CLUBS OF CITY TO BUY DISHES FOR NEW KITCHEN

Representatives of the various clubs and organizations of the city who will regularly use the new kitchen in the Memorial building club room met for the first time Monday afternoon to discuss needs of the kitchen and rules concerning use of the dishes.

The kitchen has been furnished by the county with cabinets, refrigerator, stove and other equipment, but the silver and dishes for the room must be bought by the clubs. All clubs of the city are requested to take part in this joint enterprise.

Another meeting to work out rules and other details is scheduled for the near future. Present at the meeting were:

Mrs. Carrol White, Night Bridge
Mrs. Mabel Griffin, "42"
Mrs. Forrest Runge, Episc. Guild
Mrs. Lillian Crosby, Wed. Bridge
Mrs. Joe Ed Hill, Jr. Womens club
Mrs. John Miller, Tuesday bride
Mrs. Jess Walston, Womens club

While there is a kitchen adjoining the banquet room on the basement floor, there had long been discussion of need of a second kitchen, on the main floor adjoining the club rooms. Preparing of this kitchen has been the project of interested citizens during the past winter and spring. The project will be completed with purchase of dishes and silver.

Schleicher County Oil News

Schleicher County gained two new wildcat locations this week. Plymouth Oil Co., of Midland, will drill their No. 1-28 H. A. Thomson, to a total depth of 4500 feet. Location is 660 feet from north and east lines of 28-A-HE&WT, 8 miles south of Eldorado.

Hunt Oil Co., of Dallas will drill their No. 2 R. A. King Estate, 660 feet from south and 467 feet from east lines of 8-K-GH&SA, 19 miles southeast of Eldorado. Contract depth is 5400 feet.

Skelly Oil Co., No. 11 W. A. Davis, in the Huldale field ten miles northeast of Eldorado, has been completed for a daily flowing potential of 196.75 barrels of 40.1 gravity oil, no water, through a 20-64-inch choke and perforations between 5676-5697 feet. Gas-oil ratio was 721-1, tubing pressure 75 pounds, and casing pressure 425 pounds.

Union Oil Co., No. 1 J. L. McElroy, wildcat located 6 miles northeast of Eldorado, has been plugged and abandoned at a total depth of 5828 feet.

KICK-OFF DINNER WILL LAUNCH METHODIST DRIVE

May 7 is set for the kick-off dinner for all workers who are assigned to special tasks in the every-member canvass campaign, which the Methodist church is carrying out under the Farrow plan.

The principal speaker at this dinner, which will be held Friday night, a week from tomorrow night, will be Roy L. Farrow, originator of the plan and head of the Texas Methodist College Association.

The covered dish supper will be attended by workers, solicitors and committee members.

Solicitation captains, working under L. V. Newport as chairman, are: Dick Pearce and L. Steen, division leaders; Elmer Peters, Elton McGinnis, W. G. Godwin, Gerald Hartgraves, Ed Meador, and W. F. Meador, captains.

On May 10, solicitors and workers will have a supper and first report will be made. The date for the Victory Dinner, which all will attend, will be May 12, which will conclude the major part of the campaign.

Palmer West is general chairman.

On May 5 captains and divisional leaders will meet at 7:30 at the church, with the leader Palmer West in charge.

SINGING SUNDAY

Regular first Sunday singing next Sunday afternoon from 2:00 to 4:00 at the Memorial building. A large crowd is expected.

Mr. and Mrs. J. L. Henderson and two children of Walnut Creek, California, are here for a ten-day visit with J. L.'s parents Mr. and Mrs. C. C. Henderson and sisters Mrs. Roy Phelps and Mrs. Billy Oglesby and families. Brothers joining the family here for the week end will be Mike of Denton and Captain G. A. Henderson and family of Amarillo.

Post Script

Ross McAngus, who is in the chicken business in a big way this year, received his second batch of 4,000 day-olds Saturday; his first batch having been raised to commercial size and sold.

We understand that there are three new Shell men in Eldorado. G. B. Desece has rented a Hazelwood house and is moving his wife and four children here. H. M. Hicks has also rented a Hazelwood house. Mr. Warren is the third of the list. All are members of the Shell maintenance gang.

News from the new Mertzow highway sounds good this week. Workmen have been setting back telephone and electric poles, and we understand that brush on the right-of-way is being cut in preparation for the fencing job. Paving is now completed from Eldorado to a point near DeLong's Ranch, and from the other way to the county line except for black-topping. It is expected that work will go right along on the remaining strip.

And once again you are all reminded that Monday, May 3, is the deadline for getting your name on the ticket in the Democratic primary election. You've got to get in to the office of Edwin Jackson, county Democratic chairman, and file your application. His office is in the Page Oil Properties building.

N. W. Gaston, with Delta Gulf, has moved to the DeLong rent house.

Elton Pullen has rented the Graves house and T. E. Brooks a Ratliff apartment.

Something new seems to have been added this week as the campaign for High School Student Council officers goes into high gear. The election takes place about noon tomorrow—Friday.

The new wrinkle is the introduction of printed campaign cards which have been distributed lavishly throughout the high school by the candidates for president and vice president. The cards all stress the point that "your vote and influence will be appreciated," just like their elders' in the primary.

Slugging it out with painted posters and printed cards for the top spot are young Jerry Pennington and Bill Holcomb, candidates for president. For vice president, and using the same methods are Bob Ratliff and Ronnie Mittel. For the complete slate of officers see the school news column.

Mr. and Mrs. Solon Boothe spent the week end at Iraap with Mr. and Mrs. Roy Crider. Mrs. Crider and Rickie accompanied them home to remain until after the wedding of her cousin Vera Faye Biggs Saturday evening at 8:00 at the First Baptist Church. Others who are visiting in Eldorado and preparing for the Biggs-Capps wedding are the bride's mother Mrs. Chester Biggs, and sister Mrs. Clyde Reece of Tatum, New Mexico. The couple will live at Plains.

Miss Betty Miller of Dallas has been visiting with her sister Mrs. Watd Parks and other relatives. Miss Miller has been employed in the Veterans Administration office in Dallas and will soon move to Denver when the office moves there.

"THE TALON" STAFF HOLDS FINAL MEETING

"The Talon" staff held its final meeting of the school term Tuesday evening, April 27, at 7:30 in the home economics rooms of the high school.

This only social of the year for the staff was really a policy dinner served by the Home Economics II class under direction of Mrs. Evans, the instructor.

After the broiled steak dinner, the staff held a very thorough round-table discussion of the policy of the annual. "The Talon" staff has the following thirteen members: Nell Williams, editor in chief. Ann Williams, business mgr. Martha D. Williams, asst. editor. Jean Kuykendall, asst. business manager.

Jorgi Lagow, sports editor
Charlene Logan, art editor
Bessie Thigpen, clubs editor
Glenna Edmondson, senior editor
Donna Beth McCormick, junior
Ann Edmiston, sophomore
Jimmie Dell Williams, freshman
Juanice Williams, 8th grade
Farris Nixon, seventh grade
Jimmie Whitten is not a staff member, but he was indispensable to the annual this year for he added unique scroll to the art work in "The Talon." He attended the dinner; Bessie Thigpen was the only staff member absent.

The election of the staff for 1954-55 will be held soon.

Bake Sale Planned To Help Raise Funds For Campaign Project

Every effort will be made by Eldorado backers to use their influence in bringing about the election of Mrs. J. W. Walker of Plainview as second vice president of the General Federation of Women's Clubs.

To help promote this project the Eldorado Woman's Club will start a fund-raising campaign with a bake sale at the office of R. J. Page on Saturday, May 1. Pies and cakes will be sold.

The money will be used to send a delegate to the convention in Denver. Hundreds of other Texans are joining hands in this project, but, as club women point out, Eldorado has a special interest in her election: the daughter of Mr. and Mrs. D. C. Hill, Mrs. Walker was reared here, and is considered an outstanding home town girl by local residents.

The committee, Mrs. Bert Page, Mrs. E. W. Craig and Mrs. W. N. Ramsay, urge that each person contribute food or funds so that the affair will be a sell-out and a financial success.

Legion Will Vote On Important Questions

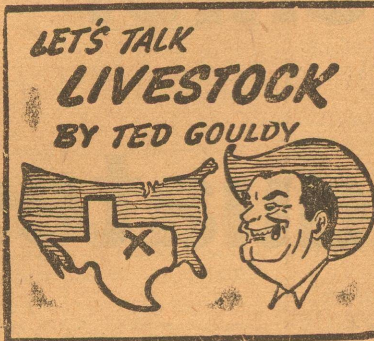

Next Thursday a good attendance at Legion meeting is solicited as the Post is to act on re-investing of matured bonds. Reports will be made on two important proposed projects for the immediate future, a summer playground for Eldorado and a fund raising entertainment plan.

A nominating committee for next year's officers will also be named at this meeting.

Mr. and Mrs. J. B. Huckaby of Dallas have been visiting during the weekend in the home of their daughter Mrs. Paul Page, Mrs. Huckaby remaining for another week.

New Babies

Born, April 21, at Sonora hospital, a daughter to Mr. and Mrs. C. L. Martin, Jr. The baby weighed five pounds and seven ounces at birth and has been named Leslie Jo. Grandparents are Mr. and Mrs. C. L. Martin of Eldorado and Mr. and Mrs. J. H. Etheredge of Knickerbocker. The couple have one other daughter, Terry Lee, age two. Mother and baby arrived home Sunday.

Border To Be Opened Jan. 1

Fort Worth.—Secretary of Agriculture Benson announced on April 14 that if the favorable situation in Mexico with regard to foot-and-mouth disease continues, and there are no new outbreaks, the U. S.-Mexican border will be opened to meat and livestock imports at the end of this year.

The prospect for heavy imports of Mexican cattle, and beef, are considered likely since the Mexican devaluation of the peso recently. The dollar balance of Mexico can be replenished to considerable degree by sale of cattle and meat in the United States, but this is not likely to meet with much favor among the bulk of the cattle producers. Especially affected will be the producers of the "plainer" kinds of stocker cattle.

Rains Failed to Slow Cattle Move

Cattle run at Fort Worth Monday was 1,100 above a week earlier and 1,300 above a year ago on the same date. Same pattern developed at all the nation's major markets as shipments were unusually large for the season. 24,500 more cattle, 2,100 more calves, 20,000 more hogs and 13,000 more sheep were reported by 12 major markets than on the same day a week earlier.

The heavy movement turned virtually all classes lower, except fat calves and high grade stockers. These classes were steady, but most other cattle were weak to 50c or more lower.

Good and choice fed steers and yearlings sold for \$17.50 to \$23, with common and medium kinds \$13 to \$17. Fat cows drew \$10.50 to \$13.50, a few to \$14 and better on the heiferish type. Canners and cutters drew \$7 to \$11. Bulls \$11 to \$15.

Delegates Announced To Lions Convention

At the Lions Club meeting Wednesday report was made that the following delegates will go to Corpus Christi for the Lions District 2A convention:

Mr. and Mrs. Gus Love, Mr. and Mrs. C. C. McLaughlin, Mr. and Mrs. Jerry Pennington, Mr. and Mrs. Jimmie West, Mr. and Mrs. Fred Watson, Mr. and Mrs. W. T. Whitten, Mr. and Mrs. P. K. McIntosh, Mr. and Mrs. E. C. Hill, W. M. Patterson, Jr.

The convention will be in session May 7, 8 and 9.

Announcement was made that the San Angelo College choir will be at the High School auditorium Thursday night, tonight, to present a program, admission to be free.

Lion J. H. Mace brought as guests Deputy District Governor J. W. Jones, who was accompanied by J. O. Vincent, both of San Angelo. Mr. Vincent talked on the economy of credit operation of the Bureau in San Angelo.

Cancer Drive To Close; Quota Is Still Short

The Eldorado doctors and the Junior Woman's Club have completed the major part of the staging of the cancer drive in this county. They have cleared a good sum at the games party Saturday night, but are still short nearly \$100 on the quota for the county and urge everyone who has not done so to give toward this worthy cause.

Mrs. George Stanley Finley and other Junior Club members, or the doctors will receive the donations. The drive closes in a few days.

Research, costing more than \$5,000,000 during 1954, will be financed by the American Cancer Society. About 100 institutions with some 900 investigators are probing cancer's secrets to find what causes the disease or to seek new methods of cure.

Band In San Antonio To March In Fiesta

The Eldorado band left Friday morning for San Antonio to march in the Fiesta Flambeau parade. They were the first high school band in the command section of the parade, and 11th in line.

Driver of the school bus was Mrs. Millard Smith, and chaperones were Mr. and Mrs. Charles Ludwig, T. E. Holcomb, Mrs. J. D. Meador, Mrs. O. B. Bradshaw, and Mrs. Palmer West. The group returned home at 6:00 Sunday morning.

Good and choice fat calves \$17 to \$22, and common and medium sorts \$13 to \$17, with culls \$10 to \$13. Medium, good and choice stocker steer calves and steer yearlings sold for \$16 to \$20 and similar heifers sold around \$2 to \$2.50 under.

Lamb Prices Sag at All Points

Sheep and lamb trade, facing numbers nearly one-third larger than a week earlier at the 12 major markets, weakened at all points. Bearish tone of the Eastern dressed meat trade in which some points reported lamb another \$1 or more lower, had an adverse effect.

Good and choice spring lambs drew \$20 to \$23, this compared with a \$24 top late last week. Cull common and medium slaughter spring lambs drew \$10 to \$19. Stocker and eeder spring lambs sold at \$13 to \$17.

Shorn fat lambs of good and choice kinds sold for \$18 to \$20, while cull, common and medium kinds sold from \$7 to \$17. Stocker and feeder shorn lambs drew \$14 to \$19, the latter price on mixed and fat lambs. Aged wethers sold at \$10 to \$12, and yearlings and two-year-olds sold at \$13 to \$15. Old ewes drew \$4.50 to \$6. Old bucks sold for \$4 to \$5.

Hogs Lower, Larger Runs

A surprising increase of some 21,000 head in the hogs offered Monday at 12 major markets lopped 50 cents per hundred off prices of butcher hogs and sows at Fort Worth Monday. Some longer declines were chalked up at Corn Belt points. Top at Fort Worth was \$27.75 to \$28, and sows sold from \$22 to \$24.

Protein Prices May Come Down

On May 3 millfeed makers will be able to submit bids for surplus dried milk now in government hands. The USDA has been under pressure from many quarters to sell this protein to help stem the soaring protein feed prices. Short supplies of soybean meal are a factor. A bigger than anticipated turkey crop, and vastly expanded business in hog and pig feeds, has served to push the protein prices up and up.

School News

At a called meeting of the school board Wednesday night, April 21, the new \$402.00 raise passed by the Legislature was approved for the whole faculty and an additional \$200.00 was granted. This makes the base pay of the Eldorado faculty \$600.00 above the state schedule. No other business was transacted.

The administration has arranged for the San Angelo College Choir to present a musical program in the high school auditorium tonight at 7:45. The 35 voice choir, making a good will tour through this area, has arranged a diversified program that includes Russian and Anglican church literature, Negro spirituals and folk songs. There is no admission charge and the public is invited to attend this program.

Interest and enthusiasm was high in the initial running of the school Olympics. The objective of the Olympics, to promote more interest in track, was accomplished as the list of entries numbered well over 200. A good crowd of parents and school patrons were present to witness the events. Competition was keen as the Freshman class won the high school division with 35 points and the Seniors came from behind to edge the Juniors 31 to 27.5. The 7th grade swamped the 8th in their division 52.1 to 40.9 points. Grade school results will be announced next week. Ribbons will be awarded to the first three winners in each event in assembly Friday.

Politics and student campaign speeches were in order as the Student Council political rally got under way in assembly Monday. The council is sponsoring the election of officers for next year's council. The election follows the general election laws of Texas, i.e., filing for office, write in candidates, voting, etc.

The election will be held at noon Friday and Senior members of the Council will canvass the returns. Returns will be certified by the High School principal.

Candidates seeking office are: Jerry Pennington and Bill Holcomb for president; Bob Ratliff and Ronnie Mittel for vice-president; Burrell Doyle and Pat Higgins for corresponding secretary; Colleen Hicks, Jerry Caldwell and Jean Kuykendall for recording secretary. Gainell Belk has announced that she is a write-in candidate for parliamentarian.

Eldorado was well represented in the regional meet held in Brownwood last Saturday. Three students Glenna Edmondson, Pat Higgins and Myrl Sudduth, represented Eldorado and this district. Glenna, winner of this district, won first place in the regional declamation. Pat Higgins placed second in the district typing and first in the regional contest. Myrl won first place in district number sense and 3rd in the regional. Pat and Glenna will enter the state meet in Austin May 6, 7, and 8.

The first grades of the school will take a train ride to Sonora next Wednesday.

The Junior class will leave Eldorado Saturday afternoon at 2:00, and spend the afternoon and evening on a picnic in San Angelo.

The Eldorado band will be taking part Saturday in a band contest at San Angelo.

Mrs. Bill Evans, home making teacher, took Shannon Barclay, representing freshmen and sophs,

The Rev. James Spencer closed out his work as Presbyterian minister at Ralston Memorial Church, Houston, Sunday, and arrives in Eldorado today, Thursday, to take his place as new pastor of the Presbyterian Church here.

Minor repairs and a little interior painting on the manse have been done by the church, to prepare for occupancy of the new minister and his wife.

There will be regular services Sunday, with Sunday school at 10:00, and preaching services following at 11:00 and 7:30.

The pastor accepted the call to serve the Eldorado Church shortly after the church accepted the resignation of the former pastor, Rev. Charles Bruce.

A graduate of Austin Presbyterian Theological Seminary, and a chaplain several years during World War II, Rev. Spencer, has been a YMCA director, and has served several churches.

All members of the Eldorado Presbyterian Church are urged to be present Sunday, when Rev. Spencer will be in his place as resident minister, filling the pulpit in that capacity for the first time. Visitors are always welcome.

Junior Woman's Club Sponsors Cancer Films

The Junior Woman's Club met Thursday night at the Memorial building. The program was showing of two cancer films to the members and their guests, the women of the county.

During the business session it was voted to assist with purchase of the dishes for the new Memorial building kitchen.

Mrs. B. L. Blakeway was elected vice president to take the place of Mrs. John Miller, who was elevated to the presidency after the resignation of Mrs. T. P. Robinson Jr. The next meeting, Federation Day, will be May 6. Miss Jewel Shelton will be the principal speaker.

Field Day At Sonora Ex. Station On May 8

Research on diseases, breeding and range production of sheep will be featured at the Texas Agricultural Experiment station field day Saturday, May 8, at substation 14, located 27 miles south of Sonora on Highway 55.

Beginning at 10 a. m. morning activities include inspection and discussion of pens of rams on progeny test, said Dr. W. T. Hardy, station superintendent. The 24 pens of four rams each are owned by sheep breeders throughout the area and have recently completed a 224 day feeding period. Sheep and goat ranchers from throughout the Edwards Plateau area are expected to attend. Lunch will be served by Sutton county 4-H club boys followed by informal discussions of sheep production and management.

Mrs. V. S. Maret of Gonzales, Joe Jackson of LaPorte, and Ruby Dameron of Sonora, daughters of the late J. E. Jones of Eldorado, visited the W. N. Ramsays and other old time friends here Saturday. They were on their way west.

Mr. and Mrs. Jack Whitley of Ozona were week end visitors in the homes of Eldorado relatives. They report a total of nearly six inches of rain on their place.

Mr. and Mrs. J. D. Ashmore and grand daughter Peggy Spencer went to Seymour Saturday for a weekend visit and Mrs. Ashmore remained for another week.

The Military

Sonny Stanford will leave San Angelo Tuesday by plane for his base in the State of Washington, where he will receive further instructions concerning his overseas assignment. His wife will remain here with her parents Mr. and Mrs. J. H. Mace. The couple spent from Monday through Wednesday in Midland visiting college friends, Mr. and Mrs. Ben Street.

and Nell Williams, representing the juniors and seniors, to Fort Worth to attend the homemaking meeting at the Will Rogers coliseum. They were accompanied by Mrs. Walter Barclay who visited her daughter Mrs. Pete Miller and family. They left Eldorado Thursday and returned home Saturday evening.

Proper Use Is Given On Insect Repellants

College Station. — Insect repellent preparations and home insecticides are popular controls for insect pests, but should not be confused one for the other. Repellents are applied to the skin or clothing to keep insects off and insecticides are used to kill insects, explains Neal M. Randolph, extension entomologist.

Home gardeners, outdoor workers, campers, picnickers or families sitting in the yard will find repellents helpful in warding off mosquitoes, gnats, chiggers, ticks, and other annoying insects.

Repellent preparations, usually in liquid, lotion or cream form, are available at drug, hardware and grocery stores. Randolph says among the most satisfactory chemicals as repellents are dimethyl carbate, dimethyl phthalate, ethyl hexanediol and indalone. The container usually lists the chemicals in each preparation. Unlike many old repellents these substances have little or no odor and give protection several hours.

Mosquito, fly and gnat repellents should be applied directly to the skin. Rub uniformly onto exposed areas and repeat every two or three hours. Be sure there are no skin abrasions and do not apply near the eyes.

Chigger and tick repellents are most effective when applied to the clothing, but not to your best clothes. The chemicals are likely to spot or stain and even damage synthetic fibers.

A few drops daubed around the top of the socks and shoes gives protection against these crawling insects. They also may be applied to openings in the clothing around waistbands, cuffs and collars.

Mrs. R. J. Page is staying with a sister-in-law who had surgery at San Antonio and who is convalescing at her home at Three Rivers.

Mrs. D. E. DeLong and Mrs. Claude Meador have gone to El Paso to visit their brother George Smith.

Carla and Lynn Fay Yates have gone to Belaire to join their father, after a several months' stay in Eldorado with relatives.

Mr. and Mrs. Frank Crawford Jr. and two daughters of Big Lake stopped here Friday for an overnight visit with Mr. and Mrs. Houston Thigpen, on their way to Corpus Christi and Beaumont.

Mr. and Mrs. Jess Thompson went to San Antonio Wednesday night, and Mr. Thompson had a check-up at a San Antonio hospital Thursday. They spent the remainder of the week at Pearshall with the Buster Gunns, returning home Saturday night.

Mr. and Mrs. Bob Roberts have moved from a Crosby apartment to the S. L. Stanford house.

SHEPPERD ANNOUNCES FOR RE-ELECTION

Texas Attorney General John Ben Shepperd formally filed for re-election to a second term today, subject to action of the Democratic primary. In his announcement Shepperd pledged continuing war by his office on "Crime, Communism and Corruption."

Shepperd, who was elected Attorney General in 1952, after serving two years as Secretary of State, is 38 years of age and a native of Gladewater, Texas.

The entire Cub pack will put on an assembly program beginning at 12:45 today, Thursday.

No Place Like Home —For Accidents

College Station. — There's no place like home—for accidents, so before you relax with the evening paper, better check to see if your home is as safe as you think it is.

Eight check-spots to insure a safer, and incidentally more attractive home are these, says Sadie Hatfield, homestead improvement specialist for the Texas Agricultural Extension Service:

(1) Is your driveway arranged so that you can head into traffic, rather than to back into it? And does your driveway have a clear view of all passing and approaching cars? Cut your shrubs low enough so that you can see over them, and prune tree limbs off to a height which will enable the driver to have a clear view.

(2) Do you have a safe trash-burner? A large percentage of home fires are started by burning trash. A large metal container of almost any kind may be fitted with ¼ inch mesh covering. This will keep flaming particles inside the burner. Trashburners are easily built of rock, brick, or cement block.

(3) Do you have ¼ inch wire mesh over the top of all chimneys, flues, outside furnaces, and barbecue pits?

(4) Is your clothesline a sagging snare? It should be raised above head level and the sag tightened so that one may walk or run under them without danger.

(5) Are you sure you have no holes in your lawn? Grass growing over the holes will obscure them and may cause someone to stumble or fall.

(6) What about stumbling blocks such as stone or stumps and bumps in the lawn? Walks that are higher than the ground may be filled along the edges with soil so that they will not rise above the ground level.

(7) Is your garbage can fly-tight and water-tight? Such a container should be arranged to hold cans, bottles, and other rubbish until these can be carried away. This will discourage insects and insure no broken glass in the yard for the children to cut themselves upon.

(8) Do you have a play area arranged to keep toys and children's play equipment in one place? Scattered playthings may lead to dangerous falls.

Guests of the C. O. Neffs' were Mrs. H. E. Null and two sons of Big Lake, who also visited Mr. and Mrs. Bert Holley.

Mr. and Mrs. Bill Lewis Humphrey returned to Alpine after visiting the former's parents Mr. and Mrs. W. J. Humphrey.

Mr. and Mrs. Dan Mittel of Dallas are visiting their cousins Mr. and Mrs. Archie Mittel several days.

Here for the weekend as guests in the B. E. Moore home were their son C. E. and his wife and daughter Patricia of San Antonio.

In accordance with the family custom of having family dinners together when the lambs were being marked, Mr. and Mrs. Bert Page and the sons and their families had a picnic dinner at the Paul Page place Monday, while marking was under way.

Mr. and Mrs. Tom Wilton of Fort Sumner, New Mexico, are here visiting Mr. and Mrs. James Page.

Sprinkle Your Clothes With a Garden Hose!

College Station. A garden hose can wash away the chore of hand sprinkling starched clothes on busy laundry days.

Without ever gathering the starched clothes from the line, the homemaker sets the nozzle of the hose on a very fine spray and gently plays the water on the starched clothes.

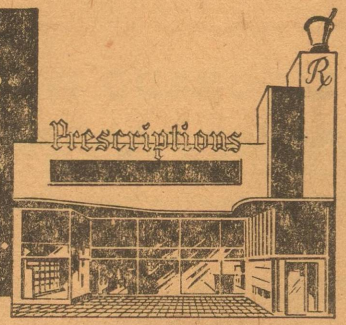

Minnie Bell, home management specialist for the Texas Agricultural Extension Service, advises the housewife to sprinkle clothes on one side only when she uses the garden-hose technique. All of the garment will absorb moisture while it is folded awaiting ironing.

As the sprinkled clothes are removed from the line, they should be folded and placed in a plastic bag, ready for ironing.

Mrs. R. A. King, who has been on the sick list for some time, continues to improve.

TAKE ANOTHER LOOK BEFORE STOCKING UP

If these much needed rains have created a desire in your mind to stock your grassland more heavily, it would be best if you made a close examination of your grass first. Taking it easy now will increase your future production. Let's give those new seedlings and the old drouth-starved plants a chance to live and grow. The greatest part of the Eldorado area has received good rains

this month. None of them have been big, but they came slow enough for the greatest portion of them to soak in. Rangeland with adequate cover absorbed a big percentage of the rain while the barren deep soil flats with little cover lost the greatest part of the rain to runoff. The penetration on bare deep soil was only 4-6 inches deep, which is the equivalent of a half inch rain that is held.

It looks encouraging to the rancher—and to all of us—to see green shoots coming out of old dry grass clumps. Many new seedlings are also showing up. These plants stand a good chance of survival if the leaves aren't grazed off too quickly. After all, that nice green shoot you see is the plant's food manufacturing factory. If it's clipped off too quick, the young seedling won't stand a chance of surviving. Both young seedlings and old plants show better survival on pastures with a reasonable amount of ground cover. Ninety-five percent of a plant's food is manufactured in the green leaves.

We have often heard ranchers say their range sure looked sick before it rained. Now you wouldn't expect a sick man to go out and do a full day's work, would you? The range grasses need exactly what a sick man gets after an illness—a period for recovery. The grasses greening up now need rest in order that they may again develop into strong, high-producing plants.

Our rangeland is now at the crossroads. With the extended drouth and the heavy grazing it has been subjected to in the past, this is the most critical period in its history. The kind of management we use during the remainder of this growing season, as well as the next few years, will determine what our pastures will produce and look like for years to come. A definite and flexible plan of grass management based on its present condition will enable the ranges to make a fast and productive recovery.

The best and speediest method of securing range recovery is through complete deferment during its growing season, followed by light stocking. There is where you get more pounds of beef on fewer cattle. Rest as much pasture as possible until frost. Deferment gets best results when the grass is green and growing.

On deep soil flats, which normally take up moisture slowly, you can assist nature in storing rainfall by pitting. These flats are your most productive land but they are slow in recovery and need help in recovering.

People who operate ranches in this locality should go easy on the

grass now. Give it a chance. Inspect your pasture carefully before buying more livestock.

Soil Conservation Service range men are glad to get on the ground with ranchmen to assist in studying range conditions and assist in developing conservation plans for securing rapid recovery.

Boy With a Penny and Million-Dollar Idea

College Station.—The bygone lad who pondered with a penny at the candy counter was a wise boy. He wanted to make sure that he was getting the most for his money.

Today his penny isn't much good, but his idea is!

Everyone can make sure that the goods, services, and satisfactions they receive for their money have real meaning and value. They can do this by setting up long-time and short-time goals for the family which will help dictate which purchases are worthwhile.

When the lad with the penny finally decided what to buy, he paid his money and that was the end. What if he had been able to charge it?

Families today have a choice between charging and paying cash. Which is best? Cash is usually cheaper and there are no bills

later, says Mrs. Eulia J. Newman, home management specialist for the Texas Agricultural Extension Service. Credit is convenient, allows installment buying, and establishes a credit rating which facilitates borrowing of money.

Before making a purchase, consider these points:

1. Is there real need for the goods?
2. Would increased efficiency offset the added expense of the item?
3. What would happen in case of sickness or accident?
4. Consider what you can expect your future earnings to be.
5. If buying on time, consider borrowing a lump sum at a lower rate of interest, and pay cash.
6. Could you possibly save the money first?

Guests of Mr. and Mrs. Odes Jeffrey last week end were Mr. and Mrs. O. M. Jones and sons Galen and Ronnie of Blanco.

WHAT PRICE **SPEED?**

Speed—excessive, reckless speed is the greatest killer stalking the Nation's highways today.

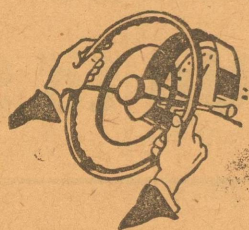

In one out of every two driver accidents resulting in deaths and injuries, speed is directly responsible for this carnage on the highways. Other lethal causes, such as cutting in and out, passing on curves and hills, driving off the roadway, are indirectly the result of quick bursts of speed.

And the speed death toll is climbing! Faster roads, super-powered cars urge drivers beyond their human limitations to a quicker and more frequent rendezvous with Death.

Rural highway fatalities due mainly to speed soared from 22,000 in 1949 to 28,200 in 1952 and over 31,000 in 1953. Those are the dead—and for every death count fifty injured, maimed, crippled for life.

Is this the price you and others are ready to pay for the momentary thrill and the ever-present danger of death from speed? It takes only a split second to change speed exhilaration into speed tragedy.

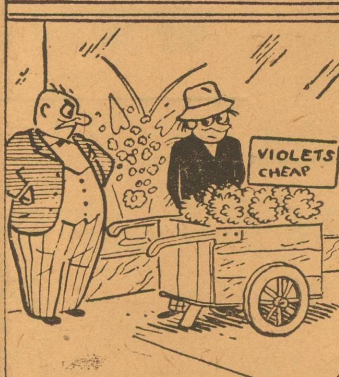

The decision is in your hands—be sane, be sensible, slow down and live!

SLOW DOWN—LIVES ARE IN YOUR HANDS!

News From Our Neighbors

Twister At Stockton

A twister Wednesday afternoon approached from the east and struck the farm home of Mr. and Mrs. C. E. Barker four miles northeast of Fort Stockton, then returned from the west moments later and removed additional sections of the roof.

Mr. and Mrs. Barker were at home at the time, and had taken refuge in a small closed central hallway. Mr. Barker said the roar of the tornado was terrific as it passed over each time. Sections of the roof on a northeast bedroom and on the living room on the southwest corner of the home were destroyed and the ceiling, walls, and furnishings suffered water damage from the shower which accompanied the tornado.

Trees were twisted and many large limbs torn off the elm grove at the Barker home, and trees were blown down and limbs split off at the J. A. Casebier home a half mile southeast of Barker's.—Ft. Stockton Pioneer.

Kindergarten For Mexicans

Mexican children of pre-school age receiving kindergarten instruction five afternoons of the week at the home of Mrs. Jesse Schmidt. The purpose of the project is to better fit the children for classroom instruction when they enter school. Mrs. Schmidt had an enrollment of eleven children Monday when the first class was held. Several other children are expected to enroll. All the children can understand a smattering of English but they need improvement to cope with the classroom. The program costs approximately \$200 and all this money must be raised by donations.—Mason Co. News.

Letter Is Delivered

The dead letter service of the Sonora Post Office, we have decided, is without parallel. Last week, for example, the Post Office received a letter addressed to "Painless Joe." No box number, no city, no nothing. Just Painless Joe.

Our local hawkshaws went to work, combing the massive Sonora city directory for some clue to the addressee's identity. The letter meanwhile was bounced from department to department and was variously listed as unclaimed, unknown, refused, no such office in state, moved, left no address, and for better address. In addition to this, the different employees who handled the letter made notations on it:

"Try Poker Joe."
"Not for Poker Joe."
"Try Joe Berger."
"Not mine."
"Try Joe Hull."
"Not for Joe Hull."
"Try Painter Joe Anderson."
"Not for Joe Anderson."
"Could be Joe B"

And so it happened that Dr. Joe B. Logan opened the envelope, took out the check that was made out to him, and is now carrying a half-inch electric drill around looking for a certain "eccentric" insurance man—Devils River News

Bulls Are Winners

Four bulls sired by Baca Domino, a bull owned by Mrs. Alice Guthrie, Menard county ranchwoman, made the biggest weight gains in the 12th annual progeny feeding test recently concluded at the Balmorhea experiment station. Purpose of the tests is to determine the quality of a sire by the gaining ability of his offspring, since the only real measure of a bull is his calves. One of the four winning bulls has been loaned to the Experiment station at Sonora for breeding purposes.—Menard News.

New Utilities Manager

Clarence L. Morrow, manager for the past six years of the West Texas Utilities Co., office at Presidio, has been named manager

of the Big Lake office to succeed H. C. Logan, who resigned several weeks ago. Mr. Morrow, accompanied by his wife and five-year-old daughter, arrived here last week, and are at home in the company house in the south part of town. Mr. Morrow has been with the company for 15 years, most of the time living at Presidio.—Big Lake Wildcat.

Rain For Crockett

Answer to a ranchman's prayer—follow-up rain—came to Crockett county's parched acres Wednesday night and early this morning to further bolster hopes that West Texas' longest drouth may at last be coming to an end.

A downpour which lasted thru most of the night and was still falling this morning brought 2 1/2 inches of rain in Ozona and falls ranging from a half inch in extreme southern part of the county to over five inches on the Joe Couch ranch west of Ozona.—The Ozona Stockman.

Fundamental Baptist

We are indeed thankful for those that were present in all services this past Lord's day. May we all continue to pray and stay faithful in the Lord's work.

The pastor preached in all services at the Bible Baptist Church of Burnet last Sunday. He gives a good report of the services there. Lord willing Bro. McDougal will be in a revival meeting there in the near future.

We praise the Lord for Bro. Sheffield that he could preach in the absence of the pastor. Let's pray for him and his family that they will be used of the Lord in a great way.

If you are not already attending church or Sunday school, you are invited to attend all of the following services:

Sunday school 10:00 a. m. A class for all ages. Morning worship at 11:15. The pastor will be preaching on the subject, "Marks of a Christian."

Mrs. Ross Webb has returned home from San Angelo where she was a hospital patient.

First Baptist News

It seems to be agreed by almost everyone that Bro. McIlveene brought some of the best messages that we have had the privilege of hearing for some time. The results of such preaching will be felt for some time to come.

Bro. Smith is making plans for the activities of the young people. School will soon be over for this year and we will be putting all into the summer months that we can. It is one of the greatest opportunities for young people.

May is Christian home emphasis month for us. We will be hearing a great deal about the need and methods for a Christian home. Every service will be important for us.

The pastor will begin a new session of the Pastor's Class next Sunday evening at 7:00 o'clock in the library. All new members are urged to attend, and others are invited. What Baptists Believe, is the subject of the study.

Sunday school attendance last Sunday was:
First Church 209
First Mission 43
Mexican Mission 42
Go to church somewhere next Sunday. You need the church more than the church needs you.

FIRST BAPTIST W. M. U.

The WMU of the First Baptist Church met at the church Monday, with Circle 1 in charge of the program and serving of refreshments. During the business session, over which Mrs. Carroll Ratliff presided, Mrs. Walter Barclay announced that boxes would be packed at the church on May 10 for the orphanage.

Mrs. Roy Martin was lesson leader on medical mission work in South America. Mrs. Russell Sallee led devotionals, Mrs. Bill Rountree sang a solo accompanied by Mrs. Kenneth Cheek, and others assisting were Mrs. T. P. Robinson, Jr., Mrs. W. M. Pynes and Mrs. Weldon Davis.

Refreshments were served to 25 members, 8 Sunbeams, and 10 nursery children.

Mrs. R. A. Evans has been visiting relatives in San Angelo.

WOMAN'S CLUB MEETS WITH MRS. MILLIGAN

The Eldorado Woman's Club met Tuesday afternoon in the home of Mrs. Robert Milligan with 14 members present.

The club decided to send Mrs. Jess Walston, the club president as delegate to the General Federation of Women's Club convention in Denver, Colo., to support Mrs. J. W. Walker as candidate for second vice president of the General Federation of Women's Clubs.

Mrs. Walker is a daughter of Mr. and Mrs. D. C. Hill of this city.

Mrs. Milligan showed a display of hand painted china, pictures and linens.

The next meeting will be in the home of Mrs. W. N. Ramsey on May 11th.
