

# Britain Talks Trade; Nazis Continue Raids

## Coast Areas Subjected To Bomb Attacks

### Aerial Warfare Takes A Toll Among The Civilian Populace

LONDON, July 30 (AP)—German warplanes struck punishing new blows on Britain's coast today, taking an undisclosed toll of civilian life with attacks that continued throughout night and day.

Heaviest hit were towns on the east coast, above and below the mouth of the Thames.

A lone Nazi raider, dumping his heavy bombs in several salvoes on a congested working class district, killed several persons, one of them an infant, in a southeast town. Several others were injured, some buried under the debris of shattered buildings. The bombs burst on houses along a narrow street, destroying four on one side and three on the other.

In another raid on an East Anglian town, on the coast north-east of London, the ministry of home security said, "some damage was done to property and there were some casualties, a proportion of which were fatal."

Most of the relentless German air warfare was along the coasts of England nearest to France, where the Nazis have been piling blow on blow apparently to "soften" Britain for a blitzkrieg invasion.

A new tally on the wholesale sky fights yesterday over the English channel harbor of Dover—increased the unofficial toll of downed German warplanes to 25.

The German high command, disputing the British figures, contended today that Nazi losses were only three to 15 for Britain.

Two Nazi bombers were shot down today.

After raids before dawn over southwest England, German airmen revisited their objectives during the morning and dropped at least nine high explosive bombs on two areas.

Four persons were slightly injured and some houses were damaged in one bombed district. In the other, the Germans were said to have found no target.

Meanwhile the admiralty today announced that British merchant marine losses for the week ending July 21 were 37,577 tons.

Allies losses of 3,684 tons and neutral losses of 10,192 tons were reported for the same period, bringing the aggregate losses to 48,857 tons.

The admiralty said the total was slightly below the weekly average for the 46 weeks of the war and less than a fourth of the highest weekly figure.

The admiralty announced that German losses up to July 28 amounted to approximately 908,000 tons and Italian losses to 254,000 tons, or a grand total of about 1,162,000 tons of enemy shipping sunk since the start of the war.

HEADS BRITISH HOME FORCES—Lieut. Gen. Sir Alan Brooke (above), is the new commander-in-chief of the British home forces. He succeeds Gen. Sir Edmund Ironside, who has been made field marshal. Sir Alan, who is approaching his 57th birthday, led the second corps of the British expeditionary force and organized the Dunkerque evacuation.

## Some Relief Sighted From Heat Wave

After a week of flirting with the 100-degree mark, the thermometer dipped downward slightly Monday to give Big Spring and area partial relief from a midsummer heat wave.

Over the nation spotted sections reported relief from the heat, but with the mercury again climbing toward the nineties, the number of deaths from the season's most prolonged heat wave increased to 773, of which 289 came indirectly through drowning. Ohio's victim total was 36, Michigan's 25, Pennsylvania's 34 and Wisconsin's 29. Illinois reported 75 casualties from heat prostration.

Cooler weather was reported in part of the mid-west but relief was expected no farther than northern Illinois and Indiana.

Torrential rains in the foothills west of Fountain, Colo., caused extensive damage to crops, washed out railroad tracks and delayed automobile traffic between Colorado Springs and Pueblo.

At Big Spring the temperature chart indicated the peak of the heat wave had passed. On Wednesday the temperature pointed upward to 97.8, according to the DDC weather bureau at the airport. Thursday it jumped to a high of 101, then sagged to 100.9 on Friday and slipped a little more to 99.9 on Saturday. Sunday brought 98.3 degrees and Monday the level was back to 96.4.

## Swiss-German Frontier Closed

BASEL, Switzerland, July 30 (AP)—The Germans today closed all rail and road frontier posts on the Swiss-German frontier except that at Saint Margarethen in Austria, apparently in a move to insure secrecy for troop movements through southern Germany in connection with preparations for the offensive against England.

## Sparkman Is New Glasscock Judge

GARDEN CITY, July 30 (Sp)—Clarence Sparkman, resident of the southern part of Glasscock county, qualified today as county judge to succeed the late Judge Oscar W. Crouch.

Sparkman won the democratic nomination as judge of Glasscock county in the Saturday primary over Joe Williamson of Garden City. The commissioners court appointed him Monday to fill out the unexpired term of Judge Crouch. Judge Crouch, who succumbed at Temple July 15, was not a candidate for re-election due to failing health.

Sparkman has been a resident of Glasscock county for a number of years, moving from Sterling county. He has been until recently a member of the Glasscock county school board.

## Cooperation With America Is Intimated

### Joint Action On The Problem Of Surpluses Is Discussed

LONDON, July 30 (AP)—The possibility of British-American cooperation on the general question of world surpluses was disclosed today by Hugh Dalton, minister of economic warfare.

Britain, he said, has intimated to the United States government her "great interest in the general question of world surpluses" and her readiness to cooperate "in the study of any possible solution of those problems."

His statement was in reply to a question asking whether he would consider steps to assist the United States in finding markets for American surpluses.

## W. Lee Takes Thompson Off Compact Job

### Wants Someone In Whom He Has Confidence, Governor Says

AUSTIN, July 30 (AP)—Governor W. Lee O'Daniel today removed Ernest O. Thompson, one of his opponents in the recent gubernatorial campaign, as Texas' representative on the interstate oil compact commission.

In a letter which he made public, the governor informed Thompson, who placed second in the democratic primary which saw O'Daniel nominated for a second term, that "this letter is to notify you that in order to promote the welfare of this state and bring about a more effective regulation and conservation of our natural resources, I have this day removed you as my personal representative from the interstate oil compact commission."

O'Daniel said he had appointed Thompson two years ago "notwithstanding the fact that you had been a candidate against me and had been rather severe and bitter in your criticism."

"I now believe," O'Daniel continued, "that the best interest of Texas would be served by having on this (interstate oil compact) commission a man who would devote his time to the problem of conserving the natural resources of Texas."

"I feel that as the man on this commission is my personal representative, the place should be filled by someone in whom I have full confidence."

The governor did not intimate who he would name as Thompson's successor on the commission.

Thompson, who was not immediately available for comment, was one of the organizers of the interstate oil compact. He has been Texas' representative on the commission since its organization and, for many years, served as commission chairman.

Thompson, also a member of the Texas railroad commission, an elective office, vigorously criticized the governor during the campaign. The governor also criticized members Thompson and Jerry Sadler of the railroad commission but did not mention them by name.

Thompson has two years and five months to serve as a member of the railroad commission.

IMPROVING—Miss Mattie Leatherwood, who is in the Cowper Clinic, was reported to be improving Tuesday.

## Argentina Holds Back On Pan-American Plan

HAVANA, July 30 (AP)—An Argentine reservation on the question of foreign possessions in the new world clouded today the solidarity of the 21 American republics as their foreign ministers, reached the end of their conference on hemisphere economic and political defense.

The unanimity rule of the conference, a Pan American tradition, technically was upheld as the delegates agreed one after another on the many defense matters, but Argentina at the last moment of last night's secret plenary session reserved the right of its government to pass finally on the merits of the act of Havana.

This act declared the deep concern of all American republics in the status of European possessions in this hemisphere and authorized American nations singly and jointly to assume temporary control of European colonies if deemed necessary to protect the continent.

Hence Argentina's reservation dampened the enthusiasm of delegates who had predicted there would be no chink left in the armor of continental solidarity.

Some delegates, however, said they believed the Argentine action was, as the Argentines themselves expressed it, "academic." They gave the opinion the conference had taken another step towards its objectives—to establish firmly a three-point basis of international defense and collaboration.

## GROWER LOANS ON CORN ARE CALLED

WASHINGTON, July 30 (AP)—The Commodity Credit Corporation announced today it was calling grower loans on all corn stored in warehouses.

Approximately 12,000,000 bushels is stored in warehouses in Ohio, Indiana, Illinois, Iowa, Minnesota, South Dakota, Missouri and Kansas.

Growers wishing to redeem their corn by paying loans must do so by August 5. Grain not redeemed will be taken over by the government and made available for export under its subsidy program.

# Bitter Argument Develops Over Compulsory Training

A POINT OF DEFENSE—Admiral M. H. Simons (right), commandant of the Norfolk Navy Yard, is shown pointing out new construction at the yard to (left to right) President Roosevelt, Secretary of Navy Frank Knox and Chairman Carl Vinson (D-Ga.) of the house naval affairs committee during their inspection of defenses at Norfolk, Va.

PROMPTLY AND HEATEDLY, a committee member reported last night, Senator Minton (D-Ind.) and Senator Lee (D-Okla.) both stout supporters of the president, accused the republicans of attempting to play politics with a defense issue. The argument was said to have raged at boiling point until Senator Johnson (D-Colo.) intervened.

JOHNSON, it was reported, advised the committee that the bill which he opposes, had not received the approval of the budget bureau, as is customary. Subsequently, it was decided to delay the final vote which had been scheduled for today.

## Final Action On Measure Is Held Up

### Controversy Stirred Over FDR's Views On Legislation

WASHINGTON, July 30 (AP)—Final action on the Burke-Wadsworth compulsory military training bill was delayed today by the senate military committee at the conclusion of a session described as one of the bitterest in years.

The controversy was said to have started when Senator Bridges (R-NH) demanded that President Roosevelt make clear his views on the measure. Senators Murray of South Dakota and Thomas of Idaho, also republicans, reportedly joined Bridges in the demand.

Promptly and heatedly, a committee member reported last night, Senator Minton (D-Ind.) and Senator Lee (D-Okla.) both stout supporters of the president, accused the republicans of attempting to play politics with a defense issue. The argument was said to have raged at boiling point until Senator Johnson (D-Colo.) intervened.

Johnson, it was reported, advised the committee that the bill which he opposes, had not received the approval of the budget bureau, as is customary. Subsequently, it was decided to delay the final vote which had been scheduled for today.

Before the committee session opened Chairman Sheppard (D-Tex.) reported that after spending a weekend with the president he had the "definite impression" that the chief executive favored the Burke-Wadsworth bill. But he limited his representation of the president's views to that.

Along with his report of a Burke-Wadsworth vote, the committee ordered hearings immediately on a measure to authorize the president to train the national guard and the officers reserve corps. Chairman Sheppard said he thought the senate should take up that bill before acting on the conscription measure.

Senator Barkley of Kentucky, the democratic leader, said he thought the committee had "needed" very wisely in laying aside the conscription measure to bring up the guard-officer bill. It is reported in time, he said, it will be considered by the senate Thursday, ahead of any debate on the conscription bill.

Although it was by no means certain that this would be done, the committee's action in delaying final approval of the one and ordering hearings on the other opened the way for that procedure.

Mr. Roosevelt asked the guard-reserve officers bill, the committee up the guard-officer bill. It is reported in time, he said, it will be considered by the senate Thursday, ahead of any debate on the conscription bill.

## SECOND QUARTER PROFITS OF MANY FIRMS GAIN OVER '39

By JOHN L. BECKLEY Associated Press Statistician  
NEW YORK, July 30—Profits of the first 300 companies to report for the second quarter of 1940 were 37 per cent greater than a year ago.

The gain was made in the face of increased taxes for defense purposes, and despite the fact that most leading corporations charged added taxes for the entire first half against second quarter earnings.

The legislation was not passed until the second quarter, but made the increased rates retroactive to cover the entire calendar year. New excess profits legislation now planned in Washington may out further into 1940 earnings.

## WHOZIT?

Up from the ranks came this Mr. Whozit, who heads the company that keeps home fires burning in Big Spring. San Antonio claims him as a native where he was born and reared, and played left on the St. Mary's football team. Fresh out of school, he started out in the natural gas business with a surveyor's crew. He did about everything connected with the business and has been with his present company since 1927. In July, 1937 he was made district manager and moved from Brady to Big Spring. Golf is the hobby he owns to, but Big Spring knows him as a "fiddle" in the Rotary orchestra. Active in civic affairs, he is a director of the chamber of commerce and Rotary club. See The Herald "Get Acquainted" page later for more about this Mr. Whozit and his employes.

Yesterday's Mr. Whozit—Elmer Wasson.

## Interest In Junior Meet Picking Up

Interest in the West Texas Junior golf tournament, next big event planned for the Muni course, is picking up among the local youngsters.

Caddies of both the country club and Muni courses, along with most of the city's golfing eligibles, have been drilling regularly for the past ten days for the August 7-8-9 affair.

Plugging steadily to attain top form is Marvin House, Jr., better known for his tennis feats. Marvin took up golf several years ago but only lately has regarded it seriously. He is now capable of shooting either side in the low 40's and may make a distinct threat for the laurels now held by Bill Roden, Glen Ross.

Troy White, country club caddy, has been acquainting his game with grass greens recently, and hopes to finish higher than he did a year ago.

Another local hope is Johnny Burns, whose lack of size handicaps his game off the tees but who is developing a good iron game and may give plenty of trouble during the tournament. Burns works for Pro Harold Akey at the Muni course, and has daily opportunity to practice.

Local entries will have the advantage over out-of-town entries on the back nine since four of the holes have been changed since last year's meeting.

Akey is hoping for a bigger field than in 1939 when some 50 youths of a half dozen West Texas cities campaigned for the crown.

## Henry Jeffra Defends Title

BALTIMORE, July 30 (AP)—It's not for nothing that Harry Jeffra, the pride of Pimlico, is known around Baltimore as "just about the cleanest guy in the fight business."

His clean living, superb physical condition and ability to "take it," enabled Jeffra last night to defend his featherweight boxing crown (Maryland and New York version) against the aggressive Spider Armstrong of Toronto.

The Spider sought desperately to weave a web of telling blows around the champ, but Jeffra refused to play the fly. Instead of going into the Spider's parlor, he came in the back door and tore down the Spider's web with his good right hand.

Referee Nat Flescher gave Jeffra seven rounds and Armstrong five and called three even. The judges' decision was unanimous.

# The Brooklyn Dodgers Believe In Literal 'Fight For Pennant'

1. THE "INCIDENT": When Lina Frey, on the bottom, crashed into Pete Cosecarri, Dodgers second baseman, Pete said he was spiked and proceeded to pummel the fallen Cincinnati Red. Pete Wee Wee here is trying to hold Cosecarri off.

2. THE CALL TO ARMS: Almost any "incident" at this stage of the race is apt to bring players from both teams into the battle. This is the Chicago fracas.

3. ANY MAN'S LAND: Here's the inevitable free-for-all. Few such melees (this one featured the Cards) produce serious injuries. Minor fines sometimes are imposed.

By JUDSON BAILEY  
Associated Press Sports Writer

Baseball still is a bruising battle in Brooklyn and the Dodgers have only three clubs to go to accumulate a perfect record of at least one flat fight with every team in the National League.

The latest flare-up involved Catcher Babe Phelps of the dauntless Dodgers and Shortstop Arky Vaughan of the once phlegmatic

Pirates. It came in the final breathless moments of one of the whitest ball games seasoned spectators at Ebbets Field have ever seen.

For eight innings yesterday, Curt Davis held the Pirates helpless with four scattered hits and the only excitement, aside from the steady tattoo of his teammates in thumping up a six-run lead, was the banishment of Manager Frank

Frish of the Pirates for protesting a play at second base in the sixth stanza. It was the sixth time this season he had been chased by an umpire.

But in the ninth the Pirates set off a dynamite display under Davis, scoring six runs before Tot Fressnell could stop them. Then when the Dodgers came to bat, Phelps was thrown out at first and Vaughan hustled over to the

### Donkey Game A Standoff

Lions and American Business Club members fought it out at Baron park Monday evening in a donkey baseball game before 900 fans—and the donkeys won.

The score, according to best estimates, was 2 and 2, but any way you take it, it was in the donkeys' favor. Some of the ABCers found fault with the total, but Ray "Jack" Ogden, Lions skipper, roared: "It's 2-2, and don't let anybody tell you it wasn't."

Maybe the fact that the ABC riders broke the ice twice before the Lions got a man around and finally pushed another mule from third to home had something to do with their contention.

The game was one packed with laughs. At first, when the burros were fresh, few riders had anything but misery. The harder they fell, the harder the audience laughed. By this measure, some of the brethren threw the fans into stitches.

Grover C. Dunham, mayor, tossed in the first ball and E. V. Spence, city manager, umpired for a spell, yielding to Harvey Clay, who was promptly mobbed for a safty decision. Other antics included the appearance of Doug Perry in street cleaning uniform and his subsequent insertion in the lineup as a "clean-up" man.

In all, around 40 Lions and ABCers got into the game, mostly against their wills. Proceeds of the affair will go toward the benevolent funds of the two service organizations.

There are 786 railroad and switching and terminal companies in operation in the United States.

### Second Half M-C League Title To Be At Stake

If the Standard Oilers gain recognition as the city softball champions, they've a long way to go.

Starting this evening, 8:30 o'clock, at the city park diamond, they square off with the Phillips Tiremen in the first game of a series that will decide the second half titlists in Major-City league play.

The Oilers must take two games of that best two-of-three game series to become eligible to face the Tiremen for the Muni crown. Ted Phillips' crew romped to first half honors in June.

If the Oilers succeed in closing out two victories this week, playoff for the full season honors will begin next week.

H. M. Rowe's crew is in none too good shape for the test. Weakened at first base, Rowe may be forced to insert himself into the lineup as catcher, moving the regular backstop, Chock Smith, to the infield sack.

Bobbie Savage, however, will be available for mound duty. It was Bobby who paced the Oilers to two successive victories over the Tiremen in regular play.

The Phillips aggregation will be well equipped on the mound, too. Lefty Morris, a major factor in the Tiremen's first half pennant drive, is ready to toe the slab for the green and white.

Rowe's lineup will probably be composed of Smith at first base, W. D. Berry at short, George Neel at second, Lewis Heuvel at regular short, Bobby Martin at third and Hal Battle, Woodrow Harris and Steve Baker in the outfield.

The Tiremen's starters will probably be Johnny McGee, c; Leamon Boestick, 1b; Sonny Roberts, ss; A. Cunningham, 2b; Alton Boestick, 3b; J. Jones, 3b; J. D. Jones, lf; R. Bridwell, m; J. Pate, rf, and Morris, p.

It is an established fact that the Oilers are equipped for far more batting power and, sparked by Heuvel, have one of the finest fielding teams in league competition.

What kept the Tiremen on top more than anything else in regular play was team spirit. Alton Boestick is the inner cord's spark plug. He usually has his team in their slugging toe to toe with the opposition regardless of score.

The two teams will clash again Wednesday evening.

### Dean Blanks Rebs, 2 To 0

By the Associated Press

Dizy Dean shut out Dallas last night, holding the Texans to two hits while his Tulsa mates scored a lone tally.

It was the best night the \$185,000 former Chicago pitcher has had since he came back to the Texas League to try to regain some of the form he knew in the majors.

The victory made his game record six won and three lost.

The league leading Houston Buffaloes collected 11 hits and 5 runs to dump Beaumont into the scoreless ranks. Sam Nahem scattered eight Beaumont hits.

Rogers Hornsby's Oklahoma City Indians snapped out of a slump and slapped down Fort Worth 11-4. Orval Grove held the Cats hitless for six innings.

Bob Muncrief chalked up his nineteenth victory of the season as San Antonio whipped Shreveport 7-3.

### Cowboys Lose 15th In Row

LAMESA, July 30—The reeling Midland Cowboys "bit the dust" again here Monday evening, succumbing, 5-1, before Elbie Miller's slants and the effective clutch hitting of the Lamesa Lobos.

The reversal was the fifteenth in a row for the Cowboys.

Rankin Johnson, Midland's mound ace, tossed a seven hitter at the Lobos but Miller was even better. He limited the invaders to five hits, giving up his only run in the fourth when Warren Kanagy singled to drive home Rube Naranjo.

The Lobos collected two runs in the initial inning on a brace of errors by Kanagy, who was playing right field. Al Carr worked Johnson for a walk after Red Hood had opened the frame by striking out Eddie Guynes followed with a bingle, sending Carr to third. Kanagy bobbled Mal Stevens' fly in right, permitting Carr to score, then threw wildly into third base trying to catch Guynes.

In the third a triple by Marshall Brown and Timer Pride's long fly gave the Lamesans their third run.

Waiting until two were out in the fifth, the Tatemens struck earnestly again. Singles by Jodie Beeler and Brown made trouble for Johnson. Beeler immediately scored from third on a passed ball, then Brown romped home when Sammy Hale let a throw from Jack Rudes get away from him at third base.

Will's Job Only Temporary...

Will Ramsdell's job as skipper of the Odessa Oilers is only temporary, so say reports circulating from that vicinity.

If the Odessa club officials are in earnest about giving the fans a contending club, they couldn't pick a better man for the head job than Charley Barnabe, pilot here two years ago and who is at present between jobs.

The Oilers' have experienced four managers, no less, since the franchise was moved from Big Spring to the Ector county capital.

When Tony Rego sold his interests and sang his swan song as skipper, Stan Bolton assumed the reins. He lasted until Walter Butler agreed to take the job. Then came Ramsdell.

Clarence Trantham, former Big Springer, "kicked upstairs" in the spring when Rego let him go here and he immediately caught on with Amarillo, has been traded by Bubba Jonnard for Ben Parrish, Pampa pitcher.

### Local Women To Midland...

At least six Big Spring women will invade the Midland golf links this weekend to compete in that city's ladies invitational tournament.

With Mrs. Alice Phillips and Mrs. Harry Stalcup as its chief threats, the group will also be composed of Mmes. A. Swartz, H. W. Smith, Obie Bristow and Bill Tate.

The fems will probably stage a women's city tournament at the country club after Shirley Robbins' Labor Day meeting.

### SHIPMENTS BANNED

BUENOS AIRES, July 30. (AP) Exportation of wheat and wheat flour from Argentina has been banned, except by special permit, because of poor crop prospects.

By a decree signed last night by Acting President Ramon Castillo, Argentina thus cut off further sales abroad of her biggest money crop.

## Hugh Mulcahy Phils' Hope For 20 Wins

PHILADELPHIA, July 30 (AP)—Hugh Mulcahy isn't superstitious so it's not "jinxing" the tall right-hander to say that he may be the first 20-game winner the Phillies have had in 24 years.

"Big Mul" won his 13th game against Cincinnati on Saturday and all hands from President Gerry Nugent and Manager Doc Prothro down agree he has an excellent chance of reaching the coveted 20-game mark.

Not since 1916 when Grover Cleveland won 23 games and Eppa Rixey 22 have the Phillies come up with a 20-game winning pitcher. The last time anyone came close was in 1934 when Curt Davis, now with Brooklyn, won 19 and lost 17. In 1938, his best year, "Mul" won 10 games for the Phils.

Mulcahy, who played his first full season with the Phils in 1937, modestly credits the Phils "kid" infield of Art Mahan, Ham Schutte, Bobbie Bragan and Merrill May, with his success.

"Sure, I've got better control this year," he explains. "But I've been getting the breaks."

## BROADMOOR GOLF TOURNEY BEGINS

Qualifying scores included: Morris Norton, Wichita Falls, 79; G. H. Stern, Dallas, 88.

# Fashionable Fems And The Wacky Doings Share Interest At Game

By RUTH MINTER

Last night I went to the donkey baseball game between some men that called themselves "Lions" and some that were named "ABCs." It was all very exciting—at least the huge crowd there seemed to think so, but the best thing I saw was the profile I glimpsed of Mrs. Hayes Stripling. She was smiling and her prematurely grey hair was stunning above a crisp white blouse.

In true baseball fashion as you see in all the newsreels the mayor, Grover Dunham, pitched the first ball. After he left with the crowd roaring its approval, Harold Steek took the mound dressed in such a darling outfit. His suit was a combination of black and yellow tight fitting trousers and a long sleeved sweater, and his bonnet—oh it was simply just too-too. It fitted over his head very snugly and had a ribbon under his chin. I heard the man sitting next to me mutter something about a "helmet instead of a bonnet" but I still liked it.

About that time the game was underway and the players started knocking the ball, they would try to climb on their donkeys, who were really quite beautiful and poppy beasts and try to get to first base. Doyle Vaughn had just started when I saw Jean Jackson and was attracted by her startling blue eyes and long black sleek page-boy hair.

Then suddenly, my goodness, the whole ball game was disrupted with the appearance of a D. S. C. (department of street cleaning) man. He had on very brief shorts, was smoking a pipe, and was wearing a black wry mustache. While he was repairing the field I discovered it was Doug Perry who isn't of the D. S. C. at all.

Back to looking around, I saw Mrs. Troy Gifford dressed in a lovely white hat and navy blue dress quite excited over the game.

But I didn't get to look for long as a big argument started on the field with Harvey Clay who was the umpire, and Ray Ogden who was a manager of one of the teams, as the principals. They finally had to carry Mr. Clay out in the big ambulance waiting on the sidelines before the game could start again.

After a lot of hilarious playing, it was really so silly it was wonderful fun, I discovered the game was over and was just beginning to ask who won when my attention was caught by the sight of Mrs. C. E. Matson in a very lucid brown dress.

# Capital Defenses Need A Year To Be Perfected

WASHINGTON, July 30 (AP)—President Roosevelt cruised up the Potomac river toward the capital today, convinced by a study of defense operations around Norfolk, Va., that Washington could "feel a whole lot safer" a year from now.

At the moment, the chief executive informed newspaper men, he feels the success of an attempt to invade the capital, as the British did in the War of 1812, would depend entirely on when it came and who was making the attack.

Mr. Roosevelt put in seven hours yesterday looking over defense installations at the mouth of Chesapeake bay, the water route to Washington. He said similar inspections of additional navy yards, army forts and air bases might be expected.

The statement emphasized a belief of many politicians that such visits might afford opportunity during the election campaign for expression of his views on defense and aligned problems.

# Charter Move Undertaken By Lamesa

LAMESA, July 30—A special commission to draft a new charter for the city of Lamesa has been appointed by Mayor W. L. Marr and Commissioners Roy Speck and Vernon Bryant. Members of the commission are J. E. Garland, J. Elmer Barron, Sam Richardson, C. Baldwin, Homer St. Clair, W. K. Crawley, C. A. Hollingsworth, M. C. Lindsey, W. B. Collins, L. E. Vaughn, Swanson Hurt, Raymond Lee Johns, M. Hatch, F. T. McCollum and Morris G. Beavers.

A petition calling for an election in the matter was presented to the governing group of the city last May, following conferences of local officials concerning procedure to be taken. Carl Rountree, local attorney, pointed out that a charter form of government would give Lamesa a greater latitude in making changes in the governmental structure; the city was incorporated under the general law of the state in 1917, but under its provisions, towns of 5,000 population and over may, with the consent of 10 per cent of the qualified voters, accept or reject by popular vote, a charter after such charter has been drawn up by a duly appointed commission.

A plan for bringing the city's water system to the point of accommodating 8,000 persons is being studied. The program would include laying of larger mains and increased reservoir capacity and would cost \$50,000 to \$75,000.

**By BILL WHITE**  
**NEW YORK, July 30 (AP)—**The scribes who cover the Giants say when and if Smilin' Bill Terry goes into the front office, Billy Jurgen will be the new manager. . . . When Ducky Medwick batted sixth Sunday against the Cards, it was the lowest spot in the batting order he's occupied since he became a star. Pitchers with winning streaks better stay away from the A's. They broke Huck Newsum's 13-game string Sunday, just like they broke Schoolboy Rowe's 16 game in 1934. . . . Why did those three big league scouts go to Buffalo Sunday to watch rookie Hal White of the Bisons pitch that three-hitter? They could have saved all that caffeine by reading the rave notices in all the eastern sheets.

**Today's Guest Star—**  
**Jack Miley, New York Post:** "From the looks of things as Saratoga's first mutual betting race meet get underway, they're going to have to conscript horse players if they want to keep the sellers in the ticket windows from going to sleep."

**Will Lawson Little accept Henry Picard's challenge for that 72-hole winner-take-all grudge golf match? . . . Is Dodge Prexy Larry Marchall being eyed by the radio people after broadcasting part of that Brooklyn game Sunday? . . . Know why UCLA booked two Southwest grid teams this year? Because last year T. C. U. drew more people to Los Angeles than any other UCLA foe, save USC.**

**Tall Tales from the Redlands—**  
**The Cincinnati Reds are so** darned good that Mike (Dennis) Dejan, the Southern association slugger, can't break into the lineup. And all he has in his favor is a .404 batting average, a mark of 448 in his first 23 games with Chattanooga and a 480-foot home run poke!

**Arlington park bettors have the** esteem of all as loasin' hose players. The other day an oat burner named Arcadian, the favorite, came home a lagging last and the crowd swarmed down to the rail and gave the nag a razzberry he'll never forget! . . . Hats off to the friends of little Rockhurst college who scraped up 600,000 votes and footed Don Carney onto the all-star football squad. . . . Under the new airtight accounting system at L. S. U., you can get a complete athletic department financial picture. The budget frankly shows it costs \$700 a year to maintain "Mike," the school's full-grown Bengal tiger mascot!

The Big Spring Polo team absorbed a 4 to 3 reversal at the hands of the Pecos All-Stars in an exhibition at Pecos Monday afternoon. The match was originally scheduled to be played Sunday but was postponed because of rain.

The Pecos quartet was composed of outstanding players of Carlsbad, Lamesa and Pecos teams.

The Big Springers played with only three regulars and were forced to use Bryant Fulkerson, Lamesa, as a "fourth."

Fulkerson scored a goal along with Morris Patterson and Dr. M. H. Bennett.

The two teams will clash again here Sunday in the feature of three matches at the new Bennett field west of town.

Other exhibitions will pit one Lamesa team against San Angelo, another against Lubbock.

# Chevrolet Has Gain In Sales

**DETROIT, July 30**—Substantial sales gains were reported by Chevrolet dealers for the 10-day period ending July 20, it was announced here by William K. Holler, general sales manager. A total of 29,687 new passenger and commercial cars were retained during this period, which represents a 23 per cent gain over the same period last year and an increase of nearly 5,000 units over the preceding period this year, he said.

In the first 20 days of July, Mr. Holler reported, Chevrolet dealers have sold 87,318 new units, as against 40,307 retained during the same period last year. This is a gain of 42.8 per cent.

The second best July 20 sales record on used cars in the history of Chevrolet was reported for this period, Holler said, with a total of 52,436 units being retained. This is an increase of more than 1,500 units over the same period last year and an 18.6 per cent advance over the preceding period this year, when 44,228 used cars were sold. Only in 1936 was this selling record surpassed.

Track sales likewise advanced during the 10-day period, showing gains over virtually every comparable period. A total of 8,144 trucks were retained during the period, which is an increase of 12.5 per cent over the same period last year; of 23.6 per cent over the preceding period this year; of 16.9 per cent for the month to date as against the same period last year, and of 12.9 per cent for the month to date as against the same period in June.

Not unexpected was the tremendous outpouring of votes in Saturday's primary for the "hill-billy" candidate, W. Lee O'Daniel, who is no "hill-billy" at all, but a shrewd master of mass psychology who knows all the answers in emotional appeal.

### INTERNMENT OF FRENCH SEAMEN IS PROTESTED

VICHY, France, July 30 (AP)—The French government announced today it had protested "energetically" to the British government over internment of Admirals Cayol and Villaine, commanders of French ships which were in English ports when the French-German armistice was signed last month.

The government also disclosed it had demanded without success the release of two French oil tankers which, it said, were being detained at Alexandria.
