All Set For School Opening Sept. 8th

The Eldorado school will open Monday, Sept. 8, at 9:30, parents bringing their children in on the first day and busses starting their regular runs September 9.

Here is the "opening of school" schedule:

Saturday, Sept. 6, faculty meeting at 10:00 a. m.

Saturday, 1:00 p. m., Senior registration.

Monday, Sept. 8, at 9:30 a. m., formal opening of school with general assembly.

Monday, 10:30, registration of Juniors.

Monday, 1:00 p. m., registration of sophomores.

Monday, 2:00 p. m., registration of Freshmen.

Monday, 10:30 a. m., or at the close of the opening exercises, grades 1 through 6 report to home rooms for registration and books; grades 7 and 8 report to home rooms in high school building for registration and books.

In accordance with new traffic regulations, the six school busses have been re-lettered with eight-inch letters. Equipping of the busses with new tires and tuning up the motors has been underway.

As hand and arm signals cannot be given, the busses will probably have to be equipped with directional lights, which will be an additional expense.

The assignment of teachers for the Eldorado school is as follows:

Jewel Shelton, Library and English.

Mrs. Ernest Hill, Math.

Dorothy Maxfield, Commercial.

Mariellen Pepper, Home Ec.

C. F. Jones, Band, High School Physics.

Wilburn Curnutt, Coach, Social Science.

Herman Hopkins, Asst. Coach, General Science, Manual Training.

Mrs. Wilburn Curnutt, Girls' Physical Education.

James Smith, Spanish.

Wyndall Hall, Grade Principal, Math.

Nora Koen, Language Arts, Speech.

Pearl Leifeste, Sixth.

Ina Mae Lightsey, Fifth.

Mrs. Corinne Robinson, Fourth.

Mrs. Bennie Watson, Third.

Mrs. D. C. Royster, Second.

Mrs. Carl Stevens, Second.

Thelma Ellington, First.

Frances Sellers, First.

Elizabeth Burton, Music.

Latin American School: Mrs. W. M. Davis and two others.

Colored School: Bertha Mac Miles.

With C. A. Reynolds as superintendent, the total number of teachers will be twenty-five.

All students must bring book cards. New students, especially those in high school, should also bring transcripts of credits.

Junior High School students will have home ec and manual training. The Lions are assisting with purchase of shop equipment, and manual training courses will be taught in the newly remodeled basement room.

School hours will be: Opening time: 8:40 a. m. Noon: 12:00 to 12:35. Afternoon: 12:35 to 3:45. Busses leave at 3:50 p. m. There will be five bus drivers, four of whom are already employed.

Bus Routes

Meeting in regular session August 16, the county board of education mapped out bus routes for the five busses which will bring Schleicher County's farm and ranch children to the Eldorado school. County Board members present included Ira McDonald, precinct 1; J. I. King, 2; Lottie Reynolds, 3; Otto Sauer, 4; and John Williams, trustee at large, with County Judge C. L. Meador, secretary. Several other school officials were also in attendance.

While the routes are always subject to change, four were mapped out with prospect of their being followed all year as planned. The fifth will be changed when the new Menard road is opened up.

Here are the routes:

Bus No. 1: Leave Station A, go on Bailey Ranch road to Highway 277, go South eight miles then to Eldorado school and return.

Bus No. 2: Starts at Mrs. Luke Stephens, then to Loyd and Bernard Williams, thence east to Moore Gin, South to old Ozona road, on to school and return.

Bus No. 3: Starts at Case Ranch, thence East, thence Southeast to

cattle guard, on to Barber place, thence west on Reynolds Road to Will Davis Road, then to school and return.

Bus 4: Leave Eldorado going east to Cliff Lane, thence north down Cliff road to highway 277, thence South on Highway to school and return.

Bus 5: Leave Eldorado on Menard Highway, going east to Tom Henderson's Lane, thence East to Judkins Ranch, South to cattle guard on Ft. McKavett lane, thence north to point where Webster and Six Mile Road intersect, then back to Eldorado via Mayer and Page Field, then to school. After completion of the Menard Road, the bus will make a complete loop.

Improvements on the Reynolds road have not been completed due to shortage of materials which caused delay, but will be finished in the coming few weeks.

Bus Lettering Changed

In accordance with new traffic regulations, the six school busses have been re-lettered with eight-inch letters. Equipping of the busses with new tires and tuning up the motors has been underway.

As hand and arm signals cannot be given, the busses will probably have to be equipped with directional lights, which will be an additional expense.

Interest in horse racing has been growing steadily in Schleicher County, which accounts for the popularity of the matched races which the club has sponsored.

There will be some roping events in addition to the races, state the boys, who urge the public to watch for the date and make plans to attend.

Jack Hext drove his pick-up to Alpine Saturday to move Mr. and Mrs. Tom Kent, who will teach in the Alpine schools. Carl Stevens will work the place on which Kents have been living.

Guests in the A. J. Stevens home are Mrs. Peyton Cain and son Beep of Alpine.

Week end guests of the H. L. E. T., and W. E. Turnbow were Mr. and Mrs. John Turnbow and their grandson, Floyd Woodward of Rochester, Texas, and a nephew, Perry Johnston of Buffalo Gap. Other relatives arriving Monday were Mr. and Mrs. Alan Mitchell of Oil Center, N. M., Joe Johnston of California, and Mrs. Jack Rasmussen of McCamey.

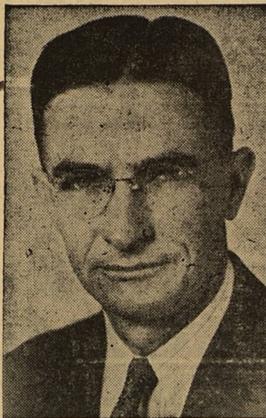

W. C. Parks, Sr., was brought to Eldorado last Thursday from a San Angelo hospital and is staying at the home of his daughter, Mrs. R. J. Alexander. Mr. Parks, who underwent surgery recently, is improving. Mrs. Parks is here with him.

Mr. and Mrs. Claud Alexander and family of Austin have been visiting here with relatives.

Quite a few from Eldorado are planning to attend the World Championship roping at Clovis, N. Mex., on Labor Day. The roping will be for a purse of about \$18,000.00.

Mr. and Mrs. Raymond Dickens and family visited in San Angelo last week with relatives.

Frankie Dean Swindle of San Angelo is visiting this week with her aunt, Mrs. J. M. Hays and Rev. Hays.

REV. A. A. BRIAN

BAPTIST CHURCH OPENS REVIVAL IN ELDORADO

Rev. A. A. Brian, pastor of the First Baptist Church of Brownfield will be the speaker at the autumn revival meeting of the First Baptist Church here, beginning Sunday, August 31, and continuing for two weeks, according to Rev. Jim Hays, local pastor.

Rev. Brian, recognized as one of the greatest evangelistic ministers in the state, has just returned from Fairbanks, Alaska, where he conducted a revival. His many duties have included that of District Missionary in the Abilene and Sweetwater districts, and he has led in the building up of two of the largest churches in the South Plains area—Levelland and Brownfield. Both as missionary and pastor he has been recognized as one of the church's great leaders and preachers.

Services will be held daily at 10 a. m. and 8 p. m. Rev. Hays extends a cordial invitation to everyone to make plans to attend this revival, which will be held at the same time as similar meetings in other churches of the Concho Valley Association. It is hoped that this simultaneous effort will give a great impact for the cause of the church.

GOOD PRODUCER IN OIL FIELD IS BROUGHT IN

One of the better wells in the Koy-Page field has been brought in this week, as Cooper Gas Co. 3-E Page, (C SW NW 33-L-GH & SA) takes its place in Schleicher County's oil history as a good producer. The hole was cemented on the bottom at 5,800 feet. The well is reported to be making about 600 barrels per day.

Completion of another good well in the Page field comes at a time when leasing has been unusually heavy in all parts of the county, especially near the City of Eldorado, and serves as further stimulus to all phases of oil activity.

A Schlumberger was run Sunday on the Al Groehl-Baugh wildcat (C SE SE 8M GH & SA) and oil sands were encountered at 5730-60 and 5835-73 recently on this test, now drilling in Ellenburger at 6500 (contract depth about 7,000). Bringing in of this test would open up a wide area and would give further impetus to leasing and drilling deals in Schleicher County.

A Western Drilling Company rig has been moved from Page 3 to Koy 5C, and started drilling today. Campbell Drilling Company has completed hole on Koy-Morgan Trustee 4, —660 feet N. of Koy C1.

Morgan 3C Jess Koy (C SE NE 38 L GH & SA), which has had too much gas for development in this particular area, and also some water, is still being worked, with possibility that it may be developed into a fair producer. George Morgan has been here this week in the interest of this test.

One year ago this week the second producer, Koy 2, was brought in in the Koy field. Oil development since that time has been steady, until today there are about twelve producers.

FUNDAMENTAL BAPTIST CHURCH CHOOSES PASTOR

The Rev. Currie Edgar of Vernon has accepted a call to preach at the Fundamental Baptist Church in Eldorado, and will arrive with his family this week in time to fill the pulpit next Sunday morning.

The church, which has been without a pastor since the resignation of the Rev. Jay De Voer, called the Rev. Edgar after he had preached three trial sermons here recently. Rev. Edgar is a brother of Aaron Edgar, who was a publisher of the Eldorado Success some time ago. The family will reside in the Bob Evans rent house, formerly occupied by Mrs. Lillie Craig, and which the church rented several months ago for their pastor.

Lions Club

The Eldorado Lions' Club met in regular session at the Eldo Hotel Wednesday noon. The club agreed to sponsor purchase of a new electric water pump at the Eldorado Cemetery. Lion Palmer West reported that local people are being asked to contribute tools to the manual training project at the school.

The Lions' Club and P. T. A. lamb sale will be held September 20. Schleicher County ranchers will be asked for contributions and further plans will be announced as they are made.

Lion Dilworth of San Angelo made a short speech on the new highway law.

NEW CAR PRICES UP

Henry Ford II has announced an increase in the price of most Ford models, the price increase to range from \$20 to \$87, effective at once. Chrysler, General Motors, Hudson, Kaiser-Frazer, Nash and Packard are among other companies who have made similar increases.

FOOTBALL PRACTICE

Football practice, the first of the season, will start Monday morning at 9:00 o'clock when uniforms will be issued to the high school squad. All players are urged to be present.

Guests in the A. J. Halbert home last week were William Odell, and Ira Odell and wife and three daughters of Bell County.

Charlene Edmiston is working at the Page Drug Store, replacing Ruth Mund, who left for San Diego, California, last week.

Relatives Attend San Angelo Wedding

Mrs. Archie Mittel and family were in San Angelo last week to attend the marriage of her brother, William Allen Perry, Jr., to Jerry Neil Moore, Tuesday at 8:00 p. m. in the Immanuel Baptist Church.

The Mittel children, Margo and Ronnie, were flower girl and ring bearer respectively, and Mrs. Mittel was a member of the house party at the reception, which was held in Massie's clubhouse.

The bride, a San Angelo High School graduate, attended Mary Hardin and taught piano at Mertzon; the room attended Texas Tech and served in the Navy. The couple will live in San Angelo.

Among those from here attending the wedding were Mr. and Mrs. Archie Mittel, Mr. and Mrs. Perry Mittel, and Mr. and Mrs. Carl Stevens.

ADULT TRAINING UNION

A typical circus complete with clowns, side shows, specialty numbers and refreshments of peanuts, popcorn, candy and lemonade furnished entertainment for the Adult Training Union social last Thursday evening at the First Baptist Church.

Special piano numbers were presented by Elaine and Tommy Johnson, grandchildren of Mr. and Mrs. T. W. Johnson. Approximately 50 attended the party.

Mr. and Mrs. Kyle Neill and baby of Odessa were visiting here with relatives over the weekend.

First Baptist News

Eleven Sunbeams enjoyed a "Journey through South America by plane" in their regular Mission Study lesson Monday afternoon which was held at the roadside park. Following their study, Mrs. Clyde Galbreath, Mrs. Leslie Galbreath and Mrs. Ed Finnegan served watermelon to the group.

The Junior G. A.'s met Monday afternoon for their Mission study program and following were entertained with a swimming party at the Roy Davidson ranch. Iced watermelon was served to Carolyn Ratliff, Dorothy Nell and Norma Jean Alexander, Jimmie Dale, Helen Kay and Patsy Taylor, Becky Mund, Rose Allene Hall of Stephenville, Barbara Jo Wells of San Antonio, Mrs. T. A. Lauderdale, Mrs. Gordie Alexander, and Mrs. J. M. Hays.

Circle 4 had charge of the Royal Service program with Mrs. T. A. Lauderdale as leader when the WMU met Monday afternoon at the First Baptist Church. Mrs. Weldon Davis gave the devotional, and others on the program were Mmes. George Williams, Carroll Ratliff and Roy Davidson. There were about twenty present.

A group of men from the First Baptist Church attended the District Brotherhood Jubilee meeting at Lake Brownwood Monday and Tuesday of this week. Those spending the entire time at the meeting included D. C. Hill, Darrell Tapley, and Rev. J. M. Hays, and those attending Tuesday afternoon and night were B. F. Blaylock, Weldon Davis, J. W. Wagley, W. N. Ramsey, and F. A. Watson.

BIRTHDAY PARTY

Jimmie Dale was honored on her tenth birthday anniversary when her mother, Mrs. W. H. Dale, entertained with a party Sunday afternoon from 4:00 to 6:00 o'clock. The guests played games and refreshments of birthday cake and ice cream were served to Patricia Barker, Martha Dell Williams, Patsy and Helen Taylor, Carol Lynn Dickens, Betty Mae Doyle, Eddie Dodd, Carol and Tommy Dale, the honoree and her mother. Gifts were received from Donna Beth McCormick, Junior McLaughlin and a friend from Kermit.

Mr. and Mrs. W. L. Isaacs, Mrs. F. M. Bradley and Mrs. O. E. Conner spent the day at the Fredericksburg Fair Sunday.

JUNE CATES MARRIED

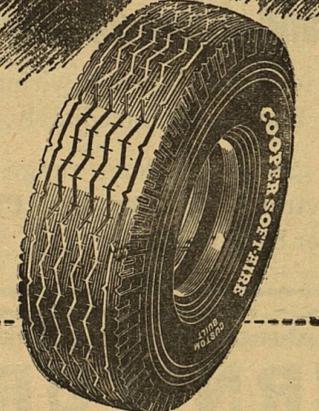

Announcement has been made of the marriage of Miss June Cates, daughter of Mr. and Mrs. Doyle Cates of Menard, to Jamie Kothmann of Menard. The wedding took place August 20. The bride is a 1947 graduate of the Menard High School, and formerly lived in Eldorado with her parents.

R. C. Morgan, Jr., returned Monday night from a business trip to Long Beach, Calif., where the family formerly lived. They are now making their home in Eldorado.

Mr. and Mrs. Johnnie Isaacs returned Monday to their home at Cody, Wyoming, after a week's visit with relatives and friends here.

Will you be the GOAT

—ten years from now?

Why should you be the goat, and risk your present and future reputation, when it's a demonstrated fact that unless new homes are wired for ELECTRIC RANGES they're not modern now and will be even farther behind the times ten years from now. Survey after survey proves that!

Protect your reputation by building houses that are truly modern. Avoid kick-backs by including wiring for an Electric Range.

An Electric Range requires only: 3-wire service from point of cut-in to the distribution panel; a minimum of two No. 6 wires and one No. 8 wire; a 60-amp. switch with overload protection and a 3-wire circuit from the distribution panel to the range outlet in the kitchen. Make this your minimum wiring specification.

Letter is Received From Hamburger Bill

The following letter from "Hamburger Bill" has been received by the publisher of the Eldorado Success:

I notice in the paper this morning that my subscription is out, so I am sending along my check for the two bucks to keep the Success coming, as it is a wonderful paper for Mama and me. The first thing I have to do when the paper comes is to sit down and read out loud to Mama all of the local news and then taper off by reading a big part of the merchants' ads that are in the Success from week to week. The reading spell takes place until I read it all through a page at a time.

I saw Ross McAngus on the streets here this morning. He told me that he is after some people to start picking his 1947 cotton crop Monday.

I have had another operation on my right leg for varicose veins and it is supposed to do the trick. Mama is still a big radio fan and she is at her radio right now with her air cooler turned on.

We are still doing OK with Bill doing the cooking and washing the dishes after each meal. I am really a dandy housekeeper now and can do the house cleaning and keep the floor mopped and shining for our company as we have quite a few friends who come to see us each week.

My typewriter is a dandy, but you know that it still makes mistakes as I write letters to my friends. But I just keep on writing letters.

Just keep the paper coming. It is always received with pleasure.

Respectfully,
W. R. Word

George Robert Bagley, nephew of Mrs. Ed Hill of this place, who was injured recently in an accident at Dublin, was moved last week end from a Dublin hospital to the home of his grandmother, Mrs. Frank Murchison, in San Angelo. The child, who was badly injured when he fell from a moving truck, is doing as well as could be expected.

Mr. and Mrs. C. F. Jones and family returned Sunday from Alpine where Mr. Jones has been attending Sul Ross College during the summer.

Where water in stock troughs, reservoirs, or ponds is exposed to sunlight, it may become covered with a green scum or slime. The best cure for this trouble, in the case of troughs or small reservoirs, is to put a cover or roof over the water to keep out sunlight.

Green scum may be killed with bluestone (copper sulphate). After water treated with bluestone has been used up, the scum may grow again from new seed falling in fresh water containing no bluestone. If this occurs, the treatment must be repeated. Since too much bluestone is injurious to livestock, humans, or fish, care should be taken to add only the proper amount of bluestone to the water.

Safe dosage is eight pounds per million gallons; one ounce per 8,000 gallons; or one level teaspoonful per 1500 gallons of water.

To apply bluestone, dissolve the proper amount in a few gallons of water in a wooden, stoneware, or enamelware container. Then slowly stir the solution into the water to be treated. Treated water should be splashed on the trough walls to kill the scum there.

In small tanks, the scum may be prevented from re-forming by putting pieces of copper sheets or shavings in the water. This is best done by nailing the copper sheet on wooden posts set in the tank.

The copper will be effective a long time unless covered with dirt and slime.

In treating ponds, the bluestone may be put in a sack and dragged through the water from a boat until all is dissolved.

Concentrations as high as six pounds of bluestone per acre-foot of water, or twenty pounds per million gallons, have been used in ponds with no harmful effects. In treating a pond having skin fish in it, it is well to treat one end of the pond at a time so as to give the fish an opportunity to move away from the highly concentrated area near the boat. Scale fish are less sensitive to bluestone.

Mrs. C. J. Kurowski and daughter, Suzanne left Friday night by train from Ft. Worth for their home in Chicago after a two weeks visit here with relatives. They were accompanied to Ft. Worth by Mrs. Kurowski's uncle and aunt, Mr. and Mrs. A. L. Jones, and Mrs. Fay Pointer, whose son, W. A. Pointer of Dallas met them in Fort Worth for a short visit with the family.

A. L. Stewardson Celebrates Birthday

A. L. Stewardson of Ft. Stockton, and a former Eldorado resident, observed his 76th birthday last Thursday, August 21 at his home in Ft. Stockton with a family dinner at which all of the children were present with the exception of two, Mrs. David King and Mrs. Crump of Coleman.

Following the dinner, the four-tiered birthday cake decorated with seventy-six candles was served to a large group of relatives, including Mrs. Stewardson and the following children: Mrs. E. W. Mund of Eldorado; Mrs. Oran Nicks, Mrs. H. R. Ashmore, Miss Sammie Lee Stewardson and Billy Stewardson, all of Ft. Stockton.

Mr. and Mrs. Mund and their children, Jane, Jack, and Becky, returned home Friday.

Oran Nicks and son, Oran Wesley of Ft. Stockton, Edgar Spencer, E. W. Mund and Palmer West went to Rockwood Friday evening where they assisted in conferring a master's degree in Masonry to Travis King, nephew of Mrs. E. W. Mund, and grandson of the A. L. Stewardsons of Ft. Stockton.

Mr. and Mrs. Ed DeLong of Carrizo Springs will come in Friday night for a short visit with relatives and will take their daughter, Dorothy Jean, to Abilene where she will enter Draughon's Business College. Mrs. DeLong will also undergo a check-up at the clinic in San Angelo.

Mr. and Mrs. Orville Luedecke and family of near Junction visited recently with Mrs. Luedecke's parents, Mr. and Mrs. Will Burrus and other relatives.

Lester Henderson was surprised Monday night on his birthday anniversary when about 16 relatives and friends met at his ranch home. The group made ice cream and visited for awhile with Mr. Henderson and his wife.

Mr. and Mrs. W. E. Bruton made a business trip to San Angelo on Monday.

O. W. Duncan of Calf Creek, father of Mrs. F. L. Furr, is in a San Angelo hospital seriously ill. Mr. Duncan was taken sick while on a visit here and was taken first to Brady for a check-up and Monday was moved to San Angelo.

Mrs. Will Doyle has returned from a three weeks' visit in San Antonio with her daughter, Mrs. Richard Bilhartz and husband. Upon her return to Eldorado Monday, she reported that her son-in-law was much improved after his recent operation.

William Jeffrey of Dallas is here visiting his grandmother, Mrs. J. F. Jeffrey and her family.

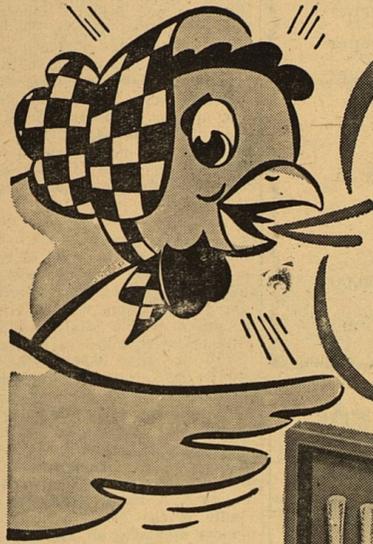

Mrs. E. D. Otis and sons, Bud and Junior of Kilgore are visiting Mrs. Otis' sister, Mrs. Fred Watson.

SHELL SAFETY MEETING HELD AT CHRISTOVAL

One hundred Shell employees and their families attended the annual Shell barbecue last Friday evening at Christoval at which the Austin Division of the Shell Pipe Line Corporation was presented the Holmes Award for safety, the nation's highest award for safety.

Robert Bradford, U. S. Bureau of Mines representative from McAlester, Okla., made the presentation to J. W. Hunt, Shell Safety engineer, for the Austin Division which extends from Houston to McCamey and includes Eldorado, Menard and San Angelo. The division had compiled a record total of 455,127 man hours worked over a period of 846 consecutive days without a single lost-time accident.

In making the award, Bradford said, "The Holmes Award for Safety is the highest award any individual or group of individuals can receive for prevention of accidents.

"The Austin Division has demonstrated to the world that it can work safely over a period of time in a hazardous industry without suffering accidents. This record is especially imposing when it is remembered that a total of 51,000 workmen were killed in accidents in 1946, including 16,000 on-the-job and 35,000 off-the-job accidents. "It gives me extreme pleasure to see so many wives of employees present here this evening. Women play a major part in the prevention of accidents. There are fewer accidents when family relationships are good. A happy safety-minded family is the greatest insurance against accidents on and off the job and a safety engineer's fondest dream.

"The Holmes award for Safety was established by Dr. Joseph A. Holmes in 1916," Bradford concluded.

Claude Dolhonde, new area superintendent from Houston, was also present, and spoke briefly to the group.

One of those "now it can be told" stories was released by A. F. Terrill, assistant superintendent of Shell's West Texas area. He stated that both Eldorado and Garden City Shell stations were bombed by mistake in 1944 by the San Angelo Army Air field fliers who thought the lights were from the practice ranges.

At Garden City the bombs missed the target by a safe distance, but at Eldorado, they exploded within a few feet of the ten-inch main pipe line through which 37,000 barrels of crude oil were pumped daily to eastern refineries. Thereafter, the group were told, the station remained under black-out orders every night.

Fifteen award-winning Austin Division employees attended the presentation ceremony and barbecue, which was hailed by those present as being "the best in many a year." Eldorado station was represented by Jack Kerr, E. W. Perry, W. T. Huber, J. A. Neill, F. A. Watson, Ben L. Isaacs, Jr., Tom Lauderdale, G. W. Barnett, Bill Mund, F. O. Prochaska and Ben Hext. Wives and families of the men were also present.

Carroll Ratliff made a business trip to Ozona Tuesday.
