NUMBER 10

ANNUAL SESSION OF FARM GROUP IS HELD HERE

Special recognition was given Mr. and Mrs. Jack Wade, who have completed payments on their farm under the F. O. plan over a period of 7 years, at the seventh annual meeting of the Farm Home Administration Farm Ownership group here Wednesday, D. O. Sullivan, area supervisor, was in charge of the meeting.

The program under the direction of Chairman Marvin Logan opened with the call to order and an introductory address by Logan, who gave a brief history of the program, describing its benefits and what it had meant to him. Other members of the program committee assisting him were Mrs. Bob Faught and Mr. and Mrs. V. Sudduth.

Sullivan, in his address, reviewed last year's business session, and gave the progress of the past year. As in the previous year, he described the anniversary as a milestone in the lives of the borrowers, who have already, or will soon, own the farm land which they purchased in 1941 and 1942. Originally ten families were under the FHA plan in Schleicher County, four having bought their land in 1941, and six in 1942. One of these, the Phillips farm, has been sold outside the program since the first of the year, and the Jack Wades have paid for their place, leaving 8 families still under the program.

Following Sullivan's address, a general discussion was held by the group with Bob Faught, FHA member, and Joe B. Edens, committee member, leading.

The families under the plan borrowed money from the FHA (then called the Farm Security Administration) with provision for repayment over a period of 40 years. All of these families are on schedule or ahead of schedule, Sullivan told the group.

Sullivan presented the following summary with the figures representing the county average: number of payments due including this year: six; average loan \$1790; annual schedule payment \$609; debt other than farm ownership, end of year, \$304; net worth gain or loss, \$1980; total cash income, \$5598; total family living expense, \$1099; total farm operating expense, \$2448; net cash income, \$2051; net debt repayment, \$389; capital expenditures, \$655; farm ownership payment, \$2675; retained as additional cash operating capital, \$65; percent of total cash income, used for family living expense, \$20; percent of total cash income used for farm operating, \$43; percent of total cash used for net debt replacement, \$7; percent total cash income used for capital expenditures, \$12; percent of total cash income for farm ownership payment, \$17; percent of total cash income for additional cash operating capital, \$1; no scheduled payments made this year, 4.23; amount ahead or behind schedule, \$3471; cost of medical care per person, \$29; cost of food per person, \$112; value of farm produced food per person, \$173.

Following a basket lunch at noon a movie, "Pan American Highway," was shown to the group by Supt. C. A. Reynolds. A social hour and election of next year's program committee concluded the day's program.

Schleicher County committee members for the FHA group include Joe B. Edens, Gene Edmiston and Marvin McDonald.

Vernal Sudduth was elected as chairman for next year's program, and chose the following to assist him: Mrs. Wesley Garrett, Mrs. Jack Wade and Slim Boyer.

MRS. RAMSEY RETURNS HOME FROM HOSPITAL

Mrs. J. D. Ramsey returned home Saturday from San Angelo where she has been since Wednesday of last week, following a car accident at Caddo and Washington streets in San Angelo, in which Mrs. R. A. Evans sustained a fractured left ankle.

Mrs. Evans' condition is considered to be good, and Mrs. Ramsey, although not injured in the accident, is recovering from shock and a nervous condition.

Mrs. Ramsey was accompanied home by her son, Seth Ramsey and wife.

Miss Turner Goes To Fredericksburg

Miss Mollie Turner leaves this week for Fredericksburg to enter a hospital where she expects to make an indefinite stay. She has given up her music class here because of bad health, and hopes to find treatment which will be beneficial to her at Fredericksburg, where she has many friends made during her teaching years. She is placing her residence on the market for rent and has sold some of her household goods.

Irl Allison, head of the National Guild of Piano Teachers, of which Miss Turner is a member, pays this tribute to Miss Turner:

"We are saddened over the idea that you must give up your class and bow to the inevitable that awaits us all. We are sure that your bow will be as graceful and full of charm as your wonderful career as a piano teacher has been. No one could have done a greater service to the cause of music than you have done. I am proud that I was privileged to grow up in the part of the state of Texas where you were the first teacher of piano and that through you I received my beginning. When I shall also approach the end of my life as a musician and educator I shall then as now be grateful to God that I fell under the influence of that grand missionary for music, Miss Mollie Turner.

"Your work will go on to the end of time, as we who have known you pass on your splendid example to those who will come after us. So dear friend, your career of service has just begun while we work on inspired by your direction."

4-H BOYS EXHIBITING STOCK IN SAN ANGELO

The Schleicher County 4-H Club are exhibiting four Angus calves, two Hereford calves and 30 fat fine wool lambs and 8 cross bred lambs at the San Angelo Fat Stock Show which opened today (Thursday).

The stock was moved to San Angelo Tuesday, W. G. Godwin, county agent, will be in charge of the group.

Showing Angus calves are Arthur Mund, Jr., one calf; Charles Jackson, one calf; James Alexander, two calves.

In the Hereford division are Henry Speck, one calf, and Charles Sudduth, one calf.

The following boys will exhibit the 30 fat fine wool lambs and the 8 cross bred lambs: Albert Thigpen, Earl Lloyd, Harold Lloyd, John W. Ballew, W. S. and Bud Ivy.

WILLIAMS HATCHERY MOVES

Mrs. George Williams has leased out her business building in Eldorado and has moved her hatchery back to her place on the Eldorado-Sonora highway. She is already operating her hatchery there.

County Agent Column

What's ahead for the cotton farmer? Under supply and demand are summarized favorable and unfavorable comments that will affect the price of cotton.

Supply
Favorable: 1. U. S. supply of cotton for 1947-48 season about 12% smaller than last year, smallest since 1923-24. 2. 25% less planted seed used in Brazil for 1947-48. Crop mechanization in that country slow. 3. Big acreage increase likely in U. S. National production goal is 103% of 1947 acreage. 4. U. S. planting seed supply and quality is improved over 1946-47. 5. Machinery, attachments and repair parts increasing. 6. Insecticides adequate.
Unfavorable: 1. World production expected to be a sixth larger in 1947-48 than in 1946-47. 2. Fertilizer supplies up 3% but still below demand.

Demand
Favorable: 1. World mill consumption about like 1947-48. 2. World carry-over down and 1947-48 supplies below last season. 3. Foreign cotton prices about same as last year. 4. Consumer income in U. S. highest on record. 5. U. S. population increasing 2 million annually.
Unfavorable: 1. Synthetic fiber production on increase in 1948. 2. Estimated 1947-48 exports smaller but in line with season's supply. 3. U. S. prices slightly lower for '47 crop than for 1946. 4. Domestic mill consumption lower in 1947-48 than in 1946-47 peace time high.

PRESBYTERIANS APPOINT COMMITTEE TO WORK OUT PLANS FOR EXPANSION OF THEIR CHURCH PROPERTY IN 1948

A series of extensive improvements which will include an enlarged and renovated church and a new educational building will receive the attention of members of the Presbyterian church this year. A building and finance committee, composed of Tom and Sam Jones, Joe Edens, Edwin Jackson and W. M. Patterson are collecting donations toward the building fund, and hope soon to have sufficient money to make a start.

The Sunday School building will receive attention first. It is tentatively planned to include an auditorium about 60 feet long, seating 150 people, and seven or eight classrooms, the exterior finish to match the church and parsonage. The church can hold all of its services there while the church building is renovated, members point out.

It is planned to extend the church 12 feet back of the pulpit, providing a choir room and loft behind the pulpit. The rooms at the street entrance will be taken out, and a new entrance built, thus allowing use of that floor space for the auditorium.

Members hope also to buy new pulpit furniture, new pews, new carpet, and Hammond organ, and to re-decorate the entire interior, including installation of cathedral type Gothic windows.

While plans to date are tentative, church officials state that they hope eventually to carry out all of the above-mentioned phases of the improvement program.

Clarks Are Injured In Roswell Accident

Mrs. Alton Clark and two daughters, former residents of Eldorado, were involved in a car accident recently in Roswell, N. M., according to word received by friends here. The Clarks have had ranching interests in this county and are well known here.

Mrs. Clark and daughters were riding in a 1947 Buick, which was hit broadside in Roswell by a 1947 Ford sedan. Both cars suffered heavy damage in the collision.

The Clarks and a passenger in the other vehicle were all hospitalized. Mrs. Clark was hit in the right eye by a piece of glass, but it was not known whether the eye was damaged. The elder daughter, Caroline, age 10, has a broken collar bone and a cut on the right leg; and Prissy, age 9, has a broken finger and a slight concussion. They are living at present at 209 W. Seventh in Roswell.

LEGION TO MEET

There will be a Legion meeting Thursday, today, at 7:00 p. m., in the courthouse. All Legionaires are urged to attend.

NOTICE

Members of the Pioneer Club who meet for Square Dancing on Friday evenings, are requested to meet this week tonight (Thursday) instead.

COUNTY GIVES CONTRACTORS THE AIR AND PUTS BULLDOZER TO WORK TUES. ON SCHLEICHER RECREATIONAL BLDG.

Schleicher County folks don't like to be pushed around!

They chose Texas Independence Day to assert their independence from all contractors, and started excavations Tuesday for the basement of the county recreational building, using county equipment.

Manned by county employees, with County Judge C. L. Meador following in its wake, the county bulldozer went into action Tuesday morning, on location between the courthouse building and the Presbyterian Church. Excavating for the basement will require quite a few days, state county officials, who expect to keep the equipment going until the hole is dug.

As now planned, County Judge Meador and the commissioners will supervise the job, and will serve as the purchasing agents for the project, with Way King as head carpenter. The county will pay for labor and materials from the \$50,000 voted for the center last year.

Officials in charge, knowing that the job is a big one, that weather is uncertain, and that materials are still scarce and high, make no promises concerning a date for the grand opening. They do state that they expect to push the job through and HOPE to have it completed in five or six months.

The county will do the building with the intention of saving enough money to put up the structure as originally planned, contractors having bid about twice that amount.

"We're going right through with it, just like the voters wanted it—and we can only HOPE that the money will reach," explains the Judge.

The plans call for a main building, with basement floor housing Lions club room and kitchen, and a boys' recreation room; and a main floor with auditorium, sixty feet long, and Legion, ladies' club and library rooms. The exterior finish will be white brick or Austin stone.

Caretakers' rooms, walks, landscaping and swimming pool, all included in the original plan, will be built after the main building is completed, unless the county purse is emptied before that time.

Janitor Doyle has had some additional work to do on the court-house grounds, in preparation for breaking of ground. Some of the shrubbery has been moved, and part of the fence has been torn down, the remaining part to be moved in a few days.

Included herewith is a picture of Schleicher County courthouse, center of Schleicher County activities. The new recreation center is to be located at the right, the jailhouse at the left completing the set-up.

Funeral Services For Mrs. Mapes Friday

Funeral services for Mrs. Ida Mapes, 50, who died in a San Angelo hospital at 8:10 a. m. last Thursday, were held at 3:00 p. m. Friday from the First Methodist Church in Mertzon, with Rev. Roy B. Schilling, pastor, officiating. Burial was in the Mertzon cemetery with the Cox Funeral Home in charge.

Mrs. Mapes, who was manager of the Mertzon telephone exchange, formerly lived in Eldorado and in Christoval, and had been a resident of Mertzon for the past several years. Her husband, the late George Mapes, died a few years ago.

Survivors include three daughters: Mrs. Delbert Edmiston of Eldorado, Mrs. R. T. McDaniel of Ozona and Mrs. Claude Roth of Rapid City, S. D.; the parents, Mr and Mrs. T. J. Lassetter of Mertzon; four sisters, Mrs. A. B. Smithwick and Mrs. T. L. Jones of Mertzon, Mrs. Lee Hill of Christoval, and Mrs. Lewis Deats of Brownwood; three brothers: Burl and Elbert Lassetter of Abilene and Arthur Lassetter of Mertzon; and three grandchildren.

Among relatives and friends attending the services from here were Messrs. and Mmes. Joe B. Edens, R. J. Alexander, John S. Williams, W. C. Parks Jr., William Jarrett, Gene Edmiston, Bill Edmiston, Arch Edmiston, Jack Halbert, Jr.; Mmes. W. F. Edmiston, Gratton Edmiston, Leslie Baker, W. T. Whitten, Ben L. Isaacs, Sr. and Miss Ruth Baker.

MRS. ISAACS HONORED ON 88TH BIRTHDAY

Mrs. A. L. Isaacs was honored on her 88th birthday when her daughter, Miss Nettie, entertained with open house from 1:00 to 5:00 Monday afternoon.

Approximately 58 friends and relatives called during the afternoon to pay their respects to the pioneer citizen, who had looked forward to the event for some time. Among those calling were many old time friends nearing the same age as the honoree, who thoroughly enjoyed talking with her. Only two members of her immediate family were able to be present, a son, Will Isaacs, and the daughter, Miss Nettie.

Mrs. Isaacs received a large number of gifts as well as a shower of greeting cards. Among them were letters from all of her children not able to be here.

The hostess served cake, tea and coffee from a lace covered table decorated with candles, spring flowers, and the white birthday cake, which Mrs. E. H. Topliffe had decorated for the occasion.

Cut flowers used on the table and in the room were sent by Mrs. C. C. West and Rev. and Mrs. J. M. Hays.

Mr. and Mrs. Bob Faught returned Tuesday night from Temple where they have been at the bedside of his mother, Mrs. W. Faught of Lampasas, who has been quite ill. Her condition is reported to be improving. Other children from Eldorado who have been with her include a son, Milton Faught, and a daughter, Mrs. H. A. Belk.

Truett Stanford is exhibiting a pen of Corriedale sheep at the San Angelo Fat Stock Show this week. He will be accompanied home by his sister, Mrs. Joe Lawrence and baby, who will visit her brother and family and her father, S. L. Stanford.

The Hammond Electric Organ for the Methodist Church will probably arrive between March 8 and 20th, according to word received by Rev. F. B. Faust this week.

Myrta Ann Topliffe was able to return to school Wednesday after suffering from an ear infection. A sister, Martha Ellen, is also improving from a severe cold. The two little girls celebrated their 7th and 4th birthdays Monday, having the same birth date.

Glenn Ratliff and family of Monahans spent last week end with the Jack and Carrol Ratliffs here, and on Sunday, the group went to Ozona where they joined other members of the Ratliff family in celebrating J. L. Ratliff's birthday.

Jim Martin of Sonora is in Eldorado this week, sanding and varnishing the floors in the Fred Gunstead house.

AGED WOMAN PASSES AWAY; BURIED TODAY

Mrs. J. B. Bursleson, for over 60 years resident of Ft. McKavett, died in Eldorado Wednesday, Mar. 3, 1948, after a lingering illness.

Funeral services were held today, Thursday, at 4 p. m. at the Ft. McKavett community church, conducted by Bob Copeland, minister of the West Side Church of Christ, and interment was made in the cemetery at Ft. McKavett. Grandsons were pall bearers.

Effie Inez Felton was born Aug. 22, 1867, in Norfolk, N. Y., and at the age of 7 accompanied her parents to Texas, where the family established residence at San Angelo. She was 15 years old and living in that city at the time of the famous Ben Ficklin flood. When she was 25 she moved to Ft. McKavett, where she made her home until a year ago when she moved to Eldorado to occupy a new cottage which her sons built for her on a lot adjoining the Bursleson place. Since she moved here in March, 1947, she has been in failing health and for three weeks preceding her death had been critically ill.

On July 9, 1884, she was married to Thomas Garrett; to this union were born two children, Mrs. John Murr of Ft. McKavett and Aldie Garrett of Roosevelt, Texas, who survive. On Oct. 17, 1887 she was married to J. B. Bursleson; of the ten children born to this union, Ed, Milton and Minnie preceded her in death and the following survive: Mrs. Geo. Lehne, Ft. McKavett; Albert Bursleson, Portales, N. M.; Jim L. Bursleson, Sheffield; Mrs. Henry Wyatt, Sonora; Mrs. Sam Nance, Marfa; Willie and Bert Bursleson, Eldorado. In addition to her nine living children, 29 grandchildren and 24 great grandchildren survive.

At the age of 16 she was baptized by Minister Potter of San Angelo, and retained membership in the Church of Christ until her death.

All of the children are here today to attend the funeral.

FIVE VISITORS PRESENT AT LIONS CLUB MEETING

Five San Angelo business men, representing various civic organizations, were present at the regular meeting of the Eldorado Lions club Wednesday. The visitors were here in the interest of the Boys Ranch, and the principal speaker, representing San Angelo High School, spoke on the benefits of the ranch for boys, and the need to interest surrounding counties in this worthwhile project.

Mr. Robertson also spoke on the Lions Carnival which will be presented soon for the benefit of the Lions Club camp.

President W. C. Doyle appointed the following committee: Jimmie West, J. H. Mace and Joe Edens to investigate the possibility of extending the highway to the west. It was reported that the membership contest had closed with the two teams each securing three members each, making the contest a tie. Several visitors were present.

BOOK REVIEW TUESDAY

The Woman's Club will present Rev. F. E. King in a book review Tuesday afternoon at 2:30 in the Methodist Church auditorium. A tea hour will follow the review.

Mr. and Mrs. Jim Willoughby returned Wednesday from Weatherford where they took Mrs. Ann Sammons, mother of Mrs. Willoughby, for an indefinite stay with a daughter there. She will later go to Tulsa, Okla., for a visit with another daughter and family. Mrs. Sammons has been making her home with Mrs. Dora Oliver.

Gene Newman, son of the Frank Newmans of San Angelo, and a grandson of Mrs. W. H. McClatchey, was chosen as Tom Green Co.'s outstanding 4-H club boy, and was awarded a gold star signifying his selection at a meeting of the Kiwanis Club in San Angelo Tuesday. In this year's county show, Gene's Hereford calf was selected champion calf of the show.

Nig Calcote is much improved after a visit to a San Angelo hospital. He is taking treatment for stomach ulcers.

Baptist Women Have Day of Prayer Wed.

The women of the First Baptist W. M. U. met at the church at 10 a. m. Wednesday to observe the Annie Armstrong Day of Prayer for Home Missions. Theme for the day was "His Message, Our Mission". Each circle of the organization was responsible for one part of the program.

"Message of Love", rendered by circle 1, had Mrs. Ed Finnegan as leader and Mmes. Williams, Ramsey and Spencer taking parts. Circle 2 gave the second program entitled "Message of Faith", with Mrs. W. T. Whitten as leader and Mmes. Raliff, McLaughlin, Cheek and Edgar Spencer discussing the work among minority groups in the U. S.

Circle 3 gave "Message of Hope", telling of various phases of work in the western states. Mrs. Richard Cheatham was leader and Mmes. Wagley, Watson, Stanford, Hoover, Kent and Miss John Alexander assisted. Mrs. E. W. Perry led the "Message of Courage", emphasizing evangelism, and was assisted by Mmes. Calcote, Nixon, Susen, and Archie.

The last program, on the day's theme, was led by Mrs. J. M. Hays and was a tribute to Miss Armstrong, with Mrs. J. A. Whitten taking the part of that leader and Mmes. Spurgers, Davidson, and Davis paying tribute to her life and work. The offering for home missions will be taken at the 11:00 service Sunday morning.

A covered dish luncheon was served at noon to about 30 women and 4 men.

Weekly Gospel Sermon

THE CHURCH OF CHRIST in Eldorado cordially invites you to all services.

Kenneth J. Arrington, Minister

LORD'S DAY BIBLE STUDY

(Cont'd from last week.)

(7) The use of uninspired literature in teaching:

The Bible text should be studied, and other literature is useful only to the extent that it helps to understand the Bible. Acts 15:20-21 shows that early Christians saw no difference between the written and oral lessons of a man. If a man is qualified to teach orally, what he writes will also be beneficial.

The comments and explanations of the teacher or preacher on the Bible text are uninspired, and if everything uninspired is ruled out and forbidden, then nothing but reading the Bible text should be permitted. And a step farther would be necessary: the original Hebrew and Greek manuscripts were inspired, but the translators of the Bible were not inspired, so if only inspired literature were allowed we could have only the Hebrew of the Old Testament and the Greek of the New Testament. English translations would be prohibited because the translators were not inspired men of God. The songs that we sing today are written by uninspired men. If all uninspired literature were excluded, then song books could not be used. Dictionaries could not be used for the definition of words, because they are not inspired. If the teacher memorized the definition of a word and quoted it to the people, he would be quoting uninspired literature.

The inspired word of God correctly interpreted and accurately understood is the only binding religious law. In religion other literature is useful only to the extent that it leads to correct interpretation and accurate understanding of the Bible.

In conclusion, the Bible is the will of God and it should be taught by every method and in every way that is open to us. This is our duty and is God's way of offering salvation to the world.

From where I sit... by Joe Marsh

How to Put Up with Women's Styles

When Will Dudley's missus finally gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were a slave to fashion... ought to dress to please their husbands and not style designers.

See finally reminded Will of his habit of sitting by the radio Saturday afternoons in shirt sleeves and old slippers, listening to the sportcasts with a mellow glass of beer. Suggested that maybe Will was a slave to comfort.

And Will admitted she was right.

Perhaps the way somebody dresses isn't always to our taste—just as Will's glass of beer may be another person's cider.

But from where I sit, those little differences aren't important—unless we go out of our way to make them so, by being hypercritical. As Will says now: "Well, anyway, those long skirts hide a multitude of shins"... and lets it go at that!

Carelessness Causes TB To Spread Says State Health Officer

"Carelessness and ignorance represent two of the most powerful factors in spreading communicable disease from man to man. No more emphatic example of this fact exists than the continued ravages of tuberculosis. In spite of the knowledge of its causes and spread, and of curative methods, tuberculosis is still a very serious problem not only in Texas, but throughout the U. S.," states Dr. Geo. W. Cox, state health officer.

"It is true that tuberculosis no longer is first on the list of killing diseases as it was formerly, but despite having been reduced to fifth place in Texas, it still is responsible for more deaths between the ages of 15 and 45 than any other disease. And this fact exists even though the majority of tuberculosis patients could have their condition arrested if it were recognized early and proper treatment applied.

"Treatment of the early recognized case is essential. It is of equal importance, from a public viewpoint, that the spread of this devastating infection be prevented. A more intelligent appreciation of this fact would result in the saving of thousands of lives."

When a diagnosis of active tuberculosis has been made, examination of all of the other members of the immediate family should follow as a matter of course. Tuberculosis runs in families, not because of any especial susceptibility to the disease, but because it is communicable, being usually transmitted through close and prolonged contact with the active case."

To reduce the number of deaths caused by TB, Dr. Cox suggests periodic examination of all adults, a check-up by physicians of the known active cases and contacts, regular examinations of high school children, isolation or hospitalization of the active tuberculosis case, and a more intelligent application of hygienic living principles

"It ain't fair!"

"There oughta be a law! Everything in our house runs by electricity—but this!"

Poor Butch has to do things the old mechanical, hard way. Mother has low-cost, dependable electric service to help her cook and clean, wash and iron and sew. Dad runs his razor, and his workshop, too, by electricity. In fact, the whole family enjoys light, comfort, and entertainment when Reddy Kilowatt, your electric servant, jumps to their service at the flip of a switch.

Never before has electric service done so much to make life comfortable for so little! Yes, in spite of high production costs, The West Texas Utilities Company furnishes residential consumers electric service at rates 17% less than ten years ago.

The skill and experience—the "know-how" and the efforts of your friends and neighbors in this company have combined to keep the price of electric service low—and its usefulness greater than ever before.

Mrs. Bolt Holds Open House Thursday
 Relatives from Eldorado, Mertzon, and Ft. McKavett attended open house for Mrs. Lottie Bolt last Thursday at her ranch home near Junction, complimenting her on her 72nd birthday.

Hosts at the open house were Messers. and Mmes Tom Owens of Ozona, Joe Maddux, W. E. Bolt and Owen Porter. Mr. Porter, ranch foreman, who with his wife and small son lives with Mrs. Bolt, assisted her in receiving guests.

Formerly Charlotte Tisdale, Mrs Bolt was born near Richmond, Va. on Feb. 26, 1876. She was married to E. E. Bolt on Sept. 20, 1893, in Menard County on her parents' ranch, to which they came in 1882 from Virginia. Since that time, she has made her home on the ranch established along North Llano River and Bear Creek by her late husband, a native of England, who died in 1930.

The table was laid with a linen lace cloth and centered with the white birthday cake flanked by blue tapers in low crystal candelabra.

Relatives alternated in serving, including Mrs. Cora Millar, a sister of the honoree, whose home is in Corpus Christi.

About 200 attended, including Mrs. J. E. Tisdale, Mrs. Joe Tisdale and Mr. and Mrs. V. G. Tisdale of Eldorado; Mr. and Mrs. R. A. Tisdale of Ft. McKavett, and Mr. and Mrs. Vester Hughes of Mertzon.

WEDNESDAY BRIDGE
 Mrs. Elmer Peters was awarded high guest prize when Mrs. C. A. Reynolds entertained the Wednesday Bridge Club last week in her home. Other prizes awarded were Mrs. Leslie Baker, high club, and Mrs. Archie Mittel, bingo. Refreshments were served to those mentioned and Mmes. W. R. Bearce, C. C. McLaughlin, Edward Meador, J. M. Christian, Carrol White, Sam Oglesby and Jack Shugart, members, and Mmes. Luke Thompson and John Williams, guests.

Mr. and Mrs. Earnest May of Hereford visited Monday in the home of Mrs. Rutha Boyer, Mr. May's cousin. The couple were en route to the coast for a fishing trip

Mrs. R. L. Ballew was among those attending a luncheon in San Angelo last week when Miss Oleda Schrottkey, dramatic consultant on the national council of Girl Scouts, spoke to Girl Scout leaders and other youth workers.

The second year home economics class under the direction of their instructor, Miss Mariellen Pepper, made an excursion down town Tuesday morning to see and examine the new electrical and gas appliances.

Mr. and Mrs. W. F. Edmiston drove to Ft. Worth during the past week end with Mrs. Rudy Spigarello and daughter who went on from there to Detroit, Mich., their home. The Edmistons also visited at the Methodist Hospital in Dallas with Joe Wagley and report that he is doing fine.

Mrs. J. E. Spencer reviewed the mission book, "Spiritual Frontiers" when the Bailey Ranch WMS met last Thursday. Ten members were present.

DAR Meets At Luedecke Home

The Eldorado Chapter Daughters of the American Revolution met in the home of Mrs. John Luedecke on March 2 with Miss John Alexander, vice regent, presiding. Mrs. Joab Campbell, chaplain, read the 1st and 2nd verses of the 12th chapter of Ecclesiastes as a devotional, followed by the Lord's Prayer in the language in which Christ spoke, Aramaic, translated as follows: "Our Father in universe, hallowed be Thy name. Come Thy kingdom, let Thy wishes as in universe so in earth. Give us bread our need today, and release us our offenses as also we have released to our offenders, and do not let us enter into worldliness but part us from evil (error); because Thine is kingdom, power and glory from ages to ages sealed in truth."

The chapter voted to donate \$2 to the Mexican school library, and Miss Kitty Buchanan donated \$5 to the March of Dimes, making a total of \$11.25 donated by the chapter.

The program was on "Conservation" with Mrs. Joe B. Edens using as her subject "Poverty or Conservation". She stressed the fact that the best way to fight communism is to keep our soil productive and our people well fed. She also discussed our diminishing water supply and the necessity of terracing to put the water back into the ground.

Mrs. Campbell, chairman on her correct use of the flag, read the proclamation by the late President Wilson, proclaiming July 14 as National Flag Day, and also gave a short quiz on the correct use of the flag.

MRS. BAUGH CELEBRATES HER 88TH BIRTHDAY

Mrs. George Baugh, who passed her 88th birthday on Feb. 26, was complimented with a dinner last Sunday at the home of a son, Milton Baugh and family. Mrs. Baugh is a pioneer resident of this county, having made her home for years on the family ranch east of town. For the past few years, she has made her home with immediate members of her family.

Present for the occasion Sunday were Mr. and Mrs. Jack Brown and children of San Angelo; Mr. and Mrs. Josh Ewing, Miss Tom Smith, Mr. and Mrs. Milton Baugh and son, Adair.

Another son, Aubrey Baugh, and a grandson, Milton Baugh, Jr., both of Marfa, visited with her on Monday.

Washington News Letter

By Cong. O. C. Fisher

Of particular interest to Texas is the provision in the House-approved tax reduction bill to revise the estate and gift tax law. In 1942 a provision was slipped through congress which doubled the estate and gift tax in community property states, of which there are now 13, including Texas. By that law, when a person dies in Texas the inheritance tax is collected on all the deceased's property and at the same time a similar tax is collected on the surviving spouse's half interest in the property. Then when the latter dies, a similar inheritance tax is again imposed on the survivor's property—thus imposing an iniquitous double-tax on the same identical property of the surviving spouse.

The new tax bill, which passed the House by a vote of 297 to 120, would remove that unjust discrimination against our state. The amendment provides that when one spouse dies only one-half of the property jointly owned by a husband and wife would be taxable.

Speaking of the tax bill, Senate leaders have announced their intention to let the House-approved version simmer in committee until more can be known of what the budget of government expenditures

will be during the next fiscal year, which begins in July. Such watchdogs of the Treasury as senators George and Byrd, both of whom supported the attempted \$4 billion tax reduction last year indicate the cut this year shouldn't be more than about that amount and possibly less if the present drop in prices continues.

It all boils down to the question of what can be safely cut and still balance the budget and make a reasonable payment on the public debt. Included among those who want no tax cut at all are those who see no hope of further reducing unnecessary and non-essential government costs. As one man—a former Texas legislator—wrote me the other day: "My experience is that the boys always spend all there is and if there isn't so much piled up we'll get cheaper government."

Teachers out of town for the week end included Misses Mariellen Pepper, to Sweetwater; May Burton, to Abilene; and Dorothy Maxfield, to Brownwood.

Mr. and Mrs. James Page, who have been living with the Bert Pages since their house burned, are moving this week into the Johnny Isaacs rent house.

Mrs. Berle McKee has returned from a visit in Dallas and Fort Worth.

"Good" Grass Isn't Good Enough!

The output of our grasslands can be doubled!"

Top experts of the U. S. Department of Agriculture will tell you that. So will many a far-sighted rancher and farmer out of his actual experience. So will students and teachers of land management everywhere. . . In that bright possibility of range and pasture improvement lies one principal hope for more food for a hungry world. Not only more food, but better food. For proper grassland management will improve the fertility of the land, and the nutritive value of the foods coming off it. It will save the land, too, protecting the precious layer of topsoil from blowing away or washing off to sea. And it will increase the amount and value of hay for cash-crop or winter feeding.

The way is wide open for you to improve your grass. Strong and willing allies stand ready to help you. For advice and active help in planning your own grass-management program, there's your County Agent. . . For technical, practical help in putting your program into operation, call on the Soil Conservation Service technician who lives in your district. . . And for information on newest experimental developments, call on your State Agricultural College or experiment station.

The program of good management for your grassland which you work out together will probably consist of some—or perhaps all—of the following practices. If you're in the range country: (1) Livestock numbers balanced to the amount of grass you can produce. (2) A rotation schedule of seasonal grazing. (3) Water located conveniently. (4) Elimination of excessive brush. (5) Wider distribution of salt to prevent overgrazing near salt source. (6) Re-seeding of overgrazed or abandoned range. (7) Introduction of improved native grasses and adapted new grasses. (8) Irrigation. (9) Protection against wind and water erosion. If yours is farm pasture land: (1) Liming. (2) Fertilization. (3) Seeding with pasture mixtures which stretch the grazing season at both ends. (4) Weed control by mowing or chemicals. (5) Rotation grazing. (6) Avoidance of overgrazing. (7) Irrigation.

We of Swift & Company have the same deep, basic interest that you have in range and pasture improvement. More and better grass is to our interest as it is to yours—and to the nation's. That's why we urge you to act, if you have not already done so, to increase the productiveness of your grasslands.

Martha Logan's Recipe for SPRINGTIME PORK AND VEAL

(Yield: 5 to 6 servings)

½ pound pork shoulder	2 tablespoons flour
½ pound veal shoulder	1 tablespoon sugar
½ cup diced rhubarb	¼ cup water
1 ½ teaspoons salt	

Cut pork and veal into 1-inch cubes. Brown in heavy skillet. Add rhubarb. Cover and simmer 1 hour. Remove cover. Combine salt, flour, sugar, and water. Stir lightly into meat. Simmer 5 minutes to blend. Serve hot with or without toast.

"Pitted" Pastures Produce More Grass

As reported by A. L. Nelson, Robert Lang and Oscar Barnes of Wyoming Archer Field Experiment Station

"Pitting" pastures has stepped up grazing capacity of range land by as much as one-third, according to the Archer Field Station in southwestern Wyoming. "Pitting" is a simple mechanical treatment. It can be done with a one-way Wheatland plow with alternate eccentric disks. These eccentric disks leave a waffle-like surface with pits about 16 inches apart. The pits trap water, help produce more grass.

The eccentric disks are 2 inches larger than the others, with the gang bolt hole 2 inches off center. In mounting the eccentrics, you start from the rear and replace every other disk with an eccentric. Mount the first eccentric with the long side up, the second with the long side to the rear, the third with the long side down, and the fourth with the long side to the front. Continue in the same rotation until all disks are mounted.

Best time to pit is early spring, before much plant growth has started. The cost runs from 50 cents to a dollar an acre.

"Weigh 'em to Swift!"

The pen gate opens and cattle crowd into the alley, headed for the scales. A cry rings out, "Weigh 'em to Swift!" Another lot of livestock has been sold to Swift & Company. That deal is a miniature of the business relationship between livestock producers and meat packers.

When this lot of steers was "finished," the producer sent them to the stockyards, consigned to a commission firm. In the "yards" livestock buyers came to look and make their competitive bids. Competition is always keen because 26,000 meat packers and other commercial slaughterers in the United States are active in livestock buying. Each buyer knows that unless he bids "the going price" for the animals he wants, some competitor will get them. Also, he knows that if he bids too high his company will take a loss.

Thus competition and the law of supply and demand set the prices all along the line. This load of steers went to Swift & Company because the Swift buyer offered more than other buyers. And the price he paid was based on his estimate of what the meat, hides, glands and other by-products would be worth to Swift & Company.

Profit Comes from SAVING!

The story at the head of this page is about farmers and ranchers making the most of their grasslands. By good planning, managing well, and operating efficiently, they can grow more grass. While writing that story, I was struck by a similarity in the Swift business. For it is careful planning and efficient operation that keep us in business, too. Like you with your grassland, we've got to make the most of what we have. We've got to practice efficiency. We, also, must cut costs, operate with economy. Not only the important economy of finding uses and markets for every possible by-product, but economy and efficiency all along the line.

Maybe you saw Swift's recent financial report for 1947. It showed that we earned \$22,334,977 after provision of \$12,000,000 for high cost additions to fixed assets. This earning represented one cent out of our average dollar of sales. That one cent was earned in large part by the savings we made. The operating figures of our business prove that statement. They show where the savings came from. New methods of doing things which save time and cost. Modern equipment replacing old, worn equipment. Better ways discovered by Swift research to produce, use and handle Swift products. A small saving here . . . another there . . . little economies pyramiding into big economies. Until, added together, the savings which we made last year in the actual day-by-day operation of the Swift business amounted to a considerable part of our earnings.

Careful planning, good management and efficient operation are "musts" in our business as in yours. "Little things" can often add up to the difference between a profit and a loss.
