

Schleicher County Oil News

Special from James C. Watson
Midland, Texas

Hiawatha Oil & Gas Company has re-acidized its No. 1 J. Forrest Runge, recently completed Pennsylvania opener in Northwest Schleicher County. Both the perforated section, at 5,612-20 feet, and the open hole section from 5,624 to 5,675 feet were treated with the acid. Operator used 1,000 gallons of regular acid and 500 gallons of mud acid.

The acid load was swabbed out and the well then started flowing and at last report was flowing at the average rate of 10 barrels of new oil per hour and no water. The average gas-oil ration was 1,800-1. The producer is still testing and will be put back on regular production soon.

The No. 1 Runge was completed several weeks ago for a daily potential of 470 barrels of oil and no water. Production fell off somewhat since the completion. No. 1 Runge is 660 feet from south and west lines of section 66, block M, GH&SA survey.

The same operator's No. 2 Runge, northeast offset to the No. 1, is drilling below 1,550 feet in lime and shale. Drillsite is 330 feet from south and west lines of the northeast quarter of the southwest quarter of section 66, block M, GH&SA survey.

The Ohio No. 1 P. McIntosh, 7-200-foot Ellenburger wildcat in South-Central Schleicher County and about 10 miles southeast of Eldorado, is drilling below 6,190 feet in lime and sand with shale streaks. The prospector, which is located on a solid block composed of McIntosh and Davis ranch land, is being dug 660 feet from north and 1,980 feet from west lines of section 22, block 9, TW&NG survey.

The same operator's No. 1 H. F. Thompson, diagonal southwest offset to Hiawatha No. 1 Runge, is progressing below 4,153 feet in shale. Location is 467 feet from north and west lines of section 80, block TT, TCRN survey.

American Republics No. 1 H. F. Thomson, diagonal southeast offset to the Huldale field in North-central Schleicher county, and indicated discovery from a shallower pay, is digging below 5,242 feet in shale.

Delta Gulf Drilling Co. No. 2 H. F. Thomson, one-location west offset to its No. 1 Thomson, is drilling in lime and shale below 1886 feet.

Cooper Gas Company of San Angelo and Shell Oil Co., No. 1 Will Loveless, wildcat in central Schleicher County and three miles northwest of the Page field, is below 2,920 feet drilling toward contract depth of 6,000 feet. That destination is calculated to take the prospector into the Strawn.

C. L. Norsworthy Jr. and Lone Star Producing Co. No. 4 R. M. Thomson, southeast offset to the Brushy Top opener, has been coring and testing an oil showing from 685 to 710 feet.

Other offsets to the Brushy Top discovery are:
Sinclair No. 1 Steen
Lone Star No. 1 Steen.
Norsworthy No. 1 Thomson.
Farris No. 1 Thomson.

W. W. Meeker of Midland has scheduled a shallow wildcat in the Brushy Top area. His No. 1 Christina Mittel to begin by March 4 will be 1 1/2 miles west of the Brushy Top discovery.

Spudder is now on location for a new wildcat about 2 miles north of Eldorado to be known as C. L. Norsworthy No. 1 T. K. Jones. Location is 1980 feet from the north and east lines of Sec. 37, block LL.

PROCEDURE IS CHANGED ON SHELL UNLOADING

Officials at the Shell Station report that the company is making a change in the procedure of unloading oil delivered there. The four tanks have been released back to the owners who will undoubtedly remove them to other locations, and the oil will now be sampled and received by the truckload. Because this involves more work for the personnel of the station, an additional man will probably be employed.

SERVICES AT WEST SIDE CHURCH OF CHRIST

Services were held Sunday at the West Side Church of Christ, with Davis Murr, of the Murr Community, in the pulpit. M. J. Cunningham is now in Dallas leading the singing for a revival which is being conducted by Brother Leland Knight.

The visiting minister, and the W. C. Doyle and Vernal Sudduth families, were dinner guests of Mr. and Mrs. Lum Davis after the services Sunday.

NUMBER 8

Lions Club to Present Kreklow, Sorantin In Joint Concert Here Tomorrow Night

A capacity crowd is expected in the Eldorado High School auditorium at 8:00 tomorrow night when Joe Kreklow, pianist, and Eric Sorantin, violinist, will be heard in concert. This event is being sponsored by the Lions Club, who have conducted an intensive ticket campaign during the past few weeks in Eldorado, Sonora, and Ozona.

Joe Kreklow is well known to Schleicher County, having lived on his farm here since 1943.

Joe Kreklow will open the program with a Paraphrase of Concerto Themes. These will include Tchaikovsky's B Flat Minor, Rachmaninoff's No. 2, Chopin's Opus 10 No. 3, and Addinsell's Warsaw Concerto. He will then play Fritz Kreisler melodies: Caprice Viennois, The Old Refrain, and Stars In Your Eyes.

Eric Sorantin will be accompanied by Wanda Dregoo Beall at the piano in the Prelude, Adagio, and Finale of Concerto in G Minor, by M. Bruch. This will be followed by intermission.

Next on the program will be Sorantin and his accompanist with: Capriccio Amoroso, Sorantin; Tambourin Chinois, Kreisler; Serenade, Schubert; Rondo in G, Sorantin; Witches Dances, Paganini.

Kreklow takes over once again to deliver the final portion of the program: Selections from George Gershwin: Man I Love, Someone to Watch Over Me, Embraceable You, Liza, I Got Rhythm. Selections from Rodgers and Hart: My Romance, Blue Room, The Girl Friend, Tea For Two.

Selections from Jerome Kern: Yesterday, All the Things You Are, Why Do I Love You, Make Believe. Selections from Cole Porter: What Is This Thing Called Love, Night and Day, Anything Goes, Just One of Those Things.

Although his farm now takes most of his attention and time, Kreklow is still heard occasionally in concert, such as the one tomorrow night will be. Last November the Big Spring Town Hall and Concert Association sponsored him in that town. The Big Spring Herald said at the time: "Opinion of Town Hall members indicated that the program last night achieved two firsts: first in number attending and first in quality of the program."

The musical career of Joe Kreklow began in his native Detroit when he was seven. A number of years later he was playing at the Fox Theater, and entered the University of Detroit, from which he graduated with a major in philosophy. Later engagements found him with Fred Waring's Pennsylvanians, and the Rockefeller Center Rainbow Room. He accompanied Hildegarde, radio and screen personality, at the Savoy Plaza and the Plaza Hotels in New York.

Kreklow met Vida Moore, a Texas home demonstration agent, while he was playing with Russ Morgan's orchestra at the Casa Manana in Fort Worth in 1939. They were married July 2, 1940, in Los Angeles. Three years later she convinced him that farm life still had its advantages. That was when they acquired their cotton farm in west Schleicher County.

He still keeps contact with the musical world through his occasional concerts and by giving piano lessons in San Angelo and Eldorado. He is always well received wherever he appears.

Eric Sorantin, known internat-

ionally as a violinist of extraordinary power, is one of the most versatile artists on the concert stage. In his playing are combined the brilliance of a great virtuoso and the sensitive musicianship of a renowned artist.

At the age of four Sorantin began to study the violin and at ten he was a skilled virtuoso. His debut took place at the age of eleven when he played the Beethoven concerto in masterly fashion. As a youth Sorantin was a student in the violin master school of the State Academy of Music and Dramatic Art in Vienna, where he became the favorite pupil of the famous teacher, Otakar Sevcik.

Before he had completed his studies Eric Sorantin was reputed to be a violinist of the first order. He toured through Austria, Italy and other European countries and was hailed everywhere as a great player. He appeared with leading symphony orchestras and emerged as a most successful soloist.

For a short time Sorantin held the position of professor of violin at the Vienna Conservatory of Music. There the concert stage called him. He embarked for South America. In Buenos Aires, Rio de Janeiro and other cities of Argentina and Brazil he played to enthralled audiences. His fame which he had won, also followed him through the United States. His New York debut proved sensational. Sorantin was for many years a conspicuous faculty member of the Chicago Musical College.

Sorantin is equally at home in the classics and in the works of the best modern composers. He possesses all the qualities of a great violinist, temperament, brilliance and personality.

Sorantin has written various compositions for violin and piano, and for the orchestra. His book, "The Problem of Musical Expression," where he advances new theories of musical understanding, received wide comments by the press. His versatility is crowned by the fact that he earned the degree of Doctor of Philosophy at the University of Vienna and at Vanderbilt University.

Style Show Tonight

Members of the Junior Woman's Club of Eldorado will present their annual style show Thursday night, tonight, in the school auditorium, featuring women's, misses, and children's wearing apparel.

Stores participating in showing of spring apparel are Coulter's, Ratliff's, Bauer's, Stigler's Barnes, Martha and Florence.

Mrs. James Page will play, Bob Ratliff will be presented in two numbers, and the school sextette and a barber shop quartet will sing. Commentator is Mrs. Carl Stevens.

A large number of local women, young people, and children will appear as models.

OLD TIMER HONORED

In a recent issue of an Abilene newspaper appeared a picture and news story concerning I. A. Pruitt, brother of Mrs. G. A. Neill of this city. He formerly lived in Tom Green and Concho counties. The news story, which appeared in print at the time of his 84th birthday celebration, included interesting accounts of his early life as a cowboy, and his experiences in Indian raids. He is well known among old timers here.

Former Resident Dies In Fort Stockton

Will A. Adams, for 12 years a rancher in the Rudd neighborhood, later a rancher in Crockett, died at 8:30 February 15, at Ft. Stockton after several years of ill health.

A native of Red River County, he moved with his family to Llano County when a child, later moving to San Angelo where he was married to Della Sims in 1898.

The couple ranched in Schleicher County, and later moved to Crockett County, where they ranched 14 years. He bought a part of the Scharbauer cattle country 12 miles east of Ft. Stockton, and the couple made their home there and in Ft. Stockton for the past 22 years.

Surviving are his wife, a son Clay, and two granddaughters, Jane and Camille, of Ozona.

Funeral services, which were held from the First Baptist Church in Ft. Stockton Saturday, were attended by a large number of friends, including Mrs. D. E. DeLong, Mr. and Mrs. Ralph Fowler, Mrs. C. L. Meador, Jr. and Keno Ogden, of Schleicher County.

A. R. Parker, who has been hospitalized, is at home this week.

The Military

Wilburn Davis, nephew of the Don McCormicks, and others here, is having quite a little success with newspaper work in Corpus Christi, according to a news story, carried in the San Angelo Standard last week. The young man, who has always been interested in journalism, is in the Navy.

Olge Halbert called home folks Sunday night from Camp Cooke, California, stating that he and William Spurgers hoped to get furloughs soon. Olge is in Construction and William in Supplies.

Henry Mittel, Jr., and Jodie Whitten are still stationed in Mississippi.

Mr. and Mrs. Martin Estes have received word from their daughter Wanda Lee that her husband had received the Oak Leaf Medal of Honor, in recognition of his services while flying a saber jet over Korea. He now has the rank of captain.

For the fourth time Lewis E. Kerr, youngest son of Mr. and Mrs. Bud Kerr, is overseas. After taking three overseas trips in World War II, he is now in Japan, where he has been for five months as a master sergeant, and where he expects to remain about another year. He has a home in California, where his wife, a native Californian, now lives.

Hal Whitten, Stewart Williams, and Jackie Hodges of Eldorado, and Billy Gene Suggs of Rocksprings, were here from Ft. Sill during the past weekend. Hal and Stewart recently received promotion to the rank of corporal. All have completed their basic training and are starting on a two-months' survey school at the same camp.

One sailor who will be working to get leave to come home is Grady M. Capps, who is on his way back to the States after having been stationed in Japan. He will be in San Diego and will be hoping to get leave to come to Schleicher County to visit his young son, born Saturday night, at about 6:00 in a San Angelo hospital. The baby weighed seven pounds and four ounces, and has been named Grady Kenneth. The young mother has been spending the winter here with her parents, Mr. and Mrs. H. E. Browder, on their place south of Eldorado on the Sonora road, and Mrs. Browder is now staying in San Angelo with her daughter and new son. When Mr. Capps arrives he and his wife can make plans concerning their future place of residence. Grady Kenneth is the first baby of the Capps, but the fifth grandchild for the Browders.

Billy Dan McAngus, who left last week for service, is now at Ft. Jackson, South Carolina, according to a letter received this week from him by his parents, Mr. and Mrs. Ross McAngus. He was on the front row in a picture of about 80 inductees at the San Antonio office, which appeared in a recent issue of a San Antonio paper.

Jimmie Cook left Thursday for San Diego, to start his boot training. His wife, the former Ernestine Clark, remained here for the time.

NEW HUMBLE PUMPING STATION OPERATING IN EAST SCHLEICHER

Five new families are occupying the five new houses at the new Ft. McKavett pump station erected by Humble, and the station is now in operation, in spite of the fact that some work remains to be done on the main building, the residences and the yards.

Five men are now on the job: W. B. McConnell, chief engineer, came to Schleicher County from Iraan and he and Mrs. McConnell occupy one of the houses. C. J. Brown, Mrs. Brown and their little daughter, Charlene, age 2 1/2, Mr. and Mrs. M. M. Caldwell and Mr. and Mrs. Bud Woolley all moved there from Station B, below Sonora. The B. B. Wagnons and two daughters moved there from Station A, in Schleicher County. These four men are engineers, and they and their families occupy the other four houses on the lease.

The five residences for the men are located in a row. Built on the crest of a hill, they are complete with cement walks at the front and back, connecting all of the yards, and leading to front and back entrances of the five houses. A view of miles of surrounding countryside is afforded from the families' living quarters.

Asbestos shingles complete the exterior finish of the residences. The identical houses, all painted a shining white, have five rooms and large back porch and double garage for use of the occupants. The yards are terraced, in preparation

for growing of lawn and planting of shrubs and flowers.

The power house presents an appearance of stream-lining in exterior design and interior finish and equipment. Two 1000-horse power motors are already running, and delivery on a third, of the same size, is expected soon. A modern control-board gives complete mechanized control of the station. Principal materials used in the main building are brick, tile and steel.

The 18-inch main Humble line comes through Schleicher County from Big Lake, paralleling Shell as it proceeds across this county. Though in operation only a few months, it is already carrying almost capacity loads. Every 24 hours, 130,000 barrels of oil passes through the line at a given point.

A wide new terraced road leads from the highway up to the 25-acre tract on which the station is located. An Eldorado school bus stops at this entrance to pick up school children, driving the 30 miles on the old Ft. McKavett road to reach this point. Menard is about 36 miles away, and Sonora is about the same distance and can be reached on the old Sonora highway.

For transacting of official business and maintaining of routine family life, the three towns are all put to use—Eldorado for school and telephone service, Sonora for mail, and Menard for some of the shopping done by the families. All of the property lies in Schleicher County.

BOND CAMPAIGN IS SUCCESS IN COUNTY

C. L. Meador Jr. was presented the "Treasurer's Award of Merit" for his work in past Savings Bonds campaigns, at yesterday's Lions meeting. Meador has been chairman of the bond drives in Schleicher county. The presentation was made by W. O. Alexander.

Miss Pat Keffer was in charge of a program given by four high school students: Jean Kuykendall, Jerry Lynn Pennington, Tony Kerr, and Cynthia Reynolds.

Joe Kreklow spoke briefly to the group, thanking them for inviting him and Dr. Sorantin to give the program this Friday night. He rendered a few piano selections.

Mrs. Max Henry and son of Ft. Stockton are visiting the C. C. McLaughlins this week. They arrived by plane in San Angelo Tuesday and were met there by the McLaughlins. Mr. Henry will join them here Friday.

Mrs. R. A. Evans returned home Monday, accompanied by her daughter Mrs. R. O. Smith, of New Braunfels. Mrs. Evans spent three months with relatives at Brookshire, Houston and New Braunfels. Mrs. Smith will remain here for a week before returning home.

Mrs. C. W. Galbreath had as dinner guests Monday Rev. and Mrs. C. T. Aly of Phillips, who were on their way to Brune to hold a revival. Rev. Aly is a former pastor of the First Baptist Church of Eldorado.

STOCK SHOW RESULTS

Statistics concerning the Fat Stock Show at San Antonio are submitted by W. G. Godwin:

Total lambs placing in San Antonio, 46.

First place in county group of 15 fine wool lambs, and first place in county group of 15 cross bred lambs.

Total premium money, \$177.

First group of fine wool lambs sold for 50c per pound, as did the first group of cross bred lambs.

The individual lambs that placed sold from 50c to 57c per pound.

Lambs that did not win a ribbon sold for .4210 per pound.

Sixty-five lambs will be exhibited in San Angelo show.

WOMAN'S CLUB TO MEET

The Woman's Club will meet in regular session next Tuesday at the Memorial building, with Mrs. Marvin McAngus and Mrs. James Page co-hostesses. The meeting place was changed from the Stigler residence because of the illness of Johnnie Stigler who has measles.

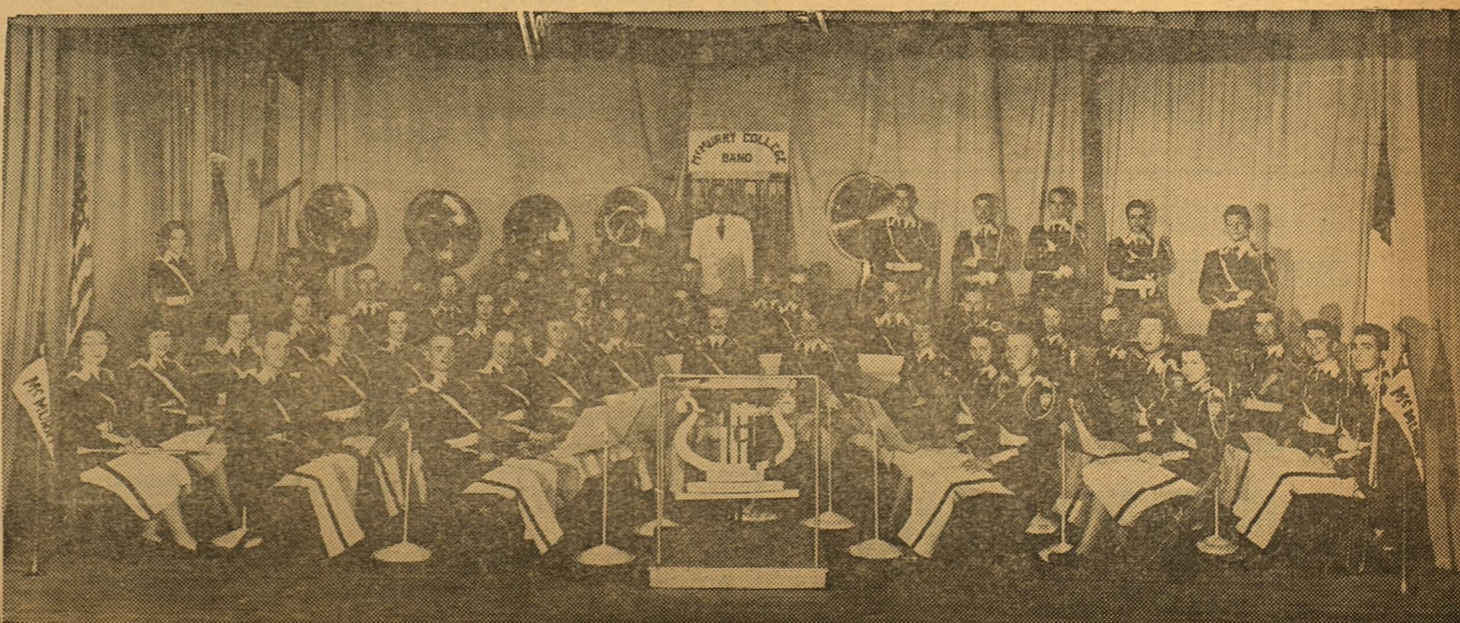

FIRST BAPTIST CHURCH

Rev. Clifford Nelson of Olden, Texas, will speak at both the morning and evening hours next Sunday, the 25th. All members are urged to be present and the public is cordially invited to hear Brother Nelson.

NOTICE

The Pioneer Square Dance Club will not meet Friday night, the 23rd, because of the Eldorado Lions Club concert.

McMURRY INDIAN BAND PLAYS HERE FRIDAY

The McMurry College Indian Band of Abilene will appear in concert at 1:30 Friday afternoon in the school auditorium in Eldorado.

This popular band, which has appeared here on other occasions, presents an interesting and varied

program of numbers. The public is cordially invited to attend.

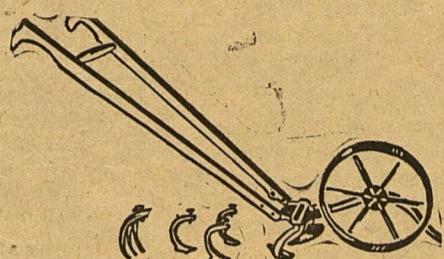

Before the program the band members will be served dinner in

the school cafeteria lunchroom. The Indians are on their way back to Abilene after a several-day tour of West Texas.

"We Service Everything We Sell"

Scarce Material Available, But Must Be Conserved

If everyone uses scarce building materials wisely, more building can be done in Schleicher County during the emergency, according to J. H. Mace, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"Because of production restrictions adopted to meet the needs of the rearmament program, supplies of certain building products, such as nails, pipe, gutters and downspouts, metal lath and reinforcing steel, are likely to be restricted for some months to come," Mr. Mace said.

"By not using those scarce products unless absolutely necessary, using no more than is required for safe construction and avoiding waste in their use, the available supply can be made to stretch over a larger amount of construction work and benefit a larger number of local people.

"There should be plenty of lumber, wall board, cement, brick, and other non-critical building materials in the months ahead, but the amount of building that can be done will be determined largely by the care with which materials containing critical metals are used in building.

"With the virtual elimination of copper and aluminum and construction purposes, steel now is the material which must be carefully conserved in building until such time as expanded production makes it possible to meet both defense and civilian needs."

NEWLYWEDS ARE HONORED AT GIFT TEA

Honoring Mr. and Mrs. Jimmie Martin, who were married recently, the WSCS of the Methodist Church entertained with a gift tea in the church parlors Saturday afternoon. In the receiving line were the bride, the former Nelva June Bolt, her mother, Mrs. Savola Bolt, and the groom's mother, Mrs. Pat Martin.

The color scheme of white and silver was carried out in the table appointments. White glads and white candles centered the table. Donnie Ray Furr, cousin of the honoree, poured from a silver tea service, and Mrs. Lawrence Steen cut the cake which was iced in white. Mrs. Johnnie Smith of Sonora presided at the register. Mrs. Wilson Page, soloist, and Mrs. James Page, accompanist, were the musicians who furnished the entertainment for the guests who called. The tea was held between the hours of 3:00 and 5:00.

Both of the young people are members of the Methodist Church and Mr. Martin is on the Board of Stewards.

Four Are Honored On Their Birthdays

Mrs. V. G. Tisdale and Mrs. R. A. Tisdale of Eden gave a turkey dinner on February 18, at the V. G. Tisdale Ranch, honoring V. G. Tisdale, R. A. Tisdale, their sister Mrs. Lottie Bolt of Junction, and L. W. Ballew of Eldorado, it being the occasion of their birthdays.

V. G.'s birthday was on Valentine day, Ballew's on the 16th, R. A.'s on the 26th, and Mrs. Bolt's the 25th.

For the occasion, Mrs. V. G. Tisdale baked her husband his 47th coconut birthday cake. They have been married 46 years but she says she used one for bait.

Those present for the dinner besides the honorees were Mrs. Cora Millar, a sister from Corpus Christi, Mr. and Mrs. Gerald Hartgraves of San Angelo, Mrs. Lewis Ballew, Mrs. Margaret Tinning and Virgie and Roxa Jean, Mrs. Joe Tisdale, and Mrs. May Tisdale, all of Eldorado, and Mrs. Lewis Tisdale of Menard.

NOTICE OF INTENTION TO APPLY FOR PASSAGE OF LOCAL LAW

The following bill will be presented to State Representatives W. R. Chambers, Harley Sadler, Rubin Senterfitt, Arthur Gromatzky, T. M. Collier, L. W. Pearson, Callan Graham, W. H. Rampson and Senators Pat Bullock, Carlos Ashley and Dorsey B. Hardeman for introduction at the regular session of the 52nd Legislature.

A bill to be entitled
AN ACT
granting the consent of the State of Texas to the acquisition by the United States of land in the State needed for programs and works of improvement in the interest of soil and water conservation and flood control; providing that this Act shall apply only to that portion of the Colorado River Watershed and its tributaries from the mouth of the Concho River to and including the San Saba River and lying within Tyler, Callahan, Eastland, Comanche, Mills, Brown, Coleman, Runnels, Concho, McCulloch, Menard, Schleicher, Sutton, Kimble, Mason, and San Saba Counties and declaring an emergency.

BAUER JEWELRY

Reporters Come Up For Discussion

By Cong. O. C. Fisher

A lady wrote me the other day to inquire about the reliability of a certain newspaper writer. "Some of his reporting seems slanted," she said, "and you being in Washington where he is I thought you might be willing to tell me what you think about him."

It would, of course, be impolite for me to appraise the quality of any particular reporter. Actually, most of them who serve here are reliable, particularly among those who write for old-line papers and the news services such as the Associated Press and the United Press.

There are, at the same time, some fly-by-nights and 'news slanters,' as they are called, who color news to suit their political tastes and act as hatchet men for certain people and groups. That is true, for example, of the Communist Daily Worker writers and it is also true of a scattering of reporters from all over the country, some representing respectable papers. It's found mostly among left wingers. Not long ago a writer for some Texas papers was found to be a disciple of Alger Hiss! Usually, however, that type does not keep a job with a reliable paper or service very long.

The Associated Press has the largest group of writers admitted to the House Press Gallery. They number 89. The UP has 60, and the New York Times alone has 25.

In Texas, a total of 19 daily papers have Washington reporters on their payrolls. Tex Easley of Fort Worth is the AP man here and is highly respected for his fairness and accuracy. The Dallas News has three reporters—Walter Hornaday, Barry Bishop and Ruth Schrum, all of whom rise above petty things and report the news objectively. The same is true of the venerable author and writer, George Stimpson, who is listed for the San Angelo Standard Times and who is regarded as an elder statesman among journalists here.

Bascom Timmons is likewise highly respected. He writes columns for 21 different daily papers over the nation, including a few in Texas. He, like others who report a wide field of papers, must hire employees to gather much of the news and report it. It is only natural that some of these measure up and some don't. Until recently he had a man named Leslie Carpenter on his rolls, gathering news mostly for several Texas papers under Timmons' name. But since February 15, Carpenter is no longer on the payroll of the Timmons' syndicate.

In Washington reputations of reporters get around rather fast in the tense political atmosphere. Many of them are taken into the confidences of men in high places and know a lot more "off the record" than they feel free to put "on the record."

GOVERNMENT TAX BOOK IS ON BEST SELLER LIST

"Your Federal Income Tax, 1950," the official tax guide published by the Bureau of Internal Revenue, has again established itself near the top on national best-seller lists, according to information released today. Over 220,000 copies of this 138-page booklet, available from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., at 25 cents per copy, were sold during the first seven weeks since publication.

This revised and improved edition of "Your Federal Income Tax" answers, in a series of short articles, many of the numerous questions which may come up concerning tax returns; it covers the latest changes under the Revenue Act of 1950, bureau rulings; and court decisions; includes several chapters on installment sales taxation and appeals procedure; and shows several facsimiles of tax forms. A detailed index is added for the readers' convenience.

Your Library

One year ago the Eldorado Public Library's book room had dark varnished shelves loaded with far too many books. Five chairs and a case for magazines (also dark varnish) completed the furniture of the room. The reading room had no furniture.

Today the dark shelves and magazine case have been painted white. The reading room has shelves on all sides finished in clear varnish, two reading tables and eight chairs in light oak finish. The windows have natural color drapes and venetian blinds. The book shelves have lost their crowded look.

Last year the Tom Green County library gave us 143 books and Mrs. Cecil Meador gave us 163 children's books. Both were much appreciated.

The Library is open three afternoons per week now and a year ago it was only open two.

These improvements have been accomplished through the help of our commissioners' court and the civic organizations of our town. Come and visit your library.

Recent books added to the Eldorado Public Library:

"Karankaway Country," by Bedichek, given by Ruby D. Fowler in memory of Mrs. Allie Sweatt.

"Doorway to a Happy Home," by Hamilton, given by Miss Connie Spence in memory of Mrs. R. S. Winslow. "The Exile Heart," by Marshall, given by Elizabeth Ballew in memory of Mrs. Joe B. Edens.

"This I Remember," by Roosevelt, given by Mr. and Mrs. J. O. Willoughby in memory of Mrs. Joe B. Edens. "Heidi," by Soyri, given by Mr. and Mrs. J. O. Willoughby in memory of Payne Bailey. —Reporter.

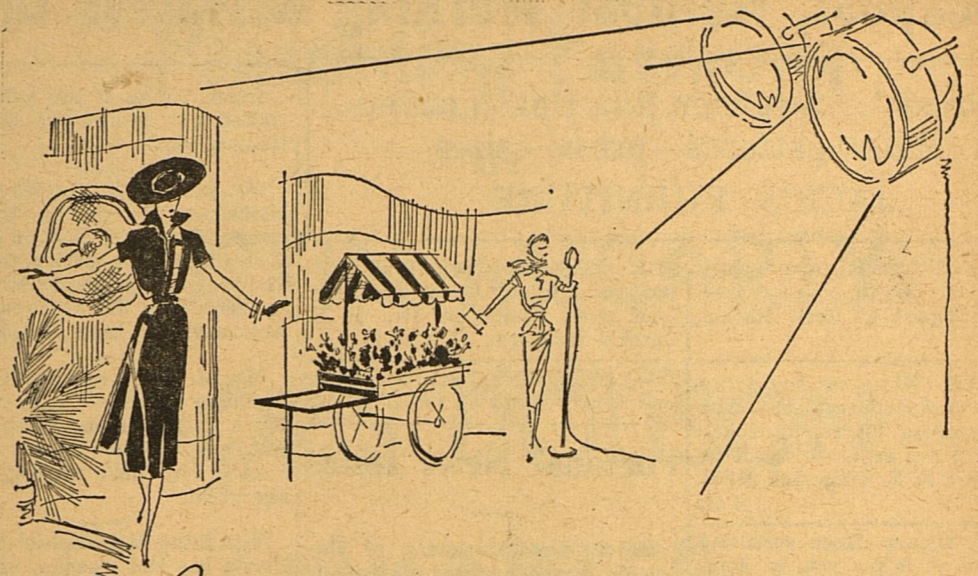

Guests in the Skeet Griffin home during the weekend were Mr. and Mrs. James A. Griffin of Midland, Mr. and Mrs. David Griffin of San Angelo, and Mrs. Jimmie Bracken of San Antonio. Mrs. Bracken brought her daughter Ileen, and left her here, in exchange for the other two children, who had been staying here with their grandparents.

The Wyndell Hall family visited recently with their son-in-law and daughter, Mr. and Mrs. Billy Whitley at Ozona.

Mrs. L. M. Hoover, who has been sick for three weeks, is improving slowly.

The C. C. Henderson and Roy Phelps families visited friends in San Angelo Sunday.

Roy Love, son of the Gus Loves, has measles this week.

Personal News Items

Karen Lou Alexander of San Angelo, granddaughter of Mr. and Mrs. W. O. Alexander of Eldorado, is recovering this week after having been very ill for a number of days. Stricken with an illness that caused her to be paralyzed for several days, it was feared that she had polio, but the parents were happy to announce yesterday that she had recovered the use of her limbs and that she was improving rapidly.

Mrs. Homer Byrd, Mrs. G. L. Lewis, and Mrs. Jeanette Willis were guests of the Walter Ramseys and attended services at the Baptist Church recently.

Helen Young of Big Lake was a visitor last weekend in the N. G. Hodges home.

Mr. and Mrs. E. D. Otis of Fredricksburg are visiting Mrs. Otis' sister, Mrs. Fred Watson and Mr. Watson, at Shell Station, this week. The Watsons' daughter, Mrs. Floyd Spurgers and her children of San Angelo visited them Tuesday.

Mrs. J. H. Carter, who moved to Ballinger with Mr. Carter when the Hugh Campbell place was sold to the Teels, informs friends that her mother had died recently at the age of 98.

The Elton McGinnesses' daughter Lynda has had measles, but is improving.

Paula Jo Mace has practically recovered from an attack of measles.

Mrs. J. L. Mitchell of Chihuahua, Mexico, is here to visit the Sam Oglesbys and other relatives in this locality.

Mr. and Mrs. Norton Cheek and son Kay are here visiting relatives. They have sold their dairy at Lampasas and are visiting relatives while deciding where to establish residence again.

Oran Enochs is on the sick list.

Mr. and Mrs. C. H. Edsel of San Angelo visited Sunday with Tom Carroll and his family in Eldorado.

Harvey Dannheim spent several days in Holcomb Clinic last week, undergoing treatment for a kidney infection, but is now at home, and improving.

Paul Page will be in San Angelo Saturday to play basketball. Mrs. Page will accompany him and the couple will visit here during the weekend.

Mrs. Valoran Gandy of Houston is here staying with her sister, Mrs. O. B. Bradshaw, who is now at home after undergoing major surgery in San Angelo.

Mrs. Peyton Cain and children are spending the week with the A. J. Stevenses.

Johnnie Stigler is recovering from an attack of measles.

The Ford Oglesbys have returned to the ranch after an extended stay in San Angelo, and will return there today.

Mr. and Mrs. Frank Crawford and baby of Big Lake visited Sunday with the Thigpen family on the Steen Ranch.

Guests of Mr. and Mrs. Andy Nixon last weekend were Mr. and Mrs. Elvin Weathersby and two children of San Angelo.

The Clovis Taylors had as guests Saturday and Sunday Mr. and Mrs. Leon Russell of Ballinger. The women are sisters.

Mr. and Mrs. Delbert Taylor will attend the tournament at Brownwood and go from there to Coleman to visit relatives next weekend.

Mr. and Mrs. Hayden Lewis of San Angelo and Mr. and Mrs. Doc Thigpen of Odessa spent the weekend with the Albert Thigpens.

Mr. and Mrs. Dick Lawhon of Marfa are here on the ranch this week.

Lorraine Dildine, who had a very serious operation several months ago in San Antonio, returned to San Antonio recently for consultation with her doctor when she began to have trouble again. She is at home this time.

The Eddie Peels visited their son and his family in San Angelo Sunday afternoon.

Mrs. J. D. Ramsey, Mrs. Royce Smith, and Mrs. R. A. Evans, visited Wednesday with relatives and friends in San Angelo.

Forrest Runge is attending the national soil conservation meeting at Oklahoma City this week.

Guests of Mr. and Mrs. H. W. Scott last weekend were J. W. and Harold Yates and their families.

J. C. Whiteley injured his arm in a fall at his place of business Wednesday morning, and is carrying his arm in a sling.

Road Considered
The Menard county commissioners' court this week took under advisement a plan advanced by the state highway department for improvement of the road from Hext north to the McCulloch county line. —Menard News.

Fencing Bids Asked
The Commissioners Court set March 10th for three important elections. Mertzson will vote on \$10,000 bond issue for building fences and buying right-of-way on Eldorado road. Barnhart will vote on \$28,000 road bond issue and the state advalorem tax. — Mertzson Star.

★ **AL-TRUISMS**

—By Al G.

AL—
Mrs. Edwin Jackson is PTAing again this week. As district president she visited three San Angelo units Monday. At Stephen F. Austin Association and at McGill she paid official visits and was called on for a talk to which she responded with brief messages of encouragement. At Santa Rita she was the main Founders' Day speaker. "And I guess that is all of it THIS week," says Mrs. Jackson, who is putting in a busy year at her PTA official job.

—al—
The J. C. Johnsons are still rejoicing over the fact that their four children were at home here during the weekend. Mr. and Mrs. Jimmie Lowe and Peggy Ann and Little Jim were in from Lamesa, Cecil R. Johnson and Mrs. Raymond Lynn were here from San Angelo; and J. C. Junior of Eldorado joined the group.

—al—
Grandmothers are helping out as they can with the care of the young twins of Mr. and Mrs. S. D. Stevens. Doris and her husband left the twins with Mrs. F. B. Calcote one day last week, went to Del Rio to get the paternal grandmother, then all drove through here and took the babies back to Snyder. The youngsters are gaining weight and care of two heavy babies sometimes gets to be a little too much for the young mother, the former Doris Calcote.

—al—
The Gordie Alexanders found the Lynn Alexanders practically all of their kinfolk at home when they came in Saturday for a weekend visit. The rest of them had gone to the stock show in San Antonio.

—al—
Mrs. S. D. Harper is a new employee at Holcomb Clinic.

—al—
At least three of Eldorado's college boys have been on the sick list. Bill Lewis Humphrey of Western College at El Paso has been sick recently, according to word received by relatives here. Gerald Harris made a trip home from Denton since the second semester started, because of illness, returned

to his school work at North Texas, then Monday returned to Eldorado again for a few days' treatment. He left today for Denton.

John Ochsner has been at home since Sunday evening from Tech. after a bout with virus pneumonia. The Ochsners and son George had been called away Saturday because of the serious illness of Mrs. Ochsner's mother, Mrs. R. P. Shelton of Astor, who is hospitalized at Matador. They found her better, then called John and learned that he had been ill a week with virus pneumonia. They went on to Lubbock and Sunday evening brought him home for several days' convalescence here. Mrs. Ochsner is away from her job at the bank while he is here.

—al—
Keno's Courts are full up—all of the time—and the no-vacancy neon sign is now an accepted thing at night. Mrs. Ernest Sneed of Snyder is spending the week here with Mr. Sneed, one of the regulars at the Courts. Proprietor Keno went to Eden Wednesday to get the chairs for the units, the last of the furniture to be delivered.

—al—
Another couple has fallen victim to the spell of New Orleans. Mr. and Mrs. Bob Page returned Sunday night from that historical Southern city, in which they spent two interesting and enjoyable weeks, resting and sight-seeing. They especially mention the beautiful foliage, the warm weather, the singing of birds, the beauty of the Mississippi as seen from an excursion boat, and the many historical shrines which they visited.

—al—
Recovering from an attack of pneumonia is Dr. L. Z. Pennington, whose daughter, Mrs. L. R. Mickey is nursing him. Mrs. Mickey left Eldorado shortly after the death of her husband three months ago, and only recently returned from visits with her boys at Rochester, Minn., Evanston, Ill., and Ft. Worth. Her son Leslie and his wife and two

ESTERBROOK fountain pens, \$2.
—At the Success office.

children of El Paso have been visiting in the Pennington and Mickey homes since yesterday.

—al—
Everyone welcomes beef 'n' tater recipes, such as this:

Beef and Potato Patties in Tomato Sauce
3/4 pound ground beef
3/4 cup ground or coarsely grated raw potato
1/4 cup ground or grated onion
1 teaspoon salt
1 egg
Drippings or other fat
1 cup tomato juice or puree
1 tablespoon flour
2 tablespoons chopped green pepper.

Mix all ingredients except fat, tomato juice and flour. Form into four or five flat cakes. Brown the cakes on both sides. Add tomato juice, cover and simmer slowly until done—about 25 minutes. Remove cakes and keep hot. Mix flour with a little water and stir slowly into tomato juice in which the cakes simmered. Cook slowly stirring constantly, until thickened. Pour sauce over cakes. Four or five servings.

Eldorado PTA Has Founder's Program

The Eldorado P. T. A. met Tuesday, Feb. 20th at 7:30 p.m. in the high school auditorium. Mrs. John Williams, president, called the meeting to order and turned the program over to Mrs. C. A. Reynolds whose second grade presented a playlet entitled, "How the Three Kittens Found Their Mittens."

In observance of Founders Day a skit was presented under the direction of Mrs. Kenneth Cheek pertaining to the founding of the National Congress of Parents and Teachers in 1897. Several teachers and pupils of the local school and some of the members of the P. T. A. played the parts in the skit which portrayed the need of such an organization due to parental ignorance of educational procedure, and parental indulgence of childhood weaknesses to the injury of the child before the days of parent-teacher associations, and the resulting change in the attitude of parents today who have become acquainted with the difficulties besetting the teacher by seeing the school activities and by following the child into his or her place in the school organization.

During the business meeting the motion was made and carried to pay the expenses of one car and delegate to the Spring Conference in Big Lake in March. Anyone is welcome to attend and it is hoped that there will be a good representation of our local organization. The motion was also made and carried to make a donation of \$5 to the hert fund.

A social hour under the sponsorship of the hospitality committee, of which Mrs. L. D. Christian is chairman, was held in the school cafeteria. A large white cake beautifully decorated in spring flowers and with the dates 1897-1951 embossed on it was served with punch. The next scheduled meeting of the P. T. A. is on March 20th and the program will be sponsored by Mrs. Edwin Jackson, president of Sixth District of Texas Congress of Parents and Teachers, and by Mrs. L. V. Newport, first grade teacher in our local school. —Reporter.

Mr. and Mrs. Harry Lawson, who have been renting an apartment at the residence of Mrs. Bob Evans, moved Monday to Sterling City, where Mr. Lawson is now a work unit conservationist, assisting the North Concho River Soil Conservation District, after serving his trainee year in Eldorado.

NOTICE
TO
PROPERTY OWNERS
RENTING
TRAILER SPACE

The Eldorado City Council in a resolution at the last regular meeting voted to enforce the sanitary regulations in respect to trailer houses in the city limits of Eldorado.

All property owners who rent space for trailer houses are hereby notified that it is unlawful to run out upon the ground, any sewage or waste water of any kind. Connections must be made to the sewer system or to an approved type of septic tank.

It is pointed out that the property owner will be held responsible for any sanitary violations that take place upon his property.

Inspections are being made constantly and violations will be promptly reported and acted upon.

By Order Of
THE CITY COUNCIL.

Cash, Medal Award Nominations Asked

SAN ANGELO. Call for nominations which will lead to a Texas farmer, rancher or agricultural worker becoming the possessor of \$5,000 cash and a gold medal for distinguished agricultural achievement during 1949 and 1950, was issued throughout Texas this week. In the West Texas area, including the Edwards Plateau sector, R. O. Sheffield, San Angelo, chairman of Regional Committee No. 2 for the Hoblitzelle Achievement Award for Advancement of Texas Rural Life, announced his Committee is ready to receive nominations in its Region, addressed to him at Route 1, Box 248, San Angelo. Schleicher County is in this region.

The Award, with its \$5,000 cash and its medal, offered as prizes each two years by Karl Hoblitzelle of Dallas, will go to the Texan who

has made the most notable two-year contribution to the advancement of agriculture.

This is interpreted as being work or activity the effects of which cause people to progress in the field of agriculture. It may have contributed to leadership or to inspiration, but it must have had a direct practical application.

Anyone who wishes may nominate any farmer or rancher of Texas, or their wives, or practically any professional agricultural worker, administrator, educator, editor or writer, specialist, etc., other than persons assigned to formal research, provided their contributions have made definite agricultural progress possible in Texas.

Mr. and Mrs. Jim Hoover, Mr. and Mrs. Henry Speck and Mr. and Mrs. Charles Gary attended a Shrine dinner and meeting Thursday night in Del Rio.

Boy Scout News

Three Eldorado Scouters, connected with local Troop 18, joined other Scout leaders from Ozona and San Angelo last Saturday and Sunday for a training course at Camp Louis Farr, near Mertzon. The three from here who attended were Troop Committeemen Jack Elack and Wayne Griffin, and Scoutmaster Bill Gunstead.

Scouters did their own cooking and housekeeping. To facilitate the teaching and dividing work equitably, two patrols were formed. They competed with each other when there were knot-tying races and other Scout skill games going on.

Troop problems, finance, budget, organization, and leadership training, were discussed. The group were shown skills and methods by means of lectures, demonstrations, and films. In general charge were J. B. Morris and Carl Manning of San Angelo, and Buddy Wyman, director of Camp Sol Mayer at Fort McKavett.

Of special interest to the Eldorado men was Wyman's demonstration of aluminum foil cookery. He wrapped a ball of hamburger meat in the foil and placed it on campfire coals to cook. In another package he put sliced potatoes, carrots and onions, and in a third, a biscuit. After ten minutes of cooking, Wyman turned the packs to cook another ten minutes. When the food was done, all present ate samples and found them well done and palatable. Wyman pointed out that no seasoning other than salt and pepper was used, and that since the packages were air-tight the vegetables and meats would cook in their own juices.

In addition, Wyman said, the aluminum foil technique simplifies camp clean-up since it is not necessary to use a messkit, which would have to be cleaned afterward. Also a roll of the foil packs easily with the other gear.

Highlight of Sunday morning was a patrol hike. Two patrols of seven men each were sent out to collect samples of five trees or shrubs, five kinds of rocks, and five bird calls. Each patrol made a flag and had its own distinctive song and yell. Griffin and Black were in the Bugs-Bunny patrol, and took their hike down the stream past the swimming area. Gunstead was with the Arrowhead patrol, which hiked up the river to the springs.

Both patrols picked up as many different plants and rocks as they could and kept scanning the sky for birds. Among those sighted were sparrow, sparrow hawk, cardinal, kingfisher, and duck. Several kinds of flint and other rocks were found by the patrol rock collectors.

Only one mishap occurred during the entire course. This came Sunday afternoon when Scoutmaster Gunstead took an accidental knee-deep plunge into the river. But with spirits undampened, the trio returned home feeling better prepared to carry on the Boy Scout program.

Monday night's Troop 18 meeting was a moonlight nature study hike. Each patrol was given an hour to collect samples of shrubs and trees, rocks, observe birds, and try to find star constellations.

Jimmie Perry's Navaho patrol set out and before long Frank Prochaska brought in sprigs of cedar, peach, prickly pear, mesquite, and grapevine. Jerry Perry found some flint and gravel, and Ralph Taylor observed the Big and Little Dippers. The Navaho logkeeper noted, "Our hike was very exciting. We observed many different things including the stars, and tried to find birds but didn't. We found many different rocks, and limbs of shrubs."

The Flaming Arrow patrol, with Gail Mittel in charge, was out on the same assignment. In the sky they reported seeing the Big Dipper, North Star, and Bear. They collected seven rocks and 33 plants, and reported hearing one bird.

Patrols are preparing for the District first aid meet to be held March 12 in Sonora. They will enter teams of five boys each, in the Boy Scout division, ages 11 through 13, and the Explorer Scouts, 14 and up.

Troop leaders were sent sample first aid problems last week and will work with the teams to get them ready for the contest.

Mrs. Pat Martin has gone to Oklahoma to visit relatives, and will probably return home through Dallas and Coleman.

Mr. and Mrs. Horace Linthicum left Tuesday morning for Cisco, to attend the funeral Wednesday of Mrs. Linthicum's maternal grandmother, Mrs. J. C. Harrell, 90, whose death occurred Monday night.

Mr. and Mrs. Horace Linthicum and Mr. and Mrs. Luke Thompson, Jr., attended the Stock Show at San Antonio last weekend.

Mr. and Mrs. Johnnie Hawkins of San Antonio visited in Eldorado Saturday and Sunday.

Mrs. S. A. Clark and Mr. and Mrs. LeRoy Gorman and girls of Menard visited Sunday with the Elton McGinnesses.

 ELDORADO, TEXAS

POST - SCRIPT

People are still building in Eldorado, and local carpenters are all busy on various jobs. To mention some of the construction work under way:

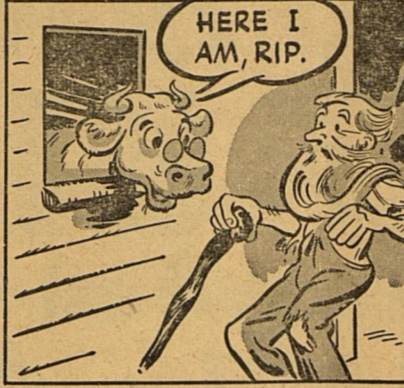

Fred Watson, Shell employee, is using his three-weeks' vacation to work on a new residence, which is now under construction in Glendale on a 90-foot lot, 60 feet of which was bought from Bud Davidson and 30 from Jack Halbert, Jr. Mr. Watson will rent the house to Dr. Robert Maginot and his family, who now occupy the F. E. King house. The new Watson house will have three bedrooms, bath, combination living room and dining room, kitchen, and car porte, and will be partly of Austin stone. The Watsons are just completing a similar house in San Angelo, which is to be occupied by their daughter and her husband, the Travis Perrys.

Roy Martin is moving in material for construction of a residence, on the lot between the C. A. Reynolds and Mrs. R. A. King places in Glendale. The house will have three bedrooms, combination living room and dining room, bath, kitchen, another room to be used for den or study, and garage. It is understood that work will start soon and that the house will be offered for sale when completed, if present plans materialize.

The Oliver Teels, who had previously ranched in Schleicher and Menard Counties, are making extensive improvements and repairs on their residence, located on the ranch known as the Hugh Campbell (or old Nicks) place, which they recently bought. The improvements include repairs to exterior and interior, and modernizing of the kitchen and bath.

Quite extensive changes and renovations are being made in the Dwight Wiedenmann residence in the north west part of Eldorado. The interior of the house is to be changed and improved, new walls, floors, ceiling and roof put in, a room added and the entire interior completely worked over. It is occupied by Mr. and Mrs. Dwight Wiedenmann and their little daughter,

EXAGGERATED - BUT A GOOD POINT!
Long cow life really pays off—for example, Cow No. 611 at the Research Farm is now in her 11th lactation. She has produced over 156,000 lbs. of milk. Has made more than \$3,000 over feed cost. Come in for the new Purina Dairy Booklet.

Eldorado Wool Co.
Eldorado, Texas

ter, Dwight having completed his college work at mid-term, and the family making their home here.

Other building projects under way or nearly completed, and previously reported in Success are the Bert Page house, bought from Jimmie West, and now undergoing renovation of the interior and addition of more rooms and bath; the Jimmie West house, across the street, to be a large modern two-bathroom house when completed; the W. F. Edmiston house in Glendale, about ready for occupancy; the Charlie Trigg house in Glendale a roomy residence located near the Jack Ratliff place; the Desmond house, new, and nearing completion in the Newlin Ray Addition—and others.

This is the misspelled signs department: At Foxworth's we note the nice neon sign, advertising Dupont paints, and underneath is the firm name, spelled Forworth Galbraith Lbr. Co. And down the highway at T. K. Jones crossing, highway department signs, reading Highway Department—several of them are spelled that way.

It wasn't too much rain, but everyone is learning in these drouthy days to be thankful for whatever moisture he does get. A rain, accompanied by a great deal of wind, which sent many to their storm cellars, fell at about 8:30 Monday evening.

While none of these figures are official, they are fairly accurate: Eldorado, about 1/2 inch or a little

less; Sam Henderson, 3/4; Dan Adams on Figure 3 Ranch, .66; Bailey Ranch, very light shower; Reynolds Community 1/2 inch; Robert Milligan 1/4 inch and enough hail to cover the ground, and hailstones as large as guinea eggs; H. Leslie Jones, .23 on the 15th and .17 on Monday night; Nich Jurecek, .4 plus some hail; W. H. Joiner .3; L. T. Wilson, .45; Mrs. Dena White, .1; W. G. McAlpine, .5.

The newspaper family spent a few hours Sunday afternoon on a trip out to the new Ft. McKavett Humble Station. We found it a most interesting trip—and an eye-opener in many ways—for the layout was swankier than we'd expected.

At the place where the old Sonora road T's off from the Eldorado McKavett road, we took the wrong turn, drove 10 or 12 miles toward Sonora, turned around, and finally got our directions from the Arch Edmiston—who, by the way have a most fascinating family of six young Border Collie pups, and a Siamese cat who hates them like poison.

The trip is not a hard one to take, and we recommend going on the Menard Highway, turning to ward Ft. McKavett on the new strip of highway to that place, and then going on the old road from there into this county.

Humble hadn't intended at first to have a booster station in this county, we understand, but changed their minds—of which the whole county may be glad. The property brings in a number of new families, and provides quite a nice bit of taxable property to add to the tax rolls—in addition to being a credit to the company and an asset to the community.

One thing is clear to the motorists who take this trip: there should be a road cut through, over the approximately six miles from the old McKavett road to the new Menard Highway—providing people out that way with a better and much shorter way to get to Eldorado! It would all be in this county.

Firemen were called to the Ovid Wade place west of town Sunday at noon to put out a grass fire. The blaze destroyed about 75 acres of pasture and took several hours to bring under control.

In Eldorado Monday morning, and a caller in the Success office was Curtis Martin of Mertzon, who is placing an ad in this paper.

Some changes have been made in the office personnel at Foxworth-Galbraith Lumber Co. Grover Lee Johnson, regular employee of Foxworth, has resigned to start work for Shell, and began his new duties Monday morning. Eugene Gibson, who has been working in the yard, recently passed his physical for service, and leaves soon.

Teena McMullen, daughter of Mr. and Mrs. Jim O'Harrow, began work Monday as bookkeeper in the office. She attended college at SAC and Texas Tech, after her graduation from EHS. Employment of Miss McMullen as bookkeeper will release Mrs. Grover Lee Johnson from part of her duties in that department, where she has worked six years, and enables her to spend more time in the sales end of the business. It is understood that one or more men will be employed possibly a little later.

A few days ago, we noticed an article in Collier's which, we think, included a very fine tribute to our country's weekly press.

It was about Lincoln's Gettysburg Address, which the big dailies overlooked in preference for another speaker on the same program. However, hundreds of country weeklies found Lincoln's "little speech" exactly suited to their purpose and gave it wide circulation.

Today, practically no one is familiar with the other speaker or what he said in the two hours he spoke. But Lincoln's now famous address, which has only ten sentences and required him only about two minutes to deliver, is known by everyone. Thanks to the weekly papers.

Bonnie and Vera Faye Biggs of Abilene spent the weekend here with their parents, Mr. and Mrs. Chester Biggs.

Mrs. Rutha Boyer had as guests Sunday her daughter and her family, Mr. and Mrs. Howard Stevenson and Mack, of Menard.

The J. D. Meadors visited last weekend in San Angelo. Guests in their home recently were Mr. and Mrs. M. Dickens of San Antonio.

From where I sit... by Joe Marsh

Sometimes Good Intentions Aren't Enough

That fire at the Griffin place didn't do much damage last week, but Volunteer Chief Murphy was pretty angry about it. Spoke to some of us over dinner and a bottle of beer.

"Griffin's farm is a good mile from town," he said. "And by the time we'd dodged all the people on the highway who were going to watch, we hadn't a minute to waste.

"Then blamed if those sight-seers hadn't parked cars right in Griffin's driveway and there was a mob of people milling around the house—just gawking. Joe, tell

folks a fire's no sideshow. Ask 'em to think of the other fellow!"

From where I sit, some of us need to be reminded occasionally that even though our intentions are good we may be unfairly interfering. Whether it's blocking the right-of-way of fire equipment or criticizing a person's right to enjoy a temperate glass of beer now and then—the American Way is to give way, and give the other fellow his fair "share of the road!"

Joe Marsh

THEY'RE HERE -
The finest light trucks ever built by GMC!

You've never seen 1/2- to 2-tonners like these —unsurpassed in horsepower—engineered with new "big truck" features—for years of extra life.

Compare! Feature upon feature in each individual model tells you why GMC is your best buy!

- 2 GREAT NEW ENGINES—UNSURPASSED IN HORSEPOWER IN THE 1/2- TO 2-TON TRUCK FIELD
- ROTATING FREE-VALVE ACTION for longer valve life, more power
- WIDER TWIN-ACTION HYDRAULICS with cooler-acting rear drums
- SEPARATE TRANSMISSION HAND BRAKE
- HEAVIER FRONT AXLES
- SYNCHRO-MESH TRANSMISSION
- TOCCO-HARDENED CRANKSHAFT
- FULL-PRESSURE LUBRICATION of all main bearings, rod bearings and piston pins
- AIRPLANE-TYPE MAIN & ROD BEARINGS
- LIFETIME WEATHERSEALED "SIX-FOOTER" CAB
- NEW VENTIPANE-CONTROLLED VENTILATION
- CHOICE OF 9 SMART COLORS
- RECIRCULATING BALL-BEARING EASY-TURN STEERING GEAR
- NEW NON-GLARE INSTRUMENTS
- HUSKY 35-AMP. GENERATOR
- CIRCUIT BREAKERS instead of fuses

—add 'em all up:
Get a real truck!

LIGHT • MEDIUM • HEAVY MODELS • Made in the widest variety of engine-chassis-body combinations to fit every trucking need

RECIPE OF THE WEEK

By Mary Lee Taylor

Chili Meat Balls

¼ lb. ground meat 1 teaspoon chili powder
½ cup Pet Milk 2 tablespoons shortening
½ cup bread crumbs (2 days old) No. 2 can tomatoes
2 tablespoons finely cut onion 2 teaspoons sugar
1½ teaspoons salt 3 cups cooked noodles
2 tablespoons flour

Mix meat with milk, crumbs, onion and 1 teasp. salt. Shape into 12 balls. Roll, 1 at a time, in mixture of flour and chili powder. Brown on all sides in hot shortening. Blend rest of flour mixture into fat in pan. Stir in tomatoes, remaining ¾ teasp. salt and sugar; heat to boiling. Cook over low heat 25 min., turn meat balls and stir sauce several times. Serve on drained, hot noodles. Makes 4 servings.

You Will Need:

Pet Milk, Ground Meat, Onions, Flour, Shortening, Tomatoes, Noodles.
