

Schlischer County Oil News

Special from James C. Watson
Midland, Texas

The Ohio Oil Company No. 1-A H. F. Thomson estate has been completed as the fourth producer in the Huldale-Strawn field of Central-North Schlischer County.

A 20-hour potential of 147.15 barrels of oil, flowing through a 3/16 inch choke, gives the new oiler a daily capacity of 176 barrels.

It was completed natural through casing perforations from 5,790 to 5,810 feet. Gas-oil ratio was 784-1. The well made 1.35 barrels of water per day on the completion test.

Location is 482 feet from south and 457 feet from west lines of section 81, block TT, TC survey and one location east of Delta Gulf Drilling Company No. 1 Thomson, the opener of the field, which is nine miles north and slightly west of Eldorado.

Three more prospectors have been staked for immediate drilling in Schlischer County.

Jerry C. Hawkins of Dallas will drill his No. 1, No. 2 and No. 3 Thomson in the Huldale, North field in the north part of the county.

No. 1 will be 330 feet from north and east lines of section 80, block M, GH&SA survey. That puts it one location west of Hiawatha Oil & Gas Company No. 1 Runge, discovery well of the field.

No. 2 Thomson will be 588.8 feet from north and 1,277 feet from east lines of section 80. No. 3 Thomson is to be dug 330 feet from north and 2,244 feet from east lines of the same section.

All three are contracted to go to around 6,000 feet to test the pay found by the Hiawatha opener.

Hiawatha Oil & Gas Company No. 2 Forrest Runge, northeast offset to the No. 1 Runge, may go on to the Ellenburger after failing in the Strawn.

The prospector is now drilling below 5,850 feet in lime after a two-hour drillstem test developed 100 feet of oil, gas and water-cut mud and 2,050 feet of salt and sulphur water. The test was taken over the interval from 5,642 to 5,662 feet.

Operator representatives say there is a deal working to carry the Strawn failure on to the Ellenburger.

Another Huldale, North prospector, Ohio No. 2 Thomson, southwest offset to Hiawatha No. 1 Runge, is drilling below 2,519 feet in lime and shale.

G. W. Strake No. 1 Runge, north offset to the discovery of the same field, is drilling below 2,180 feet in lime and shale.

In the Huldale-Strawn area, Ohio No. 3 Thomson is at total depth of 1,268 feet waiting for cement to cure after setting surface pipe at that point.

The same operator's No. 4 Thomson, between the Huldale, North and Huldale-Strawn field, is drilling below 1,798 in lime and shale.

IT'S A BOY FOR COACH

Born Sunday, to Coach Ted Kirby and his wife, Iola Sutton Kirby, a son, in a San Angelo hospital. The baby, who weighed eight pounds and six ounces, has been named Kenneth Craig, after two of the EHS football players, Ed Kenneth Cheek and Back Pinkney Craig. The father has been coach in the Eldorado schools two years and the young mother is the former home ec teacher here.

Dr. Holcomb Elected To District Office

About \$1800 has been spent for new equipment recently at Holcomb Clinic, which has received delivery on a new resuscitator, a new incubator for premature babies, and a new radar type diaphragm.

The proprietor of the hospital, Dr. M. G. Holcomb, in attendance at the district meeting recently at San Angelo, was elected president of the Fourth District of the Texas Osteopaths' Association; this district reaches from Comanche to the west part of the state and comprises territory served by 75 to 100 doctor-members. Dr. Holcomb was also elected delegate to the state convention at the Shamrock Hotel in Houston late next month.

It rained on Easter! Old timers say that rain on Easter brings rain seven Sundays in a row! Everyone has been quoting the old saying and adding, "And we can use it."

New Easter bonnets may have gotten a good wetting when the rain started last Sunday late in the morning—but it was worth it.

Everyone is jubilant over the rain. Not that there was enough to soak the sub-soil, but plenty to bring up the grass in dry Schlischer pastures, and be of benefit to lawns and gardens.

The rain fell gently on Easter Sunday and Sunday night, and touched every part of the country. Much of the county received an inch, parts a little less, and the city of Eldorado 1.1. Arch Edmiston got 1.31, B. E. Moore 1.2, and P. K. McIntosh, .5.

'Twas the biggest rain the county has had in many months. Also 'twas the first since last September.

It looks like a good cotton year for Schlischer County. With controls off and price up, farmers have been encouraged to set aside a goodly amount of cultivated land for cotton, and to break new land to be planted in cotton.

Those in close touch with the situation here state that this will be the biggest cotton year in the history of this county.

More rain will be needed to soak the sub-soil for later cotton planting, and for feed and other field crops.

The Sheriff's department here reports that they have recovered a third saddle of the four which were stolen recently from the Cecil Meador ranch. This one was discovered at Wickett, Texas.

A deal for land south of Eldorado was made here this week. Mrs. Virginia Torgeson has sold the home place in Schlischer County, known as the Georgia Gillaspie farm, to R. R. Olsak and his son LeRoy Olsak of San Angelo. Lester Henderson has the place under lease but will give possession to Mr. and Mrs. LeRoy Olsak after January 1. It is understood that the Olsaks will build a new residence there. Mrs. Gillaspie makes her home with a daughter in Winona, Minnesota.

Fred Case, of Case Ranch, left early this week with six head of cattle for delivery to a buyer at Marshall.

A new couple in Eldorado are Mr. and Mrs. D. R. Rogers, who moved here from Odessa and have an apartment at the residence of Mrs. R. A. Evans. Mr. Rogers is with Western Drilling Co.

Work on the Martin Estes residence in Eldorado, continues this week. Sheet rocking and papering began Tuesday, and there will be painting, addition of a new back porch, dismantling of the old garage and building of another, and other improvements before the place is ready for occupancy. The two-family house will probably be for rent.

Dickens Interpreter To Present Program

The last in a series of paid school assemblies will be presented at 2:45 p.m. on Friday, April 6, in the school auditorium, it was announced recently by Jack Black, principal. This assembly will feature Dr. Frank Guy Armitage, interpreter of Dickens characters. Admission will be 10c and 15c and school officials have issued an invitation to the general public to attend.

Dr. Frank Guy Armitage is the world's foremost interpreter of the characters of Charles Dickens. His mother was an eminent English concert vocalist and his father a devotee of the legitimate theatre.

From the rich mine of over two thousand characters described by Dickens, Dr. Armitage has selected the most outstanding. In the twinkling of an eye he makes them live and move and have their being once more. Micawber struts his cheerful, philosophic, optimistic way—"confidently expecting something to turn up." Uriah Heep crawls in slavish hypocrisy, Sidney Carton makes his magnificent renunciation and goes to the guillotine, and Scrooge meets the "Spirit of Christmas."

Wigs and semi-costumes are used to heighten the effect of the illusion but no grease paint is employed for make-up.

Mrs. E. L. Edmiston of Andrews is visiting her mother-in-law, Mrs. W. F. Edmiston.

Last Minute Rush Likely On Car Tags

The tax collector's office yesterday reported that the sale of new license plates was continuing steadily in Eldorado, but still not fast enough to prevent a last-minute Saturday rush.

About 600 passenger car tags had been issued as of Tuesday, and 300 tags for trucks and other vehicles. The office crew estimated that there were about 200 yet to go—who should get their plates between now and Saturday night.

Remember, Saturday March 31st is the deadline.

The Military

Mrs. Arch Edmiston has heard from her son Junior Williams, who said that he was shipping out of Camp Polk, La., with the 45th Oklahoma Thunderbird Division. They were to leave last Monday.

Mrs. Jimmie Cook, the former Ernestine Clark, returned Monday from Camp Cook, in California, where she spent two weeks with her husband. Jimmie will get a two-weeks' furlough beginning about April 15, and expects to spend it here.

Among those at home for the Easter holidays were Tart Mund of Ft. Sam Houston, and Hal Whitten, Jackie Hodges and Stewart Williams, of Ft. Sill, Okla.

Donald Dannheim of Memphis, Tenn., spent the weekend here with his parents, Mr. and Mrs. E. H. Dannheim. He has just completed 8 weeks of airman school at Memphis, and is now rated as airman apprentice. For the present he is on 7-weeks' assignment to galley work, then he will go to Aviation Technical Mechanics school. He expects to be stationed in Memphis for at least six more months. His sister, Wanda, of San Angelo, was at home also for the weekend to visit with him and her parents.

SEWART AFB, Smyrna, Tenn., March 21.—Pfc. Wayne H. Davis, son of Mr. and Mrs. W. M. Davis, of 517 North Canton Avenue, Lubbock, has been assigned to the Headquarters and Headquarters Squadron of the 314th Air Base Group, it was announced today by Col. Hoyt L. Prindle, Wing Base Commander. While assigned to the Headquarters and Headquarters Squadron, Pvt. Davis will perform the duties of a clerk-typist. Enlisting in the Air Force in October, 1949, he received his basic training at Hensley Air Force Base, Texas. Prior to entering military service, Davis was a student at Texas Tech. He is a graduate of Eldorado High.

Friends and relatives here have been informed that G. S. Cathey was recently promoted from Staff to Tech-Sergeant. He is stationed at Memphis, Tenn.

Mrs. Ralph Waldron has received her first letter from Mr. Waldron from overseas. He left the States March 5, and landed at Yokohama on the 20th. He reports a good trip and no signs of seasickness, and states that he was to catch the ship USS Repose, thought to be near Seoul.

Mr. and Mrs. Jack Faught have returned from a trip to Colorado where they visited their son Chester Faught, who is in service at Camp Carson. Accompanying them was Arita Barrington of Abilene. The group visited Chester some each day they were there and also did quite a lot of sight seeing. They arrived in Eldorado Tuesday, after leaving here last Thursday morning.

These youths left Sonora Tuesday for induction: Arthur Mund Jr., Howard Parker and Harold Grelle.

These also left for physicals: William Smith, transferred from Cleburne, Texas; Reyes Lozano Jr., transferred from Del Rio; Howard William Mittel, Carlos Torres Rodriguez, James Edward Alexander, Charles Harrison Jackson, Ruben Cantu Minor.

On April 3, Eugene Gibson will leave for induction.

Mr. and Mrs. Homer Wolfe, Jr., of Kermit, spent Easter here with Mrs. Wolfe's parents, Mr. and Mrs. S. D. Harper. With them were Mr. and Mrs. Homer Wolfe, Sr., Kilgore, who went to Kermit by plane and accompanied the young folks to Eldorado for a visit in the Harper home.

Mr. and Mrs. Buster Dickens had as weekend guests their daughter and her family, Mr. and Mrs. H. T. Allmon and daughter of Odessa. Mr. and Mrs. Roy Hood, friends of the couple, and Gaynell Dickens, Mrs. Allmon's young sister who spent two weeks there, accompanied them to Eldorado.

MRS. EDWIN JACKSON

Mrs. Edwin Jackson Is Presiding Officer At PTA Convention

One hundred and twelve delegates, representing 28 PTA units in the district, attended district sessions of the Parent Teacher District 6 Convention at Big Lake Tuesday and Wednesday. Presiding over the meetings and in general charge of the events of the convention was Mrs. Edwin Jackson of Eldorado, district president.

During the meeting, the district received two invitations for the 1952 convention, one from Eldorado and the other from McCamey. Choice will be made when the district board meets in September, unless there is a call meeting before that time.

Reports from vice presidents and their chairmen from the various PTA units of the district were made to the board instead of to the general conference. A total of 7,513 members was reported for the district—an increase of over 300 since last year.

The Eldorado unit of PTA was graded good on the scrap book and A-plus on the year book.

Those from Eldorado who attended the district board meeting on Tuesday were Mrs. Jackson, president, Mrs. Jess Walston, publicity chairman, Mrs. Carol Ratliff, corresponding secretary, and Mrs. Kenneth Cheek, parliamentary. Twenty-eight units were represented.

The above, and these additional Eldorado officers, attended the all-day meeting Wednesday: Mrs. John Williams, president; Mrs. Marvin McAngus, incoming president; Mrs. James Williams, treasurer and incoming secretary.

Included in the 112 delegates from the various units of the district were representatives of six or eight schools in San Angelo; three from Del Rio; and others from McCamey, Eldorado, Ft. Stockton, Ozona, Sonora, Eola, Paint Rock, Rankin, Crane, Big Lake, Mertzon, and other places.

Also present were five state board members: Mrs. C. R. Larimer, Houston, a first vice president; Mrs. F. C. McConnell, Austin, education chairman; L. L. Martin, Crane, chairman of world citizenship; Mrs. Sid Bolding of San Angelo, and Mrs. A. W. Walls of San Angelo, national headquarters chairman in Texas.

The program opened with professional by district board members and guests; pledge to flag by Big Lake Scouts; invocation by L. L. Martin of Crane; greetings by Mrs. J. W. Singleton and Supt. C. E. Allison; response by Mrs. Sidney Bolding of San Angelo; talk on freedom by Gilberto Cerda, Del Rio; reports of conference committees; annual report by District President Mrs. Edwin Jackson; talk on the PTA movement, by Mrs. C. R. Larimer of Houston; talk on the White House conference by Mrs. J. C. McConnell of Austin; and other talks by Mrs. W. A. Kay of Fort Stockton and Mrs. A. W. Walls of San Angelo.

After the lunch at noon in the school cafeteria, the group re-assembled, and were addressed by L. L. Martin, of Crane, W. H. Taylor, San Angelo, Mrs. Sid Bolding of San Angelo, and Mrs. Paul Jacobs, Big Lake.

To complete the day, the delegates attended the various workshops, conducted in five rooms of the school building, then re-assembled for final reports by Mrs. Schneeman, Mrs. C. K. McDowell, Mrs. John Nunn, and high school students; closing address by Mrs. McConnell and benediction by Supt. Ellison.

Those from here who attended state that they were royally entertained in Big Lake and that the conference was most successful.

ATTEND DEL RIO FUNERAL

Mrs. Mamie Furr, mother of Fred Furr of this city, died March 19 in Bawtown. Funeral services were held at a funeral home in Del Rio on the 21st, and burial was made there. The officiating pastor was from the Methodist Church at Del Rio. Attending from here were Mr. and Mrs. O. L. Furr, Mr. and Mrs. Fred Furr, Mrs. Jimmie Danford, and Mrs. Ivan Shore.

ELDORADO SCHOOL HOST INTERSCHOLASTIC MEET

For the first time since 1940, the Eldorado school will be hosts to the District 23B Interscholastic League Meet, which will be in session on March 30, and April 13 and 14. Schools competing are Eldorado, Sonora, Ozona, Rocksprings, Junction, Menard, Mason, London.

Supt. C. A. Reynolds, Eldorado Superintendent, is director for local entries and also director-general for the entire meet.

All events of the meet will take place in Eldorado except tennis and playground ball, for which the local school is lacking in facilities. These will be played off in Sonora. Winners will go to the area meet.

The opening program of the meet is scheduled to take place in the Eldorado school auditorium, Friday night, tomorrow, beginning at 7:00, when the one-act plays will be presented in competition for

prizes. Mrs. Charles Gary is local director and also district director.

Plays will be presented by student groups from Eldorado, Sonora, Ozona, Rocksprings, and Junction. An admission charge will be made. The public is cordially invited to attend, and an excellent program is promised. The five one-act plays will be presented on the new stage, in the new school auditorium.

The remaining events will be held April 13 and 14. Hundreds of students and faculty sponsors, as well as parents, will be here from out-of-town to take in the various contests.

Judges for the divisions of the meet will be from Austin and San Angelo.

Contestants Being Picked

Contestants in the various departments of the meet are being chosen by their respective schools. It is a rule of the League that entries must be submitted ten days before the finals.

Trophies have been received in the office of the superintendent here, and are on display at the school. There are 143 medals to be awarded to winners. In addition, ten trophies are on display in the trophy cabinet at the High School, for debate, literary events, track, one-act play, Junior track, and four for softball and a large loving cup for the over-all winner.

Declamation Winners Picked

Twelve competed for honors in a Junior declamation contest Monday night, and medals were presented to these winners: Girls' Barbara West 1st, Cynthia Reynolds, 2nd, Donna Beth McCormick, 3rd. Boys, Ronnie Mittel, 1st, Herman Carroll, 2nd, Jerry Pennington, 3rd.

The 12 who appeared on the program Monday night were winners of elimination contests in the various rooms of the grade school.

Gayle Childers and Billy Kenneth Cheek will represent the high school at the meet in Senior Declamation.

Easter Egg Hunt Re-Set For Saturday

Schlischer County children, age 10 and under, will have their Easter egg hunt nearly a week late this year when they gather Saturday afternoon after school for this annual event which is sponsored jointly this year by the Fire department and Lions club. The hunt was originally set for last Sunday but was postponed on account of rain.

School will be in session this Saturday to make up a day missed, Supt. C. A. Reynolds announced, but it will be dismissed at 3 Saturday afternoon at which time the busses will run. Mr. Reynolds said that children who ride the busses should make their own arrangements to get home if they go to the hunt.

The hunt will be going on simultaneously at the court house, at the colored school, and in the Latin-American community. Rev. Roy Shilling is general chairman in charge and said that help from the Lions club and Fire department would be needed from 2 o'clock on, to hide the eggs.

Shell Employee Training Course Opens Here Monday

Shell will sponsor an employee training program, which will open here on April 2, at the schoolhouse, with all Eldorado employees and some from Menard in attendance.

In charge will be Jim Hunt of Houston, who will conduct the program on oil transportation and pipeline problems and procedures. The safety phase of Shell work will be stressed, as well as other problems which Shell officials and employees must handle in their daily work.

It is explained this week that the meeting will be called for one night a week, for five weeks. Then the teacher will go to the East Texas and Bayou lines for similar schools, then come back to Eldorado to continue the instruction here in another series of lessons.

ATTEND VOCA FUNERAL

A. L. Holloway, father of Mrs. F. B. Schooley of this city, died at Voca Thursday. Funeral services were held Friday from the church at Voca and burial was made there. Attending the funeral from here were Mrs. Schooley, Mr. and Mrs. Clifford Schooley, and Mr. and Mrs. Grat Edmiston. Mrs. Schooley remained there for a longer visit with her mother, and the others returned home Friday night.

TWO CLASSES OF EHS GRADUATES GET TOGETHER SATURDAY NIGHT FOR GAB-FEST, BANQUET, CANASTA

A group of Eldorado exes, from two recent classes, took advantage of the Easter weekend by holding a reunion at the Memorial Building in Eldorado, graduates of EHS in 1944 and 1945 participating in the reunion and celebration.

Mainly responsible for the success of the event were the committee, Elaine Spurgers, Sarah Yates and Polly Henry, also the class sponsor, Mrs. Carol Ratliff.

Dinner was served in the banquet hall at 6:30, from a table decorated in the Easter motif. Later the group visited, played canasta, and read letters from several who could not attend the reunion. Mrs. Ratliff was presented with a corsage from the group in appreciation of her efforts on behalf of the classes.

During the evening a greeting card was passed around for signa-

tures of everyone present, to be sent to Wilburn Clark, member of the class, who entered service in 1944 before his graduation, and who is now stationed in Tokyo.

Present, (including spouses, if any) were:
Class of 1944: Tom Enochs, Mr. and Mrs. Luke Thompson, Polly McLaughlin Henry, Mr. and Mrs. Earl Yates (Sarah Sweat), Mr. and Mrs. Floyd Spurgers (Elaine Watson), Mr. and Mrs. Bud Russell of Ozona (Katharine Davis), Mr. and Mrs. Grover Lee Johnson (Tommy Lee Wilson), Mrs. Edna Doty, Mrs. Jimmie Bracken (Mary Virginia Griffin), Earline McElroy (Earline Biggs).

Class of 1945: Mr. and Mrs. Paul Page, Mr. and Mrs. D'Eon Priest (Barbara Mudd), George Stanley Finley, Mr. and Mrs. W. F. Edmiston, Mr. and Mrs. Bud Davidson.

McGilvary-Manning Rites Solemnized

In a simple ceremony performed last Friday afternoon, March 23, Miss Jessie McGilvary, daughter of Mr. and Mrs. Alvin McGilvary of Eldorado, became the bride of Harold Manning, son of Mr. and Mrs. J. M. Manning of San Angelo. Rev. W. E. Krueger performed the ceremony. The McGilvays moved here recently, where he is employed on the Cooper-Page gas lease.

Present at the ceremony besides the parents were the grandmother, Mrs. Minerva Chandler of Kerrville, and a nephew, Curtis Leon Brooks of San Angelo. The couple were unattended.

The bride wore a blue crepe dress with an embroidered top and a matching blue jacket.

Following a wedding trip to San Antonio and the coast, the couple will be at home in San Angelo where the groom attends college and is associated with his father in the Cactus Lumber Co.

Engagement Announced

The engagement and approaching marriage of their daughter, Imo Gene, to Chas. H. Jackson of Christoval has been announced by Mr. and Mrs. John M. Wheeler of Eola. Mr. Jackson is the son of Mr. and Mrs. R. H. (Dick) Jackson of Christoval. He is a graduate of Eldorado High School, San Angelo College, and attended Texas Tech.

Miss Wheeler was graduated from Eola High School and San Angelo College.

The couple plan an April wedding to take place in San Angelo. Following a short honeymoon they will be at home on the Jackson ranch in Schleicher County until Mr. Jackson's induction into the armed forces.

Three Are Honored On Their Birthdays

Mrs. Jack Halbert entertained 17 children with a birthday party at her home Wednesday of last week, honoring her three children, all of whom were celebrating their birthdays: Dannie, age 3, Bobby age 4, and Jay who is 2.

The children played games out of doors and indoors, and ice cream was served with the birthday cake, which was decorated in the Easter motif. Favors were balloons and Easter bunnies.

VISITORS ENTERTAINED BY LOCAL RELATIVES

Mr. and Mrs. E. T. Neill left Sunday morning for their home at Tahoe, Calif., after a visit here with his mother, Mrs. G. A. Neill and other relatives. Last Thursday the couple and Mrs. G. A. Neill visited in San Angelo with Mrs. Birdie Manies and Mr. and Mrs. John Barrows. On Friday they visited in Sonora with Mr. and Mrs. Geo. H. Neill and family. On Saturday, the family including the Neills from Sonora, the E. T. Neills and Mrs. Reuben Dickens and family, met at the J. L. Neill home for supper and a get-together.

While here, the Neills received word of the birth of a son to their son-in-law and daughter, Mr. and Mrs. Bill Powell of Lake Tahoe on March 23. This was the Neills' third grandchild, and Mrs. G. A. Neill's fourth great grandchild.

CHILD IS HONORED ON FIRST BIRTHDAY

Diana Gail Marshall was honored on her first birthday with a birthday party and egg hunt at the home of her grandmother, Mrs. Lillian Rodgers. The table was centered with a nest full of Easter eggs and a bunny.

Cake and hot chocolate was served to Jody and Jan Wagley, Billy Arnold and Mike Sudduth, Diana and Jamie Manning and Perry Brown, and the honoree, Diana Gail.

Marriage Revealed

Two young people who were wedded on January 29 in Bryan revealed the news of their marriage in Eldorado during the Easter holidays. Marselaine Patterson, daughter of Mr. and Mrs. W. M. Patterson of Eldorado, was married to Neville Pressley Clarke, son of Mr. and Mrs. Frank Clarke of Schleicher County. A couple from A & M, student friends of the young people, served as their only attendants.

For the ceremony the bride wore a navy suit and hat and navy accessories. She then continued with her college work at the State University and the groom returned to A & M, keeping the marriage a secret until they arrived in Eldorado Thursday evening to visit local relatives.

The bride was reared here, was graduated from Eldorado High School, and has attended the University at Austin a summer and three years. Now classified as a Senior, she will receive her degree at the close of the first summer term. During her high school career she won many honors, and at the University has established a creditable record in the liberal arts department of the school.

The groom attended high school at Burnet, graduating from that secondary school, then enrolled at Southwest Junior College at Uvalde, at the end of two years transferring to A&M at Bryan. His parents, Mr. and Mrs. Frank Clarke, moved to Schleicher county 2 1/2 years ago from Burnet, establishing their home on Thomson T-Circle Ranch.

After the bride receives her degree she expects to go to Bryan where the couple will make their home. The groom is completing four years of college, but has three more years before he receives his degree in veterinary medicine.

The young couple spent the week end visiting relatives and friends here, and left for Austin and Bryan Monday.

OES INSTRUCTION SCHOOL IS HELD IN SONORA

A school of instruction for the OES was held in Sonora last week, with a number from here in attendance. The school was in session all day, and again at night, with a banquet served at the evening dinner hour which all attended.

Present from the Eldorado chapter were Mr. and Mrs. Edwin Childers, Mr. and Mrs. Palmer West and Mr. and Mrs. W. A. Schuller.

MRS. KING ENTERTAINS

Mrs. R. A. King entertained with a supper Friday night, honoring out-of-town guests. Present were Mr. and Mrs. Cleve Jones, and the Sawyers, of Sonora, Mr. and Mrs. Pat Cooper of Ft. Stockton, Mr. and Mrs. Jimmie Martin of Abilene, and Bunch King Brittain and his mother Mrs. D. W. Offutt of Austin, and others.

CATHOLIC SERVICES

In the absence of the regular priest, Father Ronnin, who is away on a month's vacation, there will be regular Sunday Mass at the church here at 7:30 a. m. In charge will be Father Cyril Mirmann of Sonora.

SHOWER HELD FRIDAY

Honoring Mrs. Bill Davis, Mrs. J. C. Whiteley entertained Friday afternoon with a layette shower at her home. After the gifts had been inspected by the group of relatives and friends who attended, refreshments were served.

HOLCOMB CLINIC NEWS

John Glenn, Stanolind oil employee, broke his leg in an oil field accident Tuesday night, and is a hospital patient.

Admitted for treatment Wednesday was Mrs. Beatrice Bowen of Christoval, who has virus pneumonia.

—The Eldorado Success, \$2.00 year.

GUESTS OF DOYLES

Guests of Mr. and Mrs. W. C. Doyle on Sunday were Mrs. Doyle's brothers, who with their families were served dinner by Mrs. Doyle. Present were Richard Lee Davis of Alpine, senior at Sul Ross, Mrs. Davis, who is employed by the telephone company there, Major Paul Davis and his wife and sons Tom and Dickie of Goodfellow Field, San Angelo, and Lum Davis of this city.

2 Easter Egg Hunts For Baptist Children

The children of the First Baptist Church were entertained with Easter egg hunts last week by department heads and workers in the church. The cradle roll, nursery and beginners' departments had a joint hunt Thursday on the church lawn, with the workers in the departments in charge. A social hour followed the hunt, in which 35 children took part. Twelve adults were also in attendance.

Miss John Alexander, primary department superintendent, assisted by the officers and teachers, sponsored an Easter egg hunt and social on the courthouse lawn from 3:00 to 5:00 Saturday afternoon. Cookies, cold drinks and lollipops were served to the 30 children who were present.

She's Six Years Old

Jackie Shugart, daughter of Mr. and Mrs. Jack Shugart, celebrated her 6th birthday with a birthday party at her home Friday. The 27 children who attended joined in an Easter egg hunt in the yard, and played games. The birthday cake was decorated with Easter emblems, and was served with ice cream to the children and to the adults who attended. Favors were Easter baskets.

Mrs. W. G. Godwin and daughter are in San Angelo, where they were called because of the illness of Mrs. Godwin's mother, Mrs. J. O. Cowart, who recently had another heart attack and is in serious condition.

Mrs. Chester Biggs, who has had gall bladder trouble for some time, underwent surgery Tuesday in a San Angelo hospital and is reported to be doing well.

Rehearsal Luncheon Is Served On Friday

Honoring Ebba Ann Finley and Bobby Barber on their wedding day, a rehearsal luncheon was served at the Community Building Friday noon, members of the wedding party attending. Hostesses were Mrs. Weatherly Kinser, Anna Pearl and Fay Finley, Mrs. Sam Jones, Mrs. Lewis Whitten, Mrs. S. E. Jones, Jr., and Mrs. John Williams.

White glads and carnations, interspersed with stock, were the table decorations. A bride decorated the place cards which guided the invited guests to their places at the table. A fried chicken luncheon was served, after which Miss Finley and her parents presented gifts to the bridesmaids and groomsmen.

Mr. and Mrs. A. D. Harvey and daughter Joey visited relatives and friends here last weekend. They have sold their place in Georgetown and have bought a home in Oklahoma. Mr. Harvey left for Oklahoma and Mrs. Harvey returned to Georgetown to live until school is out. Mrs. Harvey is a daughter of Mrs. Willie Tisdale.

FORD TRUCKS for '51

feature POWER PILOT ECONOMY

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. The Power Pilot automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements.

Unlike conventional systems, the Power Pilot uses only one control instead of two, yet is designed to synchronize firing twice as accurately. You can use regular gas . . . you get no-knock performance. Only Ford in the low-price field gives you Power Pilot Economy!

Ford Trucks cut your expenses through low initial cost, low fuel consumption, minimum maintenance, longer life.

Come in today to get ALL the facts on the Economy Leaders for 1951.

Ozonans Raise Red Cross Quota
Ozona went over the top on its Red Cross quota in a one-day drive conducted this week by the Woman's Forum. The assigned quota of the national chapter was approximately \$500.

The campaign will not be closed immediately, Ben Williams, drive chairman, announced. A solicitation will be made through the business section and if there are others who wish to make contribution to the Red Cross fund drive and who have not had the opportunity, such contributions may be left at the Ozona National Bank, with Mr. Williams at the Williams Grocery, or to any member of the Woman's Forum. —Ozona Stockman.

Celebration Planned

Pecos Valley residents are proud of their community. They are especially proud of the new water system which will bring an ample supply of fresh water from Crane County Sandhills for the first time; and they are grateful to the voters of Pecos County who gave overwhelming approval to a bond issue last November to finance their self-liquidating water system debt. The result is a plan for a mammoth celebration in the Valley to be staged on the afternoon of March 31 at Imperial, and to which all their neighbors—and especially the people of Pecos County—are invited. —Ft. Stockton Pioneer.

PTA District Meet

Program details are completed for the annual conference of District 6, Texas Congress of Parents and Teachers, scheduled to convene in Big Lake next week, according to Mrs. Edwin Jackson of Eldorado, district president. Local arrangements are under the direction of Mrs. J. W. Singleton, president of the Big Lake Grade Parent-Teacher Association and Mrs. John Nunn, district vice president of Reagan and Crane Counties. The conference will open with an executive session Tuesday afternoon at two o'clock in the elementary school auditorium. —Big Lake Wildcat.

New Industry for Sonora

With the opening of the Plasti-Pan Company here in November, 1950, Sonora boasts a new industry which serves the ranchman. The company, owned by Travis Glasscock, manufactures a new type of tank float of polystyrene, one of the newer plastics. Associated with Glasscock is E. T. Smith. The floats are cast in tongue-and-groove halves by a San Antonio firm, shipped here where they are welded together, labeled and shipped to dealers in El Paso, San Antonio, and Wichita Falls. —Devil's River News.

Easter Service

The Easter Story, portrayed by the Men's Bible Class and others beneath the ever burning cross on Lover's Leap, will begin at 3:30 Easter morning. This worship service is the only kind of this type of service featured in Texas, and it is expected to attract many from all over the state. Consisting of 23 acts and 34 main characters, this beautiful service will portray the Lord as He attempts to save the Holy City of Jerusalem. —Junction Eagle.

New Warehouse

Foundation has been laid for the new city warehouse at the foot of South hill, on property recently purchased from the Micou estate, it was announced this week. The building will be 40x80 feet with steel framework and corrugated iron and will cost approximately \$6,000, it was stated. It will be a pre-fabricated structure, shipped ready to set up, and the material is expected to be here in July. The building has long been needed, it was stated, as the city has never had any place to store various materials. —Alpine Avalanche

Grocery Store Robbed

Sometime between closing time Saturday night and noon Sunday, burglars entered the Busy Bee Grocery and Market through a rear window in the store—and walked off with between three and four hundred dollars in cash, leaving approximately five hundred dollars in checks behind.

The robbery was not noticed until around twelve noon Sunday when the store owner, Buster McKee entered the store and noticed the safe in the office annex had been blown or drilled open. Mr. McKee immediately notified the local police department who in turn notified the Sheriff's department and Texas Rangers. —Eden Echo.

Theater Redecorated

The Mission theatre, one of the showplaces of Menard, was having a face-lifting this week. The entire interior of the theatre is being repainted in a new color scheme, Henry Reeve, proprietor and manager, announced. Mr. Reeve said this is the most extensive beautification job attempted by the theatre since it was constructed about 20 years ago. New stage draperies and fittings are being installed, and the ceiling is being refinished. —Menard News.

Saddle Thieves Sentenced

Sentences of two years in the penitentiary were given three prisoners in district court here Monday, each of them being for saddle thefts. Pleading guilty to indictments were: Shorty Ruth of Snyder, Jesse Coye Martin of Ozona, Bob Sezymarek of Wisconsin. Ruth stole a saddle from Willis Smith last summer, but the theft was uncovered almost by accident. A lady constable at Kilgore was examining some stolen property and found a saddle made by M. L. Leddy of San Angelo among the loot. She called the manufacturer, giving the serial number, and learned that it was the property of Willis Smith of Robert Lee and that it had been stolen. Sheriff Paul Good was advised of the find and recovered the property and traced the theft to Ruth. —Robert Lee Observer.

Mr. and Mrs. Lum Burk drove to Sierra Blanca last week end with their daughter Mrs. Bill McRae, who had visited here a week. The burkses' other daughter returned to SAC, San Angelo, Monday.

Mrs. Will Doyle and Mrs. Ruby Damron spent the week end in Ballinger with Mrs. Damron's daughter Mrs. G. S. Robinson and her family.

Mr. and Mrs. Leonard Schwobel of Austin and their children left for home Tuesday after spending several days here with relatives. Mr. Schwobel is a student at the University.

Mr. and Mrs. Bud Russell of Ozona spent the week end with the latter's mother, Mrs. Ora Davis.

**Get The Lone Star
Ticks Early This Year**

College Station.—Lone star ticks are on the move and stockmen are urged by James A. Deer, assistant extension entomologist of Texas A. & M. College, to use control measures as soon as infested cattle are found. The livestock pest will increase rapidly in numbers unless it is controlled, for a new generation will hatch out in about 30 days from the time the engorged ticks drop to the ground.

Present infestations are widespread, says Deer. Since most cattle have had a pretty tough time of it during the winter, the ticks, if permitted to increase, will keep them in poor condition. He recommends that infested cattle be sprayed or dipped. Either a five-tenths percent toxaphene spray or a combination of five-tenths percent DDT and three-hundredths percent gamma BHC used as a spray are effective for treating beef cattle. Treatment with these materials will protect cattle from lone star ticks for periods of two to three weeks, says Deer.

DDT and toxaphene are not recommended for use on dairy cattle. If dairy cattle are infested, Deer advises using a spray or wash containing five-tenths percent methoxychlor plus three-hundredths percent lindane. The lindane is added to kill the engorged ticks, but Deer cautions against using excessive amounts of this material on dairy cattle.

The lone star tick is the most common cattle tick found in Texas and because of this fact, it is known by many other names. These include "star-back" tick, "speck-back" tick and "wood" tick. Regardless of the name that it goes by in your area of the state, Deer says unless it is controlled now, the present infestations could make plenty of trouble for livestock producers.

The spring-like weather of the past few days have brought reports that screw worms are already active, says Deer and cattle in an effort to scratch off the ticks are likely to cause wounds that will be quickly found by screw worm flies. Controlling the ticks now will certainly reduce the number of screw worm cases later in the spring.

Deer suggests that you contact your local county agent for complete details on how to mix and use the recommended treatments.

**Methodists To Have
Vacation Bible School,
Summer Revival**

Vacation Bible School and summer revival dates for the Methodist Church have recently been set. The bible school will open June 4 and will run for two weeks, with Mrs. Albert McGinnes in charge, assisted by other workers who are now receiving their training and making plans for the event. There will be classes for children through the intermediate ages, according to announcement made by the leaders.

The Board of Stewards authorized the pastor to make plans for a summer revival at the church to open June 17, and continue for one week. The speaker will be engaged and other plans made as soon as possible.

★ AL-TRUISMS

—By Al G.

Mrs. Archie Mittel, who is active in club and church work in this county, has been doing club work for some time. At the invitation of Los Hermanas Club in San Angelo, she attended the 11th birthday celebration of the study club recently, as a charter member. A book review was presented as the main feature of the program.

Mr. and Mrs. W. A. Schuller and Susie visited recently with Mr. Schuller's mother, Mrs. R. J. Schuller at Lufkin. Celebrating their mother's birthday, all five of the children and all of the grandchildren were present at this birthday celebration and family reunion.

Friends of Mrs. Lois Winans, niece of Mrs. W. A. Schuller and others of this city, will be glad to learn that she has had a knee operation at the hospital in Ft. Sam Houston, and that after putting in a plastic hip joint and a nylon knee joint, doctors assure her that she will be much improved. An arthritis victim, she has been confined for some time to a wheel chair. It is thought that she has had the last of a series of operations, and that she will be able to walk. Many in Eldorado know Mrs. Winans.

There'll be more about this later. About ten Mias Amigas members got together during the past week end and made plans for the annual meeting, dates for which have been set for June 28 and 29. Mrs. Ed Hill had charge of the business session, and program numbers were planned. It is too early to announce what the program will be, as there may be lots of changes before meeting time next June. DAUGHTER FOR PRUGELS
Born Tuesday to Mr. and Mrs. A. E. Prugel of Sonora, a daughter weighing seven pounds, in a San Angelo hospital. The baby has been named Susan Jo. Grandparents are Mrs. May Tisdale of Eldorado and Mr. and Mrs. J. A. Prugel of Eden. The mother is the former Celeste Tisdale, and the couple have one other child, Nancy, six years old.

R. B. Woodward, who bought the 4-room Roach house in Campbellite Flat recently, will start soon on remodeling the house. He expects to add two rooms at the front, and a garage and breezeway.

Guests for Easter in the H. A. Belk home were Mr. Belk's parents Mr. and Mrs. J. B. Belk of Miles, and his brother-in-law and sister Mr. and Mrs. Riley Houston of Paint Rock and their son.

soon as they are ready to give this paper the detailed plans, there'll be a news story concerning them.

Mrs. D. C. Hill has sufficiently recovered from her recent illness to take a trip to East Texas to visit relatives in San Augustine, Grape-land, Bryan, and other places. She accompanied her daughter, Miltia, who spent her Easter holidays from her teaching duties at Sul Ross, taking her mother on this trip. They returned to Eldorado Monday and Miss Miltia went on back to Alpine Tuesday.

Joe Ed Spencer and Jack Ervin Mund, 17-year-old twin cousins, (if there be such) were entertained with a birthday dinner at the home of Mr. and Mrs. Edgar Spencer, the former's parents, on their birthday, Wednesday noon. There for the occasion were Mr. and Mrs. Ervin Mund and Becky, and Jack, Mr. and Mrs. J. D. Ashmore, Mrs. Henry Mund, Mrs. Frank Spencer, and the Edgar Spencer family.

Everyone likes to see a new house whether he ever expects to own one or not. Mr. and Mrs. Fred Watson announce today that they are opening their new Glendale residence to the public on next Sunday afternoon from 3:00 to 5:00—everyone is invited to go through the new house.

The Watsons state that they decided to do this at the request of quite a few people who wanted to see the place before it was turned over to the new renters, Dr. and Mrs. Robert Maginot, who will move there soon.

The place is now practically completed. It is a roomy and most attractive frame house with Austin stone trim.

Guests of Mr. and Mrs. Earl Cathey from Thursday to Saturday night were Mr. and Mrs. I. V. Pearson and Nancy Ann of Brady. The couple are teachers in the Brady schools and were spending their holidays here.

Supper guests in the home of Mr. and Mrs. Weldon Davis Saturday night were Mr. and Mrs. O. C. Ogden and Wayne of Sonora, their guest, Pat Monburg, of Minneapolis, Minn., and Mr. and Mrs. Eldon Wright and Mr. and Mrs. Herbert D. Wright and daughter Rene of San Angelo.

Mr. and Mrs. George Williams and daughters Helen and Juanice visited friends in Brady Sunday.

Mrs. Kenneth Doyle spent the Easter week end in Sonora with her parents Mr. and Mrs. Claude Sloan.

Popular Couple United In Marriage In Church Ceremony

The First Presbyterian Church provided the setting, and Dr. N. P. Wilkinson, Presbyterian pastor of Itasca, was the officiating minister when a double ring ceremony united Ebba Ann Finley and Bobby Barber in marriage Friday evening.

The bride is the only daughter of Mr. and Mrs. H. T. Finley, and the groom is the son of Mr. and Mrs. L. T. Barber, former Eldorado residents, and now residents of San Angelo.

Mr. Finley gave his daughter in marriage. For the ceremony she wore a gown of imported, hand-run Alencon lace and tulle, with cap sleeves and a deep oval neckline. The fitted lace bodice, extending below the waistline was attached to a gathered skirt of tulle, which formed a train. Her short mittens were also of Alencon lace.

Pale blue streamers fell from the bonnet of Chantilly lace, to which was attached the bride's veil of French illusion. Her bride's cascade bouquet was of white orchids, Roman hyacinths, and lace leaves.

Matron of honor was Mrs. Henry Speck Jr., life-long friend of the bride. A cousin, Martha Dell Williams of Eldorado, Barbara Alexander of Houston, and Mary Clayton of Honey Grove, were bridesmaids.

The attendants wore identical dresses of dotted green nylon net, with belts of wide green satin. They were fashioned with square neckline and wide elbow length sleeves. The gowns were draped in back and the hemline was ballerina length. Head pieces were of matching material, and they carried pink carnations, in cascade bouquets.

Pam Jones and Toya Jo Finley, flower girls, wore white nylon net fashioned alike.

Best man was George Stanley Finley of SMU, brother of the bride. Groomsmen were Jene Holt, Bob Oglesby, and Henry Speck Jr. For the ceremony the church was festive with large baskets of white glads and white stock. An archway was formed from the candelabra holding white tapers, and banked with huckleberry. Choir rail decorations were huckleberry and white stock.

During the ceremony Mrs. James Page, organist, played "Clair de Lune," and she also played the accompaniment for Mrs. Wilson Page's solo, "Because."

The bride's mother wore a champagne lace and crepe dinner dress with a square neck and short sleeves. Her long gloves and her hat were pink, and her corsage was a pink camellia.

The groom's mother wore a Jack Herzog original of beige crepe, with drape shoulder line. Her gloves matched the gown and her hat was of dusty pink. Pale pink flowers composed the corsage.

Joe Kreklow was the pianist at the reception, which was held in the church reception rooms immediately after the ceremony. A silver bowl holding white stock and candy tuft centered the serving table, with streamers of net extending to the white candles in the candelabra. Green maline surrounded the double wedding ring cake, which was arranged on a reflector.

Edda Lou Meador of Ft. Stockton, Peggy Cox of Ft. Worth, Venita Van Cleave of Royce City, and Suzy Linthicum of Eldorado served. Joyce Burk, Carolyn Ratliff and Mrs. Carrol Sproul of Menard presided at the guest register. Patricia Elder of Alpine and Mrs. Bob Oglesby were also in the house party. The bride's going-away suit was of amethyst, with rhinestone buttons, her hat and gloves were navy, and other accessories were navy.

The bride attended SMU where she pledged to Delta Gamma, and the groom attended the same college, receiving his degree last year in accounting. Mr. Barber is employed with Jones Freeze and Hay in San Angelo and the couple have taken up residence in that city.

NEW LIBRARY BOOKS

The library has just received a 1951 edition of Webster's New International Dictionary, second edition unabridged, and the stand for holding it.

Other new books recently added are: "Why the Chimes Rang," by Alden, given in memory of G. H. Davis by Mrs. D. E. DeLong.

"Trails Plowed Under," by Russell in memory of D. E. DeLong by Dr. and Mrs. L. W. Taylor.

"Cattle Empire," by Nordyke, in memory of D. E. DeLong by Mrs. G. L. Lewis and the Blake Duncans.

New guild books are "Candlemas Bay" by Moore, "Morning Journey," by Hilton, and "Mr. Lincoln's Army," by Cotton.

Library is open from 1:00 to 5:00 o'clock on Tuesday, Wednesday, Thursday, Friday and Saturday afternoons.

Mrs. D. E. DeLong is able to be up after her recent illness.

Joe Edens is improving a rent house on his place.

Mr. and Mrs. Fred Watson have had as guests Mrs. Watson's brother-in-law and sister, Mr. and Mrs. E. D. Otis of Fredericksburg. The four went to San Angelo to visit and the Otises will leave from there for their home.

Grateful Rancher Entertains Firemen From Three Counties

In appreciation of services rendered by fire departments of Eldorado, Sonora and Ozona, in putting out a recent pasture fire on his ranch, J. T. Jackson, Jr., entertained the fire boys from those three places with a chicken supper at the fire station in Sonora Tuesday night, about 60 men attending.

Included with the group, in addition to the host, was the new chaplain, Rev. Roy Shilling of Eldorado, Jerry Pennington and Gus Love.

The three departments took advantage of the occasion by staging some races, using each others' equipment. The six-man race was won by Eldorado, the three-man by Ozona, and the one-man by Sonora.

Much gain was made in the efforts the three departments have been making to coordinate their efforts in fighting large fires. The fire boys spent some time familiarizing themselves with each other's equipment, so that they can use it if necessary. Plans were made also to use the West Texas Utilities' short wave, in an interdepartment communications system.

Traveling units may talk with each other. In addition, Gay Copeland, Schleicher County landowner, is tuning his airplane radio to the same frequency, so that he can patrol from the air.

The firemen are also making a list of all ranchers in the county who have sprayers, and are pin-pointing these, with all main and lateral roads, on a county map. Copies are also being given to the sheriff and to the Utilities office force, who can assist in calling these ranchers when occasion demands.

Sutton and Crockett fire departments have completed similar maps and the three are exchanging maps.

It was voted to have a tri-county meeting once between the Hill Country Association meetings—this will be twice each year.

It was generally agreed that much had been accomplished toward development of county and inter-county efficiency in fire fighting.

School News

Coach Ted Kirby expects to take eight or nine track contestants to Brady Saturday, to participate in the Brady relays. This is an invitation meet, held annually at Brady. Taking of the annual school census had been under way for some time. Record work and completing of the census is in charge of A. J. Atkins.

No New Teachers Hired

As yet, no new teachers have been employed, and the new superintendent will probably be on the job before the faculty list can be completed. Then too there will be a new Board of Education, who will have a part in the OKaying of the new faculty members.

There will definitely be vacancies in two first grades, to take the place of Miss Hight and Mrs. Ray Tisdale; second, to take the place of Mrs. C. A. Reynolds; assistant coach, to take the place of Coach Waldrum who is now head coach; and probably others.

Supt. Reynolds, who will go to Brady next year as school superintendent, recently attended an evaluation meeting there, that work having been under way this year

at Brady.

T. E. Holcomb of Knox City was here Tuesday, looking for a residence to rent for next year. He will be the new school superintendent and expects to move here about July 1. He was accompanied to Eldorado by Mrs. Holcomb.

RED CROSS DRIVE IS ON

The fund-raising drive for the Red Cross is again being sponsored by the Lions club this year. L. V. Newport is in general charge and has been working some of the collections the past week.

Mr. and Mrs. A. J. Atkins visited relatives in San Angelo last Friday.

Gordon McDonald is a new patient at Holcomb Clinic, entering the hospital Wednesday.

A. D. Richey, who now spends most of his time at Talpa, has been here the past week transacting business and visiting old friends.

Mrs. E. R. Silliman of San Angelo and her daughter Mrs. V. H. Blocker of Mexico City, were in Eldorado yesterday visiting and attending to business matters.

Twice As Much Weaned Calf Weight

COLLEGE STATION, March 29.—More than twice as much weaned calf weight was produced on a 640-acre pasture on the King Ranch which was fertilized with 200 lbs. of triple superphosphate per acre as was produced on a 650-acre unfertilized pasture.

During the six-year period, 1941-1947, an average calf crop of 98 percent was obtained from 62 cows on the fertilized pasture, while 42 cows on the unfertilized pasture produced a calf crop of only 69 percent.

The 229 calves produced on the fertilized pasture averaged 551 pounds at weaning time, compared with an average weight of 489 pounds for the 116 calves produced on the unfertilized pasture.

Applying phosphates to range land on the King Ranch increased the average yield of pasture forage from 35 percent to 84 percent. The phosphoric acid content of the grasses also was increased greatly, in some cases as much as three-fold.

Grasses fertilized with 200 lbs. of triple superphosphate per acre supplied enough phosphorus for range cattle except during periods of severe drought.

One application of 200 pounds of triple superphosphate was effective for five or six years.

A summary of this study is given in Texas Agricultural Experiment Station Progress Report 1341.

C. L. Martin, who has been quite sick, is improving, and is able to be up part of the time.

The C. C. Hendersons and the Roy Phelps spent the afternoon in San Angelo recently visiting friends, and sightseeing.

Virge Tisdale is much improved after his recent illness.

The many friends of Mr. L. B. Mallery are sorry to learn that he is in the veterans' hospital, ward 3-W, Big Spring, and wish him a speedy recovery. He is a former resident of Eldorado.

Mrs. Richard Newton has returned to her home in the east, after spending two weeks with Mr. and Mrs. Thad Thomson on their Schleicher County ranch. Mrs. Uppercue Paul, who arrived here with Mrs. Newton, remained for a longer visit.

Easter guests in the home of Mr. and Mrs. Jess Koy were their daughter Mrs. W. A. Childress and Mr. Childress and children of Ozona.

Mr. and Mrs. A. A. Clark and Tony Allen visited Sunday in Uvalde with Mr. Clark's grandmother, uncle and aunt and other relatives.

Mr. and Mrs. Orval James and son Newlin of Big Spring and Mr. and Mrs. A. A. Cooper of San Angelo spent the weekend here with the women's parents, Mr. and Mrs. E. E. Newlin. The children had an Easter egg hunt on the Newlin place.

Miss Jimmie Lou Taylor and son spent the Easter holidays with home folks in Rankin.

Statehouse

By HUGH WILLIAMSON

AUSTIN, March 29.—Most of us try to figure out how much money we are going to have coming in, and adjust our expenses accordingly.

The Legislature works just the opposite way.

It decides how much money it is going to appropriate for state spending for the forthcoming two years. Then it sets about raising that much cash.

Right now the Legislature is working on its appropriations bills. The Senate has passed one that provides \$169,066,723 for state operations. The House bill calls for expenditure of about \$163,000,000.

When the two houses get together and the appropriations are finally set, the Comptroller is going to say that there isn't that much money in the state treasury. So the Legislature will have to tax somebody to make up the difference.

That's because Texas is on a cash basis. We can't spend more than we have.

Estimates at the capitol are that the need will be for about \$108 million of new revenue. Where is the money coming from? That's the biggest problem the Legislature will have to answer.

You see, the Senators and Representatives get pulled in two directions.

First, there are the people who want the state to spend more money for a long list of things: roads, schools, public welfare, increased salaries for state workers, etc.

Then, there are the people who don't want their taxes increased—and nearly everybody is included in that list.

But it necessarily follows that if you hike spending, then you've got to increase taxes correspondingly if you're going to stay on a cash basis.

So you see that a Legislator has his problems.

A lot of Texans think that there ought to be some change in the state's election laws. You remember the controversy over Jim Wells County's vote when Lyndon B. Johnson defeated Coke Stevenson for the U. S. Senate.

That incident was quoted by Henry Zweifel of Fort Worth, national Republican committeeman for Texas, who expressed himself as being in favor of a change in the law.

J. E. Wheat of Woodville, state Democratic executive committee chairman, agreed that a higher authority should have the power to investigate when the local officials fail to act.

So the two parties, or their spokesmen, are agreed.

There is a bill in the House that would give the state attorney general authority to investigate suspected fraud cases and to prosecute if proof of fraud is found.

Two years ago, the Legislature appropriated \$5 million for soil conservation. Warrants have now been issued for the expenditure of all this money.

The program will continue, however, and there is an item in the present appropriation bills for \$126,580 for the Soil Conservation Board.

This Board will supervise the soil conservation program and direct the use of equipment which was purchased with part of the original appropriation.

Elaine and Tom Johnson of Midland spent several days with their grandparents, Mr. and Mrs. T. W. Johnson, returning home Monday morning.

Born, a daughter weighing 10 pounds and three ounces, Thursday evening to Mr. and Mrs. Frank Doty, now of San Angelo. The couple have another child, Robert Lee. The infant was born in a San Angelo hospital.

Rufus Smith is a new wholesale truck driver, employed by Earl Parker.

Rev. F. E. King was here for a few hours Tuesday and moved his household goods away. A successor to Rev. King, as Presbyterian pastor, has not yet been selected.

Gerald Harris, of North Texas State College, at Denton, was at home for the Easter holidays, visiting his mother Mrs. Rance McDonald. With him was a college friend, Bill Wachter of Roswell.

Among students here for the holidays were Sonny Stanford, of Tech, son of Mr. and Mrs. Truett Stanford, Jackie Henderson, of St. Mary's in San Antonio, June and Jane Craig of SAC, Betty Sue Williams of Baylor, and many others.

Juri Nou, Estonian student at McMurry College in Abilene, spent the weekend here with Mr. and Mrs. Roy Shilling and Mr. and Mrs. Ralph Fowler. Another visitor in the Shilling home was their son Roy Jr., who preached at the night services of the Methodist Church here.

Mrs. Archie Mittel spent the weekend in San Angelo with her parents, Mr. and Mrs. W. A. Perry.

Slim And His "Ali Species"

Slim Baker, who's always doing something crazy, had a lot of people smiling last week because his entry won a ribbon in the Women's Club Annual Pet Show.

Seems as though Slim saw a strange-colored alley cat with no tail over at Central City and brought it home. He washed, combed, and brushed it and put a collar on it with a card reading "Ali Species." Then he enters it in the show.

Hanged if the ladies didn't think it was some rare kind of cat and gave it a special award! When

one of them asked Slim where she could get one like it, he said, "It's all yours, M'am—I can get an 'Alley Cat' anytime I want!"

From where I sit, some of us are pretty easily "taken in" just because someone else says it's so. Whether it's awarding prizes or passing judgment on a person's right to enjoy a temperate glass of beer—let's take a good look from stem to stern, and learn what it's all about before making up our minds.

Operating on a "revolutionary" principle of automatic dishwashing, this new Youngstown Kitchens dishwasher will do the family's dishes in less than 10 minutes. The young lady holds the partially filled upper basket to show how cups, glasses and silverware are positioned. A lower basket holds plates, larger dishes and pans. The machine will hold table service for six people. The tube in the middle of the tub is a jet tower which spins and throws powerful streams of water which shear food particles off dishes. Water at 180 degrees is delivered from a booster heater tank in the machine.

INDICATIONS are that a Tidelands bill will be reported by the House Judiciary Committee before long. When that is done, the measure will be acted upon by the House, then the Senate, and finally by the President. If and when passed, the President has indicated he will veto it. Then will come the real test—the question of overriding the veto. That will take two-thirds vote of each House.

The first test on Tidelands in Congress occurred back in 1946 when the House voted 188 to 67 in favor of a bill to confirm ownership of tidelands in the States. The Senate passed by a vote of 44 to 34. President Truman promptly vetoed it and that was the end of that effort.

The next Congress—the 80th—saw a renewed effort to force a Tidelands bill through that would be able to withstand a veto. But it turned out to be an abortive effort. The House did its part by voting 257 to 29 to quitclaim any Federal interest in Tidelands, so far as minerals were concerned. The bill went to the Senate and a determined fight, led by Senator Donnell of Missouri (defeated in last year's election) succeeded in blocking Senate action, and that was all for that session.

Then came a period of rumored compromises and later the Supreme Court acted on the Texas case. By a 4 to 3 decision, the Court held that Texas did not own its tidelands even though that ownership was specifically retained in our annexation agreement, and even though the coastal area was described by metes and bounds in the Constitution of Texas.

Now, the issue is again before the Congress. Led by Congressman Ed Gossett of Wichita Falls, a member of the House Judiciary Committee, the fight has already begun to get a new Tidelands bill out of that committee and to the Floor of the House. When that is done the measure should pass the House in a walk. Indications are that it will do well in the Senate this time. Observers believe there's a fair chance to even override a veto this year. It'll be a long, hard fight, but Texans will never relax their efforts to undo a grievous wrong that smacks of judicial robbery.

How's Business?

By Roger W. Babson

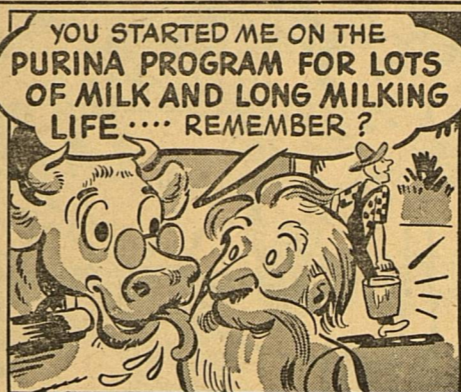

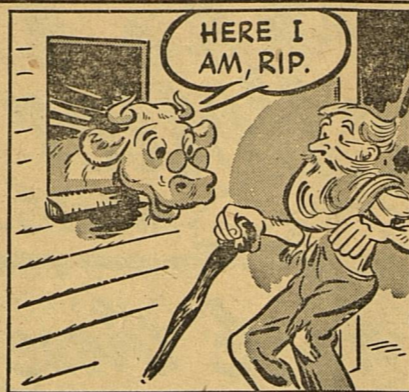

Basic Principles of Investment

In these days of uncertainty regarding the stock market and its behavior, the best results and the greatest ease of mind can be achieved by following certain basic investing principles. It is the establishment of these basic principles and maintaining the courage to follow them year in and year out that makes for lasting investment success. The FIRST basic principle is to decide what portion of your investment funds should go into common stocks—that is, how your funds should be divided between cash, good bonds, other fixed-income securities, and common stocks. I should say about one-third should be in common stocks today.

The SECOND basic principle is diversification. All industries will not be affected alike during this period of international uncertainties. This makes it very difficult to know what securities to hold. Wise investors distribute their funds in many companies and kinds of securities. This gives the investor a broad cross-section of the stock market, lessens his risks and strengthens his investment position. This can be accomplished by buying into the 30 or 40 most active dividend-paying stocks listed on the New York Stock Exchange. The THIRD basic principle in building up an investment portfolio is that of maintaining good grade securities. In bull markets there is a tendency to lean toward speculative stocks, as they show the greatest price advance. In a declining market they show the greatest decline—not only in price but in dividends paid. This means select those stocks with the longest dividend record.

The stock market is like a telephone exchange. It connects the investor with business enterprises. It performs a useful function by providing capital for industry, from which the investor derives income and profits. It involves a certain amount of risk but it also offers a wealth of opportunities. To lay a foundation for a fortune by investing requires careful planning, study and research of various activities.

SPECIAL ASSIGNMENTS OFFERED BY ARMY

The United States Army is now offering a special assignment in the Hawaiian Islands to 21 qualified men of this area, it was announced today by Major Walter J. Alonis, commanding officer of the US Army & US Air Force Recruiting and Induction Main Station, Abilene, Texas. Young men between the ages of 17 and 34 without dependents, and prior service men who can meet current enlistment standards are eligible.

This assignment will not include persons requiring hearing aids, special size shoes or clothing, or persons who are specialists or scientists. Twelve percent of the above quota may be colored.

To take advantage of this offer you must be enlisted before April 9, 1951. All qualified men will be sent to the Reception Center at Fort Sam Houston, Texas, for assignment to Scofield Barracks, Honolulu, Hawaii.

Mr. and Mrs. Pat Enochs have had as guests the latter's parents, Mr. and Mrs. Fred Schulz of Summerville, who spent the Easter holidays with the Enochs family.

NOTICE TO BIDDERS AND NOTICE OF INTENTION TO ISSUE ROAD AND BRIDGE WARRANTS

THE STATE OF TEXAS COUNTY OF SCHLEICHER NOTICE IS HEREBY GIVEN that the Commissioners Court of Schleicher County, Texas, will receive bids until 10 o'clock, a.m., on the 9th day of April, 1951, at the Courthouse in Eldorado, Texas, for the purchase of the following road machinery:

- One Caterpillar D W 10 Tractor, or equivalent, of 100 to 125 H.P.
- One No. 10 Caterpillar Scraper, or equivalent, for use with D W Caterpillar Tractor and No. 21 Power Control Unit.

The County will offer as part payment on the above described machinery, the following used machinery:

- 1 Caterpillar DW 10 Tractor.
- The successful bidder will be required to enter into a contract with the Commissioners Court of Schleicher County; however, the County reserves the right to reject any or all bids.

A cashier's check or certified check, issued by a Texas Bank, payable without recourse to the order of E. W. CRAIG, County Judge of Schleicher County, Texas, in the amount of five (5%) per cent of the amount of the bid must accompany each bid as a guarantee that if awarded the contract the bidder will promptly enter into contract.

NOTICE IS ALSO GIVEN that it is the intention of the Commissioners Court of Schleicher County, Texas, to pay all or a part of the net cost of said road machinery by the issuance and delivery of SCHLEICHER COUNTY ROAD AND BRIDGE WARRANTS to be authorized by the Commissioners Court by an order to be passed on the 9th day of April, 1951, in the maximum amount of \$21,000.00, said warrants to bear interest at a rate not to exceed four (4%) per cent per annum, and to mature at such times as may be fixed by the Commissioners Court, serially or otherwise, with a maximum maturity not to exceed 15 years from their date.

The County will make arrangements for the Contractor to dispose of the warrants herein mentioned at not less than par, and the Contractor must agree to deliver the warrants at such price to the party with whom the County has made such arrangements.

DATED this 19th day of March 1951.

E. W. CRAIG
COUNTY JUDGE,
SCHLEICHER COUNTY,
TEXAS (12-13c)

Do Away With Those Dreaded Washdays

COLLEGE STATION—Ideal arrangements of the many modern conveniences available to housewives can do away with old fashioned washday drudgery. Miss Gladys Darden, specialist in home management with the A&M College Extension Service, says that laundry equipment and arrangement should be built around four convenient work centers.

First, the preparation center for sorting, stain removal and soaking should be located near the laundry entrance and next to the washer. Starching might be done in this center, too, Miss Darden adds. The work surface should be adequately lighted; there should be a sink to provide water, a hot plate for starch making, and storage space for supplies, such as starch, bluing, soaps or other detergents, water softeners if needed, and supplies for removing stains.

The washing center, mentioned next by the specialist, is for washing and rinsing. If an automatic washer is used no tubs will be needed, but for other types of electric washers, the tubs should be set so that the washer need not be moved during washing.

Miss Darden says that the drying center should be located in accordance with the type of drying done. If an electric clothes dryer is used, it should be placed next to the washing center. If the clothes are dried on lines in the yard, a laundry cart, would be handy for transporting the wet clothes to the lines. The lines should be near the laundry.

The last but certainly not the least important center listed by Miss Darden is that for ironing. She emphasizes adequate lighting with plenty of space. The equipment should include an ironer and a chair or a portable or built-in ironing board and iron. Some laundries might have both sets of equipment. Racks for ironed clothes should be included in this center. A portable table can be used to advantage when folding and sorting ironed clothes.

If the laundry is located near the kitchen, the specialist explains that many steps will be saved as well as economy in plumbing and wiring. Miss Darden suggests also that a laundry near the kitchen can be used as a food preservation center or a sewing center when needed.

RECIPE OF THE WEEK
 By Mary Lee Taylor

Princess Icebox Pie
 Broadcast: March 31, 1951
 ¼ cup graham cracker crumbs
 ¼ cup soft butter
 ¼ cup sugar
 1 cup canned fruit cocktail juice
 ¼ teaspoon salt
 1 package lemon gelatin
 2 cups canned fruit cocktail, drained
 ¾ cup ice cold Pet Milk
 2 tablespoons lemon juice
 ¼ cup shredded coconut
 Press in bottom and on sides of 9-in pie pan a mixture of crumbs, butter and sugar. Chill. Heat to boiling a mixture of juice and salt. Add gelatin until dissolved. Remove from heat; add 1½ cups fruit cocktail. Chill until slightly thicker than unbeaten egg whites. Whip chilled milk with cold rotary beater, or electric beater at high speed until fluffy. Add lemon juice, then whip until stiff. Fold into chilled gelatin mixture. Put into crumb-lined pie pan. Top with coconut and garnish with rest of fruit cocktail. Chill until firm.

You Will Need:
 Pet Milk, Fruit Cocktail, Graham Crackers, Lemon Gelatin, Coconut.
