Gasser Tests 19 Million; MACK McCORMACK ANNOUNCES FOR COUNTY TREASURER To Force Several Offsets A. G. (Mack) McCormack, resident of Eldorado for the past 12 School officials announced this week that Christy Sauer is valedic-torian and Becky Mund salutator-

The G. H. Stoddard of Midland No. 1 K. L. Harris 22 miles northeast of Eldorado was tested by Engineer John Lucas and official reports show it to be making 19,000,000 cubic feet of gas daily which makes it one of the most prolific gas wells in the county.

Sinclair Oil and Gas Co. has acreage near it and will have at least two forced off-sets to drill in the near manager for Haley Trucking Co. future according to the Sinclair company employees.

Pipe was unloaded Wednesday for laying a line County connecting the Harris well into the gathering system that leads to Sinclair Plant No. 23 in the Hulldale field.

New Well Finaled In Neva West Field

Pan-American No. 1 Christina 223 barrels of 45.8 gravity oil on a 12/64-inch choke. Tubing pres-sure was 525 lbs, and casing pres-sure 200 lbs. The base of the best of my ability. No official Kall-been made. There is little gas. The well is a diagonal southeast offset "Respectfully, A. G. (Mack) Mesure, 800 lbs. Production was from a depth of 6,400 feet with perforations between 6,325-6,400 feet.

Offset Forced

The completion of this well causes a forced offset to be drilled verv soon.

Minister

Remember when you were a kid, and "I read it in the paper" was the best argumentstopper in the whole world? That simple declaration served as proof enough for anything . . . unless the other guy was a lot bigger and just naturally mean t'boot! There's a good point here and that is that most of us grow up with respect for and genuine trust in what we "see in the paper".

The same is true of advertising. To be certain that your advertising message is seen and remembered .. put it in YOUR HOMETOWN NEWSPAPER!

Council met at the Memorial Building Tuesday night, April 28, at 7:30. Mrs. Mowrey, chairman, led the meeting. Plans were made for the "Court of Awards" which will be Thursday, May 8th, at the for Midland where she will visit Memorial Building.

Sinclair Reports Good Safety Record

1-1

Tulsa, Okla.-Sinclair Oil & Gas Company had one of its safest years on record in 1957 when employees sustained only 5.82 disabling injuries for each million man-hours of work, H. B. Smith, chairman of the board and chief executive officer, announced today. Sinclair Oil & Gas Company em ployees worked 8,245,120 man

hours with 48 disabling injuries. According to the American Pet-

roleum Institute, the producing industry's average in 1956 (latest year available) was 8.7 disabling injuries for each million man-hours worked.

Mr. Smith said 92 employees had worked 35 years or more, 315 had worked 30 years or more, and 495 had worked 25 years or more without a disabling injury.

Ten Sinclair production locations and gas products plants have been recommended for awards for their outstanding records during 1957.

Hadley H. Myers is in charge of the safety and training section which is a part of Sinclair's personnel department headed by H. W. Boggess.

CHEER LEADERS SELECTED

In tryouts for cheer leaders at school Monday those selected for the 1958-59 school year were Jeanie Mund, June Williams, Emma Lou Menees, Ann Blair, Martha Gra-ham, and alternate, Genelle Mc-

Of this group, Genelle McCalla served this year as drum major and Emma Lou Menees was a twirler. June Williams, Jeannie Mund, and Martha Graham were cheer leaders this past year.

JUNIOR CLASS TAKES EXAMS The Junior class of the Eldo rado high school took the National Merit Scholarship test here Tuesday morning.

Nineteen members of the class took the examinations. Results will be made known next fall and will be used to guide students in selecting a vocation and college of their choice. The tests were given under the direction of Joe Andrews, high school principal.

SINGING SUNDAY

If you like to sing or hear good singing be on hand next Sunday from 2:00 to 4:00 p. m. Singers expected from Menard, Eden, Brady, London and San Angelo.

It is the seventh anniversary of the community singing, and will in Eldorado. Everyone invited. Donuts and coffee will be served.

are observing the week by placing

exhibits in store windows of work

If you are involved, why don't you just for this time, try to work it so that everybody can have some fun and enjoy the festivities? First, check your clothes. Will one of yours be going to Mexico on the Senior trip? Get those clothes now! They won't cost any less two weeks from today than they do now. Will one of your little ones be a pumpkin in a program, or a rabbit, or an elf? Beg, borrow or make that costume now. And what are you going to wear? Make, wash, clean, mend, sew on snaps, buttons and fasteners. Put away the winter clothes, make room for the summer things. So much for clothes. * * *

How do you eat when you are rushed and busy? Snacks which have been snatched? Some prethought and preparation now can save time and insure a better balanced diet for the day when there is no time to cook.

Use your freezer. You have a willing helper if you will only dishes for the main meals. Tamale pie, meat loaf, meat balls and spaghetti, chicken and spaghetti, bread, pies and cakes. If you actually want directions and recipes, To Have Resident Pastor call my office, 24281, and we will mail them to you. Let us help you Watch the store windows. * * *

These chocolate nuggets are good, quick and easy and freezable will be concerned with. The two-

- 2 squares unsweetened chocolate.
- 1 egg, beaten lightly. 1 cup confectioners' sugar.
- 1 cup chopped nuts.
- 1 teaspoon vanilla.

24 marshmallows cut in cubes, or 1/4 cups miniature marshmallows. 8 graham crackers, rolled med-

ium fine (About 1/2 cup crumbs). Melt chocolate over simmering ago. vater. Add next five ingredients. Mix well. Form into balls about the size of a large olive. Roll balls in racker crumbs. Store in refrigerator for several hours, or until ingredients have set. Makes 36 balls.

> Thought For The Week Ministerial Alliance

Afraid of the Atom Bomb? For centuries material minded man has been saying, "The only real things are those which can be weighed, measured, seen, and touched." Now what? Science has clearly demonstrated that these things which seem so solid and hard and permanent are not really so at all. They seem so because the particles that compose the atoms, of which everything is composed, are moving around the central "nucleus" at such a fantastic speed. Once loose, those solid particles, as is done in the atomic bomb, and the most solid things that we know, like steel and concrete, are less substantial than a puff of smoke.

The Bible has been saying for centuries that the real things are the spiritual. No matter how powerful the "A" or "H" bomb, it cannot destroy love, faith, hope or courage any more than you can cut a sunbeam into pieces with a sword. The body can be blown to pieces but not the spirit. The world will pass away but not we ourselves for we are spirit, and we live in these bodies for a time only. The real life may be an existence in hell or one of joyous iving in the presence of God. The Bible tells us how. Read John 3:1 21, Romans 8, II Peter 3 and 1 John 4 No, the true Christian does not fear the "A" nor the "H" bomb. -James Spencer.

Service

West Texas ranchers who have week in establishing a grass plot last year's lambs for sale are ex at the county agricultural center. (17-18c) experiencing for years. Here is how of the rows will be a 4-foot walk; the lambs are generally bought by to the sides a 3-foot walk. The plan the packer. Say the price for this calls for the seeding of 100 difprice drops .15 points. Suppose the production records will be kept by lambs averaged 120 pounds. The the 4-H and FFA boys on all grasselling price for these lambs would ses. 4-H boys have never placed be \$16.75 per cent. A lamb weigh- lower than third in state contests ing 105 pounds would bring \$19.95. and have two teams entered in the The lamb weighing 120 pounds, .15 state 4-H round-up in grass identicents more, or \$20.10.

What is the significance of this? In the past Schleicher county lambs have gone in the late summer and early fall as 65-85 pound feeder lambs. With the return of normal years the lambs could be heavier. What happens to the heavy feeder lamb in the next few years will have a financial bearing on the economy of our county, as lambs are the number one agricultural crop in this county. Could the an- Runge, president; Ernest Foster, swer be in marketing earlier or later? Could it be lambing earlier, E. using a good creep feeding program and marketing milk fat lambs? Many ranchers are talking giving of their time and \$175 in and studying the situation today as from a management standpoint and 1tc the profits smaller form little management.
