Wins Judging Honors At Texas Tech

Outstanding Texas Tech judges were recognized recently and presented awards at the 24th annual Block and Bridle Club banquet in Lubbock.

In the sophomore livestock judging Ronnie Mittel, son of Mr. and Mrs. Archie Mittel was presented with an award in judging quarter horses. He was also a high individual judge in his class.

Mittel is a member of the Block and Bridle organization which is a campus club of Texas Tech.

Duchess Contest To Be Sponsored By C of C

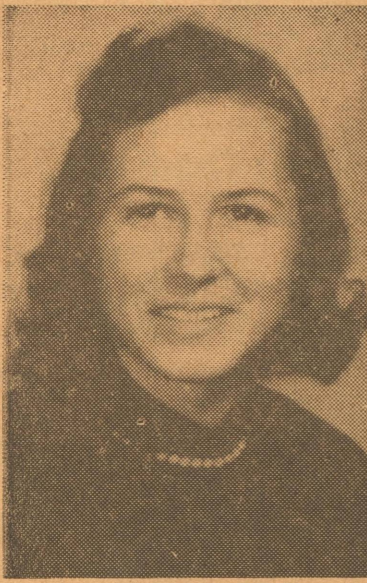

T. P. Robinson, Jr., publicity chairman has announced that the Schleicher County Chamber of Commerce is sponsoring an event to choose a Duchess to represent Schleicher county at the coming Brady Jubilee July 2nd through 6th. Prospective entrants should register with the manager of the Chamber of Commerce as soon as possible. Contestants will be responsible for placing containers in the local retail establishments and votes will be made by the public by placing money in the containers. Votes will be counted according to a penny each and the final selection will be made known June 4th.

The Duchess selected will be honored in a series of events during the Brady Jubilee to be held July 3rd through July 6th.

According to the rules of the contest, each entrant must be at least 18 years old and will invite their own escorts who will be dressed in dark suits. The Duchesses will wear long formal gowns. The winner will have to furnish a small black and white picture of herself and will have to be in Brady July 1 through the 3rd for rehearsal and the parade on July 3rd.

Humphrey Motors has agreed to furnish a Ford convertible for her use during the Jubilee. All other expenses will be paid for by votes cast for all contestants in the campaign.

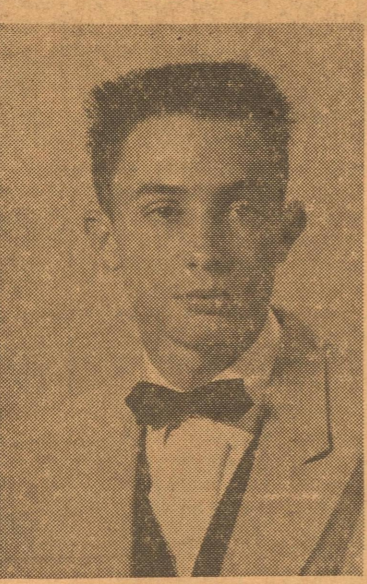

Any other questions not made clear here can be answered by C. H. Wright, Chamber of Commerce manager.

Church Remodeling Nears Completion

Nearing completion is the remodeling project that has been going on in recent weeks in the sanctuary of the First Methodist church.

Men of the church have donated much of the labor, and the Womans Society of Christian Service have provided funds from their bazaar sales for this project, which was in the talking and planning stage for many months before work got under way a while back.

The semi-circular communion rail has been replaced with a straight one which extends across the entire width of the interior. The platform was extended out and has been covered with gray carpeting. New furniture includes a lectern, and a baptismal font which was given by Mrs. V. G. Tisdale.

A dossal curtain of maroon velvet has been hung on the wall behind the choir loft, and an indirectly lighted cross is in front of it. Part of the wall has also been paneled in oak and other woodwork has been painted ivory.

Son-in-Law Dies

Randolph M. Burroughs, 56, son-in-law of Mr. and Mrs. L. Kent of Eldorado, died at 3:00 p. m. Saturday in a Coleman hospital.

Funeral services were held at 4:00 p. m. Monday and interment was made in the Coleman cemetery. Survivors include the widow, one son, two daughters, and five grandchildren.

Among those attending the services from here were Mr. and Mrs. Fred Gillespie and Mrs. L. Kent.

STATIONED IN SAN TONE

Pvt. David Powell has been transferred from Fort Gordon, Ga., to Fort Sam Houston near San Antonio. He spent last week end in the home of his mother, Mrs. Elizabeth Powell.

Other visitors in her home were Mr. and Mrs. George Graham and family of Midland and Mr. and Mrs. Walter Ray and family of San Angelo.

Clean Up, Paint Up, Fix Up Week Will Start Monday In Eldorado

Monday, May 26th, will mark the opening of Clean Up, Paint Up, and Fix Up week in Eldorado. Under the sponsorship of the Schleicher County Chamber of Commerce, the special week will last through Friday, May 30.

How Do We Win?

While you probably see the benefit of spring cleaning and renovating in your own home, perhaps you wonder about the effectiveness of our present community beautification program.

Provided everyone cooperates, what will we gain? Even this partial list will most likely surprise you: respect for property; development of community spirit; reduction of fire losses; instruction in good housekeeping; vacant lot improvement; promotion of safety; discouragement of crime; citizenship course for children; improvement of employee morale. Clean Up supports business, stabilizes and restores and increases and value of real estate.

How do we win? In every way that will contribute to our safety, health, and general well being.

It's up to you—if you, and you, and you support the campaign, we'll all benefit, individually and collectively. Clean Up. Paint Up. Fix Up. It's a winning proposition.

Summer Recreation Program For Girls

Plans are being completed for a recreation program for the girls of Eldorado. This program will be carried on by the local school and will be supervised by Mr. Barnett. Some 100 girls have indicated an interest.

The program is scheduled to begin on June 16 and continue through the 25th of July. Activities will begin at 9:00 a.m. and last until 12:00. Students presently in grades 4 through 12 will be included.

Games to be played will be: Badminton, tennis, croquet, table tennis, softball, volleyball, basketball.

If you are interested, please report to the local gymnasium on June 16th at 9:00 a.m. for organizing.

Oil Activity Continues To Hold Up Well In This County

In spite of the low number of production days still in effect in the state, oil activity in Schleicher county continues to hold up well, with several rigs running and at least three more due to start soon on locations already staked.

Below are listed the various current operations now under way.

Fryer & Hanson Drilling Co. of Dallas, No. 1 Callan, was swabbing through perforations between 2614-20 feet and recovery was 18 barrels of oil per hour. This virtually assures the county of a Saddle Creek sand discovery.

Earlier tests from perforations between 2675-2700 feet at first indicated natural flowing of an unreported amount of oil, no water. The flow muddied off and died and the higher formation was tested.

The well is a re-entered wildcat, originally drilled by Taylor Oil & Gas Co. (Phillips) which was abandoned at 6,065 feet in 1944.

Miami Petroleum Co., Inc., No. 1-E Emma Campbell Strawn wildcat 19 miles northeast of Eldorado, recovered gas, shows of oil, and salt water on a drillstem test in the Tillery sand.

Tool was open two hours on the

test taken between 4843-54 feet. Recovery was 1,000 feet of gas, 60 feet of oil and gas-cut mud, and 210 feet of salt water.

Flowing pressure was 50-127 lbs. initial 30-minute shut-in pressure, 1,835 pounds; and final 30-minute shut-in pressure, 1,636 pounds. The project was bottomed at 4956 feet. Operator preparing to take another drillstem test.

Tucker Drilling Co. of San Angelo on a farm out from Jocelyn Varn will drill their No. 1 H. A. Thompson 9 miles south of Eldorado. It will be drilled with a company rig.

Ashmund & Hilliard No. 2 Ltd. of Midland, have filed application to drill a northeast offset to the No. 1-F E. Otto Williams, opener and lone producer in the Otto (Strawn) field 16 miles northeast of Eldorado. It will be the No. 2-F E. Otto Williams.

Rotary drilling to 5,400 feet will begin immediately with Fortune Drilling Co., of San Angelo having the drilling contract.

The discovery was finalized Nov. 1, 1957 for a daily flowing potential of 154 barrels of 37 gravity oil through a 14/64 inch choke and from perforations between 5161-62 feet.

Sinclair Oil & Gas Co. No. 2 R. L. Stansberry is still a location. Location is a northeast step-out to the Toenal (Strawn) field of Schleicher county. Scheduled depth is 5,500 feet.

Standard Oil Co. of Texas No. 3-A Christina Mittel set surface casing yesterday afternoon at 650 feet. Tucket Drilling Co., of San Angelo has the drilling contract.

Co-Op Board Accepts Plans For New Building

The board of directors of the Southwest Texas Electric Co-Op met in a regular meeting May 15. Architect Donald R. Goss presented the final plans and specifications for the new Co-Op building, which the board accepted.

June 11th is the date set for opening of the bids. The plans and specifications and contracts have been made available to contractors in the Dallas-Ft. Worth area, Abilene, Midland, San Antonio, and San Angelo.

If a bid is accepted at the June meeting, construction could begin in July. Test holes for the building foundation were drilled several days ago, with the results to be considered by contractors before their bids are made.

All board members were present at the meeting last week except Forrest Runge who was a sponsor on the Senior trip being taken to Monterrey.

Dance Revue Draws Big Crowd Saturday

The dance revue given by the classes of Miss Janis Watson Saturday evening in the high school auditorium was well received by a large crowd. Forty-two dancing students took part in the program.

The program was sponsored by the Junior class of the high school and all proceeds from the sale of tickets went to the class fund. Expenses incurred for the recital were met by the dancing teacher and some of the parents of the pupils, and other individuals.

Members of the Junior class have stated that about \$70.00 was realized from the ticket sale indicating the large attendance with tickets at 25c and 15c each.

Gerald Hartgraves and Lt. Donn Byrnes were in Austin on business Monday.

Swimming Pool To Open Tomorrow For Summer

The Schleicher County swimming pool will open for the summer season tomorrow, Friday, according to announcement this week from David Kuykendall, pool manager. The pool is to be open from 2:00 to 7:00 p.m. Tuesday through Sunday, and closed Monday. Admission will be 20c and 30c, and a schedule of season ticket rates will be set up later on.

Assistant manager at the pool will be Jimmie Dell Williams, and Bob Burkart will work at the pool until Miss Williams arrives home from the University. Billy Van Dusen will work as life guard.

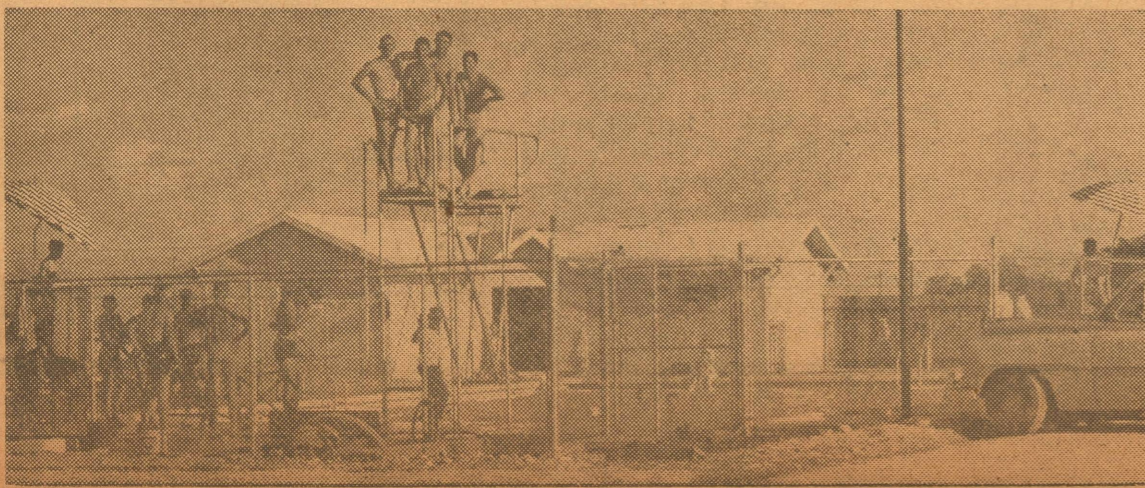

Swimming and life saving classes for all age groups will be organized later on, and will meet mornings at the pool.

Eldorado now has one of the most modern swimming pools in this part of the state. Features include a filtering system that circulates the water constantly. The pool has recently been drained and cleaned in preparation for the summer season.

This will be the second year that the pool has been in operation. It was in use for the first time last summer, with Jack Browning and later Byrl Clayton as managers. Previously, qualified voters of the county approved a \$35,000 bond issue for the pool.

Location of the pool is on Block 6 in the West Addition. Legion Field is also located on the same block.

IN USE FOR THE FIRST TIME LAST SUMMER, THE COUNTY POOL DREW LARGE CROWDS

D. A. R. Meets At Baugh Ranch Recently

Mrs. Josh Ewing was hostess when the Eldorado chapter D. A. R. met at her home nine miles east of town last Thursday afternoon. Due to inclement weather only ten members, other than the hostess, were present, including Mesdames J. E. Hill, Ernest C. Hill, V. G. Tisdale, W. F. Meador, John Luedecke, C. M. McWhorter, P. K. McIntosh, Luke Thompson, W. O. Alexander and Miss John Alexander. Mrs. Tisdale, the chaplain, opened the chapter by reading from Phillipians 12:13-14, and after prayer, the flag salute and singing of the national anthem, the regent presided over the meeting.

In the business session a report was made by Mrs. Meador on the meeting of the DAR national congress which convened in Washington, D. C., last month. A donation of \$5.00 was made to the Groves dormitory at Tamasee school at Tamasee, South Carolina, in honor of Mrs. J. E. Tisdale of El Dorado chapter, one of our faithful and beloved members who is unable now to be an active member of the chapter.

Mrs. John Luedecke, chairman of American history committee, reported that in the history contest in the schools, the winners in the eighth grade were: first place, Ailene Clayton; second, Judy Hext; and third, Verna Lux. Winners in the seventh grade were: first place Linda Sauer; second, Cathy Kinser, and third, Betty Humphries. The awards for history contest were presented by Mrs. Luedecke at the school auditorium at 10:00 a. m. Tuesday.

Mrs. Ernest C. Hill made an interesting report on national defense. Reports were heard from the various officers of the chapter. Mrs. C. M. McWhorter was installing officer for the following officers for next year:

Regent, Mrs. W. F. Meador; first vice regent, Mrs. Luke Thompson; second vice regent, Mrs. Elizabeth Powell; chaplain, Mrs. V. G. Tisdale; secretary, Mrs. Ernest C. Hill; treasurer, Mrs. J. E. Montgomery; registrar, Mrs. W. O. Alexander; historian, Mrs. John Luedecke; librarian, Mrs. Mary Coupe; permanent board member, Mrs. W. O. Alexander.

The regent had on display an honor roll certificate which was presented by the National Society to Eldorado chapter for meeting the requirements in all phases of work sponsored by the National Society.

The hostess served refreshments of sandwiches and frosted punch to those present.—Chapter Reporter.

HAYRIDE FOR SENIORS

The First Baptist church will sponsor a hayride and sack supper for the Senior class tonight (Thursday) with women of the WMU in charge of arrangements.

The guests will meet at the church at 6:30 p.m. and will go to the Bailey Ranch community for a sack supper.

T. S. Buchanan returned last week from College Station where he was a guest in the home of his brother, Mr. and Mrs. A. F. Buchanan.

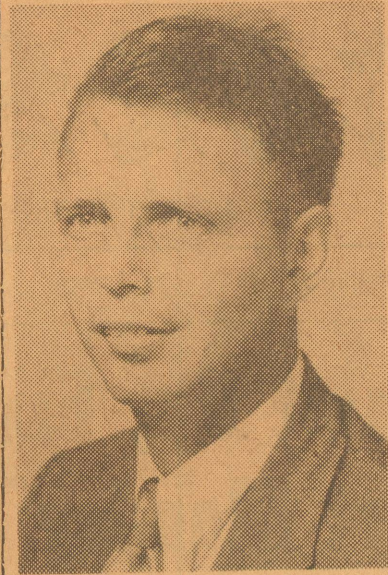

Week end visitors in the home of Mr. and Mrs. Albert McGinnes were her mother, Mrs. Ben Brooks of Tennyson and her nieces, Cynthia and Karen Hamiter of Abilene.

Mary Lynn McGinnes has been ill with measles this week.

Fred Smith was injured last week when he backed his car into a culvert and sustained a serious neck injury. He is a patient in St. John's hospital in San Angelo and is somewhat improved according to members of the family.

Mr. and Mrs. R. D. Johnson were accompanied by his brother and sister-in-law Mr. and Mrs. Dink Johnson on a trip to Alpine last week. They attended the Sul Ross College rodeo Thursday and returned home Friday.

TO PREACH SUNDAY NIGHT

BOB BURKART

MRS. HARTGRAVES HOSTESS TO CIRCLE NO. 2

Mrs. B. F. Hartgraves was hostess to Circle No. 2 of the WMU when seven members met at her home Monday afternoon.

Mrs. J. L. Ratliff, chairman, presided at a short business session. She also presented the program on Philip's obedience and willingness.

The hostess served lemon sherbet cake and coffee to those present.

Methodist News

Bob F. Burkart, our choir director and a local preacher in our church, will preach the sermon at the service next Sunday evening at 7:30 p. m. This will be his last service with us.

Next Sunday will be Roll Call Sunday at our church. The church roll will be read at the morning service and all members of the church are asked to answer when their names are called. For the benefit of those who are working and unable to be present at the morning service, the roll will be checked again at the evening service. All members of the church are urged to be present for our annual roll call.

Most of the remodeling of the chancel has been completed, although much work remains to be done elsewhere in the sanctuary. The WSCS has paid for all of the remodeling thus far, with the help of some special contributions, as well as labor donated by the Methodist Men. Mrs. W. F. Meador Sr., who is the chairman of the committee in charge of the remodeling, will make a statement to the congregation next Sunday.

Attendance last Sunday was 141 at Sunday school and 139 at morning worship.

Last Sunday there was the infant baptism of Kimberly and Karen Byrnes, daughters of Lt. and Mrs. Don A. Byrnes, and great granddaughters of Mrs. V. G. Tisdale. This was the first use made of the beautiful new baptismal font given by Mrs. Tisdale in memory of her late husband, V. G. Tisdale.

We have received a postal card from Mrs. Van McCormick, mailed from Decatur, Alabama.

Our church has received a letter of thanks from the 400 boys and girls at the Methodist Home in Waco in appreciation for the Christmas offering of \$192.13 which our church sent to the Home, to help provide for their necessities.

Annual conference will be held next week at Laurel Heights Methodist Church in San Antonio beginning Monday and closing Friday. In case of any emergency the pastor can be contacted there.

Texas Tourist Industry Growing In Importance

Austin.—Visitors to Texas spent more money and stayed around longer during any previous year, so indicates the Tourist Industry Report released by the Texas Highway Department recently.

D. C. Greer, state highway engineer, pointed to statistics in the Report which show that expenditures per person per day jumped to \$8.22 in 1957, as compared to \$7.71 in 1956. Moreover, the typical tourist extended his visit to 6.3 days in 1957, as against 5.9 days the previous year, according to Mr. Greer.

The Report defined tourist dollars as new money earned elsewhere and brought into the community where it is then spent and respend into the local business cycle. Specifically, tourist dollars to the tune of \$531 million made music in Texas cash registers and jingled in the pockets of Texas jeans last year. This whopping amount was cleared from tourists traveling by automobile. Greer pointed out that this was an impressive increase over 1956's intake of \$379 million. The Report says that approximately \$98.9 million was spent also in 1957 by tourists visiting Texas by air, rail, bus and ship.

JANE SANDERS HONORED

Jane Sanders was honored with a tacky party Friday evening by her parents, Mr. and Mrs. Jerroll Sanders who entertained members of the sixth grade classes of the school. The affair was held in the Memorial Building from 8:00 p.m. until 10:30 p.m.

Judges for selecting the most appropriate costume were Mr. and Mrs. Solon Boothe and Mr. and Mrs. Cecil Thomas. Winners were Gary Donaldson and Barbara Johnson.

Ginger ale float and cake squares were served to about 40 guests. The tables were centered with arrangements of weeds in keeping with the theme of the party. Other adults helping with the entertainment were Mr. and Mrs. Sandy Donaldson.

WILLIAMS HAVE GUESTS

Mr. and Mrs. George Williams had as their guests last week end Mr. and Mrs. Glendon Aldridge and Steve of Abilene, Mr. and Mrs. Charles Orr of Waco, Mrs. Jim Smith of Phoenix, Arizona, and Mrs. Agnes Wallace of San Angelo. Mrs. Orr will visit in the Williams home for several weeks.

Mr. and Mrs. R. J. Alexander of Big Spring and Mr. and Mrs. R. J. Alexander, Jr., of Stanton visited with friends and relatives here last week end.

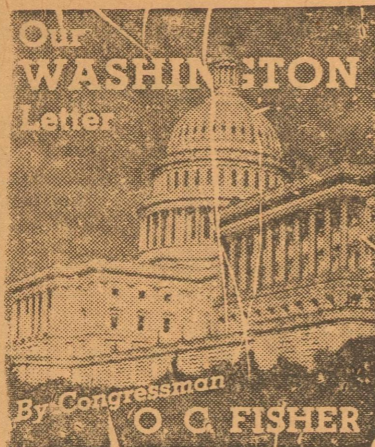

Mr. and Mrs. Solon Boothe spent the week end in the home of her sister, Mr. and Mrs. Lloyd Johnson in Mason. They returned home Sunday evening.

Mrs. Bill Wooster and daughter, Mrs. W. D. Fennell and children of Holliday visited in the home of Mr. and Mrs. Henry Jenkins and Mr. and Mrs. Lige W. Chrestman last week end. Mrs. Wooster is the mother of Mrs. Jenkins and a sister of Mrs. Chrestman. They attended the dance revue here Saturday evening and returned home Sunday.

Mr. and Mrs. Kenneth Doyle and family of Kerrville visited during the week end in the home of Mr. and Mrs. Will Doyle.

Mrs. J. B. Christian spent Tuesday with her sister, Mrs. M. L. Leddy, in San Angelo.

Mr. and Mrs. Chester Wheeler of San Angelo visited his mother, Mrs. L. Wheeler here Sunday afternoon.

Foreign aid was extended another year in a bill approved in the House last week. Strongly supported by the leadership of both Democrats and Republicans, the measure glided through by a vote of 259 to 134. I joined with a majority of the Texas delegation in voting against the \$3.5 billion measure. While some items on military aid are highly desirable, the bill contained too many grants which are only remotely connected with our own security and that of the free world. I firmly believe the amount could be cut in half and the major objectives of the legislation would be achieved.

Little Rock's military rule came to an end, the other day, and the total cost of the intervention of troops there is figured at \$4 million. That averages around a half million per student for the colored pupils for whose benefit the paratroopers were ordered in. The White House has intimated the troops may be assigned to the high school again when school opens in September, depending on how things look at that time.

Progress in desegregation has been surveyed, covering 8500 school districts in 17 states and the District of Columbia. This reports that there has been no integration in schools in seven southern states. But litigation is brewing in several of these, right now in Virginia, that may force the issue soon. This could lead to use of more federal troops, in keeping with the Little Rock pattern.

LOOK...a FORD with Air Conditioning costs less than many medium-priced cars without it!

Depend on Ford to find a way to bring air conditioning within reach of nearly every new car buyer

If you ever have said, "Some day I'm going to own a car with air conditioning" . . . here is the most welcome news in a long while: A comparison of manufacturers' suggested retail delivered prices shows that a 58 Ford with air conditioning costs less than many medium-priced cars without it!

So why wait?

Your Ford Dealer is ready now to show you just how pleasant . . . how comfortable . . . how fatigue-free your summer driving can be in an air-conditioned Ford. No

matter how high the temperature soars, you'll ride cool and comfy as an arctic polar bear!

Something else you'll appreciate almost as much as Ford's air conditioning is its spirited performance. Ford offers you a Thunderbird-powered V-8 engine that is new from oil pan up . . . new from machined combustion chambers to silent-working hydraulic valve lifters. It's the Thunderbird's own V-8 so naturally it gives the Thunderbird's own special brand of V-8 skedaddle—up to 300 horsepower-worth of it!

Just team this V-8 with Ford's all-new Cruise-O-Matic Drive transmission and you'll get as much as 15% better gas mileage. It's like getting back 15¢ on every gas dollar!

So add it all up: low-cost air conditioning, Thunderbird GO, thrifty operation. Can any other car offer you so much real value? Then why not see your Ford Dealer today? He'll show you how to stop perspiring and start living!

There's Thunderbird magic in every

Fort Worth.—Cattle and calves were slow and about steady here Monday. Salesmen were asking higher prices following last week's declines, however, the buying side held firmly to the recently established lower schedule of values.
Good to choice slaughter yearlings and steers cashed at \$24 to \$27, and medium and lower grades cashed at \$16 to \$23. Fat cows sold from \$17 to \$19.50, with a few fancy young cows to \$20 and \$21 and above when maintaining heiferish characteristics. Cannors and cutters sold from \$12 to \$17.50. Bulls drew \$18 to \$22.
Good and choice slaughter calves sold from \$23 to \$27.50, with heavies around 600 pounds and up at \$26 down. Common and medium offerings sold from \$17 to \$23, and culls sold from \$14 to \$17.
Medium and good stocker steer calves sold from \$24 to \$30, and medium and good stocker steer yearlings sold from \$22 to \$27, with some choice thin lightweight yearlings to \$28 and \$28.50. Plainer stockers ranged around \$20 to \$24.
Sheep and lambs were steady with last week's close at Fort Worth Monday. Good and choice spring lambs sold mainly at \$21 to \$22, a few topping at \$22.50. Less than choice spring lambs, while held in line with the lowered range established late last week, were still finding the better outlet to packers. Old crop yearling lambs cashed at strong prices, and sheep were steady.
Good and choice slaughter spring lambs sold from \$21 to \$22.50 and cull to medium springers sold from \$15 to \$20. Stocker and feeder spring lambs sold from \$18 to \$20.
Good and choice yearling lambs sold from \$17 to \$18.50, and cull to medium old crop lambs sold from \$15 to \$16.50. Feeder yearling wethers sold at \$16.50 down. Yearling ewes sold from \$19.50 down. Aged wethers drew \$12 to \$13.50, and two-year-old reached \$15. Old ewes drew \$7 to \$8.

City To Take Over Cemetery
At the regular meeting of the City Council Tuesday, initial steps were taken in placing the cemetery under jurisdiction of the city government, and paper details are now being worked out in placing the city as the operating and control agency.—The Eden Echo.

News From Our Neighbors
Ft. McKavett Gets Hail
A localized hail storm pounded the Ft. McKavett area last Saturday afternoon, damaging several roofs and some automobiles.
With hailstones variously described as the size of golf balls, hen eggs and baseballs, only the short duration of the storm was credited with saving the area from severe damage.
Local insurance agents said all composition roofs in Ft. McKavett suffered some damage. Windows were broken at Earl Haley's place, and Blackie Williamson and Jake Appleman lost auto windshields.
—The Menard News.

Tax Rate Increased
City of Alpine's tax rate was increased from \$1.50 to \$2 this week by the City Commission on a 2 to 1 vote. Commissioner Glenn Burgess and Mayor W. E. Lockhart voted for the increase, while Commissioner Gene Hillger voted against. The action was taken at Monday night's regular meeting, and the new rate becomes effective immediately.
"Before anyone gets excited about the tax increase," Mayor Lockhart said, "he should be informed that the measure brings to the City only \$18,000 per year, and this figure divided by 5500 citizens is less than one cent per person per day."—The Alpine Avalanche.

Election Expense Figured
Candidates running for office in Coke County this year will have to pay less toward the cost of holding the primary elections than two years ago.
This fact became known at a meeting of the Democratic executive committee in Robert Lee Monday afternoon. Expense of holding the July 26 primary and the August runoff was estimated at a maximum of \$1,800. This includes the cost of ballots and election supplies and wages for the persons who hold the elections in the 14 voting boxes and one absentee box.—The Robert Lee Observer.

"I'm Helping!"
Last Thursday night when a power failure darkened over 100 communities served by West Texas Utilities Company, the local WTU district manager, Bill Ramsey, was attending a meeting of the McCamey Independent School Board; he being one of the trustees. As the darkness continued, one of the other members of the board asked, "You're top man of this electric company, why don't you do something?" Ramsey replied, "I'm sitting here being just as quiet as I can."—The McCamey News.

Construction Work Slowed
At least two contracting firms working in this county didn't join in the general smiles touched off by the fine rains of the week. One was the Hunter Strain Construction Co., now at work on construction of a flood retention dam on Newton draw at Site No. 6 in the Johnson Draw watershed control program, just north of Ozona and south of the Big Lake cutoff highway.—The Ozona Stockman.

Hail Ruins Roofs
Gigantic hail stones destroyed roofs on West Bear Creek in a rain storm extending from the head waters of East Bear Creek to Copperas Creek early Saturday evening.
C. R. Swiger put some of the big stones in his home freezer to show what beat the roofs off the houses and barn on the Art Townsend ranch just north and left four gapping holes in roof and ceiling of the Jake Andrews home just north east of the Swiger place. — The Junction Eagle.

Big Bend Tour
Approximately 250 newsmen and visitors from more than a score of West Texas cities were given a closeup look at development, current and future, of the Big Bend National Park last Thursday. The tour, complete with orientation lectures by park rangers, showed the park's spectacular mountain, river and desert scenery at Santa Elena and Boquillas Canyons, the Rio Grande and Chisos Mountains Basin, but the emphasis was on construction.—The Fort Stockton Pioneer.

Wanting To Quit Passenger Trains
A couple of gentlemen with the Santa Fe Railway Co., were in The Enterprise office the first of the week. Their business here was to give advance notice that the railroad is going to seek permission from the Railroad Commission of Texas to discontinue passenger train service along the line thru Bronte.—The Bronte Enterprise.

Lake Not Condemned
Dr. J. L. Wright, county health officer, states the rumors going around that the lake, south of town, has been condemned are false. He says that there has been no official statement from him that he had condemned the lake, and that any statements to the contrary are rumors. — Big Lake Wildcat.

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in frontier days; East Texas oil fields,

biggest of them all; the 570-foot San Jacinto Monument, commemorating decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Texas Liberty," and in the center of the state, Texas Longhorn Cavern, biggest cave in the state and third largest in the world, one of Texas' most spectacular natural wonders. Sightseeing is fun in Texas.

W. E. BRUTON RETURNS FROM HOSPITAL

W. E. Bruton returned home last week after undergoing major surgery in the Shannon hospital earlier. He is convalescing at home and doing nicely.

Sunday visitors in the Bruton home were Mrs. B. O. Bridgeman, Mrs. Frank Bradley, Mrs. Will Isaacs, and Mrs. E. H. Coulter.

S. W. TEXAS CONFERENCE MEETS IN SAN ANTONIO

Chancellor Umphrey Lee of Southern Methodist university of Dallas will be the speaker for the 100th anniversary session of the Southwest Texas Methodist Conference to be held in San Antonio Monday, May 26, through Friday, May 30. Laurel Heights Methodist church will be host for the meeting.

In addition to the Rev. and Mrs. Russell Heaner, Mrs. Ed Hill will attend as lay delegate from the local church. Some others may also attend from here.

ENTERTAIN SENIORS

The WSCS of the First Methodist church honored the senior class with a barbecue at the church Monday evening. The meal of barbecue, beans and potato salad was prepared by the Methodist Men.

Decorations were in the Western theme. A bon fire and bed roll centered the room with tables arranged in a circle around it.

Mrs. Teele's grade school sextette gave two musical numbers and three boys played Western music on guitars and a drum.

Forty-nine were present for the occasion.

**"IT IS SO, TOO ...

Remember when you were a kid, and "I read it in the paper" was the best argument-stopper in the whole world? That simple declaration served as proof enough for anything ... unless the other guy was a lot bigger and just naturally mean t'boot! Seniors Return From Trip To Monterrey

Twenty Eldorado high school seniors and eight sponsors returned Saturday at 10:00 p. m. from a four day trip to Monterrey. They left Eldorado Wednesday at 4:30 a. m. by school bus as far as Laredo, then made the rest of the trip by chartered Mexican bus. The group stayed at the Gran Ancira Hotel and had their meals in the hotel and at nearby restaurants.

Four interesting sight-seeing trips were made to surrounding spots of interest. One was to Horsetail Falls where part of the trip was made on donkeys. They viewed Monterrey from Chipiague Mesa which was a mile high. A twenty-five mile trip was taken to Garcia Caves where part of the trip was funicular.

Much interest was taken in the modern architecture of the newer homes which are quite colorful against the background of mountains surrounding the town. One new building is under construction which will house all the banks in Monterrey under one roof. Many other buildings are very modern in construction and design.

Those making the trip included Christy Sauer, Ruth Williams, Sandra Alcorn, Becky Mund, Voy Mitchell, Mike Moore, Bill French, Dick Runge, Rex Enochs, Terry Carlman, David Steen, Bobby Williams, D. J. Garvin, Reyes Robledo, Domingo Pena, Larry Boyer, Timothy Argo, Roy Short, Bob Whitis, and Judy McKee.

Sponsors were Mr. and Mrs. Earl Barnett, Donald C. Reed, Mr. and Mrs. Joe Andrews, Mrs. Curtis Short, and Mr. and Mrs. Forrest Runge.

Roy Williams, son of Mr. and Mrs. Cecil Williams is spending several days visiting his parents this week. He is a senior student in the University of Texas and will receive his degree in Petroleum Engineering May 31st.

A. J. Atkins spent last week in San Angelo with his daughter Mrs. Earlene Bird and family. While there he underwent a complete medical checkup and was pronounced in A-1 condition.

Mrs. Hallie Barker of Dallas fell last Tuesday and broke her hip. A niece of the late Mrs. A. J. Atkins, she has visited in Eldorado a number of times. She is now a patient at the Baptist Memorial hospital in Dallas, and friends report that cards may be sent to the following address: Mrs. Hallie Belle Barker, Room 602 Baptist Memorial Hospital, 3500 Gaston Avenue, Dallas, Texas.

Sunday visitors in the home of Mr. and Mrs. Sandy Donaldson were Mr. and Mrs. Raymond Blasdel and Mike of San Angelo.

Tommy Tomlinson, 2-year-old grandson of Mr. and Mrs. Thomas Baker, is here visiting his grandparents this week. His home is in San Angelo.

Mrs. R. B. Anderson and Mrs. Zona Hallcomb visited with Mr. and Mrs. Karl Kerr and Phyllis Kerr in Marlin last week end. They returned home Monday.

Mr. and Mrs. T. W. Calk of Coleman spent the week end here with their son and family, Mr. and Mrs. Eldon Calk. They attended the dance revue here Saturday evening.

BACK TO THE BIBLE

Entertaining Strangers. Heb. 13:2. The average citizen of Eldorado, meeting a stranger near the post office on Lard's Day morning would likely say: "Good morning, neighbor."

Stranger: "Good morning, sir. Is there any of the Lord's disciples in this town, and where do they meet for worship today?"

Citizen: "To be sure, there are many disciples here. We have several different denominations or churches here." The different denominations are named and their meeting houses are pointed out.

Stranger: "Well, I never heard of these denominations before."

Citizen: "You never heard of all

these churches before! Who are you and where have you been living? We have many churches so every man can join the church of his choice."

Stranger: "I am the Apostle Paul. I was here many years ago, but none of the denominations you mention were here then. I want to know where the disciples of the Lord meet today to break bread, as I taught them to do when I was here." 1 Cor. 11:23; Acts 20:7. Why so many churches. Read Matt 16:18-20; Eph. 1:18-23; 1 Cor. 1:10; 3:1-11.

Neighbor, if you were the citizen how would you have answered the stranger?

PLYMOUTH SAVES YOU MONEY ON GAS... MOBILGAS ECONOMY RUN VICTORY PROVES IT!

New "Fuel-Saver" Choke that helped clinch title is standard equipment on all Plymouth V-8s

Pound for pound, Plymouth uses less gasoline than either of the "other two" cars in the low-price "3"! This was proved beyond doubt when a 1958 Plymouth V-8 was officially declared winner of the low-price car competition in the 1958 Mobilgas Economy Run. Plymouth's competitors also entered cars with 6-cylinder engines (supposedly more economical) but Plymouth beat every car in its class—V-8s and 6s alike!

This title-winning Plymouth is exactly the same Belvedere V-8 with TorqueFlite Automatic Transmission that you can buy right off your Plymouth dealer's floor.

These tests prove that every Plymouth has built-in economy features not found in the "other two". For in-

stance—one of the most important factors in Plymouth's smashing win is the new "Fuel-Saver" Choke that you get at no extra cost on all Plymouth V-8s. This ingenious device employs a triple-stage vacuum piston and a new thermostatic element to reduce the amount of fuel you use in warming up the engine. So it can save you even more on short-distance drives—the kind most people make.

Among the many other savings Plymouth gives you is the \$140 you save on standard-equipment Torsion-Aire Ride. The "other two" charge up to that much extra for their best suspension systems.

So if you are dollar-conscious, better hustle over and talk terms and trade with your Plymouth dealer. He wants your business, and he'll go all out to get it!

ALVIE KNOWS A LOT OF ANSWERS

How long does it take to hatch an ostrich egg? . . . How many bachelors in Bolivia? . . . How much blubber in a male whale??? Alvie knows these answers and a jillion others. Folks smile and agree that Alvie is a regular encyclopedia of "useless information" but they never question the accuracy of his peculiar knowledge. That's because everybody knows Alvie gets his "answers" by memorizing the little space-fillers we all see in our newspapers. And to all of us, what we see in our home-town newspaper is immediately acceptable and believable!

The same is particularly true of advertising. To put your advertising message before all the people . . . put it in your HOMETOWN NEWSPAPER!

COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

The general economic activity in the first quarter of 1958 continued to decline and business plans to reduce capital spending in 1958.

Both retail and manufacturers' sales are below a year earlier. Industrial production in March 1958 was 12 percent below that of March 1957 and unemployment was up 79 per cent compared with March a year ago.

Agricultural production has been over expanded in terms of its available markets for several years and as a result agriculture has gone through several years of economic adjustments. Business is faced with the same thing in 1958.

Agriculture and business are not the only ones faced with adjustments. The consumer is not left out. Much of our recent boom in business was built on credit. Easy credit terms was offered to the consumer, the consumer bought, and industry produced at a high rate. Today the American people are heavily in debt for consumer credit and there comes a time when they must also adjust their economic affairs. For some consumers that time is here now. There is a limit to the amount of credit that individual families can absorb and still maintain a sound financial condition, and a sound financial condition is very important to the individual in economic periods like the present.

All three, agriculture, business, and the consumer are making adjustments and the government is trying to help all three. Yes, we have a three ring circus going on in this country and the government is the ring master in all three rings.

One cardinal rule that the gardener should remember: Do not use sulphur, DDT, toxaphene, BHC, or chlordane on cantaloupes, cucumbers, watermelons, squash and other cucurbits. Methoxychlor, rotenone, aldrin, crolyite, lindane, malathion are used instead and do not stunt, wilt, cause the fruit to be thrown off, or kill cucurbits as the first mentioned insecticides do.

This has been an unusual spring for plant growth conditions. It has been cold and wet. Most all plant growth is from four to six weeks later in development than it should be at this date. Annual weed growth is abundant and is as heavy as in 1957. Perennial grasses have not made their usual growth. Also mesquite and other brush that ranchers plan to kill with kerosene or with mixtures of kerosene, diesel and 2-4-D deri-

ates, should be delayed. Very little results if any could be secured until later in the year.

Since annual weed and grass growth should be used at this time, then defer, giving perennial grasses, buffalo, sideoats grama, mesquite, bluestems, and other grammas a chance to fully develop and produce seed. Ranchers should take advantage of this situation, putting on as much gain on livestock as possible, culling and selecting when the lush growth ceases, selling the culls while the market is good, deferring the pastures during the growing season and using deferred pastures during the winter as a reserve feed supply. Much range improvement can be made with this method of management when properly carried out.

The 4-H annual wool show will be held Friday, May 30, at the Schleicher county agricultural center. Curtis Henderson, county agent of Irion county, will judge the show.

Two classes of fleeces will be shown, aged ewe fleeces, and yearling ewe fleeces. \$33 is upon each class divided as follows: first, \$10; second, \$8; third, \$6; fourth, \$5; fifth, \$4. Besides competing for the total \$66 premium money offered, the boys will compete for the best group of four fleeces, exhibited by one boy. \$9 will be awarded to the boy winning this distinction.

4-H boys exhibiting registered Rambouillet wool are: Joe Charles Christian, Charles West, Joe Stanford, Ernest K. Nimitz, Jimmie O'Harrow and Judge Whitten.

Members of the Sears registered sheep committee are: John Williams, Truett Stanford and Joe B. Edens.

Rain for May up through the 19th day was 2.28" average for the county. Parts of the county have had much more, up to 5". May, the heavy rainfall month for this area, has a 50-year average of 2.94".

God will not seek thy race, nor will he ask thy birth. Alone he will demand of thee, "What hast thou done with the land that I gave thee?" —Persian proverb.

Visitors in the home of Mr. and Mrs. Billy R. Tisdale last week end were her aunts, Mrs. Paul Halsey and Mr. and Mrs. Bill Holden of Long Beach, California. They were enroute to Coleman, Oklahoma and were accompanied by Mr. Holden's mother.

Jimmy Doyles Honored At Recent Gift Tea

Mr. and Mrs. Jimmy Doyle were honored with a gift tea May 14th at the Memorial Building from 3:30 until 5:00 p.m.

In the receiving line were Mrs. Jimmy Doyle, Mrs. Will Doyle, and Mrs. Claude Doyle. Miss Tomasine Jones was at the guest register and Misses Martha Graham, Judy Wyatt and Jeanie Mund presided at the tea table.

The tea table was centered with an arrangement of honeysuckle and pink roses on a white heart with "Jimmy and Ann" on a pink ribbon in gold letters.

White cake squares, iced with aqua and pink was served with pink lemonade.

Hostesses for the occasion were Mmes. C. C. McLaughlin, Joe Dosssett, J. B. Swain, J. T. Ottaberry, C. V. Carroll, L. C. Higgins, Jack Criffin, Bernard Carr, W. R. Davidson, Calvin Henderson, O. B. Bradshaw, Marie Graves, Eldon Calk, Lum Davis, Clovis Taylor, Arnold Gene Clark, Lucille Doyle, E. T. Turnbow, Hal Whitten, W. W. Williams, and George Williams.

Home Demonstration Agent's Column

By MRS. VIDA KREKUCW

If you enjoy doing unusual things with flowers, you will want to try these directions for drying flowers and candying flowers. Clip this paragraph right now, you will need to refer to it later.

Dried Flowers

Roses, marigolds, zinnias, dahlias, corn flowers, wild flowers and many other varieties can be dried. To keep the flower's shape and the color cut the flower heads from the stems and put them in a cardboard box containing a mixture of two thirds white corn meal and one third borax. About an inch of the mixture is placed in the bottom of the box; the flowers are laid face down and spaced so they do not touch each other. The size of the box of course, would depend on how many flowers you want to dry. The flowers are completely covered with another layer of the mixture and left in a dry place for as long as there is moisture in the flower heads—it may take 10 days or longer, depending on the weather.

Examine the flowers from time to time to be sure they are dried. When dry take them from the box and brush lightly with a soft brush to remove any of the mixture which sticks. A medium-sized wire wrapped in green floral tape makes a good artificial stem. Flowers should be cut when they are at their peak bloom for best results. Save for the winter time, dried flower arrangements will look good when this riot of color is gone.

How To Candy Flowers

In top of double boiler over hot water dissolve 1 ounce gum arabic (you can get it in drug stores) in 1/2 cup water. Cool, dip flowers, petals or mint leaves in this solution; let dry. Mix 1/2 cup water with a tablespoon white corn syrup and 1 cup sugar. Cook until candy thermometer registers 228 degrees or until a bit of the syrup, dropped in ice water, barely forms a soft ball. Cool syrup mixture. Dip flowers gently in cold syrup, rubbing off excess with fingers. Dip in fine granulated sugar, sometimes called berry sugar. Dry on wax paper. Thorough drying often takes 3 or 4 days.

These candied flowers or petals can be used to decorate cakes, cookies, ice cream, puddings, cake squares for parties or showers. It's too late in the season now, but candied violets are beautiful on a cake. So are sweet peas. No one will want to eat them but they certainly can be eaten.

Try these sweet and sour green beans for a change of flavors. I think you will like them.

Brown until crisp 2 strips of bacon. Remove bacon. Cook in bacon fat until yellow 1 cup minced onion. Stir in 1 tablespoon flour and mix well. Add 3/4 cup vegetable liquid, 1/4 cup vinegar, 2 tablespoons sugar, 1 teaspoon salt, 1/4 teaspoon pepper. Stir in to this mixture 2 cups cooked green or wax beans. Stir gently until heated through. Serve with crisp bacon sprinkled over top. Serves 4.

In case anybody wonders or cares what happened to the project of improving the island or esplanade in front of the post

office, this is what happened. The brick walks were removed in order that deep plowing could be done before planting flowers. Years of tramping across the little plot had packed the earth so hard it would hardly take water. Then the plowing was done. Then the 4-H girls committee got in touch with the Highway department and they reasoned thusly: It would be hard to maintain a year around planting that would always look good. It would be hard to keep people from driving into the area whether by accident or carelessness; and that it would just be better to have it paved. 4-H girls, their leaders, representatives of the Highway department and in fact, everybody concerned agreed that paving would answer the question and it won't be long now until the spot will be neatened up with a brand new paving job.

There is no defeat except from within. There is really no insurmountable barrier save your own inherent weakness of purpose. — Emerson.

Mr. and Mrs. Leslie Baker were accompanied by Mr. and Mrs. J. L. Ratliff, Mr. and Mrs. Wiley Ratliff, Mr. and Mrs. Preston Hair, and Mr. and Mrs. Lit Carruthers, all of San Angelo on a week end trip to Buchanan Dam.

Mr. and Mrs. Bruce Burton spent the week end in Lufkin visiting friends and relatives and fishing.

Mrs. Clyde Bauguess of Fort Worth is visiting her parents, Mr. and Mrs. A. J. Halbert this week.

Visiting in the home of Mrs. Nancy Doran is her daughter, Mrs. C. O. Wills of Irving.

Otis Buie underwent major surgery in an Austin hospital last Friday. He is improving and expects to be released in ten days according to members of the family.

Kenneth Menees of Artesia, New Mexico, is visiting in the home of Mr. and Mrs. W. A. Menees this week. He is on vacation and plans to visit in San Antonio and Oklahoma before returning to New Mexico.

SWITCHES AUTOMATICALLY FROM HEATING TO COOLING

The Heat Pump is completely automatic. During changeable weather, even if it is within the hour, the Heat Pump will switch from heating to cooling or back again if the outside temperature so requires.

You do not need to change the temperature dial, you just set the thermostat for the temperature you desire and forget it. The Heat Pump is the ONLY completely automatic Air Conditioner.

Install the All Electric HEAT PUMP

COMPLETE YEAR-ROUND AIR CONDITIONING IN ONE UNIT

The All-Electric Heat Pump provides complete automatic "comfort conditioning" for your home the year around, using only air and electricity.

The same unit that cools your home also heats it. It also removes excess humidity and filters out dust and pollen. Because only air and electricity are used, the Heat Pump provides maximum cleanliness and complete safety.

Here's How It Works

The Heat Pump operation uses the basic principle that heating and cooling is a matter of moving heat from one place to another. In winter the Heat Pump extracts heat units from outside air (even if it is freezing) and pumps warm air into your house. In summer the heat pump reverses itself automatically and operates like any refrigerated air conditioner—it takes the heat out of the house and pumps it outside.

Call or come to see us and our air conditioning engineers will explain the Heat Pump more thoroughly to you.
