Why value-wise buyers are swinging to Ford!

You can't buy better! It's the stunning Customline Fordor Sedan.

Ford's the only low-priced car with all these "Worth More" features

Recognized leadership in styling

You can pay more but you'll never find a car that's more "at home" wherever you may drive it. For the smart new '54 Ford is as modern as tomorrow with the crisp, commanding lines of today's style leader. And it's just as smart inside! The sparkling new decorator-designed interiors have colorful new upholstery fabrics and harmonizing trim that spell quality wherever you look.

Choice of most modern engines

Ford and Ford alone, in the low-price field, offers you a choice of V-8 or Six the brilliant new 130-h.p. Y-block V-8 or the flashing new 115-h.p. I-block Six. Both Ford engines have rigid, extradeep blocks for smoothest, quietest operation and extra-long life . . . plus the savings and "GO" of modern, shortstroke, low-friction design.

Ball-Joint Front Suspension

For the first time in any low-priced car, you get the smoother riding and easier handling of Ball-Joint Front Suspension -an advance you'd expect to find only in the costliest cars.

Choice of 5 power assists . . . including Fordomatic

Only Ford in the low-price field offers power on all four windows . . . a 4-way power seat which adjusts up and down as well as forward and back. Power steering, power brakes and versatile Fordomatic Drive are also availableand they make your fine Ford even more fun to drive.

Choice of 28 new models

With fourteen stunning body styles available with either of Ford's new engines, Ford offers the widest selection of models in the entire industry.

Top value at resale

Used car prices show that in recent years Ford has consistently returned a higher proportion of its original cost at resale than any other car. And for 1954, with all its advanced new features, Ford is worth even more.

> We cordially invite you to Test Drive the 1954

LOCAL FIREMEN HONOR CHAPLAIN IN FAREWELL PARTY

Honoring Rev. Charles Bruce chaplain of the fire department for nearly two years, and newly choser associate pastor of St. Stephen's Fort Worth, the firemen and their wives held a farewell party for the couple at the Memorial building following PTA meeting Tuesday

During the evening a gift was presented to Rev. Bruce in recogthe close of the evening pie and coffee was served to firemen, their wives and sponsors and a few others. A main feature of the informal program was a sing-song.

DAR CHAPTER SPONSORS HISTORY CONTESTS

In compliance with the reques of the Historian General, Mrs Wayne M. Cory, the El Dorado chapter is sponsoring a historical project in the sixth, seventh and eighth history classes of our local school. Mrs. Cory asks that the D. A. R. will try to help instill into the youth of today a greater knowledge of and appreciation for the ideals which have made America great. A committee composed of Miss John Alexander, chapter historian, Mrs. J. B. Montgomery and Mrs. L. M. Hoover conferred with Mrs. Jimmie Taylor, Charles Ludwig and Miss Katharine Hill, teachers in the above grades, relalive to the several projects which were suggested for the contests.

Some of the pupils chose essays on American leaders or some historical event; some are making models of famous Texas shrines, while some are compiling scrapbooks. Both American and Texas history students are in the contests. Awards will be presented to winners in first and second places in each grade and will be given at Commencement. An impartial committee of judges has been appointed who will decide on winners-Reporter.

Rock Church of Christ

New, roomier bodies! New, rugged construction!

New Chevrolet Trucks do more work per day . . . more work per dollar!

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let vou save time where it counts. .

You save time on deliveries. With new truck Hydra-Matic trans-

mission, you save time at every delivery stop. And you can forget clutching and shifting for good! It's optional at extra cost on ½-, ¾- and 1-ton Chevrolet trucks.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton MOST TRUSTWORTHY TRUCKS ON ANY JOB! - Chevrolet Advance-Design Trucks

models . . . bigger clutches in lightand heavy-duty models . . . stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the moneysaving facts.

When Their World Crashed ... CROSS HEARD THEIR CALLS

Port Huron, Mich., Times-Herald photograph by Ralph Polovich Above: This photo, an AP prize-winner, taken one hour after tornadic winds struck Port Huron, Mich., last May, shows a 13-year-old boy and his dog beside their demolished home. The Red Cross, immediately on the disaster scene, came to the aid of the family with clothing, household furni-

ture, and medical care. Upper Right: After the devastating Greek earth-quakes last August, 3-year-old Stamatia Frangatou sat on a hospital bed with her name pinned to her dress, as doctors dressed her fractured leg and injured head. Greek Red Cross workers finally located her mother alive, after a month's search, and re-united the pair. The American Red Cross conducted a nation-wide appeal for funds to aid victims.

Lower Right: Fire, which completely ravaged a Chicago, Ill., apartment building, killed seven, injured six, and affected 100 persons, left Michael Cruz, 2½, bewildered and frightened. Here the terrified youngster is being comforted by Mrs. Rodna Nye, Red Cross disaster representative, who established disaster headquarters at the scene of

Last year the Red Cross aided an average of one person every five minutes among those suffering disaster injury or loss, as sudden death and destruction struck communities across the United States on an average of six times every week. The 1954 Red Cross Campaign for \$85,000,000 and 30,000,000 members, now underway, enables everyone to serve his neighbors in distress or need.

Operation Heartbreak-

"What can I do to help?"

Hardened highway authorities choked as they read this desperate appeal in a grieving mother's letter. It was about a new plan to reduce traffic accidents she had just read in her newspaper. Her son, riding with a 15-year-old licensed driver, had been killed in 1952. In her anguish and sorrow and the aching void in her family circle, her first thought was for other mothers. She felt she must do something to save others from that endless heartbreak which strikes into some 40,000 homes every year.

"What can I do?" she pleaded. "As a citizen I feel that such a plan is most worthy of everyone's consideration. As a mother whose boy was one of 38,000 Americans who lost their lives, I will whole-heartedly enlist to recruit others—to put such a plan into effect."

Must other mothers and fathers be so tragically shocked into a life-saving crusade to stop this killing on the highways? Not if you do your part in the way you drive. And you can join community projects to make streets and highways safer, too. A citizenry sick and ashamed of this reckless, heedless, unnecessary killing could contribute much to saving thousands of lives.

Think safety—talk safety—drive safely!
