DEATH CLAIMS REX McCORMICK; BURIAL TUESDAY

Rex McCormick, former Eldorado business man, and for a number of m. Thursday. The infant was born years proprietor and operator of a Wednesday in a San Angelo hos-Schleicher County stock farm, died pital. at 3:05 Monday afternoon in a San Angelo hospital. His death followed six months of illness, his condition becoming critical after his second operation three weeks ago. Mr. McCormick was born in Tra-

vis County on August 8, 1882, to Mr. and Mrs. P. H. McCormick. In December, 1900, the family moved to Eldorado after 15 years of residence in Mills County, to go into the mercantile business and to make their permanent home. After Rex finished his schooling here, he assisted his father in the McCormick and Alexander store, later worked with his father when he went into business alone, and after sale of that establishment became an employee in the Robinson General Store. In 1910 he bought the local saddle shop, and operated it for 19 years; two buildings housed this business while he was proprietor, the first located on the present Charlie Trigg Motors site and the other the business building on the Roy Andrews lots. In 1926, in preparation for a change in occupation, he bought a stock farm south of town, moving to the place in 1929 when he sold his boot and saddle shop. He was primarily interested in sheep, raising them successfully through the ensuing years.
On Feb. 10, 1904, he married An-

gie Anderson, daughter of Mr. and Mrs. B. F. Anderson, who survives him. Of the four children born to the couple, three died in infancy. The oldest, Hollis, an Eldorado businessman, survives. Surviving also are two young grandsons, Rex Hollis II, and Phillip Arthur; three brothers, Ren, Van and Don, of El dorado; and a sister, Mrs. J. E. Tisdale of this city. A brother, Bev. was killed in action in the Argonne on Nov. 2, 1918, nine days before the Armistice was signed.

At an early age he united with the Methodist Church and a few years ago joined the First Baptist run east to Melvin Rogers' place Church.

Soon after the Masonic Lodge was organized here he became a member, and retained his active McCormick yesterday afternoon membership for 44 years. He was from Washington, notifying him of Funeral Tuesday

day afternoon at 4:30 at the First ment and 50 miles of new line .-Baptist Church with the Rev. J. M. Hays, pastor of the church, officiating assisted by C. T. Aly of San Angelo. Burial was in the Eldorado city cemetery with the Ratliff Funeral Home in charge.

Mrs. J. M. Hays arranged the music, which consisted of numbers by the choir and a solo by Mrs. J N. Ramsay. Active pall bearers were B. E. Moore, Fred Watson, L M. Hoover, Irvin Mund, Will Whitten, W. G. Godwin, and J. F. Kinser, all of Eldorado, and Vester Hughes of Mertzon.

Masons of Eldorado and Sonora presided with the lodge committal service at the grave.

The large number of friends and relatives who attended the funeral filled the auditorium to capacity. The floral offering was large and very beautiful.

Among those from out of town who attended the funeral were sister of Mrs. McCormick, Mrs. Will Smith and her husband, of Carlsbad, N. Mex., Mr. and Mrs. Guy Wheeler and Mrs. H. M. Stevenson and son Mack of Menard, Mrs. Frank Johnson and Mrs. Pearl Clark, his cousins, of Winters, and Mr. and Mrs. Vester Hughes of Merton, also Sonora Masons.

f you are now age 35 and have earned and continue to earn at least \$3,000 a year under Social Security, at age 60 you will be entitled to a benefit of \$50.25 a month. Chances are, you couldn't live on \$50.25 a month—or \$56.40 either, for that matter. Chances are, you couldn't afford to quit. But you can afford to quit when you are 60 if you supplement your Social Security now, while you are earning a steady income. Which would mean the most to you-five more years of labor, or five years sooner in which to start taking life easy?

You can supplement your Social Security benefits with Southwestern Life Insurance to guarantee yourself an income of \$100, \$150, \$200 a month—or for any amount you wish-and quit when you are 60! There's a Southwestern Life retirement plan to fit every pocketbook. Let me show you today how to combine your Social Security benefits with Southwestern Life Insurance. The sooner you hear the facts, the more you will know about how easily and conveniently you can combine life insurance with Social Security.

"What's Your Opinion, Mister?"

Fellow from one of those public opinion polls was in Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

So long as people can discuss both sides of a question that comes up-whether it concerns short kirts versus long, beer compared

with cider, or the larger issues of party versus party - we're sure of the individual liberty that has made this country great.

For it isn't differences of opinion that matter. The important thing is tolerance for differences of opinion - whether they affect the right of an individual to vote, to speak his mind, or enjoy a glass of beer. They're all parts of the freedom that we cherish!

Look who gets squeezed

Union leaders representing less than one-tenth of railroad employes reject recommendations of President's Emergency board-refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 151/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed

by President Truman.

This increase of 15½ cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employes have accepted. They have called a strike to get more!

Unions refuse rules discussion

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employes in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other

railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board,

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act. In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommenda-tions. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Compare these wages with what you make!

Kenneth J. Arrington, Minister
"The Path of Least Resistance in
Religion". Luke 12: 16-21.

"And I will say to my soul, 'Soul, thou hast much goods laid up for many years; take thine ease, eat,

drink, and be merry.' " The above impressive words have clear and important lesson for trip to Temple last week. us. In the parable, our Savior tells of this rich man who thought he could coast along through life, live selfishly, and even leave God out of his thinking and living. After his plans to tear down his barns and build greater ones for his abundant harvest of earthly things. he spoke the words of our text. "Soul. . . take thine ease. . ." Indeed this is one of the most dangerous attitudes toward life that anyone can have. That night said to this man: "Thou fool, this night thy soul shall be required of thee. . " (v. 20). Friends, don" (v. 20). Friends, don' ry to pursue the path of least re istance, as you fly on so rapidly toward the judgment bar of God Such a dangerous way of thinking leads men to conclude that jus about anything that is done in the name of religion will do. But that is false, and such an idea could only come from the deceiver of men

It is just as foolish and fatal for as today to have the feeling: "take thine ease. . ." (do just as you please, all will be well with you anyhow.) This mistaken notion of man-of doing as he desires, stead of doing as God commandsfinds its expression in other ways than in the case of the rich man Therefore let us not be satisfied until we have obeyed every commandment in becoming a Christian and then live faithful until death carrying out the will of the Lord regardless of the cost.
