

Lockhart Quits As Treasurer; James Named

Governor Appoints Three Persons To Important Posts

AUSTIN, Oct. 25 (AP)—Texas had a new state treasurer today and new members on two important state boards.

In a surprise announcement Charles Lockhart, serving his sixth term as state treasurer, resigned and Governor Coke R. Stevenson immediately named Jesse James of Cameron, Lockhart's chief clerk for several years, to the post.

The governor also appointed Karl Hobbittelle of Dallas as a member of the board of directors of Texas Technological college, Lubbock, and George B. Wilcox of College Station as a member of the board of trustees for the teacher retirement system.

Hobbittelle, a theatre magnate and civic leader, succeeds the late J. M. West of Houston.

Wilcox is a former president of the Texas State Teachers Association.

Lockhart resigned because of ill health.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

The least the rain could have done—but apparently didn't—was to have put a lot of water in the lakes. Late Saturday there was no word from Frank Covert, lake superintendent, of any rises, but there was word from waterlogged farmers. They had enough and were ready to holler uncle on this matter of moisture.

While we never were one to turn down rain whenever we could get it in this county, it must be said that considerable fair weather is what we need and must have to realize the most from our bumper crop. In about 30 days now we may expect a killing frost and what is made in the way of crops must be made before that time. Of course the harvest will continue, but the making stops with the frost.

Monday is Navy Day, and it's an excellent time for pausing to consider the vital role our warships play in the defense of this nation. With all this stress on war from the skies, the strength of the British navy has not yet been broken—and thus Britain is unbroken. There's a lesson in that for us.

School authorities are having their troubles over a date for Thanksgiving. The Big Spring-Sweetwater and Abilene-San Angelo games traditionally fall on Thanksgiving, and in schedule making it was agreed that this would be the case this year, regardless of the date of the holiday. Now it looks like Big Spring is getting the old squeeze play. San Angelo is going to observe Nov. 27 and so is Abilene business. Sweetwater can't make up on Nov. 27 and Big Spring won't work out with Sweetwater backing down on its agreement, and Big Spring observing Thanksgiving with the Abilene game on Nov. 27.

Police had a complaint Friday to make some youngsters stop a football game. Now that's a bit unusual, but not nearly so unusual as the site the youngsters had picked out for the game—the roof of a downtown building.

While wildcat wells continue to drill ahead in this area and others are spudded, there is some talk of exploratory work near Big Spring. This is strictly in the rumor stage but one tale going the rounds has it that an area south and west from the city to the Howard-Glasscock pool may be tested.

Announcement by officials of the Southwest Feeder Airlines, Inc. that a hearing date on its application for short-haul service to relieve airline congestion might be set in 30 days stirs interest in commercial aviation here. If we could come out of this emergency with some good commercial hook-ups, we will be as well or better off than some cities with military aviation centers.

That was a nice tribute the Rotary club extended to B. Reagan last week on the occasion of his 74th birthday. And one of the nicest things about functions of this sort is that it comes while it may still warm the heart of the recipient.

See where the experts say 1942 will be a big year for farmers. For every \$1 they made in 1942, they will reap \$2.60 next year. If they have anything in common with their city cousins, farmers may well need the assistance to meet income taxes and to hold out against that good old custom of raising prices.

Vichy Adopts Stern Laws To Prevent Assassinations

Fate Of 100 Hostages Hangs In Balance As Search For Slayer Of Nazi Continues

VICHY, Unoccupied France, Oct. 25—The Petain government adopted iron-fisted measures of its own to suppress attacks on German occupying forces today and announced it was pressing Nazi authorities to stop the execution of innocent hostages in reprisal.

The exact nature of the new measures was not immediately specified. A communique after a cabinet session merely said it had been decided "to strengthen considerably the measures of precaution and repression against criminal attacks aimed at the occupation troops and for which the French population is suffering the consequences."

As the cabinet acted, the fate of 100 hostages at Nantes and Bordeaux hung in the balance. They were threatened with execution by firing squads if the French people fail to apprehend and turn over to German custody the assassin of Lieut. Col. Paul Friedrich Holz, naval commandant at Nantes, and a German military councillor at Bordeaux.

Already 100 French hostages had been executed for the two assassinations, bringing to 188 the number of announced French deaths at the hands of Nazi firing squads.

The government communique said "Admiral Darian, vice-president of the council, reported to the council on pressing applications made in the name of the chief of state to occupation authorities to bring a halt to the tragic reprisals against victims who are Frenchmen who have not taken part in the attacks."

With Nantes still cordoned off by German troops, descriptions of Lieut. Col. Holz' funeral there yesterday said wreaths from Marshal Petain and Field Marshal General Walther von Brauchitsch, commander in chief of the German army, lay side by side on the casket.

French mobile guards joined with German troops in rendering military honors. The body was borne on a gun carriage past silent onlookers to the burial place.

It was the first time since the assassination last Monday that more than two Frenchmen were allowed on the streets of Nantes to gather.

Singers Organize West Texas Unit

Organization of the West Texas Singers association was consummated at an area gathering of music lovers in the Trinity Baptist church Saturday evening.

Named to head the new organization was S. E. Clark, Abilene, president. Paul Attaway, acting vice-president of the Howard County Singing convention and who presided at the organization meeting, was selected as first vice-president.

Other officers included Dewey Nidecken, Snyder, second vice-president, Ed Weaver, San Angelo, third vice-president, Mr. Skiles, Stephenville, fourth vice-president, and Glenn Haddock, Abilene, secretary-treasurer.

Clark was to name a constitution and by-laws committee Sunday, instructing the group to report at the next convention. Time and place of the second convention will be selected by the officers. It was announced.

Although rain cut attendance sharply in the Saturday morning and afternoon sessions, more than 300 were on hand for the evening singing. The Proctor Quartet from Hobbs, N. M., was on hand as were the Weaver Singers of San Angelo, and several other musical groups were expected to attend Sunday. No less than 40 song leaders were present Saturday evening.

Sunday sessions of the singing association will be held at the municipal auditorium and Attaway and others assisting in arrangements expressed the belief that the crowd would be greatly increased barring continued bad weather. Organization of the regional convention here Saturday was an outgrowth of a plan originally broached to include four congressional districts (19th, 17th, 16th and 21st). However, demands for a West Texas unit came from outside the districts.

20,000 Bales Cotton Ginned In Howard Co.

Wet Weather Cuts Grade of Lint; Feed Damaged

Howard county's cotton harvest continued to move rapidly during the past week, despite bad weather, and by Saturday night an estimated 20,000 bales had been ginned in the county with still more stored in gin houses.

Damage from heavy rain was beginning to show up in the samples, buyers reported, but most cotton ginned thus far has graded middling and strict middling. However, heavy rains of Friday, Friday night and Saturday damaged much open cotton and this will show up as soon as picking is resumed.

Gins of the county kept busy most of the time during the past week, either on current picking or in cleaning out storage bins. It is estimated that more than 4,000 bales were ginned during the week.

The estimate of 20,000 bales ginned in the county is based on an actual count of 9,741 bales ginned in Big Spring. Usually other gins in the county equal or slightly exceed the production of the five Big Spring plants.

The Texas State Employment service reported Saturday that 12,450 cotton pickers had been placed through Big Spring and Lamesa offices. This of course does not include those pickers who made private contracts with farmers without using services of TSES. Of those placed by the service, 7,000 were handled through the Big Spring station and 5,453 through Lamesa.

However, more pickers are needed, according to requests from farmers, who are more than ever anxious to gather the crop promptly whenever the weather permits.

Rain which has kept harvest workers out of the cotton fields has done much more serious damage to feed crops. Maise heads are reported sprouting, in a few cases, due to the extremely wet weather, and more may do so if wet, warm weather continues. All maise is losing its bright color, and stalks are beginning to deteriorate.

Rainfall Passes Annual Average

Soaking rains Friday and Saturday showed Big Spring's total precipitation for the year 1941 above the average total annual rainfall.

Records at the weather bureau station at the airport show the rainfall this year to total 20.78 inches to date this year, while the average annual rainfall here during the past 40 years has been only 19.36.

The airport continued to show a smaller register of precipitation than other points in Friday and Saturday measures. Instruments there measured 1.58 inches during the period, while those at the experiment farm north of the city registered 2.44 during the same period.

Total for the month, according to weather bureau figures, is now 2.9 inches.

Postmaster Urges Earlier Mailing

If you don't want to stand in line, then do your mailing Saturday morning, or better still, on Friday.

This was the advice given Saturday by Postmaster Nat Shick, who said that several were seeking on the later Saturday closing hours for the postoffice to do their mailing. The lengthening of hours, he explained, was as a service for cotton pickers and rural folk and only one man was allowed for the extension.

This limited amount of help together with the large number of Mexicans mailing packages and getting money orders makes it difficult for others to get prompt service if they delay until Saturday afternoon in using the office, said the postmaster.

Chamber Directors To Convene Monday

Chamber of commerce directors will hold their regular semi-monthly meeting Monday noon at the Settles hotel.

Only routine business was due to come before the group, including reports on the recent successful Howard County Products exhibit. More discussion may be given to plans for Decision Week and for promoting a Turkey Day.

Eight Thousand To Attend Baptist Meet

DALLAS, Oct. 25 (AP)—The largest annual Baptist general convention ever held in West Texas is expected at Abilene Nov. 11 to 14, Dr. W. W. Malton, executive secretary, predicted today. Eight thousand or more will be present, Dr. Malton anticipated.

Nazis Hurl Violent Offensive At Moscow

Stolen Child Found With Woman Who Insists She Had Just Given Birth To It

FITCHBURG, Mass., Oct. 25 (AP)—Two-month-old Kenneth A. McLean, Jr., snatched from his carriage yesterday while his mother was shopping, was found unharmed today in the camp of a middle-aged man and woman who were charged with kidnaping.

While hundreds joined in the search, Police Chief Thomas Godley located the infant in the Whalom Park camp of Mr. and Mrs. Bedard Wolsiewicz, whom he described as parents of two-year-old twins, who live with Wolsiewicz's mother in Frowden, R. I. The Wolsiewicks were held in \$20,000 bail for hearing Monday.

The McLean baby was in bed with Mrs. Wolsiewicz, a huson woman of 35, who insisted that she had just given birth to the infant.

Chief Godley said that the woman, also known as Ruth Warren, was obsessed with a "mother fixation" and that the couple had no thought of holding the infant for ransom. McLean is a machinist's helper in a defense factory.

When police entered the camp Mrs. Wolsiewicz, the chief asserted, refused to give up the baby and clutched him to her breast, shouting "He was born yesterday morning. He was born at 9 o'clock. You can ask Dr. John J. Curley if it isn't so."

Dr. Curley told police he "never heard of the woman." Wolsiewicz, who claimed he was a medical school graduate but was not licensed to practice in Massachusetts, also insisted that the baby was theirs.

"You can't have him. It's our baby," he cried, police said, as they took the child from the camp.

The McLean baby was taken from his carriage on Main street by a black-gowned woman.

Lewis Spurns FD's Request For Delay, Coal Miners Strike

Miners in "captive" collieries supplying fuel for the nation's steel mills were called on strike last midnight as John L. Lewis turned down a request by President Roosevelt to hold off the walkout pending further negotiations.

Lewis, president of the CIO-United Mine Workers, said in a letter to Mr. Roosevelt that the 40 days of negotiations before the defense mediation board had proved a "fantastic" procedure.

"The attitude of the board towards this problem has been casual and lackadaisical to the point of indifference," the UMW chief wrote. He described the board's report to Mr. Roosevelt of failure to attain an agreement as "devoted of conclusions as to merit, evasive as to the responsibilities of the board," he said "dumps its own sorry mess into the already overburdened lap of the chief executive."

Lewis declared Sidney Hillman, co-director of the Office of Production Management, "of course is responsible for the fantastic procedure which has been followed." Lewis asserted that Hill-

man had adopted an "attitude of vengeful and malignant opposition" to the UMW and that "it is unfortunate that he is able to use his great powers to intimidate governmental agencies to a point where they deprive legitimate organizations of labor of the right of a judicial determination of their grievances under the law."

The UMW president asserted that over protests of the union the board called before it only "inferior executives of the corporations involved." As an example, he told a press conference, Harry M. Moses, superintendent of U. S. Steel company mines represented the United States Steel corporation and "readily admitted he was bound by the policy of U. S. Steel."

Music Will Feature Church Programs In City Today

Song will have a prominent part in the services of Big Spring churches today.

The First Methodist church is having a full hour of Charles Wesley's hymns during the morning worship hour with special meditations on Wesley's hymns by the pastor, Dr. J. G. Haynes. The choir, under direction of Mrs. G. H. Wood, will share in the program. In the evening the pastor speaks on "Foundations," and the young people's choir will sing.

At the Trinity Baptist church a remodeling program is underway with the interior being renovated. Installation of a new baptistry will permit easy view of the ordinance from any part of the auditorium.

Murder Charge Is Filed At Plainview

PLAINVIEW, Oct. 25 (AP)—Murder charges were filed today against David Williams, 28, of Plainview after the fatal shooting last night of Bill Hanby, 42, and the serious wounding of George Thompson, 21. Sheriff Ot Martine of Hale county said Williams forced Merle Alford, 26, of Lockney to drive him to Clovis, N. M., in Thompson's automobile. Alford escaped at Clovis and notified police who arrested Williams while he slept in the automobile. The sheriff added Williams also would be charged with kidnaping.

Supreme Test Faces Soviet In Big Fight

Hints Plentiful That British Will Move Into Battle Soon

Russia's armies battling over the snow-covered front before Moscow faced a supreme test last night as the Germans hurled great masses of shock troops, tanks and guns into a violent new offensive and unconfirmed reports placed Nazi spearheads within 20 miles of the U.S.S.R. capital.

Untold thousands of dead, Germans and Russians alike, lay in the drifting snow, with Soviet dispatches declaring that 300,000 men had been killed on the central front alone.

In the Ukraine, the plight of the southern Red armies under the new command of Marshal Semenov Timoshenko clearly verged on disaster.

Jubilantly, heralded by a fanfare of trumpets, Adolf Hitler's high command told the German people that their legions had captured Russia's "Pittsburgh," the big war foundries city of Kharkov, in the heart of the Donets river industrial basin, and that Nazi troops now overran all but a tiny corner of the extreme southeastern Ukraine.

The high command said the city of 640,000 population, lying 400 miles south of Moscow and 300 miles east of Kiev, the German-held capital of the Ukraine, was "one of the most important armament and economic centers of the Soviet union."

As a production source for tanks, locomotive engines, coal and metals, Kharkov's loss meant a heavy blow to Russia's war supplies. Moreover, the Germans claimed the capture of the key rail town of Belgorod, 41 miles north of Kharkov, on the main line to Moscow.

The Soviet Sunday morning communique, broadcast from Moscow said that fighting continued in the Korzhansk and Maloyaroslavets directions from which Moscow is most menaced. In the south—where no mention was made of Kharkov—the fighting was placed in the Taganrog and Makeyevka directions near the easternmost point of the Sea of Azov.

Dispatches from Khabyshev, auxiliary Soviet capital, acknowledged that the hour of crisis had arrived in the 24-day-old struggle for Moscow and that the Germans were also pressing furious new offensives into the Crimea and at the approaches to Sevastopol, gateway to the vital Caucasus oil fields. One of the fiercest battles of the entire front was reported raging at Taganrog, only 30 miles west of Rostov.

Still there was no word from London on British troops going to help their beleaguered allies, but straws in the wind indicated that if the Germans take Rostov and turn south into the Caucasus, Gen. Sir Archibald P. Wavell's middle east army of 1,000,000 Imperial soldiers will move north from Iran (Persia) to meet them.

A hint to this effect was voiced by Britain's Foreign Secretary Anthony Eden, following outspoken demands in the House of Commons on Thursday for concrete action to aid the Soviets.

"The government," he said, "would dare any action where we believe hazards to be justified. . . . Undismayed, I hope, by dangers, and unprovoked by clamor."

He said he could not disclose when Britain would strike, or "even that we will strike," but he declared that in the middle east British reinforcements and supplies had been moving continuously "to the unbroken allied front stretching from the Caucasus through Persia, Iraq, Palestine and Egypt to the western desert."

Dorothy Lamour And Jon Hall Star In South Seas Romance

Feature At Ritz A Follow-Up To 'Hurricane'

Paramount's Technicolor adventure romance, "Aloma of the South Seas," starring Dorothy Lamour and Jon Hall, is the feature at the Ritz theatre for today and Monday. Comedy, thrills and melodrama crackle throughout the length of the picture which features an all-star supporting cast including Lynne Overman, Philip Reed, Katherine DeMille, Fritz Leder, Esther Dale and many other screen favorites.

Lynne Overman has a comic field day as "Corky," only white man among South Sea natives. He serves as the tribal prince's pal and trusted counselor to the island chief. His wisecracks provoke no end of laughter as he portrays a mixture of a lazy beach-comber and politician who is wise to all the native angles—especially the one involving Dorothy Lamour.

Dorothy is in love with the island prince, Jon Hall. His jealous cousin, Philip Reed, is in love with Dotty. Ranging from love scenes in hidden glades, to menacing

intrigues, the youthful triangle rises to a spectacular climax when the islanders invoke the anger of their native gods. Dorothy and Jon were the principals in an earlier South Seas story, "Hurricane."

Samara, the sacred Fire Mountain, sinister and threatening even in its inactivity, erupts in an earth-shattering roar when Reed's bullet intended for Hall hits the High Priest by mistake. The islanders are faced with a battle against the elements which tops anything Hollywood has ever produced by way of spectacle.

Director Alfred Santell executed a magnificent reproduction in color of what is said to be nature's most destructive act in the history of mankind—the eruption of Krakatoa, the island that blew itself off the map.

Miss Lamour's streamlined arched nose—the paréu—leaves little doubt that she still retains her title, "First Lady of the Screen."

Reporter—Marjorie Weaver essays the role of daring girl reporter in an adventure story of spy roundup, playing today and Monday as the Queen. "Man At Large," is the title, and George Reeves and Richard Derr are other principals in the cast.

Air Drama Is Feature At The Lyric

With whirling propellers, roaring engines and death-dealing fifth columnists of the sky, Paramount's latest air spectacle, "Forced Landing," comes to the Lyric screen today and Monday.

Starring Hollywood's ace pilot, Richard Arlen, in an exciting drama that takes place on a tropical island in the Pacific, Paramount is the first to present a screenplay dealing with the all-important subject of hemispheric defense.

Typical of the islands that surround the Americas, the one in the picture shows natives at work modernizing their outmoded fortifications. Rival government factions spurred on by secretly promised alliances, furnish the breeding grounds for fifth column activities. Nils Asther, the island's Air Corps chief, is disclosed as the traitor who is trying to keep the defense work from being completed. He spurs nothing including murder to carry out his destructive plans.

But Arlen, a grounded American pilot who has drifted into the island colony, proves to be the undoing of the island's would-be dictator. In one of the most thrilling aerial battles ever filmed, Arlen engages Asther in a death-defying dogfight armed with only a keg of nails and flying a clumsy transport against Asther's streamlined warplane. It's a sight that will test your air-nerve and make your hair stand on end.

Against this exciting background, splashed with tropical splendor, a beautiful blond's newcomer to film-goers makes her screen debut. She's Eva Gabor, the European glamour girl who has received so much attention from the movie magazines. It's not often that critics commend a "first performance," but after seeing her, there's little doubt that Miss Gabor has the qualities for stardom.

"Forced Landing" gives two well-known film personalities of recent years an opportunity to stage a real comeback—Nils Asther and vampirish Evelyn Brent.

J. Carrol Nash, popular screen "heavy," plays the part of a native bandit leader. For years, he has been brandishing pistols, baring his teeth and sinking off into the dark. Imagine then, seeing the ominous Mr. Nash turn out to be a hero—and, of all things—singing a ballad with an exceptionally fine baritone voice.

In The Tropics—Jon Hall, Dorothy Lamour, Philip Reed and Katherine DeMille escort the cast on a romantic trip through a paradise of the tropics in "Aloma Of The South Seas," a Technicolor production playing today and Monday at the Ritz theatre.

At The Lyric—Uncle Sam's part in hemispheric defense with its locale in the South Pacific—"Forced Landing." The picture is at the Lyric today and Monday. Principals are Richard Arlen, Nils Asther, and a European newcomer, Eva Gabor.

'Peace Aims' To Be Forum Topic

Congressman John M. Vorys of Ohio and Frederick J. Libby, head of the National Council for Prevention of War will present their views on the topic "What Should Be Our Peace Aims?" on Theodore Granik's "American Forum of the Air" over KBST this evening at 7 o'clock.

Opposing them will be Dr. William Y. Elliott, formerly chairman of the department of government at Harvard, now with the Office of Production Management, and Clark Eichelberger, national chairman of the Committee to Defend America.

Disappearing persons are no novelty for "The Adventures of Bulldog Drummond," KBST's weekly series heard each Sunday at 5:30 p. m.

But George Coulouris, playing the title role of the super sleuth, has a much bigger problem on his hands during this afternoon's edition in "The Case of the Missing Ambulance."

Murder on Halloween night in a spooky country village will provide the chills on today's edition of "The Shadow," titled "The Devil's Hour."

Bill Johnston and Marjorie Anderson play the leading roles in the weekly Mutual mystery series, heard at 4:30 p. m.

State Health Agency Gives County Help

AUSTIN, Oct. 25 — Detailing some of the ways the state department of health is aiding each county in the prevention and control of communicable diseases, Doctor Geo. W. Cox, state health officer, today revealed that the number of specimens examined and the amount of vaccines distributed free to Howard county in 1940 by the state hygienic laboratory would have cost \$1,080 if purchased through private laboratories.

"The service rendered to this county is but one of twelve organized services set up to help you," Doctor Cox added.

Spy Roundup Is Theme Of Queen Film

An exciting story of a daring F.B.I. spy roundup—timely as the headlines—is that told in "Man At Large," playing today and Monday as the Queen theatre's featured attraction.

An amusing depiction of what might be the facts behind recent newspaper headlines, "Man at Large" is the thrilling story of an escaped German flyer who crosses the Canadian border into the United States—and how he mixes with the F.B.I.

Lovely Marjorie Weaver is excellent in her role of the reporter assigned to get pictures of this escaped flyer. As the good-looking stranger who seems to be both an enemy agent and a G-Man, George Reeves gives a fine performance. Richard Derr, as the supposed German ace, stands out in a difficult part.

Crammed with intrigue, suspense and unsuspected angles, "Man At Large" moves at a breath-taking pace. From the opening scene in a newspaper office to the suspenseful climax staged in the fifth columnists' hideout, it is fast, entertaining, thrillingly portrayed. The unusual part of the film is that it is plausible and might be going on here...now!

Splendid support is given by the balance of the featured cast, which includes Steve Geray and Milton Parsons.

Bids Asked For New College Auditorium

AUSTIN, Oct. 25 (AP)—Regents of the University of Texas today authorized bids, to be received Nov. 22, on construction of a proposed \$100,000 auditorium for the College of Mines and Metallurgy at El Paso.

The bids will be opened at a meeting of the board.

Previous bids were too high and the new specifications offer modifications of plans, Dr. D. M. Wiggins, Mines college president, said.

Love Triangle Has Costly Repercussions

DALLAS, Oct. 25 (AP)—One point in a love triangle today told police that his girl friend had returned his borrowed car with an old tire substituted for a new one.

She admitted lending the car to another boy friend.

Officers started looking for him.

New Patrolmen Hear Stevenson, Allred

AUSTIN, Oct. 25 (AP)—Governor Coke R. Stevenson today urged 82 highway patrol training school graduates to uphold the tradition of courteous and efficient conduct with which the force has become identified.

The new officers who began training Sept. 1 begin active duty Nov. 1, some of them as patrolmen and some as drivers license examiners.

Federal Judge James V. Allred, former governor, told the graduates they would have a major responsibility in seeing that citizens' rights are protected.

Mrs. Lowrimore Of Lamesa Is Buried

LAMESA, Oct. 25 (Sp)—Services were held here this afternoon for Mrs. Rachel Lowrimore, 62, who succumbed early today.

Rites were in charge of W. H. Wagon, Missionary Baptist minister of Morton. Mrs. Lowrimore, a native of Alabama, had been a church member for 34 years. For 18 years she had lived at Lamesa.

Survivors include her husband, J. N. Lowrimore; two daughters, Mrs. H. B. Hutchinson and Mrs. Jack Adams, Lamesa; one son, Raymond Lowrimore, Monahan; and two brothers, Wash Morphey, Loretta, Tenn. and Robert Morphey, address unknown.

Tiny Aerialist In Circus Spotlight

Strength and endurance are combined with dainty grace by Miss Aerioletta in Russell Bros. Circus.

Tops in the thrill promised by Russell Bros. Greater American Circus at the Read show grounds in Big Spring Thursday, Oct. 30, will be provided by a group of intrepid aerial performers who defy the laws of gravity in daring exploits high in the dome of the big top.

Grace, rhythm and perfect timing are exemplified in the breathtaking somersaults and pirouettes through space performed by the

Flying Clarkonians.

Occupying top billing among the solo stars is a tiny slip of a girl using the altogether appropriate professional name of Miss Aerioletta. Regarded as America's foremost feminine aerial gymnast, she gives a remarkable exhibition of strength and endurance on the high trapeze. Miss Aerioletta climaxes her reckless feats with a sensational standing ankle drop and somersault plunge into mid-air. Furthermore, she does it all without the protection of a safety net, and with a display of dainty feminine grace that is captivating.

These features are among innovations in the all-new program offered by Russell Bros. this year, combining the cream of aerial, acrobatic and arenic talent with amazing trained animal exhibitions. Not least among the attractions is Eddie Woodcock's unusual band. Doors open at 1 and 7 p.m., the band starts playing at 7:30 and 7:50, and the big show starts at 8:30 and 8.

Roosevelt, Churchill Denounce Nazi Executions In France

WASHINGTON, Oct. 25 (AP)—President Roosevelt denounced today the German execution of hostages in Europe and said that the practice should be a ghastly warning to those who would collaborate with Hitler.

At London, Prime Minister Churchill issued a companion statement, condemning the "butcheries in France" and asserting that "retribution for these crimes must henceforth take its place among the major purposes of the war." Churchill said the British government associated itself "fully with the sentiments of horror and condemnation expressed by the president of the United States."

Mr. Roosevelt's statement said that "the practice of executing

scores of innocent hostages in reprisal for isolated attacks on Germans in countries temporarily under the Nazi heel revolts a world already injured to suffering and brutality."

Even the Nazis, he declared, never before approached such "depths of frightfulness" and he added: "These are the acts of desperate men who know in their hearts that they can not win."

The White House issued the statement in mid-morning. Broadcasting companies, translating it into French, Italian and German, fired the text across the Atlantic by short wave radio, at a time in the evening when the greatest number of listeners could be expected.

Yoakum Lease Brings \$290,000

SAN ANGELO, Oct. 25—Purchase by the Atlantic Refining Co. of a 160-acre lease with five producing wells in the south part of the Wasson field in Yoakum county for \$290,000 cash was among highlights of West Texas oil operations this week.

Terry, Borden and Glasscock county wildcats also logged markers.

Atlantic paid American Liberty Oil Co. of Dallas \$200,000 with \$90,000 to be paid upon approval of title, for the west half of the west half of section 35-AX-2 in the Wasson field in Yoakum county.

Anderson-Pritchard and Osage No. 1 Clayton & Johnson, Borden county wildcat on a Pure farmout in section 1-1-John DeShazo, topped the anhydrite by driller's pick at 1,599 feet, and drilled ahead below 2,135 in anhydrite and shale.

Wahlenmaier & Currie No. 1 Texas Land Trust, Mitchell county wildcat two miles southwest of Garden City in the southwest corner of section 15-34-4s-T&P, topped the lime at 2,580 feet, 180 feet above sea level, about 100 feet higher, according to some correlations, than in Shell No. 1 R. L. Boston, a failure three miles to the southwest. It had checked only 38 feet on the salt top. Drilling continued to 2,773 feet, 7-inch casing was cemented at 2,769 feet and a machine was to be rigged up.

Missouri Drops Nebraska, 6-0

COLUMBIA, Mo., Oct. 25 (AP)—Nebraska battered itself to pieces on Missouri's rock-ribbed forward wall today and saw its Big Six football dynasty crumble into memories as the Tigers plugged over a touchdown in the last quarter for a 6-0 triumph.

Over 29,000 frenzied spectators roared themselves hoarse as these two power-laden teams kept each other at bay with their vicious line work.

It was the third time in nearly 50 years of football that the Cornhuskers failed to score against Missouri. The defeat also snapped a Nebraska winning streak of nine conference games which stretched back two years to another Missouri victory.

Sophomore Maurice (Red) Wade, Missouri substitute quarterback, fished a pass from Dale Bradley to start a 64-yard march to the touchdown threshold. Don (Bull) Reese, fullback, lowered his head and bulldozed through the center of the Huskers' line for the score after a minute had passed in the final period. End Bert Ekers' placement was wide for the extra point. Nebraska seized the missed point as incentive for a hopeful aerial attack which nearly panned out a touchdown before the game ended.

Wolves Batter Roscoe, 57-0

COLORADO CITY, Oct. 25 (SpI)—Colorado City's Wolves swooped down into class A competition here Friday night to batter out a 57-0 decision over Roscoe.

It was Colorado City all the way, the visitors unable to make even a half-hearted attempt at their host's goal line.

The scoring spree was led by Allen and Smith, both lads making end-round sprints for tallest time after time. As the game developed into a one-sided affair, Coach John Dibrill ran his second stringers in for a bit of experience under fire.

Slashing Runs Rip Through Owl Defenses

Steer Line Keeps Vanted Rice Ground Game Stalled

AUSTIN, Oct. 25 (AP)—Texas mighty scoring machine rolled on today over a Rice Institute team that never had a chance, crushing the Owls 40-0 with a devastating offense that battered them from goal line to goal line like chaff in the wind.

Smarting from a 13-0 upset at the hands of the Owls last year, the Texas team chalked up their second Southwest conference victory, and fifth consecutive 1941 win, over a Rice eleven whose efforts largely crashed against a potent Steer defense.

The closest the Owls came to scoring was a drive from midfield to the Texas 19 against Steer reserves. The Longhorns tallied largely through long runs by fast-breaking backs.

Pete Layden, Jack Crain, E. L. Hawkins, Wallace Scott and Speo Sanders, the latter tallying twice, participated in the Texas touchdown parade. Bob Brumley, Rice's key back, Dick Ewells and J. C. Dickson conspired the Owls' main offensive threat.

A vicious Steer line stalled the vaunted Rice ground attack at crucial points and permitted only 109 yards. The Steers totaled 152 yards on the ground and 133 via a smooth-working aerial game.

Rice got but 20 yards on passes, trying 12 and completing three. The Steers hurled 24 and made 16 count, either setting up or going for touchdowns.

In its usual style, Texas scored on the first drive after the kickoff, Pete Layden and Jack Crain, the team's great ground gainers, alternating for thrusts which got 33 yards to the Rice 25. From there Layden wheeled off tackle, dodged the secondary and chased over for the score standing up. Crain kicked the point.

Texas scored three times in the second period, the second-stringers accounting for two. Crain loped back to pick up a quick-kick by Dickson, the Owls' fine punter, then shook off several tacklers and, with excellent blocking, ran 80 yards for the second Steer score. He missed the placekick for point.

Three more times Harvard linemen charged so hard that Navy men fumbled, on the Navy 16, Harvard 45, and Navy 30. Harvard recovered each time but could not engineer a scoring drive.

West Texas Ace Leads To 27-0 Win Over Ariz.

FLAGSTAFF, Ariz., Oct. 25 (SpI)—Ben Collins, the nation's highest scoring back, added 15 points to his total today as the West Texas State College Buffaloes defeated Arizona State Teachers college at Flagstaff, 27 to 0, in a Border conference game.

With two touchdowns and three good placekicks, Collins brought his scoring total for six games to 57 points. He has made 12 touchdowns and converted 15 extra points.

Shute Shows Wares Here Wednesday

Big Spring golfers and golf hopefuls will have a chance to see how the experts do it Wednesday when Denny Shute, several-times PGA champion, shows his wares over the Country Club course.

In addition to Shute, the exhibition foursome will include Jimmy Gamewell, club pro; Harold Akey, Muny pro, and Obie Bristol, well known Big Spring and West Texas amateur.

Shute has made Big Spring a place of call twice, last year and the year before. Traveling under the colors of a sporting goods dealer, Shute tosses in a bit of how-it-done with his divotting performance.

Gamewell said Saturday he was considerably more pleased with the improvement over the Country Club's greens than has heretofore been the case. Rains and less playing, plus a bit of nippy weather has put the bent grass in comparatively good shape.

Frogs Fall, 28-14, Before Rams' Drive

NEW YORK, Oct. 25 (AP)—The power-laden Fordham Rams were forced to produce a pair of scoring drives in the closing quarter to defeat a scrapping Texas Christian University crew, 28 to 14, in a thrilling battle before 39,500 fans at the Polo Grounds today.

Trailing by two touchdowns at the half, the boys from Texas came roaring back to score early in the third period on an intercepted pass and then opened up a brilliant aerial attack that carried them 77 yards to the tying touchdown for the fourth quarter.

But that apparently used up the Horned Frogs, and when the Fordhamites put on the pressure again they had nothing with which to answer. Led by their great fullback, Steve Filipowicz, the Rams passed and battered their way to the winning score to record their fourth straight victory and keep their Rose Bowl hopes undimmed.

It was more dramatic when the Frogs came back after the intermission and began clouting their tormentors. A great punt by Frank Kring, fullback, forced Fordham deep into its own territory, and when the Rams attempted a pass from there, Van Hall of T. C. U. intercepted it and raced 34 yards for the score.

And then Emery Nix, filling in for the Frogs injured star, Kyle Gillespie, began tossing passes. If Gillespie can peg them any more accurately, he must be a wonder. Seven times Nix tossed, and six times he hit his target. Between times he hit his target. Between times he hit his target. Between times he hit his target.

With Filipowicz passing and Joe Osocki, a sophomore, shredding the Texas line, Fordham straightaway traveled 55 yards to the winning touchdown. Filipowicz plunged the final four yards.

Cadets Mix Fast Aerial, Ground Game

Jack Wilson Held In His Tracks Throughout Tilt

COLLEGE STATION, Oct. 25 (AP)—The Texas Aggies, who bore in modest silence the doubt they could recover from the loss of John Kimbrough and company, welded their claim of greatness today with a murderous 48-0 onslaught against Baylor University.

Not since the Southwest conference was organized had Baylor been so humiliated at the hands of A. and M. The best Kimbrough and his mates last year's great eleven could do was to slip by with a 14-7 win over a team Baylor supporters say was even weaker than the current Baylor edition.

The Aggie's fifth straight victory was won in a dazzling attack that bristled with speed and versatility. Three touchdowns were piled up through a magnificent overhead game, three more on the ground and the other through a pass interception.

In the first 12 minutes, the Bears reeled under three touchdowns apiece; the Aggies pounded over two more in the second, two in the third, and then coasted the last period.

Not even the presence of Jack Wilson, the Bears' great back who is the conference's finest all-around man behind the line—or was until today—made a particle of difference.

Big Jack's mates wouldn't, or couldn't, block for him today and even his punting, the conference's best, faltered under the Aggie's terrific pressure.

A. and M. carried its perfection even to the goal-kicking department. Jake Webster, junior back from Sweetwater, punched over six points after touchdown to run his total to 23, which is as many as he has tried during the infant season.

The Aggie's impressive start of the season had left many observers skeptical of their prowess. Conference competition is what counts in the minds of fans in the Southwest and the Baylor game was selected as a yardstick.

Amarillo Raps Lubbock, 3-0

AMARILLO, Oct. 25 (SpI)—Amarillo's Golden Sandstorm whipped Lubbock's Westerners 3-0 here today to hang up a 20th straight win, the longest existing consecutive streak in the Texas schoolboy football.

With the fight that has made the dish one of the interscholastic league's annual top rivalries, the Westerners pushed the Sandstorm up and down the heavy field in the first two periods, piling up nine first downs to none, but failing to penetrate beyond Amarillo's 20-yard line.

The Sandstorm dominated play in the last half. Burrell Collins, guard and captain, kicked the winning field goal from the 11-yard line in the fourth period. The Sandies were leading two 20-yard penetrations to none when victory was clinched.

Ol' Army Takes Columbia, 13-0

WEST POINT, Oct. 25 (SpI)—Proving once again that the infantry is the army's backbone, the U. S. Military Academy's new football deal marched entirely on the ground today to rip Columbia 13 to 0 and remain among the nation's unbeaten gridiron outfits.

Army's battering ball carriers tore the Columbia line, from tackle to tackle, wide open to march 75 yards to a touchdown in the first quarter, counted again on an intercepted pass in the final chapter and, all in all, had a very enjoyable time throughout the afternoon.

The Cadets, chalking up their fourth straight win of Red Blak's first-year rebuilding job on the Plains, didn't gain a yard through the air all afternoon. They tried only eight passes, but these were just window dressing.

Tulsa U. Wallops Okla. Ags, 16-0

STILLWATER, Okla., Oct. 25 (SpI)—Glen Dobbs, fancy kicker and flipper, led the Tulsa Golden Hurricane to a 16 to 0 victory today over the Oklahoma Aggies in a game which probably decided the championship of the Missouri Valley conference.

Dobbs threw both touchdown passes, turned in a remarkable job of punting and stopped one scoring threat of the Aggies.

Gophers Stagger Michigan, 7-0

ANN ARBOR, Mich., Oct. 25 (AP)—Minnesota's Golden Gophers stole the Michigan punt and pass recipe today and left the Wolverines without even a prayer.

The mighty men from Minneapolis, in handing Michigan its first defeat of the season and its eighth straight in the series, drove the opening wedge for their touchdown with a 70-yard punt.

The Gophers set it up with a 48-yard pass play, and from there smothered the out-manned Wolverines and even got a couple of handy breaks to score a 7-0 triumph.

This was not by any means an inspired Minnesota team, but it had the defensive strength and the defensive depth to stall all but one Michigan threat and that ptered out of its own accord when the home team fumbled and lost possession on the second play after getting a first down on the Gopher five-yard line.

The Gophers, in running their winning streak to 13 straight before a record-shattering crowd of 85,753 that enjoyed perfect weather, crashed through for the decisive score well into the second period.

Local People Return From IPA Meeting

Mr. and Mrs. B. F. Robbins returned Saturday from Tulsa, Okla., where they attended the sessions of the annual Independent Petroleum Association of America convention.

Robbins, a member of the membership committee from Texas and also assigned to the convention's ways and means groups, spent much time in the sub-groups as well as in general convention sessions. Mrs. Robbins was feted along with wives of other delegates at several affairs. Together they joined in the grand finale celebration on the Frank Phillips estate. Robbins said 25 states were represented at the meet and that 23 cities had asked for the convention in 1942.

Experiment Station To Get Best Calves

Sometimes this week 50 head of calves probably will be delivered to the U. S. experiment station here for use in the annual feeding tests.

Fred Keating, superintendent, said that the animals probably would come out of a group contracted by Roy Proctor, Midland, but that the herd was not known. Weight is due to be 425-450. The feeding will get underway around Nov. 1.

Steers Splash To First Loop Win As Bulldogs Are Trowned, 38-0

In Friday's 3-AA Wars — Pony Stock Bounds Higher

One thing stood out in Friday's season of the district 3-AA grid wars—Sweetwater's Mustangs met what was scheduled to be its first real test of the season and came through with flying colors. There had been more than a rumor that Sweetwater was in possession of one of the most powerful aggregations that has graced this loop in many a season—the 45 to 6 demolition of Abilene's Eagles made it an indisputable fact.

By virtue of a 13 to 0 victory over Gus White and the Lamesa Tornados, San Angelo Bobcats' football stock took a decided upward trend. For one of the few

times this season, White was bottled up. Part of the credit goes to San Angelo, but a large measure of it must go to the aquatic circumstances of the tilt. Playing in gusty sheets of rain almost from the opening gun, it was a case of which was the best mudder.

Unfortunately for the Lamesas, White's style of ball-carrying was practically useless on a soggy field. But, the rain should not detract too heavily from the San Angelo's performance—they were able to sash through for a pair of tallies, come cloudburst and flood.

As for the Big Spring-Midland engagement's water polo version of the pigskin sport, the Steers came through with a line-punching display that has been lacking for some time. The Midlanders were weak in all departments, but the Hard carried coals to Newcastle as Quarterback Horace Bostick and Halfback Doyle "Hunka" Stewart blazed a trail for a 38 to 0 victory.

Hard Ground Attack Trips Midlanders

Stewart, Bostick Play Outstanding Roles In Mud-ridden Affair

Splashing through mud and water like a bevy of Louisiana French on a crazy-fishing expedition, Big Spring's Steers marked up their first district victory of the season here Friday night as they rolled handily over the Midland Bulldogs, 38 to 0. It was too wet to plow but the Big Springers figured they weren't in the plowing business anyway and used a ground and aerial attack to shove the visitors over the sodden field.

The field was overly dampened before the game started—during the half-hour period, a regular downpour broke loose, and driving most of the crowd to their cars. A few hardy souls stuck it out to the moist end, bedraggled groups huddling in the stands and others viewing the aquatic show from the comparative dryness of the press box.

Big Spring displayed a more nicely coordinated backfield, plus a hard-driving line, but it was a slugging bit of ball-carrying by Quarterback Horace Bostick and pile-driving lunge by big young lumbering Doyle "Hunka" Stewart that made the drenched fans forget the miserable weather at times.

Coach Pat Murphy's lads scored twice in the first and second quarter, once in the third, and once in the fourth quarter. Midland received the opening kickoff and charged through for a first down in one-two order. Then, Big Spring took possession—from there on out it was Walt "Til the Sun Shines, Nellie." Billy Womack was the leadoff man for Big Spring's goalward drive, taking Kelly's punt near Midland's 40 and moving down to the 32. An offside penalty halted Big Spring momentarily, but a pass, Bostick to Frank Barton, advanced the ball to the 24. Bostick picked up a couple then added seven more yards to land on the 18. Again, Bostick lunged through to the Midland eight and Barton garnered four more yards. Bostick plowed through from there for the tally, and place-kicked the extra point.

Following the kickoff, Foster and Whitmire got together for some yardage but the drive was stopped on Big Spring's 42. With the ball in play on the 19, Barton picked up a yard. Bostick punted to Midland's 46, where Tackle Calvin Boykin recovered. On the next play Womack lost two yards as he fumbled, then recovered. A pass was incomplete, but on the next try, Bostick to End Peppy Blount, the ball was placed on the 25. Bostick shot an aerial over the right side of the line to Barton and the Big Spring fullback romped on over for the score. Try for extra point failed.

Next tally came when Bostick made a spectacular, high-stepping 60-yard dash in the bottom half of the second quarter. Big Spring kicked off to Midland but that only set up the stage for Center Paul Kasch's pass interception and 30-yard sprint for a touchdown. Near the forefront of the third quarter, Kasch again intercepted a pass, tossed by Lester, and went from Midland's 30 to the 21. Barton, Bostick, Womack and Stewart all took a hand in pushing down to the one-yard stripe, from which point Bostick slashed over for the tally. Barton's extra point try failed, making the count 32 to 0.

By this time the game had developed into a weary affair, what with Midland's very evident weaknesses and a rain that wouldn't stop. But, about midway in the fourth end of the highlights of the contest occurred as Stewart intercepted a pass on Midland's 13 and rolled over for the final touchdown.

Starting lineup: Big Spring—Blount and Tidwell, ends; Hardy and Boykin, tackles; Suggs and Brown, guards; Kasch, center; Stewart and Womack, halfbacks; Bostick, quarterback; Barton, fullback. Midland—Lester and Davidson, ends; Sevier and Estes, tackles; Leftwich and F. Lee, guards; Noyes, center; Foster and Whitmire, halfbacks; Hall, quarterback; Kelly, fullback.

Substitutions: Big Spring—Bob Boykin, Moore, Curles, Stevenson, Earnest, Estick, Matlock, Dearing, Webb and Coffey.

Midland—Richards, Bird, Roy, Graham, Welsh, McMillin, Harris, Wallace, Tisdale, D. Lee, Hudson. Score by quarters: Big Spring 12 13 6 8—38 Midland 0 0 0 0—0 Officials — Payne, (Referee), Coleman (ACC), Morris, (A. & M.), Steele (Texas Mines).

Tioga Gridster Dies Of Hurts
SHERMAN, Oct. 25 (UP) — The first fatality of the season in Texas organized football last night claimed the life of Author Leon Jeter, 17, president of the Tioga high school senior class. Jeter suffered a head injury when he tackled a halfback in a game between Balls and Tioga at

Irish Clout Illini, 49-14

SOUTH BEND, Ind., Oct. 24 (UP) — Notre Dame's football machine, sputtering before Illinois' inspired play for three periods, came to life today with a terrific explosion of fourth period power which produced four touchdowns and a 49 to 14 victory.

Illinois surprised everyone by opening the scoring. Lavers Astorch tossed 18 yards to Don Griffin for a touchdown midway in the first period. Notre Dame knotted the count on Steve Jew's 13 yard run late in the quarter. The Irish scored twice in the second period, Angelo Bertelli passing 30 yards to Juwuk for one score and Owen Evans smashing one yard for another after one of the many Irish pass interceptions set the stage. Then Notre Dame shot her first stringers into action. Bertelli shot a 38-yard touchdown pass to Evans and then whirled a nine yard aerial to Bill Earley for another. Wally Ziemia then intercepted a pass and ran 47 yards to the Illini three before Evans crashed over for a touchdown. With two seconds of play remaining, Tom Creevey hurled a 40-yard aerial to Tom Miller for a final Irish score.

Kansas Blanks Iowa, 13-0

LAWRENCE, Kas., Oct. 25 (UP) — The University of Kansas Jayhawkers blanked the Iowa State Cyclones, 13 to 0, today to give Kansas its first Big Six conference football victory in two seasons.

Kansas forged 66 yards for its first touchdown in the opening quarter. Runs by Sophomore Ray Niblo accounted for 37 yards in the series. The halfback lugged the ball 25 times during the afternoon for a 5-1-3 yard average. Inside the Cyclones 20, Ray Evans pitched passes to Niblo and Marv Vandaveer, which gave the Jayhawkers a first down on the Iowa's six. Evans picked up two and then Niblo went four yards to pay dirt. Vandaveer's attempted placement was not good. In the fourth, Kansas moved to a first down on the Iowa 4 from which point Niblo crased over to score. Don Ettinger kicked the extra point from placement.

Uclans Upset Oregon, 14-7

LOS ANGELES, Oct. 25 (UP) — Oregon university's Rose Bowl dreams faded with the waning shadows today as the under-rated University of California at Los Angeles defeated the giants in green in an upset that threw the Pacific Coast conference grid race into a new tangle.

Exploding with the fury of an under-dog, the lowly, twice defeated Uclans came from behind in the third period, scored two touchdowns in a brilliant display of finesse and left the contest triumphant by a 14-7 score. Outplaying the Oregonians from start to finish, the surprising, unpredictable Bruins duplicated a feat performed in 1939 when another great Oregon team, a genuine Rose Bowl contender, fell before the Uclans 15-6. Today's setback to Tex. Oliver's well oiled green machine was his second in conference play.

Alabama Trips Georgia, 27-14

BIRMINGHAM, Ala., Oct. 25 (UP) — A great halfback played his heart out for Georgia today but his best wasn't good enough to stop Alabama's Crimson Tide.

While 23,000 fans yelled themselves into exhaustion, Alabama ended Georgia's Bowl hopes, 27-14. The halfback was broken-jaw Frankie Sinkwich, who ran and passed Alabama slyly while the hopes of Georgia supporters alternately soared and skidded.

Plenty Of Feed, New Lakes Portend Top Duck Supply

Monday will write finis to what has been one of the top dove seasons in the experience of local hunters. But, guns will hardly be cooled until another shooting session will be ushered in. Starting November 2, open season will be declared on ducks.

Heretofore, duck hunting has been below par in this locale being limited to a few large lakes in the surrounding area.

Abundance of rain, plus opening of numerous small artificial lakes is due to put a larger number of hunters in their shooting togs this year. Right now, ducks are scarce, probably caused by lack of cold weather. A spell of northerly will likely result in a multitude of waterfowl stopping off in this area.

In years past, ardent duck hunters have usually gone to other sections to indulge in their sport. This year, there is hardly a land owner in the county who doesn't have a small body of water on his place and Big Springers are scheduled to avail themselves of the opportunity of giving the county a good going over. A goodly supply of feed is another factor that will likely make the surrounding country a port of call for ducks.

During the time between the closing of dove season and opening of duck season, some local hunting enthusiasts are taking advantage of the early-opening New Mexico deer season. November 1 is the initial deer hunting day in New Mexico. One group of Big Springers getting off for an early crack at the be-horned creatures includes Bob Piner, Frank Powell and Elton Taylor. BALINESE BABY—War may change such commonplace scenes as this in strategic Dutch East Indies. Here, a rooster cage is slipped over a baby to give her a first taste of "home."

POSTAL PROBLEMS—Disrupted mail routes and changing boundaries are grave problems for John E. Lamiell of the U.S. postoffice, whose job of routing mail for abroad is a ticklish one requiring knowledge of diplomacy and geography.

HEAVY, HEAVY HANGS OVER THEIR HEADS—Necks craned upward as crowds attending dedication of the new \$12,000,000 Douglas Aircraft plane factory at Long Beach, Calif., got this closeup view of the B-19. The huge, four-motored bomber was hedge-hopping along railroad track back of plant.

CHOICE—Piano-playing John Coolidge, 35, son of the late President Coolidge, has resigned his railroad connections to enter the printing business. He lives at Oranosa, Conn.

BOARDER—Until he started complaining about the food, "Rhode," a robin, was welcome at Eleanor Shaffer's home in Oakland, Calif. He prefers eating from Eleanor's hand.

O.K. FOR A MILD WINTER—Only the hardest female would dare this sports costume worn by Alexis Smith of the movies. The midriff is bare, sleeves and pants are of cellophane. For some warmth, there are the red knitted sweater, shorts.

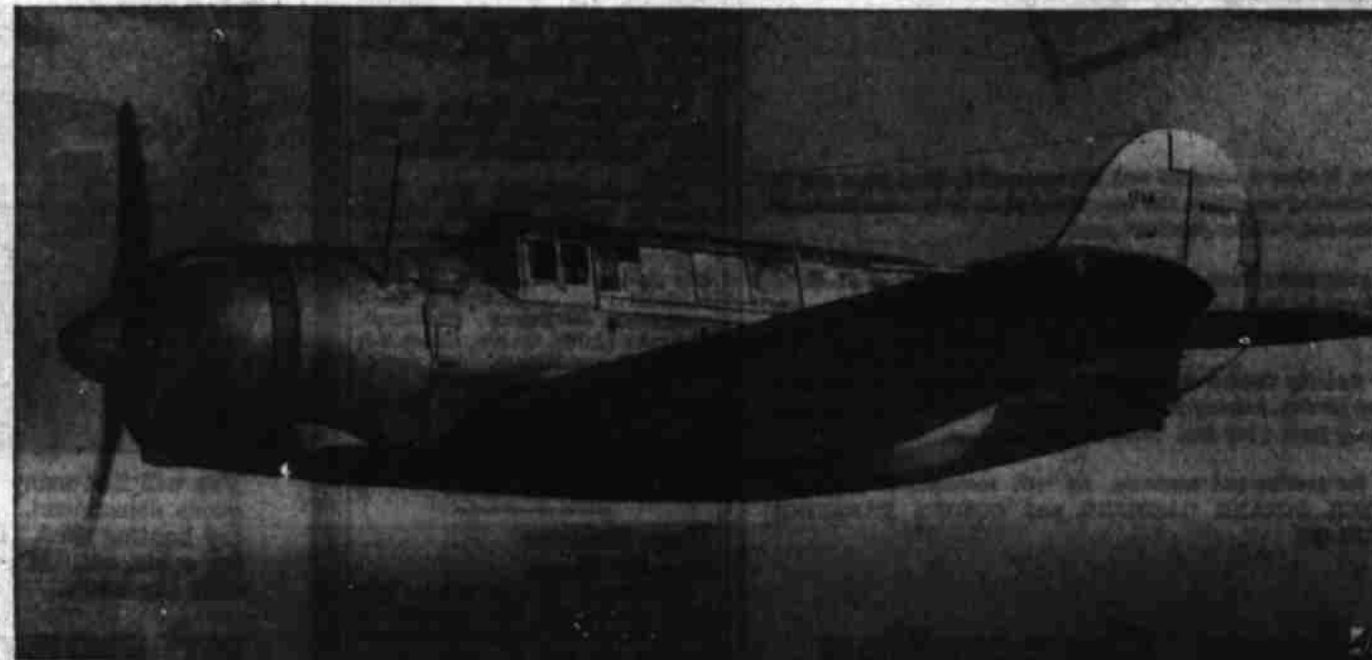

BOY MADE GOOD—So well did Billy Kern, 149-pound waterboy with Pomona college (Calif.) team, hurl passes in practice with scrubs, that he's now promoted to a regular halfback berth.

HOT ON THE SCENT—Rumson Farm Lech, 3 1/2-year-old English setter declared winner of the National pheasant championship, follows a scent at Buffalo. Owned by Raymond Hoagland of Cartersville, Ga., he's first of breed to take the crown.

TALENT—Not only can Lela Mae Flynn of Shawnee, Okla., draw your tears, singing about Killarney, but she's equally good as Wagner. She has hopes for an operatic career.

'SUPER' FROM THE WORD GO—Designated the Curtiss Helldiver SBC-1, this new all-metal, two-place monoplane is said to transport a larger bomb load at higher speed for greater distance than any dive-bomber developed in America or abroad, and is designed to operate from aircraft carriers of the U.S. navy. Armament and performance details are a defense secret. It has a 1,700-horsepower Wright Cyclone engine, wings that fold upward to facilitate storage aboard ship, three-bladed full-feathering propellers.

Normal Building Not Banned By SPAB Ruling

Analysis of the recent policy statement by the Supply Priorities and Allocations Board (SPAB) on the exercise of control over public and private construction shows that the order will leave repair, remodeling, farm building, and normal residential construction practically unchanged, according to W. S. Crook, manager of Wm. Cameron & Co.'s local store.

The real purpose of the SPAB release was: (1) To prevent the passage of "pork barrel" legislation now before Congress providing for river and harbor improvements, flood control and power projects which would use a substantial amount of critical materials, particularly structural steel. (2) To discourage the planning, promotion and requests for priorities in respect to the building of all unnecessary public and private projects such as factories, warehouses, office buildings, etc. which use an appreciable amount of critical materials. Even in the case of such buildings, if wood can be substituted for the critical metal materials, construction is OK. (3) The term "residential construction" is aimed at larger homes, costing over \$2,000 and which require substantial amounts of metal. Homes costing under \$2,000, involving only a small quantity of metals, plumbing, lighting and hardware in relation to the amount of other materials and employment furnished are not banned under the order. (4) The order concerns solely the granting of future priorities to replace material used in construction. Where dealers, builders or contractors have the material, such construction can go ahead. Where there is a need for housing in defense or non-defense areas, such housing can go ahead, but priorities will not be granted for it if it uses an appreciable amount of critical materials. Dealers, builders and contractors must eliminate all metal possible. They must use simplified plumbing, substitute other materials for metal wherever possible. Unnecessary speculative building must be eliminated. (5) There is no ban on farm and rural construction. In fact, all farm construction is encouraged as necessary for the health and safety of the public and to create further food and other farm reserves for war and after-the-war rehabilitation purposes. (6) The majority of modernization and repair materials, such as lumber, paper and paint are materials on which there is no shortage and no limitation whatsoever.

Therefore, Crook stated that there are no limitations today on normal construction in our area which would limit the majority of the building needs of our community.

Debate Will Start Monday In Chamber

WASHINGTON, Oct. 25 (AP)—By a vote of 13 to 10, the senate foreign relations committee approved legislation today permitting American merchant ships to carry arms and allowing them to sail to any port in the world.

The momentous bill, a substitute for the house-approved measure limited to ship arming, was accepted after the committee had voted 13 to 11 to take it in lieu of similar legislation proposed by Senators Pepper (D-Fla.), Lee (D-Okla.) and Green (D-R.I.). Senator White (R-Mo.), who voted with the opposition on the first tally, joined the administration majority on the final ballot.

Democratic Leader Barkley, who sponsored the proposal, set Monday for the start of senate debate. He said that "it is hard to guess how long" it would take to get action.

Senator Nye (R-ND), an administration opponent, said there would be additional speech-making because the committee approved repeal of the neutrality act's provision forbidding American merchantmen from entering belligerent ports or designated combat areas.

Nye and Senator Vandenberg (R-Mich.), another administration foe, said there was no intention to filibuster but Nye added that "this is the last step we take before actually entering the war, and it is an issue which quite normally would call for speeches by close to 90 senators."

The committee bill, approved after four days of hearings, would carry out President Roosevelt's recent recommendations regarding shipping.

In a special message to congress on Oct. 9, Mr. Roosevelt asked amendment of the neutrality act as quickly as possible in order to permit arming of merchant ships against "the modern pirates of the sea." He also asked that congress give early attention to removal of restrictions "keeping our ships out of the ports of our own friends."

To refuse to permit American ships to carry supplies to England, the president said, was in effect inviting control of the seas by the axis.

Mr. Roosevelt's proposals received the backing of Wendell L. Willkie, the 1940 republican presidential nominee.

Fraternity Official Points To Communism

DALLAS, Oct. 25 (AP)—H. Roe Bartle of Kansas City, president of Alpha Phi Omega, national service fraternity, charged today that "the communistic element is very active on both seacoasts, examples being groups at the University of Washington and at the City College of New York."

Bartle was addressing delegates of the fraternity from Texas, Oklahoma and Louisiana.

"Communist groups on the college campus are fighting us, but let them come we like to fight them," Bartle said.

Origin Of Hallowe'en Mystery To Old And Young Alike

Frosty nights... pumpkins on the vine... cider... plump doughnuts... witches... waving corn-stalks... and lighted jack-o-lanterns—all these symbolize Hallowe'en, a holiday eagerly awaited Friday by young and old alike the country over.

And, strange as it seems, Hallowe'en is not the original name of this mysterious holiday, nor is it strictly American in origin. It had its beginning in Britain in the ancient days of superstition when at the end of summer the Celtic Druids made offerings to their pagan gods at a festival known as Samhain. And, although much of the superstition has faded, pranks and games of mystery still make All Hallow's Eve, or the Eve of All Saints, a day of days!

Mrs. Tollett And Mrs. Al Groehl Sail On Cruise

Mrs. Raymond L. Tollett and Mrs. Al Groehl were to sail Saturday from New Orleans, La., for a South American cruise which had been postponed due to illness of Mrs. Tollett, who is now recovered.

Al Groehl accompanied Mrs. Tollett and Mrs. Groehl to Fort Worth where they were entertained by friends with a send-off party the first of the week.

The two went on to New Orleans for a visit of several days before sailing where they were also entertained with "bon voyage" parties.

Al Groehl, who left from Fort Worth for St. Louis, Mo., and Tulsa, Okla., returned home Saturday to attend a directors meeting of Cosden Petroleum company.

Gloria Nail Is Again Named As Band Queen

Rain drove some of the spectators from the stands Friday night at the Steer-Midland game but it didn't dampen the enthusiasm of the students who remained to cheer for the 1941-42 band queen—Gloria Nail.

Gloria, daughter of Mr. and Mrs. Jack M. Nail, 907 E. 18th st., was also last year's band queen.

The comely, high stepping high school senior was escorted on the field by drum major, Dean Miller. The band formed a huge heart in the center of the field and to the tune of "Let Me Call You Sweetheart," recognized the queen.

Billy Francis Shaffer, drum major, presented Gloria with a bouquet of flowers.

Gloria won the queen contest with a total of 9,900 votes secured through sale of rabbit foot badges and Steer-booster cards. The closest competition came from Nell Mead who had 3800 votes. Other queen candidates were Ladell Laudemy and Pearlina Robertson.

Funds from the contest will go to the band fund for the trip to San Antonio to take part in the Battle of Flowers. The fund is now \$130 with approximately \$350 needed.

One Woman Says—

Women Are Too Conscientious And So They Work Themselves Out

(Last of four interviews in which prominent women discuss what's right and what's wrong with the fair sex.)

By ADELAIDE KERR AP Feature Service Writer
Women are too conscientious. They work too hard and wear themselves out.

Marjorie Nicolson—one of America's leading women educators—thinks that is one of the greatest weaknesses of her sex.

As dean of Smith College from 1930 to 1940 she made a close study of the way women work. She continues to be in her job as the first woman professor in Columbia university's graduate school.

"A woman will labor in the vineyard, till she's all worn out and wears her fellow workers out, too," she says. "A man professor thinks nothing of cutting his classes for hunting. But a woman will come into her office when she should be in bed. Look around any office after closing time and see who is still there. The women."

"They can't put the spontaneity into their work or the creative drive which advances them if they are always overworked and tired. If women want to advance in the world, they will have to stop overworking."

Miss Nicolson, who is the first woman president of Phi Beta Kappa, sat forward in her chair. "Another thing. Women are naturally kind. They take a great deal of moral responsibility for their parents and other members of their family. And men let

Marjorie Nicolson
"Women work too hard."

them do it. A man will send money home and quit at that. But women go home and take care of a sick parent after a day's work. "It makes me think of the Bible story of Mary and Martha. Martha was busy about many things, but Mary sat quietly thinking deep thoughts and Jesus preferred her. Remember Kipling's poem: 'Mary's sons throw their trust on the Lord. And the Lord He throws it on Martha's daughters.'"

Miss Nicolson thinks women have a great biological handicap to advancement in their careers. "If a professional woman marries and has children she must give more time to her home life than a man. To a man marriage

and the first baby are often a tremendous stimulus to work harder and advance in his career. But if the baby has a fever that fast remains in a mother's mind and shares her attention with her work. So her mind is not free to drive along creative lines outside the home.

"When I consider these things, I doubt whether women as a sex can ever achieve complete equality with men in world affairs. But there's no doubt that individual women can and do."

Miss Nicolson straightened the white collar on her simple blue dress and relaxed.

"Women have a great many fine qualities. They're immensely kind to each other. The idea that there is a lot of professional jealousy among them is absurd. Most women will give the coats off their backs to help another woman."

"Women are practical. They have their feet on the ground and are inclined to a common sense view. Men are more theoretical. In committee meetings I've always found that I could count on women to bring the argument from a theoretical discussion and say, 'Well, here are the facts, what are we going to do?'"

"I have a great respect for what women have achieved, considering the length of time in which they have been taking part in world affairs—a very short time compared to the centuries men have been at it. I'm not concerned about the future of the sex. I think women are doing pretty well."

Midway P-T. A. Nets Over \$100 From Carnival Held Friday Night

Over 500 Persons Attend Event At Schoolhouse

Over \$100 was realized from the Midway Parent-Teacher Carnival held Friday night at the school with a crowd of an estimated 500 persons on hand for the event. The coronation, a feature of the evening, was held with Jimmie Floyd and Barbara Sue Wilson crowned as the king and queen.

A cake walk was held and prizes awarded to Donald Eash and Ross Faye Wright for selling the largest number of tickets.

Representing Centerpoint were Jean and Perry Walker, from Elbow, Marie Petty and James Caubie, from Lomas, Betty Lou Bilsard and Louis Edward Stallings.

Let's Give Old Lady 80 A New Build-Up

From the Atlantic to the Pacific she runs, 3,000 miles or more. Through the south, from South Carolina through Georgia, Alabama, Mississippi, and Texas she goes, joining in the latter states with great arteries angling in from the northeast.

The highway 80. The Broadway of America. She used to be the queen of highways. But now she's getting old. There are wrinkles in her face and blotches in her complexion.

get enough vitamins. Her pavement is cracking, her bridges are narrow, and her curves are not rounding enough for modern motoring.

From Abilene to Roscoe she's woefully overcrowded. There she needs four lanes instead of two.

Is it Love? by MARGARETTA BRUCKER

Chapter 17 BIGAMY The Washington train was late out of Memphis, and in the station Sus Ellen sent a telegram to Riv announcing her arrival and asking him to meet her.

to accomplish. If we had married in June—" "I wish to the Lord we had," said Riv tightly.

She drew a breath of relief as the train pulled out, for there was no further sign of him. She shrunk from the idea of discussing or explaining her trip.

"There's nothing to tell," said Sus Ellen positively. "I've come to marry you, Riv, and I can't go home without doing it."

Soon Toby would know. . . soon everyone would know. . . The trip was dull and uninteresting. Her head ached violently when she left the train at the Washington station and she had a moment's fear that Riv would not meet her.

"Why?" Almost she read fear in his sulky eyes. "Because I had an announcement put in the Memphis paper, that I had left for Washington to be married. Aunt Carr called this morning—the county paper comes out in Tyler Springs today and that will announce my marriage this week. What's wrong?"

"Looking for a job." She tried to speak lightly, but her heart beat all its hope and felt dull and heavy. Riv was in one of his difficult moods, sulky, lit tempered.

"What shall I say?" she asked stupidly. She could not go back to Tyler Springs—she could never face Aunt Carr, who had warned her that something like this might happen.

"Where are you stopping?" he asked curiously. She told him the name of a quiet hotel where she and Aunt Carr had stopped on a visit to Washington several years before.

"What did you say, Riv?" she asked meekly. "I don't want to marry him now, even if she could. She hated him."

"I'm marrying you," she reminded him, then said impudently: "Riv—try to see things my way. We planned to marry in December and then you postponed it and all Tyler Springs wondered why you did. You said it was because why we didn't marry—why you didn't look ahead and marry me before the draft so you could claim exemption. Everyone knows you and your father are determined that you shall not become a soldier or even take training, if any way can be found to prevent it."

"What could I upset, as you put it?" He muttered something about the Colonel. Failure "I'm marrying you," she reminded him, then said impudently: "Riv—try to see things my way. Riv interrupted: "What the devil has all this to do with your trip to Washington, Sue?" "Don't you see that the reasons you give for postponing our marriage look doubly queer, when that same marriage might help to accomplish what you are so eager

"I don't want to marry him now, even if she could. She hated him." "Come in and register and don't stand there looking as though the end of the world had come. I planned to tell you — if it was necessary. I've been fixing things so that the whole thing can be cleared up."

Another Fuss On Franking Privileges Comes Along

By JACK STINNETT WASHINGTON—The "peregrinations of the 20 mailbags" is causing an awful fuss in Washington and threatening to kick up one of the biggest squabbles of recent years over congressional franking privileges.

The facts of the case are far from clear, although the claims and counter-claims have filled column after column in the congressional record and local newspapers.

It developed that the bags had been removed from the Danneberg offices by a house office building mail truck, though on whose instructions it never has been made clear. The case was on the grand jury finally found the mail bags, eight of them dumped before one congressman's storage locker and the rest in the offices of another national isolationist committee.

There is no law against a congressman sending boxes of these franked envelopes to any person for addressing, although the contents must contain the line "not printed at government expense."

I How the bags got anywhere—even to the office of Danneberg, the first place—still is a mystery. All congressmen whose names were on the franked envelopes or on the speeches deny they had anything to do with it and the findings of the grand jury have not been disclosed.

It is daily becoming apparent that in this little ruckus are the elements of a good-sized tornado in the halls of congress. Whether it will blow or not depends on facts undisclosed thus far.

However, as a result, there has been more stow over franking privileges than at any time the oldest observer can remember.

Man About Manhattan— Vaughn Monroe's Newcomer to Legion Of Big Dance Bands

By GEORGE TUCKER NEW YORK — A bull fighter by the name of Ricardo Torres blew into town the other day from Europe. He had an interesting story to tell. He had been fighting bulls in the conquered countries of Europe, he said, for Hitler, and earning thousands of dollars per fight.

Well, Annie wanted a movie career but she wanted to have fun, too. She had it, even in the low days when Paramount discourteously tossed her out, making her more determined to stick around and prove that they were wrong. She had fun even in those days when party tidbits subbed for square meals, and she kept on having it after she landed a steady job.

Hollywood Sights and Sounds— "Good-Time Annie" Goes To Work And Is Accused of Being Actress

By ROBBIN COONS HOLLYWOOD — You may look soon, if not now, and witness an unexpected phenomenon. Ann Sheridan, actress.

ing her more determined to stick around and prove that they were wrong. She had fun even in those days when party tidbits subbed for square meals, and she kept on having it after she landed a steady job.

Our Annie, always the heartiest example of the robust, courted glamour gal, has seldom been accused of acting, least of all by herself. Lately, however, there have been rumors. Annie has been working hard.

Her flaming curls and flying feet starred in more night spots than in pictures.

You remember Annie when she hit our town? The flame-haired Texas beauty who sort of thought she'd be a school teacher only Paramount had a search for beauty and dragged her, not exactly screaming, to the bright lights?

Ana enjoyed it all, made more friends and, fairly dutifully, made more pictures. Even her best friends said that Good-Time Annie was lazy.

Well, Annie wanted a movie career but she wanted to have fun, too. She had it, even in the low days when Paramount discourteously tossed her out, making her more determined to stick around and prove that they were wrong. She had fun even in those days when party tidbits subbed for square meals, and she kept on having it after she landed a steady job.

Then it happened. The semblance of success got her down. Annie began asking around about how this game was really played. She asked people she worked with, like Jimmy Cagney, Humphrey Bogart, George Brent, a few others, for the low-down. They gave it to her straight, and Annie went to work. As I recall it, "They Drive By Night" (though Ida Lupino stole the show) was the picture that first caused her to be accused seriously of acting.

She had fun even in those days when party tidbits subbed for square meals, and she kept on having it after she landed a steady job.

It was six months ago that Annie, after striving for more pay, said she guessed she'd like to go back to work. The studio seems to have taken her at her word. In these six months she has finished three pictures — "Navy Blues," "The Man Who Came to Dinner," and "Kings Row"—and is starting her fourth, "Mississippi Belle."

"Navy Blues" was more comph than "Dinner" casts her as the hot potato whose devilment and trickery break up the Bette Davis-Richard Travis romance. "Kings Row" makes her a good gingham girl, giving her all for love of a fellow who deserves much less. "Mississippi Belle" will project a flamboyant entertainer, darling of the river boats, out for all the fun that floats her way. To get by the assortment takes versatility.

The fans write more letters to Sheridan than to anybody else on her studio list. Orry-Kelly, studio head man in designing, now sees to her wardrobe personally instead of delegating it to assistants as formerly.

So Annie's working, and getting places. I'm not saying she has retired to a cloistered life of study and contemplation of the arts. I'm still agreeing with Ramon, the expert, who was teaching the "Twin Beds" cast how to rhumba, that Sheridan's rhumba is the best bump, sway, and glide in that dance form. She still likes a good time—and she'll never get a Garbo complex.

Army Flier Found In Burned Plane

LOS ANGELES, Oct. 23 (AP)—The badly burned and mangled body of an army pilot, one of five sought since they disappeared in a heavy cloud bank Friday, was found today in the wreckage of his swift P-40 pursuit ship.

Col. Lotha A. Smith, Fresno air-base commandant, identified the flier through a regulation disc he wore as Lieut. W. H. Birrel.

Kiwanians To Map Plans For Big Carnival

Big Spring Kiwanians will meet next week and map final plans for their fourth annual Jubilee, a club-built and operated carnival offered each year at Halloween for the purpose of raising funds to carry on their underprivileged children's work.

Though not quite ready to compete with Gainesville's community circus, the Jubilee, which had a very small start in 1938, has grown each year and is now a well-established Howard county entertainment. Last year's show attracted hundreds of fun-makers from surrounding communities and enjoyed record-breaking attendance.

Club's decision to move the show from its old Secury street location to the large parking lot between Rita's theatre and Piggy Wiggy is believed to be a move toward still greater attendance since the new site will be more of a central location.

Kiwanians plan to do a "spookier" job of concession decorating this year, as well as add at least two new "stands" to the layout. As last year, the carnival will be a two-night affair, dates being Oct. 31 and Nov. 1.

More Than 10,000 See Dawson County Fair Despite Weather

at the Dawson County Fair, which closed here Saturday afternoon, but it was estimated that more than 10,000 witnessed the exhibits at the fairgrounds.

Biggest day was Friday when "School Day" was observed and approximately 6,000 people, including most of the county's youngsters, passed through the gates. The skies had cleared in time to make it a great day at the fair, but Friday night and Saturday morning were hurt by rain.

Among winners announced by judges were: Hogs 1 to 3-year-old sows, Glen Henson, Sparsburg; (under 1 year) Paul Carnett (Ackerly). Hereford breeding cattle, bulls born from May 1939 to May 1940, bulls born since May 1940, and heifers born since 1940 all shown by F. A. Youngblood; Arien Youngblood, Jr., won honors in the 4-H division for bulls and heifers dropped since May 1940.

Jersey cattle: Bulls three years and over, Herbert Green, Lamesa; bulls one to two, Fred Raney, Lamesa; four months to one year, G. E. Peterson; heifers, four months to a year, Early Hatfield; junior division, bulls four months to year, T. J. Narrow, heifer two to three years, T. J. Barrow, and heifers, one to two years, Craddock.

Maize, Hubert Coon, Lamesa; kaffir, Elmer McClain, Lamesa; 25 open bolls, Frankie Hatfield, Lamesa.

4-H girls: Tomatoes, Benny Jo Melton, Sparsburg; string beans, Phyllis Green, Sparsburg; pumpkin and okra, Phyllis Green; peaches, Bernice Davis, Sparsburg; beets, Phyllis Green; and plums, Benny Jo Melton; dresser scarf, pot holders, cotton slip, cotton dress, mattress pad, hat rack, Phyllis Green; and pillow case, Mary Ola Dunswoth.

Women's division—Crocheted bedspread, Mrs. Wayne Echols, Lamesa; knitted bedspread, Mrs. Broughton, Lamesa; quilt, Mrs. Bart Davis, Sparsburg; oldest quilt, Mrs. Wayne Echols; cotton comfort, Mrs. J. E. Stewart; woolen comfort, Mrs. Fred Dahne.

Shicks Return From Rochester, Minnesota

Mr. and Mrs. Nat Shick and daughter, Lillian Shick, returned home Saturday from Rochester, Minn., where he had gone for examination at the Mayo clinic.

Shick, postmaster, said Saturday that he was feeling better than he had for some time and was confident that cause of an eye condition had been diagnosed. He is home for a six-month trial along a line of treatment prescribed for him.

Enroute home, the Shicks crossed over into Wisconsin, North Dakota, South Dakota and Kansas. On the way up three weeks ago, it rained almost all the distance.

Installation Credit Meeting Scheduled

Big Spring people who deal in installment credit were reminded again Saturday of the area meeting federal reserve officials are holding in Abilene Monday. Details of regulation W, which pertains to installment credit during the emergency period, will be discussed by competent officials. Most of the program will be informal and given over to answering questions.

Popularity Of Stevenson Is Shown In Poll

By JOE BILDEN Texas Surveys of Public Opinion AUSTIN, Oct. 23 — Although about one-fifth of the voters of Texas have not yet made up their minds about him, Coke R. Stevenson today enjoys tremendous and wide-spread popularity as governor, a poll of public opinion reveals.

Beginning its month-to-month index of popular approval for the new governor, Texas Surveys of Public Opinion finds for October: 1. Three-fourths "generally approve of Stevenson as governor."

2. Less than one in every twenty disapproved of him.

3. One-fifth are undecided. While it may be true that Stevenson did not have to wage a controversial campaign as did W. Lee O'Daniel to reach the highest state office, the Southwest Texas ranchman appears in three months to have attained as favorable a position as O'Daniel achieved during his second term. For one year, beginning in June, 1940, Texas Surveys conducted a monthly measurement of pro-and-con O'Daniel feeling. During that time he averaged 67.4 per cent of approval. His peak was reached in March, 1941, with 76.5, omitting undecided ballots.

Stevenson's present popularity tops 75.2 per cent, and if the large "no opinion" element is not considered, he finds 84 per cent of the voters satisfied with his administration.

"Generally, do you approve or disapprove of Coke R. Stevenson as governor?" was the question posed by interviewers. The tabulations showed: Approve 75.2% Disapprove 4.6% Undecided 20.2%

Markets At A Glance

NEW YORK, Oct. 23 (AP)—War news helped put a slight crimp in today's stock market and the list generally finished a fairly progressive week slightly on the downside.

Recovery efforts encountered opposition at the start and, while weakness was a rarity, irregularly lower trends persisted to the close. Final prices in the brief proceedings were lower by fractions to a point in the majority of cases. Scattered issues, however, exhibited sufficient strength to take the edge off the retreat.

The Associated Press average of 50 stocks receded 1/4 of a point at 61.2 but on the week was up 3/8. Transfers for the two hours totalled 269,140 shares, compared with 269,180 last Saturday.

Rehearsal Of Music Pageant Set Thursday

First named rehearsal of elementary school choirs participating in the Armistice Day pageant—"Americans All—Immigrants All"—has been set for Thursday, W. R. Dawes, public school music director, announced Saturday.

Dress rehearsal for the event has been set for Nov. 8 at the city auditorium where the program will be presented on the evening of Nov. 10.

The band is joining with the school choirs in presentation of the festival, which is made possible locally by permission of Avinere Tolgo and the Council for Democracy. Date for the presentation was moved up a day to Nov. 10 since many may leave town on Armistice to attend the football game at San Angelo.

Various episodes are represented in the folk songs and dances to be given by the schools, and King J. Sides and Mrs. R. E. Blount will serve as narrators. Dr. C. W. Deats is arranging for a servicemen's color guard to open the program.

A feature of the patriotic program will be the massing of all school choirs for the pledge of allegiance to the flag and the singing of the Star Spangled Banner to climax the pageantry of the many peoples who go to make up America.

Dawes expressed the hope that parents would cooperate in not only costumeing the children but that they would have them at the mass and dress rehearsals.

More Than 2,000 Ships Sunk In War

NEW YORK, Oct. 23 (AP)—With 19 ships known to have been sunk since last Saturday, the number of vessels lost in the war has passed the 2,000 mark, Associated Press records revealed today.

The records, verified from a writer-of claims and counter-claims, showed that 31 nations have lost 2,004 vessels—an average of about 2 1/2 ships a day—for a total merchant and naval tonnage of 7,548,594.

Accompanying this high toll is the total of 18,106 lives lost and 9,318 persons missing.

DeGaulle Calls For Strike In France

LONDON, Oct. 23 (AP)—Gen. Charles De Gaulle, leader of the Free French, in a broadcast tonight called upon all France for a five-minute folded-arms demonstration—"an immense national strike"—as a protest against the 50-for-one reprisal killings of ranch hostages.

He set the time for the demonstration for 4 p. m. (9 a. m. CST) next Friday.
