ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, MAY 29, 1958

NUMBER 22

It's Clean Up - Paint Up -Fix Up Week In Eldorado!

Locations For More Wells **Promise Continued Gil Work**

There are now several locations staked in the county on which operations are due to start soon EL PASO NATURAL and there are rumors of three new SENDS MORE MEN locations in the vicinity of the Carrol White place. Prospects for TO ELDORADO added oil activity in the immediate | El Paso Natural Gas Co., has future in the county are good. One moved two men here from Jal, company official expressed the New Mexico, who will supplement opinion that the slump in the the crew already working out of industry felt two months ago, has Eldorado. not only leveled off, but business | Jerrell Young will be assistant is picking up, even though production days allowed by the Texas moved here and rented a three-

El Paso Natural Gas No. 1-B move here this week end. was completed as a dual producer with a potential run showing 3, 240,000 cubic feet of gas daily from the Canyon lime through perforations between 3,770-3,790 feet. In the Strawn reef, production was gauged at 7,000,000 cubic feet of gas daily through perforations between 4335-352 feet. Pay section was acidized with 15,000 gallons.

The field also has one Palo Pinto producer, and the nearest Canyon | gas production is in the Tillery the southwest.

cat 19 miles northeast of Eldorado plant superintendent. drilling at 5869 feet in lime and shale, running low.

outpost to the opener and lone the site since last fall. producer in the Baugh (Strawn) Eldorado.

gan Saturday and surface casing quarters at Omaha, Nebraska. was set Monday night at 580 feet. 1919 feet.

1-A Baugh, was finaled May 20, pay topped at 5799 feet.

Fryer & Hanson Drilling Co., of Dallas, No. 1 Callan, re-entered Ellenburger failure, 10 miles north of Fort McKavett, has been completed as a Saddle Creek sand discovery for 241 barrels of 39.8 gravity oil plus 40 per cent water. Gas-oil pressure was too small to measure.

Production was natural through a 28/64 inch choke and perforations between 2614-20 feet, in 41/2 inch casing cemented at 2703 feet. Tubing pressure was 60 pounds and casing pressure, 175 pounds.

The project, originally drilled by Phillips Petroleum Co. to 6,065 feet in February 1944, was abandoned after recovering salt water on a test between 5903-6065 feet.

Tucker Drilling Co. No. 1 H. A. Thompson, 9 miles south of Eldorado, is still a location. Operations are expected to begin soon.

Railroad Commission are still the bedroom house north of town. His lowest in the oil history of the family consists of his wife and a daughter, 16 years old. They will

Another employee is Bill Ship-Sheen, 28 miles east of Eldorado ley of Jal who is unmarried and he also moved here this week. He belongs to the Methodist church.

E. L. Koen and O. L. Dunn have been working out of here temporarily on a Sonora job.

Open House Set June 6 At Permian Station In Western Schleicher

Open house at the new Permian multipay field about 31/2 miles to Basin Pipeline Co., compressor station in western Schleicher county will be held the afternoon Miami Petroleum Co., Inc., No. of Friday, June 6, it was announc-1-E Emma Campbell, Strawn wild- ed this week by Charles Wimer,

Hours of the open house will be from 1:00 to 4:00 p. m., and the Venire Summoned public is invited. Location of the E. Scherck of San Angelo plant is about two miles north of Fifty-first District Court will filed application to drill the No. 1 the old Reynolds school house and meet Monday, June 2, at 10:00 a.m. Hayden Baugh Estate as a ½ mile construction has been going on at here with Judge Joe L. Mays pre-

Apathy——Curse for a Community

Nothing is worse for a city—like a person—than an "I don't care" attitude. And a city is, after all, only a sum of its parts; people, you and I. With Clean Up—Paint Up—Fix Up time now on, it is time for us individually and collectively to rid ourselves of any indifference and support the campaign, which is under the sponsorship of the Schleicher County Chamber of Commerce.

If we continue to dump trash on that vacant lot down the block, scatter fruit peels and wrappers from car windows, and ignore trash regulations, we will soon have a reputation for messy unconcern.

Tourists, visitors, & businesses are not attracted to that kind of city any more than you want to become better acquainted with an unkept, rumpled-appearing person.

Let's each make a firm resolution to obey Eldorado's disposal ordinances, stop littering streets and sidewalks, and otherwise blemishing our collective property. If we do, and then clean, paint, and repair our individual share of the city, whether it be room, apartment or house, apathy's curse will be soundly defeated by energy's dividends.

employed in Rankin.

Ghost In Your City Block

The Mission Bible school of the First Baptist church will begin Waco and Grand Prairie where their vacation school Monday. June they vacation school Monday. June they visited their children. ularly, dispose of leaves, weeds, 2nd, at 8:00 a. m. It will be in In Waco they were guests in the your home and neighborhood—the specter of slums may be casting its shadow over your block and home.

If there is a vacant lot grown high with weeds and strewn with broken bottles, if the trash each week bulges out of containers and spills into the alley, if yards are brown with neglect rather than green with spring, if sagging porches and warped doors are the portals through which your neighbors pass, the shadow of decay is beginning to be cast on your home. While these symptoms may be so slight that you hardly notice them The vacation Bible school of the now, their neglect can lead to a

Monday, June 2, and will entinue We've been neglecting the daily through June 11. Mrs. C. V. Carroll vitamins of civic health—the paint mesa and Mr. and Mrs. J. S. Johnis school principal.
