METHODISTS OPEN WEEK'S REVIVAL NEXT SUNDAY

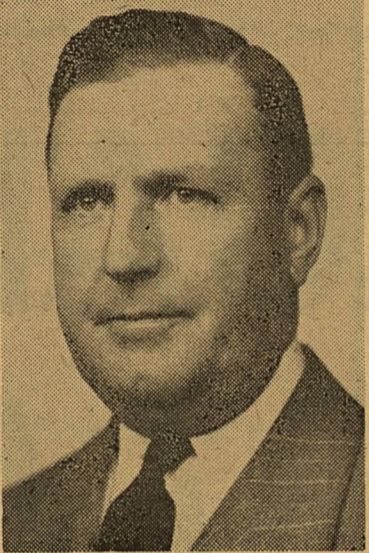

Rev. Ray Johnson, one of the most popular preachers in the Methodist conference, will open a revival here June 11, and will hold services each morning and evening thereafter, through June 18.

Rev. Roy Shilling, pastor of the Methodist Church, will be in general charge of the revival, and will make arrangements for music, visiting, and other phases of revival work. He is in charge of evangelism in this district, having been recently appointed to that office, and was recently returned to this charge to start his third year here.

Rev. Johnson, popular radio speaker and pastor of First Church in San Angelo, will bring inspirational messages at all of the services, preaching from the Bible, and applying the lessons of the Bible to daily life. The public is cordially invited to attend these services.

McWhorters Involved In Car Accident

Mrs. W. L. McWhorter was injured, her son Bob was unhurt, and the latter's car was badly damaged in an accident which occurred on the highway 4 1/2 miles east of Comanche, recently.

They were on their way to Dallas to visit John D. McWhorter when the accident occurred. A truck started to make a left turn, then stopped, when the oncoming passenger car was discovered, blocking the path.

Mrs. McWhorter sustained facial bruises and cuts, several broken ribs and a broken knee cap. She was hospitalized at Dublin, and is now in the home of John at 3314 Burlingdell, Dallas. She expects to have a knee operation in a Dallas hospital.

The car, a 1950 Pontiac, will be sold, states Bob.

Skelly Deepening

MRS. COX BURIED IN MERTZON YESTERDAY

A number of Eldorado people attended the funeral in Mertzton Wednesday of Mrs. W. H. Cox, 80, at the Mertzton Church of Christ. She is the mother of Mrs. W. R. Bearce of Eldorado.

Mrs. Cox, who has been ill for the past three weeks, died Tuesday morning at 11:00 at the family home in Mertzton. Vernon L. Simpson, minister of the church, officiated at the services. Burial was in the Mertzton Cemetery with Johnson's Funeral Home, of San Angelo, in charge.

Mrs. Cox was a pioneer Irion Co., ranchwoman, having come to Texas in 1877 from Mission in Miller Co., Mo., with her parents, Mr. and Mrs. S. W. Johnson. The family settled at Youngsport, on the Lampasas River. The parents lived there until their deaths in 1932 and 1933.

Mrs. Cox was married to W. H. Cox in 1888 at Youngsport. They celebrated their golden wedding anniversary in 1939 at their home in Mertzton.

Before moving to Paint Rock in 1900, Mr. Cox was engaged in stock farming in Bell County and Oklahoma. The couple bought property in Irion County in 1904.

Surviving are the husband; six children: Mrs. W. W. Welbourne of San Angelo, Mrs. Jack Nance of Fort Worth, Mrs. W. R. Bearce of Eldorado, Mrs. C. P. Chick of Putnam, Ollie Cox of Sweetwater and Emerson Cox of Mertzton; 15 grandchildren and 14 great grandchildren.

Four brothers, Perry Johnson of Eldorado, Sam Johnson of Bakersfield, Calif., Oliver Johnson of Corpus Christi, Archie Johnson of Portersville, Calif., and four sisters, Mrs. Lucy Ray of Killeen, Mrs. Allie Haney and Miss Louise Hines, both of Taft, Calif., and Mrs. Minnie Ireton of Bakersfield, Calif., also survive.

Mrs. Georgia Gillaspie is ill in the local clinic.

County Population Decreases To 2,838

Five of six West Texas counties reporting their 1950 census figures Thursday showed rural losses and urban gains, in keeping with a trend indicated by areas reporting earlier.

Schleicher county's population decreased while the population of Eldorado showed a gain. In 1940 the county's population was 3,083, compared to the figure 2,838 now. Eldorado is up from 1,530 to 1,653.

Other counties showing losses were Sterling, Kinney, San Saba and Gillespie.

Gillespie now has a population of 10,494, a drop of 176 from its 1940 count of 10,670. Fredericksburg, its biggest town and county seat, showed a gain of 303. The town now has 3,847, compared to the 3,544 of 10 years ago.

Bandera county was up to 4,355 from its 1940 census of 4,234. The town of Bandera, unincorporated in 1940, now has 1,019.

Sterling county dropped from 1,404 a decade ago to 1,273 at present. Sterling City has 855. It was not incorporated in 1940.

Kinney county suffered both rural and urban losses. The county total now stands at 2,644, compared to 4,533. Bracketville counted 1,847, a drop of 806 from its 1940 figure of 2,653. Spofford has 243, and no comparative 1940 count.

San Saba county lost 2,390 citizens in the 10 years, leaving its 1950 count at 8,622. In 1940 it had 11,012. The town of San Saba, however, was up to 3,385 from 2,927. And Richland Springs had a gain of an even 40 persons, with a new population of 581.

NOTICE

All members of the graduating classes of Eldorado High of the years 1935-36-37 are asked to notify their class chairmen whether they plan to attend the reunion scheduled for June 24th. This information is necessary at once in order that the food committee will be able to make their plans.

Electricity Trouble Caused By Storm Here Wednesday

The electrical disturbances accompanying the heavy rains of Wednesday afternoon did some damage to electrical lines and caused annoyance and inconvenience to businessmen and occupants of residences by burning out appliances.

Trouble shooters of the West Texas Utilities and of the REA worked much of the night, last Wednesday night, to restore service on three lines which were down. One of the lines, which receives current from Sonora, was out only a short time. Two others, which had broken insulators, were out for a longer period, one for three hours and another over night. All repair work had been completed in a day or two.

The Success office had burned out heating elements in their Linotype heating pot. New parts, ordered out of Brooklyn, N. Y., arrived in Sunday's mail, and the machine was back in commission by Sunday midnight.

Several transformers were knocked out, reports West Texas Utilities Manager Jerry Pennington, and two were completely burned up. Service was restored in less than 24 hours.

WELCOME RAIN SOAKS COUNTY SUNDAY NIGHT

A heavy rain drenched the county Sunday night adding welcome moisture to the rains of May, and providing more "ditch water" than the county has seen all spring.

A few scattered reports include: T. H. Alexander 1.1 inches; W. C. Parks 1.1; F. P. Green 1.1; C. O. Bruton .85; L. T. Dannheim .6; Odie Harris .7; W. H. Joiner 1.0; L. Kent 1.45; Weatherly Kinser 1.1; Leonard Lloyd .9.

While the rains are of general county-wide benefit, they caused delay in harvesting of ripe grain, and put a temporary stop to work on the new east-west highway, on which only about ten days of work, grading up the ditches, remains.

ABERDEEN ANGUS ASSOCIATION TO MEET AT MOORES

District No. 6 of the Texas Aberdeen Angus Association will hold their Field Day at the L. Moore and Sons ranch 15 miles west of Eldorado, June 14. Milt Miller of Brady, the American Aberdeen Angus Breeders Association field man for this area, will be in charge of the program.

The program will begin at about 10:00 a. m. and run through 3:00 p. m. Barbecue lunch will be served at noon.

Mr. Miller invites everyone in District No. 6 and adjoining counties interested in beef cattle to attend this Field Day.

The district includes Sutton, Schleicher, Tom Green, Coke, Irion, Sterling, Glascock and Reagan counties. An interesting program is promised.

New Oil and Gas Crew Moves In

A new crew in Eldorado located in the Taylor building is the Stanolind Oil and Gas Company crew, which comes here from Louisiana and Mississippi, where it has been located for the last two years.

Head of the crew is T. J. McMillan. He and his wife have rented an apartment here. Engineers are Joe Powell, R. Lee Owen, John H. Spain, and Odie Sebastian; all here with their wives.

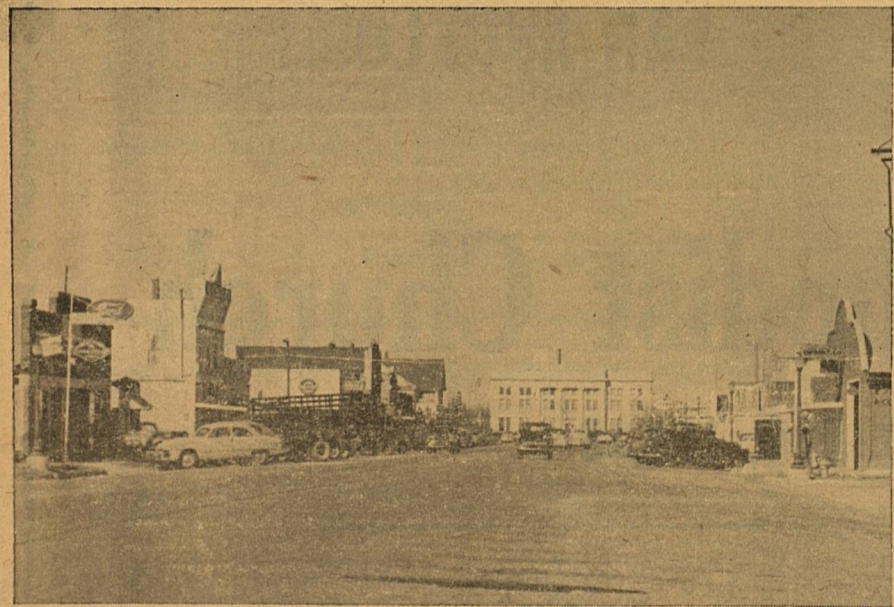

Geophysical helpers include Darrel Warren, Fred Britt, Earl Parks, and Jesse Crain. The crew will be located here for an indefinite period of time.

McCORMICKS IN HOSPITAL

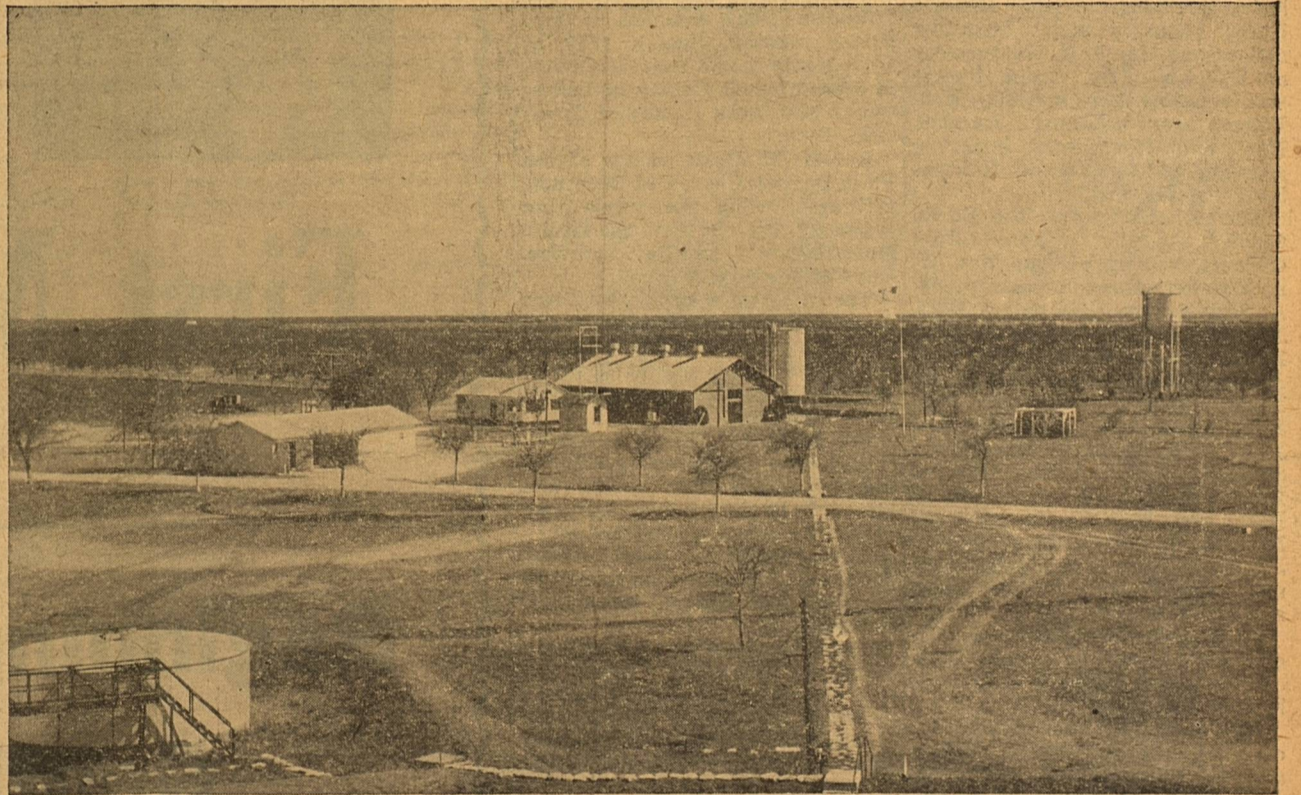

Among the patients in the local clinic are Mr. and Mrs. Hollis McCormick. Mrs. McCormick had an operation last week, and Mr. McCormick broke a leg when a horse fell on him while he was working his sheep Sunday morning.

Mr. and Mrs. Joe Neely of Big Spring stopped here to visit them during the week end, were here when Mr. McCormick had his accident, and remained to help the couple with the Rock Station. The two boys are staying with their uncle and aunt, Mr. and Mrs. Don McCormick.

"LAND OF GOLD" Eldorado Station on Shell Pipe Line

AT LEFT— Looking up the main street of Eldorado, Texas. Courthouse at end of the street.

AT RIGHT— Pumping station 5 miles southwest of Eldorado. The station cottages are not shown.

A double page spread on the Shell Station near Eldorado appeared in the May issue of "The Go-Devil," published by the Shell Pipe Line Corp., Houston, Texas.

The story carries four pictures, taken when the editor, Guy F. Fausset, Jr., was here in April. He gives the Eldorado Success permission to print the story and has furnished the cuts for the pictures.

"LAND OF GOLD"

—ELDORADO STATION

Eldorado Station, third on the McCamey-Houston pipe line, is in one of West Texas' best ranching and dryland farming areas. The station is five miles west of the town of Eldorado—county seat of Schleicher County.

The 10-inch line was constructed in 1928 to transport West Texas crude to the Houston refinery. It originates at McCamey Station, 94 miles west of Eldorado Station. As long ago as 1935 oil was discovered in the Schleicher County area, after which the Station became a receiving point for crude. Today it injects an average of 68,000 barrels a month, and its crew gauges the 27,000-barrel per month receipts from Page field, which is pumped into the line seven miles east of the Station.

The original station included three 300-hp Allis-Chalmers electric-driven reciprocating pumps, one serving as a stand-by unit; a pump house; an auxiliary building;

one 37,500-barrel stock tank; four cottages and a dormitory. The line's throughput was 36,000 barrels daily—a figure which has been maintained throughout the years. During the East Texas oil boom in 1930-31, the stand-by unit was moved to Goodrich Station on the Kilgore-Houston line.

Last year the stock tank was replaced with a new floating roof tank of 10,000-barrels capacity. Also Republic Pipe Line erected a 10,000-barrel stationary roof tank in 1949 to handle crude gathered by it. There are also three 500-barrel storage tanks to receive crude hauled to the Station by truck.

The original station complement included J. H. Jarvis, Station Chief, and G. C. McPheeters, George Wood and H. T. Clavins, engineers. The original Eldorado maintenance crew was composed of Dave Gregory, L. P. Haynes, S. R. Black, G. C. Sharp, George Crawford and K. D. Liggett. Today's crew includes F. O. Prochaska, station chief; F. A. Watson, J. A. Neill, S. W. Musgrove and Tom McGill, engineers; and R. B. Hext, yardman-truck driver. W. T. Huber is district telephone maintenance foreman. The Eldorado maintenance crew now includes T. A. Smith, foreman; E.

W. Perry, W. R. Davidson, A. B. Bagley and R. L. Waldron

The landscaping around the station is the pride of all station personnel. Hedge tops have been trained and clipped so that they spell "Shell," "Safety First" and "Buy Bonds." One has been shaped like an Easter basket.

The town of Eldorado has had a colorful history from its establishment in 1895. A description of Schleicher County was printed in the San Angelo Enterprise in 1900 to tell its readers about the possibilities of settling in the area. Here is what the writer said: "Away up in the air, about 2300 feet above the level of the sea, up where the pure, healthful breezes flow; where the malarial germ is never found; where every passing breeze brings the flush of the very best in the western tier of counties. The county is 26 by 50 miles in extent, and portions are somewhat broken in character."

This, then, was the picture that brought men to Schleicher County and Eldorado. During those early years, the townspeople had one goal—extending the railroad from San Angelo. Several early land booms developed around the railroad's coming, however it was not

until 1930 that Santa Fe laid tracks between the two towns.

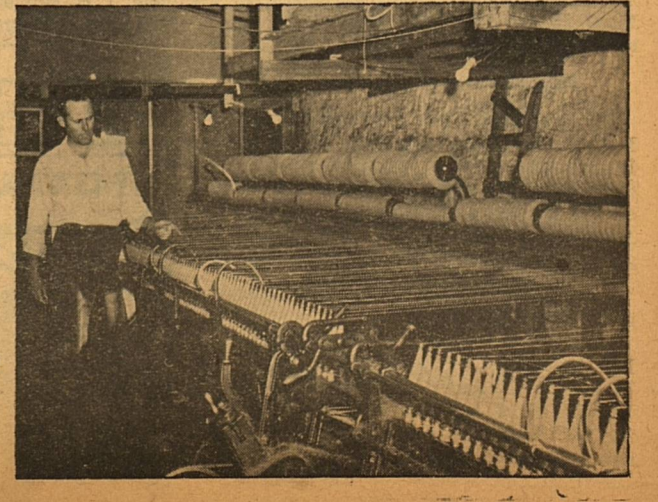

Based on a foundation of ranching, Eldorado became the county seat in 1901. It has continued to grow through the years until today it is one of West Texas' liveliest towns. It boasts of the only wool blanket factory in Texas. Here ranchers from all 48 states have sent their wool to be processed into

finished blankets, car robes and saddle blankets.

The early citizens looked for the fulfillment of the town's Spanish meaning (El Dorado), "land of gold." They and its present residents have found this wealth to be a happy and contented life brought about by their cattle and sheep ranches, trading center and oil activity.

Admiring hedge are: F. O. Prochaska, R. B. Hext and J. A. Neill. Landscaping at station is pride of entire crew.

Texas' only wool blanket mill is at Eldorado. Owner Joe Christian points to the complicated spinning machine.

OES Installs New Officers Thursday

Officers for the new year were installed when the local chapter of the O. E. S. held a public installation ceremony in the Masonic Lodge Thursday night. Installing officer was Mrs. J. B. Montgomery of Eldorado. Mrs. Mabel Parker was installing secretary, Mrs. Fred Watson was installing marshal, Mrs. Will Isaacs was installing chaplain, and Mrs. Ernest Hill was installing organist.

The new officers are: Mrs. Edwin Childers, worthy matron; Edwin Childers, worthy patron; Mrs. W. A. Schuller, associate matron; W. A. Schuller, associate patron; Mrs. Johnny Luedecke, secretary; Mrs. Palmer West, treasurer; Mrs. R. J. Alexander, conductress; Mrs. E. W. Mund, associate conductress; Mrs. J. B. Montgomery, chaplain; Mrs. J. A. Neill, marshal; Mrs. Edgar Spencer, organist; Mrs. Delbert Edmiston, Adah; Mrs. Heron Mace, Ruth; Mrs. E. H. Coulter, Esther; Mrs. W. G. Godwin, Martha; Mrs. Jim Hays, Electa; Mrs. Judd Brannon, warder; and Palmer West, sentinel.

The regular installation of officers was followed by a white Bible ceremony and a special song sung by Mrs. Jim Hays.

Mrs. J. A. Neill and Edgar Spencer, the outgoing worthy matron and worthy patron of the order, were presented pins by Mr. and Mrs. W. G. Godwin on behalf of the chapter.

A social hour followed the installation. The linen-covered tea table was centered with a bouquet of daisies, flanked by candles and other arrangements of flowers were used as decorations throughout the room. Mrs. Edwin Childers poured the punch, which was served with open-faced sandwiches and cookies. The social committee, Mrs. E. W. Mund, Mrs. Jim Hays and Mrs. Heron Mace were hostesses. More than fifty were present for the installation.

Frankie Thompson Weds Dallas Man In Home Ceremony

Frankie Louise Thompson, second daughter of Mr. and Mrs. Jess. Thompson, was married at 9:00 Friday evening, June 2, 1950, at her parents' home near McCamey, to Paul Mitchell Hamby of Dallas, son of Mrs. Reba Hamby of Crossville, Tenn.

Rev. J. M. Hays, pastor of the First Baptist Church of Eldorado, officiated, using the single ring ceremony. Present were the family from McCamey, and Rev. and Mrs. Hays of this city.

The bride wore an ash rose lace dress with white accessories and carried a bouquet of white carnations. The couple are at home at 4235 Herschal, Dallas, after a brief honeymoon trip.

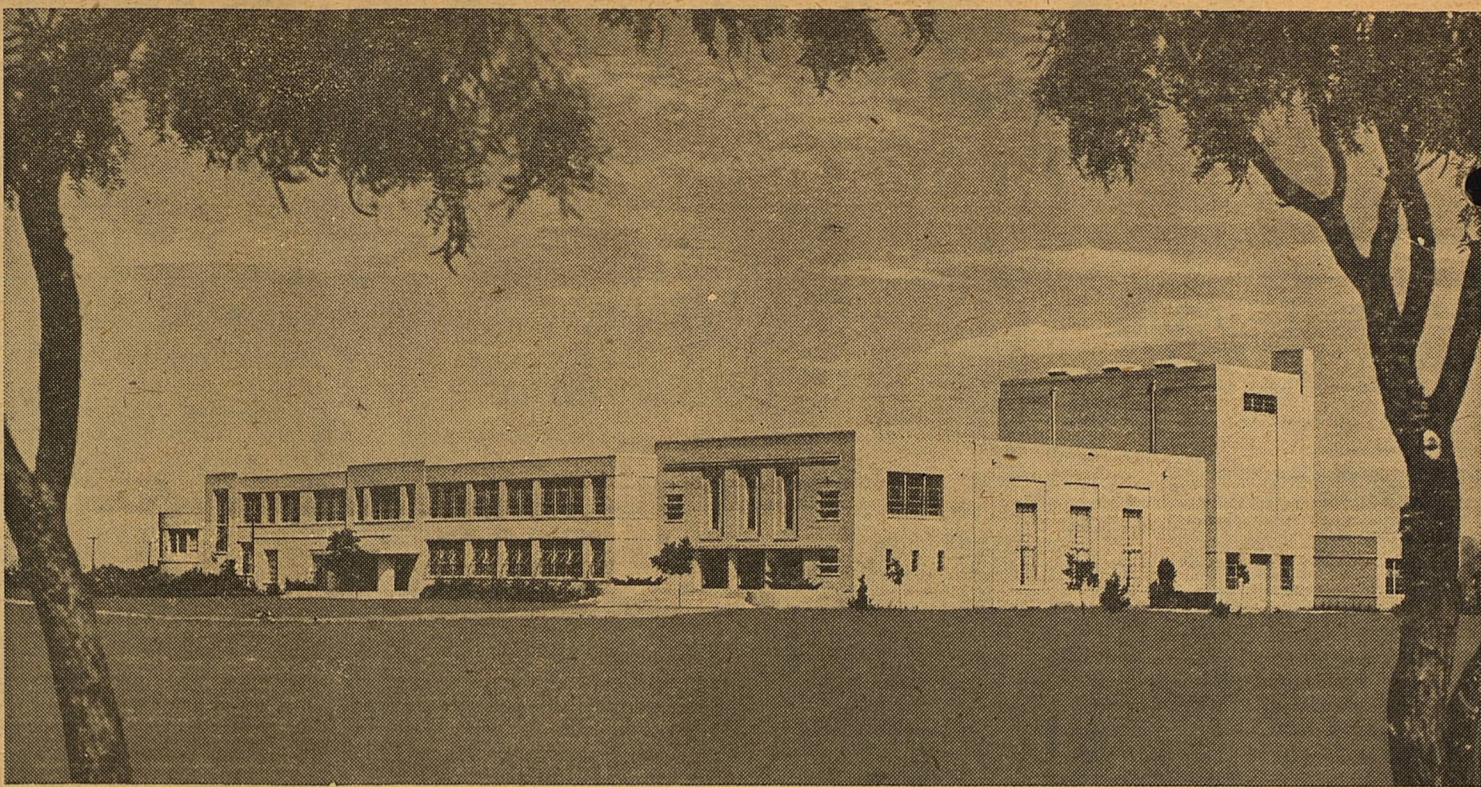

The bride was reared in Schleicher county and was graduated from Eldorado High School and attended Baylor University two years. She is an accomplished musician, and during her years of residence here she played on numerous occasions for church, school and social affairs.

The groom graduated from high school at Crossville, Tenn., and was in service 2 years, 13 months of which he spent in Europe. He is assistant manager of Sanger Bros. Appliance store, and Frankie is employed with Haggard Co.

The couple were in Eldorado during the weekend, and on Sunday they and Mr. and Mrs. B. L. Blake-way were dinner guests of Rev. and Mrs. J. M. Hays at the Baptist parsonage.

R. B. Griffith of Penwell visited the first part of the week with his mother, Mrs. C. F. Griffith and his sister, Mrs. O. V. Doty.

J. W. Davis attended the funeral of his uncle, J. H. Howard, who was 82, at Dripping Springs May 17.

SAN ANGELO COLLEGE — Main Building, San Angelo College, San Angelo, Texas. The library is at the extreme left and the auditorium at the right. Between the library and auditorium are administrative offices and classrooms. The entire plant is new and modern and includes a total of nine buildings, three of which are two dormitories and a dining sommons to be ready for the fall semester. The lawns, trees, shrubs and flowers of the campus together with the attractive buildings make San Angelo College a beauty spot.

Bond Issue For Menard

At a meeting in the Chamber of Commerce office on Wednesday night, the Menard Community Project Committee agreed to place a bond vote petition in Commissioners' Court, when it convenes on June 12. The document will call for floating a park improvement bond of \$800,000 for the construction of the proposed Menard Library and swimming pool.—Menard News.

New Negro School

The board of trustees of the Reagan County Independent School District will let a contract today for the erection of a two-room frame structure to house the negro school, it has been announced by Supt. C. E. Ellison. Plans call for the building to be 24x70 feet and to have a stage at one end, and a folding type partition so that it may be converted into an auditorium. Laboratory facilities will be provided for the students.—Big Lake Wildcat.

New Storage Tank

Construction of a new 200,000 gallon water storage tank on water works hill has been started. The work is being done with local labor under the supervision of Jack Brewer. Total cost is estimated at \$12,000. The new storage tank will supplement the present 200,000 gallon tank which was built as a part of the modernization program the district undertook in 1941 after acquiring the water works property.—Ozona Stockman.

Delivery For Junction

A date for the establishment of city mail delivery in Junction will be set as soon as the local post office has received the necessary items to inaugurate it.

In a letter to Postmaster H. G. Hubert from Joseph J. Lawler, assistant postmaster general, stated that the Division of City Delivery Service of the Post Office Department has requested the necessary furniture, equipment, and vehicle authorization from the Assistant Postmaster General, Bureau of Facilities, for the local post office.—Junction Eagle.

Mad Skunk Bites

Martha Manley, 2, daughter of Mr. and Mrs. H. L. Manley of Tennyson, was bitten Monday night by a skunk while she was asleep in her home south of here.

Her father, who operates Charles Watch Repair in Bronte, said that he was awakened by her fretting in the night. He got out of bed and shined a flashlight on her bed and saw the animal holding on to the child's toe.

Considerable effort was necessary to get the animal loose from the little girl. Finally Manley was able to loosen the animal's hold with his hands after having hit it over the head several times. The skunk was killed and its head sent to Austin where an examination revealed that it had rabies.

Both the child and Manley start-

ed taking shots for the disease Wednesday. They will have to take one shot per day for two weeks, in order to keep from contracting the disease.—Bronte Enterprise.

Houses Numbered

A long-time community goal soon will be realized in the systematic numbering of homes and the permanent marking of streets in Fort Stockton in a co-operative project being sponsored by the Pecos County Chamber of Commerce with approval aid from the City of Fort Stockton.

A Sherman manufacturing firm has arranged with the Chamber of Commerce for furnishing of street signs, and sale of house numbers will finance the entire cost of both numbers and signs. They will be erected by city crews.—Ft Stockton Pioneer.

16 Children Receive 1st Holy Communion

On Sunday, May 28th, sixteen children received their first Holy Communion at Our Lady of Guadalupe Church. Their names are as follows: Genevieve Cortez, Maria Cortez, Sulema Torres, Pauline Robledo, Lydia Belman, Dolores Santillano, Mary Minor, Olga Mancha, Concepcion Ramon, Reynaldo Samaniego, Ubil Samaniego, Pascual Samaniego, Juan Mejilla, Fernando Alvarez, Jose Minor and Vanancio Pena, Jr.

The receiving of their first Holy Communion by these children was the climax of two weeks of instruction by the Sisters of Our Lady of Victory, San Angelo. Father Ronnin Einhaus, O. F. M., missionary priest in charge of the mission, officiated at the morning service. The Sisters aided the children in the singing and praying. After Mass pictures of the children were taken of this Memorial Day.

Wilson Host At Soil Meet In County

The Eldorado-Divide Soil Conservation District annual field day will be held on D. C. O. Wilson's Corralina Ranch Friday, June 30. Bill Rountree, work unit conservationist at Eldorado announced the date and confirmed the arrangements. A barbecue dinner is to be served beginning at 11 o'clock in the morning. After the dinner, a field trip over the ranch will be conducted by the Soil Conservation Service consultants.

Some outstanding examples of conservation can be studied on the Schleicher County ranches, authorities say.

ANN BALLEW HONORED WITH BIRTHDAY PARTY

Elizabeth Ann Ballew was honored on her 11th birthday last Thursday, June 1, with a canasta party at her home. Sandwiches, potato chips, pickles, olives, molded salad, and birthday cake were served to Mary Tisdale, Martha Dell Williams, Roxa Jean Tinning, Sue Kinser, Jimmie Dell Williams, Dale West, Thomasyne Jones, and an out-of-town guest, Judith Ann Jones, of Las Vegas, New Mexico.

The young people were presented with favors.

Repentance Unto Life

Acts 11:18
The second step in the plan which God has made for the salvation of man's soul is repentance. Repentance is much talked about in the Bible and our study will take us to several scriptures and points about the subject.

First of all a man must repent before he can expect to be saved. "The devils believed and trembled," yet they were not saved because they did not repent. "Except ye repent ye shall all likewise perish." Luke 13:3. However, let us not now concede that all we have to do is believe, then perform the culminating act of repentance. So, a man must repent, else he shall perish. "And the times of this ignorance God winked at, but now commandeth all men everywhere to repent." Acts 17:30. Hence, God commands all men to repent else they shall all perish.

Now the question arises as to what is repentance. Some men have stated that it is a change of mind. However, let us examine the word of God first and let Him tell us. In Luke 11:32 the Lord speaks of Ninevah, the city into which Jonah went preaching that God should overthrow it and destroy it. Hear Christ. "The men of Ninevah shall rise up in the judgement with this generation and shall condemn it; for they repented at the preaching of Jonas: and, behold, a greater than Jonas is here."

In this quotation, Christ stated that the men of Ninevah REPENTED. Yet in Jonah 3:10 we read, "And God saw their works, that they turned from their evil way . . . etc." Christ said they repented, yet Jonah says they turned from their evil way. Thus the Word of God shows that when a man repents, he turns about and starts a new course, completely foreign to the first.

Hence it is that a man does not repent until he changes his mind and ALSO his way of living. Acts 26:20 the Apostle tells us this when he says, "But showed first unto them of Damascus and at Jerusalem and throughout all the coasts of Judea and the to the Gentiles that they should repent and turn to God and DO WORKS MEET FOR REPENTANCE." So we see that a man must: (1) repent, (2) turn to God, and (3) do works meet, (or in order to show) repentance. Another argument that a man is saved by works and not by faith only.

Have you repented of your past sins? Have you completely changed your way of living? A man who has truly repented shows it by his works and fulfills the statement in the Bible "Therefore if any man be in Christ he is a new creature: old things are passed away; behold all things are become new." If you have not repented you are in a lost condition. "Except ye repent ye shall all likewise perish."

"The Churches of Christ Salute You."—Rom. 16:16.

RURAL PHONE CO-OP LAUNCHED IN WEST TEXAS

All rural residents of Schleicher County are urged to attend a county-wide meeting tonight—Thursday—in the Memorial building at 8:00 to hear an explanation of a proposed 12-county Rural Telephone Co-Op.

County Agent W. G. Godwin will be on hand to explain the proposition, which would be set up similar to the R. E. A. An out-of-town speaker will also be there to assist with the meeting.

A temporary committee is composed of J. F. Runge, Gene Edmiston, and Vernal Lux.

Application for a \$500,000 federal loan was filed Feb. 10 in Washington and action is expected to be taken on the loan application as soon as details of installation, number of users, etc., is made available to the government. The loan is to be repaid in 35 years at 2 per cent interest.

Counties included in the proposed West Texas Telephone Cooperative area are Coke, Coleman, Concho, Crockett, Irion, Menard, Reagan, Runnels, Schleicher, Sutton, Sterling and Tom Green.

It is the plan of the organization to have all applications from subscribers in hand in time to make

application for federal funds before July 1, 1950, the end of the present government fiscal year, so that the money will become available this year.

A membership fee of \$5 will be required from each subscriber to be paid with the application. The maximum investment for each subscriber will not exceed \$50, including complete installation of telephone and service.

A completely new and modern two-line system will be installed and all lines and equipment will be maintained by the cooperative. A fair monthly rate for service will be charged subscribers in addition to the initial investment. At this time the monthly rate is expected to be approximately \$3.50.

The initial fee is required of subscribers because only a 90 per cent loan can be secured from the government for telephone cooperatives because of the lack of "equity incentive" as in the case of REA users who must invest in wiring, household appliances, etc. It is estimated that a \$50,000 payment must be subscribed to assure success of the West Texas Cooperative.

The rural lines are to be connected with existing private exchanges as selected by subscribers, and all of the usual local and long distance service will be available. Subscribers will pay their monthly

service bills to the cooperative and the coops will arrange for the exchange service and maintain all equipment.

It is stressed by leaders in this movement that regardless of whether a farmer or rancher is at present getting telephone service, he should attend this meeting. The cooperative would be for everyone. If a man has already spent money on a line, and now receives service, he can have his line appraised by the coop and receive compensation for it, and be a member of the cooperative. The coop would also aim to reach every person in the county. The monthly fee for service would be about \$3.50.

Mr. and Mrs. William P. Sauer, whose marriage occurred May 27, stopped here Thursday for a two day visit with their parents, Mr. and Mrs. Otto Sauer and Mr. and Mrs. Fred Gunstead, and left Saturday on their way to Brownfield where they are now making their home.

Mr. and Mrs. C. A. Reynolds and family are visiting in Bowie with her mother, who is ill.

Herin Ramsey of San Angelo, who has been on the sick list, visited his mother, Mrs. J. D. Ramsey, Saturday.

Mrs. Seth Ramsey is in San Angelo with her daughter, Mrs. Johnnie Kosfiak, whose husband was called to Galveston to be with his mother who has had an operation.

Mrs. R. A. Evans is visiting with her daughter, Mrs. L. P. Haynes, at Brookshire, near Houston, this week.

Bobby Galbreath is spending several weeks in Sonora with his brother, Billy Galbreath.

A. D. Richey, who makes his home at Talpa, Texas, was a visitor in Eldorado Wednesday.

—See these nice porch and lawn chairs. They will make life more worth living.—Ratliff Furniture.

C. A. Reynolds and his family went to Bowie during the week end because of the illness of Mrs. Reynolds' parents, Mr. and Mrs. O. W. Watson, both of whom have had operations. Mr. Reynolds returned home Wednesday and the family will remain there another week.

Mr. and Mrs. Jack Kerr and Billy Kerr and family of San Angelo visited in the home of Mr. and Mrs. B. B. Anderson over the week end.

Body of Former Eldorado Rancher Found Near Angelo

The body of David Mills Powell, 54, native San Angeloan and a former ranchman here, was found at 3:20 o'clock last Friday afternoon lying to the rear of his pickup, 11 miles north of San Angelo on the Robert Lee Road.

Justice of the Peace Bob Aycock returned a verdict of self-inflicted death. A 9-mm German Luger, one shot fired and the chamber locked open, lay by his side.

Mr. Powell had been living at 309 Midget St., in San Angelo. He was found by Wallace Long, who lives on the Rust Ranch, near the scene of the accident.

Funeral services were held at 5 o'clock Saturday afternoon from Cox Funeral Home. Burial was in the Fairmount Cemetery, where Dr. B. O. Wood officiated.

Mr. Powell, who had operated a ranch near here until about a year ago, was born on Feb. 23, 1896, and was a member of the Presbyterian Church.

Survivors include two daughters, Mrs. W. L. Ray of San Angelo and Mrs. George Graham of Austin; two sons, David, Jr., and John R.

Powell of Eldorado; four brothers, Lee of Tyler, Bill of San Angelo, Sam of Robert Lee, and Eldridge Powell of Odessa; and two sisters, Mrs. Mark Pulliam of Corsicana, and Mrs. Bernard Akin of San Angelo.

—Just received, new shipment canasta occasional chairs, in modernistic plastic, chartreuse, tan and red, \$15.95.—Ratliff Furniture.

Born May 31, at 5:00 a. m., a daughter to Mr. and Mrs. Aris Carr in a San Angelo hospital. The couple, who live at 2534 Chestnut, have one other daughter, Pam. They are former Eldorado residents.

—Complete stock of famous Club Aluminum. Buy and assortment, pay for it on our easy payment plan.—Ratliff Furniture.

Frank Meador was out of town several days during the past week conducting business at Dallas, Colorado City, Abilene, Midland and Ballinger.

Highway Traffic Signals—Flashing Beacons

STANDARD FLASHING BEACON SKETCH F

Do you know the meaning of a flashing red or flashing yellow beacon and the purpose for which they are used? If you do not know, you are not in a class by yourself. There are many motorists in this "didn't-know" class, who should graduate to a higher knowledge of flashing beacons. By so doing, they could help to insure their own safety, as well as the safety of others. They could perhaps save themselves the sad experience of some day having to explain a traffic violation to the judge.

The flashing red beacon means STOP and then proceed when it is safe to do so in the same manner as you would after stopping for a STOP sign. If you run through a flashing red beacon without coming to a full stop, you are just as guilty of a traffic violation as you would be if you ran the red light of a stop and go signal. The flashing red beacon is generally used instead of or in conjunction with a STOP sign where it is especially desirable to emphasize the need for stopping, and for important intersections where the traffic conditions will not justify the installation of a stop and go signal.

The flashing yellow beacon means CAUTION. Drivers of vehicles may proceed through the intersection of past such signal only with CAUTION. Flashing yellow beacons are most frequently used to mark a physical obstruction existing in the roadway, an important intersection hidden by an obstruction or sharp curve in the highway, or a sudden change from rural conditions, where relatively high speeds are safe, to those of an urban district where speed must be reduced.

Flashing beacons have an important part in the scheme of traffic control, and a better understanding by motorists of the purpose for which these signals are erected would increase their effectiveness many times. At the lighter traffic intersections which will not justify the more rigid control of a stop and go signal, the flashing beacon marks the existence of an intersection of more than average importance by either emphasizing the need for stopping with flashing red or proceeding with caution with flashing yellow.

When the beacon shows flashing red, be ready to stop; when it shows flashing yellow, be alert and ready for any emergency that might confront you.
