PRESIDENT RALPH C. PRICE

**JEFFERSON STANDARD'S  
PRESIDENT reports on  
42-year Record of Service  
to the Public**

"The aim of the life insurance business is to provide financial security. This is a service now given high public acceptance. In the Jefferson Standard, as in all other well managed companies, we carry with us in our daily operation a keen sense of fiduciary responsibility.

"The reports for the year tell the story of our work. The safety of policyholders funds, the extension of service to new fields, the development of new policy contracts, the over-all stability of Jefferson Standard should be a matter of great satisfaction to our policyholders.

**EXCELLENT EARNINGS ON INVESTMENTS**

For the twelfth consecutive year Jefferson Standard maintained its leadership among all major life insurance companies in rate of interest earned on invested assets.

**HIGHEST RATE OF INTEREST PAID**

In 1948 4% interest was paid on funds held in trust for policyholders and beneficiaries. Not since organization of the company in 1907 has Jefferson Standard paid less than 4%.

**STRONG FINANCIAL POSITION**

Assets increased \$21,287,625 in 1948—now total \$221,144,911. Surplus, capital, contingency reserves total \$26,200,000, an unusually high ratio of additional funds for protection of policyholders. For every \$100 of liabilities there are \$113.44 of assets.

**YEAR OF RECORD ACHIEVEMENT**

- (1) New sales largest in history—\$122,365,121.
- (2) Gain in insurance in force—\$73,223,754.
- (3) Insurance in force total now \$820,725,276.

**BENEFITS PAID**

\$9,273,819 paid to policyholders and beneficiaries in 1948. Total payments since organization—\$176,985,153.

**EXPANSION PROGRAM**

A 1948 highlight in Jefferson Standard's expansion was the opening of eight new branch offices: Albuquerque, Baton Rouge, Boise, Mobile, Montgomery, Portland (Ore.), Seattle and St. Louis.

**JEFFERSON FAMILY PROVIDER**

A new policy plan for preferred risks was made available to the public in 1948—low cost protection tuned to high cost of living needs.

### Mrs. Swinson Honored At Bridal Shower

Mrs. Johnny Swinson, the former "Tinsy" Spurgers, was honored at a bridal shower last Saturday afternoon in the reception room of the First Baptist Church.

Hostesses were Mmes. S. D. Harper, Carrol Ratliff, Fred Watson, Kenneth Cheek, Roy Davidson, E. W. Mund, L. M. Hoover, and Joab Campbell; and Misses Ebba Ann Finley, Joyce Ann Van Horn, Joyce Burk and Helen McGill.

A yellow and white color scheme was carried out in decorations and refreshments. The tea table was laid with a white linen cloth, centered with an arrangement of forsythia, pussy willow and other spring flowers, and flanked by yellow candles. The bride's cake was decorated in yellow and white, the icing forming a basket containing roses in the two colors. A number of bouquets of spring flowers were placed about the room.

Miss Ebba Ann Finley was at the bride's book. Miss Joyce Ann Van Horn served the cake and Miss Joyce Burk was at the tea service.

Miss Helen McGill was in charge of the program, which included songs by Miss Vera Faye Biggs and the high school sextet, and two readings by Mrs. Walter Roy Davidson.

Gifts were arranged in a large Easter basket, which was pulled into the room on a wagon and presented to the honoree by Lannie Spurgers. Mrs. Dwight Wiedemann assisted in opening the large number of gifts received.

### LIBRARY BOOKS

**BUY EASTER SEALS**

One small plea on behalf of thousands is made by two-year-old Gordon Strickland of Orange, Texas, who like 20,000 other handicapped youngsters in Texas, is receiving assistance made possible by the annual Easter Seal Sale of the Texas Society for Crippled Children. This year 1,000,000 Texans will receive sheets of the Easter Seals with the request that they buy and use them. The sale dates are March 21 through April 17.

By Congressman O. C. Fisher  
**The Angora Stamp**

I have been taking some good-natured (and some not so good-natured) ribbing about my bill to request the Postmaster General to issue a commemorative stamp on the 100th anniversary of the advent of the Angora goat in America. You see, the first Angora to set foot on American soil occurred in 1849.

It's amazing how uninformed people are regarding the Angora. Winifred Nelson, a writer, upon learning of my bill, came over to interview me about this strange animal! "Do goats actually have long whiskers?" she inquired at one point. Then I got my album of goat pictures out which Mr. Schreiner of Kerrville sent me four or five years ago. She could hardly believe her eyes when she beheld herds and close-ups of the Aristocrats of all American domesticated animals.

The other day I got a letter from Los Angeles, referring to the bill, and saying:

"Why not make a stamp in connection with the aged and blind?"

"You political parasites have been making them the goats for years..."

Another one in a less serious vein came from Jakey Lutz of Brooklyn, who wisecracked:

"Say, that's a hot one—a goat stamp. If you get away with it you'll be popular with the kids."

A man in Boston sent me a clipping about my bill, and also a clipping of a "Grin and Bear It" cartoon. The latter showed the rotund Senator Snort, with cigar and briefcase, inside the office of the "New Stamp Division" of the Postoffice Department, with the man behind the desk gently denying the Senator's request for a new stamp, in these words:

"I agree it would make a fine, inexpensive anniversary present for your wife, Senator—but we got too many new stamps already!"

Well, the newspapers have picked up the cry for a slow-down on commemorative stamps. Last year there were 39, which we will admit maybe was a bit too many. They commemorated nearly everything from the centennial of the American poultry industry to the Fort Bliss centennial. The Washington Star, commenting on the stamp fever and pending bills the other day, said in an editorial:

"One of the stickers demanded would glorify the trotter Hambletonian; another would advertise the centennial of the Angora Goat! (What I didn't like was the exclamation point.)"

But the pay-off came the other day when, in the House cloak room I saw my friend, Representative Tom Murray of Tennessee, chairman of the Committee to which my bill was referred. I said: "Tom I've got a little bill before your committee and I want you to help me on it. It's a little stamp bill." Murray said he'd be glad to look into it, that the committee is swamped with bills for stamps this year, maybe 60-odd pending; that the Postmaster General had asked him and the Chairman of the Senate committee to hold up action until a policy limiting the number can be worked out. He went on to say that some of the bills were good but that others were on the doubtful side. To illustrate his point, he added: "Some bird even introduced a bill to commemorate the goat!"

Mr. and Mrs. Jack Halbert, Jr. are the parents of a son born Tuesday night in a San Angelo hospital. Grandparents are Mr. and Mrs. J. A. Halbert and Mr. and Mrs. Bill Edmiston. The baby has two brothers, Robert Allen, 2, and Danny Jack, 1.

The infant, who weighed 5 pounds, 4 ounces at birth, has been taken out of an incubator where he was kept for four or five days. Mrs. Scherz and son are expected to come here for a visit when they leave the hospital, which will be the last of this week.

Edwin Jackson attended the Cattlemen's Convention in Houston March 22 through 24.

Ed Hill, J. T. Jackson, Marion and Bunk Wade and B. E. Moore went to Buchanan Dam this week end for some fishing, but the rain spoiled their trip and they returned home with no fish.

Bro. Travis Williamson and wife of San Angelo were in Eldorado Sunday, and Bro. Williamson conducted two services at the West Side Church of Christ. Dinner on the ground was served to the congregation at noon. The Williamsons were supper guests in the Eddie Peel home.

**DO YOU WANT... BIGGER EGGS**

**WHEN PRICES ARE HIGHEST?**

Good, BIG eggs in the fall and early winter are worth TWICE AS MUCH as eggs in late winter and spring. Purina Research tests show that Purina Growena raised birds 1 pound heavier at laying time than pullets on a poor growing feed. And the BIG pullets laid lots more big eggs!

Do you tell time by Baby?

At his feeding times, yes. He sounds off on the dot when a meal's due. But the rest of your day, you're wise to depend on electric clocks.

With a baby in the house, it's surprising how much you depend on electric service—to prepare and refrigerate his food, heat water for his bath and laundry, wash his clothes, and so on.

Of course, you depend on electricity to help take the work out of your housework, too. Always ready, it lends a willing hand with heavy chores, provides comfort, ease and even entertainment. And best of all, you can depend on its economy—for what other item in your budget does so much for so little?

Your friends and neighbors in this company—under sound business management—are continually using their technical skill and practical experience to keep electricity the biggest bargain in that budget of yours. You can depend on that, too!
