ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, OCTOBER 9, 1952

NUMBER 41

More Wildcats Scheduled For Schleicher County

Schleicher County gained two wildcats with the staking of an 8,100-foot Ellenburger prospector by Sinclair Oil and Gas and a 5,600-foot test by T. L. Williams of San Angelo.

Sinclair will drill its 1-101 University 20 miles northwest of Eldorado on a 331.75-acre tract. Drilling on elevation of approximately 2,450 feet will begin when permit is granted.

Drillsite is 660 feet from the south and east lines of 22-54-University.

It is also 1 7/8-miles southwest of Bobby Manziel of Tyler, 1-53 University, abandoned Oct. 23, 19-51, after logging salt water in the Ellenburger, topped at 7,832 feet on derrick floor elevation of 2,560 feet. The test had also failed in the Wolfcamp and San Andres after having plugged back from the Ellenburger.

Williams will drill his 1-F Page one mile south of production in the Page field of Schleicher County, eight miles southwest of Eldorado.

Rotary drilling on elevation of 2,384.4 feet will begin immediately. Drillsite is 1,980 feet from the south and east lines of 31-L-GH&SA.

The test is also 1 1/2 miles northeast of Kewanee 1 Page, abandoned July 30 of this year at 5,874 feet in lower Pennsylvanian lime and shale.

La Gloria Corporation of Corpus Christi and San Angelo staked location for a 5,750-foot Strawn wildcat in Northeast Schleicher County.

It will be drilled as No. 1 T. C. Meador, 1,980 feet from south and 660 feet from east lines of section 59, block H, GH&SA survey.

It is 17 miles northeast of Eldorado and 1 1/2 miles east of production in the Huldale (Pennsylvanian) field.

Wesley W. West will drill No. 8 Christina Mittel as a one-quarter mile south stepout to production in Neva West (Pennsylvanian) field of Central-North Schleicher.

Operator spotted location 1,903 feet from south and 1,733 feet from east lines of section 77, TC survey. It is on a 2,121-acre lease. Contract total depth is 7,000 feet.

Elevation at drillsite is 2,410 feet.

Taylor Oil & Gas Company No. 1 Mrs. Sadie J. Weddell, wildcat in North Schleicher County, topped the Ellenburger at 6,164 feet, elevation 2,346 feet from Kelly bushing.

A drillstem test from 6,174 to 6,228 feet failed to develop production. Operator was drilling ahead below 6,228 feet at last report.

Westbrook No. 2A Baugh, shallow test about 7 miles northeast of Eldorado, was plugged and abandoned, after failing to give up oil in a sand below 474 feet. The sand was topped at 474 feet last week and casing set at that depth. Operator drilled out plug and penetrated the sand for about 40 feet without recovering any live oil, and finally ran into water.

BAND PARENTS MEETING TONIGHT

There will be a meeting of band parents at the High school auditorium Thursday (tonight) at 7:30 o'clock. All parents are requested to be present as this is an important meeting.

Ray Doyle and his family and Kenneth Doyle and his family have moved back to Eldorado after working in Sterling City for about two months. Kenneth has rented a Kee-ney apartment and Ray is moving to the Ruby Damron house.

Things To Remember

Political Notes

Be sure to make plans to attend the mass meeting to be held at the courthouse on Saturday, October 25, beginning at 3:00 p.m.

There will be samples of the general election ballot on hand for your inspection, and speakers will explain the various ways of marking this ballot. This is part of the program to stimulate interest in the coming general election and to bring out a 100% vote in Schleicher County.

Here is another thing to remember—

If you became 21 years of age just recently—on or before November 4—you have a right to vote in the general election. In order to qualify you must go to your County Clerk's office and register. Of course you have to qualify in other respects: residence in the state one year, and six months in the county.

MOSTLY SMOKE

The fire department was called out Monday afternoon to the airport, where smoke was issuing from an airplane motor. The threatening blaze was apparently brought under control before any damage was done.

Lohn Is Winner In Game Here Last Week

Once again the Eldorado under-dogs played a creditable game of football, but came out with the small end of the score, when they lost to Lohn here Friday night by a score of 13 to 6.

As the game got under way, Eldorado received Lohn's kick off, and then proceeded to advance the ball down the field in a series of first downs. Not until we had four first downs to our credit did Lohn finally get possession of the ball. They lost it immediately to Eldorado on a fumble, and two more first downs put the ball down in the scoring zone. Then Doyle went through the center for a TD, but the try for extra point was no good, and the score was 6 to 0 in favor of Eldorado. Also 6 first downs for Eldorado and none for Lohn. That was the way it stood at quarter.

In the second quarter both sides attempted a number of passes, which got nowhere, and Eldorado picked up two more first downs. The half ended with the same score.

When the game resumed after the half, Lohn came in with considerably more steam, and chalked up a first down in a few minutes of play; then they bogged down and had to kick out. The ball went back and forth a number of times without any particular fireworks, until well along in the quarter, when Lohn intercepted an Eldorado pass and ran it back for a T D, and then made their extra point. The third quarter ended: Lohn 7; Eldorado 6.

The fourth quarter came along very much like the rest of the game; Eldorado kept on picking up first downs, and worked their way down to the 14-yard line, but lost the ball on a pass interception. Lohn ran 3 plays and kicked out. Then in the last minute of play Lohn intercepted another Eagle pass and ran it for another TD. The extra point was no good, and the game ended 13 to 6 in favor of Lohn.

Half Time

At the half the Lohn pep squad, drummers and twirlers presented a very pleasing performance and were followed by the Eldorado pep squad and band. Students of both high schools were entertained at the Corral following the game.

Bids Asked On Mertzon Road Right-of-Way Job

A notice from the Commissioners Court appears on page four of this issue, in which the Court is asking for bids on material and labor on the Mertzon road right-of-way.

The notice will appear for three successive weeks and bids will be let the latter part of October. It is possible that some of the work may get under way in November.

PRE-SCHOOL P.T.A.

The Pre-School unit of the Parent Teacher Association will meet on Thursday, October 16, at 3:00 p.m. in the club room of the Memorial Building.

Six weekly meetings are planned for the Pre-School course this year, and will include panel discussions, book review, and a film, all dealing with problems common to the pre-school child and his family.

All parents of pre-school children are urged to attend; a nursery will be provided.

Chairmen are Mrs. James Page and Mrs. E. C. Peters, assisted by the P. T. A. chairman of Home and Family Life, Mrs. Luke Thompson, Jr.

Ben Hext Elected District Supervisor of Zone 4

Ben Hext was elected Supervisor of Zone 4 of the Eldorado-Divide Soil Conservation District at an election meeting held Tuesday, Oct. 7 at the Bailey Ranch tabernacle at 3:00 p.m.

Tiny Godwin, county agent for Schleicher County, acted as temporary chairman until Joe B. Edens was elected as permanent chairman of the meeting. With Mr. Edens as chairman, the election was of the convention type, with nominations being made from the floor and the nominee receiving the majority of the votes being elected. Following the election of Mr. Hext as supervisor, the technicians of Soil Conservation Service assisting the Eldorado Divide district discussed soils as to their kinds and condition, to the group. Several kinds of soils were placed in tubes to illustrate the different infiltration rates they have. In this connection it was pointed out that the condition of the soil had a lot to do with the rate by which a soil would take up moisture. "Man can help this condition of his soil by adding crop residues, proper rotations, and the use of cover crops, legumes, and the planting of grass," the technicians said. It was emphasized that soil isn't something dead, but is very much alive as it is teeming with micro-organisms which work on the residues causing them to deteriorate and improve the soil condition. By not returning residues these microorganisms do not have food to live upon and there fore a soil might have a tendency to be dead. The group was told that texture was the percent of sand,

Major Soil and Water Conservation Practices:

Practice	Acres Applied	Acres Remains
Contour Farming	31412	5945
Cover Crops	1222	
Stubble Mucking	27941	9416
Range Improv'mt	196610	617033
Seeding of Range	612	
Seeding Pasture	88	
Terraces, miles	452	415
Diversions, miles	15	20
Water Facilities, No	41	

After the election and program the 28 farmers, ranchers and their wives enjoyed a barbecue supper with all the trimmings, which was prepared by J. Forrest Runge, who is chairman of the board of supervisors for the district.

Supervisors of the Eldorado-Divide Soil Conservation District include J. Forrest Runge, chairman, E. E. Foster, secretary, B. E. Moore, member, Ford Boulware, member, and Ben Hext, member. Mr. Hext was elected to replace Archie Mittel.

LIONS CLUB

Reporting as chairman of a committee estimating costs of remodeling the Lions club meeting room, Eldon Calk yesterday discussed at the club meeting the cost of painting, installing new floor and ceiling materials, and remodeling the kitchen.

Dr. W. H. Lindsey brought out the need of a Cubmaster for the Cub Scout pack which the Lions club sponsors. Dr. Lindsey has resigned as Cubmaster because of heavy demands of his medical practice.

Lion President Palmer West urged all Lions to support Fire Prevention week.

For the program Mrs. C. E. Gary discussed the growth of socialism in England, bringing out how this related to the medical profession. She was introduced by Rev. C. G. Bruce, Lion Tamer and program chairman.

C. O. Dewey was accepted as a new member.

OPEN DATE

The Eldorado Eagles have an open date for this week and it is likely that members of the squad will be out tomorrow night scouting the games of our neighbors.

Next week, on Friday night, October 17, the Eagles engage in their first district game, which will be played against Menard at Menard.

Texas Democrats For Ike Organization Claims Widespread Growth

Austin. — Texas Democrats for Eisenhower are enlisting recruits by the thousands, says Claud H. Gilmer of Rocksprings, state chairman of the organization.

The movement gathers momentum daily with steady appointment of Senatorial District Chairmen, and the volunteering of workers on the county and precinct level.

State Headquarters opened in mid-September after a meeting in Austin of about 60 persons, representing the various Senatorial districts of Texas.

Gilmer was named chairman of the state-wide Democrats for Eisenhower organization. Tom Sealy, Midland lawyer who called the initial meeting, was elected as vice chairman as was Miss Nan Proctor of Victoria.

Members of the Steering committee are: Sam Aldridge, Farwell; E. C. Aycock, Ft. Worth; W. R. Beaumier, Lufkin; H. E. Chiles, Jr., Midland; Lester Clark, Breckenridge; Mrs. Charles K. Devall, Kilgore; Charles W. Duke, San Antonio; Charles E. Long, Jr., Dallas; Maston Nixon, Corpus Christi; Emmett Shelton, Austin; and John V. Wheat, Houston.

In accepting the chairmanship, Gilmer said, "I still consider myself a Democrat, but I cherish the conviction that a Republican victory will be good for the Democratic party in the long run. We've got to help take the national leadership of the Democratic party to the woodshed."

Since taking command of the Democrats' grass-roots campaign for Eisenhower in Texas, Gilmer has lambasted the Trumanites at numerous organizational meetings in all corners of the Big State.

In urging Democrats to vote for Eisenhower, Gilmer follows the mandate of the State Democratic Convention. It was decided at that convention in Amarillo on September 9 that the names of Adlai Stevenson and John Sparkman would be placed on the ballot at the head of the Democratic ticket. But at the same time the delegates called up on Texas Democrats to vote for and support General Eisenhower and his running mate, Richard Nixon.

In opposing another four years of Trumanism, Gilmer and other Democrats for Ike have charged the administration with inexcusable mismanagement of the Korean war, with galloping socialism, and with wholesale corruption in the nation's capital.

Eisenhower gained a multitude of Democratic supporters in Texas with his stand in regard to the Tidelands. He favors restoration of the title of the Tidelands to the individual states, while Stevenson has indicated that he will follow in President Truman's footsteps by opposing state ownership of Texas' submerged school lands.

Gilmer sums up the situation with this statement: "Texas Democrats for Eisenhower offer a place for Texans who don't wish to be told how they must vote but who, when given a choice between Trumanism and Texas, unhesitatingly choose Texas."

Next week's edition of the Eldorado Success will be the first annual Oil Progress Edition—featuring the development of the oil industry, especially as it affects Schleicher County.

A number of special stories on various phases of oil have been prepared in advance for this edition, and merchants' advertising messages will mainly be along the line of congratulations and appreciation to the whole industry.

A large amount of lease money has been paid out in this county during the past few years as oil production has spread out in various parts of the county—causing people to become increasingly oil-conscious.

The Eldorado Success will print as much information as can be assembled for this special edition. Included with the special articles will be a number of pictures taken in local oil fields, showing the various phases of production and development—to give the reader an idea of the importance of drilling activities and the extent of oil operations.

The Success crew hope to put out this paper on Thursday, regular publication day—as usual.

In connection with observance of Oil Progress Week in Eldorado, the local committee, headed by Fred Watson, will show two films at the Lions Club meeting Wednesday noon, and probably some time during the week at school.

Schleicherites Attend Opening Of State Fair

A number of Eldoradoans were in attendance last weekend when the State Fair of Texas opened its 1952 season. Among those attending were:

Mr. and Mrs. Leslie Baker and Mr. and Mrs. J. T. Ratliff of San Angelo, who attended the football game and were on the grounds a few hours on opening day; Mr. and Mrs. A. G. McCormack who were in Dallas for the Fair and visited relatives in nearby towns; Mr. and Mrs. H. T. Finley and son-in-law and daughter, Mr. and Mrs. Bobby Barber of San Angelo, who attended the Fair and visited Mr. and Mrs. George Stanley Finley;

Bill Gunstead and Mrs. Fred Gunstead, who spent all day Saturday and all day Sunday on the grounds, saw the major shows, and returned home Monday night; Mr. and Mrs. Palmer West and Dale, Palmer attending the game and the others taking in the Martin and Lewis show (Mrs. C. C. West accompanied them as far as Arlington to visit a daughter) and the Wests also visiting friends, Mr. and Mrs. K. K. Davis in Dallas;

Mr. and Mrs. Jim Martin, who were among the Schleicherites there for opening day—and others.

Home Ec Girls Attend State Fair

Eighteen home ec girls and their sponsor, Miss Frances Barton, and Mr. and Mrs. Charles Ludwig, with Mrs. Dickens driving the bus, left Eldorado at 3:00 a.m. Saturday for the opening day of the State Fair at Dallas, and reached there about noon.

This group saw the exhibits and midway attractions and chose between the Ice Cycles and Martin and Lewis shows that afternoon. They spent Saturday night in the Seagoville school gymnasium. Part of Sunday was spent at the Fair before starting for home. They arrived here about 8:00 o'clock.

The girls who attended were: Shirley Faulk, Fae Davis, Martha Dell Williams, Shirley Sofge, Janice Cales, Trudy Gaynor, Glo Wanda Jeffrey, Wanda Fore, Patsy Taylor, Patsy Holden, May Runge, Juanita Henderson, Barbara Spencer, Jo Ann Trentham, Nancy Elder, Sandra Nixon, Melba Wilkinson, and Bernell Doyle.

MRS. JACKSON HEADS LOCAL EISENHOWER CLUB

Area workers in the "Woman-power for Eisenhower" campaign were named Wednesday at the first San Angelo meeting of the state-wide, all-woman, all-parties organization.

Mrs. Edwin Jackson of Eldorado was assigned to represent Schleicher County. Others appointed were: Mrs. Otto Frederick of Brady, Mrs. Ellen Sims of Paint Rock, Mrs. R. L. Hitekamp of Carlsbad, and Mrs. L. L. Farr, III, of Barnhart.

Bob Faught and Mr. and Mrs. Farris Nixon visited relatives in Llano last weekend and attended Primitive Baptist Church services there on Sunday.

McDonalds Are Back From Trip To Florida To Visit Son and Family

Mr. and Mrs. Nolan McDonald have returned from a two weeks' vacation trip to Tampa, Florida, where they visited their son Captain Nolan McDonald, and his wife and young son.

They went to Florida over the coastal route, through Houston, New Orleans, Lake Charles, La., Pensacola, Florida, and on to Tampa—and returned home through states of the Old South: from Macon, Georgia, on west to Montgomery, Alabama, Selma, Meridian, Shreveport, La., and on into Texas, via Hillsboro. At Walnut Springs they spent a few hours with old friends, Mr. and Mrs. Lester Callo-way, whom they knew when Lester was band director at Brady.

They made the trip on home through Brownwood.

As do other vacationers, they came back with a new appreciation of Texas roads and motoring conditions.

They report that the men did some deep sea fishing, and that they had a pleasant visit with their son and his family, who are well established in their own house in Tampa. Their son expected to be in Wichita, Kansas, for additional training soon but the family would remain in Tampa.

They report some rain on their trip, and lots of green trees, shrubs, grass and fields everywhere — also lots of good cotton in the Old South — and people, some of them white, driving mules hitched to hacks!

Mrs. McDonald states that she enjoyed seeing Alabama especially because her father had come to Texas from that state.

Wayne Estes was one of the exes who attended the Homecoming at Sul Ross. He accompanied Mrs. Lewis Whitten and Hal, who also attended the Homecoming and visited Sam A. who is attending school there.

Mr. and Mrs. Charlie Trigg went to Alpine where Mr. Trigg officiated at a football game, and they also took a trip through Big Bend Park.

Mr. and Mrs. William Sauer of Big Spring were here during the weekend to visit in the Fred Gunstead and Otto Sauer homes. They returned home Sunday evening, and expected to leave Big Spring Wednesday to attend the Fair at Dallas.

Health Talks

SCARLET FEVER

Austin. — The State Department of Health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. The majority of deaths from this disease occur from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, state health officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as the first symptoms appear."

If your child has contracted scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or convulsions and fever. His skin is dry and hot. His tongue is furred, and, under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. Do your part by following carefully the quarantine instructions which the health officer will give you, since a severe or fatal case of scarlet fever may develop from contact with some one who has only a light attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician.

Mrs. Luke Thompson Opens Mission Study For Methodist Circles

Mrs. Luke Thompson was lesson leader when the circles met in joint session Monday afternoon at the Methodist Church. Introduction to the new fall study course was the principal feature of the program. Lesson assistants were Mrs. Glenn Parker, Mrs. Willy Hight, Mrs. W. G. Godwin and Mrs. Elton McGinness.

The Dorcas Circle, hostesses, served pumpkin pie and coffee to about 20 who attended.
During the business session, plans were made for the Week of Prayer, to be opened with an all-day meeting on October 29.

Mr. and Mrs. Pete Ringle have returned from a ten-day vacation trip which took them to Rockport, Corpus Christi and Port Lavaca. They enjoyed such sports as deep sea fishing and report good luck. They returned to their home on the Cooper lease Tuesday.

Mrs. Jack Elder and Patricia visited Rita Ann in Austin Saturday and attended the Texas-Notre Dame football game. Patricia flew down from Angelo and drove back to Eldorado with her mother. They reported seeing several from Eldorado and the Marshall Bailey's from Midland.

Visitors in the J. L. Carroll home recently were Mr. and Mrs. C. E. Stout and daughter of Corpus Christi, also Mr. and Mrs. Joe Carroll and daughter who are moving to Austin, where Joe, recently discharged from service, is enrolling in law school. Mrs. Stout is Mrs. Carroll's sister and Joe is Mr. Carroll's brother.

John Alexander and Mr. and Mrs. Claude Alexander visited Mr. and Mrs. John Clark and Mr. and Mrs. Gordie Alexander in Austin last weekend.

Mrs. Forrest Runge and children have moved to Mrs. Ora Davis's apartment for the school months.

Mr. and Mrs. W. M. Patterson were among those who attended the game at Austin Saturday.

Mr. and Mrs. E. H. Tooltife and daughters spent the weekend at Dilly with friends.

Mr. and Mrs. J. B. Belk of Miles were here for a visit with their son H. A. Belk and his family.

Mr. and Mrs. C. C. Henderson spent the weekend with the C. C. Tuckers in San Angelo.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

Check List For Returning Servicemen

Have you put your affairs in order since you were released from military service? Here is a partial list of things to check.

Have you filed the original copy of your discharge papers with your County Clerk? This is important to insure that a record of your discharge papers always will be available. It protects you against future loss from theft, fire or negligence. Should you lose your discharge papers, the government will give you only a certificate stating that you were in service, but giving no other pertinent information. County Clerks throughout the state accept your discharge papers for filing without cost, and thereafter you may obtain certified copies whenever the need arises.

When you entered military service, did you execute a power of attorney so that someone would be able to act for you during your absence? If you now want complete control of all of your affairs, you must cancel any contract which gives certain powers to some one else.

If you have had a will prepared, has it been revised to suit changed conditions? For example, if you have married or if another child has been born to you and your spouse, you will want to check your will to make sure that all of your dependents are provided for. Changes in tax law, judicial decisions and administrative actions by the Treasury Department, too, could effect the provisions in your will. Especially is this true if the government has passed a revenue act since your will was prepared.

Are the beneficiaries named in your life insurance policies now correct? Is the amount adequate now in the light of the present deflated dollar? It is important to note that, unlike World War II veterans, Korean veterans must act within 120 days after release from duty in order to continue their government insurance.

Did you take advantage of certain provisions in the Soldiers and Sailors Civil Relief Act to protect you from further liability for leases or contracts after you entered service? This act provides for immunity from court action only during the time you serve in the armed forces. Did you miss any payments on your home while you were in service? You are now liable for interest which accrued on the unpaid balance during the years that payments were postponed. Those debts were not forgiven—and now that you are a civilian again, you must take up your postponed responsibilities.

Have you applied for reemployment in your old job? Application must be made within 90 days after you are released from service. If you do not return to your former job, it will be helpful to your former employer if you notify him as to your decision. The 86 local offices of the Texas Employment Commission and the Federal Bureau of Veterans Reemployment Rights are equipped to protect your rights and assist in returning you to your pre-service employment status. No charge is made for this service.

A pamphlet explaining procedures to safeguard your reemployment rights can be obtained by writing the Bureau of Veteran's Reemployment Rights, Room 222, Commercial building, 1100 Main Street, Dallas 2, Texas.

Relatives Meet Bailey At Game In Waco

Buck Bailey, athletic director for Washington State College, was met by a number of Texas relatives when he accompanied his team and coaches by plane to Waco, where they played Baylor. Visiting him in Waco were Mr. and Mrs. T. J. Bailey of Ozona, Mrs. Mattie Cozzens of Eldorado, Mr. and Mrs. J. A. Nixon of Ft. Worth, and others. The players and their sponsors made the trip by chartered plane from Pullman, Washington, over 50 composing the squad who made the trip to Texas and back to the coastal state.

Relatives report a good visit with Buck, who is always glad to see Texas relatives and friends.

PUBLIC LIBRARY NEWS

Mrs. Aaron Steward donated a number of Lone Ranger and other children's books to the Library in the summer.

New adult guild books are "The Shining Tides," "The Distant Shore," "The Silver Chalice."

The Dorcas Circle of the Methodist Church gave us a copy of "Asylum for the Queen" by Jordan, in September.

Mrs. Glenn Edmondson, Nancy Jackson and Miss Thelma Ellington were others who donated books recently. Plays of Shakespeare are being checked out by high school students this month for reading.

Mrs. Jodie Whitten and new son have returned home from Goodfellow Air Force Base Hospital in San Angelo, where they were dismissed Monday.

MRS. THORNTON IS HONORED

Honoring Mrs. Thornton on her birthday, Mrs. John Hamm, her daughter, and Mrs. Houston Thigpen, her half-sister, entertained with a birthday party at her home Monday afternoon from 1:00 to 3:00.

Cake, hot chocolate and coffee was served to about 15, and Mrs. Thornton received a number of gifts.

CARNIVAL SET BY PARENT-TEACHER UNIT

A Hallowe'en carnival will be held Friday, October 31 by room mothers of the Eldorado Parent-Teachers Association.

Plans were discussed Tuesday at a meeting in the school auditorium. The carnival will be held at the Memorial building starting at 5:00 o'clock and close for the football game and open afterward.

Entertainment will include a fish pond, fortune telling, shooting gallery, funny books, chili supper, bridge, forty-two.

Come by before and after the game for good food and good entertainment.

DORA RILEY IN REST HOME

Miss Dora Riley, old-time resident of Eldorado, who has been living alone in the family home in this city, moved Tuesday to San Angelo to enter Rosewood Rest Home, at 124 E. Harris Avenue, across the street from Shannon Hospital. Several friends from here accompanied her. She closed her residence this week. She is still able to be around the house but decided that she could not live alone another winter.

From where I sit... by Joe Marsh

Our Town Wouldn't Take a "Back Seat"

Well, the "battle of the buses" has been settled! Our town is again friendly with Balesville.

Everything started when buses began going through our town with a big sign on them saying SHOP IN BALESVILLE. The bus line is owned in Balesville and operates over here on a franchise.

Windy Taylor was all for putting up barricades—he kept calling up the police and the bus company. Finally Judge Cunningham invited the Balesville Chamber of Commerce to meet with ours at Andy's Garden Tavern.

Over a good meal and glass of beer we all reached a compromise without any trouble. Those signs now read SHOP HERE IN TOWN. Everyone's happy.

From where I sit, it shows how problems disappear once both sides get together and try to work things out. Naturally we're all a little different. Some like soda pop, for instance, and some like beer. So what? We all have to ride along through life together. Why not make it a pleasant trip?

\$1,000 In Scholarships For Oil Industry Essays

Three college scholarships totaling \$1,000 will be awarded this fall to high school students writing the best essays on the general theme "What the Oil Industry Means to Me." The contest will be sponsored by the Permian Basin Oil Show, scheduled for October 16-18 in Odessa.

Oil Industry Information Committee chairmen from twenty-four West Texas counties have adopted the essay contest as part of their contribution to the 1952 Oil Progress Week, October 12-18, according to Joe T. Dickerson, OIIC Area Chairman. The writing competition is expected to spur student interest in Youth Education Day, the opening day of the Oil Show, October 16. Schools are being urged to provide busses to the show for children on that day, arriving in time to see the opening parade at 10:00 a. m.

Members of junior and senior classes of all high schools in the Permian Basin area of West Texas and New Mexico will be eligible to compete in the essay contest, and students will not be required to attend the Oil Show in Odessa in order to enter, Dickerson explained.

Four Buildings An Hour Go Up In Smoke

College Station. — Four an hour, that is the number of farm buildings burning somewhere in the nation. Experience shows that only about 50 per cent of the loss is covered by insurance and the remainder is a complete loss to the farmers.

With replacement costs for buildings, machinery and equipment high and in some cases in short supply, agricultural producers, says E. C. Martin, state leader for the Texas Agricultural Extension Service, cannot afford to let fire hazards go unnoticed on their properties. Martin points out that 90 per cent of all farm fires can be traced to one or more of the following hazards: improper storage and use of gasoline and kerosene; unsafe wiring, overloaded electrical circuits, failure to replace worn cords and defective electrical appliances; defective stoves and furnaces; careless smoking habits; spontaneous ignition of hay or other stored materials; sparks from chimneys or bonfires falling on flammable roofs; defective chimneys and failure to protect buildings with lightning rods.

Periodic checks of all farm buildings should be made, says Martin, to make sure that the stage isn't being set for a destructive fire. Finding the hazards, however, is not enough; they must be removed.

Prevention should be the number one item in any program aimed at reducing the number of fires but despite all human efforts fires may strike and provisions should be made for these emergencies, says the state leader. Fire fighting equipment should be available and in good working order. Such equipment as hand extinguishers, water containers, ladders, hose, shovels, swatters, rakes and the power sprayer, if it is portable, all should be kept in readiness. Make sure, says Martin, the water pumping equipment isn't put out of commission by a fire in the wiring of a farm building, and have plans for utilizing the water supply stored in tanks or ponds when located near buildings.

Fire prevention is the job of every member of the family and to be most effective community action is needed. Martin suggests that such can be accomplished through community organizations. He points out that a good fire prevention program will supplement a farm accident prevention program because many of the same hazards that cause fires also cause accidents.

More fire fighting equipment is needed in the rural areas and organizations already in existence are urged by Martin to consider undertaking projects that will eventually result in the securing of the needed equipment and trained leaders to operate it. He says it can be done because such equipment is already in operation in some areas. Fewer destructive fires and accidents on the farms and ranches of the state, says Martin, will leave dollars that can be used for further improving rural living and agriculture.

Under the heading "Denton Helicopter Pilot Rescues 89," the following news story appeared in a recent issue of the Denton daily:

Eighty-nine soldiers in Korea owe their lives to a Denton helicopter pilot—Capt. Robert H. Williams.

Williams and another officer of Livingston recently rescued the men who were trapped by a flash flood while fording a stream of the Soyang River.

The pilots brought them to safety after a truck carrying 25 men was washed downstream and a bridge was washed out cutting off the other soldiers on an island.

Captain Williams is attached to the 8192nd Helicopter Detachment, a part of the U. S. Eighth Army.

Jimmie Woodward is at home for a visit with his parents before a long trip to Japan, Korea, and Alaska, which will take from eight months to a year. Jimmie came in Saturday to visit his parents Mr. and Mrs. O. L. Woodward, and will leave Friday. He has served about 14 months of his enlistment period of four years.

Harold Grelle came in last week on a month's furlough, after serving for some time in Korea. He is expecting to receive his discharge soon.

Master Sgt. Dean Ashmore has landed in Europe and is now stationed in Wiesbaden, Germany, with the Airforce.

Mr. and Mrs. A. J. Halbert have been visiting at Buchanan with relatives. Mr. Halbert will return next weekend and Mrs. Halbert will remain there another week.

First Baptist News

The workers conference of the Concho Valley Baptist Association will meet with the Park Heights Baptist church in San Angelo Tuesday evening October 14. The Board meeting and the W. M. U. meeting will begin at 5:30. Supper will be served by the host church at 6:30. The program will begin at 7:30. This is a good program and we are hoping that as many of our church officers and people as possibly can will be in that service.

A good group of the deacons and their wives enjoyed a good supper as the guests of Brother and Mrs. Nelson in the church banquet room Monday evening at 7:30. After the evening meal a very vital and profitable deacons meeting was held. The main burden of the business meeting was laying plans for the new convention year just ahead. Brother and Mrs. Nelson wish to express their appreciation to each deacon and wife who attended this meeting.

The attendance at our youth choir practice Saturday evening was off quite a bit. We trust that each and every young person interested in youth choir work will be here at 6:15 this Saturday evening. The Cherub Choir continues to grow in interest and numbers. This Cherub Choir meets at 5:15 each Sunday afternoon. Mothers and Dads will you help us by seeing that your boys and girls are reminded of these fine services? Will you bring them that we might work with them? They are our future choir members. The training that Brother Welsh is able to give them will be of great value to them in the future.

This coming Sunday is layman's day throughout our Southern Baptist Convention. Our men will be given special recognition on this day. We trust that all of the men of our church will make an effort to be present on that occasion. We are hoping that our men's quartet will have the special music for us. Men will be used for the scripture reading. Our pastor will bring a message to challenge the heart of men. The advancement of our churches is largely dependent upon our men, and we are grateful for the fine way in which our men are entering into the services and the support of our church. God grant that there will be no man power shortages in our churches.

Our attendance was good this past Sunday. We had 227 in Sunday school and 95 in our Training Union. We welcomed into the fellowship of our church Sunday by Baptism the following: Mr. J. H. Mace, Mr. Odie Harris, and Mr. Henry Moore. By statement, Mr. and Mrs. George Williams and Helen. The orchids were won Sunday by the young people with a grade of 80. Out of the 15 they have on roll 13 were present. The Nursery with 18 on roll had 21 present. Great things are just ahead for us in the Lord's work if each of us will be found in his or her place. We also welcomed by letter Mr. and Mrs. L. M. Hill and James.

Mrs. Ratliff, our W. M. U. president asks all members and anyone else who might be interested to keep this date, Monday, October 13, in mind. On that Monday she is urging the ladies to bring clothes to the meeting that would be suitable for sending to our orphanages and men's and women's clothes that can be sent in packages to Korea. She felt that since this was a time we would be getting out our fall and winter clothes and that there would be some not usable for us we could bring them and share them with those less fortunate than ourselves. This is the gospel in action. This is the sermon on the mount in deed. This is Christianity expressed in human deed. Let us all take heed and make a noble collection out of this.

Next Monday in W. M. U. will be Bible study. Our Bible lesson is to be taught by our pastor. This is one of the most vital of all our W. M. U. meetings. Last year the attendance at the Bible study wasn't what it should have been. Members from each circle will be asked to stand each Bible study day. There should be as many or more in this service than there is in our circle meetings. Our goal for the first Bible study is 40 ladies. The main purpose of W. M. U. is to carry out the Bible teachings of missions. Then it seems that to come study what the Bible teaches would be our most vital meeting each month. If we don't come to the church it will appear that there is more loyalty and interest in the circle than there is really in the work of the Lord fostered by the W. M. U.

Fort Worth. — The swine plague—vesicular exanthema—has struck in Texas! Positive diagnosis of a case of the disease was made at Fort Worth Monday from a "sick pig" discovered in the stockyards last Thursday.

Vesicular Exanthema has been rampant in the Midwest for some months and originated in California, where it has been common for many years. Called "VE" for short, the symptoms are identical with the dread foot-and-mouth disease.

For this reason careful tests were made at Fort Worth and calves, lambs and a horse were inoculated with serum from the feet of the infected hogs to be sure of the diagnosis. On Monday, Dr. C. F. Layton, veterinary inspector for the Bureau of Animal Industry of the USDA, sent word to this writer that the VE diagnosis had been proven.

This poses a very serious problem to hog producers, hog buyers and markets where hogs are handled. Producers certainly are concerned deeply about avoiding a start of the disease in their herds.

Buyers are fearful of tremendous losses if a sick animal is found in their plant. Losses of \$5,000 and \$10,000 have resulted when VE pigs have been found in packing plants. The loss is caused by the fact that much pork must be destroyed and a thorough cleanup of the facilities and premises must be made.

In fact the virus is believed by many to be spread as much from pork scraps in garbage as from contact or otherwise. One hog feeder called this writer at Fort Worth Sunday night and suggested that all dining car garbage should be either cooked or destroyed and not fed to hogs. It was his theory, and shared by many others, that dining car garbage was probably responsible for the rapid cross-country spread of the disease.

The Eastern Meat Packers Ass'n last month passed a resolution demanding that garbage feeding of hogs be stopped by law. It is the considered opinion of a majority of observers in the matter that the trouble does seem to center around feeding operations where raw garbage is fed.

Texas faces a big job. It is fortunate that the disease was discovered early and speaks well for the alert inspectors for the Texas Livestock Sanitary Commission and the Bureau of Animal Industry of the USDA on the Fort Worth Livestock market.

Efforts are being made to trace the origin of all the hogs found to have the disease here.

FORT WORTH — No hogs or sheep were unloaded at Fort Worth Monday due to the embargo brought about by the finding of some hogs infected with vesicular exanthema on the yards late last week. It is expected that sheep shipments to the market may be resumed late this week.

Cattle and calf trade on Monday at Fort Worth was a slow affair again in view of the heavy rains that appeared around the major marketing circle. The 152,000 cattle and 27,000 calves reported at 12 major markets Monday totaled 12,000 more than a week ago and were 69,000 above the same date a year ago.

Most high quality stockers and high grade killing cattle and calves ruled steady at Fort Worth and the plain and medium sorts were steady to easier.

Good and choice fed steers and yearlings sold for \$223 to \$31, two loads of 1,129-pound fed steers from Addington, Oklahoma, from Price & Short, topping at \$31. Other slaughter steers and yearlings of cutter, common and medium sorts sold from \$10 to \$22.

Fat cows cashed at \$12.50 to \$16.50, and among cow shippers were Millard & Scharbauer, Lea County, N. Mex., with a load of 932-pound cows at \$13; Newt Redmon, Swisher County, had 56 cows at 1,021 pounds at \$13.50 and 17 head at 1009 pounds at \$13. Furd Halsell & Son, Tarrant County, a load at 982 pounds at \$13, with odd head at \$15.

Good and choice fat calves drew \$18 to \$26, Cecil Sullivan of Red Oak had some heavy calves at \$26; and E. E. McAlister, Eastland County, had some calves at \$25 and \$26 that weighed over 500 pounds. Plain and medium butcher calves drew \$14 to \$18, and culls

cashied at \$10 to \$14.

Good and choice stocker steer calves sold from \$20 to \$26 and plainer kinds sold from \$15 to \$18. Heifer calves sold \$1 to \$2 under steers. Stocker steer yearlings cashed at \$16 to \$23, a few light-weights at \$24.50. Stocker heifers sold from \$21.50 down. Stocker cows were reported from \$13 to \$18.

Mrs. S. A. Blankenship, Armstrong County, had a truck lot of 605-pound steer yearlings at \$23 Monday at Fort Worth.

A Ticket Is A Favor

You knew a ticket was coming when the siren sounded behind you and the flashing red light blinked in your mirror—and you knew why.

But did you even stop to think the officer was doing you a favor? Well, he was! Traffic patrol officers know their business. They are the ones who help clean up the gory messes on the highways, but their big job is to prevent accidents from happening.

There's no personal animosity in a ticket—and it may be saving your life and the lives of others in a positive way. Remember, driving is a responsibility as well as a privilege.

When you see a speeder getting a summons, be glad the law is dealing with another traffic violator—making your trip on the road safer. And if you ever drive out-of-turn—exceed the speed limit, go through a red light, cross a traffic line at a "no-passing" point, or violate some other rule of the road—recognize the fact that you are a candidate for a ticket.

And when the officer hands it to you—even if you don't say it out loud—think: "Thank You."

News From Our Neighbors

More Hay Arrives

A total of 32 carloads of government purchased hay under the drought disaster program had arrived over the Santa Fe in Bronte to Wednesday of last week. J. Quisenberry, county PMA executive, says most of the hay has been of good quality. Coke county farmers and ranchers have filed orders for about 75 carloads.—The Robert Lee Observer.

Revenue Bond Election

An election has been called in the City of Big Lake for Oct. 11 for the purpose of determining whether or not revenue bonds, amounting to \$300,000, shall be issued to improve and extend the city's sewer and waterworks systems, and to retire bonds previously issued. Eligible to vote in this coming election will be qualified voters of the city who are property taxpayers. — Big Lake Wildcat.

Water Ban Lifted

Restriction on watering lawns, shrubs and gardens, imposed several weeks ago, were lifted last week-end by order of the city commission. City officials feel that enough water has been available, to prevent any serious damage to Alpine lawns or plants and expressed their appreciation for the cooperation shown by local residents. Plans are under way to augment the water supply before next summer, it was stated.—The Alpine Avalanche.

Cotton In Garza County

A forecast of 17,000 bales of cotton from Garza County's 1952 crop was made Wednesday by Co. Agent Lewis Herron. The estimate is 3,000 bales less than the one made by Herron one month ago, on September 1.—The Post Dispatch.

Ozona Blind Girl Gets Seeing-Eye Dog

Olivia Sanchez, blind Ozona girl, was scheduled to return home this week with her new seeing eye dog, secured from the Eye Dog Foundation at Azusa, Calif. Miss Sanchez has been at the Foundation in Azusa for the past month getting acquainted with her seeing eye dog and training with him. — Ozona Stockman.

677 Tons Hay Asked For

Eighty-four producers have applied for a total of 677 tons of hay through the government program administered by the PMA, Mrs. Lena Burrier of the local office, said Thursday.

Of the amount 661 tons is to be legume hay and the other 16 tons mixed hay. Five different orders have been made. No shipment has been received yet, Mrs. Burrier said.—Junction Eagle.

How to Keep Your Telephone From Being "BUSY" . . . Doing Nothing

Always replace your receiver carefully. If your receiver is not replaced properly your telephone is just as "busy" as if you were actually using it. This is equally true on a party line and private line. Calls can't come in to you—and, if you're on a party line, your neighbors can neither make nor receive calls.

So please try to hang up carefully, and see that your telephone receiver is always properly replaced. It means better service if you do. . . .
