## New Directors Elected For Southwest Texas Electric Co-Op Tuesday

The Southwest Texas Electric Co-Op at their third annual meeting Tuesday afternoon elected Lake Tankersley of Mertzon and Frank Bond of Sonora as new directors, succeeding P. K. McIntosh and W. R. Bearce. These two new men, and Forrest Runge, W. W. Sheen, Jo Edens, J. V. Drisdale and J. F. Oglesby, will comprise the board of directors for the 1948-49 Co-Op year.

At an organization meeting which has been set for 4:00 Saturday afternoon at the Eldorado office, new officers for the coming year will be elected and other business transacted.

In general charge of the session was President P. K. McIntosh; he turned the meeting over to Manager McCormick, who introduced Mrs. Margaret Tinning, bookkeeper, Elton McGinnis, line foreman and J. C. Schooley, lineman, also two visiting electrical supply men. Manager McCormick in reviewing the past year's work listed material gains the Co-Op had made in mileage and number of members served, and pointed to gains which the coming year will bring, such as starting on construction of section D this month, and filing application by September 1 for section E, both of which should be well under way by the next annual meeting time.

While the Co-Op is one of the thinnest in the nation, Mr. McCormick pointed out, it compares favorably with many older Co-Ops in the number of larger appliances now in use, such as refrigerators and freezers of which there are 135, ranges, 49, hot water heaters, 34, and water pumps, 52, in addition to many other smaller appliances.

He stressed the fact that the larger users pay on a decreasing scale for their additional load, making it a paying procedure to "go electric" in every way possible.

That members are already doing so is shown by Manager McCormick's figures: that last year's average 87 kw consumption has been increased to 135 this year.

Interest in the Co-Op was shown Tuesday by attendance of many who have not yet received current. After the meeting the group adjourned to the court house lawn where they were served a barbecue supper, and to the Robinson store building where local merchants put on a display of electrical appliances.

## Hardware Store Cuts Prices In Big Sale

The Williams and McAngus Hardware has been the scene of intensive activity this week, with the arrival on the job Monday of John Wolf of Salina, Kansas, sales promoter for 30 years, who is helping the local owners put on a big store-wide sale.

James Williams and Marvin McAngus, who own and operate the store, bought the business in its present location less than three years ago. Since they took over the establishment the business has more than doubled and more than double the amount of the original stock is on their shelves and in their storerooms.

"We've done well here," state the boys, "and we are staging this sale to express our appreciation to the buying public for their generosity."

A double page spread in this issue of the Success, and a total of 1000 circulars list their bargains and their numerous generous prizes. The sale is scheduled to close Aug. 28.

## Scouts On Outing At Sol Mayer Camp

About twenty Boy Scouts, accompanied by Scoutmaster B. F. Blaylock and Pat Joiner, went to Camp Sol Mayer near Ft. McKavett, Monday where they camped until Tuesday morning. The boys enjoyed swimming and fishing and all reported a great time. The trip was made in a school bus.

## MALNUTRITION CLAIMS LIVES OF TWIN BABIES

As the result of an autopsy performed on the body of an infant Latin American girl, physicians pronounced the cause of death to be malnutrition, an ailment which claimed the lives of twin babies—Christina Perez, who died at St. John's Hospital in San Angelo Thursday night, and her brother, Ernesto, whose death occurred here Sunday night. The babies, the son and daughter of Mr. and Mrs. Francisco Perez, residents of the Eldorado Latin American settlement, were four months old, having been born here this spring to Perez, a day laborer, and his young wife.

When the first death was reported, the cause might be a contagious disease such as polio or meningitis, but the autopsy revealed undernourishment as the main factor.

Funeral services for the babies were conducted Monday afternoon at the Latin American Baptist Church with the pastor, Rev. Darrell Tapley, in charge. Interment was made in the Eldorado city cemetery.

The city has sprayed the entire Latin American community with DDT, especially concentrating on the district in which the babies had lived. This preventive measure was taken to avoid a general outbreak of disease in the slum areas of the settlement.

## Revival To Open This Week

Marshall Davis

Members of the Rock Church of Christ announce the opening of revival services tomorrow (Friday) night at the church, with Marshall Davis, a former Eldorado resident, doing the preaching. Services will be held for ten days, beginning each night at 8:15, with morning services on Sunday at 11:00.

Davis, the son of Mr. and Mrs. E. T. Davis of this county, is well known to Eldorado residents. He graduated from the local school, and during his high school days earned the nickname of "Bearcat" for his football prowess.

Davis, who at present is doing evangelical work throughout the state, has had a number of years experience as pastor of churches at Roswell, N. M., where he served for five years, at Wingate, and at Quitaque, Texas.

W. A. Turner of San Angelo, who will lead the song services during the revival, has announced that there will be singing on the two Sundays at 4:00 p. m., to which everyone is cordially invited.

The revival will close Sunday, August 22. All those interested are urged by the congregation to attend.

## BOND PURCHASES FOR SCHLEICHER ARE TOTALED

Total sales of U. S. Savings Bonds in Schleicher County during the Security Loan Campaign were \$15,256.25 according to C. L. Meador, Jr., County Savings Bonds Chairman. He received figures recently from state savings bonds headquarters in Dallas.

The county's quota was \$26,000. The Security Loan Campaign was launched on April 15 and continued through June 30, with sales through July 15 being credited to county quotas. Of the county's total sales, Series E Bonds accounted for \$12,656.25.

Final sales for the state as a whole were: Series E, \$41,404,000; Series F and G, \$24,462,000; total, all series, \$65,866,000. Total sales for the nation were \$2,798,183,000.

## Over 300 From Schleicher and Other Counties Receive Current Thru S. W. Texas Co-Operative

Interested in the policies of the Southwest Texas Electric Co-Op are hundreds of users and potential users of REA current, whose bills range in size from the smallest minimum to an amount many times that size.

A growing number of larger appliances, as these become more plentiful and as REA users can buy

## JOHN WILLIAMS STARTS TO BUILD RANCH HOUSE

John Williams has started work on the foundation of his new ranch house, located on the site of the old house, on the Eldorado-Menard highway a few miles east of Eldorado.

The house will measure 60 x 30 and will have six large rooms, two baths and two porches. It will be of frame construction with asbestos siding.

Jeff Enoch has bought the old house, which was moved to Eldorado Wednesday.

## LOT SOLD

Ernest Sweatt, whose new house is located on a lot adjoining the Newlin Ray Addition, has bought another lot, 3B in block 33, from Newlin and Ray of San Angelo.

## September 6 Set For School Opening; Other Plans Being Completed

### 21 DELEGATES ATTEND MEETING OF FIREMEN

Twenty-one delegates from the Eldorado Volunteer Fire Department were present in Junction Tuesday for the semi-annual meeting of the Hill Country Firemen's Association. Eldorado was one of twelve cities in this area who were represented at the meeting.

The Eldorado group brought home \$20 in prize money, received when they won third place, with 26.5 seconds, in the pumper's race Tuesday afternoon. First prize went to Mason, who had its hoses connected and water streaming from the nozzle in 25.8 seconds; Menard won second place with a time of 26 seconds.

Mason won the bucket race, Sonora the one-man race, Winters the three-man race, and Ballinger the woman's race.

The meeting began Monday night with a quiz program and dance. Fire Chief Palmer West and wife, their daughter Riedale, who is junior sponsor, and Joyce Burk, sweetheart of the organization, were Eldorado representatives, the group remaining there overnight for Tuesday's program.

The rest of the Eldorado delegation drove to Junction early Tuesday morning, the group including the chaplain, Rev. Jim Hays, Chief Marvin McAngus and wife, Chief Bob McWhorter, Mr. and Mrs. A. G. Clark, Mr. and Mrs. Ray Huggins, Eddie Brown, Joe Bailey Montgomery, Mr. and Mrs. W. F. Edmiston, Mr. and Mrs. L. D. Mund and daughter Marsha, and Mr. and Mrs. Roy Andrews.

Tuesday's events included registration and business in the morning; the conclusion of business and staging of contests in the afternoon, and a barbecue and dance at night. The Eldorado group spread a picnic lunch at noon.

Mrs. Palmer West gave a three-minute talk to the assembly about plans for organizing a Woman's Auxiliary in Eldorado.

Towns represented included Mason, Brady, Coleman, Santa Anna, Ballinger, Winters, Miles, Eden, Menard, Sonora, Eldorado and Junction. The next meeting will be held in Mason in February.

## Open House At Crosby Units

Mrs. Lillian Crosby will hold Open House at her new housing units in Glendale, Sunday afternoon from 4:00 to 6:00, and invites the general public to call.

Two of the ranch style units are furnished and two are unfurnished. All are modern in design and most attractive in general appearance. Mrs. Crosby states that she decided to have the open house at the urgent request of her friends and the general public who are anxious to inspect them.

## Local Men Buy Newlin Ray Lots

Six lots on the north side of the Newlin-Ray Addition were sold Monday to local men.

Jeff Enoch bought three of the lots and has moved the John Williams house to one of them, to rent or to sell. Otto Williams bought the other three, and is considering moving a new house which he has built near San Angelo, to one of his lots.

## COUNTY GETS ROUGH

The Schleicher County jail, normally a quiet place because it serves a quiet and law-abiding county, took the spotlight Sunday night when Sheriff Wallace Joiner arrested five Latin Americans for drunkenness and lodged them with the three other inmates, thus making a total of eight over-night guests! The five paid their fines and were released Monday morning.

Supt. C. A. Reynolds, school board members, and grade and high school teachers are completing plans to make this year one of the best in the history of the Eldorado school, which will open its doors to Schleicher county students on Monday, September 6.

The superintendent and his faculty are making final plans this week for opening-day exercises and registration. The faculty will hold its first meeting, and the senior class will register, on Saturday, September 4. On Monday, the day's program will open with general assembly at 9:00. All other classes will register immediately afterward, and books will be issued. Regular classwork will begin Tuesday.

In preparation for this year's school term, floors have been sanded in the grade school building, and the home economics room has been reconditioned. General repairs throughout the entire system have been made during the summer.

### New Teachers

Miss Joyce Schwartz, whose home is in Talpa, has been elected this week to teach second grade. She will receive her BS degree this month from Sul Ross, and has five years experience. Schools in which she has taught include Ballinger and O'Donnell.

A coach, Robert Lawrence, who was elected by the school board last week, has submitted his resignation, as he plans to teach in East Texas. Supt. Reynolds, who looked

## BUYERS DIVIDE LARGE TRACT OF SCHOOL LAND

A large ranch deal has been completed, with sale of 4510.55 acres of land, all of League 7, Concho school land in Schleicher County. The tract, located about nine miles northwest of Eldorado, was sold to several buyers: 3 1/2 sections to E. M. Wahlenmaier and W. F. Meador, 1 section to Hermon Carter of Mertzon, 2 sections to D. J. Wilson of Schleicher County and 1/2 section to H. A. Bell.

The new owners are putting up fence in preparation for moving in of stock.

The transaction is reported by W. F. Meador, who handled the sale.

## West Texas Utilities Short Wave Station Under Construction

Construction of a short wave radio station at the West Texas Utilities Co. has been authorized, to keep the local system in touch with the outside world in case of emergency.

The tower, to be located at the back of the office, will be topped with antennae, and the set will be in the office.

The three office employees, Mrs. Harris, book keeper, Jerry Pennington, local manager, and Albert McGinnis will all take tests to become licensed operators.

The local short wave will be part of a network of connecting systems which will serve to link all of the West Texas Utilities Companies. While this type of communication would not normally be used, officials point out, it would be invaluable in case of failure of telephone service or similar unforeseen trouble.

## GOOD CROWD PRESENT FOR DONKEY BALL GAME

An excellent crowd was present last Thursday night for the Donkey Baseball Game, which starred Sonora and Eldorado firemen as riders. The Eldorado firemen made about \$115 after all expenses were paid.

A similar game was held the preceding night at Sonora for the benefit of the Sonora firemen's fund, with a large number of Eldorado boosters in attendance.

Both games ended with a 0-0 score.

# School

(Continued from First Page)

in on the coaching school at Abilene for the purpose of hiring a coach, engaged Mr. Lawrence at that time. Supt. Reynolds immediately began to interview other coaches, but it was not until today that he could announce that the place was again filled.

Ted Kirby, who coached last year at Goldthwaite, will arrive in Eldorado Friday to assume his duties as new coach in the Schleicher County schools, according to word received today by Supt. Reynolds. He will contact the boys for opening practice which will probably be Monday.

He is a graduate of Howard Payne, single, a veteran, and has had several years experience in coaching.

Miss Jane Smith, Spanish teacher here last year, has submitted her resignation because of ill health. **New Course To Be Offered**

A new course in driver education is being offered at the high school this fall. It will probably be a one-semester course limited to about twenty students, will be repeated during the second term, and will offer 1/2 credit.

Herman Hopkins, who is to be the teacher, has been in school at NTSC, Denton, this summer where he has received instructions in the new subject. Work during the class period will include the theory of safe driving, class lectures, and 20 hours of behind-the-wheel supervised driving for each student in the class.

The school has been in touch with the American Automobile Association, and hopes to get an automobile with dual controls for use in the course.

The course will be open to freshmen and sophomores. **School Crowded**

The high school building will be more crowded this year than last, because of the 45 or more students who will come from the grade school into the seventh grade.

Crowding will exist in a number of other grades also. On the basis of enrollment at the close of school last year, it is estimated that the following number of students can be expected:

Thirty-five in first grade; 42 in second grade, to be divided into two sections; 47 in third grade, 45 in fourth, 39 in fifth, 32 in sixth, 45 or more in seventh, and 37 in eighth.

Overcrowding is noted in the first, fourth, fifth and seventh grades. Families moving into or out of the county may change these estimated numbers somewhat. **Bus Schedules**

The bus schedules for the beginning of this year will be the same as those at the end of last year, states Supt. Reynolds, and changes will be made when found necessary after a few days trial.

The school is buying a bus for the Loftin-Adams route, to take the place of the station wagon

which will probably be sold. All of the busses are being put into first class condition during this month — one bus was overhauled, new tires have been bought where needed, all safety features have been checked, and other repairs made.

The school will need two bus drivers and one janitor to complete the staff for the year. Anyone interested should contact Supt. Reynolds at the high school. **Principal Arrives**

Mr. and Mrs. Gordon Griggs, who were employed to fill the positions of high school principal and elementary school teacher respectively, arrived here this week with their daughter and are moving into the Mrs. C. T. Sproul rent house, now owned by Mrs. Galbreath. Mrs. Grigg's mother, Mrs. J. Hall Bowman, widow of a Methodist pastor, is making her home with the family.

The family come to Eldorado from Garden City, where Mr. Griggs was principal and coach and Mrs. Griggs was elementary teacher.

He is a Mason, and has been elected president of the Sul Ross Ex-Students' Association. Mrs. Griggs received her BA from SMU and her master's from Sul Ross. While the family lived at Garden City, she was elected vice-president of Delta Kappa Gamma, honorary teachers' organization, and has been quite active in the chapter there.

Their daughter, Mary Yvonne, will enroll here as a high school sophomore.

## WEEKLY GOSPEL SERMON

The CHURCH OF CHRIST in Eldorado cordially invites you to all services. Bible classes at 10; preaching at 11 a. m. and 8 p. m.

## Do You REALLY Love Jesus?

The last words of Jesus before His crucifixion was a prayer for unity. "Neither for these only do I pray, but for them also that believe on me through their word; that they may all be one; even as thou, Father, art in me, and I in thee, that they also may be in us; that the world may believe that thou didst send me." (Jn. 17: 20, 21) All who consider themselves to be Christians should consider this prayer of our Lord. One great mistake the religious world is making is the same that was made in the early days of the church—that of dividing and calling themselves after men. Paul wrote to a group who considered themselves Christians but they had done what the modern religious world is doing.

If Paul were to speak today, he would condemn the world in language similar to I Cor. 1: 10-13. The Bible is a book exemplifying unity. "There is one body, and one Spirit . . . one Lord, one faith, one baptism, one God and father. . ." (Eph. 4: 4-6). The one body referred to is the church (Col. 1: 18). It is no more ridiculous to ask which Lord one worships than to ask which church one is a member of. The one body (Eph. 4: 4) which is the church (Col. 1: 18) is the church of Christ (Acts 20: 28; Rom. 16: 16). All Christians, and those who love the Lord, will strive to promote unity, in answer to the Saviour's prayer. Your attitude toward this matter is an indication of your love for Jesus.

—By Alvin T. Hamilton, Minister, Church of Christ.

**WILSON FAMILY MEETS HERE FOR REUNION WEEK**

It was a happy occasion for Mr. and Mrs. L. T. Wilson when, for the first time in several years, all their children and grandchildren were present for a week of reunion. The family spent a most enjoyable week recalling the past, reliving their childhood, bringing family events up to date, and making plans for the future.

The family group included Mr. and Mrs. Mildred Deaton and three children of Concord, Calif.; Mr. and Mrs. Joe Clevenger of Carmel, Calif.; Mr. and Mrs. Marvin Logan and three children, Mr. and Mrs. Lewis Wilson and three children, and the parents, all of Eldorado. The group spent from Monday through Friday of last week on the Santiago river in Mexico, fishing and camping. A large quantity of fish was caught with both young and old sharing in the luck.

The family returned to Eldorado on Friday, and on Saturday were supper guests in the Marvin Logan home. On Sunday morning, the entire family attended services in a group at the First Baptist Church with three seats reserved for all the members. Following a chicken dinner at the family home, the afternoon was spent at Christoval, where they enjoyed a barbecue dinner. Additional guests for the barbecue included Bernard Carr and Mr. and Mrs. Aris Carr and baby, and group pictures were made of the family by the Carr brothers.

The Deaton family left on Monday for Comstock where they will visit his mother, and the Clevengers remained for a longer visit in Eldorado.

**METHODIST DELEGATES AT ADULT ASSEMBLY MEETING AT KERRVILLE**

Mr. and Mrs. Grover Lee Johnson, members of the Young Adult class of the First Methodist church, attended the Young Adult Week-End Assembly and Family Life Conference at the Methodist Assembly in Kerrville last week end.

Mrs. Johnson was chosen to be on the nominating committee which named Young Adult officers for the coming year for the Southwest Texas conference.

Theme for the conference, which began Friday noon and ended Sunday afternoon, was "Creative Christians."

The couple expect to make their report during the class period next Sunday morning.

**YOUNG MAN PREACHES HIS FIRST SERMON AT METHODIST CHURCH**

Roy B. Shilling, Jr., son of the Rev. and Mrs. Roy Shilling, who was recommended for a license to preach recently by the local church, presented his first sermon Sunday morning at the Methodist Church in the absence of his father, the regular pastor.

Roy, who attends McMurry College, Abilene, was accompanied here for the week end by his friend Wesley Nail. A number of his Mertzson friends were present to hear his first sermon, also a large crowd from Schleicher County.

Mr. and Mrs. T. J. Bailey and children of Ozona visited Sunday with her parents, Mr. and Mrs. A. J. Roach, and Mrs. Bailey was honored with a birthday dinner. Additional guests other than the families included Father Ronnie Einhaus of Sonora.

**Ray Jones Host To Former Navy Buddy**

A most welcome reunion took place here last Monday when Ray Jones greeted Elmar Varro, a 23-year-old youth who had come all the way from his home in Knox, Indiana, to visit his former Navy buddy. The two men were stationed together for 23 months in the New Hebrides during the war, in the maintenance division of the navy, Jones having command of many mechanics of whom Varro was one.

Varro, who had never been in this part of the country before, was very favorably impressed with Schleicher County. "The people are so friendly—so much more so than they are in Indiana," he said. "I am really overwhelmed at so much western hospitality."

One of the typical Texas sports which he tried was that of shooting jack rabbits. He shot three rabbits at Clyde Keeney's, two at the George Long ranch, and twelve at W. A. Shuller's! "Indiana was never like this," was the only comment he was able to make as he brought home his catch.

Both of the men are in the garage business—Ray Jones with his brother John R. Jones owns the Jones Motor Co., and Varro owns his own garage near Knox, Ind.

Despite the fact that the two men had not seen each other in some time, they had no difficulty picking up the threads of their friendship, and they spent much of their leisure talking about old times.

Varro left Sunday for his home in Indiana. "He certainly seemed to enjoy his visit here, and I know that we did. It was a real treat for us both," concluded Jones.

**Prochaskas Return From Vacation Trip**

Mr. and Mrs. F. O. Prochaska and sons, Frank Otto and Charles David, returned Friday from a three weeks vacation trip which took them through Arkansas, Missouri, Nebraska, Colorado, Wyoming and New Mexico.

They left July 19 for Dallas, where they visited Mrs. Prochaska's mother and brother; from there they went into Arkansas for stops at Hot Springs, Eureka Springs, and Roaring River, Mo. In Nebraska they spent several days with Mr. Prochaska's mother, Mrs. M. J. Prochaska at Ravenna.

They witnessed the Frontier Parade at Cheyenne, went through the Wyoming capitol building, and saw the Rocky Mountain National Park; and in Colorado they did sightseeing at Lookout Mountain, Red Rocks Garden, Hot Springs, Pike's Peak, and the Garden of the Gods.

In Taos, N. M., they happened to meet Mr. and Mrs. Lefty Haynes and son. (Mrs. Haynes is a daughter of Mr. and Mrs. Bob Evans of Eldorado.) After a stop at Santa Fe, and a trip through Carlsbad Caverns, they returned home.

The Prochaskas report a very comfortable trip in their year-old Plymouth. They had only one flat and were able to get to a filling station before the tire collapsed. They report that on the mountainous roads in Colorado, the motors in many cars began to boil, but they had no trouble.

"A most enjoyable trip for us all," was the conclusion expressed by the family upon their return. Mr. Prochaska is superintendent of the Shell pump station, a few miles west of Eldorado.

**SMALL FRY FIGURE BIG IN LEISURELY JAUNT PLANNED FOR THE KIDS**

Wilson and son and daughter, who live on a ranch between Eldorado and Mertzson, Mrs. Dan Cawthorn and two children of Sonora, and Mrs. T. P. Lawdermilk and two children and Mary Joe Teague of Mertzson.

As the outing is planned for the children, there will be stops at the zoo, parks, and other places of interest at San Antonio, and the beach and parks in Galveston.

"No set itinerary—no schedule—no plans—everything just what the kids want," said the women, who also added, "Expect us when you see us coming."

**SOUND OF HAMMER, SMELL OF NEW PAINT BEGINS TO BE OLD STUFF TO SCHLEICHERITES, ON BUILDING SPREE**

Shortages and high prices have failed to halt the building spree, on which Schleicher County residents embarked three years ago. Carpenters and contractors, who have been busy for several years, report that many other jobs are in the offing, with no prospect of a slowing down for some time. Jobs vary in over-all cost from \$45,000 down. Workmanship varies from imported big-town talent to the do-it-yourself-after-hours variety.

Renovations Many renovations and improvements, ranging from painting to a complete remodeling job, are underway in Eldorado and surrounding ranch country.

The Jack Hext house has been undergoing interior improvements, including refinishing of woodwork, papering and laying of new carpets, and enlarging of the garage.

To replace the barn burned recently on the E. E. Newlin place in Schleicher county, Mr. Newlin's son, E. E., Jr., of San Angelo, and his son-in-law, Fred Logan of Eldorado, have built a new 12 x 24 barn and a 70-ft. shed.

Little, who passed away Saturday night. He was also accompanied to Fort Worth by Mrs. Mattie Cozzens, who attended funeral services there Monday for a sister-in-law, Miss Maude Cozzens, a former Eldorado resident. Miss Cozzens, superintendent of the Cozzens Business School in Fort Worth, died there Saturday.

The guests enjoyed swimming, and birthday cake and ice cream were served Saturday evening. The group returned home following lunch Sunday. Those present in addition to the honoree and her parents were Lilla Jean Ellington, Jonnie Lee Dickens, Nelva June Bolt, Ellen Wheeler, Mr. and Mrs. Sam Henderson and baby and Mr. and Mrs. Jack, father and step-mother of Mrs. Tom Henderson.

Work is still underway on the Jeff Enochs place (the former Bledsoe rent house) which has been painted and repaired throughout. Mr. Enochs bought the place recently and he and his wife are living there while the work is under way.

The addition to the Coulter rent house is practically completed. A new kitchen and bath were added to the original 16 x 16 house, and the place will be rented furnished.

R. C. Morgan, who is doing his own renovating after work hours, has made major changes in the small residence he bought.

**Many New Houses**

The Edwin Jacksons have recently completed the remodeling of their house and made other improvements on the place. The house has been completely modernized with indirect lighting, the living room, kitchen and bath enlarged and redecorated. A low concrete porch has been added to the front of the house. Improvements on the place include new fences, a large loading chute, a new truck garage, and the addition of a room to the barn, which has also been insulated.

**Pear Eradication Is Popular Practice**

Triple A office manager Eddie Brown states that of \$34,100 allocated to this county, \$18,482.99 has been obligated, leaving a balance of \$15,617.01.

He states that most of the work has been on pear eradication. Many expressed a preference for mesquite eradication but had to choose pear because of high cost of coal oil. He reports completion of 30 miles of terracing, and says that probably an equal amount more will be done after the grain sorghums are off.

Brown states that because of the drop in grain sorghum price, farmers are asking about grain sorghum loans set up by the Commodity Credit Corporation. He explains that this has never been loan county, but that he hopes to hear something definite about it in ten days.

He also points out that many have asked about storing of grain sorghums, which has been difficult because of lack of approved storage facilities here.

**County Agent News**

The second generation of the bollworm is appearing in cotton fields of Schleicher County. Millers of the bollworm, leafworm are very much in evidence, and some boll weevil damage is in evidence. County Agent W. G. Godwin offers the following suggestions for control of the pest:

The bollworm, the major pest of cotton this year, is not going to stop damaging cotton in Schleicher County until this insect is controlled by poisoning. Producers can expect the life cycle to continue. The worst outlook on the bollworm is that on the early cotton, producers can't wait too late, as the cotton will reach a mature stage which prevents further treatment.

Excellent control has been secured by the use of 3-5-40 poison, which is 3% isomer gamma BHC, 5% DDT, and 40% sulfur. Toxophene has been used also with excellent results, and 10% DDT and 74% sulfur has also shown wonderful results. DDT-sulfur is only a bollworm cotton flea control poison. Toxophene will kill all major cotton insects, namely, cotton fleas, bollworm, boll weevil, red spiders and leafworm. An increase in cotton aphid count is not noted. 3% BHC, 5% DDT, and 40% sulfur will kill all major cotton insects and control the cotton aphid. Approximately 6000 acres of cotton in Schleicher County have been dusted by plane or regular cotton dusters.

Practically all ranchers and stock farmers have had sick sheep during the last three or four weeks. The condition starts with the sheep getting stiff; the nose runs and the lips crack open in the later stages. This condition is primarily found in the older ewes, followed by a lesser degree in yearling sheep with some in lambs. The largest death loss has been experienced by the larger rancher.

As the lips crack a case of worms can be expected. It may be several days before this animal is found.

There is no known remedy for this trouble known at present—it is a condition of the range that is causing the trouble. Probably a combination of weeds in a certain stage of growth such as pursley, milk vetches, carpet weeds and others are causing the trouble.

Here are some of the remedies being tried by ranchmen: drench with Epsom salts, drench with black strap molasses, or with both salts followed by molasses. Put the affected sheep in a dry lot and starve or put on dry carbonaceous hay. The most important thing is care when sheep are in this condition. The death loss is small. The animals do not run temperature; the condition has not been diagnosed as a disease because no bacteria for it can be isolated. From all accounts it is a protein poison.

Here are some interesting things that may be tied in with this sickness of sheep in Schleicher County. Eleven years ago a complete range condition study was made in this county by County Agent Godwin. These range studies consisted of breaking the county down into complete soil and vegetative types, and was charted. Density studies were made at specific places and according to soil types of the vegetation.

These areas are studied every year and a density check is made by the County Agent, to determine just what is happening over a period of years. After the recent rains which broke a serious drouth the density study was made again. It was found that coming out of a

drouth, the density of grasses on these areas was not as dense with grass as 1937, nor as dense as 1945, 1946, or 1947. More weeds came up than ever before.

This is true of the entire county: there are more weeds on range land in Schleicher County than in any year known. Grass made an excellent growth in height of all species, but did not have the density to choke out a majority of the less desirable weeds.

The fact remains that the weeds got a good start, and as a result you could stand on the highway and see the colors of the rainbow in practically all pastures.

Rain, and light stocking, is the answer until more vigor is restored to our native grasses.

—W. G. Godwin, Co. Agent
