Uncle Sam To Be World's Biggest Landlord, Says Fisher

A new Federalized housing bill and a new long range agricultural measure scored in the news on Capitol Hill last week. With some difference in House and Senate versions of housing, the details of the proposed new housing law will not be known until a conference committee irons out the differences.

There are several certainties, however, about the future of housing, as the picture unfolds. First, Uncle Sam is due to become the world's biggest landlord. Secondly, regardless of claims of what the program will actually cost, the fact is that the Senate bill authorizes outright grants and contributions over a period of time of \$16 billion. In addition, a total of \$2,750,000,000 is authorized for loans.

Starting out as a move to relieve housing shortage, the sponsors of the federalized housing program finally abandoned the claim that any more houses will be built as a result of the legislation. They now attempt to justify the undertaking on a basis of providing subsidized low rentals for so-called low-income people. Most of this will, of course, be in the big cities.

Building during the past two years has been at capacity and no one claims now it can be stepped up by the new program. In fact, the cost of construction is expected to go up as a result. It was pointed out that despite the high cost of labor and material, in 1947 and 1948 private builders constructed 1,785,000 new homes, the greatest number of housing units in two years ever built in the history of the Nation.

Another fact regarding the housing program stands out. That is the virtual certainty that this will be only the beginning. Mr. Foley, the Housing administrator, testified that there are around six million people in need of the proposed low rentals. And since the present measure will take care of but a million of them, it is generally admitted privately that more and costlier demands will be forthcoming in the future. It all adds up to a trend that means less and less thought is being given by our leadership to the problem of a balanced budget and reduction of the national debt.

McGINNISSES TO LEAVE FOR GONZALES COUNTY

Mr. and Mrs. Roy McGinnis will leave soon for Gonzales County, where they will make their home with a bachelor brother of Mrs. McGinnis, on the family home place. They will live near Belmont, but their address will be route 5, Gonzales. Mr. McGinnis spent the past week there making arrangements for the couple to move.

Mr. Enos Hill, with whom they have been staying for some time, will continue to live at home for the time, and will keep his roomer, Norman Faught, who has been employed by Western Drilling and is now operating a combine.

Honoring Mrs. McGinnis, Circle 1 of the Methodist Church, gave a coffee Monday, and presented her with a gift. Present were the honoree, Mrs. Archie Wright, Mrs. A. J. Atkins, Mrs. L. Wheeler, Mrs. Al Jones, Mrs. Roy Shilling, Mrs. Luke Thompson, Mrs. Ben Isaacs, Mrs. O. E. Conner, Mrs. Ben Hext, Mrs. May Tisdale, and Mrs. Bertha Shugart of Dallas. Punch and cookies were served and a short program was presented.

TO ATTEND FUNERAL

S. L. Stanford and son, Truett, will leave today or tomorrow for Plains to attend the funeral of the former's brother, E. P. Stanford, who died suddenly last night. The brothers had attended a family reunion last Sunday.

Mrs. J. E. Tisdale had several overnight guests during the Mias Amigas club meeting last week. They included Mrs. Vester Hughes of Mertzon, Mrs. F. M. Pool and son, Buddy, of San Angelo, Mrs. Stephen Perner and daughter June of Ozona, and Mrs. Cora Millar of Corpus Christi. Mrs. A. E. Prugel and daughter, Nancy, of Sonora spent the day Tuesday with Mrs. Tisdale.

Mr. and Mrs. Gene Watson of Brownfield spent the day Sunday with the Joe Wagley family.

FOURTH OF JULY HOLIDAY MONDAY

Most Eldorado Business Houses Will Be Closed All Day

OLLIE IMPROVES

Mr. and Mrs. W. O. Alexander, who have returned from a visit with their son Ollie in the Houston naval hospital, report that Ollie is improving and is sitting up for three hours a day. Doctors state that he is doing fine, considering the seriousness of the kidney operation which he recently sustained. In another three weeks, Ollie expects to be able to sit up in a chair most of the time.

Ollie's brother, John, who is cashier in the Kermit National Bank, and John's family accompanied the W. O. Alexanders on the visit. The group returned home Sunday night, and the John Alexanders returned home to Kermit Monday.

Home Ec Teacher Concludes Work

Miss Iola Sutton, home economics teacher for the Eldorado school, left Wednesday for her home in Menard after completing her year's work in the local system. At the conclusion of the regular nine-months' school term, she conducted a four-weeks summer course of work for high school students.

Two high school girls have completed their work, and the others are continuing their projects through the rest of the summer. The girls have been studying handicraft this summer, including textile painting and leather work. Miss Sutton has also instructed several out-of-school girls who were interested in one of the crafts. Miss Sutton will send in a report of the year's work to state officials in August.

Mrs. A. E. Kent left this morning for Normangee, Texas, where she will attend a reunion of the Hill family.

SCHLEICHER GRASSES EXHIBITED; BETTER KINDS SPUR FORAGE YIELDS

Of interest to every rancher in Schleicher county is the exhibit of grasses on display at the First National Bank during this month. The exhibit, showing the varieties of grasses found on different kinds of rangeland, was prepared by the personnel of the Eldorado-Divide Soil Conservation District.

"Excellent grasses mean excellent range" — this slogan heads the exhibit of grasses on first-quality rangeland. Forage production from this grade of rangeland is between 75 and 100 percent of maximum. Grasses displayed in this classification are little bluestem, green sprangletop, Texas cupgrass, sideoats grama, hairy grama, and wild rye.

Good rangeland has a forage production of from 50 to 75 percent. Grasses displayed are Indiangrass, little bluestem, sideoats grama,

hairy grama, buffalo grass, curly mesquite, Texas wintergrass, and Engelmann's daisy.

A production of from 25 to 50 percent can be expected from fair rangeland. Grasses on display for this classification are little bluestem, sideoats grama, hairy grama, curly mesquite, buffalo grass, threeawn (needlegrass), red grama, and Queen's delight.

Poor rangeland has a forage production of only 0 to 25 percent, state the Soil Conservation employees. Grasses found in these pastures are curly mesquite, buffalograss, red grama, hairy grama, threeawn, Queen's delight, Rosering gallardia, and broomweed.

Also on display are four introduced grasses: K. R. bluestem, blue panic, Lehmann love grass, and weeping love grass.

Revival Announced For Church of Christ

A series of gospel services has been announced by the congregation of the Rock Church of Christ, to begin Saturday, July 9 and continue through Saturday, July 24. Bro. Marshall Davis, minister of the church, will do the preaching, and W. A. Turner of San Angelo will conduct the song service.

Services are to begin each evening at 8:00 during the week, and on Sunday will be held at 11 a. m. and 8:00 p. m. The public is invited.

SCHOOL BOARD MEETS

The school board will meet tonight, Thursday, for further discussion of plans for the new building program.

ELECTION HELD TODAY ON GARBAGE COLLECTION ISSUE

Eldorado residents are reminded that an election is being held today (Thursday) to determine whether citizens are willing to pay a small fee for garbage collection. The one voting box is in the city hall.

A 25c monthly fee would be added to individual water bills to finance the residential garbage collection twice each month. A \$1 fee per month for businessmen, scaled down according to individual needs, would finance daily garbage collection in the business district.

Baptist District 16 Rallies Scheduled

Lawson Cooke

A District 16 Baptist Brotherhood tour covering all nine associations in the district will begin Monday, July 4, with a Brotherhood rally at the First Baptist Church of Goldthwaite for the Mills and San Saba counties associations.

The tour will include rallies in six cities of the district covering all nine associations.

Principal speakers for the rallies will be Lawson H. Cooke of Memphis, Tenn., executive secretary of the Baptist Brotherhood of the South; L. H. Tapscoot of Dallas, state Brotherhood secretary; the Rev. J. R. Hickerson of Brownwood, district missionary; and Emzy Brown of Santa Anna, district Brotherhood president.

The Concho Valley association rally will be in the Harris Avenue Baptist church at San Angelo at 7:30 p. m., Friday, July 8. The Rev. Lee Ramsour is pastor of the host church; This will be the meeting local Baptists will attend.

CARR STUDIO IS CELEBRATING ANNIVERSARY

Carr Studio will celebrate the third anniversary of the opening of their business July 5th.

Bernard Carr, who had returned from service, opened the studio three years ago in the remodeled Patton building in which it is still located. He was joined later by his brother Aris, also a veteran, who moved here with his family. The two men are assisted in the studio by Mrs. Aris Carr, who is in charge of retail sales and arranges for sittings.

This spring the brothers began buying equipment for metalizing of baby shoes and other keepsakes and are now operating this new line. Some of their metalizing patronage is local and an increasing amount comes by mail as the establishment becomes known over a wider area.

Mrs. Grover Lee Johnson, daughter of Mrs. Bertha Wilson of Eldorado, has returned to her job in Ozona after spending two weeks at Christoval for treatment. Her husband came for her Tuesday evening, and the couple visited here several hours before returning to Ozona.

Bobby Barber of San Angelo and Lewis Holland of Christoval have been visiting Mr. and Mrs. A. T. Wright, and have been helping Mr. Wright remodel his house. Another guest recently was the Wrights' daughter, Mrs. J. C. Crosby of San Angelo, who spent Monday here.

Mohair Project Agreement Signed At Sonora Meeting

Sonora.—A cooperative agreement between the Texas Sheep and Goat Raisers' Association and the United States Department of Agriculture to carry out a Mohair Market Research project has been signed, Sayers Farmer, TS&GRA President told directors and other members at a quarterly meeting here last week.

"We have taken a very important step and now we need the financial backing of every mohair grower in raising our \$10,000 quota. This is the first of several attempts made by the Association to alleviate the mohair situation in which the grower can take an active part. I believe this project will do a great deal to stimulate the mohair market," Farmer added.

The directors recommended to Farmer that he appoint a committee of 20 or more warehousemen and non-warehousemen whose responsibility would be to raise the \$10,000. Farmer stated that he had already talked to a number of growers who had expressed a willingness to donate one-half cent per pound on all of the mohair now in the warehouses. These donations should be turned over to warehousemen, he added, and if all growers took this action the quota would be quickly raised.

Mr. F. L. Thomsen, Director, Marketing Research Branch of the Production and Marketing Administration, USDA, wrote the Association that the mohair problem would be approached from identically the same viewpoint, and with the same techniques, as would a single firm having a new textile raw material to develop and merchandise. He also inferred that this project would be handled in the same manner as others costing from \$75,000 to \$100,000 and should obtain the same results.

Texans Will Die In Traffic Accidents Over July Fourth

The Fourth of July celebration will bring death or injury to a thousand Texans. Eldorado travelers are urged, therefore, to drive as carefully as possible during the next few days.

Nine hundred will be hurt in traffic accidents during the long week-end from Saturday through Monday. Twenty seven will be killed in auto accidents. A dozen will be drowned. Twenty five will die as suicides or murder victims. Fifteen more will die in plane crashes, fires, and other accidents. That's a total of 79 violent deaths.

These predictions were announced recently by Charles A. Miller, president of the Texas Safety Association, following a holiday accident-prevention conference with officials of the Texas Department of Public Safety. Schleicher county travelers can help prevent an accident by remembering the safety rules.

"Speed, more than anything else, will account for the traffic fatalities," Miller said. Emphasizing that extra caution is needed to overcome holiday hazards created by heavy traffic, Miller pointed out that speed control is the personal responsibility of each driver.

"Safe speeds," he declared, "have little if any relationship to legal speed limits. You are permitted to drive 60 miles an hour on an open highway in the daytime, but only if the road is in good condition, traffic is sparse, weather clear, driver and car in good condition, and so on. When a hazard occurs, the smart driver compensates for it. The stupid driver doesn't and that's why we bury so many stupid drivers."

Since traffic law violations will be involved in virtually all the fatal accidents occurring during the holiday period, Miller said, the Texas Highway Patrol and local traffic officers are expected to be out in full force in an effort to hold down on accidents with strict enforcement.

Joe DeBerry of Sonora, Richard Palmer of San Angelo, and Pat Humphrey were guests of Jackie Henderson Wednesday on the Henderson ranch. The group spent the day there and went swimming and horseback riding.

F. I. Brodnax made a business trip to San Angelo Monday.

Meals that cook quickly and require only one utensil are important to homemakers during warm summer days. A broiler meal of spiced ham and tomato halves fills these requirements — and best of all, it's good.

For this mixed grill, ready-to-serve spiced ham loaf straight from the canned meat shelf can be sliced one-half-inch thick, dotted with butter or margarine, then placed in the broiler. With the rack adjusted so the surface of the spiced ham is about three inches from the heat, the meat will broil slowly in the moderate heat without need of constant attention.

When the meat is browned on one side and ready to turn, tomatoes are cut in half, topped with butter and placed on the broiler rack along with the meat to cook slowly until they are nicely browned.

In place of tomatoes, use cooked carrot strips and asparagus or cauliflower sprinkled with grated cheese. Apple rings, orange slices, apricot or peach halves or pineapple chunks, also, make delicious broiler accompaniments for the meat.

A mixed grill menu can be made complete with a large bowl of potato chips and a hot vegetable such as corn on the cob or buttered peas. For a cooling dessert, lime or lemon sherbet can be served with freshly baked refrigerator cookies.

SAN ANGELO WOMAN IS POLIO CASE

Mrs. Harold A. Susen of San Angelo, daughter-in-law of Mrs. Felix Susen of Eldorado, is in a San Angelo hospital, ill with polio. Doctors have stated that if she continues to improve as she is doing, she may come home the last of the week. She is not expected to have any paralyzed muscles.

Mrs. Felix Susen is in San Angelo, taking care of her two-year-old granddaughter while her mother is in the hospital.

Mr. and Mrs. W. G. McAlpine came home Wednesday from a San Angelo hospital following major surgery, and is doing fine. She has been in the hospital about ten days. In addition to relatives who visited her there, Mrs. McAlpine is expecting Mr. and Mrs. Tony Queen and Doris of Ballinger to visit her for the week end, and Mr. and Mrs. Wesley McAlpine of Ft. Stockton for overnight Friday.

Mrs. O. M. Smith and Mrs. Louise London of Brownwood have returned home after a visit with their sister and aunt, Mrs. Sam Oglesby and family.

NEW SON

Mr. and Mrs. Billy Jack Reynolds are the parents of a son, their first child, born in a San Angelo hospital on June 21. The boy weighed 6 pounds, 10 ounces, and is named Sidney Kay. Grandparents are Mr. and Mrs. Otto Sauer and Mrs. C. M. Reynolds, all of Schleicher county. Mrs. Reynolds and baby came home from the hospital last Saturday, and are staying in the Otto Sauer home for several days.

Miss Audrey Reese of San Angelo spent the week end with her sister, Mrs. Pete Ringle.

William Sauer, a spring graduate of Texas Tech, has returned to Eldorado after a two-weeks visit in Colorado.

Mr. and Mrs. Bob Bradley spent the week end in Sonora with Mr. and Mrs. Sid Rogge.

Savola Bolt is driving a new Pontiac, bought from the Eldorado Motor Company.

The Harold Scherz family of Sonora visited her parents, Mr. and Mrs. L. D. Ochsner, Sunday.

MISS ALSMAN, JOE T. LOGAN REPEAT VOWS

In a ceremony held June 16 at the Harris Avenue Baptist Church in San Angelo at 8:00 a. m., Miss Doris Alzman, daughter of Mr. and Mrs. H. C. Alzman of San Angelo, became the bride of Joe T. Logan, son of Mr. and Mrs. Marvin Logan of Eldorado. Rev. Lee Ramsour, pastor of the church, read the vows.

The bride, who was given in marriage by her father, wore a street dress of white tissue faille with white accessories. She wore a corsage of peach gladioli and carried a white Bible topped with baby 'mums.

Pink candles in tall silver candelabra stood near the altar, and baskets of peach gladioli and fern were used as decorations throughout the church. Misses Clara Belle Gaines and Delma Logan lit the candles.

Mrs. A. C. Wike played the traditional wedding marches and accompanied Dr. B. R. LaMance, who sang "Let Me Call You Sweetheart" and "Always."

Miss Dorothy Touchstone attended the bride as maid of honor, and Coke Sawyer was best man.

Ushers were Derl Alzman and Jimmie Gilmore, both of San Angelo.

Mrs. Logan, a graduate of the Lake View High School, was employed by the San Angelo Telephone Company before her marriage. The bridegroom is a graduate of the Eldorado high school and is employed by the REA here. After a wedding trip to Carlsbad Caverns, the couple are at home in Eldorado.

In addition to a large group of relatives from San Angelo, guests at the wedding included Mr. and Mrs. Marvin Logan, Mr. and Mrs. L. T. Wilson, and Bernard Carr, of Eldorado, and Mrs. E. O. Henry of Woodsboro.

A gift tea honoring Mr. and Mrs. Logan will be held at the home of Mrs. Carroll Ratliff Saturday afternoon from 3:00 to 5:00. Hostesses will be: Mmes. Fred Logan, Floyd McGinnes, Roy Boyer, Carrol Ratliff, Jim Hays, Charlie McLaughlin, Hop Cheatham, Bob Faught, Vernal Sudduth, T. W. Johnson, F. B. Calcote, Kenneth Cheek, Elton McGinnes, Aaron Stewart, John Bledsoe, W. R. Davidson, L. M. Hoover, C. C. West, George Williams, and Miss Lula Mae Green.

Mr. and Mrs. S. L. Stanford and J. F. Kinser have returned from a trip to Liberty Hill, Texas. Mr. and Mrs. Stanford attended a family reunion near Liberty Hill, at which all brothers and sisters were present for the first time in many years and Mr. Kinser visited a brother at Florence in the same neighborhood.

MRS. WHITTEN VISITS ELDERLY BROTHER-IN-LAW

Mrs. J. A. Whitten is spending a week in Midland with her brother-in-law, David Rhodes, who celebrated his 95th birthday recently. He is thought to be the oldest Presbyterian in the state of Texas. Rhodes reports that he killed a buffalo years ago on the very site where he now lives in Midland.

Mrs. Whitten will return home some time after July 4 th.

The Jim O'Harrow, Dick Jack-sons, Lockes, and Mrs. Luke Robinson attended funeral services Monday morning at Menard for Mrs. Beacham, former resident of this area.

Mr. and Mrs. Jack Halbert and Mrs. V. P. O'Harrow left this morning (Thursday) on a fishing trip to Buchanan Dam.

Mr. and Mrs. Paul Page of Dallas are expected here about July 1 for a visit with his parents, the Bert Pages. They will visit here about two weeks. Page and his wife will go to Baltimore, Md., the middle of the month where he will begin training for the professional football season.

Mrs. R. A. King, who is in a Brady hospital, is improving. Her daughter, Mrs. Georgia Brittain, has gone to Brady to be with her. Mrs. Brittain's son, Bunch King Brittain and a friend from the University visited here over the week end.

Mrs. Calvin Webb returned her home at Rocksprings Monday after a visit with her daughter, Mrs. A. A. Clark and family.

Roscoe Parker and daughter of Dallas, Luther Parker and family of San Angelo, and Mr. and Mrs. W. T. Mills and children of Big Lake visited here during the past week with their parents, Mr. and Mrs. Gene Parker.

COLLEGE AT OAKES ST. SAN ANGELO, TEXAS

From where I sit... by Joe Marsh

Now I'm Going Back To High School!

When I saw lights burning in the High School auditorium last night, I looked in to see what went on. About twenty people were listening to Buzz Ellis, the electrician, talk about television.

I slipped into a back seat and asked Hap Thomas what was up. Hap told me it was the new Self-Improvement Club. I stayed to listen—and learned a lot. Buzz really knows his stuff.

Turns out this club meets every Friday night. Each member gives a talk on the subject he knows most about. I joined on the spot because

learning new things is one of my favorite hobbies.

From where I sit, it's willingness to learn from the other person that makes Americans tolerant towards so many different viewpoints and tastes in things. Just because Buzz Ellis goes for chocolate malteds, while I prefer a mellow glass of beer, doesn't mean I'm right and he's wrong. Incidentally, next week I'm going to talk on how to run a newspaper.

Joe Marsh

Shown in the above picture are a group of reunion-ers. In the back row, left to right, are June Perner of Ozona, a guest, Bertha Oglesby, Opal Kenley and Agnes Womack of San Angelo. Mary Ellen Hughes is at the extreme left. Mrs. Annie Marie Perner of Ozona is at the piano, attired in bonnet and dress over one hundred years old, and behind Mrs. Perner is Olga Meador. Mrs. C. C. West, about whom many of the Mias Amigas activities always center, is also in the picture.

New Memorial Building Is the Scene Of 19th Annual Mias Amigas Meeting

The nineteenth annual meeting of the Mias Amigas club was held Thursday and Friday of last week at the memorial building, with a large number of members and guests present for the occasion. The club is made up of Eldorado graduates and teachers from the years 1907 to 1919.

The 19-year-old club, with a membership of 80, has not yet lost a member by death. Some of the members still live in this county, forming a nucleus which holds the club together. Other members, who have scattered in all directions through the years, are notified of each year's meeting and attend whenever possible.

After registration and a business meeting Thursday morning, the club members had a barbecue luncheon in the banquet room of the memorial building.

Thursday afternoon, the group attended a pioneer tea in the club room with the women dressing in pioneer costumes. Some of the dresses and accessories modelled by the members were over one hundred years old. Pound cake, sugar cookies cut in the shape of little men and women, and pink lemonade were served, and bouquets of sunflowers, the club flower, and Johnson grass were used as decorations.

Afterward the club members had their annual hayride, during which they called on all of the Eldorado

pioneers who were unable to leave their homes. The group were guests at an ice cream supper, followed by party games, Thursday evening.

At the business meeting Friday morning, Mrs. J. B. Montgomery was elected president of the group for the next year, and other officers are Mrs. Mattie Royster, first vice president; Mrs. C. L. Meador, Jr., second vice-president; Mrs. J. L. Neill, third vice president; Mrs. Mary Davis Coupe, secretary-treasurer; and Mrs. Agnes Womack of San Angelo, historian.

During the past year, the club project has been the furnishing of the powder room in the memorial building. The group voted to allocate \$50 from the treasury for a tile floor for this room, to complete the furnishings.

Out-of-town members present for the meeting were Mrs. Bessie Holland Smith of Brownwood, Mrs. Marie Doty Perner of Ozona; Mrs. Mary Ellen Tisdale Hughes of Mertzon; Mrs. Alma Hill Robertson of Rocksprings; Mrs. Pearl Bailey Nixon of Ft. Worth; Mrs. Dell Bearce Smith of Austin; Mrs. Ruby Dameron of Sonora; Mrs. Agnes West Womack, San Angelo; Mrs. Cora Tisdale Millar, Corpus Christi; Mrs. Gladys McKnight Davis, Sterling City; and Mrs. Sibyl Jones Marett, Gonzales.

Post Office Marker
The club discussed another pro-

ject which has been contemplated for several years, the marking of the old Schleicher county post office tree. For many years, a box nailed to a certain tree near the C. C. West home was the only post office the county had, according to old-timers. The stage would come from San Angelo through Christoval, pass near the T. K. Jones house and then continue on a road which by-passed Eldorado entirely.

"Eldorado was always so muddy," one resident recalls. The Eldorado mail would be put into the box, and residents had to go there for their mail. Passengers in and out of Eldorado would wait under the "post office tree" for the stage; it was not until Eldorado got a hotel and a livery stable that the stage came into the town itself. Oldtimers recall that a common sight along the road from the West home to Eldorado would be a drummer with his suitcase, mopping his brow and walking the distance into town.

Members of the West family have not been able to agree on which tree used to be Eldorado's post office, but it is hoped that some relatives who have moved away may help the group decide on the old box's exact location.

The Mias Amigas club plans to identify the tree by building a rock wall around it and erecting a marker, thus preserving an interesting bit of Schleicher county history.

Two Weeks Singing School Concluded With Services Sunday

A successful series of services was concluded Sunday at the West Side Church of Christ. M. J. Cunningham Jr. of Dallas, director of the singing school which has been underway for the past two weeks, was in charge of the afternoon singing at which a number of out-of-town guests were present.

Bro. Bill Gibson of Texon delivered two sermons at the church Sunday, and the congregation had a barbecue dinner at noon. There have been eleven additions to the church during the past week.

Bro. Bill McDaniel of San Angelo is scheduled to preach at the church Sunday, at 11:00 a. m. and 8:15 p. m.

BAILEY RANCH SERVICES

Regular services are scheduled for Sunday at the Bailey Ranch Baptist Church, with Rev. Baltis Mathews in the pulpit. Sunday school will be at 10:00, and preaching will be at 11:00 and 2:30. There will be dinner at noon.

The Bailey Ranch WMU met at the church last Thursday with seven present. Mrs. Edgar Spencer was in charge of the Bible study, and Mrs. Archie Mittel led the program on ministerial relief, after which an offering was taken for this cause. Mrs. Carl Stephens served bottled drinks and cookies to the group.

SLAM BRIDGE CLUB

Mrs. S. E. Jones Jr. entertained the Slam Bridge Club Tuesday afternoon in the home of Mrs. Jack Hext. Mrs. Pat Enochs won high club and Mrs. Edward Meador won high guest. Other guests were Miss Nancy Wilson of Claude and Mrs. Bob Bradley. The hostess served a salad plate to twelve.

METHODIST WSCS NOTICE

The monthly meeting of all circles of the Methodist WSCS will be held at the church July 11, instead of July 4, which is a holiday.

NEW DAUGHTER

Born, Sunday morning to Mr. and Mrs. Floyd Deaton, at Dr. Brown's clinic in Sonora, a daughter, weighing 9½ pounds. The baby, who has been named Deanna June, is the second daughter of the couple. Grandparents are Mr. and Mrs. Floyd Deaton, Wayndondt, Okla., and Mrs. Nettie Spurgers of Eldorado.

Geddy Sudduth and daughter of McCamey has been a guest in the home of the Sudduth families recently.

Mr. and Mrs. Frank Cole and daughter Ann of Tulsa, Okla., arrived here June 7 for a visit with Mr. and Mrs. Jim Willoughby. The women are sisters. The group recently took a vacation trip to Mexico City and other Mexican points, going as far south as Tasco. Mr. and Mrs. Cole have returned, and Ann is spending the summer at the Willoughby ranch.

Mr. and Mrs. Fred Furr and Donnie Ray visited during the week end at Del Rio, and Mrs. Lee Furr, Mr. Furr's mother, accompanied them home for an indefinite stay.

News from Neighbors Reported This Week In Their Newspapers

ELECTRICITY VOLTAGE INCREASED AT BIG LAKE

Big Lake electricity consumers will welcome the news that a voltage increase will be assured upon the completion of the two circuit system now being installed by the West Texas Utilities Company. The two circuits, coming separately from the sub-station, will not only ease the low voltage situation, caused by the growth of the city, but in case of emergency, one circuit may feed from the other, it was learned from Harry Logan, local manager of the company.

The West Texas Utilities Company, Mr. Logan stated, has also been installing more street lights in the city. Several 10,000 lumen pendant type street lights have been added to Big Lake's white way making 26 in all, including those in the downtown area on Depot Street. More residential street lights have also been added. There are 76 now, and a few more are yet to be installed. —Big Lake Wildcat.

FT. STOCKTON SPRAYED AS DISEASE PREVENTIVE

A continuing campaign to clean up Fort Stockton and eliminate disease carrying insects and their breeding places is paying off thus far.

City officials, health department personnel, and citizens in general are keeping their fingers crossed as the days pass without outbreak of polio or other epidemics.

The new city sanitarian, Ben F. Chapman of Pecos, is warm in his praise of the excellent co-operation shown by Ft. Stockton people in all sections of the city in eliminating fly-breeding hazards and in cleaning up their premises.

All outdoor toilets have been thoroughly disinfected and their owners cautioned and instructed in continuing sanitation.

The new power spraying equipment is being used to good advantage on alleys, garbage collection areas, and livestock pens and stalls. —Ft. Stockton Pioneer.

COKE COUNTY HOSPITAL PROJECT HITS SNAG

Construction of Coke County's new hospital has been delayed at least another month, and a contract for the building is being held up pending the outcome of another election.

Four contractors submitted bids

on the proposed hospital at a special meeting of the Commissioners Court last Saturday. At the same time a petition was filed demanding that a bond election be held, thus stopping the commissioners from issuing warrants for the purpose.

The Commissioners Court was scheduled to meet again Thursday of this week at 1:30 p. m., to set a date for the bond election.

The petition demanding a bond election bore the names of 214 persons from the east part of the county. Commissioner J. W. Service demanded that each name be checked as to eligibility, and the result was that 181 names were left on the petition.

An election a year ago last spring authorized the Commissioners Court to issue \$50,000 in time warrants for construction of a county hospital. The election carried by 157 votes. Bids were called for a short time later, the lowest estimate being around \$65,000. The project became entangled in politics for several months. Early this year the attorney general's office ruled that issuance of time warrants was entirely legal, and machinery was again set in motion to proceed with the project.

The petition filed last Saturday is in accordance with law. The statutes provide that when a Commissioners Court advertises that it intends to issue a block of time warrants for any purpose, 10% of the legal voters may file a petition requiring that the question be submitted to voters in a bond election. —Robert Lee Observer.

Mason's new \$100,000 hospital was dedicated in a formal ceremony at 3 p. m. Sunday at the beginning of open house held under the auspices of the Mason Garden Club and the official opening with everything in readiness for patients was slated for Wednesday.

Marcus Grant, secretary of the Chamber of Commerce, said the Mason Memorial Hospital is the result of three years of planning and work. He traced the history of the project as originating with the Chamber of Commerce. Masonites raised \$67,000 in public subscription. The federal government added a third of the cost. —Junction Eagle.

GOOD WHEAT CROP HARVESTED AT EDEN

Hot, dry "harvest weather" this week has accelerated the movement of wheat out of fields and into cars for shipping. Up to yesterday afternoon, the Santa Fe had hauled out between 85 and 90 cars of grain, mostly wheat, and carloadings were still going on at a lively pace. Only estimates are available, but it is believed that well over half the county's grain has been combined, and that nearly half of it has been put on cars. This, regrettably, cut to less than half, the amount of grain that seemed in prospect only a few weeks ago. Similar reports (of rust losses) come from many parts of the state, but not many of these areas had suffered the choking droughts that this section has had in the past two years.

At that, however, this will turn out to be one of the best grain years on record, especially in regards to the total output if not to acre-yield. —Eden Echo.

THREE POLIO CASES IN CITY OF SONORA

The cleanup campaign of the city is progressing on schedule, say city officials this week, and the next week should see the completion of the job.

A few of the large lots are still covered with weeds, and some of the alleys have standing water when it rains, but these sore spots will be eradicated before the campaign is called complete. Owners are to be contacted next week, and the sanitary ordinance will be enforced after that date.

Many sewer systems have been piped into the city system this week, following the condemnation of several homes by city commissioners last week.

Despite rumors to the contrary, there are still only three cases of polio reported in Sonora. The first was eight-months-old Margarita Romero, who is still confined to a San Angelo hospital, but is reported as doing well.

Second case was that of Nancy Anthony, 5, daughter of Mr. and Mrs. Walter Anthony, who was carried to San Angelo on Saturday. She is resting well, and though she still wears packs around her neck, is reported to be out of danger, with no evidence of paralysis.

The third victim is Jeane Newton, five-year-old daughter of Mr. and Mrs. Eugene Newton, who is isolated and being cared for at home. The child is diagnosed as an abortive case of poliomyelitis, with a transient weakness of the right arm, but no paralysis. She apparently has recovered from the illness and will suffer no after-effects. —Devil's River News.

new fire station and modern swimming pool in Ozona occupied a considerable part of the program of the regular meeting of the Community Council at the courthouse Monday night.

The Council has initiated action on securing the badly needed community improvements and at a recent meeting named a committee composed of Bill Cooper, Boyd Clayton, and Mrs. S. M. Harvick to study plans and secure estimates preparatory to presenting the matter to the people for their vote on issuance of the necessary bonds to carry out the building program. —Ozona Stockman.

SANDERSON RANCHER DIES FOLLOWING ACCIDENT

Raymond Quigg, 36, ranchman and rodeo director, died two hours after a horse he was riding collided with a run-away horse Friday afternoon at his ranch about 45 miles west of Sanderson.

Quigg was riding with a cousin, 16-year-old Troy Lee Osborn, daughter of Troy Osborn of Rock-springs, when her horse ran away. Quigg raced to head off and stop the run-away and the two animals collided. A ranch hand nearby, who witnessed the accident, said Quigg's horse turned over twice with the rider still in the saddle.

Three physicians were flown to the scene of the accident from Marathon but the injured man never regained consciousness, dying of a cerebral hemorrhage at 4:45, just two hours after the accident. Death came to the sturdy rancher while in the ambulance enroute to Marathon. —Sanderson Times.

RODEO POSTPONED AT STERLING CITY

Due to the proximity of the polio epidemic in San Angelo, the Sterling Annual Rodeo, that was scheduled for Thursday and Friday, was called off last Friday in a meeting held in the courthouse.

Since the recommendations of health authorities stress staying away from crowds, the rodeo was called off. There has been no polio here and of course, it is not wanted here.

The postponement was indefinite. It is not known yet whether we will have one later on this year or not. —Sterling City News-Record.

IRION LAMB GROWERS EXPECT LIGHT STOCK

Lamb producers of this district are predicting light lambs for delivery this fall. They are basing their opinion on the old saying that sheep do better on short range. If that is so then they should have been right at the top during the past three or four years. The lamb crop this year has been unusually good and the price is expected to remain high. —Mertzon Weekly Star.

How to Grease Your Own Car

FIRST — Put on your dirtiest clothes so you can crawl under your car.

SECOND — Buy a supply of transmission, differential, universal joint, water pump and pressure grease, a grease gun and a spray gun. Also some penetrating oil and no. 40 oil.

THIRD — Equip yourself with lots of strange words like "Darn" and "Oh, Hang", and the like to use on joints where the grease doesn't want to come through. Keep using these words until the grease comes out the other side.

FOURTH — Buy yourself a complete set of wrenches to use on the containers which must be opened to inspect the lubricating oil inside. Also some new skin to graft on your knuckles when the wrench slips.

FIFTH — Fill your spray gun with penetrating oil to spray on the springs. Be sure not to breathe for about ten minutes while spraying the springs or you may oilplate the inside of your lungs, which is bad.

SIXTH — Be sure not to miss any place which should be lubricated as it may cost you the price of twenty grease jobs for repairs.

OR... If this seems like too much trouble and expense, drive your car in here. We can assure you, if you get our "Guaranteed Lubrication" — you just won't try that home job again.

Charlie Trigg Motors

Mr. and Mrs. Pierson Corder of Ballinger are visiting in the Frank Van Horn home this week.

C. A. Reynolds, Gordon Griggs, C. L. Meador, Jr., and Jerry Pennington attended the meeting of school officials in San Angelo this week, called for the purpose of explaining provisions of the Gilmer-Aiken bill.

Mr. and Mrs. Charlie Trigg and James Williams were in Dallas recently on business. Mr. Williams' niece, Miss Sylvia Podany of Dallas, accompanied him home and is visiting her cousins, June and Jimmie Dell Williams.

Mr. and Mrs. R. L. Carruthers and two children of Cushing, Okla., visited from Tuesday to Friday with Mr. and Mrs. C. A. Reynolds. Carruthers, a former coach in the Eldorado schools, is now employed with Shell Pipe Line.

Mr. and Mrs. Ray Chadwick and Mr. and Mrs. Murr, all of Junction, visited the Eddie Peels Sunday.

Visitors in the D. E. DeLong home Saturday were Mrs. E. E. Williamson, Mr. and Mrs. Ed DeLong and grandson Bobby, all of San Angelo.

Rev. and Mrs. Roy Shilling and daughters drove to Abilene Tuesday to visit their son Roy Jr., student at McMurry, and attend to business. They planned to return Friday.

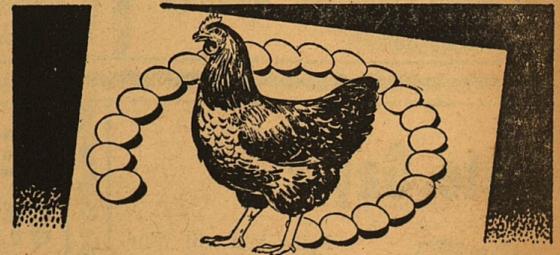

Mrs. Cecil Williams and two children of Eden arrived this morning (Thursday) for a two week visit with the J. Tom Williams family.
