HALLIBURTON COMPANY TO LOCATE HERE

A move which may result in establishment of an oil field camp here has been announced this week with the arrival of A. W. May, manager of Halliburton Oil Well Cementing Co. in Eldorado.

The Halliburton Co., with Mr. May in charge, have rented the Arthur Montgomery house in Orient Heights as an office. If oil field development warrants such a move, a permanent camp will be maintained in Eldorado to serve the county.

Mr. May has a wife and two children, Carol Ann, 10, and in the fourth grade, and Vonna Marie, 2. The family moved to Eldorado from Eunice, N. M., where they lived three years; prior to that time they were at Hobbs, N. M., 7 years. Mr. May has been a Halliburton employee 8 years.

Another Halliburton man, Jimmie Archer, arrived here Thursday morning to assist with the work.

LIONS INSTALL SLOW MARKERS AT SCHOOL

Highway signs have been erected in the school neighborhood, warning motorists concerning speeding in that locality, reported Palmer West at the regular meeting of the Lions' Club Wednesday noon. West and his committee were dismissed with the thanks of the club, and the group voted to finance purchase of the signs.

Installations of these markers represents considerable time and effort on the part of committee members, and some expense to the Lions Club. Motorists are urged to comply with their message, and thereby save lives.

The project of improving the cemetery was also brought to a conclusion by vote of the Lions to pay \$100 toward the fund, which finishes paying for all materials used.

The Scout movement was launched formally for the new Scout year, by appearance on the program of Scout executives A. H. Bird and Jack Hodges, the latter of whom entertained the crowd with a sleight of hand performance. A committee of ten or twelve were appointed to work with them in Eldorado.

In the interest of National Fire Prevention Week, firemen gave a demonstration, illustrating such precautions as properly checking a stove for leaks, etc.

D. E. Beadle, manager of Cooper Service Station, was enrolled as a new member.

Mrs. Christian Sells Fine Arts Tickets

The annual drive for membership of the San Angelo Fine Arts Concert Program for 1947-48 closes on October 11, according to Mrs. Joe Christian, who is chairman of tickets for Eldorado.

This series of musical programs is sponsored by the San Angelo College and the businessmen of San Angelo, and provides worthwhile music to people throughout this area. Approximately \$1500 is being spent on this year's program in order to get the highest type of entertainment possible. The program for this season has been announced as follows:

Nov. 4—Braggiotti and Chaikin (piano duo— with Margaret Daum, soprano)

Jan. 15—Jan Pearce, tenor, of the Metropolitan Opera Co.

Feb. 17—A Night in Old Vienna March (date to be set later)—San Antonio Symphony

Adult membership, which includes tickets to all four programs, is priced at \$7.20, tax included, and may be bought from Mrs. Christian. Memberships for the four programs will not be sold after October 11, which is this coming Saturday.

Everyone who is interested in attending this series of fine concerts in San Angelo is urged to contact Mrs. Christian at once.

The Soil Conservation force have gone to San Angelo today, Thursday, to attend the big soil conservation meeting now being held there.

Several Residences Under Construction

J. A. Simpson has turned carpenter on his own house, during a three-weeks "vacation" caused by a major breakdown in the county tractor which he drives and which is in Austin for repairs.

Assisted by his wife, he is making radical changes in his cottage. The house was moved from a lot owned by Mrs. J. F. Jeffrey, to an adjacent lot which he bought from the Townsite Co. The foundation was raised, the roof changed, and a kitchen addition built. The interior will be papered and painted and other repairs made as needed.

John I. Smith of Marfa has employed carpenters to carry out a remodeling job on his Eldorado cottage. The house was moved to an adjoining lot, and a kitchen, bedroom and bath added at the rear. The entire house will be repaired, rock veneered and painted, and will be offered either for sale or for rent. Mr. Smith states that he may build one or two more houses on these lots.

Lumber for another Tom Smith house arrived on location this week and workmen started pouring cement Tuesday. The house will have 5 rooms and bath, will measure 30 by 36, and will be veneered with white rock trucked in from Uvalde. The Griffin, Martin and Bearce houses are in various stages of construction.

Workmen are running cement for the new foundation for the Mrs. W. L. McWhorter house, which will be moved to a lot north of the old house and extensively remodelled into a 5-room, one story residence.

LICENSE TAGS FOR LOCAL DOGS NOW BEING SOLD

Late arrival of dog license tags caused delay in tagging of dogs in Eldorado.

By recent order of the City Council, all dog owners must pay a \$5 fee for a dog license. Dogs not properly tagged will be killed by city police officer Roy Andrews, who also handles sale of the tags.

The action to assess this fee was taken after complaints had been heard from sheep men, who complained of heavy loss of sheep caused by forays made by packs of dogs.

625 BALES COTTON GINNED IN SCHLEICHER

About 625 bales of cotton have been picked and ginned at the two Schleicher Co. gins up to today. The cotton averages one third to one fourth bale per acre, yield having been cut by the prolonged summer drought.

The shortage of pickers continues, report cotton growers. It is estimated that the crop is about two thirds gathered.

Warning Against Pneumonia Given

According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,460 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent during the winter and spring seasons.

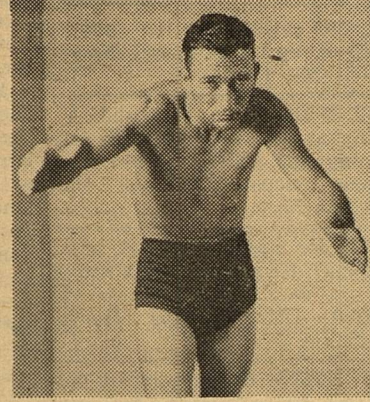

Pneumonia is caused by a germ which many of us have lurking in our throats ready to start trouble, when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and necessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. A patient may really have beginning pneumonia when he thinks it is only a cold.

Scouts Present Athletic Show Here on Saturday

Jack Hodges

Ernie Perry

Photos by Carr

Billy Frank Blaylock and E. W. Perry will present their Scouts in an athletic show Saturday night at the schoolhouse gym, featuring a match between Jack Hodges and Ernie Perry, and an array of other Scout talent.

The program, which will open at 8:00, will be presented on a new wrestling and boxing mat, which the Scout troop purchased for this occasion and for future use.

There will be boxing and wrestling, stunts, and probably band music by some of C. F. Jones' tooters.

Much of the management of the show has been taken over by Billy Frank Blaylock, scoutmaster, with

Assistant Scoutmaster Perry giving most of the actual instruction in the various events.

Two colored men from Eldorado will stage a wrestling match, and the following also will participate in matches:

Mackie Edmiston vs Bud O'Donley; George Spencer vs Winfield Fry; Truett Kent Stanford vs Jim Perry; Tart Mund vs Wayne McGill; Bruce Wilson vs Billy Cheek; Fred Gillispie vs Bogus; Gerald Hicks vs Truman Biggs; Jimmie Woodward vs Gordon Hamm.

Scout officials from San Angelo plan to be present. A large crowd is expected.

AGENT SUGGESTS CATTLE GRUB CONTROL METHOD

Cattle grubs are also familiarly known as "ox warbles", "wolves", "maggots" and "heel flies". By any name, they are enemies to be reckoned with as the annual loss in Schleicher County is very great.

Every rancher raises his own heel flies. Heel flies seldom travel over ¼ to ½ mile unless molesting cattle. Ranchers can eliminate the heel fly by selecting and putting into effect a cattle grub program, which will eliminate the cost in weight and damaged hides.

The following are four selected methods of treatment:

Dust—about 3 oz. of the dust material will cover the animal's back, rubbed in with brush or hand. This commercial preparation should contain 1 part 5 percent rotenone, 2 parts tripoli earth.

Spray—the spray pump should develop 400-450 lbs. pressure. One hundred gallons will treat 175-200 animals. Use 7½ lbs. of 5 percent rotenone to 100 gallons water.

Washes—thoroughly scrub the wash into the hair from shoulder to hip with stiff brush. This is especially effective for milch cows and small herds. Use 12 ounces of 5 percent rotenone, 4 ounces of laundry soap and 1 gallon warm water.

Dips—use 10 lbs. of 5 percent rotenone to 100 gallons of water. 10 lbs. of sulfur may be added to this for lice control. Only large herds should be dipped.

Canned Tomatoes On School Menu

Texas school children soon will have canned tomatoes on their community school lunch menu.

Eight carloads will be received in the state about Oct. 15 and will be supplemented by an additional 12 cars about the middle of November. Also expected soon is a small quantity of nonfat dry milk for use in schools where fresh milk is not available. It will be used as a beverage and for cooking purposes.

Irish potatoes also continue to move out of cold storage to schools as they need them. The quantity each school receives depends on the number of children eating lunches daily. This orderly movement of potatoes to schools as they are needed spreads the supply over a longer period.

A radar surveying outfit, whose headquarters are in New Orleans, arrived here yesterday to work as engineers with Southern Geophysical. Several of the men arrived here Wednesday and the rest of the crew are expected in soon.

Public Invited To Open House

Open house will be held at the Presbyterian Manse by Rev. and Mrs. F. E. King on Oct. 15 at 7:30 p. m. The pastor and his wife together with the congregation of the First Presbyterian Church extend a cordial invitation to all friends.

MENARD WINS OVER ELDORADO IN CLOSE GAME

The first conference game of the season was played last Friday night when the Menard Yellow Jackets won a hard fought 13 to 6 victory over the Eldorado Eagles. The Yellow Jackets scored their first touchdown late in the second quarter, when Joe B. Tipton plunged over the goal line.

Tipton scored again in the third quarter on a pass from Odis Guiton. The conversion on the first touchdown was good. In the latter part of the third quarter Sonny Stanford intercepted a pass and ran it back to the one foot line. Two plays later Arthur Mund fumbled across the goal line, and Gordon Hamm recovered. The Menard team made three penetrations to the Eagles two. Eldorado made 8 first downs to Menard's 7.

The boys are improving immensely over the past games, according to coaches Curmutt and Hopkins. The tackling and blocking is still weak and needs lots of work. The boys are working hard this week in anticipation of the big game with Sonora.

The coaches regret losing Capt. Howard Mittel who will not be able to play because of a broken nose which he suffered in the Menard game. However, the coaches and the boys are working up a bag of tricks which they expect to exhibit at Sonora Friday.

ARCHIE MITTEL IS REELECTED DIST. SUPERVISOR

Archie Mittel was reelected District 5 Soil Conservation supervisor in an election at the county court house Tuesday. Only land owners and wives were qualified to vote.

These supervisors run the business of the Eldorado-Divide Soil Conservation District and can call upon and receive aid from any state or federal agency who has technical help or equipment to assist farmers and ranchers to work out conservation plans. One Supervisor represents each zone.

Zone 4 includes all landowners south of the Ozona road south and west of the Eldorado-Ft. McKavett roads.

SKEET GRIFFIN BREAKS HIP WHILE AT WORK

Jim (Skeet) Griffin was taken to the Clinic Hospital in San Angelo Sunday afternoon for treatment after receiving a broken knuckle bone in his right hip when he fell from a ladder. Mr. Griffin was examining a house he had under construction, when his foot slipped and he fell, striking a door sill. Mrs. Griffin, who returned from San Angelo Tuesday afternoon, described his condition as fairly good.

REA COMPLETES LAST STRETCH OF TAP 15

The REA linemen will finish tying in the last four miles of Tap 15 Friday. Perry Mittel, Lawrence Steen and Rector Henderson ranches will receive service from this tap.

Tap 15 is the section between Eldorado and Christoval and consists of 25.1 miles of line.

SPURLOCK MOVES

Wm. W. Spurlock, son-in-law of Mr. and Mrs. J. L. Neill, has received his orders to report Oct. 16 to Albuquerque, N. M., where he will be employed with the Atomic Commission. After five weeks there, he will be transferred to Los Alamos. Mrs. Spurlock will remain here with her parents until later when she joins her husband at Los Alamos.

ASPHALT KETTLE IS PURCHASED FOR STREET WORK

A new asphalt kettle, a recent city purchase, has been put on duty this week, to patch cracks in the city paving, with city employee L. B. Burk on the job to superintend the work.

Cracks caused by swelling of the roadbed during the prolonged hot dry weather will be filled in with hot asphalt, and patching will be done as needed with the new asphalt equipment.

The city will also repair individual paving which has been unsatisfactory. Schwoppe Bros. made a \$750 rebate to the city to cover repair costs in spots where their work was improperly done.

City equipment and employees will be used for the patching work, which will require gravel, and asphalt which the 100-gallon capacity kettle applies.

BIG PRODUCER BROUGHT IN IN KOY FIELD

Two Western Drilling rotaries have gone on to new locations and the 13th producer is brought in—this is the oil news of the week, about 13 months after the first producer came in on Koy's.

Cooper Gas Co. No. 5A Jess Koy established a daily potential of 715.20 barrels, after a five hour official test, flowing 149 barrels of pipeline 43 gravity oil during that period. The section had been treated with 3,000 gallons of acid.

This well is C NE-SE 88-L-GH-5A, south offset to 3C Koy and north offset to Cooper 4A Koy, both producing wells.

This, the 13th producer in the field, takes its place as one of the best in the producing area.

Two of the Western Drilling Co. rotaries have taken over the surface holes and are drilling today on new tests. One of the rigs started on another Koy test. The other was moved from the Baugh test, which was plugged at 6591, to the wildcard on Jackson's.

Cooper 4-E Bert Page east offset to 5A Koy and south offset to 3E Page and north to 2E Page, is scheduled to drill to about 5750 feet. It is now about 5500 feet in Strawn.

LIGHT RAINS FALL WEDNESDAY IN SCHLEICHER

Schleicher County in general missed the heavy West Texas rains of Wednesday, though light showers fell, and heavier precipitation was reported toward Christoval. The rain was very spotted, ranging from light precipitation to 1½ inches at Rex McCormick's.

The rain of several weeks ago encouraged farmers to put in their small grain, but the stand is poor and more rain is needed. Marketing of live stock has been on the increase during pasture deterioration of the past several weeks.

100 Farm Fires In U. S. Every Day

National observance of Fire Prevention week has brought out the startling fact that 100 farm fires occur in the U. S. each day, killing ten farmers.

What are the most dangerous causes of fires?

The careless smoker is still Public Enemy No. 1, on the strength of his smoking in bed and in the barn, and discarding lighted cigarettes and matches. The thoughtless housewife ranks second on the list, by continuing to stack papers, magazines, old clothing, broken toys and discarded furniture away in the attic, closets, basement, the barn and other buildings.

Dangerous storage of gasoline and kerosene, and the use of inflammable cleaning fluids take a high toll of life and property.

Children playing with matches cause 26,000 fires annually. Dirty and improperly operating lanterns are a big threat, as well as the dust and cobwebs around motors, appliances and frayed electric cords.

Weekly Gospel Sermon

The Churches of Christ Salute You (Rom. 16:16)

THE CHURCH OF CHRIST in Eldorado cordially invites you to all services.

Kenneth J. Arrington, Minister "But Martha Was Cumbered About Much Serving...." (Text: Luke 10:40.)

The above statement concerning Martha the sister of Mary and Lazarus, suggests a very important lesson for us today. For the full account of Christ's visit in this home, we may read Luke 10:38-42. At first both sisters are seen "sitting at the feet of Jesus", listening to the wonderful words He was saying.

What a blessing and honor these two seemingly young ladies had to enjoy! It is even so with us today.

To simply listen to the Master Teacher—as He speaks to us through the New Testament scriptures (Heb.1:1-2)—is one of the greatest spiritual experiences. The record suggests that Martha did not stay—did not listen as long as did Mary.

The next scene where Martha, probably in the kitchen, is "cumbered about much serving", taken up with household duties so much that she neglects the spiritual interest of her soul. What a mistake this girl made that eventful day! Likewise you and I make one of life's most serious blunders when we allow earthly interests to hinder us from daily and diligent study of the scriptures—prayer, attendance in church services, etc.

Sometimes good women stay away from the assemblies of the church in order to arrange the house, going to the extreme about their earthly homes, and neglect to prepare their souls for the heavenly home. What a tragedy this is! Won't you profit by Martha's example?

Be present for Bible Study 10:00 a. m., preaching 11:00. Young people's meeting 6:30, evening service 7:30. Attend all services.

Charlie Trigg returned Wednesday from a business trip to Ft. Worth.

Mrs. J. L. Neill returned home Tuesday night from a San Angelo hospital where she has been receiving treatment for the past week. Her condition is reported to be good.

Mrs. L. Wheeler returned Monday from a week end visit at Pandora with her mother, who celebrated her birthday with a family reunion.

Mrs. Sam Jones and Mrs. R. A. King spent the week end visiting at Brady in the home of Mrs. Emma McNeely.

P. K. McIntosh sold 150 calves recently to a Sonora buyer. Doris Calcote and Edda Lou Meador of SMU were weekend visitors with home folks.

J. H. Miller, a Calcote employee, had his tonsils removed this morning at a San Angelo clinic. He was accompanied to San Angelo by his mother.

Honored With Shower

Mr. and Mrs. Granville Kerr were honored last Thursday afternoon at a gift shower in the reception rooms of the Presbyterian Church. Hostesses were Mmes. H. E. Finne-gan, B. E. Moore, Bob Anderson, Jim Griffin, Oran Enochs, H. A. Belk, and Bert Page.

Mrs. Page received guests, Mrs. Ben L. Isaacs, Jr. was at the regis-ter, and Mrs. Jack Hext presided at the punch bowl. Pot plants, thistles, and other flowers were used in decorating the room, and a bou-quet of roses centered the tea table which was covered with an appli-que cloth overlaid with organdy.

Mrs. Page directed a program including two solos by Vera Faye Biggs, accompanied by Mrs. James Page, and two readings by Mrs. Arthur Mund. Mrs. Page also played musical selections during the tea hour.

Sharing honors with the bride were her mother, Mrs. A. F. Greele; two aunts, Mrs. J. M. Pfluger of San Angelo and Mrs. Hallie Pfluger of Eden, and the bridegroom's mother, Mrs. L. B. Kerr. Miss Betty Pfluger of San Angelo was also a guest.

In presenting the gifts, Mrs. Kerr was handed some stamps and told that she might redeem them in gifts at "The Ratliff Store". On being led to the "Store", she found to her surprise, her husband whom she supposed was in San An-gelo, surrounded by a large assort-ment of gifts behind the curtain.

Dobbs Locklin of Menard, son-in-law of Mr. and Mrs. J. T. Jackson, Sr., is in Austin undergoing med-ica treatment. Mrs. Locklin is with him, and Edwin Jackson of Eldor-ado has visited several times with Mr. Locklin in the past few weeks.

Latin American News

Word was received here this week that Mary Munos, a student at the Presbyterian School for Mexican Girls at Taft, has been awarded a prize for consistently speaking English. The award was a surprise to Mary, for no announcement had been made in regard to prizes.

A daughter of Mr. and Mrs. Antonio Munos, Mary was an outstanding sixth grade pupil in the Eldorado Latin-American School last year. Because of excellent work in the local school she was allowed to enter the eighth grade at Taft. There are 75 girls enrolled in Pres-Mex.

The Baptist revival meeting begins next Sunday with Rev. Kelly, a home missionary from Brownwood, to do the preaching assisted by Rev. Darrel Tapley, the local Baptist pastor.

This week, after seeing the Shrine Circus in San Angelo last Thursday, the primary children of the Latin-American school are telling about the circus.

Lessons in fire prevention will be given this week. Films to be shown on Oct. 10 are "Indians of the Southwest", "Navajo Silver-smiths", "Red Blood—Healthful Living", and one on American History.

Delay in placing calls

How long is a minute? Actually, it's about the length of time it takes to bring you this message from your telephone company. Yet, a minute seems pretty long when you're waiting to place a telephone call. At certain times of the day, a temporary overcrowding of facilities makes it impossible for your operator to handle your local or long-distance call. This overcrowding is caused by the increased number and use of telephones. More central office facilities for handling your local and long-distance calls are on order. Your telephone company thanks you for your continued cooperation.

From where I sit... by Joe Marsh

How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.

A dismissal ceremony was practiced by the group. Those present were: Mrs. Palmer West, Commissioner; Mrs. Jim Williams, Vice Commissioner; Mrs. Lewis Wilson, supply secretary; Mrs. J. F. Funge, Mrs. Don McCormick, Vera Fay Biggs, Louise Kuykendall, and Mrs. Kidwell, a visitor.

The next meeting will be on the first Tuesday in November at 3 p. m.

METHODISTS ATTEND MEETING IN OZONA

The sub district meeting of the Methodist Institute was held in Ozona Tuesday evening at the Latin American Community Center. The two topics of discussion were the fifth year of the "Crusade for Christ" and various phases of church missionary work.

The group, which included delegates and speakers from Rankin, San Angelo, Big Lake, Eldorado, Sonora, and other churches in the district, heard an evaluation of the Ozona Community Center, which is supported by the Methodist Church for the benefit of Latin-Americans in that locality. Church organizations in college towns and foreign missions were also discussed, and a movie was shown.

Those attending from Eldorado were Rev. and Mrs. F. B. Faust, Mrs. J. E. Tisdale, Mrs. R. J. Alexander, and Misses May Burton and Mary Lee Gunstead, who furnished special music.

A barbecue supper was served by the Ozona women at 6 p. m.

Luke Robinson, Rudd ranchman, underwent medical treatment in a San Angelo hospital this weekend. Mrs. Willard Humphrey returned. Mrs. Myrtle Williams and daughter, Betty Sue have moved from their ranch in the Rudd community into an apartment at Mrs. Felix Susen's.

% INCREASES of Retail Prices over Base Period 1935-1939

Source: U.S. Bureau of Labor Statistics
A Chart Survey Prepared by National Dairy Council, Chicago, October 1947

Figures released October 1 by the U. S. Bureau of Labor Statistics show graphically why it is increasingly difficult for the housewife to stretch her food dollars so she can give her family three meals a day that are nutritionally sound. The National Dairy Council points out that milk prices have been relatively steady over the nation, and have increased 37.0 per cent LESS than the average for all foods since 1939 and 23.2 per cent LESS than the average since the first of this year. Hence milk, in addition to being nature's most nearly perfect food, actually leads the food field as the housewife's most economical buy.

"Forward Steps" was the study conducted by Mrs. J. M. Hays when the Junior GA's met Monday afternoon in the home of Mrs. Clovis Taylor with Patsy and Helen Kay as hostesses. Refreshments of sunshine cookies, bottle drinks and jelly beans as plate favors were served to 8 members.

Mrs. Emma G. Harris has returned to her home at Marfa after a visit here with her niece, Mrs. John Hamm and family.

Mr. and Mrs. Jess McCauley and their daughter, Virginia and two children of Tulsa were recent visitors in the homes of Mrs. Mattie Thornton and Mr. and Mrs. Tom Smith.

RUDD RANCHER B.W. MONTGOMERY DIES SUNDAY

Funeral services for B. W. Montgomery, 70, Rudd ranchman for the past 42 years, were held at 3 p. m. Sunday at the Methodist Church with the Rev. F. B. Faust, pastor, officiating.

Burial was in the Eldorado Cemetery with the Robert Massie Funeral Home in charge.

Mr. Montgomery died in a San Angelo hospital at 5 p. m. Sunday. He had been in ill health for some time, and seriously ill for about a week.

He was married to the former Sara Martha Herrington in 1899, and the couple had made their home on the ranch 20 miles east of Eldorado since 1905. Ill health forced his retirement from ranching about a year ago, when he leased his place to Dr. C. T. Womack. Since that time, Mr. and Mrs. Montgomery and their son, Webb, had lived in San Angelo.

Survivors besides the widow include the son, Webb of San Angelo; two daughters, Mrs. Burtley Burk, Eden and Mrs. P. R. Hargrove, San Angelo; a sister, Mrs. Lon Hardin of Llano; two granddaughters, Billie Ruth Hargrove and Burtlene Burk; a nephew, Bailey Montgomery and a niece, Mrs. Mack Jones, both of Eldorado.

Pallbearers were Leslie Baker, Jim O'Harrow, Otto Williams, W. F. Meador, Mack Jones and W. T. Parker.

Bonnie Biggs Chosen New FHM President

The Future Home Makers Club has had two meetings since school started.

The first meeting was called to order Monday, Sept. 22 for the purpose of organizing and electing officers. Miss Pepper presided until Bonnie Biggs was elected president, then she took over. The other officers who were elected are as follows:

Vice-Pres.: Ebba Ann Finley
Secretary: Emily Ann Harper
Treasurer: Catherine Hall
Reporter: Joyce Ann Van Horn
Parliamentarian: Grace Butler
Song Leader: Marselaine Patterson.

The second meeting was called to order by Bonnie Biggs, for the purpose of appointing committees and discussing some activities.

Bertie Ballew was appointed head of the entertainment committee. On the refreshment committee are Mimi Ann McAngus, Donna Ruth Morgan, Peggy McAngus, and Verma Dell Owens. The recreation committee consists of Louise Burk, Mary Sproul, Patsy Taylor and Myrta Bob Harper.

Decoration: Tinsy Spurgers, Jane Mund, Joyce Burk and Joyce Ann Van Horn
Program: Ebba Ann Finley, Teema McMillan, Lilla Jean Ellington, and Mary Thompson.
Scrapbook: Patricia Humphrey, Nelva June Bolt, Jackie Henderson, and Jane Craig.

After the business some activities for the club were discussed. It was voted to have a formal initiation of freshmen and officers. Other activities were planned but nothing definite has been decided.

Mrs. Hubert Graves of Laredo is visiting this week with her parents-in-law, Mr. and Mrs. C. A. Graves.

Barbara McElroy, little 2-year-old daughter of Mr. and Mrs. Robert McElroy and granddaughter of Mr. and Mrs. Ben Biggs, had her picture taken recently by a Life photographer, a neighbor of the McElroys in Chicago. The picture, a print of which has been mailed to the Biggses shows Barbara as she had looked while at play—with Chicago soot on her face and dress! The photographer used the picture in an exhibit in Chicago recently.

Wanda Dannheim, daughter of Mr. and Mrs. E. H. Dannheim, Mrs. Walter Hayes and Doris Jones of San Angelo attended the State Fair at Dallas this past week end. Wanda, a 1946 graduate of EHS, completed a business course at the San Angelo Business College about a month ago, and has been employed since that time as a stenographer at the First Baptist Church in San Angelo.

A good attendance and program was reported at the monthly meeting of the Brotherhood at the First Baptist Church Tuesday evening. Routine business of the group was conducted.

Mrs. Arch Crook and daughter, Patsy, and Jimmie and Elvis Hight of Ozona were guests Tuesday night of Mr. and Mrs. Warren Hight. Mrs. Crook is a cousin and the two men brothers of Warren.

Mrs. J. H. Minyard of Andrews came in Wednesday afternoon to visit her parents, Mr. and Mrs. F. B. Calcote. Her little daughter Celia Ann will accompany her home after an extended stay with her grandparents.

George Robert Bagley, a nephew of Mrs. Ed Hill, who was injured in an accident in August, has returned from San Angelo to his home in Clovis, N. M., accompanied by his mother, Mrs. Dick Bagley. The child is recovering nicely and is able to be up again. He suffered several broken bones in the accident.

Uncle Sid Booth has made some improvements on the interior of his house.

Mr. and Mrs. Jim Willoughby visited several days last week in Brady with his sister, Mrs. W. N. White and with Mrs. F. R. Wolf. Mrs. White, who was confined to the Brady hospital with a broken ankle, has been moved to her home.
