## Leader Training Demonstration For Home Dem. Clubs Is County's First

Learning at its best was enjoyed by 22 Schleicher county Home Demonstration club women on Sept. 21, when Miss Jimmie Nell Harris gave a foods demonstration in the High School homemaking kitchen. Miss Harris is a Foods and Nutrition specialist from A&M college and the occasion was the first leader-training meeting ever to be held in the county. Home Demonstration work aims not only to give instruction in the problems of feeding and clothing the family, it believes that the growth and experience of the individual from an educational standpoint is of great importance. This meeting was directed toward teaching facts and then how to teach others this same information.

Two leaders were elected to attend the meeting from each Home Dem. Club in the county. They saw Miss Harris prepare a complete meal from the broiler and they will give the same demonstration to their clubs during the month of October. This chain method of teaching will make it possible for more method demonstrations to be given in a year's time.

Miss Harris broiled an inch-thick sirloin steak, green beans and tomatoes, which were topped with a cheese and green pepper mixture. The menu was completed with the addition of fresh fruit salad, bread and milk. During the course of the discussion she made this very true statement, "The rea-

son that broiling is not more widely used is because most people broil meats at too high temperature. Grease spatters, catches on fire, kitchens get smoky, the meat toughens, and a general scrubbing of the oven or broiler unit is necessary after each cooking. A low, slow temperature prevents all this. Besides saving this trouble the meat is more nutritious, does not shrink and has a better flavor."

For the complete directions and method for the preparation of this quick, good tasting meal be sure to attend the October meeting of a Home Demonstration club.

The Rudd club was represented by Mrs. A. B. Thomerson, president and Mrs. Voy Butts and Mrs. Ernest Nimitz, leaders; Good Neighbor club, Mrs. Gene Edmiston and Mrs. Thomas Baker; Reynolds-Alexander, Mrs. Cecil Williams and Mrs. J. Tom Williams; Cooper Gas-Myer, Mrs. Edwin O. Childers and Mrs. Arch Edmiston; Eldorado Glendale, Mrs. Edward F. Meador; Young Homemakers, Eldorado, Mrs. Gilbert Lowe and Mrs. Pat Robbins; Eldorado East, Mrs. Fred Logan and Mrs. E. G. Donaldson; Earn and Learn, Mrs. Perry Mittel and Mrs. E. H. Coulter; Bailey Ranch, Mrs. W. C. Parks, Jr. Mrs. Carrol White, chairman of the County home demonstration council and Miss Thelma Casey, district agent for Schleicher County with headquarters in San Angelo, also attended.

## Houston Firm Will Build Gas Products Plant For Sinclair

Although there was nothing new about a definite starting date, Sinclair Oil & Gas Company of Tulsa, Okla., informed this newspaper yesterday that they had just let the prime contract for construction of the Huldale gas products plant.

The contract went to the Delta Engineering Company of Houston, Texas.

Said the letter in closing:

"We are unable at this time to advise you with any degree of definiteness as to dates for beginning, and completing the job, but do plan certainly to expedite completion thereof all possible."

## Surveying Starts This Week On New Bailey Ranch Road

### Post Script

Cotton is coming in slowly, and by 3:00 Wednesday afternoon 17 bales had been delivered at the local gin. All of this is from the east side of the county—west side cotton has not started to move.

That the crop will be short is taken for granted—gin manager Sam Gausemeier will not even presume to guess what the county will make. Poisoning for insects is still proceeding on most cotton fields.

—ps—

Eldorado Seniors are completing their essays on oil and these essays are in the hands of the local judging committee this week. From here the two winning essays will be forwarded to district headquarters for judging. Writing of these essays every year is a feature of Oil Progress Week.

The winner of first prize in Eldorado will be awarded a \$25 bond by the Lions Club.

B. A. Biggs and J. T. Ottaberry have been employed by the county on a temporary basis.

Nice rains fell during the weekend, covering much of the county, and bringing the benefits of wet soil and cooler weather to Schleicherites. While the rains are too late to do fall crops much good, they are always welcome and the pastures are already greening up for fall grazing.

Weekend rainfall reports received this week include:

W. E. Bruton	2.10
Earl Cathey	.55
J. W. Davis	1.50
H. Derrick	2.90

### 826 FEET DEEP

The Henry Moore well in the Reynolds community had reached a depth of 826 feet last night, and was estimated to be about 75 feet into the San Andres sand. The expected flow of water had not yet materialized and the project at that time was described as "disappointing."

### Quarterback Out On Account of Injuries

Rony Kerr, quarterback for the Eldorado Eagles, will probably be missing from the local line-up for some time to come, after being injured in the Big Lake game here last Friday night. He received a neck injury after making a tackle. He has been in the San Angelo Clinic hospital since Saturday and is expected to return home this weekend and will probably be out of circulation two weeks more.

### C. F. JONES MOVES FOR TEACHING JOB

Mr. and Mrs. C. F. Jones and children left Monday for Ramona, Oklahoma, where C. F. will teach music and science in the school. The Jones children came home with their grandparents, Mr. and Mrs. Ray Jones, Friday and remained until Sunday while their parents were making preparations for the move. Mr. and Mrs. Jones came to Eldorado Sunday and the family left Monday for their new home in Oklahoma. C. F. was to begin teaching yesterday in the Ramona school. Ray Jones came home Friday from San Angelo hospital where he had surgery and is doing fine.

W. J. Burrus is back from the hospital and is improving.

### FIRST HOME GAME GOES AGAINST THE EAGLES 20 TO 0

In their first home game of the season here last Friday night, the Eldorado Eagles were unable to get anywhere with the Big Lake Owls and lost the tussle by a score of 20 to 0.

After a day of intermittent rain the field was soggy and grounds muddy and only a nominal crowd was on hand to witness the contest.

The score was 0-0 until close to the end of the half. The last play of the first half resulted in Howard Johnson connecting with End Bill Loftin for Reagan County's first touchdown. The line of scrimmage was the Eldorado 49. Johnson, a lefthanded pitcher, unfurled a lengthy heave that tagged Loftin well behind the Eldorado secondary.

Bobby Walls plunged the Eldorado left tackle for the conversion point that made it Reagan 7, Eldorado 0 at the half.

In the third quarter the Reagan County boys added 13 more points to their score—and that was the scoring for the ball game—although Eldorado was in threatening position several times during the last half.

Score by Quarters				
Reagan	0	7	13	0-20
Eldorado	0	0	0	0-0

First Downs By Quarters				
Reagan	3	3	4	1-11
Eldorado	1	0	1	3-5

### Other Games

Results of some of the neighboring contests last Friday included the following:

Ozona 32	Melvin 0
Sonora 26	Iraan 0
Mason 26	Junction 6
Richland Springs 13	Robert Lee 0
Menard 32	Boerne 13

Mrs. Glen Hoelscher and four children have been visiting her parents, Mr. and Mrs. Sam Gausemeier, for several weeks. Mr. Hoelscher has been employed in Crane and the family has been unable to find a house there until this week.

## Stolen Typewriters Being Recovered

The seventeen typewriters and electric adding machine, valued at some \$3000, which were stolen from the school here last week—have been located and will be returned to Eldorado in a few days, according to Sheriff E. H. Sweatt. Alva Johnson Rogers, a former resident of Eldorado has signed a statement in connection with the theft and is being held in jail at Eastland.

Seventeen of the school's typewriters and one electric adding machine were stolen here on the night of Sept. 20,

after a Parent Teacher Assn. meeting.

Local law enforcement officers broadcast the loss and on Monday Sheriff Sweatt received word from Eastland that Rodgers had been picked up and some of the machines located. On Tuesday further information came that all the machines had been found—5 in Oklahoma City and the remainder in Dallas.

Sheriff Sweatt was told that all of the stolen goods would be assembled in Eastland, where he would be able to pick them up in a few days.

### Casing Is Set In Jim O'Harrow Test

Casing has been set for completion attempt in a prospector 17 miles northeast of Eldorado.

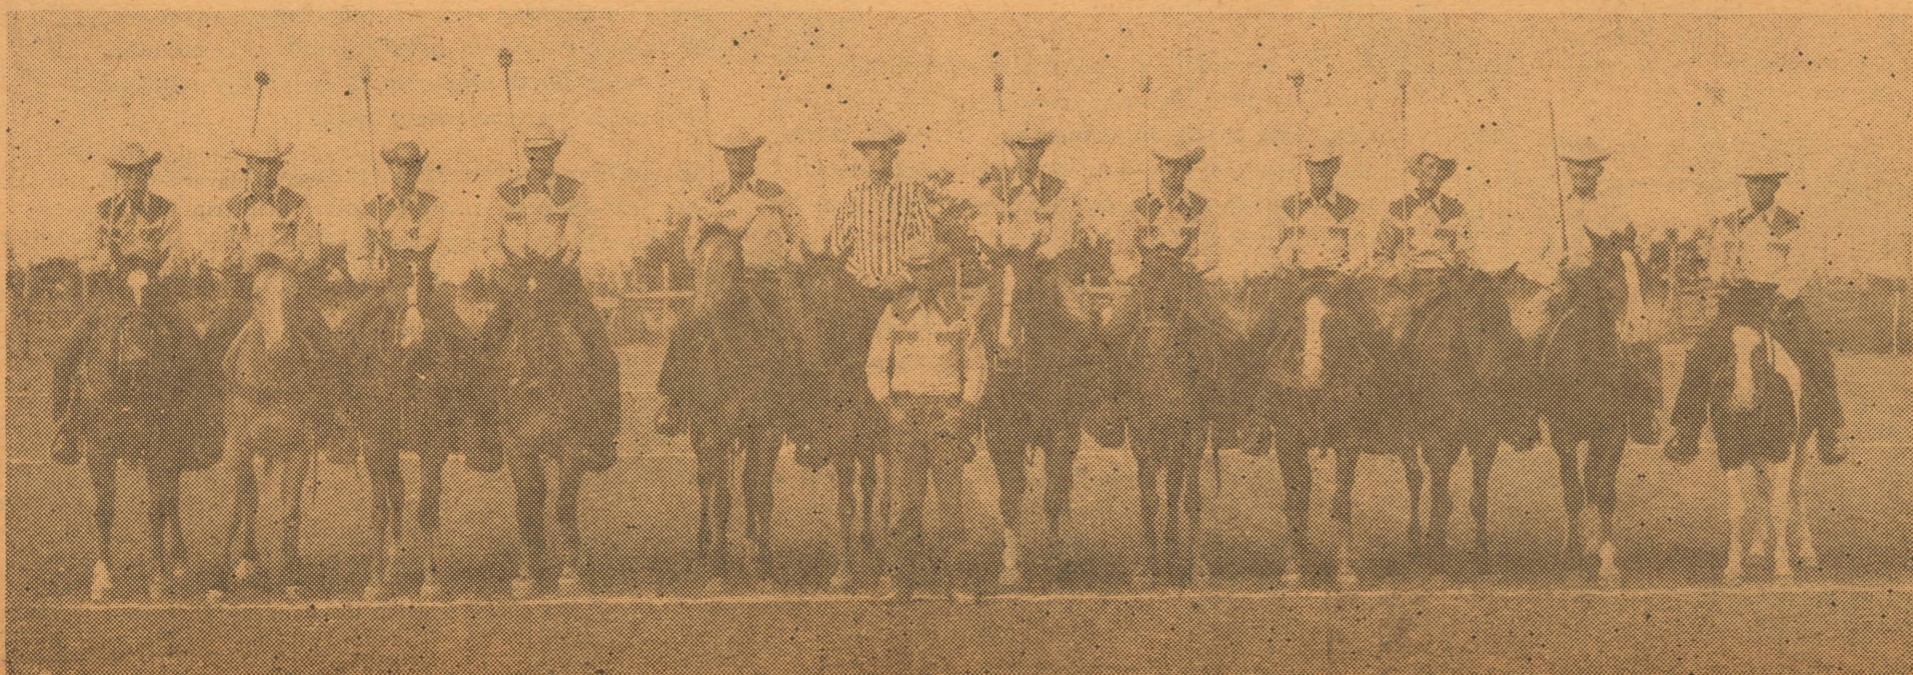

Cosden Petroleum Corp., and Fortune Drilling Corp., have set 5½-inch casing at 5430 feet for completion attempt in their No. 1 Jim O'Harrow (Schleicher County Harkey sand and Strawn prospect in 96-H-GH&SA. Production was indicated on a core in the Harkey sand between 4760-90 feet, which showed 13 feet of effective pay.

A one-hour drillstem test in the Strawn between 5373-94 feet, recovered 160 feet of heavily oil and gas-cut mud and 30 feet of salt water. Gas surfaced in 2L minutes and flowed at the daily rate of 1,300,000 cubic feet per day.

It is ¼-mile south of the dual opener of the O'Harrow (Strawn sand and reef) gas field.

Weekend guests in the home of Mr. and Mrs. J. R. Trentham were Mr. and Mrs. Walter Tipton of Edna.

## First of Two Final Polo Games to Be Played Sunday at Spur

THE ELDORADO POLO TEAM downed Lubbock recently 10-4 to head into state competition.

Mounted, left to right are: Horace Linthicum, Vernon Humphreys,

James Alexander, Ollie Phillips, H. A. Belk, J. H. (Skeet) Mace, referee; Bob Skurlock, Hal Whitten, A. A. Clark, Arch Ory, Eldred Roach, and E. H. Sweatt. Standing is Lewis Whitten. (Photo by Carr.)

Eldorado's fast-stepping polo team goes into State Finals Sunday afternoon with Spur, at the Spur arena, and this and one more game here with Spur will decide state championship.

At practice tonight, Thursday, the Eldorado players will make plans for their trip to Spur Sunday. It is expected that a good delegation will accompany them to Spur Sunday for the game, which will start at 2:30.

About two weeks later, there will be a big game here as the final game, between the two bi-district champions, is played. The dates, time, and other details concerning this game will be announced as soon as they have been worked out.

According to rules of the game the average for two games will decide the winner, and the game Sunday will be the first of the final two. Because of the unusual success the local team has had this year, a large crowd is expected when the final is played here in October.

News From Our Neighbors

New Band Uniforms

Fifty new, complete band uniforms of West Point design have been ordered for the Junction High School band and delivery promised in time for the Nov. 11 football game here.

Of 100% virgin wool whipcord, the uniforms will be of black and gold except the five for major and majorettes which will be white. Players hats will be black with gold plumes. The cost will be between \$3700 and \$3800, according to H. L. Ramsey, band director. — Junction Eagle.

Parsonage for Ozona?

A meeting of the adult members of the Ozona Methodist Church will be held Sunday night, September 25, at 8 o'clock p.m. in the church sanctuary to discuss whether or not the church will go into a building program for a new parsonage at this time.

A committee of 12 persons, appointed by the Official Board, will recommend the building of a new parsonage on land just behind, to the north, of the church, and the sale of the present parsonage and lot.

If the majority of the congregation votes approval of the project, plans likely will be developed at once for the new building. —Ozona Stockman.

Surface Water Limited

Supplies of surface water in the Fort Stockton area are definitely limited due to the relatively small areas of water sheds, and the light average rainfall received in the area. Water impounded in dams and piped or ditched to Fort Stockton probably would be expensive.

These were the principal points of a report on local water possibilities presented to interested officials and citizens of Pecos county, by H. P. Burleigh, area engineer for the Reclamation Bureau of the United States Department of In-

terior, Austin office, in a meeting here Tuesday afternoon. —Fort Stockton Pioneer.

Peanut Acreage Good

Some excellent peanut yields are being harvested in the county, the most recent amounts, as reported by Reardon Grain Co., being Clay Walker, 18 acres with 52 bushels per acre; A. J. Johnson, 16 acres, with 47 bushels; Bud Baxter, 26 acres, with 32 bushels. The first dryland harvest was that of Nolan Lange, whose 30-acre patch averaged 11 bushels. —Mason County News.

Drug Store Entered Monday Night

Unknown person or persons entered the Spears-Duncan Drug Store sometime Monday night. Entrance was gained through the Oak Street entrance and the use of a prying tool broke the lock on that door.

Fifty dollars that had been left in the cash register was taken, five Timex watches and some inexpensive rings were found to be missing, according to the business operators. —Sanderson Times.

Barbecue-Carnival Scheduled

Following repeated requests from citizens over the county for a repeat performance of the annual barbecue-carnival as was held here the past two years, the third annual event will be staged here this Saturday evening at Lee Pfluger Park, with concession stands opening at 5:30 and barbecue serving starting at 6 p.m., with a varied program that will continue throughout the evening with closing time set at midnight. —Eden Echo.

850 Predicted For Sul Ross

When the final count of students for the Fall of 1955 is made for the State Agencies on Oct. 1, it is estimated that 850 full-time students will have completed registration at Sul Ross State College. —Alpine Avalanche.

MARRIAGE ANNOUNCED

Mr. and Mrs. A. T. Wright announce the marriage of their daughter, Mrs. Mable Beatrice Doose to Mr. F. C. Fry, at 12 noon, September 17, at the First Methodist church in Midland, with the Rev. M. L. Boyd officiating.

Mr. Fry is employed by S&D Distributing Co. of Lubbock. The couple will be at home at 203 H. Playa, Midland.

BIRTHDAY PARTY

Mrs. Walter Roy Davidson was hostess at a party Saturday afternoon at the Memorial Building honoring Judy who was seven years old. Birthday cake and ice cream was served to the 40 young guests. Out of town guests were Eldra and Lonnie Gibson of Christoval who spent the weekend in the Davidson home. Judy's grandmother, Mrs. Bernard Carr, assisted with the party.

Mrs. Horace Linthicum and daughter Prissy, and her guest Mrs. G. E. Berry of Fort Worth were in Cisco during the weekend and attended the funeral of a relative, Will Reagan.

Mrs. Lloyd Johnson of Mason arrived here Saturday to visit her sister Mrs. Solon Boothe and family, including the Boothers' new infant son. Mother and baby returned from the hospital in Sonora Saturday.

Guests in the home of Mr. and Mrs. L. W. Chrestman last weekend were her sister, Mrs. Bill Wooster, and her daughter, Mrs. Billie Jean Finley, and two children all of Wichita Falls.

Mr. and Mrs. Jack Faught spent the weekend at Lubbock with Mr. and Mrs. Chester Faught. They brought their granddaughter, Marcellain, home with them for a week and her parents plan to come after her next weekend.

National Jamborees Are Important Phase Of Boy Scout Program

Organization of a fall Boy Scout fund drive, which is being conducted in the 23½-county Concho Valley Council, has focused attention of the public on all phases of the Scouting program. Of these, National Jamborees have grown into major importance.

Three National Jamborees have been held, stretching over a period of many years, and located at sites ranging from the historic East to the growing West Coast. A fourth is in the planning stage.

The First National Jamboree of the Boy Scouts of America was held at Washington, D. C., in July, 1937, when 27,232 Scouts from all over the United States came together at the invitation of the late President Franklin D. Roosevelt. The Scouts, organized into regional groups, camped together for ten days on both shores of the Potomac River.

Such large scale events could not be held during the war years, so that it was not until July, 1950, that the Second Jamboree brought 47,163 Scouts and leaders together for a week's camping at Valley Forge, Pa. Nearly 400 Scouts were guests from 21 other countries. President Truman opened the Jamboree personally and made a radio address. General Eisenhower was the guest of honor and speaker at a large Fourth of July celebration. The Post Office department issued a commemorative stamp honoring the Boy Scouts of America. This Jamboree was the largest gathering of boys in the Western Hemisphere.

The Third National Jamboree was held on the Irvine Ranch in Southern California July 17-23,

1953, with 45,401 Scouts and leaders from all over the United States and 21 other nations taking part. This was the first Jamboree at which Scouting in Eldorado was represented. David Steen and Ernest K. Nimitz, both now teenagers in Eldorado high school, attended with the Concho Valley contingent.

Tentative plans call for the Fourth Jamboree to be held during the summer of 1957, at a site to be announced.

Mr. and Mrs. J. F. Mayo have had as guests Mr. Mayo's sister, Mrs. Walter Hays and two girls. The family have been living in France where Mr. Hays is stationed, but returned home after ten months' residence there because of the severe winters. They will make their home in San Angelo.

BARBARA FRY HONORED

Mrs. Owen Fry entertained a group of girls with a slumber party honoring her daughter Barbara who was celebrating her 12th birthday. Friday night the group were served supper, and spent the night with Barbara, and after breakfast returned to their homes.

Attending in addition to Barbara were Martha Ellen Topliffe, Gail Copeland, Donna Taylor, Mertie Westbrook, and Verna Ann Lux.

Mrs. M. L. Potter has returned from Corpus Christi where she stayed with her daughter Mrs. Carl Nall and children while Mr. Nall was on tour of duty with the reserves.

Mrs. J. A. McCoy has returned to her home at Rochelle after a visit with her son Jake and his family.

Brooks Well Servicing Co. has a crew here working over the Virgil Powell Test.

Mr. and Mrs. Gene Parker had as weekend guests their daughter and family, Mr. and Mrs. W. T. Mills and two children of Big Lake, who were here also to attend the ball game.

Just what will bring quickest recovery to drought hit West Texas rangeland? This question is foremost in the minds of many West Texas ranchers. To the ranchers who have observed the comeback made by pitted land, it is the answer.

Rangeland covered with weeds and inferior grasses will lose most of the water falling on it. Most pastures have some bare areas. If they can't hold the rain falling on them, how can they grow any grass? The main problem is to hold this moisture where it falls. If you can keep the rains then you can get grass back on these bare places.

Pitting is designed to hold this rainfall and give it time to soak into the ground. It makes thousands of little reservoirs in which to store water; the rainfall caught and held in these pits will provide the moisture requirements of grass for long after unpitted areas are dried out. Pitting will give a boost to grass that is already there.

Pitting is a temporary proposi-

tion. They'll be there long enough to help get grass established. Over a period of several years they will gradually fill up. After all you are merely looking for a way to help nature get the ground covered.

John I. King, Ben Hext, Grat Edmiston and Milton Morales have been pitting and reseeding part of their rangeland the past month. Many district cooperators are harvesting native grass seed. Judge W. R. Bearce has been reseeding areas in his pastures. He used one of the planters belonging to the Eldorado-Divide Soil Conservation district.

W. E. Bruton has donated a breaking plow to the district. This plow will be converted for use as a pitting plow. Bill Watson now has a pitting plow which he and his neighbors plan to use.

For information and assistance on range pitting and planting contact your local office of the Soil Conservation Service or your Soil Conservation District supervisor. Equipment owned by the district may be leased by any farmer or rancher.

**Machine Invented By Student Used In Classroom**

An electric question and answer machine was put into use in the South Elementary school this morning, for the first time any invention of this type has ever been tried in the school system.

Joe Bailey, son of Mr. and Mrs. T. J. Bailey, a senior at the University of Texas, majoring in Nuclear Physics, invented the machine. Mrs. Bailey will use it in her class room work. At the present time the machine will be used for mathematical instruction, but can be changed for use in English, History, Geography, or any other desired subject. —Ozona Stockman.

Susie Scott, daughter of Mr. and Mrs. H. W. Scott, has missed school this week because of illness.

**New Money Order Procedure Effective On October 1st**

Effective October 1st all first and second class post offices will initiate the new form of money orders.

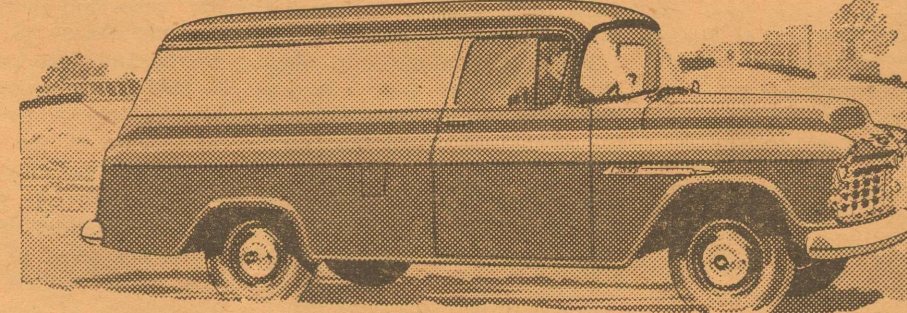

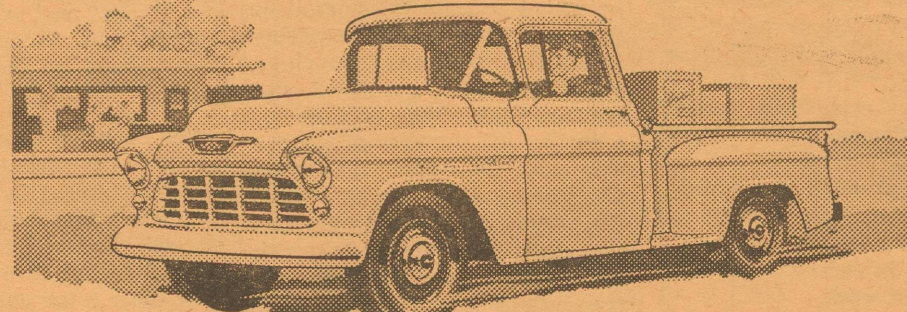

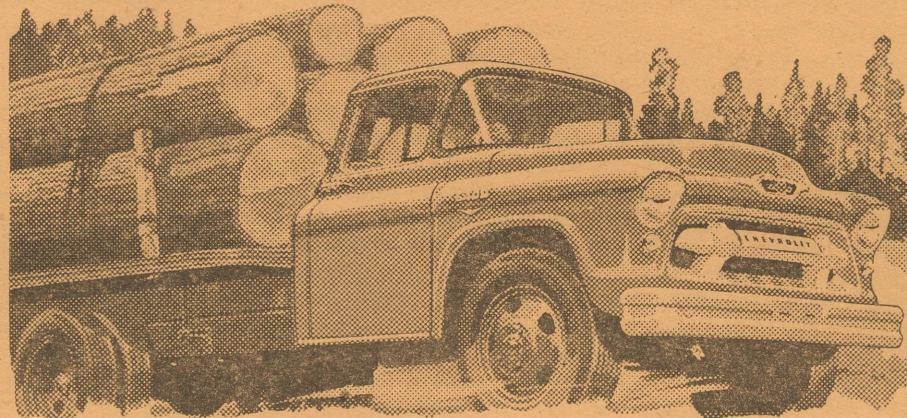

Heretofore when a patron purchased a money order he was required to fill out an application form showing to whom the order was to be paid and from whom it was sent with other information. Under the new system the purchaser need not fill out application form but merely states the amount for which the order is for. The post office will fill in the amount and the patron will fill in all other particulars on the face of the money order. This will greatly speed up the issue of orders and the purchaser may if he wishes take the order home to fill out. It is stressed, though, that until the name of the payee is filled in, the order is the same as cash and if lost could be filled in by any one finding it. It is also stressed that the purchaser retain the receipt as there is no record kept by the post office other than the amount.

Postmaster Waller states that full instructions will be posted in the post office lobby regarding the new system.

Mr. and Mrs. E. B. Jordan spent the weekend at Longview where they attended the wedding of her brother.

### LIONS CLUB MEETS

Eldorado Lions will not meet at noon for the next two Wednesdays, because of special ladies' nights scheduled. Next Tuesday night the club has a joint meeting with the Sonora Lions, at Sonora. The following Thursday, Oct. 13th, the local club will entertain the school faculty.

George Cales had charge of the program at yesterday's Lions meeting, on the theme of the coming Oil Progress week. He showed a film which will also be shown to the High School today during the activity period.

"Barrel Number One" a new and unusual film about the oil industry, was the highlight of the meeting Produced by the American Petroleum Institute, the picture is that organization's latest release in a series that has included such notable titles as "The Story of Colonel Drake" and "American Frontier."

The film presented Wednesday portrayed the journey of a single barrel of oil, the first produced from a new well—from the time it is located beneath the ground until it is delivered to the consumer in the form of products, such as gasoline, lubricants, fuel oil, and plastics. Each of the operations is seen through the eyes of the men who make them possible—the geologist and geophysicist who search for oil-bearing deposits; the crew that drills the well and brings the oil to the surface; the men who transport it by pipe line, truck, train, and ship; the refiner who manufactures it into finished products; and, finally, the marketer who sells those products.

Twenty-nine minutes in length, "Barrel Number One" effectively illustrates the complex and colorful techniques which the oil industry employs in providing the American public with nearly eight million barrels of products each day. This incessant and growing demand is reflected in the final scene, in which the same geophysical crew begins the search for the site of a new deposit and a new "barrel number one."

### EASTSIDE WOMEN MEET

The WMU of the Eastside Baptist Church met Tuesday afternoon in the home of Mrs. L. B. Kersey with nine members and one guest, Mrs. Jim Smith, present. Mrs. L. C. Higgins brought the lesson.

### Environment Affects Market Value of Eggs

College Station. The more than three billion eggs produced yearly represent several million dollars to Texas producers. Maintaining the high quality of these eggs during periods of storage could mean thousands of additional dollars to the industry.

"Research shows that albumen quality decreases more in four days at 80 degrees F. than it does in 10 days at 65 degrees," says Floyd Z. Beanblossom, Extension poultry marketing specialist. Tests also show there is as much deterioration in eggs held for three days at 98 degrees F. as in 23 days when kept at 60 degrees and 65 days at 44 degrees.

In a bulletin, Environment Affects Market Value of Eggs, Beanblossom, Kermit F. Schlamb, extension poultry marketing specialist, and William S. Allen, extension agricultural engineer, make available information gathered on the subject of storing market eggs. The bulletin gives specific information on the care of eggs from nest or cage on the farm or ranch until they are sold.

Also included is information on the influence of humidity on quality and weight, influence of temperature on quality, precooling eggs, "sweating" eggs, the cooling room, construction features of the cooling room, methods and management of cooling, and costs.

Copies of the bulletin may be obtained from the local county agent. Ask for B-810, Environment Affects Market Value of Eggs.

### Equal Justice Under Law

On September 24, 1755 was born a man who contributed more than any other single individual to the preservation of many of the freedoms which we today enjoy as American citizens. He was John Marshall, the fourth (and often referred to as the greatest) Chief Justice of the United States. To him we are largely indebted for the fact that we have a "government of law and not of men." Because of his vital role in strengthening our constitutional form of government, September 1955 has been designated as "John Marshall Bicentennial Month," and nationwide ceremonies will commemorate his work throughout the Fall of this year.

The Supreme Court of the United States has come to play its role as head of one of the three branches of our national government by methods that are different from those used by the other two branches. Since it has only "the judicial power," the Court can act and speak only as a decider of some of the "cases and controversies" that litigants choose to bring before courts. And since its primary work is that of reviewing decisions of lower courts, it can usually decide only some of the points in the cases that reach it.

Yet within this framework of judicial method the Supreme Court has come to perform functions of the highest importance in our scheme of government. The Court is an umpire of our complex federal system, resolving questions of the geographic location of powers between nation and states. It is likewise an umpire within the national government, resolving questions of the organic location of powers between Congress, the Executive and the Judiciary.

It is also a defender of individual rights and privileges, defining standards of fairness as to what government can do and how it may act in areas that impinge on liberty and equality. And it is a watchman over the mechanics and methods by which many government policies are carried out, bringing order and facility into the administrative processes.

While these great functions of the Court have been evolved over the years and under many of its noted judges, it was John Marshall's role in developing them

that made him "the Great Chief Justice."

One of Marshall's most brilliant decisions was written in 1803 in the case of "Marbury vs. Secretary of State Madison." Although not the first, this is a landmark case on the power of a court to hold an act of a legislature unconstitutional. The issue was whether a new federal administration could refuse to deliver judicial commissions which had been authorized and prepared by the previous administration. Many political overtones were present, but Marshall went straight to the root of the matter by declaring that the law involved was "unconstitutional." Thus was established the principle that acts of Congress cannot be enforced when in conflict with the Constitution.

Commonplace as many of Marshall's ideas are today, in his time they were innovations. Without his genius, different decisions might have been rendered and our courts might not have developed into the bulwarks against legislative or executive oppression that they are today.

Chiseled above the entrance to the U. S. Supreme Court Building are the words: "Equal Justice Under Law." John Marshall played an impressive role in making this phrase a reality, and it is fitting that special observances have been planned throughout the nation to celebrate the bicentennial of his birth.

### HULLDALE STEPOUT SLATED BY SINCLAIR

Sinclair Oil & Gas Co. has filed application to drill its No. 7 Davis one location east of production in the Huldale field nine miles north east of Eldorado. The project will be drilled with rotary to 5,800 feet on estimated elevation of 2215.

Location, on a 645.8-acre lease, is 1,467 feet from the south and west lines of 55-M-GH&SA.

### ROBBIE IN SURGERY

Little Robbie McGinnes, two-months-old son of Mr. and Mrs. Elton McGinnes, had surgery in a San Antonio hospital Tuesday afternoon. The baby had not yet passed the crisis as the Success goes to press early this morning. This is the second operation to remove a head blockage.

Weekend guests in the home of Mrs. J. F. Jeffrey included Mr. and Mrs. Jim Simpson of San Angelo and Mr. and Mrs. Claude Jeffrey and three girls of Richland Springs.

Mr. and Mrs. D. C. O. Wilson returned last weekend from the First Campers Meeting in Dallas.

### Hints On Fall Care Of Lawns Offered

College Station. Lawn grasses will remain green longer in the fall and grow off earlier next spring if given an application of a complete fertilizer at least 30 days before the first expected hard freeze.

Too, E. M. Trew, extension agronomist, says when the lawn grasses go into the winter in a healthy and vigorous condition, winter weeds have less chance to grow and are less of a problem.

If the fertilizer application is made too late, Trew points out that some grass may be lost from a hard freeze and also that the fertilizer cannot be fully utilized by the grass before it goes dormant.

The specialist recommends a fertilizer of the 2-1-1 or 1-1-1 ratio. Application should be made at a rate to supply two pounds of actual nitrogen per 1,000 square feet of lawn. This amount of nitrogen would be supplied by 20 pounds of 10-5-5 or 10-10-10 or 25 pounds of 8-8-8. He adds that some soils do not need potash but since the cost is small, it is good insurance and may give excellent results.

Trew recommends dividing the fertilizer, that is, apply half then spread the remainder at right angles to the first application. This, he says, will help insure even distribution.

Give the lawn a good soaking after the fertilizer has been applied. The grass can't use the plant food without moisture. Soak the soil to a depth of at least six inches or better until the moisture meets. If the soil is wet when the fertilizer is applied, wash it off the grass onto the soil.

Bermuda lawns are sometimes overseeded with ryegrass to keep the lawn green during the winter but Trew says unless the ryegrass is kept closely clipped, it competes with Bermuda for light, moisture and plant food in the spring. Italian or annual ryegrass should be used if overseeding is practiced for these plants die in the spring. Finally, Trew says, give the lawn good care now and enjoy its beauty next spring.

### Girl Scout Leaders From Angelo Office To Conduct Training

Professional Girl Scout workers from San Angelo will be here October 4, 5, and 6 for the purpose of giving training to all Scout workers and all mothers of girls who are interested in the success of the program.

At the first scheduled meeting Tuesday afternoon at 2:00 details will be worked out concerning the other times for meeting. Notes will also be sent mothers of girls in the second, third and fourth grades concerning interest in the Brownie program.

### Bride Is Honored

Mrs. Marvin Gausemeier was honored with a gift tea Saturday afternoon in the Club Room at the Memorial Building. Hostesses were Mrs. W. A. Shuller, Mrs. Marvin McDonald, Mrs. N. V. Stackhouse, Mrs. Vernon Hazelwood, Mrs. Laman Hazelwood, Mrs. A. J. Roach, Mrs. Delbert Taylor, Mrs. Sam Carrell, Mrs. Charles Kellogg, Mrs. Jack Garthman, Mrs. Houston Thigpen and Mrs. Glen Hoelscher.

The honoree, her mother, Mrs. L. C. Higgins, and Mrs. Sam Gausemeier were in the receiving line. Mrs. Charles Kellogg served cake and Mrs. Jack Garthman served punch the first hour and Mrs. Edward Gibson served punch and Miss Willa Higgins served cake the second hour. The serving table was covered with a white linen cloth and centered with an arrangement of orchid dahlias.

Carolyn Higgins was at the register the first hour and Colleen Hicks the second hour. Barbara Faught played background music during the tea hours. Barbara Spencer, Beekie Mund, Willa Higgins, Dale West, Janna Walker and Gaynelle Belk sang several selections and Toddy Bierschwale gave a reading.

The young couple are at home in San Angelo where both are employed.

Mr. and Mrs. Frank Crawford and Mr. and Mrs. Gene Baxter of Big Lake visited Friday with Mr. and Mrs. Houston Thigpen and all attended the ball game.

### Methodist News

Meeting in regular session Sunday morning, the Workers' Council of the Methodist Church completed plans for the Leadership Training School which will be under way here October 16, 17 and 18. Neighboring churches will be invited to attend the school, which will be taught by Rev. and Mrs. Horace King, of the Conference Board. October 16 will be devoted to morning and evening preaching services which Rev. King will present, and these will count toward the three days of training. The other two services will be held at 7:30 Monday and Tuesday evenings. These schools are for the entire church, and all members are urged to attend.

Sunday being promotion day and world communion day, the morning hours will be devoted to these two features of worship. The children will come from their classes to the auditorium at 10:00 for the promotion day program and presenting of awards. All adults of the church are urged to be present with the children, and remain for the church services, which will be on World Communion.

The pastor was in San Antonio early this week, conducting business and visiting his daughter. He was accompanied by Mrs. Stearns. E. V. Warren was in charge of the Sunday evening service in his absence, the main feature of the service being showing of a film on missions.

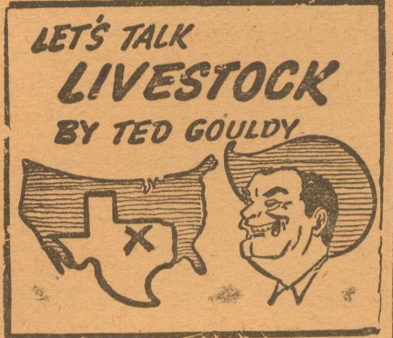

A representative of a nationally known church furniture company will be here on the 17th to show samples of church school furniture, which will be needed to furnish the new educational building. He will be here in connection with the leadership school, and any who wish to give memorials or make contribution toward the furniture fund are urged to be present and see the samples.

### BOY SCOUTS NOW MEETING

Scoutmaster Billy Frank Blaylock announces that the Boy Scout troop is now meeting each Tuesday night at 7:00 at the Memorial Building. This is the Scouting program for boys 11 through 13.

### REYNOLDS CLUB MEETS

The Reynolds Alexander Home Demonstration Club met Tuesday afternoon in the home of Mrs. Milton Faught, with 11 members and one guest, Mrs. Otto Sauer, present. Mrs. J. Tom Williams and Mrs. Cecil Williams gave a broiled steak dinner demonstration. Mrs. Jack Wade gave a talk on parliamentary procedure. The group worked on copper tooling after the meeting. The next meeting will be Oct. 11 in the home of Mrs. M. L. Potter.

### Cattle Rise As Good Rains Come

Fort Worth. Liberal amounts of moisture reported from the cattle country during the past few days put a bullish tone to the trade at Fort Worth Monday.

Immediate demand from wheat areas, as well as stepped up demand from the winter clover grazing areas of East and Central Texas, caused stocker classes to move sharply higher.

This higher surge carried slaughter kinds upward as stocker buyers invaded the classes that have been selling largely for slaughter.

All cattle and calves were fully 50 cents higher and many stocker kinds were 50 cents to \$1 and more higher.

Choice fat cattle were virtually lacking, a few in the \$20 to \$22 range, but most of the medium and good slaughter steers and yearlings sold from \$16 to \$20, and lower grades scaled down on the \$12 to \$16 bracket.

Fat cows cleared at \$10 to \$12.50 and canners and cutters sold from \$7 to \$10.50. Bulls cashed at \$10 to \$14.

Good and choice slaughter calves sold from \$16.50 to \$19, and common and medium sorts cashed at \$12 to \$16. Culls sold from \$9 to \$12.

Stocker steer calves drew \$16 to \$21, and steer yearlings sold from \$19 downward. Replacement cows sold from \$8 to \$13, and many aged cows in the \$10 to \$11 field had packer values last week around \$9 to \$10.

### Sheep and Lambs Strong

Small supplies of sheep and lambs opened strongly at Fort Worth Monday. Fat lambs of good and choice grades cashed at \$18 to \$19, and common and medium sorts sold around \$12 to \$16. Culls sold at \$10 to \$12. Stocker and feeder lambs of medium and good kinds sold from \$13 to \$15, and choice lambs of 55-60 pounds were quoted to \$16.50. Slaughter yearlings sold from \$10 to \$15.50. Aged wethers sold from \$7 to \$12. Old bucks sold around \$4. Old ewes cashed at \$4 to \$5. Some solid mouthed ewes of 129 pounds sold at \$10 to go back to the country.

### Stocker Demand Raises Prices

Recent weeks in the trade at Fort Worth prices of replacement cattle and calves have been as high or higher grade for grade than prices at Corn Belt points.

This development is due to the improved pasture conditions and the restocking that is taking place over the territory.

Rains of the past week or ten days will further enhance this stocker and feeder outlook as winter grazing areas will call for many cattle and lambs to keep wheat and other winter cover crops grazed down.

### Plentiful Foods For October Are Listed

College Station. Featured spots on the USDA's October plentiful foods list go to pork, rice and potatoes.

But, according to Mae Belle Smith, specialist in consumer education for the Texas Agricultural Extension Service, generous supplies of beef, broilers and fryers, canned tuna, pinto beans, cheese and other dairy products are available.

Too, grapes and vegetable fats and oils are in heavy supply.

The Texas sweet potato crop is moving and supplies make it a good buy.

Homemakers, because of the many dishes in which sweet potatoes can be featured, should find this root crop a food bargain.

The monthly plentiful foods list is based on a survey of food stocks in the major trade territories of the region.

### School News

The Jr. High Football team will play the Sonora Jr. High tonight in the first home game of the season. In the two games played last year, the Eaglets lost one and won one. Kickoff will be at 6:30 p.m. and admission is 25c.

The lineup will be: Backs: Lindsey, Sauer, Bellman, Robledo;

Ends: Johnson and Whitten Tackles: Smith and Gillaspay Guards: Preston and Taylor Center: Walter Donaldson

In the game with Menard last Thursday, the Eaglets were defeated 26-21.

Eleven members of the Eldorado Student Council and the two sponsors will attend the fall meeting of the West Texas Forum in Kermit, October 1st. Eldorado is president of the forum and Bob Ratliff, president of the Eldorado council, will preside.

Those attending will be Bob Ratliff, Curtis Stockton, John Meador, Jimmie Dell Williams, Burnell Doyle, Gainell Belk, Nancy Elder, Joe Stanford, Jim Lindsey, Arlene Harris, Eddy Etheredge, and sponsors, Joe Andrews and Byrl Clayton.

With the large turn out of players for Pee Wee football the group will be divided into two teams. The team that will play Tuesday, October 3, will be made up of boys whose weight is over eighty pounds. The following Tuesday, October 10th, will be played by the boys whose weight is eighty or under. The Pee Wee games will start at 6:00 p.m. and admission will be free to the public.

After spending the first two weeks on the background of English literature, the senior class has now begun the study of Chaucer. Before reading "The Canterbury Tales" the class discussed the forms of rhythm and rhyme used by Chaucer. A reading of a portion of the Prologue to "The Canterbury Tales" in its old English form gave the students an idea of the sound of and the appearance of Chaucerian English.

The Freshman and Sophomore classes are studying the short story. The technique of the short story—how to set a short story in motion—and how to make the short story effective as well as plot construction—has been the primary study so far. Of course, short stories have been read in class as well as outside of class and discussed in the light of the mechanical construction and the devices used by the author, such as setting, plot, and characterization.

### WOMEN OF CHURCH MEET

The Women of the Church met Monday afternoon at the First Presbyterian Church with Mrs. Jack Mowrey and Mrs. Leslie Baker as hostesses. Mrs. Joe Edens had charge of the program.

### New Babies

Mr. and Mrs. W. R. Ellis are the parents of a baby boy, Clay Don, born September 25 at 3:15 in the Sonora Hospital. Grandparents are Mr. and Mrs. W. C. Elliott of Levelland and Mr. and Mrs. W. S. Ellis of Snyder. Great grandmothers are Mrs. Bryant of Littlefield and Mrs. Jennie Ellis of San Angelo. Mr. and Mrs. Ellis spent the weekend here and Mrs. W. C. Elliott plans to spend several weeks with her daughter and family. The Ellises are renters on the A. R. Parker place.

Mr. and Mrs. J. C. Whiteley have received word that they have a new great-grandson, Kenneth Whiteley. The little boy was born September 20 in the Brady hospital and weighed 6 pounds and 4 ounces at birth. The parents are Mr. and Mrs. Edward Whiteley of Brady and the grandparents are Mr. and Mrs. T. **W. A. Menees Attends Brother's Funeral**

W. A. Menees attended funeral services in Bakersfield, Cal., last week for his brother, Robert E. Menees, 34, who was killed while on a recent wild horse hunt in the Mojave desert of California.

The hunting party of four had separated and when Menees failed to meet the group at the appointed time his three companions started a search, one of the group later finding the body. Apparently his horse had become frightened, bolted, and charged into a Joshua tree, knocking the rider from the saddle. A rope caught his wrist and he was dragged an estimated 122 yards over terrain strewn with boulders and thorny desert plants.

He had lived in Bakersfield 19 years and at the time of his death was running a dairy. Besides W. A. Menees of Eldorado, he is survived by two other brothers, three sisters, the widow, two sons and a daughter, and his parents, Mr. and Mrs. R. L. Menees. Funeral services were held Wednesday of last week in Bakersfield.

Mr. and Mrs. Sam McGinnes and Mr. and Mrs. Joe T. Logan attended funeral services for J. C. Higginbotham at Crosbyton last Friday. Mr. Higginbotham died Wednesday in the Crosbyton hospital following a heart attack. He was Mrs. Floyd McGinnes' father.

Austin. Almost everyone is talking about farm prices.

In Austin before a meeting of 200 Texas Farm Bureau officials, the Indiana Bureau's president predicted a "depression that will make the 'thirties look like a picnic'" if present farm policies continue.

At his Gillespie County ranch U. S. Senator Lyndon Johnson said the Republican sliding scale of parity lets "prices slide down and mortgages slide up."

In Houston Secretary of Agriculture Ezra Taft Benson retorted in a speech before Texas Citrus and Vegetable Growers. Democrats, he said, left him a "neat package of carefully fused bombs"—falling prices and accumulating surpluses.

Substantial progress has been made, nevertheless, Benson said. Major strategy to help low-income farmers, he promised, is in the offing.

**Drought Aid Announced**

Farmers in 22 South Texas counties are eligible to buy surplus feed grain at lower prices. President Eisenhower designated the counties as drought disaster areas at the request of Gov. Allan Shivers.

Applications for relief grain will be taken through Oct. 15. Distribution through supervised retail outlets will continue until Nov. 15.

**Insurance Overcharges Hit**

A Texas Insurance Commission report claiming "millions of dollars" in excess charges collected by a New York automobile insurance company may touch off a nationwide investigation.

Commr. J. Byron Saunders reported Texas' findings at a zone meeting of insurance commissioners from six states. All indicated they would start inquiries.

Service Fire Insurance Company of New York overcharged, Saunders said, by putting policy holders in a higher bracket than necessary. He reported that so far the company had refunded \$89,000 on the policies checked by the commission.

Attorneys for the company said that if there were excess insurance charges, they were offset by an undercharge on financing.

Service Fire Insurance Company handles policies for Universal C. I. T., finance company with which it is affiliated.

**Vaccine Priority Changed**

Texas children under five have been added to the priority group for Salk polio vaccine. In other states only five to nine-year-olds are eligible.

State Health Department officials obtained special approval from federal authorities, as some 44 per cent of paralytic polio in Texas hits tots under five.

Because of the illness of Mrs. H. F. Webb, her sister, Mrs. L. McDonald has been staying with her. She is much improved. A weekend guest in the home was her daughter Mrs. O. C. Webb of Ozona.

Weekend guests in the home of Mr. and Mrs. Claude Alexander and Mr. and Mrs. Jack Clark were Mrs. John Clark, Mr. and Mrs. J. C. Clark, Betty and Melvin and Jim Purvine, all of Austin.

Mrs. W. H. McClatchy has had as a guest several days, a friend, Myrtle Beard of San Angelo.

Mrs. Otto Sauer had word recently that her mother Mrs. Hannah Baethge had lost her personal effects when her daughter's home burned down at Cooper, and was burned slightly on her hands and feet.

**Modern Mystic To Be Featured In Program**

**AUXILIARY MEETS**

The Young Women's Auxiliary of the First Baptist Church met Thursday afternoon at the church, opening with a business meeting. The program was on the Mary Hill offering, given in the form of a radio program. Eight were present.

**First Baptist News**

This week, workers in our Sunday School have been studying the book, "A Church Using Its Sunday School," by J. N. Barnette. Monday evening there were 25 present, and many more were anticipated to attend before the weeks' study was over. Those teaching the book were Carroll Ratliff, Perry Cox, J. C. Hancock and Gladys Cheek. There are still two nights left, and everyone is urged to take advantage of the study of this book.

Next Sunday morning will be Installation Day for Officers and Teachers in our Sunday School. Sunday will begin a new year in our Sunday School. Sunday evening we will observe the Lord's Supper during the worship service, which will be at 7:30 p.m. instead of 8:00. Training Union will begin each Sunday evening at 6:30, evening service at 7:30, and a very brief Young People's fellowship at 8:30.

Young People: Don't forget our Youth Activities on Wednesday evenings! Food, fun, and fellowship! Officers' and Teachers' meeting will be held at 6:45 each Wednesday beginning next week, with Prayer Meeting at 7:30 and Choir Practice at 8:00. Please note these time changes.

**ATTEND GAME**

Mr. and Mrs. Charlie Trigg were among the large number of passengers on the SMU special train which went to South Bend, Indiana, where SMU lost to Notre Dame 20-0. They left Dallas Thursday and returned Sunday. Next Saturday night Mr. Trigg will be an official at the Baylor-Maryland game at Waco and will be accompanied to Waco by Mrs. Trigg.

Earl Yates had minor surgery in Sonora Monday.

**Two Circles Study American Indian**

Meeting in joint session, the Dorcas and Pioneer Circles had their first lesson on the American Indian Monday at the church. Mrs. Luke Thompson, who attended a training course recently on this subject, gave the first of a series of four lessons, assisted by Mrs. Ben Hext and Mrs. Virge Tisdale.

Next Tuesday afternoon the general monthly WSCS meeting will be held at the church at 3:00.

**H. D. CLUB**

The Earn and Learn Demonstration Club met last Thursday night at 7:30 in the home of Mrs. Jack Etheredge with 13 members, one guest, and Mrs. Vida Kreklow, home demonstration agent, present. Mrs. Kreklow gave a food demonstration on preparation of cream puffs filled with creamed chicken. The hostesses, Mrs. Etheredge and Mrs. Lionel Ballew, served the cream puffs with a congealed salad and coffee. In the business Mrs. Roy Boyer was elected president and Mrs. Lionel Ballew was elected corresponding secretary. The date and place of the next meeting will be announced later.

**GIRL SCOUTS MEET**

Girl Scout Troop 2 met Saturday morning at the Memorial Building where the girls worked on requirements for badges and started work on the program for the coming year. This troop is composed of girls in the 5th and 6th grades and any girl who would like to join is invited to attend the next meeting which will be Oct. 8 at 9 a.m. at the Memorial Building.
