R.E.A. Work Expands In Post-War Period

The eleventh anniversary of the Federal rural electrification program on May 11 finds REA-financed Southwest Texas Electric Coop. Inc., which serves this area, making steady progress with its post-war activities despite handicaps to line building, according to an anniversary report by Mr. P. K. McIntosh, president of the cooperative. Pointing out that this month also marks the end of the first year since wartime line building restrictions were modified, Mr. McIntosh said that the cooperative has built 140 miles of line and extended service to 97 new rural consumers since Japan's surrender. In its current construction program, covered by loans already approved with the Rural Electrification Administration, the cooperative will add 100 miles and 100 consumers to its lines as soon as the materials situation permits.

The cooperative has applications in now for approval of 180 miles to serve 133 new consumers in Schleicher, Irion, Sutton, Tom Green, Crockett and Val Verde counties. Two more projects are in the making now that will total about 200 miles and will serve about 175 new consumers in Schleicher, Irion, Menard and Tom Green Counties. The cooperative intends to extend its lines until every farm and ranch home in its area has power line electric service.

To finance its program, the cooperative has to date been granted a total of \$240,000.00 and \$134,000 has been advanced in REA loans to be repaid over a period of 35 years with interest at 2 per cent.

REA's eleventh anniversary finds that agency handling the greatest volume of loan applications in its history, Mr. McIntosh said. Throughout the nation, REA borrowers that were in operation on July 1, 1945, were deluged with new service applications shortly after the building restrictions were removed. This forced an enlargement of their post-war construction plans. In less than nine months, nearly 100 new rural electrification projects became active in unserved areas and more than half of them had received approval of REA loans. A dozen new systems were energized in the country during that same period.

When REA was established 11 years ago, only approximately 750,000 of this country's farms had power line electric service. Today, about 2,750,000 American farms, or nearly 45 per cent of the total, are electrified. More than half of those electrified since 1935 are served by REA-financed lines. On February 1, 1946, REA borrowers were operating 452,423 miles of rural power lines in 46 states, Alaska and the Virgin Islands and serving 1,420,496 power consumers. Most of these are farms, but also included are many non-farm homes, rural schools, churches, stores, factories and other rural establishments, the electrification of which contributes greatly to the more effective use of rural community facilities and to rural community improvements.

Material shortages that are now delaying building operations are receiving special attention by REA experts and co-op officials, Mr. McIntosh explained. The pole situation, most acute of all a few months ago, is improving. Line hardware, including transformers, conductor and meters, is still critically scarce.

Locally, the program of the Southwest Texas Electric Coop. Inc., is affected mostly by the shortage of poles but this has been corrected since the contractor has

begun furnishing his own poles.

"In spite of these aggravating delays," Mr. McIntosh said, "more than 28,000 miles of new lines and 133,000 rural consumers were added to REA-financed facilities in the nation during the first eight months of the current fiscal year. It is only a question of time until these bottlenecks are broken. When they are, the rate of new construction will surpass any peaks attained in prewar years."

GEOPHYSICAL MEN STATIONED HERE NOW AT WORK

Petty geophysical engineers arrived in Eldorado last week — have started on an extensive surveying project in Schleicher and adjoining counties. On Monday the crew started work near Sonora and they will go from there to adjoining localities. The men arrived here from Big Spring where they had been employed by the company since February.

Included in the crew are several from out of town—Odell Arnold who with his wife are living at Ramsey's, Roland Briggs, also accompanied by Mrs. Briggs, are at home in the Mrs. Frank Spencer apartment, Ray B. Hudgins, who with his wife occupies one of Walter Taylor houses, and Mr. McCormick.

Local men employed by the company are Punk Bridgeman, Richard Davis, Floyd and Loyd Spurgers, P. D. Haley, Bill and Bud Wade and Olge Halbert.

Arrangements for accommodating the crew in Eldorado have been made by Clovis Taylor. Other workmen will arrive soon, it is understood.

Arrangements Made Here On Wednesday for Tractor Van Visit

Capt. A. W. Shaw and Staff Sgt. R. C. Hawver were here Wednesday from Randolph Field, making arrangements for the visit of their tractor van in Eldorado Monday. There will also be a show at the courthouse. The caravan, which will be accompanied by 15 or 20 men, will arrive here about 11:00 a. m., and will leave after the night show for Rock Springs where they will display Tuesday.

CRITICALLY ILL
Ollie Alexander left at 2:55 Wednesday afternoon for Corpus Christi with Buck Kent of Monahans, who was here with his plane, upon receipt of word that the Alexander's youngest son Ollie Jr., was seriously ill with spinal meningitis. In a phone call to Eldorado last night Mr. Alexander stated that he had found the boy hopeful about his condition, and that doctors expected to pull him through. The other members of the family left for Corpus Christi this morning, Thursday.

Col. and Mrs. R. F. Frost have returned from a weekend visit in San Antonio.

Jack Etheridge is again on the sick list and he and Mrs. Etheridge returned today to the hospital at Temple where he recently had an operation.

EAT delicious Mexican food every Saturday night until 10:00 o'clock at the Snack Bar.

Mrs. George E. Baugh of Austin spent the first of the week as a guest of Mr. and Mrs. B. K. Cheek.

CREW REPORTS STEADY DRILLING ON KOY OIL TEST

Drilling at 2440 feet Monday afternoon toward contract depth of 5,800 on the Cooper Gas Co., oil test on the Jess Koy farm ten miles east of Eldorado, the Parker Drilling Co., reports most satisfactory progress and the minimum of setbacks.

Though operations were off to a slow start due to difficulty with surface casing, drilling is now proceeding steadily and it is hoped that the test will make either an oil or a gas producer.

Sixteen men, including tool pusher D. L. Rogers, — 9 out-of-town men and six local employees — compose the three shifts operating 24 hours per day. The crew came to Eldorado from Monahans where they have been drilling.

Included with the crew personnel arriving here recently are D. L. Rogers' wife, and his daughter Janis who entered second grade Monday; Mrs. Buffington and several other wives, all of whom are living in or near town. Several men were unable to find living quarters and did not bring their families. Local men on the payroll are W. J. Humphrey, H. L. Burk, F. S. Otterbury, E. R. Farris, Lenard Rea and J. C. Johnson, Jr. Two of these are on the morning tower and four on the afternoon.

SOIL CONS. CREW DEMONSTRATES SHRUB POISON

The first demonstration of 2-4-D poison on cedar and mesquite ever conducted in Schleicher County was held at the Archie Mittel place Tuesday afternoon, with the Soil Conservation crew in charge. The demonstration showed the effectiveness of the poison on obnoxious shrubs and weeds. The poison was furnished for demonstration by AAA. A similar demonstration on horehound, which grows profusely in Schleicher, was held Wednesday at B. E. Moore's, and another will be given at Forrest Runge's at an early date.

Under AAA payment is made for eradication of cedars, mesquite, and prickly pear, and some improvement in pastures has been made under government sponsorship, especially in killing of the obnoxious pear.

MEADOR MUTTONS SOLD

A truckload of 200 muttons from the Frank Meador ranch left Eldorado Tuesday, for the Ft. Worth market, leaving 300 for later sale. Shearing at Meador's is set for Friday and Saturday; 1000 ewes and lambs being scheduled to lose their fleece in those two days.

Recent Rains Help, But More Needed

Rains which touched all parts of the county in varying amounts fell during the weekend, aiding farmers and ranchers as they attempt to carry out a profitable farm and ranch program in a dry year. More rain will be needed, it is generally agreed, and cloudy skies this week gives hope that more may come.

Official reports show the following totals for the rainfall, as recorded by four Schleicher Co. official rain gauges:

J. F. Runge: April 7, May .6. Total for 1946 up to May 2nd—3 inches.
Archie Mittel: April .53, May 1.5. 1946 total 3.82.
Eldorado: April .57, May 1.34.

Mrs. R. C. Spurgers Dies Suddenly

Mrs. R. C. Spurgers, devoted mother of seven children, died at 2:25 this morning—Thursday, May 9, 1946—after an operation performed Wednesday morning. She had gone to St. John's to receive treatment for an infected hand, and while there also made arrangements for an operation for a stomach ailment. Evidently fearing that she would not survive the operation she left a letter for her family.

After learning at 11:30 this morning that the mother and sister were on their way to Eldorado and would be here tonight, the family announced that the funeral would be Friday afternoon at 4:00 at the First Baptist Church.

Mrs. Spurgers was born Clara Lee Smith, May 2, 1895, in Uvalde Co. She attended school at Sabinal, and after her graduation was married in June, 1913, to R. C. Spurgers. After a brief period of residence at Sabinal and Yancy the couple moved to Schleicher Co. where they have been residents of Eldorado 25 years. Mr. Spurgers engaged successively in trucking the ice business, and carpenter work. Early in life Mrs. Spurgers joined the Primitive Baptist Church and for many years has been faithful member of the First Baptist Church of this city.

She is survived by her husband, R. C. Spurgers, seven children: Mrs. Anna Ruth Smith, Eldorado; W. C. Spurgers, San Angelo; Milton Spurgers, Ozona; Mrs. Billie Louise Baggett, Eldorado; the twins, Floyd and Loyd Spurgers, Eldorado; and Tinsy, who attends Eldorado high school; her mother, Mrs. W. L. Smith, Sabinal; a brother, W. C. Smith of Uvalde; two sisters, Mrs. Jack Jordan of Spurger and Mrs. Thomas Baker of Eldorado; and 8 grand children.

The four Spurgers boys who were in service—W. C. in the Navy, located in Japan; Milton of the Army, stationed in New Guinea; and the twins Floyd and Loyd of the Marines in Guam and Iwo Jima—all had received their discharge from service before their mother's death. Pres. Roosevelt had granted request of the parents that the twins should not be separated during the war. A son-in-law, Wilton Baggett, formerly of Sonora, receives his discharge from service today at Ft. Bliss, and it is the hope of the family that he will be here in time for the funeral.

R. G. Gibson of San Angelo visited Wednesday with Mr. and Mrs. Albert Thigpen. He has been unable to work for two weeks because of sickness.

Jack Griffin Holds Sonora Hitless In Last Sunday's Game

Last Sunday at Sonora the Eldorado town men's baseball team, led by smiling Jack Griffin as pitcher, thoroughly whipped Sonora's ears down 11-2. It was a hitless affair for Sonora as they could not touch Eldorado for even one bingle. This makes four straight wins for the Eldorado team this season.

Louis Goss at right field and Bob Faught at center field, both of Eldorado, were outstanding in garnering the most hits individually for the afternoon. The pitching of right-hander Jack Griffin was quite an outstanding feature, but the hitting of these two boys was something to write home about. Each was good for a 3-base lick at least once, along with many other mighty blows.

Sonora plays in Eldorado at 3:00 p. m. Sunday for a return game.

Last Sunday's box score was as follows:

4-H BOYS ATTEND SEARS BARBECUE AT SAN ANGELO

The 4-H Boys and fathers attending the annual barbecue given by Sears, Roebuck & Co., were: Ben Biggs and son Truman, Albert Thigpen and son Albert Ray, L. E. Lloyd and sons Harold and Earl, Donald West, Wayne Davis and W. G. Godwin.

After the different counties had their pigs in place a barbecue lunch was served to approximately 200 boys and dads, and mothers and county agents. After lunch all pigs were vaccinated against cholera in a demonstration given by the extension veterinarian.

Albert Ray Thigpen, Truman Biggs and Donald West took pigs to Angelo for replacement. The usual Sears first prize of a registered heifer went to Donald West, his animal coming from the Pat Martin herd; second prize of 125 chicks went to Wayne Davis, 3rd prize of 100 chicks to Albert Thigpen and 4th of 75 to Truman Biggs.

4-H boys who received pigs were Harold and Earl Lloyd. There is one more pig to be placed with a club boy in Schleicher.

The show is carried out by the Sears Roebuck Foundation throughout the entire nation, the company paying all costs.

CONSTRUCTS TERRACES

E. C. Parker, Schleicher County farmer and rancher, is constructing terraces this week with a one-way plow and a Texas Terraer. He is constructing terraces as high as 21 inches with this equipment.

LEGION SPONSORS BARBECUE TUES. FOR SERVICEMEN

The American Legion will sponsor a barbecue for all servicemen and their families on the courthouse lawn Tuesday at 6:30 p. m. All veterans of both wars and their families are invited to attend. Guest speakers will be Walter Foreman and Dorsey Hardeman of San Angelo.

Committee members for the event are: Entertainment, Arthur Tree, Earl Parker and Don McCormick; barbecue, A. D. Richey, Pat Joiner, Billy Frank Blaylock, and Orland Harris. This event will take the place of the regular Legion meeting.

The barbecue committee announces that any who have fat goats or mutton to donate should contact the committee.

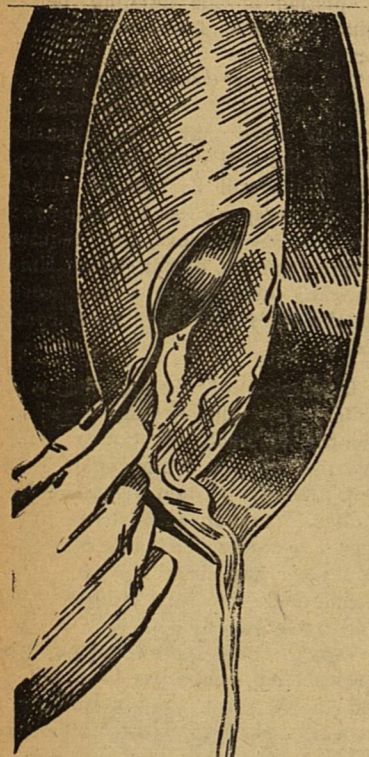

Mrs. A. H. Butler of Artesia is here visiting her father Whit Smith and her husband's parents, Mr. and Mrs. J. A. Butler.

Birthday Dinner Honors Thigpens

Honoring Mrs. Roberta Thigpen and her youngest daughter Betty Louise, who were celebrating their birthdays, a family dinner was served to a group of relatives Sunday noon at the Roadside Park. Mrs. Thigpen's two older daughters, Mary Helen and Rose Marie, sang "Happy Birthday" to their mother and their sister, after which the chicken dinner was served. During the afternoon the group visited Grandmother Word in Eldorado. Attending were Mr. and Mrs. R. G. Gibson of San Angelo, Mr. and Mrs. Judd Brannon, Earl and Albert Ray Thigpen, Mr. and Mrs. A. P. Thigpen and Mrs. Roberta Thigpen and family.

Knowing Meat Cuts Valuable To Homemaker

Ability to identify the many cuts of beef, veal, pork and lamb is of practical value to every homemaker—to every food buyer. No less important is a knowledge of the cooking method or methods best suited to each cut, since meat must be cooked according to cut for best results.

Chart is a Guide

This chart will serve as a guide in selecting and cooking beef. The methods recommended were adopted following exhaustive meat cookery studies at state colleges and the United States Department of Agriculture.

In cooking meat, the degree of tenderness is the governing factor. Some of the cuts are tender and are prepared to best advantage by dry heat methods—roasting, broiling, panbroiling and frying. Others are less tender and must be cooked by moist heat—braising and simmering. Meat should never be boiled, say the authorities.

A rule of meat cookery found to be more important than any other is: "Always use low temperature." This applies no matter what cut is being prepared or what cooking method is being used.

Advantage of Low Heat

Thousands of carefully controlled tests have shown that from 15 to 20 per cent more meat is provided when it is cooked at low temperature. Furthermore, the meat is more tender, is juicier, more uniformly cooked and more flavorful.

In selecting meat cuts, it is important to remember that there is no difference in the nutritive value of the lean and fat of the less-popular cuts and the more popular ones.

Latin-American News

In observance of Cinc de Maya (5th of May) the Latin American community was entertained with a school program Saturday night, May 4, with the teachers, Mrs. W. M. Davis and Mrs. R. H. McFarland in charge. They presented several numbers in which about 35 children took part, also Little Black Sambo, with the following characters:

Enrique Minor: Black Sambo. Concha Robledo: Black Mumbo. Antonio Villereal: Black Jumbo. Enrique Minor won first prize which was a toy wind mill and Concha Robledo won second prize, one dollar, for the best performances. Pat and Wallace Joiner and John Johnson furnished music.

A large crowd, including Anglo-Americans, attended. Due to the rain, the dance was cut short.

Other news items from the community:

Miss Belia Valadez became the bride of Rodrigo Gomez Saturday. Mr. and Mrs. Martin Garcia attended the bride and groom.

A new son was born to Mr. and Mrs. Samora last week. The baby was given the name of Ramon Samora, Jr.

A new son was born to Mr. and Mrs. Matilde R. Ramon.

CINCO DE MAYA IS HAPPIEST OF MEXICAN FETES

Residents of Eldorado's Little Mexico celebrated recently their happiest Mexican holiday—Cinco de Mayo, or Fifth of May. As a holiday it is similar to the United States' Fourth of July—for it celebrates Mexico's valiant stand against foreign forces.

Mexico did not gain its independence at once, as did the United States. Mexico's struggle was a long one—because of its heritage of political, social and physical environment. Some of the country's oppression came from the outside, and some from rule of dictators within.

Cinco de Mayo celebrates the battle of Puebla, May 5, 1861. The French had landed many men and superior equipment on the shores and were advancing upon Mexico City. The Mexican patriots lost the battle of Puebla, but their valiant fight so impressed the French that their advance was halted and the Mexicans were able to keep up their resistance for many years. The battle is celebrated and remembered today as Texans celebrate and remember the Battle of the Alamo. Eventually Mexico became free—though it required many years to complete the struggle.

The holiday, one of Mexico's greatest nationwide celebrations, is observed in Mexican cities with display of flowers, folk dances, parades and fireworks. As it follows closely after Easter, and after Labor Day celebrations of May 1, it comes as a climax to a period of festivities which are enjoyed by the entire nation.

As Cinco de Maya is a beacon light along the nation's long trek toward independence, it can be appreciated by citizens of Mexico's liberty-loving neighbor at the north—who also fought to achieve independence.

Ashmore Discharged, Expected Home Soon

William L. Ashmore of the Navy, landed Monday in San Diego, according to word received by his parents, Mr. and Mrs. J. D. Ashmore, this week. William received his discharge from service Monday and is expected home at any time.

He worked a short time for a Lockheed concern in California, then joined the merchant marines, and later the Navy. He is undecided about his future plans.

Mr. and Mrs. A. J. Atkins visited relatives in San Angelo Thursday evening.

R. E. Cheatham of San Angelo visited Wednesday in the home of Mr. and Mrs. Richard E. Cheatham. He will leave for Dallas where he will drive a "cat" for Bill McSwain of San Angelo, on a new dam which will be under construction near Dallas during the coming year.

BROWNIE SCOUTS, INTERMEDIATES AT CHRISTOVAL

A Court of Awards featured the Day Camp for Brownies and Intermediate Girl Scouts at Christoval last Saturday. The group enjoyed a picnic lunch followed by boating, swimming, bicycling and other amusements in the recreation park.

After hiking to a spot down the river, the Court of Awards was held with leaders assisted by Emily Ann Harper and Anita Runge, senior scouts, in the presentation ceremony.

In a "fly-up" ceremony, Shirley Sofge and Esther Jones were initiated from the Brownies into the Girl Scout organization, and Brownies receiving their pins included Martha Dell Williams, Linda Pearl Jeffrey, Riedale West, Barbara West, May Runge, Carol Frost Ann Ballew, and Cynthia Reynolds.

Several Girl Scouts of the Intermediate Group received their pins and Anita Runge was awarded the Curved Bar representing three more badges and the first class badge. Emily Ann Harper received her first class badge and the Horsewoman badge which she earned last year.

Leaders and friends who accompanied the group included Mmes. J. F. Runge, Palmer West and Lionell Ballew, Brownie leaders; Mr. Runge and sons; Mrs. Horace Linthicum, and Mrs. Bethel Jeffrey Girl Scout leaders; Mmes. S. D. Harper, Jim Williams, Sam Jones, Harvey Burk, and Arch Edmiston.

Mr. and Mrs. W. H. Williams of Merton were here from the ranch Monday.

Mrs. Gene Hoegenauer and son have returned from a visit with her parents and parents-in-law at San Antonio. Mr. Hoegenauer, Taylor Construction employee, drove to San Antonio to bring them home.

Auto Seat Covers

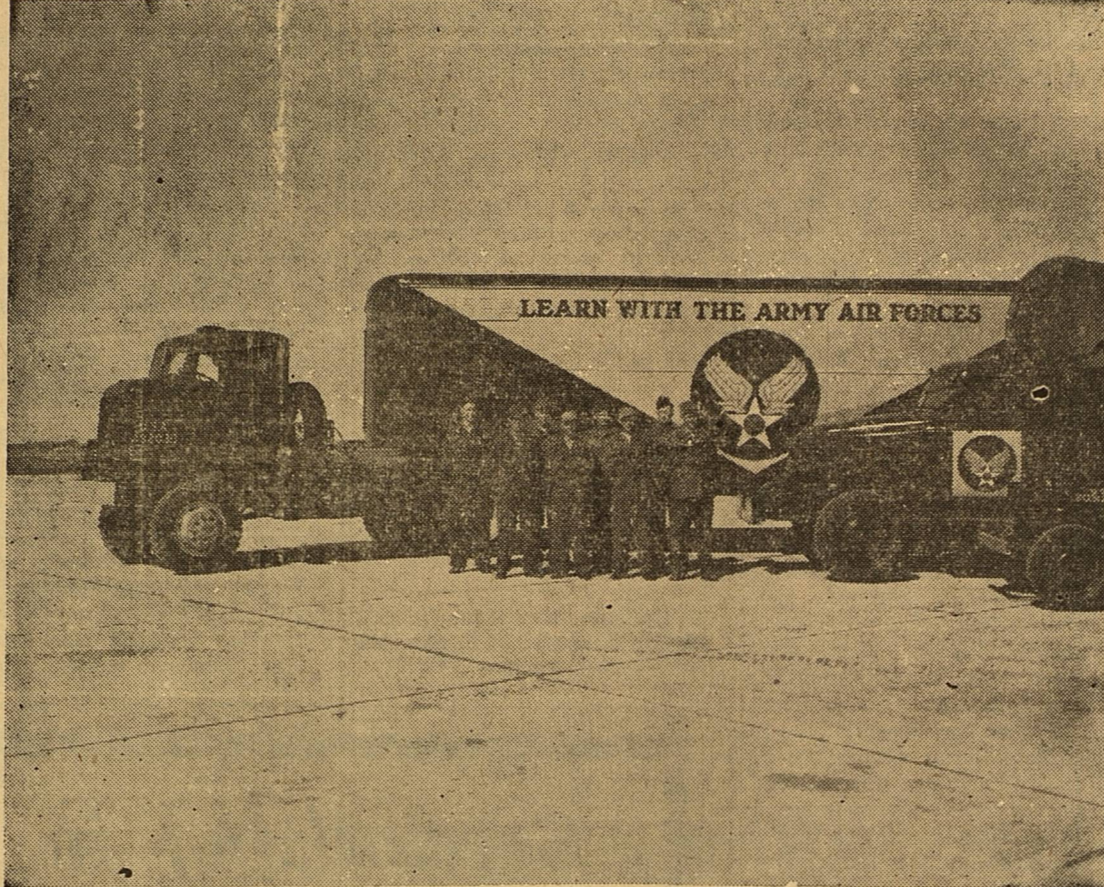

By Manufacturer's Distributor
Kooltex covers are extra well made of tough fiber in red plaid, trimmed with art leather and contrasting welt for neat appearance. Seams are double stitched and all fiber edges are overcast to prevent fraying and pulling out, thus assuring longer wear. Kooltex fiber is smooth, affords easy "scooting" without wear on clothing. Come with draw strings, pins and tacks, and are easily installed.

Sedans & 2-Doors -----\$14.50
Coupes -----\$9.75

Have separate front seat covers for most 2-door sedans at \$9.75. Many cars need only front covers.

Mrs. F. B. Faust was hostess and served refreshments to those mentioned above and Mmes. Luke Thompson, Lewis Wilson, W. H. McClatchey, A. L. Jones, Ben Isaacs, Reuben Dickens, O. E. Conner, members and Mrs. E. H. Coulter, a guest.

Texas Motor Industry Contributes Heavily Toward Education

The Texas motor transportation industry last year contributed heavily toward the education of Schleicher County school children and in the construction and maintenance of the county's highway system, it was revealed recently in an analysis of the industry's special tax payments released by Lynn B. Shaw, general manager of the Tex. Motor Transportation Association.

The 628 scholastics in Schleicher county benefitted to the extent of \$2,260—\$3.60 for the education of every school child in the county, or in excess of 13 per cent of the total education bill.

Trucks and busses paid \$12,224 in special taxes that went toward construction and maintenance of highways in Schleicher county.

Bridge Club Meets At Bearce Home

A number of guests were included when Mrs. W. R. Bearce entertained the Wednesday Bridge Club last week at her home. Mrs. C. A. Reynolds won the high club prize, Mrs. Luke Thompson, high guest, Mrs. Edward Meador, Bingo, and Mrs. Jimmie West the traveling prize.

Refreshments were served to Mmes. Jack Shugart, Leslie Baker, Horace Linthicum, V. G. Tisdale, Carroll White, West, Reynolds, C. C. McLaughlin and S. D. Harper, club members, and Mmes. J. C. Crosby, J. M. Christian, Thompson, Van McCormick, Edward Meador, Pat Finley and N. E. Britton, guests.

Mrs. Bob Anderson and Mrs. Rex McCormick have returned from Temple where they underwent examinations at a clinic.

How do you like your Eggs?

Reddy Kilowatt as a trouble-shooter isn't worrying about your eggs—or whether you want 'em soft boiled, fried, scrambled—or if you like eggs at all.

But he is worrying about keeping your electric service flowing along as usual. If that means eggs for your breakfast, okay then, that's why he's up on a storm-lashed power pole.

And, he'll stay there till he gets your line repaired—in spite of hot wires sputtering around him. In spite of rain ... lightning ... thunder ... and a high wind howling, "Watch out, fella, we're gonna hit it again!"

You don't have to send him a check for his trouble. You won't pay any more on your electric bill—to cover his hard, wet work and the materials he uses. Chances are you'll never know a line went out.

This kind of service is routine stuff for Reddy, and the electric company he works for. Storms—the repairs and cost—are all prepared for and handled in a businesslike way. But it isn't an easy job. Keeping your electric service dependable and cheap is the result of careful planning and sound business management.

E. H. S. Splits Double Header With Sonora Here On Tuesday

"Peanut" Jones for Eldorado High School last Tuesday afternoon looked tops as the best pitcher and hitter of the day as a thrilling double header baseball game was played with the Eldorado 'B' team swamping Sonora's 'B' team 18-3. "Peanut" came in to practically save the day for the home team in Eldorado; also in the 'A' game by shutting off a big Sonora rally to come out 12-11 in favor of the Sutton county team. Though Coach Vance's team had had a rather comfortable lead in the 'A' game, hurling material seemed to be getting a bit harder and harder to find to stand the gaff. He trotted "Peanut" back into his second game and the riotous base running came to a stand-still. "Peanut" was up 5 times at bat and got 4 hits out of the 5 trips. Frank Doty, the 200 lb. Schleicher County freshman second baser, did the 1000% efficient job of getting up twice in each game and clouting four terrific hits.

Eldorado and Sonora teams are playing baseball their first year and both show signs of development but errors on both sides are to be expected. In both games Eldorado batters garnered more hits than Sonora by a 26-15 check-up, but Sonora led in getting larger number of walks by a 10-3 margin. This seemed to account for Eldorado's loss entirely.

Line up for the 'A' teams were:

Eldorado	pos.	Sonora
D. Rhea	c	Chalk
B. Humphrey	p	Boughton
H. Whitten	1b	Nance

SCHOOL PROGRAM ATTRACTS CROWD FRIDAY NIGHT

A large crowd of relatives, friends and teachers witnessed the May Day festival presented by Grade School students in the school gymnasium Friday evening at which Mary Thompson, eighth grade student, was crowned Queen by King Billy Ray Jones, also of the eighth grade.

Roses, honeysuckle and other vines entwined on lattice work provided a beautiful background for the Queen and her Court while pot plants, shrubbery and trees with a "star spangled sky" overhead, provided an outdoor setting for the program of drills, songs and dances presented by the various grades.

The well planned program was capably presented with each student from the youngest to the oldest carrying out their parts with ability and ease showing long hours of practicing under the direction of capable leaders.

The ever popular May Pole dance with its intricate twining of ribbons climaxed the program which was drawn to a conclusion with the Grand Finale of "Welcome Sweet Springtime" sung by the entire grade school.

The directors, Miss Kathleen Crosby and Mrs. George Cartwright were assisted in presenting the program by all of the grade school teachers.

SENIORS LEAVE ON LONG TRIP TO SOUTH TEXAS

The Seniors of Eldorado High School left Wednesday on their trip to South Texas. They expect to return Saturday after spending some time sightseeing at Galveston, Houston, San Antonio and other places.

The class chartered a highway commercial bus for this trip, which is the first long trip taken by an Eldorado graduating class since the opening of the war.

P.T.A. To Install Incoming Officers

Incoming officers will be installed at the meeting of the Parent Teachers Association next Tuesday May 14 at 4:00 p. m., in the High School auditorium. Mrs. Luke Thompson, a past president, is to be the installing officer.

Included on the program will be the history of the past year's work by Mrs. Payne Robinson and a reading by Mrs. Bill McWhorter. The meeting is being held one week early instead of the regular meeting date due to the closing of school.

Ed Davis and his wife drove to Ft. Worth last week to visit their daughters who are employed there. They learned that the girls had gone to Eldorado, and phoned them to remain here while they drove back home. The girls visited here until Sunday.

Mrs. N. G. Hodges reports that she is well pleased with the patronage accorded her since she bought out the Ritz Cafe, a short time ago. She is well known in the business district as she was employed for some time at Wheeler's Grocery.

Mrs. Rutha Boyer spent the week end visiting in Ballinger with her daughter, Mrs. S. E. Davis while her son-in-law and daughter, Mr. and Mrs. Howard Belcher visited in Abilene with another daughter, Mrs. Geneva Johnson.

An invitation is extended to all families of the church to be present at special Mothers Day services next Sunday morning at the Presbyterian Church. A certificate on the Standard Bible Home will be presented to each family present.

Rev. and Mrs. J. A. Carriker and Mrs. F. B. Gunn were shopping visitors in San Angelo Tuesday.

His Number's Up!

When the motor oil in your car is over 1,000 miles old, look out for "old Sludge"—he's a dangerous character.

But his number's up when you drain and refill with Humble's 997, the balanced motor oil. 997 is a High V.I. oil that cleans, cools and seals while it lubricates. And it costs only 30c per quart.

Stop at the nearest Humble sign, drain sludge-laden, diluted, dangerous oil and refill with . . .

997 EVERY 1000 MILES

IS YOUR OIL 1,000 MILES OLD?

Stop at any Humble sign to see a jug filled with sludge-laden, diluted oil drained from an average car.

HUMBLE OIL & REFINING COMPANY

Humble's Balanced 997 Motor Oil is made at Baytown, Texas, in one of the world's great refineries by the leading producer of crude oils in the United States.

Unexcelled!

A premium motor oil second to none.

Destructive Hailstorm In Ed Davis Locality

Hailstones reported to be as large as baseballs fell in the Crook-Davis-Rampy ranch community on Thursday night in such quantities that in the draws and sheltered places the stones did not melt for two days. Such is the story of that neighborhood's big hailstorm, which struck during Schleicher County's general rain.

Considerable damage was done at Ed Davis's where two shoats were killed, window lights were broken out of the farm residence by stones which shattered the screens, and vegetation was torn to shreds. About 35 acres of headed grain which Davis had expected to feed to his 60 head of hogs, were pounded into the ground and will be practically a total loss.

At Herschel Crook's, a neighbor, tomatoes, potatoes and other growing crops were beaten into the ground, and Crook must re-plant his entire crop. Parts of the Sam Oglesby ranch and the Rampy place were also visited by the hailstorm.

Heading up in the west part of the neighborhood, the storm traveled east, missing L. Moore's and the Jureck's. At Albert Thigpen's there

was rain and only a small fall of hail. Mesquite trees in the path of the storm sustained loss of leaves, small branches and in some instances large limbs.

FUNDAMENTALISTS SELECT SUMMER REVIVAL DATES

Arrangements have been made by the Fundamental Baptist Church for a two weeks' revival, opening June 16, with Rev. Claude J. Bonam of Anthony, Kansas, as the visiting evangelist.

The evangelist will be here for his first service June 16, and will close June 28. At the beginning of the second week of the revival—June 24—the church will also open a daily vacation Bible school. The vacation school will be in charge of the pastor, Rev. D. I. Miller, the Sunday School workers, and the visiting evangelist, and may continue for two weeks, though detailed plans have not yet been worked out.

The county road crew have graded up a street at the front of the Arthur Paull building west of the depot.

UTILITIES SHOW FREE PICTURE ON FROZEN FOODS

Although many good things are known about frozen foods, too few people know how easy it is to freeze foods and what excellent results can be had at home by following the recommended procedures. In order to acquaint homemakers with some of the methods, the Home Service Department of the West Texas Utilities Company offers the sound picture, "Frozen Foods" at the Lone Star theatre on May 14th, at 3:00 o'clock. The picture, which is filmed in full color, shows preparation steps for freezing fruits and vegetables and the cooking of frozen foods. Also included are details on some methods of cutting and some types of packaging and wrapping for meats, fish and poultry.

The West Texas Utilities Company is bringing this picture to Eldorado as a public service which ties in with the national food preservation program. Because it preserves food values near their original state, freezing is regarded as a good method of food preservation. Meat is only one of the many foods that can be preserved in frozen lockers, and modern home freezers. Many fruits and vegetables, including strawberries, peaches, pine apple, berries, peas, spinach, beans and corn, can be prepared for freezing with less work and in a shorter length of time than required for canning.

Miss Eudora Hawkins and Miss Verna Westbrook of the Home Service Department of the West Texas Utilities Company will be present to answer questions in regard to

some of the ideas or methods for use in Texas and this immediate area. This educational and instructive film runs forty minutes and anyone who is interested in the preparation of food for freezing is cordially invited to attend without charge.

LIONS BASEBALL TEAM CHALLENGES HIGH SCHOOL

It will be the Lions Baseball nine against the High School—such was the decision of the Lions Club members, meeting in regular session Wednesday noon. The date for the bout will be set and announced soon, members state.

A Master Key was awarded to Jerry Pennington, and 8-months' perfect attendance pins to Lions E. W. Brooks, E. H. Coulter, H. T. Finley, Ernest Finnegan, E. C. Hill, L. M. Hoover, W. M. Patterson, Jr, Jerry Pennington and Joe Wagley.

It was decided to make the usual Lions Club award to the high ranking grade and the high ranking high school students.

At a workers' meeting Tuesday afternoon at the Methodist Church, the dates June 17 to 28 were selected for the Vacation Bible School. The two-hour period from 8:30 to 10:30 was designated for each day's session.

Mrs. Lewis Spivey and two children and Milton Faught of Lampasas spent the week end visiting with the Oran Enochs family and with Mr. and Mrs. H. A. Belk and Mr. and Mrs. Bob Faught. Mrs. Spivey is a sister of Mrs. Enochs and Mr. Faught is a brother of Mrs. Belk and Bob.
