NUMBER 24

BIDS ADVERTISED FOR LAST STRETCH OF MENARD ROAD

An important step in what should result in closing the last gap in the Eldorado-Menard highway has been taken with publication in this week's Success of contractor's notice for sealed bids, for construction of 14.858 miles of road starting 14.5 miles east of Eldorado and proceeding to the Menard County line. R. N. Jennings, resident engineer of Menard, was in Eldorado Monday making arrangements for publication of the notice.

The new strip would close the road to Menard. The highway is now practically completed in Menard County from Menard west to the county line, and is under construction and due to be completed on the 16 mile strip east from Eldorado by fall. The east lap is now up for bid, which will probably mean completion of the entire road next year. Bids will be opened and read June 25 in the state highway department's office at Austin.

Interested ranchers of Schleicher and Menard counties, and other motorists who use the highways are jubilant over proposed closing of the last gap in the route to Houston. Also, little remains to be done on the highway route to Ft. Worth, the cattle center of the state, except closing of a Mason-Llano gap, due to receive attention in the immediate future.

PETTY WORKERS BACK ON JOB IN SCHLEICHER CO.

Petty Geophysical arrived back in Schleicher County in full force during the weekend, and are out on the job in Schleicher County, and south of Sonora and south of Ozona. Included with the thirty-four who had been working until recently at Canadian are several new employees, and of these thirty-four, about thirty moved into Eldorado recently. The crew had gone to Canadian when the lambing season started in this county and expect to stay here until early next spring.

The Petty office is located upstairs in the old Robinson store building. Many of the married employees retained their apartments when they left the county, but the majority of the crew are single men.

Among the company officials on the job are Bill Holman, party chief; C. F. Wishart, field manager; Douglas Woods, a new computer; Harlan Graves, permit manager and draftsman; V. D. Viterbo and David Pedigo, new office workers.

NEW WILDCAT ON TISDALE'S IS SPURRED IN

A start has already been made on Schleicher County's new wildcat, 3 1/2 miles east of Eldorado on the Tisdale ranch, the spudder having reached required depth in preparation for moving in of the rotary.

The test is L. W. Elliott trustee No. 2 V. G. Tisdale 660 feet SE Sec. 16-A-HE & WT.

It is located about 1 1/2 miles from the old test which has not been completed (660 S & 660 E of N & W lines, Sec. 16, block A, HE & WT Railroad Co.). Contract depth is 6,000 feet.

The location is reached by car, by using the gate and road to the first Tisdale test and following the pasture road, which is one of the old routes to the Mayer Community.

CHURCH OF CHRIST

Rock Building

Preaching 11 a. m. and 5 p. m.
Come and bring your children for they will be the church of tomorrow.
Kenneth Arrington, Minister.

Mr. and Mrs. Victor Sauer had as guests in their home Monday, Mrs. Sauer's mother, Mrs. J. J. Castello, her sister, Mrs. Curtis Eisenbach and son, Gary, and Mrs. Marvin Hall, Jr., and daughters, Jackie and Kathy, all of San Angelo.

Mr. and Mrs. Chester Burk of Pampa have been visiting this week in the homes of the former's brothers, Lum and A. J. Burk and families. While here, the guests enjoyed a fishing trip to the Lake.

BAPTIST HOUR SPEAKER

With Dr. W. S. Allen of DeLand, Florida, as speaker, the Baptist Hour next Sunday, June 15, will feature Christian Education as a contributing factor in evangelizing the world, as announced by the Radio Commission, Southern Baptist Convention, S. F. Lowe, Director, Atlanta, Georgia, Dr. Allen, a layman and formerly dean of Baylor University, Waco, is President of John B. Stetson University, of DeLand, Florida. Mr. Lowe further stated that when education is the handmaid of Christianity it is always a power in extending the kingdom of God.

The Baptist Hour may be heard over radio stations WFAA, Dallas and WOAI, San Antonio at 7:30 a. m.; and over KCRS, Midland at 7:30 a. m. the following Sunday.

CARROLL WHITE COMMISSIONER PRECINCT THREE

Carroll White was selected by the Commissioners Court as commissioner of Precinct 3, to take the place of the late Pat Martin, whose term was to have expired in January 1949. White was chosen and sworn in at the regular meeting of the Court Monday after his tentative selection from a list submitted at a call meeting on the previous Monday.

To pay tribute to the memory of the late Pat Martin, commissioner from Jan. 16, 1935 to the time of his death, the Court voted that a resolution of respect to his memory and sympathy for the family be passed and a copy placed on the record for permanent keeping.

The question of roads in Schleicher County was again raised, and it was decided that as soon as equipment is available, the bus and mail route to Reynolds be completed. It was also decided to hasten topping of about 2 miles of Station A road, which is the only stretch on this highway not completed. Delay in arrival of new machinery has slowed down the road work in Schleicher County.

FIRST BAPTIST CHURCH VACATION BIBLE SCHOOL

Our vacation school started Saturday afternoon with preparation day, with a parade and a picnic. There were fifty enrolled. Monday our schedule proper started with ninety present. By today, Wednesday, we have one hundred enrolled. The school is making progress in every way. We extend an invitation to every child in town to attend. The school will continue through Friday, June 20, and will close at 8:00 with the usual commencement exercises.

CONTROL OF PRAIRIE DOGS

There are many approved ways of killing prairie dogs. The choice is decided upon by the individual. Here are some of the approved ways of exterminating the prairie dogs and ground squirrels.

1. Poison maize may be put into the hole or den or a near distance around. About a good heaping tablespoon to the hole is sufficient.

2. By the use of Hi-Life. Use refuse soaked in Hi-Life and throw into the hole. The hole may be covered for best results.

3. By using cyanide crystals. Throw a few cyanide crystals into the hole. The crystals, when coming in contact with the air, forms a deadly gas.

4. By attaching a rubber hose to the exhaust pipe of your car and putting the hose in the hole. The carburetor of the motor used should be a rich mixture to give off excessive carbon monoxide gas.

When a dog town covers several acres, probably the most feasible and economical plan would be to use the poison maize or oats. The type of maize used by the Rodent Control Service is a large soft northern variety, which readily absorbs the poison. The oats are ground and are excellent for this purpose.

After going over the dog town and putting a good tablespoon of maize or oats in each hole, should there be dogs left, it is highly recommended to use refuse soaked with Hi-Life. The cyanide crystals or carbon monoxide treatment may be used.

A combination of methods described above requires less labor and expense to eliminate the prairie dog 100%.

County Agent

BOARD ELECTS 4 NEW TEACHERS FOR NEXT YEAR

Only two vacancies now exist on the Eldorado school faculty as a result of board elections Monday night, which resulted in hiring of four new teachers.

Succeeding Ernest Sutherland as head coach is Wilburn Curnutt, 27, who received his BS, and will receive his Master's degree in August at NTSC, Denton. He was in service several years before returning to North Texas. While in college he lettered in football three years, and was all-conference guard, and also played football while he was in service. His high school work was completed at Canadian. He comes to Eldorado with excellent recommendations.

Mr. Curnutt's wife, Mrs. Angelina Curnutt, will be the girls' physical education teacher. She was graduated from Albany high school, received her BS from NTSC in 1943, with a major in physical education, and has taught physical education four years—in NT, in Pampa, and during the past year in Dallas.

Herman H. Hopkins of Krum will be assistant football coach and head basketball coach. A graduate of Krum high school, he attended Texas A&I at Kingsville and later NTSC at Denton, returning this year to NT to receive his degree in June after two years' military service. He lettered four years in basketball at NT and this year was captain of the basketball team. An honor student, he made all A's and B's in his college work in spite of heavy extra-curricular schedule and has excellent recommendations from the college.

To succeed Mrs. Coleman as home economics teacher, the board elected Mariellen Pepper to teach home ec in the local schools. A graduate of Sweetwater high school she received her BS and her Smith Hughes certificate this spring, when she was graduated from North Texas State College, Denton. Remaining vacancies are public school music and Spanish. Other teachers will remain on the job, unless unexpected resignations are turned in.

Building Improvements

The board authorized employment of Clyde Bauguss and Leo Wells (succeeding Geo. Fry, who resigned) as janitors through the summer months, to carry out improvements in buildings and grounds. Both teacherages will be painted and sewer connections will be made, booths and box at the football field will be painted, the interior of the elementary school will be re-decorated, the gym roof repaired, and other minor repairs made. The home ec girls are renovating the girls' rest room as a summer project.

Following grading of the school grounds and addition of a coating of soil while city paving was in progress, seeding of the school grounds is now underway as a summer project. Clyde Bauguss, on the job as janitor during the summer months, is working on the grounds around the high school in an attempt to start more Bermuda before the new school year opens.

New Bus Arrives

A new school bus for the Eldorado schools, largest of the five which will serve the county as media of transportation next year, was delivered in Eldorado Friday. The bus is a Chevrolet with Wayne body, and carries 66 passengers. It will be used on one of the regular runs next fall, possibly the Bailey Ranch run, although the routes will not be re-worked and busses re-assigned to districts until the late summer, when a definite schedule will be announced.

The new activity bus, ordered last year, has not yet been delivered. It will be the last bus needed at this time, and will be used only for purposes other than regular transportation.

As a storage barn for the five school busses, the old barn at the ball park has been worked over and is in use as a garage for the busses during the summer months.

Mr. and Mrs. Lewis Whitten and Eldred Roach went to Ft. Worth Tuesday to visit with Sonny Noelke who is ill in the hospital there.

ICE — On the dock or delivered, milk, cigarettes and candy; fresh yard eggs. — Eldorado Ice House, Mr. and Mrs. C. N. Shaw.

SCHOOL BOARD OF EQUALIZATION TO UP VALUATIONS

To meet mounting costs of operation of the schools, practically every property owner in Schleicher County will have to dig a little deeper into his jeans when he pays his taxes next fall! This was the decision of the Board of Education of the local schools, when they announced this week the appointment of a board of equalization, composed of Ervin Mund, Forrest Runge and L. D. Ochsner.

The board will work out new valuations, smooth out inequalities where this is possible, and attempt by fair and impartial study of the property, in town and county, to place a taxable value upon it.

If the taxpayer asks why this increase is necessary, the board has all the answers down in figures — to cite one instance: in 1938 the average grade school teacher received \$945 and next year will get around \$2200 up. Yet the 1938 and 1946 taxes were based on the same valuations!

Only increased per capita apportionment made it possible for the school to stay out of the red during the war years.

All salary and maintenance costs have been rapidly rising. Higher state per capita payments next year will help, the board members point out, but will not fulfill the 1947-8 budget needs. More money will have to be raised thru raising property evaluations.

LUKE ROBINSON WILDCAT TEST LOCATION STAKED

Location was made Monday for a wildcat oil test on the Luke Robinson place, to be drilled to Flinburg by Chapman and McFarland. The location is on part of Cities Service block, 660 feet E and 660 feet south of line, SE quarter, Sec. 49, block I.

BASEBALL TEAM LOSES

The Eldorado Baseball team lost to the Bronte boys in last Sunday's game with a score of 10 to 1. Roy Martin made the only score in the first inning. The longest hit, a three base hit, was made by Card of Bronte. Bon Spoons was pitcher for the opposing team, and Eldorado's pitchers included Kenneth Love, Jack Griffin and Bob Faught. Next Sunday—Robert Lee at Robert Lee.

LIONS' CLUB MEETING

E. L. Jones, general manager of the San Angelo Telephone Company, was introduced as guest at the regular meeting of the Lions' Club at the Eldo Hotel Wednesday noon. Jones told the Lions that the dial exchange for Eldorado was in the hands of the manufacturer in Ohio, who have announced delivery for as early as next October. Installation may be completed by the early part of 1948. Lions Patterson, McIntosh, McLaughlin, Bill Gunstead and Jimmy West had visited Mr. Jones at San Angelo Tuesday afternoon to inquire about the progress of the dial system.

Also discussed at the meeting were the installation of officers and ladies' night planned for July 1; the Station A road, and the Sunday afternoon ball games.

Lion Reynolds announced that the school activity bus, ordered by the Lions' Club, was now ready for delivery from Ohio.

Secretary Patterson presented the Senior Master Key award to Lion Ernest Finnigan.

Mary Nell Roach of Houston is visiting with her father, Eldred Roach, and her grand parents, Mr. and Mrs. A. J. Roach. Her sister, Eddie Gail, underwent a tonsillectomy last week, and will come to Eldorado later for a visit.

Frankie Thompson, a member of this year's graduating class, has entered Baylor University for the summer session. She was accompanied to Waco by her mother, Mrs. Jess Thompson, and her sister, Mary.

Mrs. Hugh Harzke of Ft. Stockton is visiting here with relatives. Mr. and Mrs. Seth Ramsey of Ft. Stockton spent the night recently with the former's mother, Mrs. J. D. Ramsey. They were en route to Temple where Mrs. Seth Ramsey is to go through the clinic.

INJURED IN ACCIDENT

Mrs. W. E. Turnbow of Eldorado and her mother, Mrs. West Pool of Girvin, were injured in a car accident at Girvin last week end, when a car ran into the car in which they were riding, causing the gas tank to explode. Both women were burned about the hands, and Mrs. Pool received facial burns. The depot agent at Girvin, who was driving the car, received severe burns. The women were hospitalized for one night.

W. E. (Smokey) Turnbow went to Girvin Sunday and found their condition improved. A son, Landon, returned home with him Monday, and Mrs. Turnbow and their daughter, Janelle, remained there for awhile.

Mrs. Pool is also the mother of Mrs. E. T. Turnbow of this place.

The school will continue through this week. Mrs. Matthews, wife of the pastor, is assisting part of the time in addition to those mentioned above. Mrs. Archie Mittel has been prevented from working in the school, because of illness.

De Longs to Present Organ to Church

Mr. and Mrs. D. E. DeLong and family have presented the Methodist Church with a Hammond Electric Organ in memory of their son and brother, Lt. D. E. DeLong, Jr. An order for the instrument has already been placed, and delivery is expected in a few months, it is thought.

Herrin Ramsey spent the weekend with his mother, Mrs. J. D. Ramsey.

Mrs. F. B. Calcote led the Bible Study when the W.M.U. met Monday afternoon at the First Baptist Church with about 15 members present.

Seventeen Boy Scouts, accompanied by their leader, B. F. Blaylock, will leave Sunday for Camp Fawcett near Uvalde. The return trip will be made, Saturday, June 21.

Mrs. Lillie Steigler of Ft. Worth has returned home after spending last week in the home of her cousin, Mrs. Leslie Galbreath and family.

Mrs. Mabel Parker and son, Howard, and Miss Ava Lee Tubb of Robert Lee left Wednesday for a two-weeks visit in Festus, Mo. with Mrs. Dorothy Tubb, wife of the late Frank M. Tubb, nephew of Mrs. Parker. While there, they expect to attend the Grand Opera in St. Louis.

Sessions Self-starting electric clocks, choice of kitchen or table styles. Bargain at \$4.95 at Cameron's.

Mr. and Mrs. Wesley Farrington, of McCamey have been spending a two-weeks vacation at the home of the former's parents, Mr. and Mrs. Floyd Farrington. Other guests in the Farrington home for the week end included Miss Lolita Farrington of San Angelo and Mrs. Ira McDonald of Bailey Ranch.

Mr. and Mrs. E. C. Peters and daughter, Kay Frances of Oconomowoc, Wis., arrived in San Angelo Saturday night and came on to Eldorado Monday for a visit with Mrs. Peter's mother, Mrs. Luke Thompson, and friends here. The family expect to make their home in San Angelo.

Kenneth and Ronald Kinnamon accompanied their grandmother, Mrs. Bert Page home from Dallas Monday, and will visit for awhile here with their grandparents, Mrs. Kinnamon and new daughter, Judith, are reported to be getting along nicely.

Wilson Page has returned to summer school at SMU, Dallas.

Miss Mary Hoover will return to San Antonio Saturday after spending a week here with her parents, Mr. and Mrs. L. M. Hoover.

Mrs. J. T. Ottaberry left Tuesday for Uvalde to visit relatives.

ROPERS SPONSOR BIG HORSE RACES HERE ON JUNE 21

The Eldorado Roping Club have branched out into another field of activities with announcement of matched pony races here Saturday, June 21, at 3:00 o'clock.

A big feature of the program will be a 300 yard race between Horace Linthicum's Miss Mary and Sam Henderson's Miss Dutch. Of interest also will be a race between Nig Britton's and A. G. Clark's horses, and Norman Benson's and Tom McGill's horses. There will be roping events, ladies' barrel races and other events.

SAFETY MEETING HELD AT SHELL STATION

Tod Goraski, of the U. S. Bureau of Mines, was guest speaker at the Shell Safety meeting last Thursday evening at the local Shell station. Representatives were present from Big Lake, Menard and Eldorado.

Forrest Underwood, Shell Safety Engineer from the Houston office, was in charge of the program.

Following a barbecue supper, Mr. Goraski gave an hour and fifteen minute demonstration and talk on the danger of combustion in using combustible gases and other fuels. He especially stressed the danger in using gasoline in dry cleaning and urged the use of commercial cleaners. "Empty containers are even more dangerous than full ones with more likelihood of combustion," he stated. Mr. Goraski gave many interesting points in how to prevent combustion, and other safety measures.

Mr. Underwood presented several awards including safe driving cards. R. H. Woody of Menard received his second billfold for having completed his tenth year of safe driving. A billfold is presented Shell employees for each fifth year of safe driving.

There were 54 present for the meeting and out of town members and their families were Mr. and Mrs. R. H. Woody and daughter, Wanda; Mr. and Mrs. John Dollar and two sons, and N. D. Cooper of Menard; Mr. and Mrs. L. L. Arnold of Big Lake; Mr. and Mrs. Floyd Spurgers and baby, and Joe Wagley, of Eldorado, guests and the two men mentioned above.

ROADSIDE PARK IS RENOVATED

Complete renovation of the roadside park north of town is underway as a phase of highway construction and improvement in this locality. Some of the trees have been cut away, grounds have been worked, raked and cleaned, and a new road through the park built and surfaced. Old benches and tables have been removed, to be replaced by rock and cement furnishings. Each of the three table and bench units will have its own cooking facilities, and a fourth such unit will be added in a shady spot at the north entrance to the park.

The roadside park has been used extensively since it was built in the WPA era. Spicing picnic parties often stop there, and numerous groups from this county have used the spot for picnics and family and group outings.

In renovating the park, the rock wall with its two gates and the old stone pit will not be changed.

Smaller roadside picnic spots have been provided for motorists in several places between Sonora and San Angelo.

Mr. and Mrs. Ralph Tisdale of Eden spent Wednesday night in the home of Mr. and Mrs. V. G. Tisdale, and the two couples left today (Thursday) to attend the Colt Show at Del Rio. They plan to be away about a week.

Mr. and Mrs. T. R. Spence of College Station spent Saturday night and Sunday at their ranch and visited with relatives. They are having a new house built on the ranch east of town.

Mrs. J. T. Crews, Jr. and two daughters of Mertzon visited last week with Mrs. Crews' brother-in-law and sister, Mr. and Mrs. Charlie Trigg, and Carol Crews remained for a visit with her aunt.

All A Band students are urged to be present at the Band Hall Monday, June 23 at 8:00 o'clock in order to have measurements made for new suits.

LEGAL NOTICE

Senate Joint Resolution No. 4

Proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED by the Legislature of the State of Texas:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney

General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17028
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75551
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwest State Teachers College	6.78474
Stephen F. Austin State Teachers College	4.55414
Sul Ross State Teachers College	2.15315
West Texas State Teachers College	5.41643
Prairie View Agricultural and Mechanical College of Tex.	5.34416

"Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

Meet the boss!

MEET BABS BROWN, the Boss. We don't mean Mister Brown's boss, either. We mean our boss—and a very nice one, too.

Sound odd to you? Well, it isn't. It's a solid fact that your electric light and power company is owned by a lot of people like Babs Brown—and Bob Brown—yes, and yourself.

Housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen—people from all walks of life have put some of their savings into electric companies such as ours. They're the **direct** owners.

But there are countless **indirect** owners, too—and many of them have no idea of their stake in the electric industry. They are the people who have savings accounts or life insurance policies—and that means nearly everybody. It works like this: When banks and insurance companies accept your money they must invest it safely, wisely. And because **business**-managed electric companies have a long record of faithful public service, much of this money is invested in utility companies on physical property installed and dedicated to the public's service. So you, too, are probably one of our bosses.

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood keepers of the flame..."

Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

MRS. HAYS PRESENTS PUPILS IN RECITAL

An interested and appreciative audience attended the piano recital presented by piano pupils of Mrs. J. M. Hays, Friday afternoon, at the First Baptist Church. Tall baskets of summer flowers were used as decorations for the occasion.

The result of training and practice was shown by the eleven pupils each of who played a group of selections with ease and remarkable poise, from the oldest to the tiniest, a preschool student.

MRS. SPARKS DIES

Funeral services for Mrs. Julia Sparks, 76, were held Sunday at 3:00 p. m. from the Newby-Davis Chapel in Ballinger with the Rev. C. R. Dunway, pastor of the Four-square Gospel Church, officiating. Interment was in the Ballinger cemetery.

Mrs. Sparks died at 4:00 p. m. Friday at the home of a daughter, Mrs. R. H. Damron in Eldorado. She had been in ill health for some time.

Mrs. Sparks was born June 27, 1870, in Athens, Tennessee. She moved to Runnels County from Ellis County in 1922, and made her home there until coming to Eldorado in 1943.

Survivors include four sons, W. A. of Ballinger, Lem and Orville of Beeville, and Ed of Dallas; four daughters, Mrs. Damron of Eldorado; Mrs. Albert Henson of Abilene, Mrs. Bill Whitt of Waxahachie, and Mrs. J. W. Borders of Maverick; one brother, eighteen grandchildren, and four great-grandchildren.

Mrs. J. J. Kirkpatrick, who has been visiting in the home of her brother, S. D. Harper and family, returned to her home at Santa Anna Monday. She was accompanied there by Mr. and Mrs. D. E. DeLong, who remained for a short visit while Mr. DeLong underwent medical examination at the hospital there. They are expected home today (Thursday).

S. D. Harper made a business trip to Ft. Worth this week.

He's Taken the Mortgage Out of Her Budget

Home is more than a house and lot to these people. It represents an investment... security... the right neighborhood... good schools and transportation. It is the foundation of family happiness. So, he has taken the mortgage out of her budget, with Southwestern Life Insurance. He will pay the mortgage if he lives; Southwestern Life Insurance will pay it if he doesn't.

More than that: his Southwestern Life Insurance will give his wife a monthly income, enabling her to live in the future as she now lives—comfortably.

What about your home? It's the place where you want your wife to live—that home of yours... the neighborhood where you want your youngsters to grow up. But could they continue to live there, if you were taken out of the picture? You and your wife both signed the mortgage on your home, and the mortgagee will look to her for completion of the payments when you're gone. Have you made it possible for her to meet those payments in full?

Southwestern Life Insurance offers a certain, easy method of solving that problem. Through it, you can leave your family a debt-free home, and take the mortgage out of their budget. You can pay for it on convenient terms, monthly, quarterly or annually. Without obligation, ask for an analysis of your family's home protection needs today. The low cost of the plan will please you.

WIEDENMANN'S ARE HONORED WITH SHOWER

Mr and Mrs. Dwight Wiedenmann were honored when Mrs. Arthur Mund, Mrs. Lewis Ballew, Misses Charlene Edmiston, Patsy Ballew and Jerry Blaylock, assisted by members of the WSCS, entertained with a gift tea Saturday afternoon in the reception rooms of the Methodist Church.

Pastel flowers including roses, daisies, larkspur and carnations were used in decorating the room, and the lace covered table was centered with a large bubble bowl filled with roses and carnations and flanked by tall white tapers. At one end stood the punch bowl and at the other, the open book bridal cake iced in white and decorated with pink roses and leaves and bearing the names "Joy and Dwight." Pink and blue napkins were also engraved with the honorees' names.

Alternating at the punch and cake service were Mrs. Lee Patrick of Sonora, aunt of the bride, and Miss Mildred Mund of Beeville for the first hour; and Mrs. J. L. Neill and Mrs. J. B. Montgomery for the second hour.

Assisting the honorees in receiving guests were the bride's mother, Mrs. Ralph McMillan, her aunt, Mrs. Charles Fuller of Brady, the bridegroom's grandmother, Mrs. F. E. Huffman, and Mrs. Mund.

Miss Charlene Edmiston presided at the guest register. The book, made by Miss Edmiston, was decorated with handpainted bluebirds and roses, with the name "Joy" outlined in blue satin.

Miss Frankie Thompson played piano selections during the tea hour and the program included four songs, "In My Adobe Hacienda," "Anniversary Song," "Always," and "It Had to be You" by Misses Vera Faye Biggs, Patsy Ballew and Thompson; a reading, "The Bride's First Shopping Expedition," by Mrs. W. L. WeWhorter, Jr., and a song, "Got a Brand New Girl," by Riedale West, accompanied by Mrs. S. D. Harper. The music and lyric for the song were written by Miss Allene Nibling of San Angelo.

Approximately 100 guests called during the afternoon.

LATIN AMERICAN SCHOOL TEACHERS AT HOME

Teachers of the Latin American school plan a quiet summer at home with their families. Mrs. W. M. Davis, principal, who resides on a farm near town with husband and son, will take a special correspondence course in health, and the rest of the time will be spent in gardening, canning and other home tasks.

Mrs. C. H. McFarland and her husband will go to Christoval for the summer, and Mrs. J. B. Montgomery will spend the vacation months on the ranch with her husband and family.

PRESBYTERIAN AUX

"How Do I Affect Others" was the subject of the program when the Auxiliary met in circles Monday afternoon at the Presbyterian Church with eleven members present. Mrs. Joe Edens led the Bible study and Mrs. J. A. Griffin gave the survey article from the Auxiliary magazine.

In the business meeting, wallpaper was selected for the Manse which is being redecorated, and the two circles voted to assist with some repair and remodeling work in the basement of the church. Mrs. R. A. King served refreshments to those present.

MRS. DOYLE HONORED

Mrs. Claude Doyle of Sonora was honored on her birthday when her husband entertained with a picnic dinner last Sunday at the Junction City Park. As a surprise, Mrs. Doyle found three of her sisters and their families and a brother present for the occasion.

The honoree was presented with two birthday cakes with pink and blue decorations and centered with thirty-seven candles. She also received a number of nice gifts.

Those present were Mr and Mrs. R. H. Cooper Gives You 2 GREAT TIRES!

1. COOPER "ARMORED CORDS" FOR PASSENGER CARS

America's SUPER-SAFE tires! Each cord in tire's body sheathed or "armored" with live rubber to lessen friction and heat build-up—chief cause of premature tire failures. Thick, tough, cushioned treads... big, husky, bruise-resisting shoulders... smart, handsome, streamlined design. More safe, economical miles for you... when you drive on Cooper Armored Cord Tires!

2. COOPER DSC* TIRES FOR COMMERCIAL VEHICLES

Making sensational mileage records for leading commercial fleets and bus lines. Scientifically designed to distribute and lessen friction-and-heat-producing stresses in tire carcass. Built of heat-resisting rayon, Cooper DSCs are cooler-running, longer-running, safer-running truck tires... even under heaviest loads at high speeds!
