War Loan Drive Opens On Monday

Claude Meador, chairman of the war bond drive for Schleicher Co., is starting this week on plans for the raising of Schleicher County's quota of \$45,000 in E bonds and an over-all quota of \$115,000. Assisting him are committeemen from various communities of the county.

The drive opened Monday and will continue through December 8. It will be the last government sponsored drive of World War II. The county has always raised its quota, often with a heavy over-subscription, and it is expected that it will do so again. Schleicherites are urged to buy all the bonds they can possibly afford, knowing the country's need at this time.

Eldorado Team Wins Sixth Straight Game

The Eldorado High School Eagles, flourishing a galaxy of passes and runs called by Captain Hal Whitten, kept the Rock Springs football team guessing what was next in the non-conference tilt held in Rock Springs last Friday which the Schleicher Co. lads won 14-0. Although the going was rough at times, when the old pigskin was eased to pay dirt, the Eagle captain would call the unexpected and over it would go.

During the first period, after calling and running inside and outside tackle plays, an end run was started which wound up in a long 20 yard pass from Stanford to lanky Bill Lewis Humphrey which was good for a touchdown. Whitten added the extra point by place kicking.

In the last half after exchanging the ball a few times, the Eldoradians, sparked by Co-Capt Stuart Williams at guard, started a march up the field to pay dirt. William Spurgers was good for 5 to 10 yards on each play in his inimitable, reckless-abandon style of offense. But when little Arthur Mund Jr., sneaked off over center on a center sneak, it was good for 12 yards and a touchdown. Whitten converted again. The game ended with Rock Springs throwing some dangerous and good forward passes.

The starting line-up for Eldorado was:

- LE—Bill Lewis Humphrey.
- LT—Bill Whitley.
- LG—Stuart Williams.
- C—Tom Green.
- RG—Carroll Sproul.
- RT—Frank Doty.
- RE—Hal Whitten.
- Q—Arthur Mund, Jr.
- HB—Howard Mittel.
- HB—Sonny Stanford.
- FB—William Spurgers.

SONORA FARM LOAN ASSOCIATION TO MEET

The annual meeting of the stockholders of the Sonora National Farm Loan Association will be held at the office building in Sonora on Monday, November 5, at 1:30 p. m., announced A. E. Prugel secretary and treasurer. President J. A. Ward, Jr., will preside at the meeting, which will include the election of two directors, as well as a report on the association's operations for the past year and plans for the coming year.

Work Proceeds On Street Survey For Paving Estimate

An engineering firm employed by the City Council to survey the streets and submit an estimate of paving costs has been at work in Eldorado during the past ten days. As soon as they have completed the survey they will assemble figures and present an estimate to the city council, who will call a mass meeting. If the majority of the people favor a bond election a date on which to hold such election will be set by the council.

OZONA TEAM PLAYS HERE ON SATURDAY

A high point in the Eldorado Eagles' steady climb toward what looks like possibility of district championship will be reached Saturday when they meet the Ozona Lions on the Eldorado field.

As the last conference home game, with only one more conference game to go—at Junction on Nov. 10—it will have pulling power with spectators such as few games have, and may mean chalking up some more welcome points toward winning the district cup.

The closing game on the calendar will be with Robert Lee, there non-conference.

Nearly Three-Fourths of State & County Taxes Already Paid

73 per cent of the State and county taxes for the current year have been paid during the month of October, according to word from the office of Tax Collector Sweat yesterday.

A 3 per cent discount was given on current taxes paid during October and thrifty minded Schleicherites simply came in and took this discount. This is a considerably larger proportion of payments than in any previous year.

Pittman in Okinawa In Recent Typhoon

A. E. Pittman, Lt. (jg) went through the typhoon at Okinawa recently and is now in Shanghai as skipper of a YP. In describing the storm in a letter to his wife, Mrs. Fannie Pittman, he mentions difficulty to keep ships in harbor from colliding, and describes the entire experience as terrifying.

WORK ON HANGARS PROGRESSES SLOWLY

Fliers Iiten of Sonora and Patterson, Wheeler and Whitten of Eldorado are at work on new hangars for their planes at the Eldorado airport. As the work is being done during spare time when the men can find time after working hours, it will be at least two more weeks before the work can be completed.

NEW SON

Mr. and Mrs. W. Irl Breedlove of Fort Stockton are the parents of a son born October 26 in a Fort Stockton hospital. The young man weighed eight pounds and has been named George Robert. Mr. Breedlove was former publisher of the Eldorado Success.

TO SAIL SOON

Sam H. Henderson, who is in France, has recently been promoted to staff sergeant. He hopes to be home in December, a sailing date of Dec. 5 having been announced.

Schleicher Wildcat Location Is Staked

A wildcat oil test with contract depth of 6500 feet, drilling to start within 30 days, will go down in Schleicher County on the Tom Henderson place. This new test will be 5 miles north and a little east of a former test, which brot in a gasser, since shut down for lack of pipe line outlet.

As the new test will be with rotary equipment, probably ten or fifteen men will come to Eldorado as personnel of the drilling crews. In addition haulers of supplies and materials, and others connected with the test, will be in the county on business of varying nature.

While first consideration will be location of oil, the companies involved would welcome a gasser. The field produces wet gas—and old timers in Eldorado recall that a by-product, called casinghead

gas, was sold from two filling stations here; casinghead being similar to gasoline and adapted to usages to which commercial gasoline is put.

Far-seeing Schleicherites are quick to point out that the new test is only 1 3-4 miles from the site of the new highway—a fact which would be of interest should a producing field be brought in.

The test is called the George P. Livermore, Inc., Ellenburger, lower Ordovician, wildcat, the No. 1 T. R. Henderson, in the northeast corner of the north half of section 78, block I. Contract depth is 6500 feet, work to start in 30 days. Contributing toward the wildcat are two interested companies, the Cities Oil Co., and the Globe Oil and Refining Co. George P. Livermore will be in charge of drilling operations.

Larger Telephone Crew To Arrive

A telephone crew, working in eastern Schleicher County on rebuilding of the telephone lines, will be re-inforced soon by a larger crew, which the main office will send here to speed up the work.

The entire outside plant will be re-built before the dial system can be installed, officials state. Meanwhile many new customers are signing up, assuring the company of a larger list of subscribers as soon as the dial system is put into operation.

Rationing Office Remains Unchanged

Though many other county offices have been closed or partially closed, the Schleicher County war rationing office in Eldorado remains for the time exactly as it was during the war. No official word concerning a change in its status has been received.

Mass Meeting Is Called to Discuss War Memorial

In response to a growing demand for a World War II Schleicher Co. memorial, a mass meeting has been called in the county court room, November 5 to discuss the type of memorial favored by the majority, and methods of financing the project which will be favored by the public.

A variety of types of memorial is reported throughout the nation, some being: park, swimming pool, club house, boys' club, community center, streets or parks of trees, outdoor playground, stadium, building for organizations, etc.

Rev. J. A. Carriker, Rev. F. B. Faust and Rev. Jim Hays, pastors of the city, have been appointed as an arrangements committee and these men are calling the mass meeting to receive the suggestions of the public. They have drafted the following general appeal:

"To every citizen in Schleicher County:

"Let us not longer delay the erection of so worthy a project. We owe it to all the young men

War Chest Drive Goes Over Top

The War Chest drive has gone over the top, but committee members are still taking donations, in an effort to put Schleicher County in the list of the over-subscribed. Those who have not contributed are urged to do so at once.

Arthur Faull Builds New Feed House

Arthur Faull and a crew of laborers cut sod Monday and started to lay forms for a cement foundation for a new 30x60 foot building. Mr. Faull, who lives at Bailey Ranch, is managing the work and is doing the labor with the assistance of several workmen.

The building under construction will be erected of concrete blocks. It is understood that it will be used for feed storage. It is located near the route of the new highway, near the depot turn.

State Highway Crew Arrives On Monday to Survey Murcheson

The highway department sent in a crew of surveyors to start work Monday on surveying the several-block section of highway effected by the recent change in routing.

On about October 10, during the week preceding the county bond election of October 13, the highway department announced that the road would be brought to the business district, eliminating the previous proposed route, which joined the highway at the Eldorado Gin, after passing through the lake area. The crew are now work on the new route through Murcheson St., and on the curve by which Murcheson is entered.

Landowners east of town who are surrendering a little land as a result of the highway survey for right-of-way, are already at work setting back their fences.

The state highway department make no announcement concerning the date on which they will give the go-ahead signal for actual construction, but it is understood that the Schleicher road is up toward the top in their list—which leads to the belief here that "it won't be long."

Schleicher Ranchers Lease Near Marfa

Milton and Aubrey Baugh who have ranching interests in Schleicher and Presidio Counties, have leased a 50-section ranch from Wayne Cartledge, which joins their present ranch about 30 miles south of Marfa.

They also purchased 6,000 Rambouillet ewes, about 200 head of cattle and 20 saddle horses. The ranch is to be operated by Milton Baugh's sons, Bill and Adair, both of whom are enroute home after serving overseas with the armed forces. Mrs. L. T. VanEman, daughter of Mr. and Mrs. Milton Baugh also is interested in the new ranch.

Aubrey and Milton Baugh and another brother, Len Baugh, who lives east of Eldorado, delivered their calves Monday of this week, to Walton Kothmann, Menard. There were around 320 calves in the delivery and average weight was around 450 pounds.

Bird Hunters Break Telephone Lines

Telephone Manager McLaughlin reports that he has driven 98 miles this week, repairing telephone lines shot down by bird hunters. The company and its line men would be pleased if hunters would shoot their birds "on the fly" and not on the telephone lines.

RESIDENCE RENOVATED

R. A. Evans is renovating his residence, which he has owned and occupied for 41 years. The work includes new roof, straightening of the foundation and many other repairs and improvements.

BUSINESS LOT SOLD

J. L. Ratliff has bought the Mrs. W. D. Patton lot, on which the building housing Doyles Barber Shop and Randy's Electric Shop are located.

MIKA VISITS HERE

Hugo Mika, of the Soil Conservation service was here early this week on his way to Angelo to attend a soil conservation meeting. He has been located in Carrizo Springs three months.

Sofge Case Grand Jury Recesses

Delay in grand jury action in the case of Carl Sofge, jailed last week after the fatal shooting of his brother Clem, was occasioned Monday by failure to locate a witness, and jury was recessed Monday afternoon by District Judge. Sutton. There have been no further developments in the case; Recessing of the case caused no change in the present status of Carl Sofge, who is out on \$10,000 bond until he is billed.

Ranchman J. F. Webster was appointed foreman of the jury by Judge John F. Sutton.

Joe Finley, War Veteran Passes Away

Joe Finley, veteran of World War II, died of a rare bone disease Tuesday night at 9:30 in an Albuquerque veteran's hospital. He had been in failing health six months and was admitted to the hospital a month ago.

The family here received word late Monday afternoon that Joe's condition was serious, and Jim, Pete and Fay Finley and Mrs. H. T. Finley of Eldorado and Anna Pearl Finley of San Angelo left soon afterward for Albuquerque. They phoned here Tuesday morning that he was unimproved and again Tuesday night announcing his death.

The body arrives at San Angelo tonight, Thursday at 10:00 and funeral services will be held in the Massie Funeral Chapel Friday afternoon at 2:30. There will be a later service at about 4:30 at the Eldorado Cemetery.

He was born in Ballinger in 1902 to Mr. and Mrs. H. W. Finley. He spent most of his life in Schleicher County, where he was a rancher. He was not married. He was in service for some time, receiving his discharge two years ago.

He is survived by three sisters, Miss Fay Finley and Mrs. Weatherly Kinser of Eldorado and Miss Annie Pearl Finley of San Angelo, and four brothers, W. H. Jim and Pete of Eldorado, and Pat of the Navy, who left Pearl Harbor October 26 for the States.

Service Station and Ranch Take To The Air!

This is a new wrinkle in repair service. It happened yesterday—like this:

A call came in to the Elder Humble Station from the C. O. Bruton ranch. Jack Elder took three boots, got W. M. Patterson to fly with him out to Bruton's, helped fit the tire up with a boot and took off again for Eldorado. The whole trip took hardly 30 minutes. When Jack left Bruton's the tractor was on the move again, plowing.

FILLING STATION CHANGES HANDS TODAY

A. B. Bradshaw and A. C. Jeffrey today bought the Harris Gulf Station and are operating it as the Highway Service Station. They will continue to sell Gulf products and will probably put on a mechanic later.

ON ACHIEVEMENT TOUR ELDORADO DEMONSTRATORS EXHIBIT NEW SHOE RACKS, SHRUBBERY, SWEATERS, ETC.

The members and guests of the Eldorado Home Demonstration Club began a tour of inspection at 2:00 o'clock p. m. to the homes of the demonstrators in the four demonstrations carried on in 1945.

At the home of Mrs. Palmer West, clothing demonstrator, a clothes closet with shoe bag, hat racks, shelves and the proper height dress rack was shown as well as the articles of clothing made in the past club year. One of the things Mrs. West feels that she has saved the most on in dollars and cents was a winter coat for her little daughter, Riedale. It is made of all wool material with a lining and inner lining and the total cost including buttonholes and buttons was \$8.88. If anyone has recently shopped for childrens coats she can figure how much has been saved. Another article is a knit, coat style, sweater, which Mrs. West knitted for \$1.85, cost of the thread. She has made 8 dress forms for others during the year. A bed lamp made from a large size pineapple juice can was shown by Mrs. West. This was just one of the many things her husband, Palmer, is so handf at. His own closet was shown, fully equipped with guns, fishing tackle, hammers, saws, and many

other articles very appropriately arranged.

At the home of Mrs. L. O. Christian, home improvement demonstrator and incoming club president, one could see how she and Mr. Christian and their son, Maurice, spent their hours after an 8-hour work day which neither has vacationed from very often. The most outstanding piece of work was the building of a kitchen and transforming the old kitchen to a dining room thereby giving them another room. They have repapered all of the rooms and added necessary articles of furniture. Their yard and garden show that some one has been at work, planting shrubs and fruit trees and building fences.

From the Christians the ladies toured to the home of Miss Ruth Baker, home food supply demonstrator. Just one glance at the well filled, properly arranged and ventilated pantry would indicate that the Bakers—Ruth and her mother—will be well fed. There were many varieties of food on the shelves that most people think do not grow in Schleicher Co., but the truth of it is that Ruth is a very good manager, and a thrifty worker, and she seems to have the knack it takes to make things grow and produce, and then in turn to preserve it in some manner for further utilization. On the door of the pantry is a copy of the "Texas Food Standard—What I Need daily for a well balanced Diet."

To conclude the tour, a trip to the country home of Mrs. W. M. Davis was made. With the help of Mr. Davis and their son, Wayne, the Davises have also put in a lot of work after hours. Mrs Davis worked at the Red and White grocery store during most of the year with only a little time off, and Mr. Davis was proprietor of the Davis barber shop until he decided that he preferred a rural life; thereby selling his shop so he could spend more time at home. At present Mrs. Davis is principal of the Latin American school, and she doesn't advise anyone to live in the country and be a professional at the same time. They have re-roofed their house, levelled the floors, papered the walls, built in cabinets, wired for electricity and have done many other things.

Refreshments of sandwiches, cookies, candy, tea and coffee were served to the members and guests. A short business session was conducted and the club adjourned to meet again November 9.

Directions Given For Apple Recipes

Fannie L. Pittman
Co. Home Demonstration Agent

Apples are becoming more plentiful on the market. Small apples are very good for cooking.

Scalloped apples and sweet potatoes is a dish your family will enjoy. And here is the simple procedure to follow in preparing this delicacy: Take cold boiled sweet potatoes. Peel them and slice them. Place the uncooked apples and sweet potatoes in alternate layers in a greased baking dish. Sprinkle each layer of apples with salt, sugar and fat. Add a little water and bake for 30 to 40 minutes in a moderately hot oven. If you like you can leave the lid off the last 15 minutes of baking and sprinkle bread crumbs on the top.

You may try fried apples with onions. That's easy too, and good. Just fry sliced apples and onions with a little fat—slowly in a skillet. Be sure to stir every so often. Don't scorch them; that's bad for the flavor.

When they're nearly tender, remove the cover, add sugar and salt. Then continue cooking until the apples and onions are lightly browned. Serve at once.

If you prefer your apples straight, you may make scalloped apples. You bake them the same way you do sweet potatoes. Just put a layer of apples in a baking dish, sprinkle with sugar and a little salt, and dot with fat. Continue until the dish is full. Cover and bake in a moderately hot oven—that's 375 degrees.

Capt. Pagle Leaves To Enter College

Capt. and Mrs. William Pagle left Tuesday for Glendale, Ariz., where they will visit, and from there they will go to California where Capt. Pagle is to enter school. Mrs. Pagle has been visiting for the past three weeks in the home of Mr. and Mrs. George Williams, while her husband returned to his home at Flint, Mich., following news of the death of a brother in action.

Capt. Pagle was formerly stationed at Goodfellow Field, San Angelo.

Betty Bryant and R. C. Edmiston attended a Triple A meeting in San Angelo on Monday of this week.

Lt. Milton Baugh Is Back In States

Returning from approximately 30 months overseas in the European theatre, Lt. Milton (Bill) Baugh, Jr., arrived in the States recently and was met in San Angelo Wednesday by his parents, Mr. and Mrs. Milton Baugh, Sr.

Lt. Baugh, who has been in the service five years, served with an engineering maintenance corps. He was stationed in Iran and later in France. Bill was associated with his father in ranching before entering the service.

Anita Runge, daughter of the J. F. Runges, is attending Our Lady of the Lake College in San Antonio, where she will finish her senior year in high school.

Discharge Granted To A. L. Jeffrey

Archie Leo Jeffrey, machinist mate first class, USNR, of the Seabees, returned home Sunday October 23, after receiving his discharge at Camp Wallace. He has been in the service since Oct. 1942, serving 27 months in the Pacific. His last station was Okinawa where he spent six months.

His wife, who has been employed in Jacksonville, Texas, is here with him. He is the son of Mrs. J. F. Jeffrey, and before entering the service he was employed with the county road crew. He expects to make his home here.

A brother, Claude Jeffrey, also of the Seabees, stationed in California, expects to be at home soon with a discharge.

Faust's Son-in-Law Receives Discharge

Captain Harry E. Ralston, husband of the former Miss Libby Faust, received his discharge from the service Wednesday, October 31 and the couple are expected here within the next few days for a visit with her parents, Rev. and Mrs. F. B. Faust.

With the Marine Corps, Capt Ralston spent 27 months in the South Pacific, and for the past year, has been stationed at Camp LeJeune, North Carolina. They expect to make their home in Dallas, where both will start work on their Master's degrees at S. M. U.

Mr. and Mrs. Jim Hoover are in Temple where Mrs. Hoover is recovering from an operation which she underwent about two weeks ago. Her condition is reported to be good.

Several Programs For Talon Queen Held Last Week

Several programs were presented last week in connection with the race for Talon Queen. On Tuesday evening, the Junior class sponsored a Womanless Wedding at the school auditorium, complete with the "blushing bride" and her entire bridal party.

A Tom Thumb wedding and Style Show sponsored by the Senior class Thursday evening drew a large crowd. The miniature wedding with its tiny bride, ring bearer, flower girls and other small characters, drew much applause from the audience.

The latest in modernistic styles for milady were presented by a group of men and boys, who very gracefully displayed each garment drawing much laughter from the crowd.

Mrs. Bearce Hostess to Wed. Bridge Club

The Hallowe'en theme was carried out in table decorations and in the party rooms when Mrs. W. R. Bearce entertained the Wednesday Bridge Club with a luncheon last week.

Woolen Mill Is Six Years Old This Week

J. M. Christian, proprietor of the West Texas Woolen Mills, is this week receiving the congratulations of his friends—the mill is celebrating its sixth birthday.

To the young proprietor and to the buying public of the Southwest, the event is an occasion for real celebration. The last of the drab army blankets, which during the war years replaced the gay shades which had found a ready market before Pearl Harbor, have been delivered, and colored blankets with matching satin bindings are again being shipped out to eager civilian buyers.

It will require some time before the force can catch up with back orders. Demand for the blankets is heavy and there is no short cut to production of high quality merchandise.

6 Years Ago Today

Principal machinery units for what was to be known as the West Texas Woolen Mills, here in Eldorado, were purchased in Massachusetts by J. M. Christian, Nov. 3, 1939. He had severed his connection as engineer with the U. S. Rubber Tire Cord division and his time from then on was to be devoted entirely to the establishment of Texas' and the Southwest's first woolen blanket mill.

Thoughts of locating in San Angelo were discarded, as was a very attractive offer from New Braunfels, so Eldorado was assured of becoming the home of the now widely known "El Dorado" blanket. Blankets from the mill have gone to practically every state in the Union.

Work on the sturdy native stone building designed by Christian especially to house textile operations in the semi-arid climate of western Texas started in December. The building was completed, machinery shipped from the East, installed, put into operation, and the first blankets completed by December of the following year, 1940.

A gala formal opening, sponsored

The West Texas Woolen Mill of Eldorado

J. M. Christian

blesome outside drying procedure. Raw wool scouring vats were installed as auxiliary equipment in event it ever became suddenly necessary for the mill to do its own wool scouring.

As the mill now resumes production of gay colored blankets, with a large back-log of orders to be filled, its prospects for the

future seem bright. Its brief history of six years of successful operation assumes larger proportions in the light of the fact that before this mill was established it was practically a recognized fact that woolen mills could not be operated in the Southwest! Young Christian believed this idea to be false, staked his future on

his own convictions and set out to prove his point.

Sometimes the going has been anything but smooth. A low point in the financial status of the mill was early in 1942, when it became evident that the mill would have to have a larger operating capital, and to get this capital there was a possibility the plant would have to be moved. This obstacle, possibly the largest the mill has confronted, was successful hurdled. Another great handicap has been the continual loss of trained men to the armed forces. Several years being required to properly train a young man in the various departments, and no possible outside source of similarly trained help being available, the seriousness of the situation during the war years is understandable. That this one factor slowed the mill's output a little cannot be denied. All of these difficulties are termed "growing pains" by Christian, however, and he has anxiously awaited return of normal conditions over the world as heralding better times for his infant industry. All in all, what pioneer did not have some rough going at times?

Couple From Alpine Visit Here Recently

Sgt. and Mrs. Frances L. Powers of Alpine visited briefly today (Thursday) with her sister and father Mrs. W. C. Doyle and G. H. Davis. The couple are on their way to a separation center in Kansas where Sgt. Powers will receive his discharge.

Polly McLaughlin, who has been visiting for the past two weeks with Sgt. and Mrs. Powers, returned to her home here with them.

Sgt. Howard Belcher Here On Furlough

Sgt. Howard Belcher, who returned home recently from the European theatre, is spending a 45-day furlough with his parents in San Angelo, Mr. and Mrs. J. T. Belcher, and with his wife's mother, Mrs. Ruha Boyer and other relatives of this place.

Mrs. Belcher, the former Billie Boyer, has been employed in San Angelo, since her husband went overseas.

To the People of this Community

Take a tip from your favorite retail merchant. His Christmas counters are stocked for the first time since 1939 with commodities you dreamed about in the darkness of war. And yet he and his employees will go the limit today in telling you for your own good to buy "something else" first. As a war-wise thrifty American you need not be told that the name of this product is Victory Bond, that it can never be worth less than you pay for it, that it will return \$4 for every \$3 invested when held to maturity 10 years hence, that it is your personal servant at the same time it is serving your country's current needs, that it will assure you not only a merry Christmas this year but help to make Christmas merry in the years to come. Your merchant knows a great product. That's why he is putting every effort to stuff the Christmas stockings of this community with extra Victory Bonds.

Jack Whitley Gets Service Discharge

Lt. Jack Whitley, son of Mr. and Mrs. Jack Whitley, has just received an honorable discharge from the Army Air Corps, and he and Mrs. Whitley and their small son are visiting here with his parents, and in Sonora with her parents, Mr. and Mrs. H. V. Morris.

Lt. Whitley was a bombing in-

structor on a B-27 at Concho Army Air Field, San Angelo, at the time of his discharge. He had been in service since December 1943, and had trained at fields at Stockton and Santa Anna, Calif., and at Kingman, Ariz.

A. J. Mund underwent an operation in a Temple hospital Friday of last week. He is reported to be doing very nicely.

Methodists of WSWS Observe Prayer Week

Opening of the Week of Prayer, the Woman's Society of Christian Service of the Methodist Church met in the home of Mrs. J. E. Tisdale Monday for a quiet day of retreat and rededication.

Mrs. F. B. Faust opened the program on "Personal and Social Reconstruction" with an appropriate devotional, followed by the 1st meditation. Others taking part on the program included Mmes. W. H. McClatchey, L. Wheeler and J. E. Tisdale. Special songs carried out the theme of the program.

A covered dish luncheon was served at noon to those mentioned above and Mmes. Ben Hext, Luke Thompson, J. F. Isaacs, Ben Isaacs, Reuben Dickens, O. E. Conner and Miss Tom Smith. Mrs. Keno Ogden was present for the morning program.

Meeting again Tuesday afternoon at the church, Mrs. S. D. Harper led a program on "Loving Our Work and Working Our Love," with several others taking part. A special offering was made for Methodist missions in Africa and a school for Latin-American people of El Paso, as well as other worth while projects.

Imogene Nixon and Billy Harrison Wed

Billy Harrison, son of Mr. and Mrs. C. E. Harrison, and Imogene Nixon, daughter of Mrs. Paul Nixon, were married at 10:00 p. m., October 25, at the residence of Rev. C. T. Aly, Baptist pastor of San Angelo, the pastor officiating.

For the ceremony the bride wore a brown coat suit and her flowers were gardenias. Immediately afterward the couple left on a trip to San Antonio, from which they returned Saturday night.

The bride was reared here, and since her graduation from Eldorado High School last year has been employed as saleslady at Franklins, in San Angelo. The groom is a junior in Eldorado High School and is a member of the football team. The couple are making their home at the J. C. Martin residence and Billy has returned to school.

County Club Exhibit On November 10th

On Saturday, Nov. 10, there will be a county-wide exhibit of demonstration and 4-H club work, with prizes offered in the several departments. The exhibit will be held in the sheet iron building at the rear of the Red and White.

First, second and third prizes will be offered in these departments:

- Canned fruit and vegetables.
- Upholstered furniture.
- Candlewick bed spreads
- Pot plants and cut flowers.

In the departments listed, only club members will be permitted to compete for prizes, with the exception of pot plants and cut flowers, which will be thrown open to the general public.

In addition to departmental displays, there will be club exhibits, in which each club will have a special exhibit displaying some demonstration given during the year. In this also there will be first, second and third prizes.

World Community Program On Friday at Methodist Church

"The Price of an Enduring Peace" will be the program topic when the churches of the town have a World Community Day Program at 7:30 Friday evening at the Methodist Church.

A collection will be taken for relief in Asia and including China in connection with the united Christian service work. Last year American Christians of 41 denominations gave over \$600,000 and a higher goal has been set for this year.

Mrs. Edwin Jackson is general chairman of the program and Mrs. Bert Page, leader, will bring the introductory message. Mrs. F. B. Faust will have charge of the worship service.

Other topics which will be discussed are: "The World Charter; How to Make it Live"; "The World Community; How to Achieve it;" and "The World Church; the Women's Part in It."

Special music will be presented by the Girl's Sextet under the direction of Mrs. James Page. The public is invited to attend this service.

Lt. Billy Farrington Is Buried Monday

Training Union Meets On Tuesday

Tuesday evening the Scarbrough Training Union met in the home of Mr. and Mrs. Buster Gunn for a barbecue and social. Those present were: Mr and Mrs Fred Watson, Gordie Alexander, Joe Wagley, Roy Davidson, J. M. Hays, Jess Thompson, Tom Lauderdale, E. W. Perry and Mrs. Norman Hodges.

FIRST BAPTIST CHURCH

Our meeting is over and we all rejoice for the much good that was done and the accomplishments that were made. And in the future we will feel the impact of the spiritual uplift and will go forward in a large way because of such services.

We are grateful for the inspiring preaching that Bro. Ball did, and for every effort that was put forth by our people to make the meeting a success.

There were some twenty rededications and additions, for which we are grateful. There will be a baptismal service at the end of our Sunday evening service. For every decision for Christ and every dedication for the Lord means a better and happier life, plus a better home, and a larger influence in our midst for the cause of righteousness.

Do not forget that we are to have The Concho Valley Workers Conference in our church the 7th of November. There will be an inspiring program and many helpful messages will be delivered. I know our people will do all possible to make this a great day.

And also next week is the week appointed when we will engage in a Sunday School Study course. Sunday is State Mission Day. There will be given a special program by the Sunday School. If you miss this, you will miss an inspiring and helpful message.

Our church calendar: Sunday school and worship hours 9:45 and 11 a. m. Training Union and worship 6:30 and 7:30 p. m. Mid-week service each Wednesday evening at 7:00. The Women's Missionary Union meets each Monday afternoon at 3:00. The R. A.'s and G. A.'s and Sunbeams each meet each first and third Monday afternoon. Sunbeams at 3:00; the RA's and GA's at 4:00. These organizations as well as all of our church work will go forward in proportion as to our love and faithfulness in attendance. Can we count on you?

—Pastor.

Shoe Rationing Ends Yesterday

The end of shoe rationing was ordered yesterday, effective at 12:01 a. m. Wednesday.

Terminating a program which began on February 8, 1943, OPA Administrator Chester Bowles said rationing can be lifted because shoe production has increased substantially since V-J Day.

Some trouble spots can be expected for a while, Bowles said, adding that customers "may not always be able to buy the styles they want."

"But both the War Production Board and the OPA have agreed that no general hardship should result from the discontinuance of shoe rationing . . ."
