

Schleicher County Oil News

Special from James C. Watson Midland, Texas

One mile east of the two-well Tankersley-Strawn field of Southeast Irion County and two miles north of the Schleicher County line, Frank and George Frankel and Shell Oil Company have completed their No. 1 J. I. Rawls as a discovery and producer from the Wolfcamp of the lower Permian.

The new oiler was finished for a 24-hour potential of 135 barrels of oil flowing through a 10/64-inch tubing choke.

Production is coming through perforations in casing opposite the Wolfcamp at 5,464-94 feet. Those perforations were treated with 300 gallons of acid. Flowing tubing pressure was from 400 to 425 lbs. Gas ratio was 325-1.

No. 1 Rawls is at the center of the southwest quarter of the southwest quarter of section 9, GC&SF survey.

Hiawatha Oil & Gas Company has plugged and abandoned its No. 2 J. Forrest Runge, one location northeast of the opener of the Huldale, North Lower-Canyon field in Central-North Schleicher County. Total depth is 6,400 feet in the Ellenburger.

It failed to develop production in the Canyon and Strawn, the pay horizons in Hiawatha No. 1 Runge, opener of the field.

Operator drillstem tested No. 2 Runge from 6,384 feet to total depth for one hour. Recovery was 30 feet of salt drilling mud, 90 feet of salt water-cut mud and 270 feet of salt water.

The total depth was corrected from 6,384 feet to 6,400 feet after the drillstem test was made. This changed the Ellenburger top from 6,344 to 6,360 feet below sea level.

The Ohio Oil Company No. 2 H. F. Thomson estate, southwest offset to Hiawatha No. 1 J. Forrest Runge, is drilling below 3,515 feet in lime and shale.

The offset is 1,386 feet from north and 467 feet from east lines of section 80, block TT, TC survey.

The same operators No. 3 Thomson, prospector in the undeveloped area between the Huldale-Strawn and North, Lower-Canyon field, is progressing below 2,484 feet in shale. The project is to drill to around 6,000 feet to explore sections which are producing in the above fields.

Drillsite is 467 feet from north and west lines of the most southerly northwest corner of section 81, block TT, TC survey.

Ohio No. 4 Thomson, prospector one and one-quarter miles northeast of Delta Gulf Drilling Company No. 1 Thomson estate, the opener of the Huldale-Strawn field, is being drilled below 3,225 feet in lime and shale.

Location is 70 feet from north and 467 feet from west lines of section 81, block TT, TC survey.

G. W. Strake No. 1 Forest Runge, another offset to the discovery of the North, Lower-Canyon field, is drilling below 4,105 feet in lime and shale.

Drillsite is 330 feet from south and west lines of the southwest quarter of the southwest quarter of section 66, block M, GH&A survey. That makes it an east offset.

Delta Gulf Drilling Company No. 1-B Thomson, south offset to the American Republics No. 1 Thomson, a producer one-location southeast of the discovery of the Huldale field, is below 2,170 feet drilling lime.

Five mile southwest of the Eldorado-Canyon sand field in Southwest-Central Schleicher County, Stanolind Oil & Gas Company No. 1 R. J. Hill, is drilling below 8,020 feet in lime and shale.

Location is 660 feet from north and east lines of section 135, block A, HE&WT survey.

The same operators No. 1 Williams wildcat in Northwest Schleicher County, is drilling below 3,395 feet in lime after a drillstem test from 2,900 to 2,980 feet failed to develop any signs of commercial production.

The projected 8,100-foot wildcat is 660 feet from north and east lines of section 1204, TC survey and 16 miles northwest of Eldorado.

NUMBER 16

Go-Ahead Order Given For Construction of New Short-Cut Road to Huldale Oil Field

Meeting in regular session Monday, the commissioners court here was informed by L. M. Hill of Delta Gulf Drilling Company that the various oil companies had agreed to join with the county in constructing the short-cut road to the Huldale field.

The new cut-off road which heads east from the highway at a point opposite the home of Lavelle Meckel, will cut about ten miles off the distance by road from Eldorado to the Huldale wells.

Besides grading and surfacing a new road, the job will also involve a certain amount of fence building.

County commissioners are giving this job top priority and state that they expect to have equipment on the job by the middle of next week.

The Huldale field now has four producers and the Runge field, two miles farther north, has one.

Ohio Rigging Up Second Of Their Own Rigs

A visit to the office of the Ohio Oil Co., reveals that the company is continuing to expand its sphere of operations out of Eldorado. New office counters have been installed in the past week and several new desks have been put in for the use of field men, in addition to an office crew. The stack of casing and tubing at the railroad yard here continues to grow larger in order to provide supplies for four drilling operations.

The drilling department of Ohio this week is rigging up the second of their own drilling rigs for the Huldale field. The rig itself is undergoing a change from a standard derrick to the latest type of jack-knife derricks and will be placed on the Ohio No. 5 Thompson location.

With two rigs of their own and two contracted rigs Ohio's field operations are now as follows:

1. Brewster & Bartel, contractors, are drilling on the Ohio No. 2 Thompson.
2. Pinrod Drilling, contractors, are drilling on Ohio's No. 3 Thompson.
3. Ohio's own rig is on their No. 4 Thompson.
4. And their new rig will take over their Thompson No. 5.

Ground has been cleared off on the lease as a location for a company camp, in the event that such a camp becomes necessary.

Lions Plans Minstrel Here For April 20

The Lions Club minstrel, "Darktown Follies," will be given in the high school auditorium April 20. This was the report given at the Lions meeting yesterday by Wayne Griffin, chairman of the minstrel committee. It will be directed by Mrs. Billy Green and Mrs. Carl Stevens.

Besides the regular characterizations, "Darktown Follies" calls for a 30-man chorus, which will be provided by the Lions. Boss Lion J. H. Mace appointed Bill Gunstead, Jerry Pennington, John Williams and T. P. Robinson, Jr., to the publicity committee. Lions Whitten, Newport and Palmer West will see about ticket sales.

Friday night at 7:30 is the time set by Mrs. Green for the first general get-together of the cast.

Fred Watson reported on the project of painting safety zones on the streets. L. V. Newport and W. M. Patterson reported that the Red Cross drive so far had netted \$184.50.

W. C. McRae Dies

W. C. McRae, father of Bill McRae of Sierra Blanca and Mrs. Leonard Baugh of Marfa, died Sunday at Harlingen, and was buried Monday at San Antonio, where he lived. He was the father-in-law of the former Louise Burk of this city.

FORMER RESIDENT WEDS

Nancy Bond Shaw of Carlsbad became the bride of Gene Newman of Marfa, grandson of Mrs. W. H. McClatchey of Eldorado, at the First Methodist Church in Carlsbad, March 24. The groom, whose mother is the former Grace McClatchey, is well known in Eldorado. The young couple are students at Sul Ross, and they are making their home in Alpine.

ELDERLY WOMAN DIES

Mrs. Henry Bush, 71, died in San Saba hospital at 8:45 Sunday morning. Funeral services were held Monday afternoon at 4:00 at the First Baptist Church at Pontotoc, and interment was made there. Attending the funeral from here were her son-in-law and daughter, Mr. and Mrs. Walter Barclay and family and Mr. and Mrs. Fred Smith and family.

Guests in the home of Mr. and Mrs. E. E. Newlin and other relatives here last week end were Mr. and Mrs. W. W. Newlin and Dannie of Austin, Mr. and Mrs. A. A. Cooper of San Angelo and Mrs. O. C. James of Big Spring.

POST-SCRIPT

James Williams and Dan McWhorter received delivery on a made-to-order office building this week, and are now working over their lots to better accommodate their growing stock of cars. The Williams-McWhorter firm is one of Eldorado's newest businesses, now going into its second week of operation.

Department of new houses, new people, trailers, and related subjects:

Nick Jurecek's new house, when completed, will be one of the finest new ranch houses in the county. The house will be of Austin stone, and will measure 80 by over 32—or over 2700 square feet. Plans call for four bedrooms and two bathrooms. Work is under way on this house, and a more detailed description will be given later. It is located south of their present residence.

Robert Sproul has bought a Townsite lot adjoining the Edgar Spencer property, and is working on the foundation for a house, which he is moving in and which he will improve.

Earl Parker has started work on a new house, on a lot between the Nixon and Joseph Faul places. He bought the lot from the Townsite. The two-bedroom house which is to be built there will be for rent.

The Fred Rileys have bought a lot on the highway south of Lum Davis' Station, and have started work on the foundation for a new rent house which they are moving in. Jesse J. Ross, Jr., has already rented this house.

New renters in the newly completed Gus Love house located near their own residence are Mr. and Mrs. Andy Kirby and two children, who moved from their trailer to the four-room house recently. Mr. Kirby is an oil employee.

Two home owners who expect to improve their houses soon are Eddie Peel, who plans to add a breezeway and garage and make other improvements, and O. L. Woodward who plans to enlarge his house.

New residents in Eldorado are Mr. and Mrs. C. G. McGinty of San Angelo. Mr. McGinty is a Cooper Gas employee and Mrs. McGinty is a sister of Mrs. C. E. Taylor, renter at the S. L. Stanford place, with whom they are staying until they find living accommodations.

Mr. and Mrs. W. E. Smith are new residents of this city. Mr. Smith is tool pusher on the Tom Jones wildcat. The couple have rented an apartment at the residence of Mr. and Mrs. Archie Wright.

Dr. Robert Maginot moved Saturday to the new Fred Watson house in Glendale. The Rev. King rent house which they vacated is now occupied by Ohio's production supt. Dewey, former renters in the Virge Tisdale (Patton) house, now occupied by T. L. Westbrook who moved here from Christoval to work for the county, as road machinery maintenance man.

(The above news items is an example of the "fruit basket turn over" type of activity caused when someone moves.)

G. C. Joiner has bought a lot from A. D. Richey, adjoining his former home at the west, and has received delivery on a small pre-built house which the Joiners will occupy.

A new preacher is coming to town—that is always a signal to the congregation to get the preacher's house in order—and the First Baptist Church members of this city are no exception. A busy crew of volunteers are doing the work on the First Baptist parsonage, in preparation for the occupancy of a new pastor.

Renovations on the house are nearly completed today, with Irvin Mudd, Jack Halbert, Truett Stanford, Fred Watson, Lavelle Meckel, and others furnishing the labor. Work includes painting and papering of the entire interior, painting of the exterior, addition of a new roof, re-doing of the floors and any minor repairs needed. The house will be occupied by the Rev. and Mrs. Clifford Nelson, now of Olden, who have accepted the call to this church, and who will move here on April 19, to begin work with the Eldorado congregation.

A new employee at the Wm. Cameron Company in Eldorado, is Stuart Davis, who has moved here

Aged Man Dies

Jack Erwine Davis, 82, of Lamesa, died Thursday at the Rosewood Rest Home in San Angelo, where he had been ill for some time, following a visit with friends here. He was a former ranch hand. Funeral services were held Friday afternoon at 2:00 at the Methodist Church in Eldorado, conducted by the Rev. Roy Shilling, pastor of the church, and interment was made in the Eldorado Cemetery.

Pallbearers were Charles Collins, in whose home he had been visiting, John R. Jones, Jack Elder, and Jack Hext, also two from the funeral home. A choir from the church of the city rendered the music, with Mrs. Ernest Hill at the organ. Surviving is a sister, Mollie Gordon of San Antonio.

Men's Bible Class Elects New Officers

The Men's Bible Class which meets each Sunday morning at the Memorial building, elected officers Sunday for the coming six months. New officers and committee members are as follows:

Car Registration Tops All Figures

The largest registration of cars in the history of Schleicher County is reported from the office of the tax assessor-collector as the office force runs up the totals to date. Up until Wednesday, yesterday, 1397 receipts had been issued. Of these, 870 were passenger cars and the others pickups, trucks, and other vehicles.

Registration of new cars from the 1st of April has been brisk. Nine were registered up to April 11, as follows:

- 1 Ford passenger
- 1 Pontiac sedan
- 2 Dodge sedans
- 2 GMC Pickups, 1/2 T
- 2 Ford Pickups, 1/2 T.

The REA offices present an attractive appearance following the recent remodeling by Gus Love, owner of both the buildings. The unit formerly occupied by J. D. Ashmore's Barber Shop is now an office for Don McCormick, REA manager. A new front was put in to match the other unit, walls were refinished a dark green color, and a new floor of asphalt tile was put down. Both buildings have storage space in the rear.

after being employed by Cameron's in Junction. Mr. and Mrs. Davis are occupying a Donaldson apartment. The couple are members of the Baptist Church.

Ernest Sweatt Jr., is moving a small house to a location near his parents' house in the Newlin Ray addition, and will improve it and add some rooms.

The Jack Elders are working over the interior of their gift shop building into an apartment and will rent out rooms.

We've worked hard on the news this week, and collected all we could get in an average week. Too bad no one reads anything today that isn't about McArthur!

New Members Take Places On School Board Monday

In the school trustee election held Saturday a total of 170 votes were cast, and one old member and two new ones were elected to fill the three places.

Gus Love, Archie Mittel and Kenneth Cheek emerged with the highest votes, eliminating James Williams and Gene Edmiston.

On Monday night the old board met in regular session, canvassed the vote and swore in the new members. In the session which continued S. D. Harper was elected board chairman. For the coming year the personnel of the board will be as follows:

- S. D. Harper, Chairman
- Jim O'Harrow
- Dee Love
- Henry Speck
- Gus Love
- Archie Mittel
- Kenneth Cheek

Seismograph Man Killed In Explosion While Working Here

Schleicher County provided the setting for a fatal accident Monday afternoon, when Ted Wallace, 26, a member of a Humble Seismograph crew, was killed in an accidental explosion on the Henderson Ranch 15 miles northwest of Eldorado.

Wallace lived until Tuesday morning in a San Angelo hospital, his death occurring at 8:00 a.m.

Injured also was Max Walthall, who received lacerations of the face and cheek in the blast. He is reported to be in fair condition.

The two men, both of whom live in San Angelo, were working with a seismograph crew, and had loaded a charge into a hole and were packing dirt around it when it exploded.

Wallace was buried in Athens. He is survived by his wife, a son, five brothers, and four sisters.

Collection Taken For Needy Latin Here

A total of \$13.30 was collected in the Latin-American district recently as a donation for Juan Roblez who has been very ill and in need of medical care. The committee reports the following donated to this worthy cause:

- Olegaria Gauna, Anita Brown, Lola Morales, Concha Mejia, Sara Lozano, Vincente Selion, Julia Florez, Lupe Guerrero, S. Romero, Juana Espinosa, Gregorio Rodriguez, Sara Rangel, Josefa Rodriguez, Susie Maldonado;
- Asension Alvarez, Blasa Alvarez, Elia Alvarez, Manuela Alvarado, Dora Bosmans, Francisca Munoz, Lile Rivera, Raquel Martinez, Maria Martinez, Emma Ponce, Pancho Garsa, Francisca Sanchez, Patrocina Florez, Jesusa Garcia, Otilia Garcia, Otilia Fava.

Road Improvements In Precinct No. 1

The county road crews have been working lately in precinct no. 1, widening out the road to Station A. The job involves resurfacing, and some fence-building. Eight miles west of Eldorado improvements are being made on the road leading south to Bailey Ranch. This road, which passes Truett Stanford's, is being widened and given a heavy surfacing of caliche.

SINGING SUNDAY
Everyone is invited to attend the singing Sunday afternoon from 2:00 to 4:00 in the Memorial Building.

Tillerson To Christoval As Supt.

G. W. Tillerson, coach and principal of Sterling High School for the past five years, resigned this week. He has accepted the position of superintendent of the Christoval school. He will assume his duties there next school year.

Tillerson came here after spending seventeen months in the army. He formerly was principal and coach at Iowa Park high school and Salem school, Troup, Texas. —Sterling City News Record.

Indicted by Grand Jury
Five indictments against four persons were returned by the

Crockett county grand jury in a brief session early this week after being impaneled by Judge Garland Casebier in 11th Dist. Court.

J. E. Griggs of Odessa was indicted on two counts of negligent homicide in the death of two Latin-American youths, Beda Ramirez and Claudio Gonzales Jr., on Highway 163 which occurred on December 20, 1950. The indictments charged Griggs was driving a truck in excess of 30 miles per hour in a restricted zone, a school zone, and "in the performance of an unlawful act by carelessness and negligence did cause the death of Beda Ramirez." A similar indictment charged him in the death of Claudio Gonzales, Jr. —Ozona Stockman.

Another Doctor
William E. Lockhart, M. D., has

taken offices across the street from the new hospital here and is opening his practice this week. Dr. Lockhart, who was born in Robert Lee in 1909, comes here from Alpine, where he operated a hospital. —Devil's River News.

New Sonora Building

Wrecking of the Stites Building, to make way for a new structure to house the Ratliff Store, will begin Monday morning. The new building, which will be 100 by 43 feet, will occupy one corner of Sonora's main intersection, Concho and Main, and will come out to the corner formerly occupied by the Potet Service Station.

Mrs. Claude Stites, owner of the site, signed a contract with Hayden Sales, Junction contractor, to complete both the wrecking of the old building and the erection of the new in 120 days.

The new building will be one story, concrete tile walls, concrete floor, steel beam roof construction, fluorescent lighting, and air conditioning. Building permit has been granted by the National Production Authority.

Tom Ratliff, owner of the Ratliff store, has moved his merchandise to the old Mercantile Building at the north end of Main Street, and will operate at the temporary location until completion of the building. —Devil's River News.

Re-Elected As Mayor

W. P. Hendrix was re-elected mayor of the City of Junction with a wide majority in Tuesday's election to name a mayor and three aldermen.

Hendrix received 310 of the 440 votes cast. John M. Hankins, the only other candidate for mayor, received 128.

Chester Simon with 401 votes and W. B. Norton with 283 were elected to succeed Cecil Woodard and Jimmie Simmons for two year terms. The retiring aldermen were not candidates to succeed themselves.

Jimmie Simmons was elected with 426 votes to fill the one year unexpired term of Fred Johnson, who resigned. —Junction Eagle.

Mine To Be Re-Opened

The Black Panther mine, a copper-gold prospect on the John H. Jones land about one mile west of Hext, is to be worked again after being dormant since 1948, it was announced this week.

This will be the third attempt made to open this ore deposit.

Ore bearing copper and gold was first discovered on the property about 1896, when a Mr. Lively, now deceased, was drilling for water.

Several tests were made at the time, and witnesses have said that rich copper-gold ore was found.

After a shaft was put down 186 feet a man was killed and another seriously injured working on the property and court actions caused work to be terminated.

Denver men have now taken over

the property and report that work will commence soon. D. W. Richardson and J. Allen Crain are to be in charge of operations. —Menard News.

Pecos Car Registrations

A total of 2,436 passenger car registration plates were issued by the Pecos County tax offices as of Wednesday with a few more to be purchased after the deadline. Of this number Fort Stockton issued 1,676 and the office in Iraan handed out 760, according to Barrett Hallford, Pecos County deputy tax collector.

Total revenue from the various types of licenses was \$69,233.28. —Fort Stockton Pioneer.

Alpine Builds

Building permits issued in the city last month totaled only \$28,500, records at the city office show. This was quite a drop over the February figure of approximately \$80,000 but was considerable over the January total of approximately \$10,000.

The March permits brought the total for the year up to \$118,500. —Alpine Avalanche.

Producer For Iron

No. 1 J. L. Rawls about 10 miles south of Mertzson tested 107 barrels of oil daily Tuesday after plugging back from the Ellenburger to the Wolfcamp strike of a month ago. The well is to be acidized Wednesday with 300 gallons of acid. Two

big storage tanks with a capacity of 1,000 gallons have been erected near the well.

No. 1 Rawls flowed 85.4 barrels of oil in two hours on a drillstem test from 5,445 to 5,515 feet early in February. It is east and north of the R. S. Williams No. 1 which was drilled by George Frankel and Frank Frankel of Houston some months ago. It is almost due east of the Tankersly wells that have been producing now for several years. We understand that a number of other wells have been staked off and will begin drilling at an early date. —Mertzson Weekly Star.

New Dump Ground

Something is being done about the dump ground at the east edge of town, which has been an eyesore for the past few years.

City and county authorities are cooperating and the Masonic lodge has agreed to furnish land for the pavement.

A roadway fenced on each side now leads back to the ground, and hereafter all trash and rubbish must be hauled to the proper area before it is unloaded. Signs will be posted advising where to dump.

The old dump ground has been cleared off and strict enforcement of the new rules must be observed. Everybody is urged to cooperate. —Robert Lee Observer.

2,083 Vehicles

In a telephone conversation with the Tax Assessor-Collector's office

in Paint Rock late Wednesday evening it was learned that a grand total of 2,083 motor vehicle license plates for 1951 had been issued to date for Concho County.

Of this number 1350 were issued for passenger cars; a complete breakdown for trucks, trailers and farm licenses was not available. The department stated they were compiling the figures and would have a complete report by the first of next week. —Eden Echo.

Mrs. Lum Davis and Jan returned Saturday from LaFeria where they have been staying several weeks with Mrs. Davis' mother, who was injured in a fall at her home.

Mr. and Mrs. R. A. Evans Jr. visited Mrs. Evans' parents and the Evanses' daughter in San Angelo Sunday. Mrs. R. A. Evans accompanied them and visited Mrs. C. T. Sproul.

Guests in the home of Mr. and Mrs. L. T. Dannheim Sunday were Mr. and Mrs. M. G. White of McCamey and Mrs. Bertha Petsch and two daughters of Christoval.

Mrs. Ora Davis spent from Friday to Monday with her daughter and son-in-law, Mr. and Mrs. Bud Russell of Ozona.

Mr. and Mrs. Carrol Sproul and daughter of Menard spent the day Sunday with relatives here.

Buzz And The Off-Key Baritones

Reverend Lester of the church out on Hillsboro Road coaches his Young Peoples' Choir late Thursday afternoons—after high school basketball practice lets out.

Buzz Ellis pastures cows next to that church. Around 5 o'clock they used to make a lot of racket about wanting to go home. That made it kind of rough on the choir.

When Buzz learned what was going on he said to Reverend Lester: "I never yet heard of a cow that could moo on key. So, I'll just move 'em in a little earlier..." This started me to thinking. Buzz

doesn't go to that church. And he's so tone-deaf he couldn't carry a tune in a bucket!

From where I sit, you might say that Buzz didn't have much in common with those singers. But he doesn't divide folks into groups he's "with" or "agin." Your politics, your personal preferences—or the fact that you like a moderate glass of beer—mean nothing either way to Buzz. He's a real neighbor to everybody!

COUPLE ARE WED IN EOLA CHURCH SUNDAY AT 6:00

Charles Jackson and Imagine Wheeler were married Sunday evening at 6:00 o'clock in the First Baptist Church in Eola, the pastor of the church, Rev. Lancaster, officiating, using the double ring ceremony.

The groom is the only son of Mr. and Mrs. R. H. Jackson, Schleicher County ranchers, and the bride is the daughter of Mr. and Mrs. John M. Wheeler of Eola.

Maid of honor was Miss Minnie Swindell of Eola; Mr. Jackson attended his son as best man.

For the ceremony the bride wore a Handmacher spring suit of gray gabardine, with pink hat and gloves and a shoulder corsage of three lavender orchids. Miss Swindell was attired in a ballerina length gown of green embroidered organza, with corsage of pink carnations.

The church was decorated for the occasion with baskets of flowers in the bride's chosen colors of pink and white glads flanked with lighted white candles in candelabra.

After the ceremony, which was attended by close relatives of the couple, Mrs. Georgia Middlebrook, aunt of the bride, entertained with a reception at her home in Eola. Mrs. Jim Skaggs of Eden, sister of the bride, served the wedding cake, from a lace covered table centered with an arrangement of pink and white carnations and white candles. Mrs. Pat Jackson of San Angelo, aunt of the groom, presided at the punch bowl.

The newlyweds then left on an extended honeymoon trip, and upon their return home will take up their residence on the Jackson Ranch in Schleicher County until the groom is inducted into the armed forces, which will probably be in the near future.

The bride is a graduate of Eola High School and of San Angelo College. The groom was graduated from Eldorado High School and San Angelo College, and attended Texas Tech.

Harvey, Emil, and Mrs. L. T. Dannheim attended the funeral of a cousin, Harry Petsch, in Christoval last weekend. They were accompanied by Mrs. Fannie Fury.

Mr. and Mrs. O. B. Bradshaw and Mr. and Mrs. Jack Wade have as a guest this week the women's father, W. R. Duncan of Calf Creek.

Mrs. Mattie Bruton and daughter visited Friday in San Angelo with her son Fred E. Bruton, who had all of his children with him except one. On Sunday J. E. Bruton and his family of Melvin visited in Schleicher County with the Brutons.

Mr. and Mrs. George Williams have as a guest this week the latter's father, W. R. Masey of Robert Lee. Mr. Masey has been quite sick, but is improved sufficiently to be up most of the time.

Mrs. Daisy Ford has returned to Eldorado after spending the winter in Kansas with her son-in-law and daughter, Mr. and Mrs. Harlan Graves.

DAR Members Meet At Tisdale Home

The El Dorado Chapter of DAR met Tuesday in the home of Mrs. V. G. Tisdale, Miss John Alexander presiding as regent. In the absence of Mrs. May Tisdale, Mrs. G. E. Hill served as chaplain, reading Proverbs 25, verses 25 and 26. The prayer was followed by salute to the flag and singing of the national anthem.

Honor guests for the afternoon were Miss Iretta Fae Mace, the senior chosen this year to receive the Good Citizen award, and her mother, Mrs. J. H. Mace. At the close of the school year Miss Mace will receive a pin and certificate from the local chapter.

Mrs. E. C. Hill, chairman of approved school, stated that the box of clothing furnished by the members would be sent to the Kate Duncan Smith school, in Grant,

Alabama, which is a DAR school. Mrs. H. Q. Lyles of Ft. Stockton, a member in Alpine, and Mrs. C. E. Gary were elected to membership. Mrs. Lysles was an organizing member of this chapter before transferring to the Alpine chapter. Mrs. Gary came from the San Marcus chapter.

Mrs. V. G. Tisdale, program leader, gave the DAR creed, after which a historical program was presented. Mrs. W. O. Alexander gave a paper on historical churches, and Mrs. C. M. McWhorter talked on the liberties we are losing.

Brick ice cream and cake was served by the hostess to seven members and guests, Miss Mace, Mrs. Mace and Mrs. Gary.

Mr. and Mrs. John L. Barrows of San Angelo spent Thursday and Friday with her parents, the Reuben Dickens family.

BAND TEACHER PAULEY RESIGNS EFFECTIVE MAY 1

Several events of interest to school patrons are reported this week, as the school goes into spring activities leading to the closing of school in May.

Ralph Pauley has tendered his resignation as band director in Eldorado, effective May 1, when he will go to Alpine to be band instructor in the Alpine school system. He and his family have been living in one of the Walter Taylor houses and this is his first year in Eldorado.

Spring football training will open next Monday, and will run 30 calendar days.

The second of two scheduled Saturday teaching days is set for April 21. The first Saturday's attendance was fair, but should be improved, state faculty members, who report that there was 89 percent attendance in the high school and 83 percent in the grades at that time.

New Sonora Rector On Job At St. John's

A new rector is on the job in Sonora as pastor of the St. John's Episcopal Church. He is John E. Winslow, veteran of both wars, and long-time newspaperman. He comes to Sonora from Van Buren, Ark.

St. John's has 141 communicants, a number of whom live in Eldorado and Ozona. A total of 24 were confirmed at Easter, including several from Eldorado.

The new pastor succeeds the Rev. Stanley Hauser, rector of the church for five years, who has gone to Charles Town, West Virginia, to take charge of a church.

He received his BA from Colorado University, his native state. He and Mrs. Winslow have three children, ages 15, 13 and 7.

The new minister is a 32nd degree Mason, a Shriner, and an honorary member of Midwest Newspaper Ass'n.

Eagles Win Baseball Interscholastic Games

Wednesday the Junior High boys and girls and the high school boys and girls traveled to Sonora where they entered the preliminaries there with Sonora and Ozona for the interscholastic league meet. The finals will be played here today. The baseball teams are sponsored by Mrs. Griffin, Mr. Price and Coach Hopkins. The scores were as follows:

Jr. High Girls

1. Sonora 6, Eldorado 16.
2. Ozona 31, Eldorado 23.

Jr. High Boys

1. Sonora 13, Eldorado 23.
2. Ozona 19, Eldorado 14.

High School Girls

1. Sonora 13, Eldorado 23.
2. Ozona 15, Eldorado 26.

High School Boys

2. Ozona 3, Eldorado 23.

JUNIOR-SENIOR ANNUAL BANQUET HELD SATURDAY

Juniors, Seniors, faculty, and trustees attended the annual Junior-Senior Banquet held Saturday night, April 7, in the school cafeteria.

Sam A. Whitten was toastmaster, Pansie Owens welcomed Seniors and other visitors, Joe Ed Spencer gave the response, Rev. Marshall Davis the invocation, and the Girls' Sextette and the Boys' Chorus the musical selections.

The principal talk was given by the Rev. Roy Shilling, who spoke on the need of maintaining high ideals and choosing a way of life which has real value.

Benediction was pronounced by Rev. W. E. Krueger.

For the dance which followed, the gym was decorated in blue and white, the Senior colors. Records furnished the music. Miss Jewel Shelton was faculty sponsor.

Mr. and Mrs. Walter Taylor and Mr. and Mrs. Earl Parker and sons attended church Sunday at Gould-busk and visited relatives there.

Mrs. Frances Mund is a new clerk at the City Variety Store.

Mr. and Mrs. James Williams and children and Dan McWhorter spent the weekend in Temple. The men conducted business there and returned to Eldorado Friday. The others visited relatives and returned home Sunday.

Mr. and Mrs. George Fry and John Mack visited Sunday with Mr. and Mrs. Gordon Griggs at San Angelo. They report that they saw the foundation of the new Lake View School, and that Mr. Griggs was to be principal of this school next year.

Mrs. Will Doyle, who has had a broken arm, is home from the hospital and is getting along well.

Mrs. B. K. Cheek, Mrs. Sadie Davidson, and Mrs. H. F. Webb spent the day Saturday in Menard visiting. Mrs. Webb visited her sister Mrs. Teed McDonald, and the others visited in the Bill Sproul home with Mr. and Mrs. Sproul and the Rev. Price Garrett, who makes his home with them. Other guests in the Sproul home were Mr. and Mrs. Smith Garrett of Hot Springs, Arkansas, and Nana Garrett of Lampasas.

Mrs. Sadie Davidson spent Sunday in San Angelo visiting her mother-in-law. She accompanied Mrs. J. H. Wagley and Mr. and Mrs. Joe Wagley, who visited Mr. Wagley in the hospital there.

Ben W. Joiner of San Angelo spent Saturday and Sunday here with his parents, Mr. and Mrs. G. C. Joiner. He attended school here in 1938. His parents took him home Sunday and Mrs. Joiner remained in San Angelo until Monday morning.

Mrs. Lum Burk is a new clerk at the Ratliff Store.

Guests of Mr. and Mrs. J. Tom Williams Sunday were Mr. and Mrs. Reed Chapple of Sonora.

Mrs. Sid Rogge of Sonora and her daughter spent last week here with her parents, Mr. and Mrs. Bob Bryant.

Mrs. Bob Bryant left Saturday for Lubbock to visit in the home of her son Earl. She is staying there because of the illness of her daughter-in-law, who has been taken to a hospital for treatment.

Mr. and Mrs. Le Roy Olsak of Lamesa and Larry Jean Johnson of Veribest spent Saturday night and Sunday with Mr. and Mrs. Henry Moore.

A "Must" In The Food Diet

College Station. — One whole grain cereal each day is a "must" in the diet, according to Frances Reasonover, foods and nutrition specialist with the Texas A & M College Extension Service. Cereals help build strong bodies, she explains, but a more popular point in their favor is their economy. Miss Reasonover adds, however, that cereals are economical only if the homemaker buys wisely. Read the labels, she cautions. All labels must have the brand, name of the product and ingredients, name of manufacturer, and the net contents. Additional information sometimes includes the amount of niacin, riboflavin, calcium, and other nutrients included. If the cereal has been enriched, this is usually indicated on the label.

Check yourself, says Miss Reasonover, for the quality and nutritive value of the whole grain cereal as well as the price. The weight of packaged cereals should be noted. The specialist points out that cereals that need to be cooked are usually lower priced than prepared cereals, and if they are bought in large size containers even more saving can be realized.

ORDER TO LANDOWNERS TO KILL PRAIRIE DOGS ISSUED BY COMMISSIONERS

Commissioners, meeting recently in regular session, passed an order to send out notices to all landowners to take action at once to kill prairie dogs on their places. This law requiring landowners to rid their premises of this pest is on the books, and commissioners passed the order to enforce it.

Mrs. Dee Love and Mrs. C. N. Shaw attended the funeral in San Angelo Thursday afternoon for Mattie Bean, a friend of the women. The services were held at Johnson Funeral home.

★ **AL-TRUISMS**

—By Al G.

DeLongs from San Angelo were here to visit relatives during the weekend and to attend the dedication services for the organ, piano, and new furnishings at the Methodist Church Sunday morning. Included in the group were Mr. and Mrs. Ed DeLong, and Mrs. Dorothy Campbell and two children, Bobby and Ronald, the latter of whom was baptized at this service. The Dave DeLong family had given the organ to the church several years ago as a memorial to their son and brother, who lost his life in World War II.

—al—
Mrs. Tom Henderson has returned from San Antonio, where she visited her daughter Jackie, who is ill in the St. Mary's Hall hospital, with German measles. Jackie had just returned from a weekend at home, and had been back in school only a day when she took the measles. Mrs. Henderson reports that she saw "Whiskey" Mund, who is in service, while she was in San Antonio.

—al—
A birthday party arranged by members of the family came as a decided surprise to the honoree, Jeanie, daughter of Mr. and Mrs. Calvin Bounds. She was spirited away from home, and on her return Sunday afternoon found a group of children and adults there to greet her. She received a number of gifts, and guests were presented with spring baskets as favors, and were served ice cream and birthday cake.

—al—
O. B. Bradshaw was also celebrating his birthday last weekend. Mrs. Bradshaw entertained with a birthday dinner Sunday noon in his honor, with these relatives as guests: Mr. and Mrs. Jack Wade and Jack, Mr. and Mrs. W. R. Duncan of Calf Creek, Dan Gandy of Calf Creek, and Mrs. Emma Bradshaw—present also were Mr. and Mrs. Bradshaw and Monetta. Mr. Bradshaw received a number of gifts, and a birthday cake, baked in his honor, was served, with many other good things to eat, at noon.

—al—
A most pleasant trip and an enjoyable "half family reunion"—that is the report of the Sid Gaynor family, back in town after a drive to Shreveport. Those making the trip were Mr. and Mrs. Gaynor and Trudy and Billy—and they visited in the home of Sid's brother Bob and his family. Another guest in the home was the men's mother, Mrs. Zella Gaynor, of Montpelier, Indiana.

—al—
Folks have been moving around at Mrs. Mae Mercer's. Mr. and Mrs.

Sam Denton vacated the small rent house on the place and moved into their new trailer, which they have parked in Mrs. Mercer's yard beside the Pyatt trailer. The small house is now occupied by D. J. Denton, father of Sam.

—al—
They started out with the wrong number. No one could expect to get 13 grown children together at the same time—and they didn't.

Eight of the 13 children of Mr. and Mrs. R. E. Johnson of Rockwood and their families—a total of 28 people—gathered at Rockwood for a big family visit. Among the children there was Mrs. Clovis Taylor of Eldorado, and her husband and four children, who spent Sunday with them at Rockwood.

—al—
Mrs. George Williams is grandma again. A son, named George Randall, was born March 27, to Mr. and Mrs. George Williams, Jr., in San Antonio. He weighed eight pounds at birth. Grandparents are Mrs. George Williams of Eldorado, and Mrs. John Lee of San Antonio. The mother was formerly Dorothy Jean Lee, and the couple have two other children, Rocky, age 4 and Gail, age 2. George, who is well known here, is coaching in Jefferson High School in San Antonio.

Bluebonnets are out—not in profusion as they might have been in a wet year, but out nevertheless. Those fortunate ones who have them blooming in their yards or flower gardens are guarding them carefully. Redbud is out also—in full bloom. All in all, it is not an unusually good year for wild flowers.

Ozona 4-H Boys Win Canadian Trip

College Station.—Three Crockett county 4-H club boys, Bill Schneemann, Graham Childress and Jimmy McMullan, all of Ozona, Texas, are looking forward to a summer vacation that they'll not soon forget. According to Crockett county agricultural agent W. A. Bergfeld, Jr., they have been selected as winners of a trip to Minnesota and Ontario, Canada. They will spend a week in the northern wilds fishing, camping, canoeing and just having a good time. Their host for the outing will be Tommy Bartlett, well-known radio and television personality.

The invitation to make the trip came as a result of a guest appearance that seven Crockett County 4-H boys and their sponsors made on Bartlett's television show while they were attending the International Livestock Exposition in Chicago last year. The group were guests at a private party given by Bartlett the night they left Chicago to return to Ozona.

Later, in a letter to County Agent Bergfeld, Bartlett invited three members of the Ozona 4-H Club to be his guests for one week this summer. He left the selection of the boys to the 4-H officials. The parents of all eligible boys in the county made the rules for the awards as well as the final selections, says Bergfeld.

All of the boys' expenses will be paid by Bartlett. They will go by train to Chicago, by plane to Minnesota and Canada and back to Chicago, and return to Texas by train.

Recipe of the Week

Stuffed Sweet Potatoes

Choose sweet potatoes of uniform size and similar shape, so the baking time will be the same for all of them. Allow one medium sized potato for each person. Scrub thoroughly and place in a shallow baking pan. Bake in a hot oven 425 to 450 degrees until tender when pierced with a fork, about 30 to 45 minutes for medium sized potatoes. Cut potatoes in half lengthwise, scrape out, mash and season with butter, salt, and peanut butter. Allow one-third cup of peanut butter for 6 medium sized sweet potatoes. Whip until well blended. Pile lightly into the potato shells, sprinkle with chopped peanuts, and return to the oven until surface is browned.

CHARLIE TRIGG MOTORS

Methodists Attend Dedication Services

A full day is reported by members of the Methodist Church, who spent most of the day Sunday at the church, closing the services with the final quarterly conference in the afternoon.

In the dedication ritual at the 11:00 o'clock hour, the organ, the piano, the pulpit furniture and new pews were dedicated, with District Superintendent Rev. Fred J. Brucks of San Angelo, presiding, and the pastor, Rev. Roy Shilling in general charge.

At baptismal services, the infants of Mrs. Dorothy Campbell and Dr. and Mrs. M. G. Holcomb were baptized.

Dinner was served to a large crowd in the church dining room at 12:30. At 2:00 the group re-assembled for the quarterly conference, at which the district superintendent presided, and names of new board members, committees, Sunday School superintendent, and others

connected with the local set-up were read and voted upon.

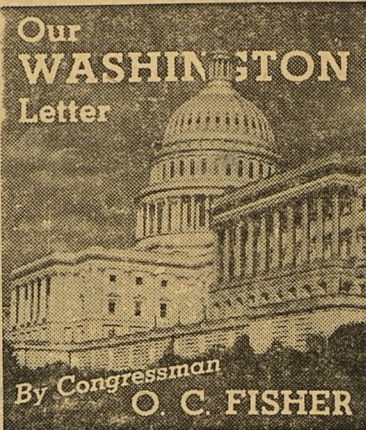

This is the last quarterly conference before district conference, which is scheduled to take place in San Antonio last of next month.

The Board of Stewards has adopted a rotating system whereby a part of the members go off the Board and are replaced with new ones each year.

WOMEN OF PRESBYTERIAN CHURCH MEET IN CIRCLES

The two circles of the Presbyterian Church met in regular session Monday at the church. Circle no. 1 had as program leaders Mrs. Edwin Jackson and Mrs. J. A. Butler, and no. 2 had as leaders Mrs. Skeet Griffin and Mrs. Bert Page. A total of ten women attended and were served refreshments by Mrs. H. T. Finley and Mrs. Leslie Baker. The day's lesson was on education.

Clint Brown, a sheep man from Harper, and his son Bob, visited C. O. Bruton Saturday.

STILL DRAGGING its feet, the House last week came to grips with the first really controversial legislation of this session, the draft-UMT bill, and spent a full week in general debate. Another week will be required to get a final vote. Previously passed by the Senate, the House has approached the measure with care and caution.

The Senate voted a bill lowering the draft to 18 year olds and set up a system of universal military training. The House committee raised the minimum age of 18 1/2 with a proviso that no one could be sent to combat under 19 years of age. During the hearings and debate, it was developed that in order to create an adequate pool of men to meet the 3 1/2 million preparedness goal and provide for replacements and rotation of reservists who have been recalled, it is necessary to drop the minimum age down to 18 1/2. Many reservists with wives and children have been recalled and this has resulted in many hardships.

THE UMT PROGRAM as set out in the bill, would not become effective until a more detailed plan is prepared by a civilian commission appointed by the President. The blueprint contained in the measure calls for six months of military training by each able-bodied young man, to become effective only after the draft is suspended—perhaps two or three years hence if the world situation doesn't worsen.

When a definite plan of training is submitted it would, under the terms of the pending bill, be subject to such changes as the Congress might desire to make. In all likelihood, the training could be integrated with high school and college in the form of junior and senior ROTC. It would emphasize physical training along with the military, a need made obvious by so many rejections by Selective Service because of physical defects.

Under the proposed UMT program, every young man after completing his six months of training would become reserves, thus creating a reservoir of trained men who could be called up with the minimum of delay if an emergency should develop. General Bradley told our committee this sort of program should enable us to reduce the size of the standing army, perhaps down to two million if conditions continue about as they are. This should enable us to keep prepared at a much-reduced cost compared with the present \$10,000 a year per man that we are paying. That figure includes the direct and indirect outlays necessary to keep up a \$35 billion a year 3 1/2 million armed force.

UNIVERSAL military training should, therefore, be not only the most effective but also the most inexpensive method of giving our country a long-range preparedness program during the foreseeable future. It is generally agreed that the present international tension will continue for 10, 20 or perhaps 30 years. It all depends on what the war-makers in the Kremlin choose to do.

It is unfortunate, of course, that any kind of military training is necessary. Our whole concept is anti-military, peace-loving and peace-making. But a realistic approach is imperative. That is why, according to a dozen tests that have been made by the Gallup poll during the past eight years every one of them have shown a ratio of at least two-to-one of the public in favor of universal training for all young men who have not previously seen military service. Congress, on the other hand, has shied away from show-down votes on the subject, and have trailed far behind public opinion on the subject.

The reasoning of public opinion is sound and reasonable. As distasteful as military involvement is to the people, they nevertheless are realistic and recognize the grave danger that confronts us and the free world today. They remember Pearl Harbor and our woeful state of unpreparedness. And they remember World War I and a like condition. They have not forgotten that we were favored by fate on two occasions and were, by the grace of God, permitted some two years during which to get prepared for the show-down. And those people are realistic enough to know that fate will not be so kind to us next time.

Mr. and Mrs. Claude Alexander spent the past week in Austin, and while they were there Mr. Alexander underwent eye surgery. They returned home Friday.

New tenants in the Mrs. D. E. DeLong residence are Mr. and Mrs. Joe C. Hull. Mr. Hull is with Davidson Drilling Co., now working on the Rob Hill well.

How's Business?

By Roger W. Babson

Foundation of Investment Success

In the field of investment there are opportunities at all times and unusual opportunities at certain times. One hundred percent investment efficiency is to get maximum return consistent with safety at all times, and yet have readily available funds for the unusual opportunities as they occur. Behind every history of unsuccessful investing you find a lack of systematic planning. Behind every record of successful investing you find a predetermined, well-thought-out working plan carefully fitted to the individual's circumstances, conditions and requirements.

Every year billions of dollars are lost on worthless securities. This amount is lost not only to the investor, but to productive enterprise as well. Capital is created by labor and saving. Those who consume less than they produce turn the surplus back into productive changes to increase the nation's store. Investments, with bank deposits, are the most essential mechanism by which capital is increased. Increased capital means greater production for everyone and more wealth to be distributed among everyone. Greater production means more consumable commodities at lower prices. Therefore, sound investment, by increasing capital, enhances the general welfare of society.

Changing business and investment conditions always find thousands of investors woefully unprepared because they have no money, due to having no previous predetermined investment plan. Every time securities are a purchase for an important long-swing upward movement, countless investors miss the opportunity; they are unprepared. The fundamental trend of the stock market has been upward for the past eight years with a plateau in 1947-48 and the first half of 1949. Today the market is the highest it has been for the past twenty years. No one knows where the top is, but it does stand to reason that those who want to take advantage of the next buying opportunity should accumulate some cash now.

ENGAGEMENT ANNOUNCED

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B₁, B₂, Niacin and Iron

Mrs. Elmer Hisel, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hisel wasn't feeling as her mother knew she should

do something about it. Mrs. Hisel gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin. It helped her so much that now Mrs. Hisel gives HADACOL to both of her children.

Here is what Mrs. Hisel says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL is So Effective
An important thing about HADACOL is that you get Vitamins B₁, B₂, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when Iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

RECIPE OF THE WEEK

By Mary Lee Taylor

Frankfurter Roll-ups

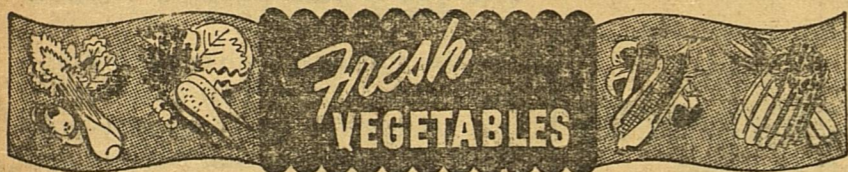

Broadcast: April 14, 1951

1 cup diced American Cheese
1/4 cup Pet Milk
2 tablespoons well-drained pickle relish
8 slices soft, fresh bread
4 frankfurters

Put cheese and milk in top of double boiler. Cook and stir over boiling water until cheese melts. Remove from heat; then fold in pickle relish. Cover; let stand until thick. Turn on oven; set at moderate (375). Remove crusts from bread. Spread with cheese mixture. Cut frankfurters lengthwise into halves. Put a frankfurter-half diagonally across center of each bread slice. Fold opposite corners of bread over frankfurters; fasten with tooth-picks. Put on greased baking sheet. Bake 10 min., or until thoroughly heated. Serve hot. Makes 4 servings.

You Will Need:
