

WHAT PRICE SPEED?

Speed—excessive, reckless speed is the greatest killer stalking the Nation's highways today.

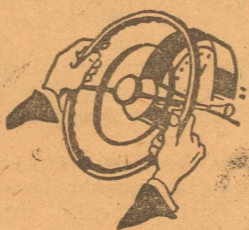

In one out of every two driver accidents resulting in deaths and injuries, speed is directly responsible for this carnage on the highways. Other lethal causes, such as cutting in and out, passing on curves and hills, driving off the roadway, are indirectly the result of quick bursts of speed.

And the speed death toll is climbing! Faster roads, super-powered cars urge drivers beyond their human limitations to a quicker and more frequent rendezvous with Death.

Rural highway fatalities due mainly to speed soared from 22,000 in 1949 to 28,200 in 1952 and over 31,000 in 1953. Those are the dead—and for every death count fifty injured, maimed, crippled for life.

Is this the price you and others are ready to pay for the momentary thrill and the ever-present danger of death from speed? It takes only a split second to change speed exhilaration into speed tragedy.

The decision is in your hands—be sane, be sensible, slow down and live!

SLOW DOWN—LIVES ARE IN YOUR HANDS!

Atkinson-Gartman Engagement Announced

Mr. and Mrs. A. E. Atkinson announce the engagement and approaching marriage of their daughter, Sherry to Jack Gartman, son of Mr. and Mrs. T. A. Gartman of Sterling City.

Vows will be exchanged in June. The bride-elect is a junior student at the Eldorado high school. Mr. Gartman is employed by the Continental Oil Company.

ST. LUKE'S BAPTIST

St. Luke's members look forward to starting on remodeling of their church in June. The Mission has scheduled a drive for the 5th Sunday in May.

Rev. J. C. Covington was bitten by a black widow spider in March, but is now able to be back on the job.

Each church congregation is asked to visit and help in the rally which will last from May 26 thru the 31st.

Sue and Lynn Herring and Sharon Tucky of Ballinger were overnight guests in the Ray Tisdale home. The young people attended the high school dance.

June List Of Plentiful Foods

College Station.—Milk and other dairy products rate top billing on June's plentiful foods list.

Supplies of tomatoes, onions, potatoes, cantaloupes and raisins are expected to be heavy enough to take spots on the list, reports John J. Slaughter of the agricultural marketing service.

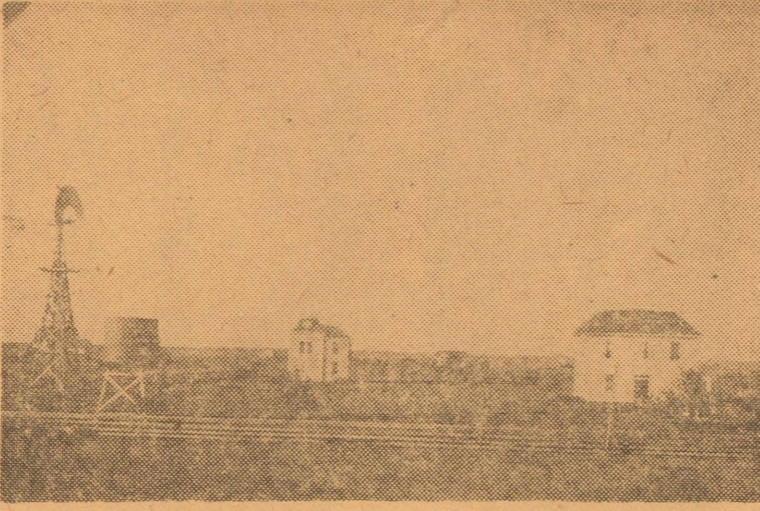

Such popular main-dish foods as eggs, broilers, fryers and beef continue plentiful. Vegetable fats and oils complete the list for June, says the U. S. Department of Agriculture.

JUNIOR WOMAN'S CLUB

The Junior Woman's Club met at the Memorial building with Mrs. Max Henry as hostess, and Mrs. Jewel Shelton principal speaker. Miss Shelton traced the history and gave present-day usage of Texas slang. Cake and cokes were served following the program.

Tonight, Thursday, the club will have pot luck supper honoring their husbands, beginning at 7:30 at the Memorial building. Installation of officers will follow the supper.

Schleicher County Property Of Fifty Years Ago

Windmill and Tank—Jail—Courthouse

History-minded Schleicherites will be interested in the above picture of the old courthouse, with jail, windmill and fence, as they appeared shortly after the turn of the century.

Today all are gone except the jail. A more modern courthouse replaces the old frame structure, and the fence and water system have been removed in the past few years.

Schleicher County remained unorganized until 1901, but there had been some talk before that time of the need of a courthouse. The old Silliman building, northeast of the Woodman Hall, had been temporarily used, but there was no place for storage of records.

After new officers had been elected, talk about a courthouse building increased until in 1902 the county voted on a bond issue for that purpose. J. J. Rice put in low bid of \$2469.14, following posting of \$3,000 bond, and he completed the building in June of 1902.

Lumber for the building was hauled in from San Angelo on the old dirt road, four to eight horses pulling each heavy wagonload of material, and the round trip taking four days.

But the courthouse failed to provide the weatherproof storage the county needed; by 1916 and '17 the frame building was dilapidated, and records were in danger of damage by storm or fire.

A bond issue called March 24, 1917, for a new building failed to carry, but the problem was taken out of the hands of voters that night when the building burned completely down, and only part of the records were salvaged.

Jail Still Stands

While the old courthouse shown in the above picture has been gone many years, the old jail still stands, and is in use as needed. The sheriff occupies an apartment in the building and the other rooms are used for safe-keeping of prisoners.

Election to provide funds for a jail building was ordered for Aug. 15, 1905 in the amount of \$8750.00, and T. S. Hodges was low bidder.

Rock was from Schleicher County and other materials from San Angelo. Eight months were required to complete the job.

In April, 1923, construction of a new courthouse was brought a step nearer by ordering of a bond issue in the amount of \$60,000, which passed with little opposition and the low bid of San Antonio Construction for \$49,960 was accepted with additional \$3200 allowed for a heating system.

This courthouse is still in use, though it has been improved on the interior, and there was a face-lifting job on the stone a few years ago. The fence, windmill and tank were eventually removed.

A fine Memorial building was added on the grounds after World War II, honoring Schleicher County service men.

(The above picture is owned by old timers Mr. and Mrs. L. M. Hoover.)

Mr. and Mrs. Grover Lee Johnson have gone on a vacation trip to Gonzales and other places.

Mrs. Benjamin D. Dusek, the former Carol Lynn Dickens, will receive her diploma with the Senior Class of Lakeview High School at graduating exercises there Wednesday evening, May 26. Mrs. Dusek, who attended the Eldorado schools until her sophomore year, expects to join her husband who is stationed with the U. S. Army at Fairbanks, Alaska, some time in June.

Roy Lynn Love is out of school with mumps.

Mr. and Mrs. Leonard Orynski of Dallas visited recently with Mr. and Mrs. D. C. O. Wilson on the ranch.

Mr. and Mrs. Pete Ringle spent the week end in Texon with relatives.

Leslie Woollard and Miss Ada Woollard spent the week end in Bronte.

State Fair Party Promotes Tex. Livestock In Pan-Am. Countries

The State Fair of Texas Pan-American goodwill party returned from a flying tour of Panama, Ecuador, Colombia, Venezuela and Cuba with news of extensive plans by individuals and governments of those nations to purchase millions of head of purebred cattle in the United States.

In each nation the leading ranchers and businessmen promised that large delegations from their countries would visit the Pan-American Livestock Exposition Oct. 9-17 during the 1954 State Fair of Texas.

The president of Colombia, Gen. Gustavo Rojas, told the group that that country will import one million head of cattle from the U. S. to stabilize its agricultural economy. A three-man commission will come to Texas this summer to begin negotiations to buy the cattle at the rate of 100,000 a year for ten years, the Colombian chief executive declared.

Purchases will include all the beef breeds—Brahmans and Santa Gertrudis for the hot areas of the country and Aberdeen-Angus, Shorthorns and Herefords for the high plateaus. Dairy cattle also will be imported, he said.

All bulls to be imported into Colombia will be purebred. Some purebred cows will be imported, but most will be good grade commercial cows.

The former president of Ecuador, Galo Plaza, the owner of ten large ranches and farms, told the State Fair delegation that Ecuador has a hard time supplying its beef needs and that cattlemen are interested in improving their herds.

They already have shipped in some cattle from the U. S. He assured the group that a large party of cattlemen of the Quito area would attend the Pan-American Exposition in Dallas. They are largely interested in dairy breeds that do well in the high altitude. In Guayaquil, on the tropical plains near the Pacific ocean, cattlemen are more interested in beef and two-purpose cattle that can withstand the humidity.

The eleven-man goodwill group made the two-week junket to invite cattle raisers and businessmen to the Pan-American Livestock Exposition and to help open up a market in Latin-America for pure bred livestock on behalf of the breeders who will exhibit at the exposition.

Mrs. Ray Sherrard of Scheetady, N. Y., and four children, Karen, Ann, Matt and David, are here visiting Mrs. Sherrard's parents, Mr. and Mrs. E. H. Coulter. They will be joined during the week end by Bill Matteson and his wife and two children of Great Falls, Montana, who will move after their vacation to Eugene, Oregon; and also by Mr. Coulter's brother and wife, Mr. and Mrs. A. W. Coulter of Tulsa, Okla., who are on a trip to Louisiana.

Mr. and Mrs. J. H. Mace were out of town for the week end, attending the funeral of Mrs. J. D. Moore Friday at Denison, and visiting Mr. Mace's parents Mr. and Mrs. E. B. Mace at Fort Worth two nights. The Moores formerly lived in Eldorado, where Mr. Moore was employed at the Foxworth Galbraith lumber yards, and they moved to Denison about ten years ago when he became manager of the yards there.

News From Our Neighbors

Bitterweed Spreading
Many ranchers are expressing concern—and rightly so—at the number of bitterweed plants they are finding on bitterweed-free pastures. During the past three years extreme drought largely prevented the germination and growth of this poisonous plant. Drought also materially reduced the growth of perennial grasses in the Edwards Plateau Soil Conservation district, which was effectively preventing the growth of bitterweed.—Devils River News.

Girl's Rodeo a Success
Fort Stockton's Sixth Annual All-Girl Rodeo reached a successful conclusion Sunday afternoon before an enthusiastic crowd of spectators and participants. Wanda Harper received a hand-made saddle awarded the outstanding performer of the show by a Pecos maker, and Gwen George and Betty Baggett receive top honors in the two divisions of the Rodeo Queen contest.—Fort Stockton Pioneer.

Good and Bad
Another good—and bad—story concerns Wanda Harper, who won a saddle at Fort Stockton over the week end as the best all-around cowgirl, which earned her 379 points in national competition and placed her at the head of all girl rodeo performers throughout the U. S. Previously she had swept reining honors at the San Angelo show.

But her famous mare DeeGee lost a set of twin colts last week. Twin colts are one of the greatest rarities of domestic stock, we are told.—Mason Co. News.

McKavett Woman Honored
Mrs. Herbert Mears has been named winner in a regional "Conservation Homemaking of the Year" contest sponsored by the Ft. Worth Press. She will be presented an award, a sterling silver engraved platter, at an awards banquet to be held in Alpine May 29. Mrs. Mears was nominated early this year by the Menard County Home Demonstration council. She is a member of the Fort McKavett Home Demonstration club and has also served on the council.—The Menard News.

New Community Center
Ground-breaking ceremonies for the new community center building in South Alpine will be held tomorrow at 5:30 p. m., it was announced this week. Sponsoring organizations will be present to turn the first shovel of dirt. The public is invited to attend the ceremonies.—Alpine Avalanche.

Rain For Bronte
West Texas and Coke County have received more good rains since last week's Enterprise was published, adding to the belief that maybe at last the drought is broken. Coke County received up to two inches and at least 1 1/2 inches was reported over most of the county. The Enterprise gauge in town showed a total of 1.85 inches.—The Bronte Enterprise.

Bond Issue Scheduled
Saturday, May 29, is the date set for a county-wide election in which qualified voters are to pass on a \$925,000 bond issue for the construction of a new Reagan County High School plant. The issuance of such bonds will be made possible from increased valuation in oil properties and production, and not from an increase in tax rates, Supt. C. O. McKinney has explained.—Big Lake Wildcat.

S. E. Etheredge

Silas Evans Etheredge, 79, died Tuesday afternoon in Eldorado, following a stroke which he sustained Sunday afternoon at 3:00.

The funeral was held Wednesday afternoon at 4:00 at the First Baptist Church, the pastor, Rev. J. C. Hancock, officiating, assisted by Rev. Cliff McDougal, pastor of the Fundamental Baptist Church, and Rev. James Spencer, Presbyterian pastor. Favorite hymns were sung by a quartet, members of which were Mrs. Roy Phelps, Mrs. Bill Rountree, Will Whitten and Hank Mund. Mrs. Stigler was organist.

Pall bearers were Oddest and Charlie Sudduth, Bob Faught, C. N. Shaw, Billy Frank Meador, and A. W. Keys. Interment was made in the Eldorado Cemetery beside his wife who died in 1920.

He was born at Sweetwater, Alabama, April 3, 1875, to Mr. and Mrs. S. E. Etheredge. In 1882 he moved with the family to Luling, in Caldwell County, Texas, and attended school there. On June 14, 1899, he was married to Gibbie Etheredge, and the couple started housekeeping in Luling, later moving to Calvert and in 1927 to Schleicher County.

For many years he was employed on the Thad Thomson Ranch, working there until he retired 12 years ago and moved to San Angelo. At the time he became ill he was making his home at Rosewood Rest Home. The family brought him to Eldorado Sunday evening and placed him in the Eldorado Clinic Hospital where he was a patient until his death Tuesday, at 3:00 p. m.

In 1893 he was converted and joined the Baptist Church, and at the time of his death was a member of the Bailey Ranch Baptist Church.

Besides his wife, three grown children preceded him in death. Evans died four years ago in McCamey at the age of about 42; Mrs. Rance (Sadie) McDonald died June 9, 1947; Roy died in Calvert at the age of 20, in 1922.

Surviving children are Jack, and Mrs. Vernal Sudduth of Eldorado and Oscar of Santa Anna. There are also four grandsons, Eddie, S. E., and Billy Jack Etheredge and Myrl Sudduth, and one sister, Mrs. E. L. Mayton of Luling.

Among the out of town people here for the funeral were Mrs. E. L. Mayton and daughter and son-in-law Mr. and Mrs. John Love, and a cousin Mrs. Alma Old, all of Luling.

Salt Used To Regulate Protein Feeding

Efficient protein supplement feeding, better use of grazing land through mobility of feeding bunks, and labor saving costs are advantages of feeding salted meal, as demonstrated by USDA Southern Great Plains Field Station. Some cattle (above) have their fill of salted protein and move to other grazing, leaving plenty on hand for rest of herd.

More profitable protein supplement feeding for western stockmen has been developed which calls for mixing sufficient loose salt with meal or grain supplements to govern daily consumption by beef cattle, breeding cows and sheep. The salt serves as the regulator, because an animal by instinct will eat so much salt per day, and no more.

Dr. D. A. Savage, USDA Southern Great Plains Field Station, Woodward, Oklahoma, recently reported results of the five-year experiments.

Advantages of this method include: (1) Placing supplement rations weekly, with saving in time and labor costs, particularly in reaching inaccessible areas of the range; (2) larger, more vigorous animals take their daily fill and move to other grazing. Plenty of ration is left for smaller, weak-

er animals; (3) animals will not over-eat protein. Excess salt passes quickly through the animal with no ill effects, and (4) varied placement of mobile feeding bunks means efficient utilization of grazing land.

To restrict daily winter supplement intake to two pounds, use No. 4 crushed rock salt as follows: One-half pound salt for 400-pound weaner calf; seven-eighths pound salt for 700-pound steer, and five-eighths pound salt for 500-pound steer. Larger animals require more salt. Summer daily supplement consumption should be reduced to one pound, with proportionate cut in salt.

Successful use of this method has been reported to Dr. Savage in California, Colorado, Utah, Montana, Wyoming, Texas, Arizona, Oklahoma, and New Mexico.

BITTERWEED PROBLEM COMING UP AGAIN

Stockmen are becoming more concerned each year at the steady yearly encroachment of bitterweed on their pastureland. This year the steady increase of this sheep pest has become more noticeable than ever. The past few years the drought has largely prevented the increase in this plant; but now that the rangeland has received spring rains this yellow blooming plant is showing up in new places. The drought and continued stocking of pastures the past years has also reduced the cover of grasses which were most effective in resisting the spreading and growth of this weed.

During these dry years the weed's seed has become scattered over your rangeland by many means. Pastures that once were clean of bitterweed are now becoming infested. These seeds are carried by man, vehicles, livestock, wildgame, wind, and insects. Recent rains have shown that some seed has been scattered nearly everywhere.

It is very important that ranchers on bitterweed-free land make a careful search for the occasional or isolated plants which have developed from seed brought in. If they are found and destroyed now it will prevent them from dropping thousands of seed, and the job of keeping your grassland free of them will be much easier. The greatest part of these isolated plants will be found along pasture roads, trails, fences, and in draws leading from other bitterweed infested pastures. All plants should be pulled, sacked, and burned since many now contain mature seed.

Many thousand acres of good ranch land around Eldorado are still free of this weed. Many more areas are only slightly infested. It is of the utmost importance to the ranchers and entire community that they remain free.

It is in this connection that Eldorado residents can aid in the fight, by pulling and burning all bitterweed in the city. Bitterweed seed produced in town can easily be carried by vehicle to a ranch, and can be washed to outlying farms and ranches by rains or carried by other means.

Any local citizen who doesn't recognize bitterweed and has some fine leaved yellow-flowered weeds can get positive identification by

calling your county agent, local soil conservation service office, or any local rancher.

Guests of Mrs. Mattie Bruton and Miss Mary were Mr. and Mrs. J. B. Bruton and little son of Big Spring, Mr. and Mrs. Alf Bruton of San Angelo and Mrs. Huyen of San Angelo.

CARD OF THANKS

We want to express our sincere thanks to those of our neighbors and friends who have been with us in our time of sorrow. Your kind words and deeds will be remembered throughout the coming years. Also, we are grateful to the hospital staff for their wonderful care. We only hope that when sorrow is yours that you will have the same consolation and blessings we have received. May the blessings of God be yours throughout the future.
—The Family of S. E. Etheredge.

The Military

Melvin Owens of the Marines, is here from San Diego on a 21-day furlough. He has another four weeks of training coming up and then will go overseas. His mother, Mrs. Marion Owens of Corpus Christi and his sister Mrs. Earl Musick and husband and baby, of Rivera, are visiting here while he is at home. All visited Wednesday in San Angelo.

Reuben Minor has been called for induction; also another young man from Ozona.

Lewis Clancy, who is with the Marines, has been visiting friends here during his leave.

Jerry Thompson and Elton Harris of Fort Bliss, El Paso, had as week end guests relatives and friends from Eldorado: Mr. and Mrs. Ray Alexander and daughter Mary Lou, Mrs. Odis Harris and Mrs. Ernest Thompson. Jerry will leave on the 22nd for Ft. Sheridan, Illinois, from where he will be reassigned after having completed his 16 weeks of basic at Fort Bliss; Elton is still in basic at Fort Bliss.

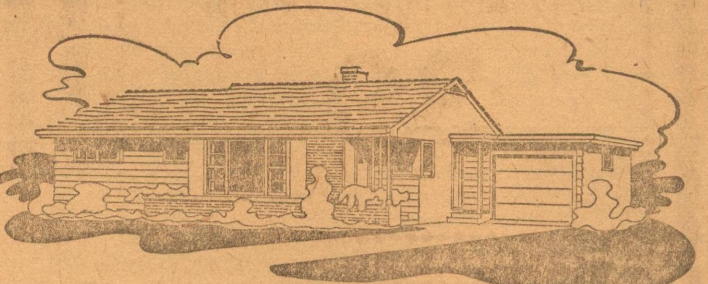

New Babies

Born, on the 14th, at a San Angelo hospital, a daughter, their fourth child, to Mr. and Mrs. Bill McCravey. The new baby weighed nine pounds and 13 ounces and has been named Jeanne Jonell. Grandparents are Mr. and Mrs. W. R. McCravey and Mr. and Mrs. J. E. Hill of Eldorado, and greats are Mrs. J. F. Murchison of San Angelo and J. W. Hill of San Antonio. Other children of the McCraveys are Mike, age seven; Chris, age five; and Maureen, who is three. Mother and babe returned from the hospital Tuesday.

Mr. and Mrs. Frank Clarke have been visiting in Bryan with their first grandchild, Frank Clarke Mittel, born to Mr. and Mrs. Howard Mittel in a Bryan hospital May 8, and weighing eight pounds and six ounces at the time of his arrival. A paternal grandparent is Henry Mittel of Eldorado, and greats are Mrs. Lillian Beasley of Waco and Mrs. Mittel of Sonora. The young father is attending college at A&M. The young mother is the former Laura Mae Clarke.

Dr. H. Z. Pennington reports the birth of a daughter to Mr. and Mrs. Sam Garcia, May 18, at 3:00 p. m.

get—for she is aware that someone must "pay the fiddler." The busy homemaker will want to consider saving of time versus saving of money, for it is a law of economics that if one saves time and energy one must spend money, says Louise Mason, foods and nutrition specialist for the Texas Agricultural Extension Service.

She suggests three plans to aid the housewife in her decision to step to jig-time shortcuts, or "sing a song of sixpence." Using essentially the same menu, the homemaker may choose (1) a completely home-prepared meal, (2) a partially-prepared meal making use of packaged and frozen items, (3) a ready-to-serve meal of canned prepackaged, and purchased foods.

Here's how the three plans work with the same menu. The most economical step would be for the housewife to cook all of this lunch or supper herself: Macaroni and cheese, green salad with tomatoes and homemade dressing, corn muffins, sliced fresh peaches, raisin cookies.

A compromise would be to use packaged macaroni and cheese, packaged green salad with tomatoes, prepared-mix corn muffins, frozen sliced peaches, prepared-mix raisin cookies.

The speediest method and most expensive would be to use canned macaroni and cheese, prepackaged green salad with tomatoes, commercial salad dressing, purchased corn muffins and raisin cookies, and canned sliced peaches.

Recipe of the Week

Jellied Vegetable Salad
1 teaspoon unflavored gelatin
1 tablespoon cold water
3/4 cup strained carrots
1/4 cup water
1/4 teaspoon salt
1 tablespoon sugar
2 hard cooked eggs

Soften gelatin in cold water. Combine strained vegetables with water and heat. Stir softened gelatin into hot mixture. Add salt and sugar. Cool. When mixture begins to thicken add eggs, sliced or chopped. Chill until firm. Serves 2 or 3. Can be molded into individual molds, or chilled in bowl. Serve on lettuce leaf with ruby dressing.

John Ochsner will graduate from Texas Tech on May 31, when Commencement will be held, following baccalaureate on the previous day. The L. D. Ochsners of this city plan to attend. An honor John received this year was chairmanship of the Senior gift committee.

Specialist Recommends Freezing Of Eggs During Low Prices

College Station. — With eggs lower in price now, housewives can save money by freezing them. Frozen eggs will keep in good condition from 9 to 12 months. Eggs are broken out of the shell for freezing.

Yolk and white may be frozen separately, or whole eggs can be stirred to make a uniform mixture. Foods and nutrition specialists of the Texas Agricultural Extension Service say—freeze eggs in quantities to be used at one time.

Stir whole eggs with a fork enough to make a uniform mixture. Do not beat. Strain through a sieve. To one cup of whole eggs, add 1/2 tablespoon of ONE of these—sugar, corn syrup, or 1/2 teaspoon of salt according to the kind of recipe in which the eggs will be used.

Yolks frozen alone should be stirred with a fork and strained through a sieve. Add to a cup of egg yolks ONE of these—1 tablespoon sugar, 1 tablespoon corn syrup, 1/2 teaspoon salt.

Strain egg whites through a sieve, and freeze without stirring or adding anything.

The trays used for freezing ice cubes make convenient containers for freezing in small amounts. The trays should be lined with cellophane. Frozen eggs may then be forced from the dividers and stored in the freezer.

Thaw at room temperature, in cold running water or in refrigerator. Mix contents of package thoroughly before using. Use thawed eggs within 24 hours. Do not refreeze.

For further information on freezing foods, ask your county extension agent for bulletin B-175, Frozen Foods, or write to the Agricultural Information Office, College Station, Texas.

Electric Fan Needs Summer Tune-Up

College Station. — An electric fan that roars like a jet plane or shakes the house with vibrations can be "tuned up" to send silent gentle breezes as warm weather arrives.

Pouring oil on troubled fans is not the whole cure. Manufacturer's directions will show correct oiling. Ordinarily, fans need lubricating only once a year. If the fan is run a great deal, it may need oil more frequently. However, care must be taken not to over-oil and soak the insulation in the motor as this will damage the motor, warns the home management specialist for the agricultural extension service.

A loose screw may cause vibrations. Dirt on the blades will cause the blade to be unbalanced. If the blades are soiled with oily grease, clean them with a damp soapy cloth or a cloth dipped in kerosene oil. Guards and cover of the motor should be cleaned too. Frayed or damaged cords should be replaced or repaired.

If the fan fails to start, it may mean a break in the cord or a loose connection. If the trouble is not apparent, it is a good idea to check with a repair man.

Tips For Owners Of Home Food Freezers

College Station.—What to do in case of a long-time power interruption is a big problem confronting owners of home food freezers.

A new bulletin prepared by foods and nutrition specialists of the Texas Agricultural Extension Service says, 50 pounds of dry ice in a 20 cubic foot freezer will hold temperatures below freezing for three or four days.

The bulletin which contains 35 pages of helpful information on freezing foods at home goes on to say that foods in a loaded freezer

will remain frozen two or three days, even in summer, when the power is off. Foods in a freezer filled to less than half capacity however, may not remain solid more than a day.

When the power fails or the unit fails to refrigerate properly, it is advisable not to open the freezer door unnecessarily, it points out.

Copies of "How to Freeze, How to Cook Frozen Foods," B-175, are available from county extension offices or from the Agricultural Information Office, College Station Texas.

E. H. Topliffe is putting up a business building on his lots east of the business district.

—EATON'S Corrasable Bond, legal size, at Success Office.

Mesquite Eradication Requires Moisture

College Station. — Attempts to eradicate mesquite and oak with aerial herbicide treatments can prove fruitless unless proper soil moisture is available. In addition, mesquite should not be sprayed until the plant is in full leaf, preferably 50 to 80 days after leaves appear in the spring.

Drouth has upset both growth and moisture conditions and spraying at this time may give disappointing results, says A. H. Walker, extension range specialist. He advises "aerial operators" to wait and watch for the full leaf condition.

Use one-half to two-thirds of a pound of a low volatile 2,4,5-T ester in one gallon of diesel fuel and three gallons of water to the acre. This chemical is non-poisonous to man and animal, but does pose a drift hazard.

Ample moisture and full leaf also is needed to obtain high kills

of post oak and blackjack. For control of these plants use 1 1/2 to 2 pounds of 2,4,5-T in three gallons water and one gallon diesel oil per acre. A second treatment 12 months later containing one pound 2,4,5-T may be necessary.

Extreme caution must be exercised in applying the materials and the State Herbicde law must be followed, Walker adds.

County agents have two bulletins: L-127, Chemical Control of Mesquite, and C-330, More Grass from Controlling Hardwoods, which contain additional information on hardwood control.

**School Students
Are Hosts At Dance**

Young people from Sonora, Ozona, Christoval, Menard and Ballinger joined with Eldorado High School students in attendance at a dance given by Mary Tisdale, Jerry Lynn and Kenneth Pennington, Ronnie Mittel and Bill Holcomb. Among adults attending were the parents, Mr. and Mrs. Tisdale, Mr. and Mrs. Jerry Pennington, Mr. and Mrs. Archie Mittel and Mr. and Mrs. T. E. Holcomb and there were also other chaperons present.

The dance was held in the Memorial building. Sandwiches, cookies and punch was served during the evening.

The dance, which was informal, was directed by Mr. and Mrs. Harvey Blakeway of San Angelo who called some squares and taught the young people some new couples dances and ring games. Also present were Mr. and Mrs. R. W. Emerson of San Angelo, who assisted with organizing of a square dance club a number of years ago.

**PIANO AND ORGAN RECITAL
SCHEDULED FOR MONDAY**

Piano and organ pupils of Mrs. Horace Linthicum and Mrs. W. M. Patterson will be presented in recital Monday night, May 24, at the Methodist Church, beginning at 8:00 o'clock. The public is invited to attend.

**D. A. R. AWARDS
MADE IN ASSEMBLY**

Friday morning in high school assembly, awards were made to the winning students in the D.A.R. history contests. These contests, the projects of Mrs. Wayne M. Cory, historian general of the National Society, have as their purpose to try to instill into the youth of today a knowledge and appreciation for the ideals which have made America great.

Students in the 6th and 8th grades chose to write essays on some historical event or American leaders, while those in the 10th grade wrote essays and made some replicas of early Texas history.

Joe Andrews, principal of the high school presented medals to first place winners: Genevieve McCalla, Ernest Nimitz and Monetta Bradshaw; and the second place winners were given certificates. These were June Williams, Myrta Ann Topliffe and David Steen. The winners of the local Chapter were present and recognized by the speaker.—D.A.R. Reporter.

Visitors in the home of Mr. and Mrs. Jack Whiteley at Brady were Mr. and Mrs. Tom Carroll of Ozona, Mr. and Mrs. J. C. Whiteley, Mr. and Mrs. Layman Hazelwood and Mr. and Mrs. Vernon Hazelwood.

The condition of Will Doyle remains about the same since his stroke.

Brownwood.—Bill Jones, son of Mr. and Mrs. John R. Jones, Eldorado, a senior student at Howard Payne College, Brownwood, was a member of the HPC Yellow Jacket golf team which won the Texas Conference golf championship at Abilene's municipal course May 13. He is shown kneeling in the center of the above picture.

The Jackets shot a team total of 334 to win the team title by five

strokes over McMurray. Abilene Christian College was third with a total of 352.

Johnny Baker, (also kneeling) senior from Childress, won the individual championship to give the Stingers a clean sweep of conference golf. Jones, who posted an 88, was also an outstanding member of the Yellow Jacket football team this year.

Fundamental Baptist

We are indeed thankful that Bro. E. B. Lykins of San Angelo could preach for us in the absence of the pastor. The church was greatly blessed by the messages that he brought. Bro. McDougal gives a good report of the meeting in Burnet. Souls were saved and many came back to the Lord. It was a blessing to the pastor to be there.

We are thankful for the number that came to all services. Let us continue to work and pray while it is day: "the night cometh, when no man can work." John 9:4.

Everyone is cordially invited to attend all the following services.

Sunday. Bible school 10:00. A class for all ages. Morning worship 11:15. The pastor will be speaking on "Pre-eminence."

Young people's meeting 7:00 p. m. Prayer meeting 7:30. Preaching service 8:00 p. m. Subject "Turning Our Backs to God." Come and hear these messages. Psalms 122:1 "I was glad when they said unto me, Let us go into the house of the Lord."

Wednesday: Teachers' and workers meeting 7:30 p. m. Prayer meeting 8:00 p. m.

Cliff McDougal, pastor.

**PASTOR AND WIFE HONORED
BY PRESBYTERIAN WOMEN**

Honoring the new pastor and his wife, Rev. and Mrs. James L. Spencer, the women of the church entertained with an Open House in the church parlors Friday evening.

Mrs. Edwin Jackson and Mrs. Leslie Baker greeted callers and introduced them to the honored couple. Other church women were in the house party, assisting with the entertainment of callers. Punch and cookies were served from a dining table laid with linen cutwork and centered with spring cut flowers.

OWEN FRY HONORED

Honoring Owen Fry on his birthday, Mrs. Fry entertained with a barbecue dinner Sunday noon at the family home. Attending were Ora and Bill Fry, Mr. and Mrs. P. K. McIntosh, Mr. and Mrs. Gay Copeland and Gail, Mr. and Mrs. Cotton Frizzell of Sonora, Mr. and Mrs. John Ed Rogers of Sanora, and Mr. and Mrs. Billy Moore and children of Junction. The dinner was served out of doors.

PECAN NUT CASE BEARERS

Now is the time to spray pecan trees to control the pecan nut case bearer. (These are the worms that bore little holes in pecans and cause the pecans to fall.)

The eggs are laid on the tip end of the pecan after the pecans are set. When the eggs hatch, the worms do not bore in the pecans first, but instead move up on the twigs and start feeding on the small buds. This feeding on the buds lasts for 3 to 5 days, then the worms move back to the pecans and bore holes in the base. It is during the 3-5 day period that the worms are feeding that the spray is effective. After the worms go into the pecans the spray becomes ineffective.

One spraying with three and one-third lbs of DDT to 100 gal. of water will control the pecan nut bearer.—W. G. Godwin.

Mr. and Mrs. Myers Johnson and children Suzanne and Ross of Rochelle spent the week end here with friends. Mr. Johnson is principal of the school at Rochelle.

Ebbagene Blaylock of Baylor spent the week end with her parents Mr. and Mrs. W. A. Blaylock.

Guests of Mrs. Zula Calcote were her sons, Bert and wife of San Angelo, and Douglas of Boys Ranch at Tankersley.

The Edwin Childers family were in Rochelle visiting relatives Sunday.

Mr. and Mrs. Floyd Harrison of Uvalde were here Saturday and Sunday visiting the W. H. Graves family; Sheila, their grand daughter, accompanied them home for a two weeks' visit.

Mr. and Mrs. Elmer Stires of Wichita Falls are here for a two weeks' visit with the latter's parents Mr. and Mrs. Howard Faull, Barbara accompanying them back to Eldorado after a three week's visit with them at Wichita Falls.

W. D. Pepper and his family moved Monday from the Roberts rent house to the Isaacs house in the south part of town.

Mrs. Runge's Recipe For Cookie Bars

Mrs. Forrest Runge's cookies were so popular at the World Fellowship Day meeting, that many requests have come in for the recipe which the Eldorado Success herewith prints:

Mrs. Runge's Cookie Bars
Oven temp 350, baking time 45 minutes.
½ cup butter
½ cup brown sugar.
1 cup sifted all-purpose flour.

1 cup brown sugar
2 tbsps all-purpose flour
¼ tsp baking powder
½ tsp salt.

1 cup chopped pecan meats
1 cup shredded coconut

2 eggs, beaten
1 tsp vanilla

Yield: 28 two-inch squares.
Cream butter, add sugar and flour. Mix thoroughly, place in well-buttered 8x14 inch pan. Bake 15 minutes.

Sift dry ingredients together. Add pecans and coconut to dry ingredients. Mix thoroughly. Add eggs and vanilla. Spread this mixture over partially baked first mixture. Bake 30 minutes longer. Frost while slightly warm.

Frosting:
1½ c confectioners sugar.
2 tbsps orange juice.
Grated rind of one lemon.
1 tbsps lemon juice.
Cream together, spread on warm cake. Cut in small pieces. Cool.

How To Protect Stored Grain From Insects

Ranchers and farmers who have grain left on hand should remember that insects can completely destroy the value of the grain for feed. Any or all of the following insects may be found in stored grain: flour beetle, rice weevil, granary weevil, lesser grain borer, saw tooth beetle, angoumois grain moth, Indian meal moth and flat grain beetle.

If the grain is in bulk spray the surface of the grain with a recommended grain storage product for the purpose. All will contain carbon bi-sulphite and tetra chloroethylene. One gallon per 750 square feet of surface is recommended. This should be repeated in about 4 to 5 weeks. Empty bins should be sprayed and cleaned before filling and the grain sprayed after the bin is filled.

If your grain is in sack give the sacks a good spraying. Get the spray on all sacks and cover as completely as possible. Grain in sacks can be protected satisfactorily especially if sprayed before storing. —W. G. Godwin.

MAY FELLOWSHIP DAY

May Fellowship Day of the United Church Women was held here May 7. Mrs. George Stanley Finley was reader for the liturgy, assisted by Mrs. Ogden and Mrs. Runge.

Mrs. James Page led the congregational songs, and also a sing-song at which the favorite old hymns were sung. A tea hour followed. A good crowd attended.

The next meeting will be held in November. Mrs. Bert Page stressed the importance of attending this meeting at which good used clothing and good used bedding will be packed, to be used for refugees.

Mrs. T. J. Bailey and Mrs. Eldred Roach of Ozona spent the week end in the A. J. Roach home.

BAKE SPARERIBS IN SWEET-SOUR SAUCE

Inexpensive spareribs become a deluxe dinner dish when baked in the Oriental manner with a tangy, sweet-sour sauce and served with goblets of refreshing beer.

For a party group of four to six, buy two to three pounds of spareribs. Have them cut into convenient three-rib sections, then bake them Chinatown-style with a sweet-sour sauce in combination with chunks of golden pineapple.

When accompanied with a green salad and fluffy rice, you'll have a dinner menu that's different and certain to please your guests.

CHINATOWN SPARERIBS
(Makes 4-6 servings)

- 2-3 pounds pork spareribs
- Salt and pepper
- ¼ cup chopped onion
- ¼ cup chopped green pepper
- 2 tablespoons butter or margarine
- 2 tablespoons cornstarch
- 2 tablespoons brown sugar
- ¼ cup vinegar

- 1 tablespoon soy sauce
- ¼ cup pineapple syrup
- 1 No. 2 can pineapple chunks, drained

Have spareribs cut into 3-rib sections. Sprinkle with salt and pepper. Arrange meaty side up in shallow pan. Place in preheated hot oven, 450 degrees, 20 minutes. Meanwhile, cook onion and green pepper in butter or margarine until softened but not browned, about 5 minutes. Remove from heat. Sprinkle with cornstarch and brown sugar; mix well. Stir in combined liquids and cook, stirring constantly, until slightly thickened, about 2 minutes. Pour off excess fat from roasting pan, then pour pineapple sauce and pineapple chunks over spareribs. Reduce heat to 325 degrees and continue baking, covered, 1½ hours, or until meat is well browned and tender.

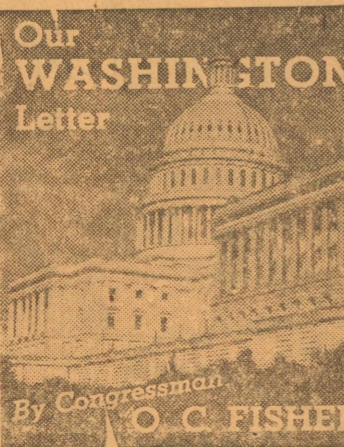

Methodist Hour Returns To Radio

Dr. Robert E. Goodrich, Jr., pastor, First Methodist Church, Dallas, returned to the Methodist Series of the Protestant Hour on May 16. He is the speaker for the first six Sundays of this public service worship program broadcast on more than 200 radio stations, and now in its ninth annual presentation.

Featured with Dr. Goodrich will be choirs from Methodist Colleges and Universities of the great Southwest. The choirs will be: Hendrix College Choir, Conway, Arkansas, May 23; Baker University Choir, Baldwin, Kansas, May 30; Southwestern University Choir, Georgetown, Texas, June 6; Central College Choir, Fayette, Missouri, June 13; and Oklahoma City University Choir, June 20.

Dr. Goodrich has chosen for his subjects for these six Sunday radio programs "Why He Doesn't Go to Church," "Free Your Faith," "Five Steps to Prayer," "On the Other Side of Sorrow," "A God Who Cares," and "What's the Use?"

Dr. Goodrich and the college choirs may be heard on the Methodist Series of the Protestant Hour on radio station WOAI at 7:30 a. m., and WFAA at 9:30 a. m.

Texans in the news featured Robert B. Anderson when he was sworn in the other day as Deputy Secretary of Defense, succeeding Roger M. Kyes who retired. Anderson had been Secretary of Navy, but of even greater importance is that as assistant Defense Chief. President Eisenhower, shaking hands with Anderson after the swearing-in ceremony, said: "Well, this is the second time for you, Bob."

Another Texan who is going places in defense circles is 51-year-old General O. P. Weyland, now in

charge of Tactical Air Command at Langley Air Force Base, Virginia. A graduate of Texas A&M, Weyland became a 4-star General while commanding the Far East Air Force—a position he held throughout the Korean War. He was honored on Capitol Hill last week at a Texas delegation luncheon. In Air Force circles, Weyland is rated high among the leaders of the present and future.

In our 27-county district, a total of \$3,671,460 in emergency loans have been granted under the disaster program during the past year. These loans, designed to sustain producers whose local credit is strained, are made at 5% through the Farmers Home Administration. Val Verde County had led in amount advanced, with Uvalde, Edwards, and Sutton following in order.

MERRYMAKERS' CLUB

Mrs. Skeet Griffin was hostess to the Merry-makers' Club at her home. With the three tables of players were two guests Mrs. T. K. Jones and Mrs. Bertha Shugart. Sandwiches and cake were served at the close of the games.

Overnight visitors in the Ben Hext home were Mrs. Mumford Smith of Glendale, Ariz., and Mrs. Sam Douglas of El Paso.

Mrs. B. E. Moore has returned from a visit with relatives and friends at San Antonio, Blanket, and Brownwood, accompanying her house guests Myrtle Price and Velma King, of El Paso, who have since returned home.

Presbyterian News

The Board of Deacons met in the church Sunday afternoon and reorganized into working committees allocating the work so that the church may better carry out its program. James Page, chairman of the board, was in charge. The four committees with their members are as follows:

Budget and Finance: James Page, chairman, Paul Page, Jack Ratliff, and John Rae Powell.

Hospitality and Usher: R. J. Page, chairman; Richard Jones and Wilson Page.

Fellowship and Social Service: S. E. Jones, chairman; Jack Jones and Bill Oglesby.

Church Property: Lum Burk, chairman; John Miller and Marvin McAngus.

Calendar for the week:
Wednesday: Crusaders (Juniors) Mrs. Edwin Jackson, leader. Meets at 4:00 p. m. Mid-week meeting meets at 7:45. Choir rehearsal at 8:15.

Sunday: Sunday school 10:00 a. m. Sam E. Jones, superintendent. Morning worship 11:00. Evening worship 7:45.

Vacation church school begins at the Presbyterian Church next Monday morning, May 24th and runs thru June 4th. Mrs. Edwin

Jackson is the director of the school and following are the instructors and assistants:

Kindergarten: Mrs. Wilson Page, Mrs. Pat Finley, Mrs. Jack Jones, Mrs. Eldon Calk, Mrs. Dorothy Warren.

Primary: Mrs. James Page, Mrs. George Finley and Mrs. James McDonald.

Juniors: Mrs. B. F. Cox, Mrs. Jack Mowrey and Mrs. John Mayo. Mrs. Pete Ringle will be in charge of refreshments. All children in the above age groups are cordially invited to attend. Classes will begin at 8:45 each morning and end at 11:00.

Bible School For Negroes
Mrs. Joe Edens announces that the Bible school for Negro children, which she will direct, will open Monday morning, the 24th at 9:00 a. m., at the Negro Baptist church. Nancy Jo Jackson and Monetta Bradshaw will direct the kindergarten and Mary Tisdale will have charge of primaries.

Mr. and Mrs. Jimmie Danford and Mr. and Mrs. Fred Furr went to San Antonio Tuesday. Jimmie had the cast removed from his broken leg.

Mr. and Mrs. Houston Thigpen were in San Angelo attending a birthday supper given by Judy Ray Young, Mrs. O. R. Young's daughter.

Mr. and Mrs. Lester Nixon, who moved to San Jose, Calif., a number of weeks ago, were in Eldorado several days this week attending graduation of their daughter Jorgi Lagow, who had remained here to complete her Senior year. Mr. Nixon is in business at San Jose. They have leased their place here to Mr. and Mrs. Jerroll Sanders of San Angelo, who moved here last week; the Sanders have one daughter in elementary school, age 8, and a five-year-old daughter at home.

Mrs. H. E. Null of Garden City is here visiting her daughter Mrs. Bert Holly who has been quite ill with mumps.

Mr. and Mrs. J. C. Wells of El Campo are here spending a week with Mrs. Wells' parents, Mr. and Mrs. E. E. Newlin.

Misses Elsie Lee and Ruby Harner of Santa Anna spent from Sunday through Tuesday here with relatives.

Mr. and Mrs. E. H. Tonliffe and daughters and Mr. and Mrs. L. V. Newport and Jean spent the week end at Telegraph.

Mr. and Mrs. Kenneth Gandy and son Don of Pomona, Calif., spent the week end with relatives in Eldorado.
