SHELL SAFETY CHAPTER MEETS IN SAN ANGELO

Shell Safety Chapter 17 held its annual family night meeting last Thursday evening in the new club room of the Mexican Grill in San Angelo, with 100 percent attendance from Menard, Big Lake and Eldorado, with the exception of the men on duty.

Several visitors from the area office at Houston were present including Horace White, assistant to the area superintendent, Houston; Lef Thegley, chief clerk of Houston area office; Forrest Underwood and Jim Hunt, safety engineers, who all gave short talks after the dinner hour.

P. J. Williams, superintendent of the Austin division, presented Fred Rainey of Big Lake with a twenty-year service pin.

Highlight of the evening came when Mr. Williams made a presentation of farewell gifts to Mr. Chaney of Big Lake, Yard man, who is retiring after 20 years of service. Gifts presented to Mr. Chaney by the chapter included a suit of clothes, hat, tie and shoes, and his wife received a dress. Following the presentation, Chaney responded with a word of thanks.

The group enjoyed a picture show in charge of Underwood and Hunt, which included the first film produced by the Shell Production Co., showing how oil is formed and made underground, and which proved very interesting and informative. Two comedies for the children were also shown.

At the close of the program each adult was presented with a mechanical pencil, and the children received red and yellow balloons with the Shell insignia on them. The tops of the mechanical pencils were filled with crude oil taken from the deepest producing well in the world, located in Louisiana.

MERCHANTS ADS FINANCE TRIP TO SHRINE CIRCUS

Making the trip in a school bus, school children of Eldorado have been attending the Shrine Circus this week at San Angelo. The tickets were provided through the liberal patronage of Eldorado merchants, who bought advertising space in a Shrine publication to finance the trip, several hundred dollars having been spent by businessmen for this purpose.

The Eldorado students were divided into four groups—beginning Monday with the primary grades, and ending today with the upper high school classes.

Popular acts have been Bobo Barnett and his Canine Cut-ups, the Tarzan stars, three baby elephants, the Cycling Sidneys, a tiger act in which the trainer has only a buggy whip, a dog and Shetland pony review, and the Ivanhoff Troop from Hollywood's Earl Carroll Vanities. The clowns also have been popular throughout.

WOMEN ATTEND PRESB. MEETING AT SAN ANGELO

A district women's meeting of the Presbytery was held at the First Presbyterian Church in San Angelo Tuesday with representatives present from Sweetwater, Sterling City, Eldorado, Roscoe and San Angelo. Roscoe has recently been added to the district.

Mrs. Aaron Clark, district chairman of Sterling City, led the program, and the Presbyterial president was also present and addressed the group. All of the auxiliary presidents from the five towns were present with the exception of one, Mrs. Will Holland of San Angelo, who was absent due to illness.

Lunch was served by the hostess church to approximately 60 ladies. Those present from Eldorado were Mrs. John Williams, Sam Jones, Sallie Murchison, Edwin Jackson, Leslie Baker, Joe B. Edens, Sam Oglesby and Bert Page.

SCHOOL TAX PAYABLE AT CITY HALL

The school taxes, bills for which were mailed out this week, will be payable this year at the city hall, state school officials. Last year these taxes were paid at the courthouse.

Latin American News

Baby Victor Alvarez died at 12:30 p. m. on Sept. 28 at the home of his parents, Mr. and Mrs. Mateo Alvarez. He was 2 years and 1 month old. The death of this bright baby was a terrible sorrow to his father, who was away shearing, but who came home to find that the baby boy had passed away. The funeral was held Tuesday and burial was made in the City Cemetery.

A baby girl was born on Sept. 24 to Antonio and Julia Flores, and a baby girl on Sept. 28 to Luiz and Julia Santillana.

The school children of the Latin American School saw four pictures of the Visual Education series this week.

Through the gift of the Shriners of tickets, about 20 of the school children of the first four grades are expecting to attend the circus in San Angelo if they can be transported with their teachers on the school bus.

LAW PROHIBITS CARS FOLLOWING AFTER FIREMEN

The Eldorado firemen call attention to the fact that civilians must be careful in following fires, as failure to observe rules will mean a misdemeanor. The law reads:

"Following Fire Apparatus Prohibited. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred (500) feet or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm."

And section 101 reads as follows: "Crossing Fire Hose. No driver of a street car or vehicle shall drive over an unprotected hose of a fire department when laid down in any street, private driveway, or street car track, to be used at any fire or alarm of fire, without the consent of the fire department official in command."

Clothing Specialist Issues Instructions For Lengthening Hem

College Station, Oct. 1—It looks as if skirt hems are coming down, in spite of all the hemming and hawing that's going on about it.

So, for the girls who have decided to stop the fight and let their hems down, here's what might be some helpful information.

Miss Mary Routh, clothing specialist of the Texas A&M College Extension Service, has an answer to the girls' question: "How am I going to lengthen a skirt without giving it that telltale, letdown look?"

If it is a wool skirt that's being let down, and if the fabric is shiny on the underside of the hem, rip the hem and steam-press it on the wrong side of the fabric—that is, if the wool is light weight or has a raised pattern in the weave. If it is a thick wool, Miss Routh advises steam pressing on the right side.

In steam pressing, cover the fabric with a dry wool press cloth, then with a cotton cloth dampened in warm water. You may use a warm iron, but set it down, then lift it. Don't slide it back and forth.

If the shine is still showing after that operation, there's another trick you can try. Take a clean brush or a rubber sponge—the kind used for suede shoes—and try raising the nap of the wool with it.

Conspicuous and stubborn hemline creases can often be erased by wetting the crease on the wrong side. Then turn the goods over on the right side and roll the crease back and forth in your finger to work it out. Then press on the wrong side afterward.

BROTHER OF E. H. TOPLIFFE IS CRITICALLY BURNED

Norman Topliffe, a brother of E. H. Topliffe, was critically burned about the face, chest, legs and arms in an industrial accident caused from the explosion of gasoline Wednesday of last week at the boat works where he is employed.

Although seriously burned, his condition is reported to be as well as can be expected. He is confined to a Houston hospital where he will be for some time.

EAGLES TO PLAY MENARD HERE TOMORROW NITE

The first conference game of the football season will be played under lights Friday (tomorrow) night at Eldorado between Menard and Eldorado.

The probable starting line up for the local team will be:

Bill Humphrey, LE
David Allen, LT
Bill McAngus, LG
Henry Speck, C
Gerald Harris, RG
Floyce Turner, RT
Joe Chan Whitten, RE
Sonny Stanford, Q
Arthur Mund, FB
Carroll Sproul, RH
Howard Mittel, LH
Substitutes are: Chas. Sudduth, Bud Baker, K. Mund, H. McAlpine, Gerald Hicks, Wayne Davis, L. D. Doty, Carrol Doty, Donald West, Geo. Graf, Chester Biggs, Marion Wade, Jim Woodward, Chas. Mund, B. R. Jones, Edwin Jackson, Gordon Hamm, Glenn Biggs, Truman Biggs and Billy Whitley.

To facilitate handling of the crowd, Supt. Reynolds and coaches Curnutt and Hopkins ask that all who attend have correct change if possible. They stress the fact that considerable delay is caused by waits while change is being made, and that they can pass cars through much more rapidly if they are handed the correct admission fee. (Students 30c; adult 75c.)

Lose To Eden
Playing somewhat under par throughout the evening, Eldorado failed to make a single point, against Eden's 20, in the non-conference game at Eden Friday night.

The game was played under the lights, and businessmen and ranchers in large numbers accompanied the boys. The band and pep squad also made the trip.

Remaining games are:
Oct. 17 Big Lake here
Oct. 20 Sonora here
Oct. 27 Rocksprings there
Oct. 31 Ozona here
Nov. 7 Junction there

COTTON PICKING NOW UNDER WAY IN COUNTY

Cotton picking is well under way, with business brisk at the Eldorado Gin, and at the Moore Gin in the Reynolds Community.

Some growers are now paying pickers as high as \$2 for baling cotton. Much of the labor has been from the local Latin American and Negro settlements.

Testing of Koy 5A may be done today, Thursday, casing having been set at 5775 feet.

FAMOUS PAINTING ARRIVES—Rosa Bonheur's Horse Fair, one of a \$1,500,000 collection, has arrived for exhibit at the Museum of Fine Arts at the State Fair of Texas. The collection, the greatest ever exhibited in the Southwest, is being loaned by the Metropolitan Museum of Art, New York. On guard are Texas Rangers Bob Crowder, left, and E. J. Banks. Museum Director Jerry Bywaters is shown directing the unpacking of the famed picture.

SCD SUPERVISOR FOR ZONE FOUR TO BE ELECTED

The election of a District Supervisor for Zone 4 of the Eldorado Divide Soil Conservation District will be held at the county court house, Tuesday, Oct. 7, 1947.

These supervisors run the business of the Eldorado-Divide Soil Conservation District and can call upon and receive aid from any state or federal agency who has technical help or equipment to assist farmers and ranchers to work out conservation plans. One Supervisor represents each Zone.

The election will be of the convention type, with nominations being made from the floor, and the nominee receiving the majority of votes being elected.

The creation and operation of soil conservation districts is thoroughly democratic in every respect. Every land owner of zone 4 should attend the meeting and help elect a qualified supervisor. Only land owners and their wives are qualified to vote in the election.

Zone 4 includes all landowners south of the Ozona road south and west of the Eldorado-Ft. McKavett roads. The supervisor elected must be a farmer or rancher owning land and residing in zone 4.

EARL PARKER IS APPOINTED DODGE DEALER

Earl Parker, proprietor of the Parker Motor Co., announces his appointment as Dodge-Plymouth dealer for Schleicher County. He is expecting delivery soon on a new car which he will have on display in his showroom.

J. W. ALEXANDER IS PROMOTED IN KERMIT BANK

The Kermit newspaper states that John W. Alexander was elected cashier of the Kermit State Bank last week. Mr. Alexander resigned his position as head bookkeeper of the First National Bank here April first of this year to go to Kermit as assistant cashier.

The Kermit State Bank has total resources of approximately four million dollars, so Mr. Alexander's elevation to the office of cashier represents quite a promotion in so short a period of time.

Mr. Alexander and his family moved to Kermit last spring upon completion of a new house there and sale of their Eldorado residence to John Stigler, and they report that they are well pleased with their new home.

Church services will be conducted at Bailey Ranch Sunday with Rev. Baltic Matthews of San Angelo in charge.

MRS. MITTEL TO MOVE

Mrs. Bill Mittel, who has been living in Sonora since the death of her husband last year, is having her residence near the Sutton-Schleicher county line remodeled in preparation for living there. The liquor store will move to the old store building adjoining the residence. Electricity is being brought to the place and improvements are being made in both buildings.

BEAUTIFICATION NEEDS STRESSED BY CO. CHAIRMAN

Mrs. R. A. Shrank, chairman of roadside development in Schleicher County, stresses the need of cooperation in the county's beautification campaign, and issues the following statement in regard to the county's improvement campaign:

"Everyone of us wants to see his home town look beautiful, so let's carry out the slogan: 'Cleanest Little Town in the World.' First: Each home owner in Schleicher County can make his own yard plan. Second: Clear out all excess growth. Trim up. Third: Plant what is actually necessary. Remember the trees, flowers and shrubs previously chosen:

Pecan tree
Redbud
Crepe myrtle (watermelon red.)
Ceniza (Leucophyllum Texanum)
Red rose.

Clean up, plan and plant from November until March to make our county and town beautiful and to increase our living memorial."

CEMETERY ASS'N HAS MEETING AT COURTHOUSE

At a meeting of the Cemetery Board last Friday at the courthouse, plans were made to take down the fence which separates the Latin-American cemetery on the west side from the Anglo-American cemetery in that part. This section will be cleaned and improvements made after removal of the fence.

S. L. Stanford stated that there are two maps showing how the water pipes are laid at the cemetery, and anyone desiring to tie in may see a map at the bank, or see Chester Winans, caretaker, who is keeping one copy.

Mr. Stanford also told the board how much more quickly lots can be watered with the new system just installed, giving for example the fact that it used to take him almost an hour to water his lot, but that it can now be done in about twenty minutes. The board feel that there will now be plenty of water to take care of all the cemetery, both new and old.

The association plans to meet once each month for business meetings, and are glad to have the public attend.

PETTY MOVES FROM COUNTY TO NEW FIELD

Petty Geophysical moved out of the Ogdan (Robinson) building Wednesday, following the crew, who have gone to Rankin and other places to work new territory. They have been in Eldorado at various times during the past several years.

The Southern office has been moved from the ground floor of the building to Petty's old quarters on the second floor.

BAPTIST S. S. WORKERS HAVE MONTHLY MEETING

"New Beginnings and Plans for the Coming Year" was the subject of the monthly Sunday School worker's meeting at the First Baptist Church last Friday evening.

Mrs. J. M. Hays gave the devotional and discussions were given by Mrs. E. W. Mund and Mrs. E. W. Perry on "How We Use the S. S. Builder in our Work", and by Mrs. Roy Davidson on "A Preview of Four Stewardship Lessons". Weldon Davis gave "Plans for the Coming Year's Work in S. S."

Refreshments were served by the Young People's department to approximately 30.

Mrs. Coralie Mebane left Tuesday for a visit of several days in San Antonio and Houston.

PRESBYTERIANS INSTALL PASTOR HERE SUNDAY

Installation services for the Rev. F. E. King, pastor of the Presbyterian Church, were held Sunday evening with Dr. B. O. Wood of San Angelo, and Dr. B. B. Hestir, Sterling City, officiating.

Services, which were preceded by a church supper, opened with a hymn and prayer followed by a solo "I Will Lift Up Mine Eyes" by Mrs. R. D. Park of San Angelo, accompanied by Mrs. James Page.

Dr. Hestir delivered the sermon, using as his theme, "Procrastination", urging the congregation not to put off until tomorrow what can be done today. "Many a battle has been lost because somebody has not been on the job," he stated, and in conclusion quoted, "Behold, now is the accepted time."

In the installation service, Dr. Wood delivered the charges to the pastor, including "be friendly, sincere, studious, prayerful, meet financial obligations promptly, and feed your people with the pure gospel."

Dr. Hestir, who delivered the charges to the congregation, asked them to "make pastor feel and know his work is worthwhile, keep enthusiasm at a high level, compliment pastor, listen, and attend church regularly."

The service closed with the hymn "Savior, Like a Shepherd Lead Us" and the benediction by Rev. King.

Rev. King, who came here in July from Edinburgh, was transferred from the West Texas Presbytery to the Mid-Texas Presbytery, and at a recent Presbytery meeting in Fort Worth, a commission was appointed to install the new pastor.

Other San Angelo guests at the service included Dr. R. D. Park, and A. R. Nisbet.

LIONS HEAR FIRE PREV. WEEK PLANS OUTLINED

Reports concerning the fire prevention and safety program now being launched at the school in the interest of Fire Prevention Week, were reported at the regular meeting of the Lions' Club by Supt. C. A. Reynolds Wednesday noon. Mr. Reynolds reported concerning the fire drill Wednesday morning when pupils used the new fire escapes for the first time.

The committee appointed two months ago to raise money for the manual training room at the school was dismissed with thanks and the compliments of the Club for completion of an excellent soliciting job. The funds raised more than financed the work done and the new equipment bought.

Zone Chairman Jimmie West reported the zone meeting here last week and outlined future meetings.

Discussion of proposed Lions Club sponsorship of building of a wrestling platform for Boy Scouts resulted in referring of the question to the executive committee.

THREE DIVORCES ARE GRANTED, ONE CONTINUED

Three divorces were granted in district court Monday: Alfredo Ramon vs. Edufegn Ramon, Milton O. Harris vs. Ruth Harris, and Elva Jackson vs. John Jackson—John F. Sutton, district judge, presiding.

Property settlement delayed action on the case of Mrs. Auta Mae Bradshaw vs. Claude Bradshaw.

SCOUTS TO GIVE TUMBLING ACTS AS CLUB BENEFIT

The Boy Scouts of Eldorado are at work on a program of wrestling and tumbling which they will present as a Scout benefit some time in October.

The program date will be selected soon, states Scoutmaster Billy Frank Blaylock, who is training the boys in preparation for the event.

Mr. and Mrs. Jack Ratliff made a business trip to Dallas this past week end.

Harris - Donaldson Wedding on Sept. 29

On Sept. 29 Mr. Milton Harris and Miss Ruby Alice Donaldson were united in marriage in the home of the bride's parents, Mr. and Mrs. Russell Donaldson. The ring ceremony was used, and Rev. Currie Edgar, pastor of the Fundamental Baptist Church, officiated. The bride is well known in Eldorado, having lived here most of her life. The groom is the son of Mr. and Mrs. L. L. Harris, also long residents of this county. After the ceremony refreshments were served to the following guests: Mr. and Mrs. Sam Long, Mr. and Mrs. L. L. Harris, Melvin Harris, Alva Lee and Arlene Harris, Mr. and Mrs. Russell Donaldson, Jerry and Kyle, Mrs. Lowrie Smith and children Bobby, Jimmy and Mary Alice of Sonora, Rev. and Mrs. Currie Edgar.

SHOWER HONORS RECENT BRIDE FRI. AFTERNOON

Mrs. Grover L. Johnson, the former Tommie Lee Wilson, was honored at a gift tea last Friday afternoon in the reception rooms of the Methodist Church. Hostesses were Mmes. S. D. Harper, W. H. McClatchey, Ben Isaacs, John Luedecke, Sr., F. B. Faust, Gene Harvey, H. A. Belk and L. Wheeler.

The lace covered tea table was centered with a bouquet of mixed fall flowers, and Mrs. Faust and Mrs. Luedecke presided at the silver tea and coffee service. Mrs. Harvey was at the guest register. A musical program was presented with a poem, "The Bride" by Riedale West, a song, "Honey" by David Steen and Becky Mund, and a piano number "Liebestraum" by Liszt, played by Mary Lee Gunstetad, who also accompanied the songs.

Sharing honors with the bride was her mother, Mrs. Bertha Wilson.

Approximately 35 guests were registered, and more than 125 gifts received.

Rally Day was held at the Presbyterian Church last Sunday with a record attendance of 101 present in the Sunday School which has a total enrollment of 72. On next Sunday, Oct. 5, Promotion Day will be held by the various departments of the Sunday School, and the Rev. F. E. King will preach at both morning and evening services.

Bernard Carr made some aerial views of Eldorado recently from the plane of his brother, Julian Carr of San Angelo. Mr. Carr plans to have the two views, one looking north on main street and the other south, placed on cards for sale as souvenirs.

GIRL SCOUT LEADERS ATTEND TRAINING SCHOOL

Mrs. Allyce Nelson, National Director of the Girl Scout organization, assisted with a two-day training school for Girl Scout leaders in this area, Tuesday and Wednesday.

The meeting, which was held at the Little House in San Angelo, included beneficial and instructive training for leaders. Discussions on how to plan Scout meetings, how to direct and take charge of activities, and other worthwhile information was given at the school.

On Tuesday evening from 7:00 to 10:00, a workshop was held, and instruction given in crafts, etc. Refreshments were served during the evening.

Representatives were present from Menard, San Angelo and Eldorado including Mrs. Palmer West and Mrs. Forrest Runge, who attended both days, and Mrs. John Williams, who was present for the Tuesday afternoon session.

Mrs. West and Mrs. Runge spent Tuesday night in the home of Mrs. C. T. Womack.

IMPROVEMENTS AT TRIGGS

Joe Wagley has been levelling the grounds at the rear of the Trigg Service Station, of which he is the manager, and is improving the driveway from the street to the side drive-in entrance of the main building.

Company workmen put in two new Humble curb pumps yesterday, to improve service at the station.

From where I sit ... by Joe Marsh

"It's Living That Counts"

I stole the title of this column from a magazine article that said a whole lot better than I can what farm and country life can mean.

We talk about farm profits, production, research, and mechanical improvements ... but isn't it true, what we really value is the life country living offers us? ... the chance to be close to our families and neighbors ... children sharing in the chores ... working with our own hands at a worthwhile job.

And country pleasures are simple: good talk at day's end, and

a glass of mellow beer with friends ... the companionship of man and wife, untroubled by distractions of the city ... the mutual tolerance of one another's tastes—in choosing a friend, or a glass of beer, or a candidate for Governor.

Mind, I'm all for material improvements. But from where I sit, the real goodness of our country life is that spirit of tolerance, moderation, and good fellowship.

The old-fashioned "light" bill, like the surrey with the fringe on top, is a thing of the past. Electricity for lighting is only one of many items represented by your electric service bill. Today, in most homes, you're likely to find two or more electric appliances in every room—many homes have a score or more. That's why your electric service bill can no more rightly be called a "light" bill than a "refrigerator" bill.

The cost of a kilowatt hour of service to residential users has decreased one-third in the last 14 years.

THANKS

It was one year ago this week that I became the owner of the Eldorado Motor Company, and I want to thank you people of Eldorado and Schleicher County for the fine business you have given us during that time. We couldn't ask for any nicer treatment than we have received, and we have been busy every minute of the time.

Automotive parts and supplies are now becoming more plentiful — we are adding new tools and equipment — and week by week we are improving our service in order to justify and turn out the business that you have been bringing to our shop. Again we say, "Thank you."

CROWD RECEIVES INSTRUCTIONS ON P.T.A. WORK

The objectives of the Parent Teacher Association; the by-laws and other rules, highlights of the national convention; and PTA publications, were some of the things discussed when Mrs. Philip Thompson, Sixth District president of the PTA, held an all-day School of Instruction last Thursday at the First Baptist Church.

The morning program, which was in charge of Mrs. J. C. Ratliff, local president, opened with the hymn, "Faith of our Fathers", with Mrs. J. M. Hays as accompanist. After another hymn, "America the Beautiful", the five objectives of the organization were read and explained by members.

Mrs. Ratliff introduced the speaker, who urged members to "be a person of his own ideas", and to "adhere strictly to the promises and principles of PTA work. As an individual, be active in your organization," she stated.

"As a national organization, the PTA does not subscribe to or donate to national organizations, unless set up in budget previously. Keep your budget straight," she pointed out.

Mrs. Thompson read and explained the by-laws of the PTA; the endowment fund, the memorial fund; gave the highlights of the national convention which she attended, and urged the observance of the Texas Congress birthday, Oct. 19, and National Founders' Day, Feb. 17.

In the afternoon session, Mrs. Thompson described the various publications and magazines of the PTA, the District letter, and the year's calendar. She urged that each member subscribe to the state magazine as well as the national one.

Mrs. Thompson stated that active Negro and Latin-American units have been organized in the nation, and that help may be secured in organizing one of these units locally. She urged using the procedure course, and attending the fall conference at Galveston, Oct. 19, 29, and 21.

Mrs. Gertrude Sherbino of Odessa, District Safety chairman, was also present, and gave a short talk on safety, stressing the need for more careful driving on the highways and near schools. She also displayed posters and literature on the subject.

The group were served luncheon at the Eldo Hotel.

Mrs. Gordie Alexander and two daughters, Dorothy Nell and Norma Jean, have moved to Austin to make their home, joining Mr. Alexander, who has been employed there for the past year or more.

ART COLLECTION NOW ON DISPLAY AT STATE FAIR

The greatest art collection ever to be exhibited in the Southwest, a \$1,500,000 array of old masters famed the world over, will go on display this weekend when the State Fair of Texas opens Oct. 4 in Dallas.

By special arrangement with the Metropolitan Museum of Art of New York, thirty priceless paintings—including works by Rembrandt, Goya, Van Dyck, Van Ruysdael and Titian—have been shipped to Dallas in a specially-equipped boxcar and under heavy guard. The collection can be seen throughout the Fair, Oct. 4-19, at the Dallas Museum of Fine Arts, located on the Fair grounds.

Six European schools of art, Dutch, Flemish, French, German, Italian and Spanish, are represented in the display, and some of the priceless canvases had their origin in the fifteenth century. In subject matter, the paintings range from the classical solemnity of Peter Paul Rubens' "Virgin and Child" to the Dali-like "Christ's Descent into Hell", by a 17th century follower of Hieronymus Bosch.

Probably the best known work is "The Horse Fair", which for more than a decade has been widely reproduced, particularly on school tablets and as class room pictures. The artist is Rosa Bonheur, 19th century Frenchwoman whose greatness is shown through her life-like draftsmanship, classical composition and deftness in details. This work, which its creator once failed to sell for a pittance to her own townspeople, is now valued at \$70,000.

Most valuable single paintings are the Rembrandts, "Portrait of an Admiral" and "Portrait of an Admiral's Wife," each valued at \$100,000.

Another section of the museum will be devoted to the works of contemporary artists and illustrators, including Norman Rockwell, Seven Donanos, Milton Caniff and many others.

Baptist WMU Holds Annual Meeting

New officers were installed and a social hour enjoyed when the WMU met Monday afternoon at the First Baptist Church with approximately 43 present.

Mrs. John Stigler was installing officer and used a cardboard train for illustration with the various officers of the organization representing the train crew. "Stops" were made at the various stations which represented the different types of work done by the WMU.

Following the installation and a prayer by Mrs. J. S. Pelt of Edinburg, members secured tickets at the office and a trip was made to the "Land of Refreshments". Tickets were pinned on the backs of the guests, and "Secret Pals" were revealed through this method, and presented with gifts.

All flowers were used in decorating the rooms and on the tea table where Mrs. Roy Davidson presided at the punch bowl.

The following officers will serve during the coming year: Mrs. Roy Davidson, president; Mrs. Fred Watson, corresponding secretary and treasurer; Mrs. Tom Smith, recording secretary; Mrs. J. M. Hays, young people's leader; Mrs. J. H. Wagley, benevolent; Mrs. L. M. Hoover, missions; Mrs. W. N. Ramsay, Mission Study; Mrs. F. B. Calcote, Bible study; Miss John Alexander, community missions; Mrs. Felix SSusen, periodicals; Mrs. J. C. Ratliff, education; Mrs. Floyd Spurgers, stewardship; circle chairman: Mrs. Geo. Williams no. 1, Mrs. George Fry no. 2, Mrs. E. W. Mund no. 3, Mrs. E. W. Perry no. 4, and Mrs. Weldon Davis no. 5.

Circle no. 5 is being added to the organization this year to take care of the increasing membership.

SEWING CLUB MEETS

The Sewing Club met with Mrs. Arthur Tree Thursday, with five members and three visitors in attendance. Refreshments were served after an afternoon of sewing.

The new Cameron warehouse near the depot is nearing completion.

STATE, NATIONAL DAR HISTORY IS REVIEWED

The Eldorado chapter of the D. A. R. met in the home of Mrs. Joe B. Edens yesterday, Wednesday, for its regular meeting.

The Chaplain opened the Chapter in the regular form and read the 121st Psalm, after which Mrs. L. M. Hoover gave a brief review of the August and September issues of the Historical Magazine. "The Golden Anniversary of the Founding of the National Society of the DAR" was given by Mrs. W. O. Alexander who gave a brief resume of the society's history. The first meeting toward organization of this society was on Oct. 11, 1890, with only four women present, but in ten years the society had a membership of 35,000.

Throughout its history, the DAR has stressed patriotism, education, and preservation of historical data, old trees and places of national interest. They recommended the Flag Code for Congress to adopt; they publish manuals for citizenship in 18 different languages, and place them among aliens who desire to become citizens. The society supports schools for needy children in the mountains; carries on a program for national defense; and has denounced communism and all subversive influences in the country. The record of its members in war work during the last three wars has been outstanding.

In addition to this data on the national organization, Mrs. Alexander also gave a brief history of the organization of the local chapter, which occurred ten years ago in July. The chapter was named "Eldorado" by Mrs. E. C. Hill, the name signifying "Land of Gold". There were 14 organizing members when Miss Marion Mullins, State Regent, organized the chapter at the home of Mrs. C. M. McWhorter. Mrs. Alexander was organizing regent and first regent; the chapter now has 24 members with Mrs. J. E. Hill as present regent.

A biography of the life of the first president general of the na-

tional society was read by Miss John Alexander.

The house was decorated with fall flowers. A salad plate was served to the above mentioned women and Mrs. Joab Campbell, Mrs. J. E. Hill, Mrs. C. M. McWhorter, members; a guest, an aunt of Mrs. Check, and the hostess.

FIRE PREVENTION WEEK STRESSES SAFETY RULES

Next week, Oct. 5-11, is National Fire Prevention Week. The Texas Safety Association urges you to check your home for fire hazards and check your family for dangerous habits. This week and every week, remember that inspection plus correction equals protection—for your home and your family.

It is said that half a million matches a minute are lighted in the U. S. But it takes only one of these to cause a destructive and tragic fire. The Association asks you always to break matches in two before they are discarded, and store them beyond the reach of children's hands.

Many serious fires are started by little fires that are allowed to get out of control. When there is smoke look out for fire!

According to them, the small oversight of forgetting to turn off the electric iron cost the nation \$1,625,000 last year. A good habit is to turn off the iron even if you think you won't be away from it more than a minute. Use your brains—an iron has none!

Mrs. Bill Mund has gone to work as a new clerk at the Frozen Food Co., replacing Mrs. Willard Humphrey, who left recently.

Children from the colored school were sent to the Shrine circus in San Angelo Wednesday through the courtesy of Eldorado business men.

Mrs. Wikes Campbell has returned from a visit in Houston where she placed her son, Wilkes, Jr., in school. Mr. Campbell is owner of the Campbell Drilling Co., and the

Delay in placing calls

How long is a minute? Actually, it's about the length of time it takes to bring you this message from your telephone company. Yet, a minute seems pretty long when you're waiting to place a telephone call. At certain times of the day, a temporary overcrowding of facilities makes it impossible for your operator to handle your local or long-distance call. This overcrowding is caused by the increased number and use of telephones. More central office facilities for handling your local and long-distance calls are on order. Your telephone company thanks you for your continued cooperation.

Drive Carefully

The Texas Safety Association has a question for you who drive cars: Could you stand it to look at a child you had killed? Then please look FOR them when you drive. Look for them playing near the curbs; look for them in the middle of the block as well as at intersections; look for them to do the unexpected things; look for them all the time in school and residential neighborhoods. Look and help keep them alive.
