### SCOUT LEADER IS SPEAKER AT SUNDAY SERVICE

In observance of the 37th anniversary of the founding of the Boy Scouts of America, a program attended by the Boy Scouts and Girl Scouts, with Field Executive Jack Hodges of San Angelo, as principal speaker, was held at the Methodist Church Sunday morning at 11:00.

Miss Mae Ellington was pianist for the program, and E. H. Topliffe introduced the mistress of ceremonies, Mrs. J. F. Runge, and the First Baptist Church at San an organization of waterworks and Scouts, Boy Scouts and Brownies, and relatives of the young people.

The program included songs, Boy Scout oath, Brownie Promise, Scout Promise, history of Scouting by Mrs. Runge, and prayer by Archie Wright.

Jimmie Dell Williams and Letha Mae Adams, members of the Brownies, distributed the programs, and John Thomas and Bubba Alexander were ushers for the service.

Using as his theme "Stewardship of Service," Jack Hodges opened his address by highlighting the history of Scouting. Stressing the fact that the human element is of great importance, he pointed out Jesus' addition of kindness and gentleness to the old Hebrew concept of a God of wrath. Using Biblical references, he described Jesus as physically strong, devoted to Joseph, and appreciative of the outdoors.

Stressing service as the Scout's supreme task, Mr. Hodges mentioned the debt which the member owes to his predecessors-a debt which a youth can repay only through well-planned stewardship in service today, service which will prepare the way for those who will follow in his footsteps. The speaker closed his addrress with the prayer that "the Master of all Scouts will be with us till we meet again."

History of Scouting

The Scout movement originated in England 39 years ago, Lord Baden-Powell having founded the organization in 1908. Because of its appeal to youth, it spread rapidly to other countries, and in 1910 the first troops were organiz- Local Exhibitors To ed in the United States.

started several games this season. Orr and McClure, stellar Big Now General Mgr. Lake forwards, who have kept their team out in front all year, were completely strangled by the Eagle defense. For example: In the last game against Eldorado which Big Lake won 27-25, Orr and McClure scored 22 of the 27 points. Tonight Freshman Rhea held McClure score less while scoring 4 points himself, while McAngus held Orr to 4 points and scored 11 points himself. Orr and McClure were benched early in the fourth quarter as Coach Black desperately sent in his substitute to stem the Eagle attack.

The score at the end of the first quarter was 10-0 in favor of Eldorado; at the half 19-11; at the end of the third quarter 28-14; and the final score was 36-20.

In a B game, the Owls toppled the fledgling Eagles 23-21. Wade of Eldorado hit the basket for 12 points, Sudduth for 6, and Baker for 2. The Eaglets were able to

hit only 4 out of 19 free throws. Ozona and Big Lake must play competition.

### Montana Resident **Describes Blizzards**

Frozen sheep pulled from a ravine by a bulldozer, and temperatures ranging from 40 degrees above to 20 degrees below in a matter of a few hours, are only a few of the discomforts experienced by Montanaoans in the worst blizzard that state has seen in many

Edwin Johnson, son of Mr. and Mrs. Tom Johnson, who has been a resident of Cutbank, Montana, for 13 years, writes his parents that the blizzard began its onslaught at 9:00 a. m. with rainat 10 it was snowing-at 11, sleeting and hailing-at 11:30 the sun was shining with temperature 40 degrees above, and that by 3:30 p. m., the thermometer had fallen to 20 degrees below. The temperature changed so fast from 40 above that you could see the mercury drop—and it was ground hog day

He reports that one ranchman found his sheep at the bottom of a ravine buried in the snow. A bulldozer was required in pulling the sheep from the hole, and the only way they could be found was by two holes made in the snow by their nostrils in breathing. In this manner, the sheep were located one by one, pulled from the ravine, and those still alive taken to shelter to e revived.

Probably Eldorado even on its coldest days would look good to this former Schleicher County resident, who has called Montana his home for 13 years. However, he likes living there very much, and says that his children never have a cold, and that they enjoy ice skating much of the time. His parents and friends enjoy hearing these interesting bits of news from Johnson, who is well known to many here, and who until graduation from the local school, lived in this county.

## MANY CASES OF MUMPS REPORTED IN THE STATE Austin, Feb. 12.—During the

past few weeks there has been a general increase in the incidence of mumps throughout the State. There have been 1750 cases reported since January 1, compared with only cases during the same period last year, according to Dr. Geo. W. Cox, state health officer.

Though mumps is one of the common childhood diseases, serious complications may develop, so children should be protected as much as possible from this disease. The usual control procedures such as avoidance of crowds, exclusion from school of all cases or suspected cases and quarantine should be followed. The family physician should always be consulted where

a case occurs. The most easily recognizable characteristic symptom of mumps is a painful swelling of the salivary glands. Sometimes there is an involvement of other portions of the body causing disturbances in the digestive, nervous, circulatory, and genito-urinary systems. The disease is usually accompanied by a temperature rise which more often

than not is mild.

The patient suffering fith this disease should be isolated from other members of the family immediately upon the suspicion that mumps exists, and the family physician should be called promptly, Dr. Cox advises.

Lloyd Spurgers, who has been employed in San Angelo for the past few weeks has returned home.

Geo. Williams had an appendix operation at San Antonio Saturday and is reported to be doing well.

Mr. and Mrs. Charlie Trigg, who have the Ford agency here, have rented the Jimmie West house and are now at home there. Their furniture is expected to arrive soon from Dallas where they formerly

Mr. and Mrs. H. M. Stephenson and son Mackie of Menard were week end visitors in the home of Mrs. Stephenson's mother, Mrs. Rutha Boyer and other relatives.

Mother's condition is much im-On Methodist Hour

Bishop Ivan Lee Holt, internationally known leader of American Protestantism, scholar, author and preacher, speaks on the Methodist Hour Sunday morning, February

Mother's condition is much improved; therefore I am now ready to resume my dental practice. I will appreciate continued patronage of former patients and shall welcome new patients.—Dr. N. Isaacs, 3rd block east of courthouse. 3tpd.

Mrs. Dan Adams returned home last Saturday from a three weeks dent of the Federal Council of trip to various places in Old Mexi-Churches and is chairman of the co. She reports a very interesting executive committee of Ecumenical trip, having seen many beautiful Methodist Council, which is plan-sights, and states that she especining for a world wide meeting to ally enjoyed seeing the many beaube held in Springfield, Mass, in tiful churches with their large amount of gold used in decorations. She especially enjoyed seeing Mex-

Mrs. Brodie hits the roof!

No, no, this isn't a new Atom Bomb! It's merely Mrs. Brodie, after a quiet family conference with Mr. Brodie. Mr. B. made a few sharp remarks about their family budget.

Naturally, Mrs. Brodie hit the roof! And, like the cost of living, her temper kept right on going up and UP!

On the other hand, the cost of electricity, like Mr. Brodie's popularity at home, is going down and DOWN!

The Brodies (and you, too, if yours is an average family) get plenty of electricity for every budget dollar-more than twice as much as 20 years ago!

This domestic bargain took plenty of practical planning and technical skill on the part of your friends and neighbors in this company, under sound business management.

## Washington News Letter By Cong. O. C. Fisher

The House last week, by a vote of 285 to 121 passed a resolution by the required two-thirds to submit a constitutional amendment to imit the tenure of the President to two four-year terms. I voted for he measure in the belief it is a matter of such importance and of so much public interest that the question should be passed upon by the state legislatures. The proposal now goes to the Senate where, if approved by a two-thirds vote of the members present, it will be submitted to the states. Our Constitution requires that at least 3fourths of the states ratify the amendment before it is adopted. If the Senate concurs, this will be the first Constitutional Amendment submitted since I came to Congress

four years ago.
Wool Tariff — Last week I appeared before the Committee on Reciprocity Information and expressed my opposition to any reduction in the present tariff on wool. These hearings have been going on for several weeks and are preliminary to negotiations for reciprocal trade agreements with a number of countries and deal with a vast number of agricultural pro-

ducts, including wool. In my testimony I pointed out that certain segments of American agriculture may suffer unjustifi-ably from trade agreements that fail to give adequate consideration to the needs and rights of American

At this time there is a world stockpile of apparel wool of approximately five billion pounds. A major portion of that is controlled by a British state monopoly, which can and does virtually control the market price the domestic grower gets for his wool in this country. The domestic grower is therefore at a decided disadvantage in competing with the highly subsidized monopoly controlled stockpile.

Tariff serves as an equalizer period of the stockpile of the stockpile.

tween our own cost of production and that of other countries. We compete with countries where labor and other costs of production are only about a third of our own and where standards of living are much lower. It is the prosperity of our markets that enables us to be the largest consumers of imported products and therefore the world's best customers of imported goods. We should try to maintain that prosperous market by giving stability and security to the wool industry.

If the present tariff rate of 34 cents per pound, scoured basis, is lowered it will mean a corresponding decrease in the price the producer can normally expect to get for the wool he produces. As it is, foreign competitors can produce wool, transport it, pay the tariff and yet sell it on our markets at or under our cost of production. It was for these reasons that I urged the Committee not to consider lowering the tariff rate but rather to consider raising it a few cents. While other agricultural products get various forms of government support, the wool grower gets no government help-except for the temporary purchase program— other than that which is afforded by the tariff. It would be disastrous to the domestic grower for it to be materially reduced.

Roy McGinnes is working for several days on the Tom Henderson ranch while Henderson is on a ousiness trip.

Mr. and Mrs. Asa P. Matteson of Detroit, Mich., were week end guests in the home of Mr. and Mrs. E. H. Coulter. The Mattesons are making a tour of the state.

The Girl Scouts are working on benches and seats to be used in their rooms at the Methodist Church where they are now meeting.

Jack Hodges, Scout executive of San Angelo, who was speaker at the Scout service here Sunday, was a dinner guest in the home of Mr. and Mrs. E. H. Topliffe.

Mrs. Luke Thompson will leave Friday for an indefinite visit with ner son-in-law and daughter, Mr. and Mrs. Elmer C. Peters at Oconmowoc, Wisconsin.

Mrs. Kana Gebhard of Ft. Worth has been visiting her niece, Mrs. Clyde Keeney recently.

B. K. Cheek, who has been ill in San Angelo hospital for the past two weeks, is reported to be doing

Mrs. Bertha Shugart and Mrs. Ben Isaacs left last Friday for the forrmer's home in Dallas where Mrs. Isaacs will spend about month visiting with Mrs. Shugart and other relatives. Mrs. Shugart has been here for the past two months visiting in the home of her son, Jack Shugart and family.
