## Galloway Speaks To Lions Club Here

IRA GALLOWAY

Ira Galloway, county judge of Coleman county, and candidate for Congressman of the 21st Congressional district, was speaker at yesterday's meeting of the Lions club in the Memorial building.

Lashing out at corruption in Washington, the speaker said that there has never been a greater need for clear strong voices to rise in protest. He cited the national disease of "spectatoritis," everyone watching from the sidelines, as one of the causes of conditions today.

"We as citizens must get out of the grandstand and play," Galloway emphasized. He went on to say that the American people would have as bad a government as we would stand for, and as good a government as we would fight for.

"We have seen so much corruption in Washington it has made us sick," he said; pointing out, however, that "when we criticize we must remember that morality begins at home."

In conclusion, the speaker pointed out the something-for-nothing lure regarding people's relations with the government. Tied in strongly with this, the speaker said, are the two great dangers of our country today, the danger of well-to-do staidism and the danger of communism from abroad.

Mr. Galloway was introduced by Rev. Roy Shilling, Lions club program chairman.

## Barbecue Funds To Be Solicited By Lions Monday

Funds for the barbecue set for May 20 to honor Schleicher county oil workers will be solicited this Monday, Gus Love, Lions club finance chairman, said this week. Love said that people who have benefited from the county oil development will be solicited.

Other members of the club finance committee are J. H. Mace, Joe M. Christian, John Williams, and C. C. McLaughlin. Rev. Roy Shilling and his program committee were at work this week to secure a suitable program for the event.

## Pre-Schoolers Enroll This Week At School

Wyndell Hall, grade school principal, reports this week that seven Latin-American mothers and nine children took part in pre-enrollment Monday at the school. Mr. Hall urged that any beginning or first-year children not enrolled should do so with him or with Miss Taylor not later than May 14.

This Friday at 11:00 Anglo parents will leave their children with Mrs. Newport and Mrs. Thompson to be guests of the first grade sections. Pre-enrollment will be conducted in the afternoon.

Mr. Hall said that if any children were missed in Friday's pre-enrollment they should be registered with him or with Mrs. Newport or Mrs. Thompson before May 14 so that necessary and proper plans could be made for the school.

Students of other grades, through 6, will be pre-enrolled at school. This is done to conserve time in the fall and to enable the school to plan its program and schedule better, Mr. Hall pointed out.

## AMERICAN LEGION TO MEET TONIGHT

The regular monthly business meeting of American Legion Post 257 will be held tonight, May 1st, at 7:30 p.m. in the Post's meeting room at the Memorial building.

The Methodist Vacation Bible school will be held from May 29 through June 6, according to announcement made by Mrs. Albert McGinness, who will be in general charge. Workers are being chosen and other plans made.

## Schleicher County Oil News

**New Baugh Test**  
P. R. Rutherford of Houston Wednesday applied for a permit to drill a 6,000-foot rotary test in Schleicher county one-half mile south and 1.127 feet east of Ohio No. 1-A A. L. Baugh, discovery of the lone producer in the Baugh (Strawn) field.

Rutherford No. 1 Hayden Baugh will be 1,980 from the north, 467 feet from the west line of section 8-M-GH&SA, 6½ miles northeast of Eldorado. It will be the ninth test to be drilled on the Baugh ranch and the third in section 8. Westbrook No. 1 Baugh, 467 feet out of the southeast corner of the northeast quarter of the section, was abandoned in April, 1951, at 5,790 feet after making some gas and distillate; Al P. Groehl No. 1 Baugh, 660 feet out of the southeast corner of section 8, was a 6,458-foot Ellenburger failure.

Ohio No. 1-A Baugh, the Baugh field discovery, 660 feet out of the southeast corner of section 18-M-GH&SA, is a 40-barrel-a-day pumper, plugged back to 5,812 from 6,775 feet.

### Change Made

Rotary rig moved in Sunday for the Anton Oil Co., No. 1 Henry Moore, a wildcat about 10 miles west of Eldorado. Surface casing was set on this test over a month ago and it then went by the name of C. L. Norsworthy No. 1 Moore. It seems that since then, Norsworthy has sold out or farmed out its interest, after coming up with a dry hole in their No. 1 J. T. Jackson.

Humble Oil & Refining Company No. 1 R. L. Henderson, wildcat in Northwest Schleicher County, has perforated opposite the Wolfcamp from 6,473 to 6,505 feet and had acidized the section with 500 gallons of mud acid. At last report, it was swabbing to clean out acid residue and test.

Pure Oil Company No. 1 Roach, stepout to production in the Dove Creek field of Southeast Irion County, but in Northwest Schleicher was waiting for cement to harden after setting five and one-half-inch liner at 6,765 feet. Operator will drill plugs and test in open hole. Plugged back total depth is 7,270 feet.

Humble will drill No. 2-B Pearl Williams as an 8,000-foot wildcat in Southeast Irion County. It will be dug 660 feet from east and 30 feet from south lines of section 38, block 21, H&TC survey. It is one and one-half miles southeast of production in the Dove Creek-Canyon field.

Cities Service Oil Company No. 1 Robison, wildcat in Northeast Schleicher County, was being drilled below 4,770 feet in lime and shale. It is 14 miles northeast of Eldorado.

In the Neva West field of Central North Schleicher county, Standard Oil Company of Texas No. 3-2 Wilson, was being drilled below 3,853 feet in lime.

In the Huldale Strawn field in the same part of the county, Skelly Oil Company was progressing below 2,476 feet in lime at its No. 3 Davis.

Republic Natural Gas Company No. 1 Vanderstucken, wildcat in Southeast Sutton County, was drilling below 5,225 feet in the Ellenburger at last report. The Ellenburger was topped at 5,195 feet, elevation 2,160 feet. It is 24 miles southeast of Sonora.

Stanolind Oil & Gas Company No. 1 West, wildcat one mile west of Eldorado, has been plugged and abandoned on total depth of 8,250 feet in the Hickory sand. This prospector did not find any shows of possible production in any formation drilled.

Last drillstem test was from 8,160 to 8,250 feet in the Hickory. Tool was open one hour. Recovery was 280 feet of mud-cut salt water, with no shows of oil or gas.

The rig has been taken down but has not yet been moved away.

Mr. and Mrs. Ben Hext were at Carlton Sunday to attend funeral services for Mrs. Hext's brother, Sam Turner, who died in a Waco hospital Friday night of a heart attack, age 68. The funeral was held in the Methodist church at Carlton and burial was made there. This is the first death in the family of ten children.

Visiting ministers continue to fill the pulpit at the Rock Church of Christ, where services are held regularly each Sunday.

## Pope Announces For Commissioner Of Precinct No. 2

Walter C. Pope, of the Ft. McKavett area of Schleicher county, this week authorized the Success to announce his candidacy for the office of County Commissioner of Precinct No. 2 in the forthcoming Democratic Primary. Mr. Pope submits the following statement:

"In making this announcement of my candidacy for County Commissioner Precinct No. 2, I feel qualified by education and vocational experience to assume all duties and responsibilities of a County Commissioner.

"I believe that the adoption of the county-wide system, in which all road construction and repairs is planned on a countywide rather than separate precinct basis. This should be controlled by an experienced road man, recommended by the State Highway Department. With sufficient reduction in the County Commissioners salary to meet this new expense.

"As a graduate geologist and having had four years' field experience, I feel qualified and trained to assess the fair and proper taxes on Schleicher County oil property.

"Due to the recent drought a more efficient and economical county government should be strived for, along with all possible reduction in taxes. Your vote and support will be appreciated." — Walter C. Pope.

## LIGHT RAINS ARE BOON TO PLANTED CROPS

Rains which were spotted, and light through most of the county, fell Wednesday evening, bringing needed moisture again to the county. In Eldorado and over much of Schleicher, the rains measured about a quarter of an inch or less. E. E. Newlin had 1.1 inches, with some hail. Truett Stanford received a half inch, Frank Meador 4; Humble Pipe Line at Ft. Kavett 4; Edwin Jackson HQ Ranch near the Page field 1.25; Otto Sauer a light shower; Victor Sauer 2; Frank Valis 5; and Forrest Runge 20.

Following a general 8-inch rain which fell about 10 days ago, farmers throughout the county unlimbered their tractors and planted thousands of acres of crop land. The rains last night, though light, will be very beneficial to newly-sown fields as well as to pasture lands.

## TEXAS FUTURITY CLAIMS NO FAVORITES

BIG SPRING—The "Texas Futurity" to be held in San Angelo, May 10, 16 and 17, is a wide open event at this point according to officials of the Texas Horse Breeders' association, sponsors of the event.

Although there are 71 two-year-olds nominated in the three divisions (300 yards, ½ mile and ½ mile) a standout favorite has not developed as yet.

—The Eldorado Success, \$2.00 year.

## Post Script

We've been doing a little driving around over the county during the weekend, and find that the Case-DeLong part of the county is looking about as well as any. Planting has been general in the cultivated part of the county—fields out in the Moore Gin neighborhood look like they've had a heavy drenching and should be in shape to get the seed up at least. All agree that more rain would be welcome.

Anyway, we came in from a few hours' driving covered with caliche dust, and we saw a few "dust devils" whirling around in cultivated fields—so maybe it's beginning to get dry.

We were fortunate enough to watch a rotary rig being moved in from Mertzson area to a wildcat on Henry Moore's, on which surface hole has been ready for some time. The jack knife rotary came in all put together—one end resting on the bed of a truck which led the way, the other end on the bed of a truck driving in reverse, with the driver standing outside and manipulating the wheel. How they negotiated those sharp turns was something we couldn't figure out, but the team work was magnificent, and the procession was fun to watch. Lane Bros. were doing the hauling. The location of this test is right along the West Road, a little east of Moore's entrance gate.

Then, too, the derrick was lowered to the ground Sunday afternoon at the Mrs. C. C. West operation. This 8250 foot dry hole was drilled by Kadane Drilling Co., of Wichita Falls for the Stanolind Oil Co.

—DS—

A little building continues in Eldorado. Otto Mund has prepared the foundation for another four-room ready-built, which will be moved in soon beside another in Glendale. This will be for rent or sale.

The second Maddox house is practically completed, and workmen are preparing curbs, walks, and driveways, and car portes for both of these residences. The couple are reserving their larger house for their own use when they are in Eldorado.

—DS—

Many have mentioned the fact that the bluebonnets on the courthouse lawn are spreading and are in thriving condition, as the result of the attention given them by Will Doyle, courthouse janitor. The personal interest he has taken in these flowers is to be commended—the bluebonnets could not have gone through this long drouth without it.

—DS—

The Keeney duplex, with its two four-room-and-bath apartments, is nearing completion, and will provide pleasant living quarters for two families.

Work is progressing on the new Edmiston drive-in cafe building and on renovating of the house on the lot.

For a

**BETTER COTTON CROP**

**PROPER SEED TREATMENT MAY MAKE THIS DIFFERENCE**

The photo above shows ten good cotton seedlings, well on the way to the kind of growth which can produce a good crop of cotton. This is the result you may expect when properly treated cottonseed is planted...seed that has been treated with a recommended seed disinfectant. Below, the effects of seed decay, sore-shin, and both pre-emergence and post-emergence damping-off are illustrated. This seed was not treated and this is one reason why it is often necessary to replant. Treated seed can be planted 3 to 5 days earlier—can get off to a good start even in cool weather. Once a good stand is established and growing well your chance for a better cotton crop increases.

## Deadline Approaches In Local Politics

### Vinson Announces For District Judge

CLYDE VINSON

Clyde Vinson, an attorney of San Angelo, has announced his candidacy for District Judge of the 51st Judicial District composed of Coke, Sterling, Irion, Schleicher and Tom Green counties. Judge John F. Sutton of San Angelo, incumbent, has not yet announced his intentions.

Vinson has resided in San Angelo since July, 1925, where he located for the practice of law immediately after his graduation from the University of Texas with the degree of Bachelor of Laws. He is also a graduate of the University of Arkansas, Class of 1920, with the degree of Bachelor of Arts.

Vinson's law practice has been general and varied. He is licensed in the State and Federal Courts, and has been successful in office, trial and appellate work.

Vinson is married, and he has one daughter, now the wife of J. S. Miller, who is ranching in Schleicher county. His niece, Ivodell Vinson, makes her home with him, and she is now a senior in the San Angelo college. Vinson has his religious affiliation with the Congregationalist church, and Ivodell with the Baptist church. Mr. Vinson has been a member of the Men's Bible class of San Angelo since this class was founded in 1927.

In 1917-18, Mr. Vinson served with the U. S. Marines, as private, joining as a volunteer in May, 1917, and that fall he transferred to the U. S. Army Air Corps where he was commissioned a pilot with the rank of Second Lieutenant. He was honorably discharged January 5, 1919. He worked his way through the University of Arkansas and the University of Texas. He came to San Angelo in 1925 at the invitation of Ricke and Dodson for whom he worked for two years.

Mr. Vinson has been an active member of the American Legion for thirty years, and his membership in the 40 and S, attests his interest in Legion activities. He served as Commander of James J. Goodfellow, Jr., Post No. 32, San Angelo, in 1937, and in 1944 was Chef de Guerre of the local 40 & S. During World War II, he served with Selective Service Board No. 1 of San Angelo from its organization in 1940 until September, 1945, the last four years as chairman of such Board, and a framed document on the wall of his office now, signed by Franklin D. Roosevelt, recites an appreciation of "uncompensated patriotic service to his country."

Mr. Vinson has indicated he intends to make an active campaign, and endeavor to see all the voters in the district before the July Primary.

### School Notes

Coach John Waldrum reports that a good crowd saw the E Club sport night last Thursday night in the gymnasium, and that the club made \$64.

Presbyterians gave a breakfast for the Senior class yesterday morning at 7:30 at the Roadside park. Band members and parents will have a picnic this Friday.

Four rubber mats, 60 feet long and three feet wide, have been laid in the aisles of the Eldorado school auditorium. Supt. T. E. Holcomb said these were installed as a safety measure.

Senior room mothers will give a party for the class this Saturday. Saturday morning at 8:00 both 7th grade sections leave for Fort McKavett for a day's outing and picnic. Class sponsors, Miss Katharine Hill and Wallace Price, report that room mothers and several other mothers will attend.

Friday morning at 8:00 both 7th grade sections leave for Fort McKavett for a day's outing and picnic. Class sponsors, Miss Katharine Hill and Wallace Price, report that room mothers and several other mothers will attend.

Mr. and Mrs. J. W. Lawhon of Marfa spent the week in Eldorado on business and visiting friends.

The time for entering the Democratic Primary election is rapidly slipping away—Monday, May 5th is the final day for last minute candidates to file with the County Chairman for a place on the ticket.

E. C. Hill of the Eldorado Hardware is your County Democratic chairman.

There is no time limit for the publication of political announcements or advertisements.

### Conventions

Saturday, May 3rd is the date for precinct conventions, which will be held throughout the county at the following places:

### Voting Precincts

No. 1—held by Joe Edens at the court house.

No. 1A—By Marvin McDonald at the school house.

No. 2—By Arch Edmiston at the W. A. Edmiston home.

No. 3—By Otto Williams at the Adams school house.

No. 4—By Oran Enoch at his home.

No. 5—By Merlin Rogers at his home.

No. 6—By Ralph Fowler at the home of Milton Faught.

No. 7—By Forrest Runge at his home.

No. 9—By Buck Davis at the Reynolds school house.

In the past a very small portion of Texas voters have had any direct influence—with their individual votes—upon the election of the President and Vice President of the United States.

They have voted in primary elections, and a few of them in general elections. But they voted for Presidential Electors—not the candidates themselves.

Those candidates—the party nominees—had been selected three or four months before the general election itself.

And, even then, they had not been selected by ballots of individual voters, cast in an election.

Their nominations originated way back there in May at party precinct conventions.

Here is how it works: The precinct convention names delegates to the party's county convention.

The county convention selects delegates to the state convention. The state convention selects delegates to the national convention.

The national convention nominates the presidential and vice-presidential candidates of the party.

It is, therefore, necessary that the individual voter take part in the precinct convention to most effectively make his own vote count in election of the President and Vice President.

Because such a relatively few voters usually attend Precinct conventions, the vast majority have had little moral right to complain about any administration's policies.

Here are some questions and answers to point up fundamental facts about the Presidential Precinct Convention:

Q.—When will it be held?

A. On Saturday, May 3.

P. At what hour?

A. At 3:00 p.m.

Q. Who can take part in the Precinct Convention?

A. All qualified voters who live within the voting precinct.

### County and State

The county convention will be held on Tuesday, May 6th, and will elect delegates to the state convention which will be held in San Antonio on May 27th.

### NOTICE TO CUB LEADERS

There will be a Cub Scout committee meeting Monday evening, May 5, at the Memorial building, beginning at 7:30, according to announcement made by local leaders today.

### Fastball News

Five games played by the local league during the past week resulted as follows:

Magnolia 16; Republic 13.

Eldorado 25; Republic 20.

Magnolia 9; Ohio 9 (tie).

Hank's Gulf 20; Eldorado 8.

Ohio 4; Eldorado 14.

On Thursday (tonight) Magnolia will play Hank's Vulf station.

Friday: Magnolia vs. Ohio—to play off the game which was played past week. This game will decide the winner of the first round of games.

Monday, May 5: Ohio will play Republic.

Tuesday: Gulf-Ratliff team vs. Eldorado.

**News From Our Neighbors**

**Hardware Sold**  
An important business change took place here the past week when the Looney Hardware Store was sold to Ray D. Shafer of Wingate. Invoicing the stock has been completed and the new owner took charge Tuesday. —Robert Lee Observer.

**At Big Bend Park**  
Sanderson Day was observed Saturday at the Big Bend National Park when business houses closed their doors and turned out for the tour of the park.

There were some 150 people fed at the big free barbecue at the park area headquarters. Makings for the big feed were furnished by the citizens of Sanderson and were prepared by the park personnel. —The Sanderson Times.

**Swimming Pool Opens**  
Comanche Springs Swimming Pool will be open on Saturday, May 3, for the 1952 season under an agreement reached last week by the board of directors of Pecos County Water Improvement District No. 1 and the Pecos Commissioners Court.

Plans for a county bond issue to finance extensive improvements at the pool were deferred by the

Court in a special meeting Friday, and instead agreement was reached between county and water district officials for construction of a series of small dams and gates whereby water level can be maintained in the present natural pool this summer. —Ft. Stockton Pioneer.

**Promoting Hospital**  
The charter for the proposed community non-profit hospital organization here has been issued and steps are being taken to ascertain just how much money will be needed to purchase the Lockhart clinic property and get the project launched, it was stated at a meeting of the board of directors held Monday night. —Alpine Avalanche.

**Less Cattle Sold**  
A sharp drop in receipts and higher prices at Wednesday's auction sale at the Ranchers' Commission Co. resulted from the general rains which fell over the state during the weekend and Monday, Lem Jones, manager, reported. Jones said he expects receipts here and elsewhere to be light for several weeks because of the precipitation. He also expects an increasing demand for stocker grade livestock. —Junction Eagle.

**Parking Provided**  
Work was under way this week for the construction of a parking lot at the corner of Fifth and Burleson next to the new post office building, Chamber of Commerce Secretary Edith Ash announced.

A contract was let to J. T. Wade Construction Company to prepare the necessary "lay down" curbs, and caliche on the parking area by the Chamber of Commerce this week. —The McCamey News.

**Boy Killed**  
Tragedy struck in Post again Saturday when Domingo Garza, 12, died at 10 p.m. in Lubbock Memorial hospital of injuries received when he became entangled in the mechanism of a pumping oil well about 6:30 p.m. that afternoon. The youth died in surgery. Both his legs were broken, the right one, in two places, and he suffered severe internal injuries. —The Post Dispatch.

**Threatened By Fire**  
An oil-soaked rag found burning near the lumber shed of the Pow-

worth-Galbraith Lumber Co. here was discovered in time Wednesday night to prevent a possibly disastrous fire. Presence of the burning rag near the building was unexplained.

The fire department made a run to the scene and quickly extinguished the threatening blaze. —Ozona Stockman.

**Rains In Sutton**  
Sutton County, bone-dry since the fall of 1950, received two beneficial rains last weekend which were seen by many observers as drouth breakers. The rains, about an average of a half-inch Saturday and around an inch and one-half Sunday night, came too late to make cattle feed, but might make some sheep feed. —Devil's River News.

**MP's Leave Llano**  
The military police, who have been stationed in Llano since the weekend of February 23, left for Fort Sam Houston promptly at 9 o'clock Wednesday morning. On the eve of their departure, 1st Lt. Louis E. Lods, who was in command of the detachment, expressed the thanks of himself and associates for the courtesies shown them while here. —Llano News.

**Meetings Changed**  
At a meeting of the officers of the Eden Lions Club Monday evening at the W. R. Loveless Gas office, it was decided to change date, time and place of meetings to Wednesday noons in place of Thursday evenings, and at the City Hall in place of the school lunch room. —Eden Echo.

**Spring Style Show**  
Menard High school homemaking students will present a spring style revue at the high school auditorium Friday evening, May 2. The revue will start at 7:30, according to Miss Patricia Siler, instructor. —Menard News.

**New Drive In**  
Big Lake's newest drive-in theatre, now under construction at the intersection of Highways 87 and 33, will be ready for operation in about 40 days, according to information released by the owner, Noble Holt, who will manage the business upon its completion. No name has as yet been selected for the theatre. —Big Lake Wildcat.

**INSTRUCTIONS FOR VETS IN TRAINING**

Veterans training under the GI Bill were reminded today by the Veterans Administration of steps they must take in order to move up from their present courses to courses at the next higher level.

First, said VA, they must apply for the advanced training either before they complete their current course, or within 30 days following its completion. And second, they must go ahead with their additional training within 30 days after finishing their present courses, or on the first day that enrollment of students in their new courses is permitted—which ever is later.

The normal summer vacation period doesn't count as a period of interruption for veteran-students in colleges and other schools organized on a term, quarter, or semester basis. A veteran, pursuing an undergraduate course, who applies for graduate training in time, need not start his advanced course until the fall semester.

VA said its rules apply to nearly all veterans in training under the GI Bill: those discharged on or before July 25, 1947, who started their courses on or before the July 25, 1951, cut-off date, and who have been in training since except for certain reasons beyond their control.

**REVIVAL ANNOUNCED**

Rev. F. H. Pryor announced this week that revival services at the Fundamental Baptist church will start Sunday, May 18. Dr. Foy M. Mosier of Palestine, Texas, will be evangelist, Rev. Pryor said.

W. D. Price spent the weekend here, and took his wife back to their home in Dallas after she had visited her son and his wife for two weeks.

Relatives are informed that the condition of Aubrey Baugh is satisfactory, and that doctors give optimistic reports concerning his prospects for recovery. Friends will remember that he was badly injured in a fall from a water tower on the ranch near Marfa. He is now in an El Paso hospital.

Mr. and Mrs. C. F. Jones of San Angelo came after their children Sunday and took them home after they had spent the past week with Mr. and Mrs. Ray Jones.

**Band To Play At PTA Installation**

A concert by the Eldorado school band and installation of officers for the new year will be features of next Tuesday night's meeting of the PTA in the school auditorium, it is announced this week. Installation of the PTA officers will be held at 7:00, to be followed by the band concert at about 7:30. School officials said that the general public was invited and urged to attend this last meeting of the year.

The following officers will be installed to serve for the new club year:

- Mrs. Marvin McAngus, pres.
- Mrs. Archie Mittel, 1st vice
- Mrs. James Williams, 2nd vice
- Mrs. Dee Love, 3rd vice
- Mrs. Jack Hext, secretary
- Mrs. Lum Davis, treasurer.

The slate of officers were approved by the membership at the April 15 meeting. They were nominated by the committee consisting of Mrs. Jerry Pennington, Mrs. L. D. Mund, and Mrs. Kenneth Cheek. Charles Ludwig, band director, said that the band program would be chosen from the following numbers:

- Magic Valley
- Three Gates of Gold
- La Golondrina
- I've Been Working On the Railroad
- Russian Chorale and Overture
- Assembly Hour
- Intrepidant
- Day of Youth
- Round-up Review March
- Success March
- Headway March
- Courage March
- Improvement March
- At Sight March
- Little Rastus
- Don A Do Dat.

**Band Personnel**

**MUND FAMILY REUNION HELD LAST WEEKEND**

All of the Mund children except Kumler of Bar S and Mrs. James Jones of San Diego, California, were here for a family reunion at the home of the Arthur Munds, last weekend. Here for the get-together were Mr. and Mrs. William E. Bosse and children, who have returned to their home at Rock Island, Illinois, Mr. and Mrs. D'Eon Priest of O'Brien, Mr. and Mrs. O. W. Bigby of Ballinger, Miss Alice Mund of San Diego, who was here a week; Arthur, Jr., of Ft. Sam Houston, and Grete of San Marcos.

**JUSTIFIED BY GRACE**

"Being justified freely by His Grace through the redemption that is in Christ Jesus," Rom. 3:24.

Here in the Word of God and by the Word of God is clearly shown the simple way for a man to be justified in his own sight but friend you will not nor you cannot be justified by our own righteousness for we have none. Rom. 3:10.

It is done freely by His Grace. "For by Grace are ye saved thru faith and that not of ourselves, least men should boast. Eph. 2:8-9.

Notice it comes thru the redemption that is in Christ Jesus. So salvation is by grace, and then only thru the Lord Jesus Christ. Not by work, not by self effort, not by joining a church. Our revival began May 18th. We invite each and every one of you. Dr. Foy M. Mosier will do the speaking. He is a God-called evangelist. You can expect God to bless you through him. —F. H. Pryor, Fundamental Baptist church.

**First Baptist News**

We were grateful for our attendance in April. We averaged 208 in Sunday School and 70 in Training Union. We have had seven additions to the church and our offering to the church budget was \$1031. The adults, young people, primaries, juniors, and nursery exceeded their goals in Sunday School for the month. We have averaged 180 for the first four months in 1952. Our goal for 1953 is an average attendance of 200. The banner department this month was the Beginner department with a grade of 76. Second was the Primary department with a grade of 65. Orchids this past Sunday went to the Nursery with a grade of 79; onions went to the Adult with a grade of 50. Let every department strive to reach their goals for May.

We issue a cordial invitation to all to be with us this Sunday for our Christian Education day. At the morning worship hour the message will be brought by Dr. W. A. Todd. Dr. Todd is head of the Bible department at Howard Payne college. The afternoon service will be under the direction of the young people. Durward Rutland will speak. The evening worship hour will feature the youth choir under the direction of Miss Marie Welsh and Glenn Biggs will bring the evening message. Covered dish luncheon will be served at the church at the noon hour. We trust each member will make this a must. We issue a cordial invitation to all who would visit with us for this great day.

This week we have been enjoying a profitable week of study. The adults have been studying two books, "Studies In the Book of Ephesians," taught by Mrs. F. B. Calcote, and "The Vacation Bible School Guide," taught by Brother Nelson. The Young People and the Intermediates have been studying the book, "Planning a Life," taught by Mrs. Nelson. The attendance has been good so far, and there are still two more nights. The courses will close Friday night. Tuesday evening at 7:00 the regular monthly workers conference was held. Covered dish luncheon was served at 7:00 and a very interesting and informative program followed. The inspirational message was brought by Rev. T. H. Hardin who is pastor of the Hillcrest Baptist church in San Angelo. If you missed out on these choice blessings you robbed yourself of a treat in the Lord.

Calling all Vacation Bible School workers! At 10 a.m., May 13, at the First Baptist church in San Angelo we will have a Vacation Bible school clinic. We urge every person who is to work in the school to make plans to attend, also the conferences in the departments in which you are to work. Sufficient cars will be secured to take care of all who will attend. Lunch is to be served by the church of San Angelo. This is a must for all our Bible School workers. We trust that each will make an all out effort to attend.

Thirty-three attended our youth fellowship after the evening services last Sunday. We are grateful for the response. Still there are several of our young people who are not getting in on these fine programs. We issue a cordial invitation for more young people to sing in the youth choir each Sunday evening and to be with us in our fellowship meetings each Sunday evening.

Clip out these important dates for May and make plans to be in all of these fine and inspirational services. May 4, Christian Education day; May 13, Vacation Bible school clinic at First Baptist church, San Angelo; May 19, Brotherhood supper and program, Bro. A. C. Whimpee of First Baptist church, Brownwood; May 27, monthly workers conference for all Sunday School workers and members in church. Picture will be shown at this meeting. All wonderful programs. Mark your calendar now. Don't miss any of these services.

**METHODIST SERVICES FOR MOTHER'S DAY**

Mother's Day, May 11, will be observed at the Methodist church with a church loyalty day and special music by the men's choir. Rev. Roy Shilling said that special awards would be given on that day to the oldest mother, the youngest mother, the mother with the most children present, and the most recent mother.

Guests of Mr. and Mrs. Wyndell Hall Sunday were their daughter and son-in-law, Mr. and Mrs. Billy Whitley, and son Mike of Iraan.

**HAWAII IS TOPIC AT WMU MEETING**

The Hawaiian theme was carried out in the WMU meeting at the First Baptist church Monday afternoon, Circle 1, with Mrs. Fred Watson in charge, directing the session. Mrs. Carrol Ratliff, general WMU chairman, conducted a business session also.

Guests were met at the door and were given a program and hair decoration in the Hawaiian motif. Those on the program also wore leis, and Mrs. John Stigler, wearing a native dress, played accordin music. Pineapple salad and tea, was served, and plate favors were panes tied with yellow bows.

Hawaiian articles were displayed on tables; many of these were lent to the group by Bill Rountree, who had been stationed in Hawaii.

**Reconditioning of Furniture Pays Off**

COLLEGE STATION — As the results of information given by Irma Sealy, El Paso home demonstration agent, to Mrs. Charles Britton, North Loop Home Demonstration Club, the art of making slip covers and re-upholstering furniture has spread to other clubs in the county.

A friend of Mrs. Britton gave her a discarded three piece overstuffed living suite. She reconditioned it by re-tieing the springs and putting in new cotton padding. It took 30 yards of material to make the slip covers. Mrs. Britton says, "I have saved more than \$100 by reconditioning the furniture and making the slip covers. The covers are beautiful. I don't know when I have enjoyed a task more nor received such satisfying results."

Four neighbors helped with the work and 12 have seen the finished results. At present two other club members are making slip covers. Miss Sealy says that Mrs. C. C. Homan of the Country Club district has reconditioned and upholstered a divan with the help of 12 neighbors. She intended to make a slip cover but after finding a good buy in material she decided to upholster it instead. The total cost of the completed divan was \$50 and has an estimated value of \$125. The results of the demonstration were shown when Mrs. Homan was hostess to her home demonstration club.

According to Miss Sealy members of the Canutillo home demonstration club are making plans to obtain a room in the local gin to use as a work shop. The members then can, on certain days, come and work on their individual pieces of furniture.

**CLARKS ARE GRANDPARENTS**

Born, on the 25th, at 2:30 p.m., a daughter, to Mr. and Mrs. Jimmie Cook, at Goodfellow Field hospital in San Angelo. The girl weighed six pounds and seven ounces at birth and has been named Judy Bob. Grandparents are Mr. and Mrs. A. G. Clark of Eldorado and Mrs. Beulah Cook of Sonora, and great grandparents are Mr. and Mrs. Turner of San Angelo, Mr. and Mrs. Jack Clark of Eldorado and Mrs. Mae Mercer of this city. The young mother is the former Ernestine Clark. The young father is overseas.

Mrs. Cook and Judy Bob returned home from the hospital Wednesday, yesterday, and are staying with the A. G. Clarks.

Mr. and Mrs. J. T. Boatwright of Coleman visited Saturday and Sunday in Eldorado with their daughter Mrs. Wiley Hight and her family.

**COUNCIL OF CHURCHES TO MEET FRIDAY**

The Council of Churches of Eldorado will meet Friday afternoon at 4:00 at the Methodist church, with Rev. Charles Bruce as principal speaker, according to announcement made by local church leaders. The program is under the direction of the Presbyterian, Episcopal and Methodist churches, and all who are interested are invited to attend.

The local Council is one of the units composing the National Council of Churches. Three programs have been laid out for the year in Eldorado.

Rev. Bruce's subject will be "Spiritual Security for Today's Families."

Mr. and Mrs. C. A. Graves spent the day Sunday in Menard.

**DORCAS CIRCLE ELECTS**

The Dorcas Circle of the Methodist church has elected the following officers to serve during the coming year.

- Chairman, Mrs. Ruby Hight.
- V. Chairman, Mrs. Esther Schuller.
- Sec.-Treas., Mrs. Ralph Waldron.
- Study Chmn., Mrs. Juanita Taylor.
- Devotional, Mrs. Martha Godwin.

Mr. and Mrs. C. C. Henderson have returned from Amarillo where they visited their son, who was away from the city taking special work in Alabama, and who flew in for the weekend. They were accompanied by Gerald Edward, their grandson, who spent three weeks here with his grandparents.

Help your cows produce a big Calf Crop  
SUPPLEMENT RANGE WITH

**PURINA RANGE CHECKERS**

While a cow is carrying her calf, nutritional needs are high, much higher than can be normally supplied by grass alone. For this reason, thousands of well-known ranchers supplement with Purina Range Checkers. Checkers supply vitamins, minerals, carbohydrates and a variety of protein. For big results—a big calf crop and lots of milk—feed Purina Range Checkers. The variety in Range Checkers makes a difference, all right!

CARROL WHITE

For Commissioner  
Precinct No. 4:  
H. A. BELK  
L. MOORE

THE SEIZURE of the steel mills continued to be top news on Capitol Hill last week. The House got its first chance to speak on the subject when by a vote of 255-to-88 it adopted a resolution calling for an investigation of the Wage Stabilization Board. I voted for the investigation. The findings should be very revealing. There is a lot of evidence that will show the majority of the so-called "public" members of the WSB were previously on the payrolls of the Big Unions. George Taylor, former chairman of the public members on the board, recently resigned to take a \$20,000 a year job with the CIO.

In another action last week, the House passed a new immigration law, mainly to recodify all the hodge-podge of immigration laws that have been put on the books during the past 30 years. The new law retains our present basic quota systems, and does not liberalize the total number who can enter from year to year. That number totals 154,000 per annum, with most of it allotted to Great Britain and Northern Ireland whose quota continues to be 65,000. Ireland gets 17,700; Germany 25,800. These quotas are based upon the percentage of "national origin" in this country as of 1920.

This same bill also dealt with the exclusion of undesirable aliens, broadening and tightening the laws in that respect, and improved existing statutes with respect to deporting aliens already here and screening out security risks and subversives. I voted for this bill.

Before long the Congress will tackle the job of deciding whether to continue OPS for another year. The present law expires at the end of June. Actually, most of the items purchased in the stores now are below the OPS ceilings. Yet the vast army of OPS employees and enforcement officers is continued with a continuing demand for the addition of more and more federal employees.

OPS methods of grading lamb meat at the packing houses has cost the growers large amounts in many instances. This has to do with the decision of whether a lamb is a lamb or has advanced to the status of mutton. The consumers naturally prefer "lamb," yet because of a technical method of deciding, OPS has forced many butcher shops to label meat "mutton" which traditionally is sold as "lamb," and the growers are thus unfairly penalized.

Another example of how unnecessary ceilings on pork is costing consumers vast sums is the report from Chicago, the meat capitol of America. There last week pork was selling at from 15% to 25% below ceiling, and yet one packer alone (Armour & Co.) is paying as much as \$200,000 per month in overtime to 300 fulltime employees simply to keep the records and reports required by OPS. When you multiply this by the number of people all over the country who must incur extra expenses to keep OPS records where selling prices are below ceiling prices, you get some idea of the load the American people are carrying in keeping OPS in business.

Wool is another example. With the present ceiling amount twice as much as wool is selling for, and with a government loan at 90% of parity going into effect, OPS continues a large force to keep records on wool sales and prices!

All of this simply results in higher, not lower, living costs. The people pay the cost of keeping OPS going, the high salaries, magazine advertisements, bill boards, radio-casts, etc. This adds up to \$69,000,000 a year, and the people pay the bill in taxes. A year ago I voted against continuing OPS and the WSB cost-raising procedure, which has actually added to rather than reduced costs. The fact that throughout the year most prices have been under ceilings, with prices of many basic items being on the decline, indicates that OPS has not justified the vast expense that it has cost the taxpayers.

Mrs. Pat O'Harrow visited a few days with home folks in Menard.

**Jr.-Sr. Banquet Held Here Saturday Night**

About 90 attended the annual Junior-Senior banquet Saturday night in the school cafeteria. Bill Cheek of the Junior class, and president of the Student Council, was toastmaster.

Wilson Humphrey, Junior class president, gave the welcome to the Senior class, followed by the response from Sam A. Whitten.

Invocation was given by Rev. Clifford Nelson, and benediction was by Rev. Roy Shilling. Rev. Charles G. Bruce was speaker. Also on the program were Miss Lucille Farmer's sextette, and Lola Beth Ballew who played piano music.

Acknowledgements were given by Jane Belk.

Miss Jewel Shelton, Junior class sponsor, and co-sponsor Miers Johnson report that a large committee worked on arrangements. The "Last Roundup" ranch theme was carried out in room and table decorations. The speaker's table was decorated with white carnations and other tables had blue-bonnets. Small program folders of brown paper were decorated with cattle brands.

Special guests included faculty members and their husbands and wives, and school trustees and their wives. A dance was held in the school gymnasium following the banquet, where refreshments of punch and cookies were served.

Those fishing at Lake Walk on Devil's River from Friday to Monday were Mr. and Mrs. Tom McGill, and Mr. and Mrs. H. J. Clark and grandson Carl of Kerrville. The women are sisters.

Mrs. Max Henry and son are here until school closes at Fort Stockton, after which Mr. Henry, grade principal in Ft. Stockton, will be located either in San Angelo or Fort Stockton. He has quit the teaching profession to be associated with National Educators' Co., an insurance company dealing mainly with clients in the teaching profession.

Mrs. J. B. Sammons of Van Horn, who has been visiting here, and Mr. and Mrs. T. K. Jones visited in the Joe Reynolds home at Roswell, New Mexico, recently.

Mrs. W. G. McAlpine and daughters Fay and Juanita, and Mr. and Mrs. Tony Queen and daughter Doris of Ballinger, their guests Saturday night, all went to Sherwood Sunday to visit S. G. Danford and Mr. and Mrs. H. G. Bailey. They were joined there by Mr. and Mrs. Bill Ratliff and two daughters and Clyde Biggs and daughter of San Angelo.

**TEENA McMULLAN IS WED TUESDAY TO HOYT SMITH**

Miss Teena McMullan, one of Eldorado's business girls, daughter of Mrs. Jim O'Harrow of Schleicher county, and C. M. McMullan of Atlanta, Georgia, was married at 10:00 Tuesday morning at the Eldorado Methodist church to Hoyt Berl Smith of Hollis, Oklahoma. The double ring ceremony was performed by the pastor, Rev. Roy Shilling.

Only the attendants were present for the ceremony, which was performed before the altar, orchid glads and white tapers in candelabra providing the altar decorations. The bride was attended by Miss Ollie Jeffrey, and the groom was attended by Solon Boothe, both of Eldorado.

For the ceremony the bride wore a two-piece suit of blue Bermuda silk, trimmed with rose satin; the coat was fitted and the skirt was gored. Her corsage was an orchid, and her headpiece was of net. Miss Jeffrey wore navy, with navy accessories, and her corsage was of orchid glads.

The bride attended grade school in Christoval, where her grandmother, Mrs. Will Evans, lives, and graduated from Eldorado High school. After attending Texas Tech in her freshman year, she transferred to SAC, San Angelo, where she was a member of Lambda Tau and Mu Thi Mu, and of the Home Ec Club. She has been bookkeeper over a year at Foxworth-Galbraith Lumber Co. in Eldorado.

The groom, who is from Hollis, Okla., spent four years in the navy, and is now employed by Ohio Oil Co. For the time the couple have started house keeping at Kermit.

They expect to take a wedding trip soon.

**Honored By Friends**

Honoring Miss McMullan, about 30 friends attended an apron and cup towel shower and coker party at the home of Mrs. C. L. Meador Friday night, with Mrs. Russell Beach of McCamey and Mrs. Edward Meador as co-hostesses. Spring flowers decorated the table which was laid with a brown cloth. Games were played and refreshments were served by Mrs. Beach and her house guest Miss Doris Smith of McCamey.

Another social affair honoring the bride-to-be was a dinner for ten, given by Miss Lucille Farmer and Miss Margaret Wilkinson at their home on the evening of April 24.

Mr. and Mrs. Jessie Bricker and son Lynn of Sonora visited in the John West home Sunday. The Doyle Easterwood family also spent last week with the Wests while Doyle was working in McCamey.

**★ The Military ★**

Earl Dean Clark is here on a furlough visiting his parents, Mr. and Mrs. A. G. Clark. Having finished his basic training, his next destination is Norfolk, Va., where he will continue in the Air Corps as an "Airman 2nd Class."

The Defense department called on the draft Friday for 10,000 men in June and 31,000 in July—all of them for the Army—and said August and September calls also will be about 31,000 each.

The Marine Corps, which has been taking draftees since last August, will get none in June or July, being well on the way toward its authorized strength of 238,000 officers and men.

The Air Force and the Navy have been relying entirely on volunteers, which the Marines plan to do again.

Both the April and May calls were for 19,000 men—15,000 for the Army and 4,000 for the Marines. Earlier calls were considerably larger—52,000 in February and 28,600 in March.

The June and July quotas bring to 954,430 the number of men drafted or earmarked for selective service since the draft was revived in September, 1950. Of that total, the Army's share is 873,000 and the Marine's 81,430.

Visiting in the home of Mr. and Mrs. Tom Westbrook Sunday while their son Johnny is home from the Navy were Mr. and Mrs. Rob Canness and grandson Mickey, Mr. and Mrs. Jake Andrews and Beth, all of Junction; Mr. and Mrs. Ed Doyal of Menard. Also visiting here is a daughter, Mrs. Tex Dagen and sons Larry and Lemuel of Junction, who will spend about two weeks.

Glyndon Aldridge, who is stationed at Hunter AFB in Georgia, expects to be granted a furlough soon and to arrive in Eldorado to visit his mother Mrs. Jerome Mitchell and family within a few days.

**Oil Industry Strike Effect Is Felt Here**

Some effect of the oil industry's strike is being felt this morning in this county, and there may be further developments during the day.

Pan American, with a station and a gathering system at Huldale, is still operating this morning as this paper goes to press. Shell Station is completely shut down on company orders (probably because of the coastal refinery strikes.)

Something else to think about: the steel strikes might effect construction of the Rancho Line—we understand that not all of the materials on order have been delivered.

Mrs. Jack Elder and girls got in on the storm excitement at San Angelo last night, and report it as a thrilling experience, with fire trucks going every which way, a lot of rain and hail falling, trees across the streets, debris blowing around, and everyone wondering what was happening. They report heavy rains on to Christoval, and a lighter strip from there to Huldale.

Mrs. F. M. Bradley, Mrs. R. L. Ballew and son Ray Lewis, and Mr. and Mrs. Will Isaacs went to Brady Sunday to attend the wedding of Anna Charlene Baker and Clayton Boyd Hanna at St. Patrick's Catholic Church. Mr. Hanna is a distant relative of the Eldoradoans.

Mr. and Mrs. Frank Van Horn and Mrs. Fannie Fury spent the day Sunday in Ft. Stockton with Mrs. Fury's son.

Mrs. Ray Bruton and children spent the weekend at Brady with Mr. and Mrs. B. L. Hughes, Mrs. Bruton's parents.

Mr. and Mrs. Fred Watson have had as guests Mr. and Mrs. Curtis Scott and two children and Mrs. Floyd Spurgers and David, and Lannie Spurgers accompanied them home after a several-day visit in the Watson home.

**CEMETERY ASSOCIATION DISBANDS; GIVES OPERATION OF OLD AND NEW CEMETERIES TO CO. COMMISSIONERS**

With the cleaning of the small old cemetery at Glendale the last of the Cemetery Association funds were spent and the association has gone out of business—Schleicher County has taken over the operation of the newer Eldorado Cemetery.

Many newer Eldorado residents had not known of the existence of this cemetery until it was cleared and the stones could be more easily seen from the street. The cleaning of the grounds was completed a few days ago.

The cemetery in Glendale was in use for a few years, but shortly after the turn of the century it was abandoned and the present location was chosen as being more easily used. The other was on rocks which often made blasting necessary when a grave was dug.

The few markers in the old cemetery which mark graves have been straightened, and some have legible inscriptions in spite of years of neglect: Little Bitsie Allen, born in 1898; 18-year-old John F. Matthews, buried in 1902; 78-year-old Anna S. Porter, buried there in 1903 and seemingly one of the last interred there; 20-year-old James Bramblett whose tombstone is one of the more pretentious ones—these are deceased Schleicherites who were here when the town was born, as the markers tell the story.

One old stone which S. L. Stanford turned over had an inscription chiseled in by hand, but the stone had fallen face down years ago. Old timers estimate that the cemetery was in use three or four years, from 1899 to about 1902 or 1903.

A short time ago, Ack McCartney moved the body of his father out to the Eldorado Cemetery, leaving an estimated 16 graves, most of them unmarked and the exact location of some unknown.

The obvious thing to do before the Cemetery Association disbanded was to move the graves to the new cemetery; this was considered and for a variety of reasons the plan was given up. The difficulty of getting permission of relatives and the State of Texas, finding and identifying of the burial sites, and similar troubles made them decide to clean up the old cemetery instead and leave the old graves undisturbed.

The 2½ acre plot was given to the county for a cemetery, and the land would refer back to the owners if the place was no longer a cemetery.

The board which disbanded after last week's final project had been concluded was:

**Recently Celebrated Golden Wedding**

MR. AND MRS. T. H. ALEXANDER

**FRIEDA YARDLEY WEDS IN OLD MEXICO**

Frieda Yardley, youngest daughter of Mr. and Mrs. Freeman Yardley, was married on April 18, at 12:30 p.m. at the courthouse in Villa Acuna, to Ray Hanusch, son of Mr. and Mrs. Walter Hanusch of Eden. The marriage was not told until yesterday. The couple were unaccompanied.

They are at home in one of the Gus Love apartments. The groom was reared in Eden and received his schooling there. The bride has spent all of her life in this county, and was in the Sophomore class of EHS at the time of her marriage. Mr. Hanusch is a Campbell Drilling employee.

Mr. and Mrs. E. H. Topliffe and daughters spent the weekend at Garner Park, where they met friends.

The Episcopal Guild met Monday in all-day session at the home of Mrs. Forrest Runge, six attending.

Mrs. L. B. Kerr, Mrs. Oran Enochs, and the latter's guest Mrs. Edgar McAtee of Austin visited relatives in Lampasas recently.

Mr. and Mrs. Rosco Leyton, here with Mabey Drilling Co., spent Saturday night and Sunday in Del Rio.

**W. M. PATTERSON LISTS ORGANIZATION'S OBJECTIVES**

W. M. Patterson, Jr., Eldorado's director of the West Texas Chamber of Commerce, this week announced the immediate objectives of that organization.

Mr. Patterson said the WTCC's 1952 program of activities and services were developed from ideas and suggestions of individual members throughout its 132-county territory. He described it as "a grass roots expression of what the people want their regional chamber of commerce to do."

He appealed to the business men of Eldorado to support the WTCC with their time and money.

The immediate objectives are:

1. A state-wide conference on surface water problems.
2. Continuation of a campaign to obtain a U. S.-Mexico labor agreement to meet needs of West Texas farmers and ranchers.
3. A long-range national advertising campaign to sell industrial assets and tourist attractions.
4. An exhaustive survey of Texas' highway problems.
5. Active cooperation with all forces devoted to soil conservation.

**WEDNESDAY BRIDGE**

The Wednesday Bridge Club members and invited guests were entertained with a bridge luncheon for 8 tables yesterday, at the home of Mrs. Pat Finley. High guest was won by Mrs. Jim Lucas, high club by Mrs. C. C. McLaughlin, bingo by Mrs. Dwight Wiedenmann, and low by Mrs. Lillian Crosby. Attending were 14 members and 18 guests.

Mr. and Mrs. B. L. Blakeway and Mr. and Mrs. Jess Thompson visited the Paul Hamby family in Dallas last week, and brought Keith home with them for a visit of a week or two.

**Post Script**

It is understood that Standard is closing the office in Eldorado and moving away.

Arrow Drilling Co. are moving in crews yesterday and today to drill on Sam Henderson's and we understand another drilling outfit is also moving in but we haven't learned who they are or where they are to drill.

**Presbyterian News**

The Presbyterians were hosts at a breakfast Wednesday morning honoring the Seniors. The members met early and had their breakfast together, then at 7:30 served the Seniors and their sponsors. The menu included ham, bacon and eggs, toast, preserves, doughnuts and coffee. This breakfast for the graduating class is an annual affair.

Rev. H. W. Darden of Baton Rouge, Mrs. A. J. Darden of Centreville, Miss., and Robert Darden of Dallas have all been house guests in the manse. They are Mrs. Bruce's mother and brothers.

Eighteen attended from the circles and there were three visitors when the Women of the Church met in an inspirational meeting Monday afternoon at the church. Mrs. John Miller led the lesson on Christian education and Mrs. Leslie Baker was hostess.

Mrs. John Miller will head the vacation Bible School which will be held for ten days, starting on the third Monday in June. Teachers and leaders will attend a one-day training school in San Angelo June 1.

Four deacons were elected in congregational meeting last Sunday and two more will be elected next Sunday at a continuation of this meeting. The complete list will be available for publication as soon as all have been elected and have accepted.

### Operation Mesquite Spray Underway

College Station. —The general rains which have fallen over most of the state during the past two weeks are likely to boom aerial mesquite spraying operations. Adequate soil moisture is a factor that materially effects the final result of the operation, says A. H. Walker, range specialist for the Texas Agricultural Extension Service.

Mesquite in South Texas will be the first to catch the applications of lethal doses of 2, 4, 5-T. The operations will spread from there north and west as conditions become right for the applications, says the specialist. Despite generally unfavorable weather last spring, some 400,000 acres of mesquite infested range lands were sprayed.

On Texas range lands where mesquite is the predominant kind of brush, Walker recommends the use—on an acre basis—of at least two-thirds of a pound of the low volatile ester of 2, 4, 5-T in an emulsion of one gallon of diesel oil and three gallons of water for control. He has recently inspected areas in South Texas where aerial spraying was done last spring and reports that results look fair to good. Where moisture conditions were good last year at spraying time, he says the results look much better now.

The specialist points out that aerial spraying is recommended only where mesquite is the predominant kind of brush on range land. White brush, black brush, granjeno, guajillo, oak and huisache have not been effectively controlled by airplane spraying when the rate recommended for mesquite control was applied. These plants are defoliated but much sprouting is evident. Therefore says Walker, controlling mesquite in mixed brush may not be a profitable practice for the other kinds of brush may take over. This is especially true when proper stocking and good grazing management are not followed after treatment.

Here are some suggestions from Walker that should make the chemical control program more effective. The proper time for applying the spray material is from 7 to 11 weeks after the mesquite leaf out in the spring. The late March frost which killed the leaves on mesquite in some areas of the state should be considered and no spraying should be done until new leaves are fully developed.

Good soil moisture and mesquite growth are mighty important factors so far as the final results are concerned, says Walker. The moisture should occur at least 30 days before the applications is made. Livestock like to graze the sprayer areas, says Walker and unless watched will overgraze them. Plants on these areas are more palatable. The 2, 4, 5-T chemical is not poisonous to man nor animal but it must be used with extreme care because the drift can harm susceptible plants in the vicinity. Walker warns that those who apply it must comply with the state herbicide law. And finally, he suggests that persons interested

in using 2, 4, 5-T for controlling mesquite, get a copy of Extension Leaflet 127. It's available at all county agents' offices.

### SOPHOMORE PICNIC

The Sophomore end-of-school outing was held in San Angelo after school Friday. Present for this affair were 25 members of the class, who went skating or bowling, or attended the picture show. Six room mothers were with the group as sponsors and hostesses.

Mr. and Mrs. Fred Furr spent Saturday night in Mason with the Savola Bolts, and on Sunday attended the singing convention at Voca.

The Buster Dickens family spent the day Sunday at Ft. McKavett, on the river.

Room mothers and teachers accompanied the Freshman Class to San Angelo Monday for a picnic and evening outing. The group went skating, attended the show or chose other entertainment.

Mr. and Mrs. Houston Thigpen and children spent the day Sunday in San Angelo with the Roy Thigpens.

Mr. and Mrs. Russell Beach, Doris Smith and Cliff Moreland were all weekend guests in the home of the C. L. Meadors. They teach in the McCamey school system.

Mrs. Geneva Johnson, daughter of Mrs. Rutha Boyer, underwent surgery Monday. Mrs. Boyer has been staying with her there since last week.

Bud Davidson and his family came in recently from Houston. Bud, who has been Shell gauger at Houston, has been transferred back to Big Lake as engineer, and will move there.

—TEMBO — greatest of all wild animal pictures — coming to the Lone Star theatre Saturday, May 3rd. Matinee at 2:30. Night at 7:30.

Mrs. Reuben Dickens and daughter Carol Lynn of San Angelo were weekend visitors in the home of Mrs. Dickens' mother, Mrs. G. A. Neill.

Guests of Mr. and Mrs. Joe Edens were Mrs. Ed Martin and Mrs. Joe Barbee of Big Spring.

Mrs. R. A. Evans spent the past weekend in San Angelo with relatives.

Mr. and Mrs. Glenn Hoelscher and children have moved back to Norton, to farm, after they had spent the winter with Mrs. Hoelscher's parents, Mr. and Mrs. Sam Gausemeier. Mr. Hoelscher had been working as mechanic at Jones Motor Co. while the family lived here.

Mrs. Jay Heflin, Mrs. Bill Miller, and Mrs. Claude Sloan visited last weekend in the Kenneth Doyle home at Sonora.

### Proper Records Guard Spouse's Separate Property

Texans are generally aware that we have what is known as the "community property" system in this state, but many do not understand the significance and implications of this fact.

Most of the property acquired by a husband and wife, or either of them, during their marriage belongs to them jointly and is referred to as "community property." In fact, the law presumes that ALL property acquired during the marriage is community property unless the contrary is clearly proved.

Not included in this category is property owned by either husband and wife before marriage, and that which is acquired by either of them after marriage by gift or inheritance. Such items are regarded rather as the separate property of the individual spouse.

May the husband and wife divide their community property so that each will thereafter own one-half of it as his or her own separate property? Until the passage of a recent constitutional amendment, such action was not permitted by our laws. Now, EXISTING community property may be so divided under certain circumstances. However, an agreement by the husband and wife that FUTURE earnings or income will be separate property is invalid.

In contrast, it has always been possible to convert separate property into community property. This is usually done unintentionally when separate property is sold or exchanged, and the parties fail to indicate clearly that the purchase money or the new property is to be the separate property of the husband or wife.

Very often the money received from a sale of separate property is deposited in the joint bank account of the husband and wife, mixing or "co-mingling" such separate funds with the community funds. This ordinarily results in the entire amount becoming community property through the inability of husband or wife to trace the separate funds at a later date.

The distinction between separate and community property is important for many reasons, and married persons owning separate property should normally exercise care to prevent its being co-mingled with the community estate. Lawyers say that separate bank accounts and proper records will help keep matters straight.

Failure to use proper safeguards can result in an alteration of the legal order of descent at the death of a person leaving no will, since community property passes in one way and separate property in another.

ther. Or, one of the parties may lose his right to will what was once separate property to whomever he chooses.

Other consequences include the possibility that the separate property of one spouse may become subject to the debts of the community or of the other spouse. Or, if a divorce should occur, one of the parties may lose part of his separate estate during division of the couple's various properties.

(This column, based on Texas law, is written to inform, not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Buster Calcote, who has been quite sick, is improving. He has been in town a few times, and hopes to go back to work before long.

Ft. Worth guests in the J. D. Ashmore home were the Ashmore's son Billy and his family.

Mr. and Mrs. Tom Kent of Alpine spent Saturday and Sunday here with relatives.

Guests in the home of Mr. and Mrs. Thomas Baker Tuesday were Judge Clyde Smith and wife of Austin. Mr. Smith is a cousin of Mrs. Baker. He was on his way back to Austin after having delivered a speech to the district Home Demonstration meeting in McCamey.

Guests last week from Friday to Sunday in the O. Sudduth and John West homes were Mr. and Mrs. Elton Spencer and four children of Harper. On Saturday three of the children had their tonsils removed in San Angelo.

Mrs. Ralph Waldron had six stitches taken Tuesday to close a wound in her hand which was caused by being bitten by "Junior," the monkey at Elder's Station.

Mr. and Mrs. Bill Yarbrough and daughter Deborah of Kerrville visited over the weekend with the Claude Doyle family. Mr. Yarbrough is a nephew of Mrs. Doyle.
