Administrators To Attend Meets

On August 21, the school administrators will go to a Southern Association meeting at Pecos.
On August 17 and 18, a meeting of Texas State Teachers Association presidents will be held in Dallas. Mr. Kemble plans to attend.

New Teachers Hired

Three new teachers have been hired to teach in the local schools for the coming year.

Mrs. Susan E. Steele of Waco has been hired as second grade teacher. Mrs. Steele has a Bachelor of Arts degree in elementary education from Baylor. She has a son who is doing graduate work in that school.

Mrs. Steele is filling the vacancy created by the resignation of Mary Ann Morris, who resigned to accept a position in the Chicago, Ill., schools.

Mrs. Peyton Cain has been hired as 6th grade teacher, replacing Gordon Sansom.

Raymond Mittel will be high school history teacher and assistant Jr. High coach. He is replacing Russell Beach.

Supt. A. M. Whitis reports that the faculty is now complete for the coming school year.

New School Tax Rate Coming To Vote Aug. 26

Upping the maximum school tax from \$1.00 to \$1.50 per \$100 valuation is to come up for consideration of voters in a special election to be held a week from Saturday, on August 26.

School officials emphasize that if the proposal of voting a \$1.50 maintenance tax is approved by county voters, they do not plan to utilize the entire \$1.50 rate, but that they feel the present \$1.00 rate is no longer adequate and should be raised.

Further information is in the ad on page 2 of this Success issue, and in the notices which have been posted in the post office and the court house.

The local school district takes in all of Schleicher county and qualified tax-paying voters will vote at just one box, to be located at the high school.

W. N. Ramsay will be judge, Thaxter Faught associate judge, and Mrs. Mabel Parker and Mrs. Alma Sauer will assist.

A canvassing board to canvass absentee ballots will consist of Robert L. McWhorter, J. H. Mace, Carroll Ratliff, L. B. Burk, and James Williams.

The ballots will have "For Maintenance Tax" and "Against Maintenance Tax" printed on them. Voters will scratch out one of the phrases.

New Barber On The Job

Joe Snell has moved here from Midland to be associated with Rance McDonald in the Palace Barber Shop.

Mrs. Turnbow is the former Marie Turnbow and they have one daughter, Debbie, age 2. The family are Baptist and will live in a trailer house in the east part of town.

Mr. Snell has had one year and four months of barbering experience and will make a specialty of flat-top haircuts.

Mrs. Snell is the daughter of Mr. and Mrs. E. T. Turnbow.

New Babies

A son was born Wednesday, August 9, in the Sonora hospital to Mr. and Mrs. Calvin Henderson. The baby weighed 6 lbs. 7 oz. at birth and has been named Leslie Dwayne.

The Hendersons have three other children.

Grandparents are Mr. and Mrs. Lester Henderson and Mr. and Mrs. Fred Furr, all of Eldorado.

Corner Being Developed Into Beauty Spot On Sonora Highway

A PROJECT of the Eldorado Garden Club is this Finnigan corner on the new Sonora highway, which the club is developing into a park. Already club members have pruned trees, watered and mowed the grass, and set out shrubs and flowers on the property. Ernest Finnigan has allowed the club the use of the corner for development into a beauty spot which is seen by hundreds of people who pass by every day. (Staff Photo)

Car Accident Fatal To E. W. (Hank) Mund

E. W. (Hank) Mund, long-time resident of Schleicher county and proprietor of the Gulf station, died at 11:00 a.m. Saturday in the Val Verde Memorial hospital at Del Rio, at the age of 59 years and 8 months. His death came as the result of a terrific head-on automobile crash near Loma Alta on Thursday night.

Funeral services were held at 4:00 p.m. Sunday at the First Baptist church in Eldorado, conducted by Rev. Jim Hays, assisted by the pastor, Rev. D. C. DuBose.

Pall bearers were Chan Whitten, Edgar Spencer, S. M. Oglesby, S. D. Harper, Kenneth Cheek, Richard Jones, Carroll Ratliff, H. W. Scott, J. T. Jackson, and C. L. Meador.

Interment was made in the Eldorado cemetery with Masonic rites.

Ervin Mund was born at Doss in Gillespie county on Nov. 20, 1901, the son of Mr. and Mrs. Henry Mund. The family moved to Schleicher county in 1911 and settled in the Bailey Ranch community. He attended the school there and

grew to manhood in that community.

On January 1, 1930, he was married to Mary Alice Stewardson and the couple ranched and farmed in the county for the next 21 years. In 1951 they moved to Eldorado where Mr. Mund became the proprietor of the Gulf station, in which capacity he was engaged at the time of his death. He was a member of the First Baptist church and a member of the Masonic Lodge and several of its allied branches.

Survivors of Mund include his wife; two daughters, Mrs. Jack Browning of Eden and Miss Becky Mund of Eldorado; a son, Jack Ervin Mund of Eldorado; his mother, Mrs. Henry Mund of Eldorado; a brother, W. C. Mund of Douglass, and two grandchildren.

The Wreck

Hank Mund and C. L. Martin, Jr., had been making frequent trips to Devil's River upper lake where they had maintained a fishing camp with a number of trout

lines. They had made the trip down there Thursday afternoon and were returning home late at night.

They were driving in Mund's Mercury. Martin was at the wheel and Mund was resting in the back seat. The wreck occurred on a blind corner about 7 miles north of Loma Alta in Val Verde county, when they crashed head-on with a car driven by Marvin Lewis Reed, 23, a native of Carlsbad and an employee of Strain Brothers Construction Co., in San Angelo.

Val Verde County Sheriff Herman Richter and a deputy, John Schrier, drove up on the crash moments after it had occurred.

Reed had been killed instantly. Ambulances were summoned and Mund and Martin were moved to the Del Rio hospital. Mund's injuries were fatal and he passed away at 11:00 a.m., Saturday.

C. L. Martin's condition has been classified as serious since the wreck, but he was moved to the Sonora hospital yesterday (Wed.) and his family now report that he is improving and that they hope to bring him home in two weeks.

The community has been stunned by the tragic and untimely death of Mr. Mund, a well-known and popular citizen. The large Baptist church was unable to accommodate all of the large crowd that came out Sunday to pay him their last respects.

Eight Returning Lettermen Form Core Of '61 Grid Team

The eight returning lettermen pictured will form the heart of the Eldorado Eagles football team which started workouts Monday under direction of Coach Earl Barnett. As of Tuesday of this week, there were 37 workout out.

Coach Barnett states that he again expects George Draper, both Jureceks, and Pete Logan to anchor the Eagle front wall.

These will be helped by other linemen, including Ray Ballew, Jack Mackey, Clyde Thackerson, and David Childers.

In the backfield will be Cheek, Holden and Belk. Also, John McGregor has been converted from end position to back. Denzel Fisher and Mac McAngus and Gary Whitten may push for a back position.

Thirteen returning squadmen who will be active on this year's team are: Larry Blair, Ray Ballew, David Childers, Jerry Edmiston,

Denzel Fisher, Corky Hodges, Jack Mackey, Mac McAngus, Rex McCormick, Lynn Meador, Clyde Thackerson, Gary Whitten, and Ronnie Williams.

New team members out this year for the first time, are: Beep Cain, Phil Edmiston, Tip Finley, Bobby Halbert, Ricky Jones, Bill Lester, Ellis Loden, Roy Lynn Love, Duane Mason, Phil McCormick, Mike McCravey, David Meador, Monty Montgomery, Richard Preston, Roy Swain, and David Whitten.

Workouts are being held each week day from 8:00 to 10:00 a.m. and 4:00 to 6:00 p.m.

Individual pictures of the team members are being taken today, Thursday, at 4:00 at Eagle stadium.

Two Scrimmage Games Set

Two scrimmage games in the offing will give the '61 Eagles some practice before Iraan comes here September 1 for the season's opening game.

Tuesday night the Eagles will go to Bronte for a scrimmage game at 7:00.

The following Friday night, August 25, the Eagles go to Menard for a scrimmage game.

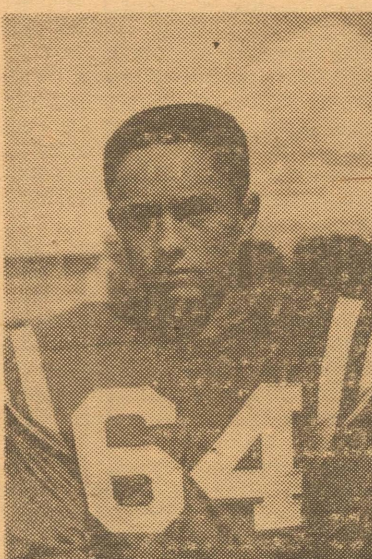

"We have more boys out for football than in several years, and interest is running high," Coach Barnett said. The season coming up will be the second for Barnett as head coach of the Eagles.

Coach Douglas Jung is in his first year as coach here, and is working with the line.

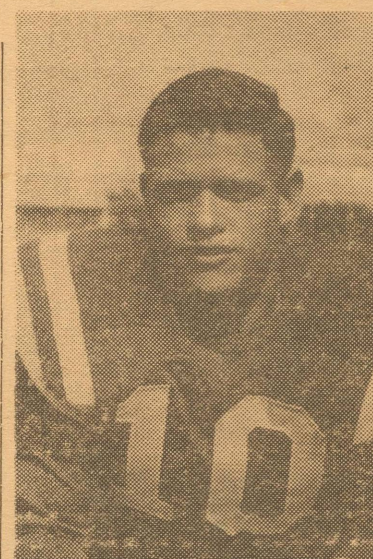

Guy Whitaker will do the team scouting. Coach Whitaker will also be in charge of the Eagles, Jr. High team, and will start that team's workouts as soon as school starts. He will be assisted by Raymond Mittel, who has replaced Russell Beach in the school system. The Eagles are getting new game jerseys this fall.

Farmers of the Eldorado-Divide Soil Conservation District will soon be doing one of the farming operations every farmer looks forward to, harvesting grain sorghums and cotton. The question as to whether or not maize will make a ton per acre and cotton make 3/4 bale per acre will soon be answered.

Regardless of the pounds of cotton or maize harvested per acre this year, each farmer should carefully analyze his farming operation to determine what contributed to high or low yields. One of the factors that should be given consideration is the amount of water that was held on the land following good rains. On terraced fields this can be easily determined by checking terraces for breaks and where water ran over the terraces. Water in lakes or running to the draws is evidence of excessive water loss from fields that are not terraced or contoured. Level closed end terraces, properly maintained along with con-

tour farming, is the best assurance, from a mechanical standpoint, that the maximum amount of water will be held on the land.

The conservation of water alone can not assure the best yields. The soils determine, to a large extent, the productivity and potential productivity of all land. Some of the things that should be considered in soils are its suitability for cultivation, soil fertility and whether or not a conservation cropping system is being used to keep the soil in its highest productive state. Without the use of a good conservation cropping system that includes high residue producing crops and cover crops for soil protection and improvement, soils can not be maintained in their highest productive state.

Following the harvest of the good maize crop in the district, farmers again will have the opportunity of leaving good crop residue on these fields. Since the amount of grain harvested usually reflects

the amount of stubble produced, it appears that there will be more crop residue to leave than in past years.

To receive maximum benefits from a soil and water conservation standpoint, the crop residue should not be completely covered. By incorporating part of the stubble in the soil and leaving part exposed the most benefit is attained. The stubble left on top of the soil serves as a cushion during hard rains and prevents the raindrops from displacing the soil particles whereby they will wash away. Each stalk or straw serves as a tiny dam to hold the water where it falls. The soil is protected from wind erosion when covered with good crop residue. The loss of moisture by evaporation is greatly reduced by a good cover of crop residue, thereby making more of the moisture received available to growing crops. Also, the use of crop residue in a well rounded soil, water and plant conservation plan, is one of the most economical practices that helps keep the soil high in fertility.

For assistance in planning or applying the needed soil, water and plant conservation practices, farmers and ranchers can contact the Soil Conservation Service technicians assisting the district.

When Overweight Threatens
 Whatever your age—your nutritional well being depends largely upon the kind and amount of food you eat, according to extension foods and nutrition specialists.

As we grow older and slow down on physical activity, less energy food is needed. The tendency to add pounds is a natural one, since many of us are likely to keep on eating the same kinds and amounts of food.

When overweight threatens, it's time to cut down on foods that furnish mainly energy (or calories) without carrying many vitamins, minerals or proteins. That includes sugar, candy, cake, cookies, pastry, gravies, oil dressing and fried foods.

On the other hand, when you do cut down on food, be sure not to slight milk, eggs, meat, fruits and vegetables. Eat a dark green or yellow vegetable daily. Drink a pint or more of milk daily to help fortify bones against breakage. Cheddar and cottage cheese will add calcium in a different form.

Protein in every cell of the body must be replaced in older just as in younger persons. A liberal amount of high quality protein from milk, cheese, eggs, fish and meat should be provided in the diet. Research has proved that protein and the B vitamins delay aging. You need two or more servings of protein food daily—besides milk. Include liver and fish at least once a week.

Bread and cereals will furnish B vitamins and iron if they are made from whole grain or are enriched.

For between-meal pick-ups, fruit juice is refreshing and nutritious. Drink lots of water to keep the body from dehydrating and as an aid in preventing constipation.

And remember—start each day right by eating a good breakfast.

Snacks For Hungry Teen-Agers
 Do hungry teen-agers raid the refrigerator and keep the cupboard bare? If so, extension foods and nutrition specialists suggest that you keep plenty of milk and dairy products on hand.

These foods are favorites with teen-agers. What's more important, dairy products are especially rich sources of the protein, minerals and vitamins needed by boys and girls during these years when they are growing so fast.

A French toasted cheese sandwich hits the spot as a late evening snack. Simply put a slice of American cheese between two slices of plain or whole wheat bread, dip entire sandwich into a mixture of beaten eggs, milk, salt and pepper, a perfect ending to an evening of fun and activity.

For something sweet, try this Orange Fluff. Put 1/2 pint vanilla ice cream into a large bowl and let soften a little. Add to the ice cream one can frozen concentrated

orange juice and 2 cups cold water. Beat with rotary egg beater or electric mixer until fluffy. Pour at once into tall, cold glasses and slice of orange and sprig of mint. Makes six servings.

Thick milkshakes can be quickly made with your electric mixer or a rotary egg beater. Just put slightly softened ice cream, milk and flavoring into mixing bowl and beat until fluffy.

Removing Perspiration Stains
 Summer heat poses a real problem when it comes to keeping garments fresh and attractive. Perspiration stains do sometimes occur, even when you have taken the usual protective measures.

Quick action can do much to insure stain removal, remind clothing specialists of the A&M College of Texas. For this reason, check garments as you remove them, analyze and treat any stains promptly—or, if professional care is needed, take them to a dry cleaner.

Perspiration stains normally are acid and usually will wash out of washable fabric but sometimes the color of the fabric is changed. If so, dampen the stain with water and hold it over the fumes from an open bottle of ammonia. This may restore the color. Old stains may be alkaline. If so, sponge with vinegar.

Perspiration odors may be re-

moved by sponging the stain with warm water to which a few drops of vinegar have been added. Then sprinkle with powdered pepsin, work well into stain, and let stand 1 or 2 hours, keeping the spot moist. Finally, brush powder off and rinse well.

For a stubborn stain, sponge with hydrogen peroxide or a mixture of 1 teaspoon sodium perborate to 1 pint peroxide. Rinse with water.

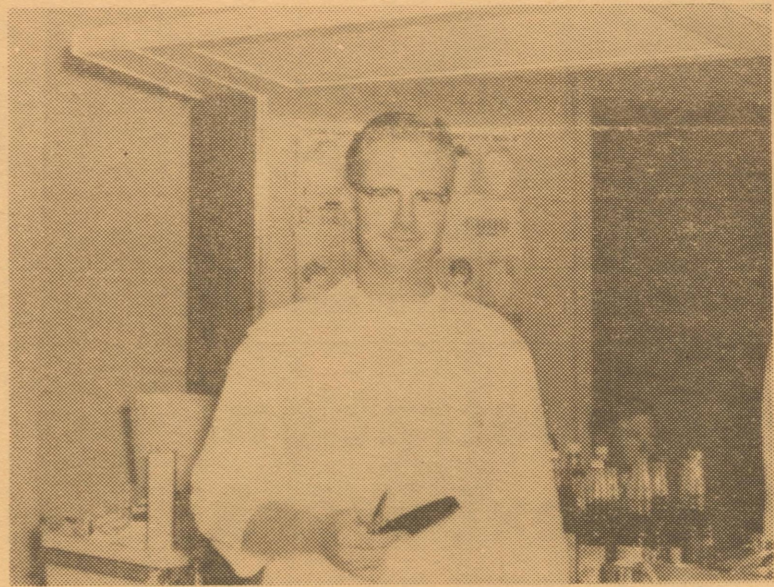

"Removing Stains From Clothing," a bulletin written by extension clothing specialists, gives practical suggestions for analyzing and treating stains. You can get a copy, free, from my office. Call 22592.

Visiting Mr. and Mrs. Ben Hext recently was their son, Joe, who came after Bryan who had been spending three weeks here with his grandparents. The Joe Hext family live at LaMarque and he has been elected assistant principal of a Junior High school in South Houston and will move there next year.

P. H. Turner of Abilene is visiting this week with his sister, Mrs. Ben Hext, and Mr. Hext.

The Kimble Menard singing convention will meet in Menard at the First Christian church on Sunday, August 20. Everyone is invited to come and enjoy good gospel singing, states Mrs. Luther Montgomery, secretary.

Mrs. Claude Doyle visited last week in Irving with Mrs. B. J. Etheredge and family.

The party line golden rule

People on telephone party lines have a daily opportunity to practice the principle of the golden rule.

Sometimes, when you pick up the receiver, you expect the party line to be in use. But your call is delayed only when the party line is tied up for an excessive length of time.

So the best rule for party line users is the golden rule. To put it simply "Do unto your party line neighbor as you would have your party line neighbor do unto you."

NOTICE

Since operational, maintenance, and teacher costs have steadily increased through the years, while the schools have continued to operate for years on a \$1.00 maintenance tax rate, State Senate Bill 116 recognized this situation by allowing school districts to vote on raising the rate to \$1.50.

Your local School Board, having full knowledge of the local situation, has determined that in order to continue to maintain the present high standard of the Eldorado School System, must recommend this method of maintaining the type of school that this Community is entitled.

Please be assured that the entire \$1.50 will not be required in the foreseeable future and the plan is to use just as little of this additional amount as is possible.

You will have an opportunity to express your approval on this recommendation August 26th.

Signed,
 Eldorado School Board

Seniors Of '61 Are To Leave For Colleges

A number of the '61 grads of Eldorado High school have already arranged for their transcripts of credits to be sent to the various colleges and universities of Texas, and they will be leaving next month to start their courses of study.

Pat Phillips, daughter of Mr. and Mrs. Paul Phillips, and Gayle Woodward, daughter of Mr. and Mrs. M. H. Woodward, were in summer school at Abilene Christian college and plan to return to the school for fall term.

Others grads of this past year and the schools they plan to attend are as follows:

Bert Bruton, San Angelo college; C. F. Dacy, San Angelo college; Brian Edmiston, John Tarleton college; Kenneth Hicks, San Angelo college;

Jerry Don Johnson, Texas Tech; Linda Jones, San Angelo college; Sammie Mayo, Baylor U.; Judy McGregor, Trinity U.;

Mary Ann Nixon, North Texas University;

Carl Parker, Texas U.; Ruth Parker, Texas U.;

Charles West, Texas Tech; Elaine Whitten, San Angelo Business College;

Judge Whitten, IBM School in Fort Worth.

Two of the class members, Shirley Carroll and Vera Powell, are now married, and one, Kenneth Van Dusen, is in the Air Force.

A few other classmen may enroll for higher education during the coming month, while others will go to work at new jobs or continue with jobs they already have.

FAMILY SUPPER

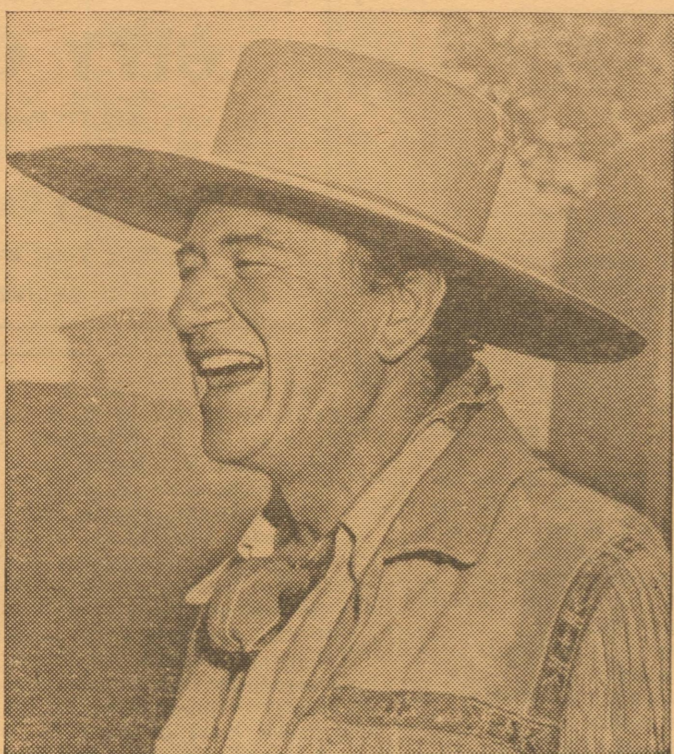

Mr. and Mrs. Claude Doyle gave a barbecue supper at their home Monday night for several members of the Doyle families.

Those present were: Mr. and Mrs. Dee Roach of Redwood City, California; Mr. and Mrs. George Worden and George, Jr., of Frankemuth, Michigan; Mr. and Mrs. Lenorris Laceyfield of Mertz; Mrs. Rose Doyle and Joan and Wayne; Mrs. Ruby Damron; Mrs. Will Doyle; Mr. and Mrs. E. M. Jackson, Jr., and Sherwin and Cindy; Mr. and Mrs. Bob Faught and Barbara and Edna; Mr. and Mrs. Cramer Sofge and George; Mr. and Mrs. Jimmy Doyle and Jimmy Dan; and the Claude Doyles and Clay Porter and Karl.

Mrs. Lucille Doyle is visiting this week in Dallas with Mrs. M. J. Cunningham and family.

Mr. and Mrs. J. L. Neill have had as their guest for the past two weeks their granddaughter, Stephanie Neill, daughter of Mr. and Mrs. Jack Neill of Waco. She has also visited with her great-uncle, O. E. Conner.

'Rio Bravo' To Be Shown Here Saturday

JOHN WAYNE portrays John T. Chance in "Rio Bravo" which plays a return engagement Saturday at the Eagle Drive-In Theatre here in Eldorado. The Technicolor western also stars Dean Martin as Dude and Ricky Nelson as Colorado. Others in the cast include Angie Dickinson, Walter Brennan, Ward

Bond, John Russell, Claude Akins, Pedro Gonzalez-Gonzalez, Malcolm Atterbury, Harry Carey Jr., and Bob Steele.

Music and songs are by Dimitri Tiomkin. Howard Hawks directed the motion picture and produced it, and Paul Helmick was the assistant director.

Hardin-Connor Reunion Is Held At Sonora

There were 65 who attended the reunion of the John T. Hardin and R. L. Connor family at Sonora in the home of Mr. and Mrs. Cashew W. Taylor on Saturday and Sunday, August 12 and 13. The event was given by Mr. and Mrs. Taylor, and Mr. and Mrs. Palmer West of Eldorado, daughters of Elizabeth Hardin Goodwin.

There were seven of the children and one daughter-in-law of the late Mr. and Mrs. John T. Hardin and R. L. Connor, coming from: Mrs. Elizabeth Goodwin, Hobbs, New Mexico; W. B. Hardin, Brady; Mrs. Jane A. Hawkins, Stacy; Mrs. Eddia Priddy, Coleman; Forest G. Hardin, Sanderson; Mrs. Lorena B. Nixon, Coleman; Mrs. Madge Capps, Ozona.

Mrs. C. B. Hardin, the widow of C. B. Hardin, Coleman, who was the oldest of the Hardin children, was also present.

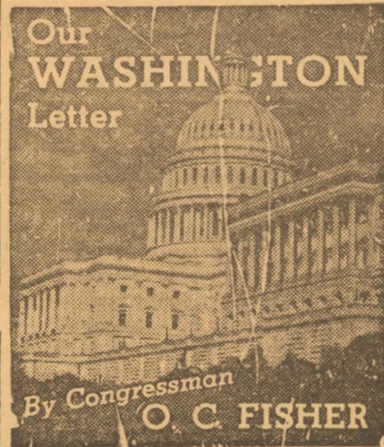

Others were from: Brady, Sonora, Big Spring, San Marcos, Roosevelt, Eldorado, Coleman, Ozona, Odessa, Lohn, Longview, Talpa, Sanderson, Stacy and Hobbs, N.M.

The parents were early day settlers in Coleman county where Jno. T. Hardin served as foreman on the W. G. Busk ranch, an early day ranchman from England from 1888 to 1889 until time of his death.

Mrs. Hardin was Nancy Holt, daughter of W. C. Holt, another early day pioneer, who later married R. L. Connor after Mr. Hardin's death. The home still stands at Stacy, Texas, on the Colorado River at the old Stacy Bridge, and is owned by one of the daughters, Mrs. Jane A. Hawkins.

Attending were early day friends of the family: John Brown, Stacy, who lived "across the river"; Mrs. Eula Cox Norwood, Coleman; Mrs. Ola Smedley Mills, Coleman; Mrs. Leaman Newson West, Sonora, Mr. and Mrs. Joe F. Logan, Mrs. Clyde Hill, Mr. Jim H. Richardson, Mrs. Jym Newson Adamson, Carol and Sandra; Miss Mary Parker, Lohn; Mrs. Arnold Allcorn, and Benny, Talpa; Jody Fran and Kay Lynn Griffith, Coleman; and John Deats Eubank of Roosevelt.

Trips through the Sonora Cavern, picture taking, and a barbecue at noon on Sunday were highlights of the reunion.

Fidel Castro's Communist regime in Cuba has aroused a widespread demand that the United States have a showdown with the Red dictator. Perhaps never in history has a Nation tolerated so many insults and restrained itself in the face of so many provocations. Aside from becoming a military base for the Soviet Union only a hundred miles from our shores, Castro's Cuba has become a haven for pirates and thugs wanted for major crimes in the United States.

Brazen confiscation of American-owned property without any semblance of compensation is in itself intolerable. And the holding without any legal right of a commercial plane stolen at the point of a pistol by a Castro agent adds insult in injury.

It is time for action. The hour is growing late. The security of this Nation and of the Western Hemisphere is being seriously jeopardized every day that action is delayed. Can we afford to stand idly by and permit Cuba to become a Soviet missile and submarine base?

A total economic embargo should have been imposed long ago. There is ample justification for a military blockade, following an ultimatum calling for return of the plane and the hijackers. The time is overdue when the Castro regime should be treated for what they actually are—a band of murderers, thieves, swindlers, and Russian puppets.

Among recent visitors has been Shannon H. Ratliff of Eldorado.

Visiting recently with Mr. and Mrs. Lum Burk were their three daughters: Louise and her boys of Hamlin, Joyce and children of Fort Worth, and Dorothy Jean, Mr. and Mrs. J. E. McWhirter and family of Augusta, Georgia.

Mr. and Mrs. George Koch and daughter Karen of Groesbeck visited over the week end with Mr. and Mrs. Frank Kemble and Karon. Mr. Koch is mayor of Groesbeck.

Hunting Season Dates Are Listed

Bill Works, Schleicher county game warden, submits the following information concerning hunting dates for wildlife:

September 1st is the opening date for the dove season in the North Zone (including Schleicher) and continues for 60 days.

Some hunters from here travel to the Valley for white winged dove hunting. There are only 3 days set aside for this—September 8-9-10.

October 1-7 is the antelope season in the Trans-Pecos region.

October 7: Dove season opens in the South Zone, for 60 days.

Nov. 16: Deer season opens for 45 days.

In some counties the taking of a third deer will be permitted where there is a surplus. The third, or bonus deer, will be an antlerless deer. At this time the following counties are listed for the bonus deer: Bandera, Bosque, Crockett, Edwards, Llano, Mason, Medina, Sutton, Comal, Dimmett, Zavala, Freestone, Grimes and Robertson. Other counties may be added subject to a future deer count.

John Oglesby is visiting at Buchanan this week with his grandparents, Mr. and Mrs. C. C. Henderson.

Mrs. Bob Williams is to move this week end to San Antonio.

Mr. and Mrs. L. A. Gray of Pico Riviera, California, have been visiting in the home of her parents, Mr. and Mrs. J. D. Ashmore. Also visiting in the home during the week end were Mr. and Mrs. Carl Ashmore of Santa Anna, a brother of Mr. Ashmore.

Mr. and Mrs. Grover Lee Johnson of Kermit visited here recently with her mother, Mrs. Bertha Wilson, before leaving for Illinois to visit the Nolan Applegate family.

A one-handed printer is just about as useless as a rubber spade and that is the way the publisher is this week. Stumbling from a ladder Tuesday evening while making war on a wasp nest, the writer came up with a sprained right wrist. X-ray examination at Dr. Dyer's office revealed a fractured bone so now the hand is out of commission and I can't even roll a cigarette.

Oh well, it seems that the only way I can get a vacation is to get bunged up.

From the book store several months ago I got a comparatively new book entitled, "The Rise and Fall of the Third Reich," a history of Nazi Germany written by William Shirer.

Have just finished reading it and wanted to say that if any of our readers are history-minded, I'll be glad to lend it.

It is a rather formidable volume of over 1,000 pages, but is interesting if you like that sort of thing.

Do you know the whereabouts of any former residents of Schleicher county who were connected in the past with the First Baptist church, and who might be interested in attending the 60th anniversary homecoming scheduled at the church September 2 and 3?

If you do, now is the time to notify Mrs. L. M. Hoover or Mrs. Carroll Ratliff, who are in charge of the invitation committee. They want to invite all former members and pastors, and are seeking their names and addresses.

As announced in last week's Success, the plans call for a reception the evening of Saturday, Sept. 2, and all-day meeting the following day with dinner served at noon.

Mr. and Mrs. Frank Prochaska and two sons moved several years ago to East Texas, after he served as superintendent of the old Shell pump station southwest of Eldorado for a number of years. (Site of the former station is where Thomas Baker now lives.)

In the years they have been away, the Prochaskas have continued to take the Eldorado Success, and in renewing their subscription recently, they sent the following news:

"Frank, Sr. retired from Shell Pipe Line Corp. on July 1st after 36 1/2 years service. We are enjoying our retirement home in the country. If any of you are ever in this part of the state be sure to look us up. Our phone number is in the Longview directory.

"Frank Jr. graduated from Texas Tech on May 29th with a degree in Chemical Engineering. The same day he received his reserve commission as 2nd Lt. in the U. S. Air Force and he reported to McChord Air Force Base, Tacoma, Washington on June 5th. He entered Washington University, Seattle, Washington, on June 19th and is studying meteorology as part of his training program.

"Charles David will return to Texas Tech next month as a Sophomore majoring in Electrical Engineering, with intentions of specializing in electronics later on."

Although the Prochaska family have been away for a number of years now, they are still well remembered by Eldorado people. Their address is Route 3, Longview, Texas.

With our subscribers: H. S. Rogge of 3005 Sierra Vista, Farmington, New Mexico, is now on our subscription list.

Mrs. Bertie Coulter is now at 810 Birch Street, Richland, Wash. Mrs. Velma Doneison, who until recently operated the Java Junction cafe here in Eldorado, has moved to Snyder where she is living at 3003 38th street.

The new address of Charles McLaughlin, Jr., is 922 Bluebonnet, San Marcos, Texas.

McAngus Gathering

Mr. and Mrs. B. L. Hopkins and children, Cindy, Curtis, and Clayton Ray of Park City, Ky., visited here last week at the home of Ross McAngus.

While they were here they attended a barbecue at the C. B. Sudduth home, also the Co-Op barbecue. They also visited Mrs. Hopkins' brother, Billy Dan McAngus and Mrs. Willie Hooker, both of San Angelo.

They returned home Saturday morning. Mrs. Hopkins is the former Peggie McAngus.

On Sunday all the family had a get-together. Those attending were: Mr. and Mrs. B. D. McAngus and Judy, Pam and Leonard of San Angelo; Mr. and Mrs. Willie Hooker, Donny and Ricky, San Angelo; Mr. and Mrs. Calvin Van Hoozer and Mark of Sonora.

The Military

Marine S/Sgt. August Jackson of Luling is serving with the First Marine Aircraft Wing at the Marine Corps Air Facility, Iwakuni, Japan.

He is a brother of Mrs. William Smith of Eldorado.

Pfc Jim Steward assisted by Sp-4 Jackie Heffernan, both from Eldorado, presented a two-hour instruction period to Junction-Eldorado - Sonora - Ozona army reservists in Sonora armory the night of August 15. Steward's subject was entitled "Survival, Evasion and Escape" and is one of the latest areas of Army instruction added since the need became apparent in the Korean conflict in the early 1950's.

Pfc Steward presented a 30-minute lecture period followed by instructional films and examination with discussion.

Lt. Orland E. Fenner, San Angelo, who along with Lt. James G. Kimrey, San Angelo, command the 1st and 2nd platoons which meet in Sonora armory, said Tuesday night that they greatly appreciated the cooperation provided by General Telephone Company who donated their copy-graph machine to reproduce 50 copies of an Army map protractor which Lt. Kimrey employed in his two-hour period on map reading the night of Aug. 8. Lt. Kimrey said that not enough "issue" protractors were available and that these provided by General Telephone Co., were of the greatest value in making the instruction successful.

Captain Merton M. Skaggs of Junction said today that this was the second occasion on which the General Telephone Company had assisted his unit, the first case being in the form of the loan of a 16mm sound movie projector.

Thigpen Reunion Held

Fifty-nine were present when the Thigpen family reunion was held Saturday and Sunday at Ficklin park near San Angelo.

Attending from here were Mr. and Mrs. A. P. Thigpen and Mr. and Mrs. Houston Thigpen and Ruth Ann.

Among others present were Jimmy and Jackie Busby and Mr. and Mrs. Craig Milliken of Sabinial, and Mr. and Mrs. Elijah Snodgrass of Odessa.

From San Angelo came Mr. and Mrs. Hayden Lewis and Tommy and Lynn, Mr. and Mrs. J. B. Young and family, Mr. and Mrs. Don Young and family, Betty Thigpen, Mrs. Velma Young and Judy, James Bicks, Jimmy Castello, Mr. and Mrs. Roy Thigpen, Mr. and Mrs. Jimmy Thigpen, Mr. and Mrs. Alvin Thigpen, Mr. and Mrs. Bud Thigpen, and Mr. and Mrs. Doc Thigpen.

Texas has crossed the great divide of controversy and entered the field of general sales taxation.

To the central collection point for the operation of the state's business, this means some \$320,000,000 in the next two-year period. To the individual taxpayer, the cost is unknown, but educated guesses already are being made. James McGrew, research director for the Texas Research League, has estimated it will cost the average Texas family \$25 to \$30 a year—maybe less if they don't buy any furniture or home appliances. With some exceptions, the general sales tax will be two per cent on purchases of 25c or more.

Passage of the tax bill and the attending publicity caused many a man—and woman—on the street to suddenly realize that there already was a state sales tax on such things as cosmetics and appliances.

Actually, the sales tax bill was only part of the tax package handed down by the lawmakers. In addition to the \$320 million estimated to come from this source, they passed a corporate franchise tax worth \$20,500,000. They increased drivers license fees by \$7,250,000. They made a bookkeeping transfer of motor fuel tax funds totaling \$4,000,000. They taxed dedicated gas reserves \$3 million. And they passed a bill designed to bring in some \$3 million from abandoned property.

In addition, the Legislature previously had passed a tax on private clubs, calculated to raise some \$4,000,000. Roughly, it is figured that all these things will cover the state's needs for the next two-year period, and provide for a school teachers pay raise of \$810 per year.

Escheat Bill Omits Banks Gov. Price Daniel won a partial victory in his long fight to tighten the state's escheat law. It's the law under which abandoned cash

and property held by private business and industry is supposed to revert to the state. After several attempts the Legislature passed a bill requiring institutions holding such property to report it to the state. Banks, however, were exempt from the provisions of the bill, much to the dismay of the Governor. "With everyone else covered," he said, "the banks cannot hold out much longer. The enforcement procedures should include banks and I shall continue to fight for this, both as a principle and as a means for the state to obtain property it already owns under the present escheat law."

Problem at Gatesville

Recent breaks at the Gatesville School for Boys, and the death of an attendant beaten with a baseball bat, have focused attention on that institution which is without walls or barricades of any kind. A delegation of attendants came to Austin, talked with Governor Daniel and complained that measures which they are allowed to take are too indefinite. They said no attendant is allowed to discipline inmates of the school. Sometimes the boys will mind and sometimes they will not.

Dr. James A. Turman, executive director of the Texas Youth Council, told the men that changes were being made which would help. A maximum security unit is being built, a trade school is under contract, and a double maximum security fence is in the works for the worst offenders.

Legislative Council Swamped

The Texas Legislative Council has been requested by the Legislature to look into a host of things which may require new laws. One request asks that a study of the adequacy of the present cattle brand inspection laws be made. It was pointed out that Texas, unlike many other western states, has no state-wide brand registration system, relying on county by county registration which permits duplication of brands.

TLC also has been asked to look into the problem of job discrimination because of age; problems of urban mass transportation; and the feasibility of using state parks as evacuation centers in the event of enemy attack.

House Streamlines

The House of Representatives has voted to do away with more than a third of its committees in order to streamline its operations. House's 43 committees will be reduced in the 1953 session to 25 by combining several groups. Seniority would determine the membership for one fourth of each committee.

Texas Business Good

Business activity in Texas dropped three per cent in June, from an all-time high in May, reports the UT bureau of business research. But it still was seven per cent above the level of one year ago. June activity also was the second highest for any month since the bureau began computing in 1935. Prospects are fine for good business conditions to extend well into 1962. This partially as a result of the expanded arms program, resulting from the Berlin situation. However, the agency said there is a possibility of inflation plaguing the economy again.

State Guard Strength

With the possibility of calling up the National Guard for active

duty, Adjutant General James E. Taylor has been furnished a report on the active strength of the Texas State Guard—1,504 officers and enlisted men in active reserve units, and 218 officers in the ready reserve unassigned. The Corps has a total authorized strength of 10,000, when mobilized to full table of organization. All officers and men in this service serve without compensation and provide their own uniforms. The State Guard is subject to being called by the Governor for internal security service.

Students Urged To Stay With It

Colonel Morris Schwartz, state director of selective service, has advised college students to stay with their studies and not be disturbed by increased draft calls. He predicted no change in the present policy of not drafting anyone under the age of 22, "at least in the foreseeable future," and said

that college students will be considered for scholastic deferment and likely will be deferred if they are full-time students making passing grades. He reported that Texas draft boards currently have more than 8,000 college students deferred on the basis of education.

Here Are Nine Solid Facts You Should Consider In Planning Your Advertising:

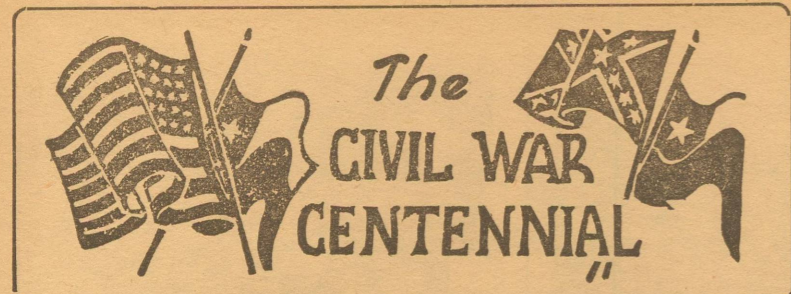

1. The newspaper is an advertising medium that is WANTED—it is sought after and paid for, and advertising in it is not an intruder in the home.
2. Nearly all of a newspaper's circulation is CONCENTRATED in its market area —without over-extending into less promising markets.
3. The newspaper provides PENETRATION in the primary market by reaching virtually every family or customer in that market.
4. People read newspaper ads when they are ready to make a decision and to act —WHEN THEY'RE READY TO BUY.
5. The newspaper is convenient; it may be consulted at a time most CONVENIENT to every member of the family.
6. People LIKE TO READ NEWSPAPER ADVERTISEMENTS — Surveys show 85% of people want their newspapers to contain advertising.
7. Every issue of every newspaper contains INFORMATION AND FEATURES of interest to every member of the family.
8. Newspaper reading is a habit and a part of people's routine.
9. The printed word is MORE RELIABLE than the spoken word and it cannot be refuted because it is easily available for re-checking. More accurate information is obtained by reading than by listening.

THE MOST EFFECTIVE AND MOST ECONOMICAL WAY TO PROMOTE
BUSINESS IS THROUGH ADVERTISING IN YOUR LOCAL NEWSPAPER

Now In Our 60th Year Of Service To Schleicher County Area

By Dayton Kelley

Belton, Texas

One of the lesser-known areas of activity during the Civil War was the campaign into New Mexico and Arizona by Confederate troops from Texas under the command of Lieutenant-Colonel John R. Baylor.

The Texans hoped to secure the territory for the Confederacy and almost succeeded in their endeavor.

Colonel Baylor, then a captain in command of the Second Texas Mounted Rifles, spent all of the month of June, 1861, recruiting men from the ranches and settlements of West Texas for what he chose to call a buffalo hunt. In reality, the men were being recruited for the Confederate invasion and in July more than 400 personally armed and personally mounted recruits marched into Ft. Bliss, El Paso. There they supplemented their supplies from those

left behind when the Federal Army evacuated the post a few weeks previously and on July 23, they were in position at Mesilla, a small village near Fort Fillmore in the New Mexico Territory.

In spite of the fact that the Union troops outnumbered the Confederates by about three to one, the Federals evacuated the fort and moved toward Fort Stanton which was still in Union hands.

Just 17 miles out from Fort Fillmore they were overtaken and captured by troops from Colonel Baylor's command.

On August 2, 1861, Colonel Baylor issued a proclamation declaring all territory south of the 34th parallel and west to the California line on the Colorado River as the Confederate Territory of Arizona.

California was pro-Union and there was talk for a time of an invasion to secure seaports on the West Coast. There was also talk of an invasion of Mexico to make Sonora, Chihuahua, Durango, and

Tamaulipas a part of the "Empire of the South."

Unfortunately for the Confederate cause, the troops of Colonel Baylor were kept so busy by their Union counterparts that such invasions never came off. And inside a year, the Texans were driven back beyond their own borders and the Confederate Territory of Arizona was no more.

Charges of widespread commercialization in connection with the Centennial observance of the Civil War are of such growing concern that readers occasionally write to ask where they can obtain such items as Confederate flags and other souvenirs. Their concern seems to be that there are so many such items that it's hard to know where to get the best and most authentic ones.

The National and State Civil War Centennial Commissions have concentrated on using their influence to keep commercialization of the commemoration at a minimum and most readers agree with the Commissions that it is wrong to capitalize on the attention drawn to the War by the Centennial.

The name of this department is on the mailing list of a number of companies who manufacture and market Civil War materials and as a service to our readers we will attempt to answer questions concerning the various souvenir items of Civil War vintage.

Inquiries should be addressed to the writer at Mary Hardin-Baylor College in Belton.
