Thought For The Week Ministerial Alliance

"Let Us Vote"

Election time is here again. When we stop to think we cannot help but be thankful to God for what our forefathers did to make it possible for us to have this wonderful privilege. We certainly cannot classify as good citizens if we refuse to cast our ballot on election day.

There is another sense in which we are casting our ballots daily. We are either going forward or we are drifting backward. Which way are we going? Only a vote FOR Christ can make a better individual and only better individuals can make a better community. To fail to vote for Christ and His cause is to vote against Him. There is no neutral ground. Jesus himself said, "He who is not with me is against me." (Matthew 12:30) James L. Spencer

Chevrolet and General Motors took a whole new look at the low-cost car -and just look what happened! NOW BEING SHOWN!

The Bel Air Sport Coupe—one of 14 new Fisher Body beauties in three new series.

The valve-in-head V8 as only the valve-in-head leader can build it!

8

Now Chevrolet, the leading builder of valve-in-head engines, introduces the "Turbo-Fire V8." It carries the V8 design to a new high in efficiency with its high horsepower (162), high-compression (8 to 1), high performance and surprisingly high gas mileage.

6

You can choose from two new sixes, too!

Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture—all at a modest price.

LEGION LAUNCHES MEMBERSHIP DRIVE, ASKS WORLD WAR I, II, AND KOREAN VETERANS TO JOIN THIS ORGANIZATION

Commander Ken McAllister, head of the local American Legion Post, presided at a call meeting of the post Monday night, and launched the 1955 membership drive with assignments of duties, adding new veterans to several Legionnaires to complete the drive. Billy Frank Blaylock was elected adjutant, succeeding Geo. S. Finley.

For the past two years the local post has reached an all-time high in membership. For the current membership drive, which closes November 11, the post has set a still higher goal—"to enable us to carry on our veterans' and civic program," as they explain it.

The following are high lights from a speech which was read to the members Monday night:

"The American Legion started in Paris, France immediately after the signing of the Armistice, November 11, 1918. The veterans of World War I brought it into being, nurtured it, developed its policies and put their very souls into the tenets upon which it was founded.

"For more than 20 years the first Legionnaires fought in Congress and in state capitols for benefits. There were no hospitals for the sick and wounded veterans and the widows and orphans of those who had died, except to another group of veterans, the American Legion.

"For those 20 years, the American Legion was a lone voice in the American Political wilderness, crying out for preparedness. That voice was heard but not heeded. Pearl Harbor found our country unprepared and another World War started.

"Our World War II veterans came back to a far different situation than did our World War I buddies who were turned loose with \$60, period.

"The American Legion had thought its GI BILL of RIGHTS made it possible for the returning World War II and Korean veteran to go to college, to business school, vocational school. It gave him a salary while he was unemployed and looking for work. It gave him fine insurance benefits. The finest hospitals for his recuperation were ready for him. The widows and orphans of those who were not to return, were taken care of.

"The American Legion did this for the veterans of World War II. Many of those veterans have an

education today and have learned a trade or vocation because the American Legion, through the GI BILL of RIGHTS, made it possible.

"Some who got those benefits have never seen fit to join the American Legion. Some have even scoffed at the organization as a group of professional veterans.

"The American Legion asks nothing in return for its fight for the veterans except the aid of all veterans in these strenuous times which we are now facing. The American Legion has a great program but the immediate one is the acute national defense problem.

"Now a third group, the Korean war veterans, are coming back home and into the American Legion. These veterans have problems too and as usual the American Legion is ready and able to help with those problems.

"On behalf of National Commander Seaborn Collins and Department Commander E. L. Jackson, Ken McAllister, the commander of our local post here, extends greetings and a sincere invitation that you become a Legionnaire."

Helen Morgan Weds In October Ceremony

Mrs. Martha Jo Morgan of Abilene announces the marriage of her daughter Helen Marie to Sgt. Roy Glenn Briggs, son of Mrs. Gayden Parker of Lubbock, in a double ring ceremony in the home of Rev. Johnson of Lubbock, October 19th.

The bride is a 1953 graduate of Eldorado High School where she was a twirler and was active in school activities. She is employed by Southwestern Paper Co., Abilene.

Suzu Linthicum started work Wednesday in the bank at Sonora and will drive back and forth each day.

CATTLE TRADE IS WEAK, UNEVEN

Fort Worth — Salesmen were asking sharply higher prices at Fort Worth Monday in anticipation of a reaction from the sharp breaks of the previous week. However, the buying side took a gloomy view of the huge runs reported around the 12 major markets (over 152,000 cattle and over 39,000 calves) and they also reported wholesale meat trade was very spotty and weak.

Packers reported beef running into increasingly heavy competition from pork and also the low-priced turkey and broiler chicken were making beef sales harder. The hunting season was also putting a crimp in red meat sales as it usually does at the Fall season.

Stocker and feeder buyers reported Cornbelt buyers still inclined to resist current stocker and feeder prices, despite some really great improvement in the subsoil moisture conditions at places that had previously been reported dry. Cornbelt farmers were still preoccupied with the corn and soybean harvest in many areas, too.

Result of this was that most slaughter cattle sold near steady with a few spots 25 to 50 cents higher on cows and bulls. Slaughter calves of choice kinds were fully steady, but the less-than-choice variety sold on a weaker basis, some 25 to 50 cents lower.

Week end guests in the home of the Bill Lesters were Mr. and Mrs. Jack Garber of Big Lake and Mr. and Mrs. Jerry Harding of Iran.

Ray Tisdale's Mother Dies Suddenly At Home In Tuscola

Mrs. C. B. Tisdale, mother of Ray Tisdale of this city died suddenly Tuesday at her home in Tuscola, at the age of 67.

Funeral services were held at the Tuscola Methodist Church Wednesday afternoon, conducted by the pastor, Rev. J. B. Fowler, Jr., assisted by a former Tuscola pastor, Rev. Evan V. Brian of Trent, and Rev. Doyle Morton, pastor of the Eldorado Methodist Church. Interment was made at Tuscola.

The former Azalea Craig lived a number of years in Schleicher County, and often visited here after her marriage.

Some time after the death of her husband, Mrs. Tisdale placed the family farm near Tuscola in charge of a son, and moved to Tuscola, where she operated a gift shop until the time of her death.

She was a member of the Methodist Church and of the Eastern Star.

She is survived by three sons, Ray of Eldorado, Ted of Ballinger and Charles of Tuscola, a sister, and a number of grandchildren.

Attending the funeral from Eldorado were Mr. and Mrs. Ray Tisdale and children Mary, Carol and Robert, Rev. Doyle Morton, Mr. and Mrs. Jerry Pennington, Mr. and Mrs. Elmer Peters, Ernest Finnigan, Jack Montgomery, and Bill Lester.

Mrs. C. W. (coach) Warren and Wayne returned Wednesday a.m. from a 10-day trip which included a visit with her parents, the Dallas Fair and the Sherman Homecoming.

Mr. and Mrs. Dick Bagley visited her sister, Mrs. J. E. Hill on Friday. They were on their way to their home in Corona, New Mex. following Mr. Bagley's recent operation in San Angelo.

ELDORADO URGED TO STUDY RULES CONCERNING ATHLETIC AWARDS

By Dr. Rhea H. Williams
State Athletic Director

With the advent of the 1954-55 athletic season for member schools of the University Interscholastic League, it is once again necessary for school personnel to re-acquaint themselves with the Awards Rule, Article XVI of the Constitution and Rules.

If history repeats itself numerous boys will forfeit their eligibility and some high schools will face penalties because of violation (usually unknowingly) of the Awards Rule.

These awards usually consist of gifts to athletes in the form of tie clasps, fountain pens, watches, clothes, or other such articles which have a merchantable value. Such awards are more commonly given by civic organizations, service clubs, booster clubs, or other groups of well-wishers of the team.

The State Executive Committee has ruled that Article XVI applies only to awards given by the school, or awards received by a pupil from any source whatsoever for participating in inter-school athletics. Awards, rewards, gifts, or other valuable consideration received for participation in athletic contests other than inter-school events, are to be covered by the provisions of the Amateur Rule.

Every administrator and coach should be familiar with the rules of the League which govern athletic awards. They should know, for example, that schools may present any one person only one major award, not to exceed \$15.00 in value; except that an additional symbolic award may be given for each additional inter-school activity in which the student may qualify, not to exceed \$2.00 in value. The penalty for violating this rule may result in suspension. They should also know that the acceptance of medals, trophies, and cups, in addition to the maximum established under the Awards Rule is prohibited unless they are won through participating in a meet or tournament.

Football Awards
Football is not a tournament activity, and therefore is not in the same category as basketball tournaments. Any school or school official who assists directly or indirectly in the violation of the Awards Rule places the school in violation of the Awards Rule. Any trophy in excess of the Awards Rule may not be presented at school-sponsored functions, as then the school is indirectly assisting in evading the Awards Rule. It is suggested that in all cases

where outside organizations desire to present trophies or plaques, that they be given to the school with the boy's name engraved on the trophy and then placed permanently in the school trophy case. Possession must remain with the school, and the school cannot hold the trophy until the boy graduates and then present it to the boy without violating the Awards Rule. Experience has shown that it is much better to have the trophy presented to the school with the boy's name on it, as it can be seen for years, while if given to the boy is soon rests in the attic and gathers dust. Most organizations will agree readily to such a plan for presenting outstanding awards in this way, and it can be done without violating the Awards Rule, and at the same time give the boy educational recognition for his ability.

Fans Must Know

It is not enough for principals and coaches to know these rules. They must see to it that the information reaches players, fans, and local organizations. In fact, practically all of the violations of this rule in Texas have resulted from well-meaning fans and clubs which have persisted in giving plaques and trophies to various members of athletic teams for individual achievement. It is the responsibility of the coach and the administrator to see that these fans and organizations are informed about the Awards Rule.

In my opinion, most of these awards from individuals and clubs would cease if the name and picture of the individual or club giving the award was omitted from press releases. Many of the individuals and organizations are more interested in publicity for themselves than in the educational aspects of high school athletics.

Many school administrators have the idea that a school can accept an award for an individual player and hold it for him until he graduates and then present it to him. This is a violation of the Awards Rule and could result in the suspension of the school accepting such an award. District Executive Committees cannot give awards to all-district teams or individual awards without violating this rule.

A school cannot pay part of the price of an award, with the student paying the remainder, in order to purchase an award in excess of the amount prescribed in the Awards Rule. The school cannot act as a purchasing agent or as an advisor in the purchase of any award by the student or par-

ent when the award is purchased for achievement in inter-school competition. The Awards Rule is binding on all member schools of the League, regardless of the type of competition, or whether the activity is sponsored by the League or not. If it is inter-school competition, it falls under the scope of the Awards Rule.

Play For Fun

The League has exerted, and will continue to exert, every possible effort to preserve and promote a high standard of amateurism in its athletic program. It is operating on the premise that the presenting of material awards to players for athletic achievement is non-essential, and, if not rigidly controlled, would oftentimes place a heavy financial burden on the school and the community.

We believe this position to be educationally sound and we urgently request the cooperation of principals, coaches, citizens, and clubs in maintaining it. Let's keep in mind that, in either case where violations occur, the boy or the school is usually the loser.

Two New Bulletins On Poultry Now Ready

College Station — A chicken farm offers steady income if managed as a business rather than a hobby or sideline.

This summarizes, "Planning for the Business of Poultry Farming", a new bulletin by the Texas Agricultural Extension Service. The publication is designed for persons considering going into commercial egg or broiler production and explains in detail many facts of raising poultry for market.

It itemizes equipment, land and buildings needed for a 1,000 hen laying flock and lists equipment necessary for the establishment of a 3,000 bird broiler house.

It points out advantages and disadvantages of cage and floor methods of egg production and touches upon hatching egg production and broiler raising.

This bulletin, teamed with another recent publication, "Poultry Houses for Texas" contains information helpful to all poultrymen.

Adequate housing is one of the basic essentials of any poultry operation, it says. Type of buildings, location, foundations and materials to use in construction are covered. The importance of proper ventilation and artificial lighting also are explained.

Copies of B-243 and B-240 are available from offices of county agricultural agents or from the Agricultural Information Office, College Station, Texas.

Need Of Fertilizer For Small Grains Stressed

College Station — There's more to growing small grain pastures for winter grazing than putting seed into the ground. Plenty of the right kind of fertilizer and early planting will increase materially the pasture's value, says M. K. Thornton, extension agricultural chemist.

Oats, rye, barley and wheat contain feed nutrients not found in drouthy pastures, says Thornton. These grains contain up to 20% protein at their peak grazing stage.

Ryegrass and rescuegrass also give efficient winter grazing in areas where adapted.

Early seeded small grains offer best possibilities for succulent fall grazing. And the use of fertilizers improve the chances, says Thornton. On East Texas sandy soils where legumes were not turned under, small grains should be fertilized with 300 pounds of 5-10-5 or 4-12-4 to the acre at planting time. Side dress later in the fall with 20 to 40 pounds of actual nitrogen per acre and apply on a similar application in the spring.

Thirty to 40 pounds of actual nitrogen per acre at planting in the Blacklands of north and central Texas and on heavier soils of the West Cross Timbers areas will increase a pasture's value.

On sandy and sandy loam soils of the same areas, Thornton suggests 200 pounds of 5-10-5 at planting and a 20 to 40 pound nitrogen top dressing per acre in the spring.

Sixty-five to 135 pounds of ammonium nitrate, 130 to 250 pounds of sodium nitrate or 100 to 200 pounds of ammonium sulphate will supply the nitrogen.

Soil tests accurately determine fertilizer needs of the soil, says Thornton. County agents have additional information on methods of making a soil test.

School News

The VA classes made a field trip to the John Williams farm last week. The purpose of the trip was to study the selection of breeding sheep.

Pictures of the boys' supervised farming projects will be made into slides. The slides will then be available for class work and other occasions.

The following boys are feeding pigs as their project: Bobby Williams, Tony Cheatham, Bobby Jeffrey, Cecil Jeffrey, Domingo Pina, Rudalpo Minor, Taylor King, and David Holden.

Girls making the trip to the Basketball clinic in Brownwood Saturday were Ann Ballew, Herma Whitten, Dale West, Tommy Jones, Jimmie Dell Williams, Charleen Logan, Mary Tisdale, Barbara Rutland, Monetta Bradshaw, Jerry Caldwell, Yvonne Logan, Barbara Alexander, Pat Perry, Joy Dodd, D'Aun Hallmark, Christy Sauer, Ruth Williams, Juanece Williams, Fay Nixon, Lola Menees, Jo Ann Trentham, Dorothy Faulk, Juanita Phillips, and Coach Fudge.

The clinic provided an explanation and demonstration of the new rules.

The district is composed of Eldorado, Ozona, Sonora, Eden, and Junction.

Twelve members of the Home-making club and Mrs. Vida Kerklow attended the district F.H.A. meeting in Big Lake, Saturday. The group enjoyed a program on the "United Nations."

Making the trip were Patsy Taylor, Frances Reynolds, Frances Parker, Bessie Thigpen, Janna Sue Walker, Charleen Logan, Burnell Doyle, Gainell Belk, Bonnie McAngus, Helen Taylor, Linda Jeffrey, Colleen Hicks, and Mrs. Kerklow.

The 7th and 8th grade team of Ozona defeated the Eldorado boys 33-14 in Ozona last Thursday. Sutton scored 4 times for Ozona while Bobby Bible and Farris Nixon scored for Eldorado.

The Eldorado 7th and 8th graders will play Sonora here tonight at 7:30 p.m. Probable starting lineup will be Westbrook and Sanchez, ends; K. Donaldson and Griffin, tackles; J. Stanford and Doyle, guards; W. Donaldson, center; Mittel, Bellman, Nixon and Bible, backs.

The final Pee-Wee game of the year will be Monday night, Nov. 1st. Game time is 6:30.

Guests in the home of Mr. and Mrs. George Cales were their son and family, Dr. and Mrs. Jas. G. Morris of Lubbock. Dr. and Mrs. Morris went on to Waco to attend the Baylor Homecoming, leaving the children for a visit with the Cales. They all returned to Lubbock Sunday.

The W. E. Terrys and their new daughter, Dana, of San Angelo spent the weekend with Mrs. Terry's parents, the J. D. Ashmores.

ing for the Eldorado band, in full array, along with the drum major, majorettes and flag bearers, also pep squad, whooping it up in a square dance show-off to all the olden tunes, and called by Mr. Saylor, and thus ended the show of Eldorado's pepsters.

Third Quarter Eldorado kicked Randle on 10, and was finally downed on the Eldorado 22, but was out of bounds on the 38. Then Long went over for TD on second play of bracket. Randle kick was no good. Junction 19, Eldorado 0.

Randle kicked to Pennington on 10, and he was down on the 26. Stockton 4, and Pennington carries for first down on 37. Harris to 40, Stockton to 43, Harris to 46. Pennington makes another first down. Hefferman in for Lloyd. First and 10 on 49. Kerr to Harris, loses. 3d and 16— Kerr to Stockton to Sonny Moore, (offside) 4th down and 5 needed. Stockton back, kick to - - fumble - - on 2-yd line, Stewart tackle—Randle by Pennington. No gain, 2d 10 go, Randle was tackled by Robledo, 3d 3 to go. Long up to 10 by Pennington, 4d, 1 needed. Randle dropped by Mittel and rest of the line (measure) bal goes over on Junction 10. Stockton 1, Kerr to Stockton, 3d 6 go. Kerr to Pennington, over for TD— Stockton kick no good. Junction 19, Eldorado 6.

Then many, many plays, good and bad, excellent and sorry, the game ended with no further scores. We might say just here, that despite the weight advantage the Junction lads had over the locals, they all played a good game, showed good coaching, and what was lacking, (and what the visitors had), was experience which they got a lot of Friday night. Of course with the weight advantage the victors were able to open up highways, so to speak, for the flashing Randle duo.

Review Of Amendments To Be Voted On Tuesday

By Vern Sanford
Texas Press Association

Austin — The following column is a brief digest of the 11 constitutional amendments to be voted on November 2, with comments pro and con.

No organized opposition has appeared against any of the proposals. However, campaigns are being pushed for several of them.

Amendments are discussed here in the order in which they will appear on the ballot.

SJR No. 7

Senate Joint Resolution No. 7 authorizes the Legislature to increase State spending for Old Age Assistance, Aid to the Blind, and Aid to Dependent Children, by \$7,000,000 a year.

Comments from some members of the Legislature and other people familiar with the program indicate that if the Legislature appropriates the additional money, new taxes will be required.

Some say that most of the money would be used to add more people to the rolls, rather than providing more money to those now on the rolls.

This amendment also would require the Legislature to enact laws making names of those who receive such aid available to the public. These are fighting words to some people who claim such action would embarrass those now on the rolls and their relatives.

Proponents of this provision argue no one should be embarrassed except those who have children or relatives well able to support them, and that these people ought to be exposed.

SJR No. 6

Senate Joint Resolution No. 6, permits a person who has served some time as a teacher and accumulated credits under the Teachers' Retirement System, and also some time as a State employee, with credits under the State Employees' Retirement System, to count his accumulated credits under both systems in determining his retirement pay.

Apparently but few people would be affected. However some opposition is being expressed by members of both retirement systems to the idea of intermingling the two systems in any way.

HJR No. 37

House Joint Resolution No. 37, provides that proprietary employees of the States' subdivisions may be covered by Federal Old Age and Survivors Insurance.

Other municipal and county employees may now be covered under that system under an agreement between the State and the Federal Government, and in many cases have been.

But the Attorney General has ruled that the State has no authority to make an agreement covering

ing proprietary employees without a constitutional amendment.

SJR No. 10

Senate Joint Resolution No. 10, would create a State Building Commission with broad authority, subject to Legislative direction, to erect buildings for State purposes.

A State Building Fund would be created by transferring to it the surplus from the Confederate Pension Fund.

The present 2c ad valorem tax provided by the Constitution, for Confederate pensions, returns far more than is necessary to take care of the one Confederate veteran and more than four hundred widows of veterans now receiving such pensions from the State. Therefore the fund is accumulating a surplus of well over \$600,000 each year.

It is anticipated that if the amendment is adopted, nearly \$6,000,000 will be available for transfer to the new State Building Fund in January of 1955.

This amendment has the support of the State Bar of Texas.

The first building, if the proposal is adopted, must be a State Supreme Court Building and it must be dedicated as a memorial to Texans who served in the armed forces of the Confederate States.

SJR No. 5

Senate Joint Resolution No. 5 would increase compensation of members of the Legislature to \$25 per day for the first 120 days of any session.

Texas Constitution now provides \$10 per day for the first 120 days and \$5 per day thereafter.

There is strong support and little or no opposition to this increase in pay, which most people think would about cover legislators living expenses while in Austin.

Included in the same amendment is authority for the Legislature to set salaries of the Governor, Attorney General, State Treasurer, Comptroller of Public Accounts, Secretary of State, and Commissioner of the General Land Office.

The Governor's salary is now set by the Constitution at \$12,000, the Attorney General's at \$10,000, and the other four officials involved are paid \$6,000 a year.

Under this amendment the Legislature could not reduce salaries below these amounts, but could set them at higher rates.

Opinion does not appear to be so nearly unanimous about this part of the proposed amendment. Some people are troubled by the apparent power of the Legislature to change the salaries at will, and they point out that the Federal Constitution and many other state constitutions prohibit a change in salary during the term to which an official has been elected.

SJR No. 14

Senate Joint Resolution No. 14, prohibits use of the credit of the State or any grant of public money for construction, maintenance or operation of toll roads and turnpikes.

Purpose of this amendment is to write into the Constitution a prohibition now contained in the law, but which could be changed by future legislation.

It has the support of the Texas Good Roads Association and many other people particularly interested in the State Highway System, and no known opposition.

HJR No. 16

House Joint Resolution No. 16, would require women to serve on juries.

There are only five states including Texas which do not permit jury service by women.

This amendment would require women to serve under the same rules for jury service as apply to men. It has the active support of many women's organizations.

SJR No. 4

Senate Joint Resolution No. 4 has to do with the terms of elective district, county and precinct offices. It would change all of those which have two-year terms into four-year terms.

It has the support of the County Judges and Commissioners Associations of the state, and the organizations of many other county officials.

The terms of a great number of district, county and precinct offices would be changed immediately if this amendment were adopted. Other such offices are designated to change to four-year terms in 1956 so that, while all of them would be four-year terms after 1956, only about half of them would appear on the ballot every two years.

Wording of this proposal has resulted in confusion as to its effect on the terms of representatives in the Legislature. Many lawyers are of the opinion that the proposal would require four-year terms for members of the House and other lawyers have said that at least it presents a problem which can only be solved by court interpretation.

SJR No. 2

Senate Joint Resolution No. 2, would authorize creation of county wide hospital districts in Bexar, Dallas, El Paso, Galveston, Harris, Jefferson and Tarrant Counties.

The amendment is permissive and, if adopted, would not create

any such districts itself. It simply provides that the property-owning taxpayers of the named counties can vote on such a proposal at a later date.

An active campaign for this proposal is being carried on by a statewide committee composed of mayors, county judges, members of hospital boards, and prominent citizens of the counties involved and some from other parts of the state.

HJR No. 10

Members of the armed forces of the United States or component branches would be allowed to vote under House Joint Resolution No. 10.

They would be required to pay poll taxes and could vote only in the county in which they resided at the time of entering the service.

HJR No. 8

The last proposal on the ballot will be House Joint Resolution No. 8, which is a permissive type of amendment allowing taxpayers in counties of less than ten thousand inhabitants to vote on the question of whether they would prefer to have a separate full-time office of tax assessor-collector.

Duties of the tax assessor-collector are now performed by the Sheriff in these counties.

The E. W. Craigs went to Abilene to visit their daughter, Mrs. John Phillips, over the weekend, to be with her in the absence of John who had gone to Ohio with the A.C.C. football team.

Mrs. L. B. Kerr and the Oran Enochs left Saturday morning to visit in Lometa with Mrs. Lewis Spivey and on to Lampasas to visit other relatives including Mrs. Kerr's mother and several sisters. The party returned Sunday p.m.

Mr. and Mrs. Will Whitten, Mrs. W. L. McWhorter and Bob visited in Edinburg with Mrs. J. S. Pelt and Mrs. Fordson.

Mrs. R. A. King was on the sick list earlier this week, but is improving.

Mr. and Mrs. Bill Whitehead and Lesa of Del Rio spent the week end with her sister and family the Sam E. Jones Jr.

Mrs. Wiley Hight and three small children spent last week in San Antonio with her parents, Mr. and Mrs. J. T. Boatright.

Ed DeLong of San Angelo visited his mother, Mrs. D. E. DeLong on Saturday.

The C. C. Hendersons were in San Angelo Monday night on business and to visit old friends, the Dick Tuckers.

Visiting Mrs. Velma Haley over the weekend were her sister, Mrs. Erwin Welsh and children of Willow City and her niece Miss Jean Burrier of San Antonio.

The Claude Alexanders went to Austin over the weekend to visit Mrs. Alexander's parents. While there they drove to Kelly Field to visit a short time with their son John T. who had "hopped" a ride from his base in Washington, D.C. They were accompanied by Austin by Mrs. Buck Davis and Bill Masey who visited relatives there.

Mr. and Mrs. Jim Cheek stopped for a visit in Eldorado on their way home to Tucson, Arizona. They took Jims mother, Mrs. B. K. Cheek as far as Melrose, New Mex. for a visit with her sister. They also visited Mrs. Lawton Brevand, a niece, in Andrews, Texas.

Miss Helen Oliver from Canada is visiting a friend, Mrs. Hilda Sager, for several days. From here they will go to Kerrville and San Antonio, and other points of interest as this is Miss Oliver's first trip to the States.

2 squares (2 ounces) melted unsweetened chocolate

Dissolve gelatin in hot water. Combine 1/4 cup sugar, cornstarch, salt, 1/2 cup Carnation mixed with the 1/2 cup water, and water in saucepan. Stir constantly over low heat until thickened (about 5 minutes). Remove from heat; add vanilla and stir in dissolved gelatin. Cool. Chill remaining Carnation in refrigerator tray until soft crystals form through milk (10-15 minutes). Whip until stiff (about 5 minutes). Add remaining sugar and continue to whip until Carnation is very stiff. Fold whipped Carnation into cooled gelatin mixture. Divide whip into 2 equal parts. Fold melted chocolate into one half, then pour into crumbed refrigerator dish. Chill slightly then pour remaining Carnation mixture over chocolate layer. Top with remaining crumbs and chill until firm.

CRUMB CRUST: Mix 2 cups crushed graham crackers with 1/4 cup melted butter and 2 tablespoons sugar. Line 9" x 12" x 2" refrigerator dish with crumbs, saving 1/2 cup for topping.
