CANCER'S DANGER SIGNALS

- Any sore that does not heal. A lump or thickening in the breast
- **3** Unusual bleeding or discharge.
- Any change in a wart or mole. Persistent indigestion or difficulty
- in swallowing. Persistent hourseness or cough. Any change in normal bowel habits.
 - None of these symptoms necessarily means that you have cancer, but any one of them should send you to your doctor. Cancer is usually curable when detected and treated early. Remember the danger signals. Cancer strikes one in five. Strike back. Give to the American Cancer Society.

Chevrolet is out ahead in powerful performance

You can easily tell the difference between engines when you driveand the difference is all in Chevrolet's favor! That's because Chevrolet's great engines deliver full horsepower where it countson the road. What Chevrolet promises, Chevrolet delivers!

Chevrolet is out ahead in economy

There's new power, new performance and new economy in both 1954 Chevrolet engines-the "Blue-Flame 125" in Powerglide models and the "Blue-Flame 115" in gearshift models. And they bring you the highest compression ratio of any leading low-priced car. That's why they can deliver a big gain in power, acceleration and all-around performance, along with important gasoline savings!

Year after year more people buy Chevrolets than any other car!

Your test car's ready now... We'll be glad to have you compare the smooth, quiet performance of this new Chevrolet with any other car in its field. Come in and put it through any kind of "proving ground" test you care to, and judge its performance for yourself. Your test car's ready now and we hope you are, too.
