—but he lost his point.

"Bourbon at its Best"

66 PROOF • THE HILL AND HILL COMPANY, LOUISVILLE, KENTUCKY

LOOKING 'EM OVER

With Tommy Hart

With an athletic team, nothing succeeds like success. The Lamesa Tornados—according to figures prepared by Scribe Jim O'Brien—attracted 19,755 paying customers in ten games two seasons ago.

Last fall, the Tornados performed before 31,900 fans in 11 games, at which time they reigned as district champions.

The Tornados played to 7,208 customers in Midland last year, their largest crowd in two seasons.

Given a break by the elements, the Big Spring Steers could play before their largest turnout in half a dozen years when they visit Pampa next month.

The Harvesters always draw well at home.

The Texas Aggies play the University of Kentucky again this fall and local rooters of the Aggies will be pleased to know that the job doesn't look as difficult for them as it did a week ago.

Five UK gridders were declared scholastically ineligible recently, among them three starting linemen and the ace place kicker, Bob Bassett, whose field goal beat the Cadets last fall.

The year Hank Greenberg hit 58 home runs and was gunning for Babe Ruth's record, he failed to get a four-master in his final 21 trips to the plate.

Jimmy Fox missed the record by two, too, but he had his slump in mid-September. In his last five games, he hit five boundary walls.

Hack Wilson, who also threatened Ruth's mark, had bashed 46 by Sept. 1, but went into a tail spin after that.

These days, the fellow who might make passes at Ruth's record has many things. There are some cranks who threaten the lives of the ball players, once they get within range of the Babe's standards.

FOR GREAT RACING DAYS, HOW ABOUT THIS?

The headlines go to the Shoemakers, the Arcaros and the Guerins but the veteran jockey, Robert Kennedy, does all right on the smaller racing ovals around the country.

Kennedy is the saddle-smith who rode all of the King Ranch horses here when the Big Spring Futurity was going strong.

Last Sunday at the Ruidoso, N. M., track, Kennedy had himself quite a day.

In 12 races Kennedy was astride six winners. In addition, he rode four second-place horses. He was "out of the money" only once.

The previous day, the Sunset, Texas, product had three winners and finished second on two other mounts.

Kennedy began his riding career in 1940, is now 31 years of age. He's recognized as the top quarterhorse jockey in the country but doesn't limit his riding to the sprinters. He'll pilot thoroughbreds, too, in fact, rode 40 winners in the longer races in 1952.

If he wins riding honors at Ruidoso, and there's no one else close, he'll earn a bonus of \$500 from the track.

Incidentally, Willie Shoemaker, who is also a Texan, may set a record for victories among the jockeys.

Fony DeSpirito shattered a mark that had stood for almost 50 years when he rode 390 winners in 1952 but Shoemaker, who hails from El Paso and who rides almost exclusively on California tracks, already has nearly 300 winners.

PRO GRID GAME

Walker And Rote Duel In Dallas

DALLAS (AP)—Doak Walker and Kyle Rote show off for the home folks tonight in a duel due to draw upwards of 40,000 fans when the National Professional Football League's Champion Detroit Lions meet the New York Giants in an exhibition game in the Cotton Bowl.

The two gridders who won their fame at Southern Methodist University—part of the time as teammates—will head the professional clubs that play for the Dallas Salesmanship Club. Part of the proceeds will go to a boys' camp.

In addition to the duel of Walker, versatile halfback of the Lions, and Rote, who plays a similar position with the Giants, a couple of the game's greatest passers also will be shooting the works.

Bobby Layne, quarterback of the Lions, will match pitches with Chuck Conerly, ace thrower of the Giants.

Detroit, which Manager Buddy Parker says is stronger than last season when the Lions took all the laurels, has a perfect record for the young season, having beaten the College All-Stars and the Pittsburgh Steelers. New York, noted for its defense but showing little of it in its only game, was strapped by the Green Bay Packers 31-7 last week.

Both teams are in good condition except that New York won't have the services of Lavern Torgerson, a linebacker, who is out with an ankle injury. Layne, who stayed out of the game with Pittsburgh because of a knee hurt, is back in top shape.

It will be the second duel of Rote and Walker although the former

KYLE ROTE

has been in pro football two years and Walker three. They met back in 1951 when the Lions and Giants played here in an exhibition game. Rote was only a rookie, however, and was overshadowed by Doak as the Lions won the game 31-21. Kickoff is at 8 p. m.

Roland LaStarza Rated No. 1 Contender Among Heavies

NEW YORK (AP)—Nine Valdes' upset victory over Ezzard Charles and Don Cockrell's conquest of Harry (Kid) Matthews has resulted in a drastic reshuffling of the heavyweight division's top ten.

The monthly Ring magazine ratings released today by Editor Nat Fleischer have Charles, the former heavyweight champion, in the No. 2 challenger's spot instead of the No. 1 post which he has held for so long.

Roland LaStarza, who gets a crack at champion Rocky Marciano's crown at the Polo Grounds Sept. 24 has been advanced to the No. 1 post. Dan Bucceroni of Philadelphia has been upped to the third position with Valdes fourth.

Then come Tommy Harrison, Oakland, Calif.; Bob Satterfield, Chicago; Heinz Neuhaus, Germany; Cockrell, Earl Walls of Canada, and Matthews.

For the first time in years, foreign fighters hold four of the berths in the dreadnaught division's top ten.

Billy Peacock of Los Angeles, who won the North American bantamweight title from Henry (Pap-py) Gault of Spartanburg, S. C., moved into the No. 2 position among the 118-pounders, dropping Gault to third.

France's Ray Famechon, long time holder of the No. 1 contender's position in the featherweight division, and Corky Gonzales of Denver have been dropped from the first ten because of inactivity. Floyd Patterson, young Brooklyn light heavyweight, was omitted from the 175-pound division's first ten for the same reason.

Garmon Shut Out Pampa, 5 To 0

By The Associated Press
Lubbock's Charley Garmon topped West Texas - New Mexico League play Thursday night with his superlative 3-hit, 5-0 shutout of Pampa.

Unfortunately, for Garmon and the second-place Hubbers, league-leading Albuquerque also won, 7-4, over Clovis.

Plainview, capped its fourth straight game, smacking over Abilene, 10-2.

Amarillo bowled over Borger in both ends of a double-header, 9-4 and 17-5.

Colonials Rise Up To Lick Upstarts

WICHITA, Kan. (AP)—The Washington Military District Colonials, defending titlists, had to come from behind last night to defeat unheralded Springfield, Mo., 8-6, in the National Non-Pro Baseball Tournament.

In other games, the San Diego Naval Air Skyriders edged the Springfield, Mass., Westinghouse Nine, 4-3, and Wichita's Boeing Bombers from Kansas blasted Columbia, Tenn., 9-1.

Barbecue Ducats To Sell For \$1

Tickets for the Big Spring Quarterback Club's barbecue for the Big Spring High School football team, which will be held starting at 6:30 p. m. Thursday, Sept. 10 at the City Park, will be available to the public for \$1 each.

They will be placed on sale by QB Club members Monday afternoon, according to Omar Jones, co-captain of the organization.

The athletes and their coaches will, of course, be admitted free but members and the general public alike will be asked to pay.

Proceeds from the barbecue, and most of them will be clear profit since local merchants are donating practically all the food, will go into club projects. (The Club is spending \$500 alone on film for motion picture cameras, which will be turned over to the coaching staff for orientation purposes.)

In announcing the price scale, Jones emphasized that the meal itself would be worth considerably more than a dollar. Those arranging for the food are allowing for as much as a pound of meat for each person.

Beans, potato chips, onions, pickles, bread and cold drinks will also be served.

The meal will serve to kick off

the school's season ticket sales campaign, with which the club is co-operating. QB Club members have expressed confidence that a record number of season tickets can and will be sold here before the year's first game.

The club's whirlwind sales campaign will be wound up within three or four days.

Pat Murphy and Laurence Robinson have taken on the job of barbecuing the meat.

League Directors To Meet Monday

No action was taken on the election of officers for the Little League and Pony League for 1954 race here last night, due to the fact that a quorum of team representatives was not present.

The delegates plan to meet again at 7:30 p. m. Monday at Dibrell's Sporting Goods store, at which time business for the 1953 campaign will be completed and officers for the new year named.

Maxwell Team 6th At Odessa

The Big Spring team of W. O. (Junior) and Bobby Maxwell is tied for sixth place in the \$7,500 Odessa Pro-Am Golf Tournament.

The local brothers combined to fire a five-under-par 33-34-67 Thursday. Four other twosomes are bracketed at that figure.

Leaders were Dick Turner, formerly Oklahoma A&M star, and Wesley Ellis of San Antonio, with a 90-92-62. They lead the field by three strokes.

C. A. DeWees, Big Spring pro, and Bill Flowers of Fort Worth posted an even par 72 in their first round.

Play will continue through Sunday.

Spuders Beaten By Tyler, 11-7

By The Associated Press
Tyler acted like a genuine challenger to the Big State League Thursday night, dropping the leading Wichita Falls club, 11-7, with a 4-run 12th inning.

The 12-inning victory was principally the doing of Dean Stafford who broke up the gathering with a 3-run homer in the top of the inning.

Wichita Falls now leads by three games with the final game of the series between the two front-runners Friday night.

Equichall Passes Up Denver Mile To Run At Raton Again

Equichall will not run in the "Denver Mile."

Decision to pass the big event was made by owner J. T. Dillard, following a visit to the Denver track.

Condition of the track, notoriously a hard one, plus weight assignment, influenced the decision. The feature is to be run Saturday.

Meanwhile, the Big Spring mare who has had a sensational season, will continue to campaign at Raton's La Mesa park. Trainer Johnny Ray Dillard favors the soft well-kept oval there for the aging legs of the six-year-old Equichall.

Her appearance Sunday will be at a new distance, six and a half furlongs, in the day's feature.

Her past two wins were registered at a mile and in her other two victories she took the Chet Nelson Handicap at seven furlongs and set a new track record going five.

Jolly Kay, owned by Mr. and Mrs. Bud Tucker will go to the post again on the Sunday program and at the same distance, five furlongs, where she scored a smashing victory there last Sunday.

The pre-race dopsters who com-

pletely overlooked the Big Spring horse last week have picked her across the board to repeat, Sunday.

Her surprise victory rewarded backers a healthy \$19.50 for each \$2 ticket last week. Her opening odds are now quoted as 2 to 1.

Miss Cobra, the two-year-old Tucker filly will not see action, as a severe case of distemper required surgery to affect drainage. She will not be started anymore until the late September meet in Albuquerque.

Equichall, which last week car-

ried top weight of 119 in the mile Amarillo Day Handicap and won by a half length, received a weight increase to 123 for her Sunday jaunt.

Abby Chimes with 115 carries next heaviest load in the eight-horse field. Equichall who paid \$4.60 for her win last week is also picked as favorite and opening odds are 2 to 1 to even money, in spite of the weight increase.

Racing at both New Mexico tracks will have a three-day program next week when an extra day, Labor Day, has been added.

Your Lincoln and Mercury Dealer

LOOKING FORWARD?

Yes, the Second Annual Suez Shriners Circus is coming to town, September 16-17. In the next few days the ticket selling will begin—Don't fail to buy because no other dollar gives so much enjoyment and some crippled child walks again from the profit—

- 1953 BUICK Super V-8 4-door Sedan. 13,000 miles. Two-tone paint. Twin turbine dynaflow. 170 horsepower. 12 1/2 inch wheel base. Beautifully trimmed. Discount priced.
- 1951 FORD Victoria coupe. Low mileage. Pride of the Ford Company. We're proud to have it on our lot. You'll be proud to own it.
- 1952 BUICK Special 4-door sedan. Dynaflow. None nicer—None prettier—two-tone paint—We're proud to own this one—but need to sell it.
- 1950 MERCURY 6 passenger coupe. Light pale Big Spring grass green. She's got heat, music and overdrive. Runs like a top and probably will for some time to come.
- 1950 OLDSMOBILE "88" 4-door. This car can be bought too cheap. Looks good and runs better. Radio and heater. Try this one on for size.
- 1950 DODGE 2-door sedan. This is the little one—little body—big economy—little price—big value—little payments—BIG DEAL!
- 1950 BUICK Super Riviera coupe. Two-tone blue and white. This car is in top condition and is 100% serviceable. TRY IT. You'll BUY IT.

GOP Unlikely To Put Morse In Vital Spot

By JACK BELL

WASHINGTON (AP)—Any help the Republicans get from Sen. Morse (Ind-Ore) in retaining GOP control of the Senate appeared unlikely today to alter their opposition to giving him major committee assignments.

Morse, who quit the Republican party during last year's presidential campaign, has announced he will vote with the Republicans on any test of Senate organization.

Despite such prospective help, Neutenants said they are certain that Sen. Knowland of California, the GOP floor leader, will oppose giving Morse seats he once held on the Armed Services and Labor Committees. The Republicans stripped Morse of these assignments after he bolted.

Morse's vote could become de-

cisive if Gov. Frank Lausche of Ohio, a Democrat, names a Democrat to succeed the late Sen. Taft (R-Ohio). That would give the Democrats a 48-47 advantage over the Republicans. Morse could make it 48-48, and Vice President Nixon could break the tie in favor of the GOP.

Even with a one-vote margin, there is doubt that the Democrats would attempt to take over Senate control unless further deaths or resignations should give them a clear majority of 49.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, has indicated to friends he wants no part of a responsibility that would be secure only through the vote of a non-party member, in this case, Morse.

Whether there is any change in control of the Senate—which involves chiefly the coveted chairmanships of committees—there are likely to be some important shifts in assignments.

Two Republican vacancies on the important Foreign Relations Committee already have been the object of considerable backstage maneuvering. Involved are seats vacated at the deaths of Sens. Taft and Tobey (R-NH).

Friends said Sen. Aiken (R-Vt.), who has stepped aside before to let colleagues with less seniority claim a place on the foreign relations group, now has made up his mind to take one of these places.

This action would dash the hopes for one of them, Sen. Flanders (R-Vt.), since custom bars two members of the same party from the same state from sitting on this committee.

Sen. Capehart (R-Ind.), who has seniority over Flanders, apparently is in line for the second vacancy. Length of Senate service is the major factor in determining committee assignments.

If Aiken takes the foreign relations post, he is expected to give up his place on the Senate Labor Committee, of which Taft also was a member.

autumn go-togethers

Servant Snatching Operates Even In Tito's Yugoslavia

By ALEX H. SINGLETON

BELGRADE (AP)—For king or Communist, there's no substitute for a good cook. And even in Redland, rank has its privileges.

Man's mind may be affected by a political ideology. His stomach usually remains impersonal.

That's why here, even in Communist Yugoslavia, the age-old practice of servant snatching still operates with no holds barred.

Recently Vice President Edward Kardelj, in charge of foreign af-

airs, dropped in for dinner at a restaurant frequented by Yugoslav bigwigs.

The meal was excellent, the cooking superb, the sauce divine.

Kardelj called for the cook, a young woman of German ancestry who had learned her spices in various Balkan countries.

A shade short of the usual diplomatic approach, Kardelj pulled his rank. "You will work for me," he said.

The cook demurred. She had a boy friend in the neighborhood, and a contract with the enterprise operating the restaurant.

"It will be arranged," said Kardelj. It was. A van arrived a few days later to collect the cook and her luggage. She was announced in Kardelj's kitchen. All was well and Kardelj, as well, was well fed. Well fed for a few months, that is.

Then the cuisine-proud foreign minister invited Marshall Tito and Tito's third wife, Jovanka, to dinner.

The meal was fit for a king—or a Communist ruler. Kardelj beamed, but not for long.

The cook now works in Tito's kitchen.

Second Section Of B36s Now In Japan

TOKYO (AP)—The second section of "Operation Big Stick," a mass flight of B36 super bombers from the United States to the Far East, arrived at an airfield north of Tokyo today.

Several of the huge 10-engine bombers put down in a light rain at Yokota Air Base, 32 miles north of Tokyo and home of many of the B29 bombers which used to hammer North Korea.

Yokota is less than 700 miles from Soviet Vladivostok.

An Air Force spokesman said there was "no significance" to the nickname "Operation Big Stick."

The operation is officially described as a training mission.

Security regulations prevented disclosure of the length or elapsed time of the flight.

It was not known how long the planes would remain in the Far East, but they are expected to return to the United States soon.

The B36s which arrived on Tuesday have already departed for an undisclosed destination.

Not Just Lithping

SALT LAKE CITY (AP)—Sign in a downtown women's wear store here:

"We carry garter belts in all thigh-zes."

Septic sore throat in man often is caused from germs in infected milk.

Mother Charged With Try To Kill Children

LOS ANGELES (AP)—A 28-year-old mother, distraught over the arrest of her husband of a kidnapping charge, stands accused of trying to kill her six children by turning on the gas in their home.

Mrs. Vonille Baggett was charged with attempted murder of the children, aged 1 to 9. Police found them unharmed yesterday. Her husband, William E. Baggett, 30, a carpenter, is in jail accused of trying to abduct a woman on the street.

Mrs. Baggett said she couldn't stand the neighbors' talk after her husband's arrest, weeping: "I didn't raise my children to live down this scandal."
