ELDORADO, SCHLEICHER COUNTY, TEXAS Thursday, November 13, 1947

NUMBER 46

Food Drive Called Off

The food drive is called off

Due to last-minute announcement made by officials concerning food to be donated to the Friendship Train, to the effect that only carload lots are accepted, Eldorado cannot qualify, state Lions Club members who had started the ball to rolling for the drive here.

As obtaining the carload would be impossible, and as packing and labeling must all be done according to specifications only recently released, local leaders decided that the only course left was to call off the drive here.

The school and various organizations asssisting with local plans have been contacted:

BAILEY RANCH **CEMETERY** GETS WORKING

A good group of Bailey Ranch residents and others from town who have their membership in the Bailey Ranch church had an all day ing at the community cemethere Tuesday. The grounds were raked and cleaned and plants trimmed. Those who worked, report a very decided improvement in the cemetery. The workers enjoyed a picnic lunch at noon.

California Challenges **Texas State Fair**

The most successful state fair Texas has ever staged closed in a blaze of glory, to its credit a record breaking attendance of 1,763,921

States R. L. Thornton, president of the fair: "We believe this state wide institution has made, and will increasingly make, a big contribution to the social and economic life of the Texas empire. We have big plans for the future. For one thing, we shall take bids immediately on a \$700,000 Automobile, Aviation and Recreation building. And we are going after even better exhibits and entertainment.

"California's legislature has appropriated twenty-five million dollars to improve their state fair They say they are going to take away our title "the world's biggest state fair'. We accept this chal-

Quite a few residents of Schleicher Co. attended the state fair this year.

RECOVERING AT HOSPITAL

Joan O'Donley, daughter of Mr. and Mrs. N. R. O'Donley, who is confined to a San Angelo hospital suffering from a fractured skul received in an accident recently, i improving. She is conscious, and i able to read and write, but is un able to talk yet. Doctors feel that this condition, however, is only temporary, and as there is no evidence of paralysis, they believe that her improvement will be gradual but steady.

Mrs. Effie Gann of Guthrie, Ok. mother of Mrs. O'Donley, is stay ing here with the family for awhile.

PROVES IN HOSPITAL

Mrs. Clovis Taylor is doing fine at the Clinic hospital in San Angelo where she underwent minor surgery last week, and if her condition permits, she may be allowed to return home Sunday. The Taylor's 3½-year-old son, Velton, has also been in the hospital with bronchial pneumonia. Mr. Taylor brought his son home Tuesday, and he is doing fine at the home of his grandparents, Mr. and Mrs. Walter Taylor.

NEW REA USERS

The following have recently been connected to the REA line: Mrs. Delbert Bledsoe, Mrs. Bernice Mittel, Sam Hull, Jess Koy, the Spence ranch, Sam Henderson, and Thad Thomson (where new home is be-

Mrs. J. M. Davis of San Angelo was a caller in Eldorado Monday.

NOW LET IT RAIN!

Schleicher Co. has bought another DW10 road grader, and has put it to work, with the other machine, on the Reynolds road. With these two new pieces of equipment on the job, dirt is flying at a most satisfactory rate - and as one Reynolds resident put it, "The whole strip will be finished before the rainy season starts!"

Ollie Jr. To Return

For an Eldorado veteran it wil e a real home coming!

Mr. and Mrs. W. O. Alexander returned Tuesday night from Houston where they had gone for a visit with their son W. O., Jr. They report that he will probably be discharged from the navy next Saturday. Present plans call for his being flown to Eldorado in a navy ambulance plane some time during the day Saturday, but a definite time has not as yet been set for the flight. They will be advised later as to the time of his arrival.

This will be Ollie's first visit to Edorado in nineteen months and it is needless to say that his famly and friends will be delighted to have him home again.

ROY DAVIDSON SELLS STATION TO A. C. JEFFREY

In a deal closed Monday, Roy Davidson sold his Gulf Station adjoining Cameron's to A. C. Jeffrey, Station.

Mr. Davidson does not state what for food to go on the train also. his plans will be, but he still has ranching interests in Schleicher Co. and will continue to live on his place, which is stocked with sheep.

Mr. Jeffrey has been connected with stations here for several years and recently has been employed by Ernest Finnegan, Gulf consignee.

ENGAGEMENT ANNOUNCED

Announcement has been made of the engagement and approaching marriage of Miss Ava Lou Tubb, daughter of Mr. and Mrs. A. M. Tubb of Robert Lee, and Vincent Hanna of Yazoo City, Miss., who is employed in Robert Lee. The weddng will take place Nov. 21.

Miss Tubb is a niece of Mrs. Ma-Robert Lee for her niece last Fri-

It is emphasized that about three quarters of the needed \$15,000 will be raised before any definite architect's plan is accepted or the of the members have adopted a tithing program to help put the drive over.

SEVERAL ACCIDENTS HERE ARMISTICE DAY

Several car accidents, none them serious, occurred here Nov 11. The rear end of the Dendy car was badly damaged when a large truck rammed into it near the ball park Tuesday afternoon. Mrs. Dendy and two children who were riding in the car, were shaken up, but not injured. The car was taken to a garage for repairs. Mr. Dendy is with the Southern Geophysical.

Two cars were slightly damaged about 8:00 Tuesday night when car driven by local boys ran into the rear bumper of W. M. Patterson's car, parked in front of the Cameron Lbr. Co. No one was hurt in the accident.

Mrs. E. Garcia, a resident of the Latin-American community, received painful cuts and bruises when the door of the truck in which she was riding with her husband "Dogie" Finley was then intro- came open and she fell to the pave

Director Arrives For Cornzapoppin Big Legion Show

Surfacing Under Way On Menard Highway

Menard people who want to spend Christmas in Eldorado will probably be able to drive through on the new highway, according to present indica-

Excellent progress has been made on the road, due to favorable weather and the minimum of setbacks. Most of the dirt work has been done and much of the sub-grading completed.

Surfacing is proceeding from the Menard end, with crews working west toward Eldorado. Favorable working conditios will bring completion of

the road on or before January

CROWD ATTENDS BIG OPEN HOUSE AT FLOWER SHOP

Approximately 150 visitors called during the afternoon when Mrs. O. L. Woodward held open house at the Eldorado Flower Shop Sunday.

Visitors who were shown through the flower shop saw an attractive display of assorted pot plants, cut flowers in their cold storage vault, an assortment of artificial Christmas sprays and wreaths in various sizes, and dainty Christmas lapel corsages.

The glass-enclosed greenhouse was well stocked with bulbs and growing plants of all kinds,

Mrs. Woodward was assisted in entertaining by her daughter, Mrs. R. L. Nolen, and Mrs. J. T. Otterbury. Refreshments of cocoa and cookies were served to the visitors. and each lady who called was pre

sented with a pot plant. The Eldorado Flower Shop was opened last May 26, and the greenhouse added since that date

Business Activity Same As August

Business activity in Texas during September remained practically unchanged from August, according to the composite index compiled by the University of Texas Bureau of Business Research.

Each of the three summer months showed an increase over the preceding month, and both July and August set new highs for postwar business activity.

The bureau's index declined slightly during September, but the dip was not enough to be considered a significant change from the August level. Adjustment for seasonal variation has removed from the data the effect of the traditional "summer slump", which is particularly noticeable in retail trade

Practically all of the setback in the composite index of Texas business activity was a result of the per cent drop in department and apparel store sales. Crude runs to stills, electric power consumption, freight carloadings, and employwhile the pay roll index declined fractionally.

Farm income continued to lend neavy support to the situation, with the total of cash income for the sale of farm products estimated by the bureau to be \$221,029,000 in ducts show no signs of dropping since his attack of polio. from their present high levels.

In a situation that resembles 1920 in so many ways, there is surprisingly little protest on the part seems to be having very little ef-

Miss Alice E. Burk arrived Saturday to start work on the American Legion show, "Cornzapoppin" which will be presented on Nov. 20 and 21 at the high school auditorium for the benefit of the building fund and Christmas treats.

Miss Burke comes to Eldorado well recommended. She holds a degree from Lindsborg College and has been interested in Little Theatre work. In addition she has had special training on this particular production.

In an interview with Miss Burke she said, "I am most enthusiastic over the possibilities for an outstanding show here in Eldorado. Everyone seems so friendly, and I know I shall enjoy my stay here." Miss Burke met with Arthur Tree, Don McCormick and Pat Joiner, all active members of the organization, and rehearsals started at once.

"Cornzapoppin" has the unqualified recommendation of many other towns where it has played. The organization is confident that this production will be a worthy addition to the entertainment season.

A baby contest is being held in conjunction with the production, 'Cornzapoppin'. It's one cent a vote, -and who will be the winner in this newest of contests that has the whole town talking? The conestants in this clever contest are up to six years old and are sponsored by the leading merchants. There are prizes, honors, and plenty of fun connected with this unusual contest. The winners will be presented and awarded prizes on the stage at the Friday night show. Standing of votes will be posted each day in the City Variety Store lisplay window.

Remember, the show starts both nights at 8:13 p. m.

Angelo Fire Chief Here Wednesday

Fire Chief Tom Biggs of San Angelo was through here Wednesday and visited with Palmer West and others. He sold first aid fire extinguishers to the following: E. H. Topliffe, Charlie Trigg, Pete Parker, city of Eldorado, and REA.

These extinguishers are of two types, carbon dioxide and carbon tetrachloride. He also left some extinguishers with Fire Chief West to be sold. Mr. Biggs has been with the San Angelo fire department for 19 years.

NEW TEMPLE?

At an enthusiastic meeting of Masons, who held a banquet Thursday night at the First Baptist Church, tentative plans were made for a new Masonic Temple. Definite decision on the question. appointment of committees and oth er building plans may be made by the Masons, at their regular meeting tonight.

ILL AT SAN ANGELO

At Ozona Meeting

Telling of her experiences at World Youth Conference held Oslo, Norway last July, Miss Janet sliding windows this week, in pro-contraction for taking over of the enodist Conference to the Oslo meeting, addressed a group of approximately 150 young people, their leaders and visitors at a Methodist Youth Fellowship sub-district meeting in Ozona Monday night.

The evening program, preceded by a supper served by the hostess church, opened with a prayer by the Rev. H. M. King of Ozona, and a song service. This was followed by a business session with Charles Cusenberry of Sonora in charge, assisted by Sammy Perner, Ozona MYF president. The nominating committee presented the following sub-district officers for election: president, Nina Smith of Sonora; vice-president, Kerry Tandy o Ozona; secretary, Bitsy Chalk of Sonora; and treasurer, Patsy Taylor of Eldorado. Commission chair man and their adult advisors from Eldorado are: recreation, Lewis Wilson and Palmer West; world friendship, Myrta Bob Harper and Mrs. Reuben Dickens.

The young people's department of the First Baptist Church held their monthly class meeting and their monthly class meeting at the Methodist work there. An additionate of the Methodist work there and the methodist work there are added to be sent to Poland for use in the Methodist work there. An additionate of the method of travelling expenses, will be added to this. It was voted to have the ertainment which included games, next sub-district meeting in Eldorado on Dec. 14.

"Life is a desperate struggle for young people in the countries of war torn Europe," Miss Christley stated in telling of her experiences at the World Conference in Oslo ford making the highest grade of 70 different countries, gathered to second with 87 plan and play together.

"The Polish Methodist Church has grown in membership since the war to five times what it was before that time," she said, explaining this by the fact that those people are ready for Christianity as never before, and are looking for guidance to the Christian people of America. Boxes sent through CA RE and other relief agencies mean ife to these people to whom the price of a suit or dress, and to many even a loaf of bread, is far beyond the reach of the majority of the working class. Bread in Nor-way and Poland sells at \$1 a loaf, \$400, shirts at \$40 and woolen goods about \$70 a yard.

"America can lead and guide the world as she has never done before, They are looking to us for help, our property.—Mrs. Myrtle Wil- and are deeply grateful to us for any relief sent them," she went on. In her travels through seven European countries, Miss Christley found this gratitude expressed by the people, many of whom told her of the Sam E. Jones Ranch. See me in broken English or in native or S. E. Jones, Jr. before entering tongue their thanks to the American people for the "warm clothes sent me, and the food to keep my

babies from starving." It is Miss Christley's belief that packages of food and clothing can do more to build good will between thanks and appreciation to our those countrties and America than all of our government conferences, and she stressed the fact that the young people can play a great part n helping to rebuild their faith in

Christian ideals and humanity. Attending the Ozona meeting from here were Lilla Jean Ellington, Patsy Taylor, Jonnie Lee and Carol Lynn Dickens, Mrs. Reuben Dickens, Lewis Wilson, Jr., Earl Lloyd and the Rev. F. B. Faust, who pronounced the benediction at the close of the service.

Mr. and Mrs. H. T. Bird spent Nov. 11 visiting with her parents, Mr. and Mrs. A. J. Atkins.

Mrs. Dan Marshall of San Angelo visited Monday night and Tuesday with her mother, Mrs. John Rodgers.

Mrs. A. E. Prugel and danobt-Nancy of Sonora visited Sunday and Tuesday with Mrs. Prugel's mother, Mrs. J. E. Tisdale.

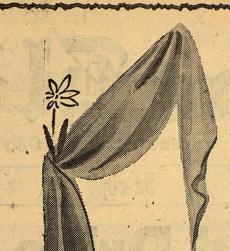

Ollie Fay Jeffrey, who recently completed a beauty course in San Angelo, went to Austin to take her state board examinations on Mon-NOTICE-The Farmers Gin of El-

dorado will not do any ginning after Saturday, Nov. 15. It will reopen for two days ginning on Nov. 25 and 26 to close out the season.1* Corene Morris, Carr Studio employee, has returned from San Angelo where she spent several weeks taking a course in re-touching.

Mrs. Billie Childress and children of Ozona spent the week end recently with her parents, Mr. and

Mrs. Jess Koy. Mr. and Mrs. P. W. Hazelwood, Mr. and Mrs. Vernon Hazelwood and Mr. and Mrs. H. L. Hazelwood visited Saturday and Sunday in Austin with P. W. Hazelwood's sister, Mrs. Rebecca Herring, who has been ill. They found her condi-

tion somewhat improved. Mr. and Mrs. Fred Watson have returned from Houston where Mr. Watson attended a Shell Labor Council meeting.

District Conference Held Thursday At **Methodist Church**

"One World, One Gospel", was the theme used by Dr. D. Emory Hawk of Dallas, when he addressed the San Angelo District Conference which convened at the Sponsors for the program are Supt. Methodist Church here last Thursday. More than 200 pastors and delegates, including approximately 35 young people, attended the allday meeting.

This was the first time that the conference has included youth delegates, and under the leadership of Mrs. L. K. Brown of Mason, district youth chairman, the group formed a district organization which will meet twice each year in connection with the adult conference. Officers were elected and a Youth Rally planned for an early date following the close of the Youth Conference at Cleveland in

Other highlights of the day's neeting included a talk by Miss Janet Christley, delegate to the recent World Youth Conference in Oslo, Norway, who gave her experiences and high points of the meeting. Mercer Slaughter, young high school student at Brady, dedicated his life to the Christian service, and announced his intention

Discussions on the Mission, Edcommittee meetings were held with the various leaders in charge.

The Rev. F. H. Hamner, district superintendent, was present, but did not preside at the conference as he is recovering from a recent illness.

Out of town delegates were served luncheon at the West Texas Cafe, and the Eldo Hotel.

Mr. and Mrs. Wendell Yates and children from San Angelo visited the first of the week with Mrs. Charlie Mund and other relatives

Mrs. John Deaton of Comstock has been visiting here with her daughter, Mrs. Lewis Wilson and

Help Stop Spread Of Disease, Says State Health Officer

It is the duty of every citizen, young and old, to help in preventing the spread of disease. Every man, woman and child in Texas has a personal obligation to keep as well as possible, and to protect others from illness. Even the kinder-garten age child can be taught to cover a cough or sneeze, to help in preventing the spread of colds or other infectious diseases that start with the symptoms of a cold.

Dr. Geo. W. Cox, State Health Officer, emphasizes the fact that the local health officer can do little to break the chain of communicable diseases in the community if he does not have the whole-hearted

support of the people. Every case of illness that looks suspicious of Refreshments were served by the being a communicable disease leaders. should be promptly reported to the health officer. Physicians report to the county health officer the cases of communicable disease they diagnose as such, but parents often fail in this duty. The local health officer cannot institute control measures if he is not informed of cases, or suspected cases of communicable diseases.

Some signs and symptoms which often accompany communicable disease are: red and running eyes; running nose; coughing and sneezing; dizziness or faintness; swelling about the neck; sore throat; unusual paleness; earache or running ears; feverish appearance; rash; nausea; vomiting or diarrhea; irritability or other change in normal behavior and appearance.

Help to prevent the spread of ommunicable disease in your neighborhood by observing correct health practices, and reporting promptly any appearance of suscious symptoms.

NATIVE SHRUBS BEST ADAPTED TO LOCALITY

A native of an area is usually considered hardier than a newcomer because he is adapted to the climate and country.

The same principle holds true for shrubbery. Native shrubbery is generally dependable in growth where some imported stock may have to be pampered to get a good

During fall months, before frost causes leaves to fall, is the time to hunt native shrubs. They can be marked for transplanting later or very tiny plants, a few inches high and taken with an unbroken fall of soil, can be transplanted into cans or cardboard boxes and never show hat they've been moved.

Give transplanted native shrubery the same surroundings they had where they were found growng. Some shrubs like half-shade, while others need full sun. Some thrive on thin soil, and others need leep rich soil.

There are many native hardy plants which give year-round beauty. Ornamental native plants can often be found at local nurser-

Jeffrey Gulf Station

In the last conference game of the season the Eldorado Eagles were defeated 7-6 in a hard fought game by the Junction Eagles on the Junction field before 3,000 fans e Junction team struck first way in the second quarter on a long pass to Brite who took the pass standing over the goal for the score. The conversion was good. The Eagles' scoring thrust came on a pass interception in which Stanford raced 45 yards for the score. The conversion attempt was miss-

ed leaving the score 7-6. In the last four minutes of the fourth quarter, the Eldorado Eagles taking the ball on their own 15 yard line started a drive that carried to the Junction 2 yard line where the Junction team held on downs. Mund did the brunt of the ball carrying making runs of 35

and 40 yards, respectively.
Statistics favored the Eldorado team as they made 10 first downs to the host team's six and completed 4 of 5 passes to Junction's 1 in 8 tries. The Junction team made the most yardage on the ground to lead in that department.

B Team to Play

The B team will play a game with the Ozona B team at Ozona Saturday at 2 o'clock. This will be the who will play on the Eagle team work up a land use capability table against Ozona are the boys who will compose the main team for the possibilities of that particular acmeans of bringing the land and its Eagles next year.

Mr. and Mrs. Ralph Allen entertained most of the high school students and some of the grade school at a special assembly in the auditorium Monday at 9:30. They took the audience behind the scenes of radio and showed them how sound effects are made. They illustrated three methods of imitation, manual effects, and transcription. Some of the examples used were bird calls, thunder storms, horse hooves, and footsteps in the snow.

Lions Entertain

The Lions Club entertained the Clty of the Eldorado schools with a banquet Monday night in ified as to the present condition of cally acting as a sponge to soak up the high school gym. RANCH SOIL CONSERVATION PROGRAM" By J. Forrest Runge

In working up a soil conservation program for a ranch (by ranch mals sustain themselves by grazfrom all others and is treated individually

Aerial photographs aid in studyiing the topography and proportion of grassland to brush (principally live oak, shin oak, and mesquite in our section of Texas). Soil studies are also made of the

entire area. The physical studies of the ranch completed, the soil, the topography, the amount of brush grassland, all must be studied;

the various grasses. With the aid of a technically trained conservationist, the different parts of the ranch are class. -excellent, good, fair and poorconditions. This information is the basis for deciding what rates of what conservation practices are needed to improve it. The four condititon classes are described as follows:

1. Excellent condition is applied to a pasture that has been lightly grazed in the past. It has been demonstrated that proper use is better than no use at all to obtain the best livestock feed. To be placed in this class the range should be well covered with a luxuriant growth of a large variety of the best grasses, such as: little bluestem, winter speargrass, buffalo grass, mesquite grass, tall dropseed, feather bluehairy grama, and tobosa grass.

Jpon observation it will wise old owl and a "jolly, jolly ed that only the most palatable grasses are grazed and in some portions of the area may not even be touched.

It might be interesting to say here that these are considered the best grasses because: (a) they are more palatable, (b) they contain larger quantities of the desirable food elements, (c) they cure out well, and (d) they produce more

Unfortunately, ranchers in this catagory are scarce.

2. In condition class good, which use and still leave plenty for litter. The less palatable plants have been tice some of the less valuable plants, such as sand dropseed, hairy

le grass appearing. Ranches in this class are not uncommon although they may be borderline cases right now due to the sub-normal rainfall for the last three years. In times like these, some supplemental winter feeding

Practically all of our grasses are summer growing and our green winter feed consists mainly of winter weeds so it naturally follows good weeds are found on ranges of corresponding good grass covered

3. Conditioin class fair is considered heavily used. The best plants are conspicuously absent-might rarely find one in a protected thicket. All plants show too heavy use and even abuse. There are more kinds of undesirable plants showgrades of the Latin-American ing up such as more needle grassschool and their teachers visited the es, both annual and perennial Eldorado Grade School Wednesday weeds. The hardy turf grasses as afternoon to view the displays and buffalo and mesquite persistently exhibits in the various rooms which stay on but are short and weak. There is practically no growth left Night. The children were reported for litter for ground cover or plant anywhere in the city limits of Eldo most interested in the objects made to put out a large amount of supplemental high priced feed.

ten for the following speech on soil stock have become so weakened

4. If the range comes under the lowest condition class-poor or severely grazed-the operator had better get his neighbors to ask de-Conservation Distrtict, and is liverance for him because he won't get much sympathy for himself and they might beseech his congressman to send him some relief.

knows just what condition his something about putting the livewe speak of a spread of grazing stock and the range forage in balland that is devoted to raising ance. In 99 out of 100 cases the 1st sheep, goats or cattle. These ani- move is a reduction in the number ing the native forage at their will proper rate of stocking can be es- that you can attend the sale, bid in pastures enclosed by woven wire timated, the proper amount of fencing) the first procedure is to grazing of each pasture each year reage. Each ranch unit is different management into equilibrium with environmental factors.

Where the best kinds of plants cover. It is imperative that at least 25% of the current year's growth be left on the stump. This is important; first, to allow the plants to retain their vigor and strength both above and below the ground surface and also to form seed, and second to leave residue enough to maintain a then comes the detailed vegetative live soil. By live soil is meant one study of the kinds and amounts of | that is teeming with bacteria, earth worms and decaying organic matter, biologically and chemically breaking down this material into available plant food.. And mechaniany precious rain that might fall and allowing it to penetrate into the ground and then when the sun comes out acting as a shade to retard evaporation by capillary at-

Proper distribution of stock water and sub-division of pastures are very common and helpful practices. Watering places too far apart and too large pastures not only cause stock to have to travel too far but the worse evil is that the area near water is overgrazed and beaten out and the outside

edge of the pasture is undergrazed. Pasture rotation is a good practice that is just now becoming popular. Short, heavy use with an alternate recovery period seems to be more satisfactory than moderate regular use. The feeding habits of sheep make this practice parti-cularly applicable in their man-

Deferred grazing is especially recommended for ranges that have been severely used-more of it shouldd be done.

Certain areas of formerly good ranching country have become badly infested with the poisonous bitterweed. Too severe use for too long a period has created quite a hazard for those areas affected. So far rest or very light use has been the only satisfactory relief from this infestation.

Prickly pear, cedar and mesquite brush elimination are practices that have helped soil and range re-

Up to date artificial reseeding or introduction of new species has been discouraging. It seems that nature has been unusually bountiful to this vicinity as a natural livestock area so instead of abusing our natural resources as we hav done before, if we show our appreciation a little more by giving her a chance, we will all get along bet-

Therefore, just keep on hoping and praying for timely rains and we won't need subsidies and pari-

WEDNESDAY BRIDGE CLUB

Mrs. Joe Ed Hill entertained the Wednesday Bridge Club with a luncheon and party at her home this week. Prizes were awarded to Mrs. Leslie Baker, high, Mrs. W. M. Whitten, high guest, and Mrs. J. C. Ratliff, bingo. Those present were Mmes. W. R. Bearce, Baker, Carroll White, Jimmie West, Jack Shugart, Ratliff, Charlie Trigg, C. C. McLaughlin, Edward Meador, members; and Mrs. Pat Finley, Mrs. Elmer Peters, and Mrs. W. M. Whitten, guests.

THE ELDORADO SUCCESS

4,000 Buildings Offered For Sale

At Camp Bowie "Fair, fast and final" is the way the new type on-the-spot sale of 4,000 buildings, offered to every-body, at Camp Bowie is described by War Assets Administration's office of real property disposal. The sale will be held on Nov. 18, 19 and 20 with inspection dates set for Nov. 10 to 17, excepting Saturday

and Sunday.

WAA officials amplified the "fair, fast and final" features of the sale as follows: fair, in that you So now since the cooperator have same chance as your neighbor to buy these buildings, as all range is in, it is time to start doing awards will be made to the highest acceptable bidders. Whether you want one building or a hundred buildings, your chance of getting what you want is the same as the of livestock. Although the average other fellows. Fast in the sense pay and carry your purchase away on the same day. Final in that al sales are on an "as is, where is basis, subject to WAA rules and means of bringing the land and its regulations and terms and conditions of sale.

Buildings offered in this sale in clude barracks, recreation, supply occur with good vigor the highest administration, storehouse, offi-per cent of growth can safely be taken and still leave ample ground nance buildings, hutments and various other types. All structures are to be removed from the camp site by purchasers.
