ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, JULY 17, 1958

NUMBER 29

Schleicher County Is Included In Devils River Flood Project

By E. B. Keng

Congressional approval on a flood prevention project to protect Sonora is expected in July, after two years of work by Sonora and Eldorado leaders. The plan provides for the construction of 13 dams on the tributaries of Dry Devils River and Lowrey Draw, and would give Sonora 96 per cent reduction in flood damages from a very severe flood.

Sonora is located in the flood plain at the junction of Dry Devils River and Lowrey Draw, where drainage from 129,000 acres of Sutton and Schleicher County converges. Though damaging floods occurred in 1932, 1936 and 1938, it is believed that the last major flood was between 1882 and 1884, before the town was started. Early settlers reported large drift logs located at a point that would put most of present day Sonora under 2 to 12 feet of water.

Since Dry Devils River heads west of Eldorado, the cooperation of Schleicher county people is necessary for Sonora to obtain protection. Two of the proposed structures will be located in Schleicher county.

"The Schleicher county commissioners court and the Eldorado Divide soil conservation district joined with Sonora groups in sponsoring the project," said Joe B. Ross, Sonora SCD chairman. "We have had splendid cooperation from Eldorado citizens and the people of Sonora sincerely appreciate their help," Ross added.

The proposed dams will be similar to those being constructed to protect Brady, Ozona and Lampasas. The dams catch water during floods and release it slowly during a 10 day period, leaving a sediment pool which can hold up to 200 acre feet of water.

Landowners on whose land the

dams are located retain full ownership of the land and use of the permanent water. During heavy rains a considerable area above each dam is irrigated, which should materially increase grass production.

The Federal government will pay for construction of the dams, but local people must provide easements, administer construction contracts, and take care of maintenance. Most of the easements have been granted by landowners, and if congressional approval is received, construction could start late this year.

Ozona counted 17 dead and some 5 million dollars in property damage from a drainage area approximately half as large as Dry Devils River and Lowrey Draw. Through continued cooperation of Schleicher and Sutton county people a similar tragedy at Sonora can be averted.

All-Junior Rodeo Set Here For Aug. 8 & 9

Kreklovs Leaving On European Trip

Mr. and Mrs. Joe Kreklow are leaving Friday on the start of a trip to Europe. They expect to visit their parents in Michigan, tour a part of Canada, and embark by ship from Montreal for Europe.

In Europe they will visit the Worlds Fair at Brussels and a number of other countries.

They expect to be gone several weeks. Mrs. Kreklow has been granted leave of absence from her job as county home demonstration agent.

School Seeks HS Principal While Other Posts Are Filled

A number of applications for high school principal were being considered this week by Supt. A. M. Whitis and the school board. Joe R. Andrews, principal here for the past five years, is taking the superintendent's job at Mertzon.

Mr. and Mrs. Jarvis L. Steed and their two children arrived in Eldorado last week and have rented the Pomp Watson house near the First Baptist church. He is the new band director.

Bob Martin, who was elected a while back as new mathematics and science teacher, is due to arrive in Eldorado about August 3rd.

Mrs. Earl Barnett is back home after attending school at Nacogdoches. Coach Herridge has returned from the summer term at San Marcos.

Mr. and Mrs. Curtis Humphries visited here from Brownwood last week end.

Supt. and Mrs. A. M. Whitis arrived home last week end from a two-week vacation trip they made to points in the western United States. They visited the Painted Desert, Las Vegas, and in California went to Disney Land, Knott's Berry Farm, and other points of interest. They accompanied his brother and wife.

SINGING SCHEDULED

The Kimble-Menard County singing convention will meet at Segovia on Sunday, July 20, at 2:00, according to recent announcement by Mrs. Jess Slaughter.

Hulldale Gasoline Plant Nearing Its Potential

Sinclair Gas Products Plant No. 23 at Hulldale has lately been hitting its stride, and while it is not yet operating at its full capacity, it is rapidly approaching that point.

Supt. C. N. Clark reveals that on one of their recent best days, the plant processed 28 million cubic feet of oil-field gas, and from this they delivered 22 million feet of

residue gas to Pioneer, and they made 65,000 gallons of liquid petroleum products.

A number of new gas fields have been connected to the gathering system this spring and summer, and there are still more to come from the east end of the county.

Additions to the plant will be built when needed, the superintendent reported.

Seniors' Transcripts Sent To Various Colleges

Colleges and universities of the state will apparently attract at least 65 per cent of the 1958 Senior class of Eldorado high school.

The school office has processed transcripts of high school credits for 15 of the 23 members of the class.

A few classmen are already in school, although most plan to enroll in September in the schools of their choice.

Schools and their new students are:

University of Texas: Bill French, Bob Whitis, Rex Enochs, Terry Carlman.

San Angelo college: Christy Sauer, Sandra Alcorn, Roy Short, Tim Argo, Mike Moore.

Baylor: Becky Mund.

Texas Tech: David Steen, Voy Mitchell

A&M: Bobby Williams.

San Francisco State College: Reyes Robledo.

Larry Boyer is now enrolled in a barber school in San Antonio, and plans to enter college later.

A few other classmen may apply for college entrance later on.

Pioneer Gathering Co. To Build Carbon Dioxide Removal Plant In Southwestern Schleicher Co.

Pioneer Gathering System, Inc., of Amarillo, last week announced plans to construct a carbon dioxide removal plant on the Sol Mayer ranch in Schleicher county about 18 miles southwest of Eldorado. The announcement was made by Burton P. Smith, president of Pioneer Gathering.

The plant will remove carbon dioxide and hydrogen sulfide gases from natural gas sold to Permian Basin Pipeline Company. Located on Pioneer Gathering's main transmission line, the plant will process natural gas from the Clayton Ranch, Addie and Vinegarone gas fields.

The plant will have the capacity to process approximately 12 million cubic feet of sour gas per day, and will be built on a 20-acre plot in Section 4, block 'D', G C & S F survey in Schleicher county—which puts it on the Sol Mayer ranch, about 18 miles southwest of Eldorado

In connection with the plant, a dehydration plant will also be built at this location. The removal plant and the dehydration plant will both be designed for automatic operation. For power drives, natural gas engines will be used throughout the plant.

Design and construction contracts have been let to Baird & Company of Tulsa, Oklahoma, and work on the plant will begin around August 15. The plant is expected to be in operation on or about December 1.

Two FFA Delegates To State Convention

The Eldorado FFA Chapter delegates, Judge Whitten and Farris Glenn Nixon with the Chapter Advisor Oliver Burk, will attend the State FFA Convention in San Antonio Wednesday, Thursday, and Friday. Among the speakers for the convention are Governor Price Daniel, Judge Robert Lee Bobbit, and Dr. W. T. Spanton, national advisor for the Future Farmers of America. This is the first state convention for either Farris or Judge.

Farris Nixon has received notice that he has been selected to attend the Range Camp, August 11-16 at Junction. Farris is the second boy from the Eldorado FFA chapter to be selected to attend the Range Camp. Last year Dick Runge represented the Eldorado FFA chapter at the Range Camp.

Last week Oliver Burk, VA instructor, attended a short course at A&M on Sheep, Goats, Wool and Mohair.

DIVING CLASSES TO START

Diving classes will start next week at the county swimming pool, meeting each day in the afternoons, it was announced this week by Pool Manager David Kuykendall.

The series of 10 lessons will cost \$6.

Commissioners Set Valuations, Rate

At their July 7 meeting, Schleicher county commissioners set valuations for taxable year 1958, and adopted a tax rate of 1.35, which is the same as last year. Valuations set were:

Sheep	-----	\$ 2.50
Goats	-----	2.00
Cows	-----	15.00
Horses	-----	15.00
Grazing Land	-----	4.50
Farm Land	-----	7.00

Cars

1957	-----	\$400
1956	-----	\$300
1955	-----	\$200
1954	-----	\$150
1953	-----	\$100
1952	-----	\$75
1951	-----	\$65
1950	-----	\$50
1949	-----	\$25
All others	-----	\$25

Tractors, Trucks & Pickups

1957	-----	\$300
1956	-----	\$200
1955	-----	\$150
1954	-----	\$100
1953	-----	\$75
1952	-----	\$65
1951	-----	\$50
1950	-----	\$40
1949	-----	\$25
All others	-----	\$25

1958 Tax Rate

Jury	-----	.01
Road & Bridge	-----	.15
General	-----	.44
Perm. Improvement	-----	.03
Schl. Co. Road Warrants	-----	.09
'46 Park Bond	-----	.04
'56 Park Bond	-----	.04

Farm-Market Road	-----	.26
'45 Road Bond	-----	.03
'50 Road Bond	-----	.02
'52 Road Bond	-----	.09
Total	-----	\$1.35

At the same meeting the court granted a leave of absence from July 21 to September 15 to Mrs. Vida Kreklow, county home demonstration agent.

Mrs. Neill Returns From European Trip

Mrs. J. L. Neill and Jane Neill of Sonora have been on a vacation in Europe as guests of Mrs. Neill's daughter, Dorothy Jean and her family. Lt. Spurlock is with 24th Avn. Co., 24th Inf. Div., stationed in Augsburg, Germany.

The visitors went to the Worlds Fair at Brussels, Paris, Rome, Garmisch, Munich, the Swiss Alps, and a number of other interesting places. They flew both ways on KLM Royal Dutch Air Lines.

Mrs. Neill returned from the trip last week and is back on her job as deputy in the office of Patton Enochs, county and district clerk.

HIGHER POSTAL RATES TO GO INTO EFFECT AUGUST 1ST

Higher postal rates, decreed by the U. S. Congress during the present session, will go into effect August 1st, Postmaster Bernard Carr said this week.

The new rates will affect all classes of mailings with the exception of parcel post, which experienced a rate raise a year or so ago.

First class letters, long transported by the familiar purple three-center will now require four cents and the three cent stamp will now be required on local mailings and post cards, heretofore costing two cents.

Airmail stamps will be raised from 6 to 7 cents, the airmail not exceeding 8 ounces and air post and air postal cards will sell at 5 cents each.

On second class mail, transient rate, the first two ounces will be at 2 cents and each additional ounce at 1 cent. Third class mail, the junk classification, will be raised to 3 cents for the first two ounces and 1 1/2 cents for each additional ounce. Books will be mailed at 9 cents for the first pound and 5 cents for each additional pound or fraction.

With all the rate increases in other classifications of mail as provided in the new postal law, it is surprising to find a tremendous liberalization of the Air Parcel Post overseas mailing maximum weight and size package. Under the old rules, air parcel post packages were limited to 2 pounds and in size to not over 30 inches combined length and girth.

The new rules raise the maximum weight limit to 70 pounds and the maximum length and girth measurement to 100 inches.

An All-Junior Rodeo has been announced for Eldorado, which is expected to draw people from a wide area when the event takes place here on August 8th and 9th.

Sponsored by the Eldorado Rodeo Club and the Schleicher Co. 4-H club, the affair will feature steer riding, calf roping, ribbon roping and barrel races.

Tickets, application blanks, and other advertising have already been printed and are being distributed. An elaborate \$225.00 Leddy saddle will be given away as a gate prize, and the saddle has already been secured and placed on display in the Eldorado Drug show window. Madison Square buckles are to be given as prizes. An advance ticket sale is now under way by members of the 4-H club.

The events on Friday, August 8th are to take place at 8:00 p. m., and the events on Saturday are to be held in the afternoon, starting at 2:30.

The various contests are divided into Junior and Senior classifications, with Juniors being listed as 14 and under; and Seniors as 15 and up. Those wanting entry blanks are advised to contact Horace Linthicum, box 216, Eldorado, Texas.

Members of the two clubs have already started work, putting the local roping arena in shape for the event.

Absentee Voting Is Off To Brisk Start

Farewell Dinner Held At Roach Home

On Sunday, July 13, after celebrating Mass, a farewell dinner was given in the home of Mrs. Mattie Roach, honoring Rev. Ronnin Einhaus.

Rev. Einhaus has been transferred to Roswell, N. M. The Rev. Cornell Lynch from St. Michael's Parish in Arizona, will be Eldorado's new pastor.

The Anglo members of Our Lady of Gaudalope Church served the dinner. A hand made lace table cloth, made in Ireland, on a green background, draped the table.

Twelve guests were present as follows: Rev. Godfrey Blank, O. F. M., Rev. Cornell Lynch, O. F. M., Mr. and Mrs. Sam Gausemier, Mrs. Ray Bruton and children Betty and Bert, Mrs. R. A. Peterson, and Mr. J. T. Roach and sons Tommy Joe and Henry.

BROWNINGS TO EDEN

Mr. and Mrs. Jack Browning have moved to Eden from Hillsboro. Mr. Browning was a coach this past year in the Hillsboro schools and will be head coach in the Eden school. He is a former coach in the Eldorado school.

Mrs. Browning has been elected to a teaching job at Eden also, and will be assigned to the elementary department. She is the former Jane Mund. The Brownings visited here last week end.

Firemen Making Plans for Auction Sale and Big Election Night Party

A short blast of the fire siren Tuesday night will signal the start of a drive in Eldorado by the fire department to pick up items to be auctioned off the following Saturday night, which is the night of the Democratic Primary.

The firemen will drive around Eldorado Tuesday night to collect donations of useable household articles for which families have no further use. The firemen will drive around

Goats, sheep, chickens and other livestock are also being solicited. Call a fireman to have these picked up, at 23151, 25121, 25501, or 24301.

The auction sale will get under way on the large paking lot west of the courthouse as soon as the polls close at 7:00 o'clock on July

26. Alvin Atkinson will be the auctioneer.

The auction will continue at intervals through the evening as returns come in and are posted on the large blackboard, which this year will be the only one in town.

Other entertainment will also take place during the evening. Firemen this week urged all citizens to check their premises for cast off household articles, and be ready to give them to a fireman Tuesday night.

COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

False chinch bugs have migrated to the grain sorghum within the past week, from the cut small grain fields and from pastures. They suck sap from plants and lay eggs on the lower leaves and exposed roots.

Toxaphene, chlordane or DDT as a spray may be used at the rate of 1 1/3 to 2 quarts per acre. 10% DDT or 20% toxaphene may be used as a dust at the rate of 10-15 pounds per acre.

False chinch bugs may be controlled by spot spraying when first found. To date the infestation has not been general but some fields of grain sorghum are nearing an infestation stage.

When spraying grain sorghums, best results are generally obtained during the middle of the day when

grain heads are open. This is especially true when spraying for sorghum worms.

Coyote trouble has been reported in the west part of the county. Sam Oglesby has reported several lambs killed by coyotes. Monday morning Bob, who lives on the ranch, caught a coyote in the act of killing lambs but was unable to kill the villain.

Arrangements are in process now for a trapper to locate in the west part of the county to trap this killer. Neighbors of Mr. Oglesby have also reported kills of lambs by coyotes. The wildlife and rodent control service is co-operating with producers in helping allocate a trapper to the county.

One thing you never give away is kindness. It always comes back.

County Judge W. R. Bearce has sprayed his cattle with Co-Ral and is watching with keen interest this systemic poisoning in regard to control of screw worms, horn flies, cattle grubs, lice and ticks. Co-Ral is the most talked about spray since the discovery of DDT. It has passed the research trials with flying colors and is now being tried in the field by producers on cattle, sheep and goats and horses. Co-Ral controls these parasites through the entire season, eliminating spraying the entire season, eliminating spraying every 4-6 weeks, saving much labor and working of stock.

There are 38,300 acres of cultivated land covered by work sheets in the ASC office. The approximate breakdown by crops is as follows: 9550 allotted to cotton with about 47% of this planted, 6,365 in the conservation reserve; 8,500 acres was planted to oats, wheat and barley; 14,885 acres planted to grain sorghum, corn, gardens and sudan. Approximately 10,000 acres of this 14,885 is planted to grain sorghum. A conservative estimate is that 90-95% of all sorghums is the hybrid RS 610, the top recommended sorghum of the county.

Cotton producers will be paid a premium for producing a good grade of cotton. The 68 producers who planted cotton will receive statistics within a short time in the mail discussing the cotton situation as to why grade is so important in 1958.

Bacterial spot is showing up on some peach, plum and apricot trees. Spray with 1/4 pound zinc sulphate in 5 gallons of water at 2-week intervals. Bacterial spot is found on leaf and twigs and heavy infections may cause mature defoliation which leads to loss of

Louisiana Farmer Inquires About The "No-Hog" Business

Secretary of Agriculture Washington, D. C.
Dear Mr. Secretary:

My friend, Bordeau over in Terrehoune Parrish received a \$1,000 check from the government this year for not raising hogs. So I am going into the not raising hog business next year. What I want to know is, in your opinion, what is the best kind of farm not to raise hogs on and the best kind of hogs not to raise. I would prefer not to raise Razorbacks, but, if that is not a good breed not to raise, I will just as gladly not raise Berkshire or Durocs.

The hardest work in this business is going to be keeping an inventory of how many hogs I haven't raised. My friend Bordeau is very joyful about the future of his business. He has been raising hogs for more than 20 years and the best he ever made was \$400.00, until this year, when he got \$1,000 for not raising 50 hogs. If I can get \$1,000 for not raising 50 hogs then I will get \$2,000 for not raising 100 hogs.

I plan to operate on a small scale at first, holding myself down to about 4,000 hogs, which means I will have \$80,000.00. Now, another thing: these hogs I will not raise will not eat 100,000 bushels of corn. I understand that you also pay farmers for not raising corn, so will you pay me anything for not raising 100,000 bushels of corn not to feed the hogs I am not raising? I want to get started as soon as possible as this seems a good time of the year for not raising hogs. Yours very truly—Ostavt Brussard, Louisiana.

P. S. Can I raise 10 or 12 hogs on the side while I am in the no-hog raising business, just enough to get a few sides of bacon to eat?

packers and feeder buyers. Slaughter calves were steady to weaker, compared with the high close of last week, as national packers exerted pressure from the start on that class. Stocker and feeder cattle and calves were firm throughout. Bulls were steady to stronger, some toppy bulls up to \$22.50 or fifty cents above most recent sales.

Good and choice slaughter steers and yearlings cashed at \$24 to \$27 and common and medium offerings cleared at \$17 to \$24. Fat cows cashed at \$17.50 to \$20.50, and canners and cutters drew \$11 to \$17.50. Bulls earned \$17 to \$22. Good and choice slaughter calves sold from \$24 to \$28, and common and medium sorts brought \$17 to \$24. Culls sold at \$14 to \$17. Medium to good stocker steer calves cleared at \$25 to \$32, a few to \$33. Heifer calves ranged from \$29 downward. Stocker yearlings of medium to good grades sold from \$22 to \$27, with some choice lighter weights to \$27.50 and \$28. Stocker heifers sold around \$24 to \$25 and downward.

The Garvins enjoyed a visit from Mrs. Garvin's sister Mrs. Lovie B. Forrest of Dallas who was here and visited the Keeneys and the Garvins.

Mr. and Mrs. Jess Ashmore spent the week end with relatives in the Caddo Lake country in north east Texas on a combined business and pleasure trip.

My sincere desire is at all times to truly represent the true interests of my district and of Texas. I have no master except the people, and I shall always represent their true interest to the best of my experience and ability. —Joe Burkett, Jr., Candidate for State Representative. (adv)

In Those Days

ONE YEAR AGO

Schleicher County commissioners set a \$1.35 tax rate.

Mr. and Mrs. W. T. Whitten and Mr. and Mrs. Fred Watson returned from a 5,000-mile trip to Canada.

A. M. Whitis took over his new duties as superintendent of the Eldorado school system.

Funeral services for J. N. Early, 70, were held.

Ann Williams became the bride of Owen Brock.

FIVE YEARS AGO

F. B. Calcote sold his farm south of town to J. H. Emmons of Odessa Anita and May Runge were on a European tour.

A son, their first child, was born to Mr. and Mrs. Russell Beach and was named Russell Steven.

12 YEARS AGO

The Rev. J. A. Carriger resigned as pastor of the Presbyterian church and was preparing to leave for a pastorate in North Carolina. Incorporation of Parker Foods was announced.

Jack Hoffman became proprietor of the Eldo Hotel.

Keno Ogden purchased the Robinson store property on North Divide street.

Mr. and Mrs. Max Henry were honored with a bridal shower.

Hensel Matthews and T. P. Robinson, Jr., were discharged from service.

35 YEARS AGO

The big community barbecue was considered a success. Winners of some of the events included: the breakaway contest with Frank Bradley and Edward Willoughby tying for first purse with 4 seconds, and Sam Mather, Will Nicks, and Ed Mertz tying with 4 1/2 seconds; Cecil Meador won first in cigar race with Hal Ramsey second; there was steer riding by Bruce Luedcke and R. C. Edmiston.

After the noon barbecue came the cow pony race, which was followed by the calf branding contest. Later there was a ball game between Eldorado and Ozona, and the day closed with dancing on an outdoor platform. H. Leslie Jones loaned a light plant for the night.

(Pol. Adv. Paid for by Glenn Kothmann)

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth.—Cattle and calves opened about steady at Fort Worth Monday but weakness developed on cows shortly after the opening and asles were around 50 cents lower by the time a clearance was completed. Liberal waterfills offset some of the apparently lower offers in most cases. Fed steers and yearlings sold on a steady to weaker basis, spots 25 cents or more lower. Most of the fed cattle were of the shortfed, or warmed-up grasser variety and attracted about equal bids in many cases from

fruit and vigor of the trees. Zinc sulphate and lime should never be used in combination.

When I am right no one remembers; when I am wrong no one forgets.

Work Break Important For Farmers, Too

College Station.—A "break" in morning and afternoon work hours is as important to farmers as to city workers, according to the Texas Farm and Ranch Safety Council.

In fact, these "breaks" in work routine can prove especially important in this day of farm mechanization because they reduce the possibility of accidental deaths and injuries and improve work efficiency as well. The farmer who just can't spare the 10 or 15 minutes required to get off the tractor, walk around or maybe have a snack or something to drink in mid-morning or mid-afternoon, should be reminded that recent accident studies indicate that the highest percentage of farm accidents occur during the late morning and mid-afternoon hours.

Farm wives can help, too. They can serve as break reminders to their husbands by packing a mid-morning and mid-afternoon snack and taking it to the field.

There is another angle to the work break idea, too. This gives mothers an opportunity to take children to the field to watch their father operate the machines they find so fascinating. This is the safe way of satisfying the children's curiosity and makes a much anticipated event in the daily life of the youngsters.

So, why not follow the advice of the Texas Farm and Ranch Safety Council and take time out for a mid-morning and mid-afternoon break. It can pay off in safety, pleasure and efficiency.

Sunday school 10:00 a. m.
Morning worship 11:00.
P F and SHF 5:00.
Evening worship 8:10.

Wednesday: The 8th graders return from camp at Camp Scott-Able near Clouderoft, N. M.

Thursday: 8:00 Board of Deacons meeting.

Again this Sunday night there will be a special children's worship service. All school age children are cordially invited to be present. The subject of the message will be "A Lad and His Lunch." Pam Jones will sing a special number.

Methodist News

Charlie Trigg attended the Laymen's Retreat at Mount Wesley, Kerrville, last week-end. One of the speakers there was Dr. Arthur Flemming, president of Ohio Wesleyan University. Dr. Flemming has recently been appointed by Pres. Eisenhower to the president's cabinet, as secretary of health, education and welfare. C. H. Trigg is president of the Methodist Men and also chairman of the local Commission on Stewardship and Finance.

Welcome, new members! Mr. and Mrs. Fred Kemper, from the First Methodist Church in Jal, New Mexico. Mr. Kemper is employed by the El Paso Natural Gas

New Senate Hand Aided Democrats

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradition, Bill Blakley voted with his fellow Democrats. They have been in control ever since.

Now Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic government.

(Pol. Adv. Paid for by Jim Blundell)

Eldorado, Texas

IT'S TIME FOR A CHANGE

Elect
Jerry Shurley
OF SUTTON COUNTY
REPRESENTATIVE
OF THE 78TH DISTRICT

EDUCATION

Education is imperative for the quality of our citizenship and to our national security. Jerry Shurley intends to do what he can for the schools and teachers of Texas. HIS OPPONENT has consistently voted against teacher and school legislation and has even proposed House Bill 13 to repeal the Gilmer-Aikin laws which have greatly improved our school system.

LOBBYISTS

Lobbyists do not and will not have attachment on Jerry Shurley. HIS OPPONENT is being actively campaigned for by some of the most powerful "career" lobbyists in Texas.

FARM TO MARKET ROADS

Farm to Market Roads are of extreme importance to the farmers and ranchers of this district, and to the towns where they trade. Jerry Shurley opposes proposed legislation that would curtail farm to market road funds, thus severely curtailing farm to market road construction. HIS OPPONENT? What is his view?

WATER CONSERVATION

Water Conservation is important to Jerry Shurley as an active rancher in this district. HIS OPPONENT notes with pride his own achievement in this field, in spite of the fact that the Texas Legislature was never "prodded" hard enough to pass water legislation until after the seven-year drought ended.

SHURLEY--A Man of Experience

Jerry Shurley is happy to admit that he is not obligated to Austin politicians by nearly seven years of legislative experience. Instead, Shurley points with pride to his own experiences which have included the following: being an active rancher of this district, a graduate of the University of Texas, having begun his law practice, and having become acquainted with the people of the district and with their problems. Shurley is anxious to work for new and better solutions to these problems as your representative.

TEXAS PRESS ASSOCIATION Member 1958

Oil News

Sinclair Oil and Gas, R. L. Stansberry No. 2 drilled to 5277 in Strawn lime and set 5 1/2 in. casing. Perforated from 5259-61 and acidized with 1000 gallons. Got salt water. Squeezed and backed up to Harkey sand, and perforated from 4664-69 and gave it 500 gallons mud acid and 5000 lbs of sand frac. Was shut in yesterday and was scheduled to be opened up last night.

It is a direct offset to the Stoddard 19 million C.F. gasser.

Sinclair is staking a location today on Kathryn Martin ranch, sec. 41, block 8 in Schleicher county. It is a rank wildcat and will be located about a mile northwest of the Martin ranch house.

Third Strawn producer and a 1/2-mile south extension to that pay in the Otto multipay field has been virtually assured with the flowing of gas and oil on a drill-stem test in the Strawn at Chambers & Kennedy, et al, No. 1-G Otto Williams, Canyon gas prospect and indicated Canyon oil extender, 15 miles northeast of Eldorado.

Tool was open 20 minutes on the test between 5,175-182 feet. Gas surfaced in three minutes and oil in 12 minutes, no gauges.

New Road To Dump Is Voted By Commissioners

Right of way for a new road to the dump grounds was voted by Schleicher County commissioners at their meeting Monday. The new route will lessen the traffic hazard of the present route through the Latin American community.

The court voted to purchase an 80-foot right of way from V. H. Humphrey along the south boundary of his property on the east side of U. S. Highway 277, said right-of-way to be used in straightening and re-routing the road thru the Christian Addition.

The Christian Addition is the L. A. community, and the present route has been pointed out as a hazard to children playing.

At the same meeting, the county auditor was authorized to deposit in trust with the county clerk \$1,782.20 in behalf of C. R. Keeney pending the final disposition of condemnation suits 105 and 106.

Also, E. H. Nimitz and one helper were employed to construct 287 feet of fence on FM 1828, and to dismantle fence on U. S. Highway 277.

Social Security Man Schedules Visits Here

A schedule of visits during August and September to the communities serviced by the San Angelo district office of the Social Security Administration has been released by Floyd B. Ellington, district manager.

The social security representative, Neil Tarvin, will be available to answer questions about the provisions of the law, and he will assist persons in making application for old-age survivors and disability benefits, Ellington stated.

According to the schedule, Mr. Tarvin will be at Eldorado in the Court House (first floor) beginning at 1:00 p.m. on the following dates: August 15—September 20.

For an answer to any particular question, or for an appointment with the social security representative, you should write to the Social Security Administration, San Angelo, Texas.

Mr. and Mrs. Buster Gunn have been in Hamlin with her father, K. Garrett, who has been ill. Mr. Garrett is reported improving.

Mrs. W. N. Ramsay returned Saturday evening after spending two weeks with relatives in Gonzales, Sample, Austin and San Antonio. She reported a fine trip.

Visiting recently in the home of Mr. and Mrs. Victor Sauer were her nephew and his wife, Mr. and Mrs. Leo Logan, Jr., of Dallas.

Joe Wagley is now in charge of trash hauling in the city limits of Eldorado, succeeding Solon Boothe

News From Our Neighbors

Doctor At Big Lake Dr. C. S. Nunnally, who recently completed his internship at San Antonio, arrived here last week and has opened an office at 703 Depot for the practice of medicine.

Dr. Nunnally will be remembered here as a science teacher in the local high school for two years before he entered medical school. —The Big Lake Wildcat.

Recovering From Snake Bite

Clara Margaret Schwiening, 11-year-old daughter of Mr. and Mrs. Alfred Schwiening, Jr., was released Tuesday from Hudspeth Memorial Hospital where she had been receiving treatment following a rattlesnake bite received at the Barton ranch Friday.—Devils River News.

Crockett Voters Approve Tax Rate Hike

Although Crockett county voters stayed away from the polls in droves, a handful of qualified voters at a special election Tuesday approved by a whopping majority an increase in the local school maintenance tax rate.

The actual rate increase for the coming year, however, will be only 15c cents on the \$100 valuation, county officials have declared. The increase was made necessary by a drop in prospective school maintenance revenues for the coming school-year because of the slump in oil property valuations in the county from well depletions and the general recession affecting the oil industry.—The Ozona Stockman

Memorials Welcomed at Menard

Memorial gifts to help make Menard Hospital and Retirement Home as nice as possible will be welcomed by hospital officials, Dudley Tomblinson, hospital administrator, said this week.

Tomblinson said there are a number of items for which memorial gifts may be used. He said the givers may choose how they wish their gift to be used, but he asked that the gifts be cash so hospital officials may harmonize the items purchased with the overall decorative plan.—The Menard News.

Balloon Fouls REA Lines

A government weather balloon fell on the REA lines near the J. Garner ranch home last week, leaving them without electricity for almost 24 hours. The balloon, followed by an airplane, was released near Sanderson and was seen to dip low on the Deaton ranch before falling on the Garner ranch.—Sanderson Times.

Rush For Absentee Voting

Absentee voting for the July 26 primary election started off with a rush this week, with 66 applications for absentee ballots having been received up to Wednesday morning in the office of County Clerk J. L. (Chilly) Tinkler.—Robert Lee Observer.

Holidays Draw Large Crowd

Alpine had its biggest group of week-end visitors in a number of years over the July 4 holidays, according to D. M. Bennett, manager of the Alpine Chamber of Commerce. A survey made by Bennett showed all hotels and motels were filled to capacity Friday (July 4) night.—The Alpine Avalanche.

Coke Gets Surplus Food

Coke County Commissioners Court in session Monday voted to set up a program of distributing surplus food commodities to needy persons. Coke's application to participate in the program has been approved by the state, County Judge Jeff Dean announced.

Surplus food owned by the federal government is distributed by state organizations and Coke County will be under a district supervisor located in San Angelo. Only cost to the county will be handling charges from San Angelo.—The Bronte Enterprise.

Coach to El Paso

Head Coach Jimmy Walker announced this week he was leaving for Texas Western, where he will be assistant football coach and assistant professor in the department of physical education. The announcement came as a complete surprise.—Mason County News.

Little League Games Reported For Week

By JOHN MCGREGOR

Cougars vs. Red Sox

Last Thursday night's game turned in a real thriller to excited fans. Under the combined efforts of Gary Bivens and Rudy Menchaca, the Cougar pitchers, the Red Sox were allowed only six hits. The Cougar battery turned out nine hits off the pitching of Larry and Gary Donaldson. The Cougars took an early lead in the first inning to the tune of 3-0. The first and second innings went scoreless for the Red Sox. The Cougars, however did not follow this pattern and they made 5 runs in the second. The Red Sox still aiming at a victory, made 7 runs in the third to become 3 steps behind. In the fourth the Red Sox brought their score up to 10. The Cougars reached out for 2 more runs to make it 12-10. One more run for the Red Sox totaled in a final score of 12 to 11, handing the Cougars another victory. The umpire was Earl Barnett.

Cougars vs Tigers, July 11

Even the strong pitching staff of the Tigers could not stop the Cougars winning streak. Roy L. Love and Mack McAngus gave up 7 hits while Rudy and Bobby Menchaca gave up only four hits. The Cougars took the lead in the first inning to make a 2-0 score. The third produced a 5-3 lead for the Cougars. They remained in the lead and chalked up another victory for the Cougar sto win 10-6. The umpire was Earl Barnett.

Red Sox vs White Sox, July 15

Through the combined efforts of Lynn Meador and Larry Donaldson the Red Sox handed the White Sox another loss when they met Tuesday night. John Lowe, the White Sox hurler, allowed 5 hits to the Red Sox. The Red Sox pitching allowed 4 hits for the Sheriff's Posse. Lynn Meador, the Red Sox pitcher and short stop, knocked an inside the park home run in the third inning. White Sox took a 2-0 lead in the first inning but the second found the Reds in the lead 3-2. The Red Sox stretched their lead easily and were not threatened by the White Sox until the fifth inning when the White Sox scored five runs to make the score 7-7. When the Red Sox bat came they chalked up one more score to win the game 8-7. The umpire was Bob Page.

Home Demonstration Agent's Column

By MRS. VIDA KREKLCV

The tamale pie was a success at recently held club meetings on the subject of freezing main dishes and because so many have asked for the recipe I'm going to include it today.

Tamale Pie

- 2 pounds coarsely ground meat
- 4 tablespoons melted beef suet
- 2 medium size onions, sliced
- 2 cloves garlic
- 1 No. 2 can tomatoes
- 2 teaspoons salt
- 2 tablespoons chili powder
- 1 teaspoon cumin seed
- 4 tablespoons raisins.

Cook beef in suet until meat is white. Add onions and garlic and cook a few minutes longer. Add salt, chili powder, cumin seed, tomatoes and raisins. Cover, simmer slowly for 1 1/2 hours. Correct seasoning if necessary.

Mush For Crust

- 6 cups cold water
- 3 cups yellow corn meal
- 2 teaspoons salt.

Mix all above ingredients thoroughly and cook 15 minutes, stirring frequently. Add 2 tablespoons butter and 1 cup chopped ripe olives to cooked mush. Cool.

Grease a baking dish and line with a layer of cooled mush, patting in place. Pour in chili mixture. Spread remaining mush on top. Bake in a moderate oven (300) for about an hour and a half. Serves six to eight.

Make the chili mixture fairly thick or else it will make the mush crust too thin. If you want to, sprinkle grated cheese over the top for the last 15 minutes.

Most people wait until fall to

Sure-footed Man Serves Texas

The colorful language of the ranch and trail seems to fit Bill Blakley, who made his start in life as a working cowhand. He still rides and ropes with the hands on his ranch at roundup time.

Speaking of Blakley's service as U. S. Senator in 1957, the *Dallas News* said: "... If he was as unassuming as an old boot, it was nevertheless a well polished boot that never wobbled or wandered from its purposeful path. For this man Blakley is a sure-footed man who knows exactly where he stands and what he believes."

Texas will vote to return William A. Blakley to the Senate on July 26 because he truly represents the spirit, traditions and views of all Texas.

(Pol. Adv. Paid for by Jim Blundell)

make green tomato pickles or chow-chow, but if you see that you're going to have tomatoes to spare, make some right now. The trouble with waiting until fall is that some crisp, cool afternoon the weather caster will predict a freeze for the night and then of all the tomato gathering that will go on; and it may turn out that there are so many that you will be snowed under with green tomatoes. So—why not do a little relish at the time, you won't get too tired, the relish will taste better made in small lots and besides I want you to try this uncooked relish recipe and then by fall you will know whether or not you want to make moer of it.

Dorothy Ratliff gave me these directions last fall. She and I both made some and both liked it very much. Because it is not even cooked, the texture of the vegetables remains crisp which to my mind makes it much better.

Uncooked Tomato Relish

- 1 gallon green tomatoes
- 1 medium sized head of cabbage
- 6 hot peppers
- 12 large onions
- 1 bunch celery
- 6 or 8 bell peppers
- 1/2 cup salt
- 1 teaspoon turmeric
- 1 teaspoon cinnamon
- 4 cups sugar
- 1 quart vinegar.

Chop all the vegetables (or you may grind them in the food chopper). Add salt to chopped vegetables and let stand 20 minutes. Drain salt water off. Add spices and sugar to vinegar, pour over vegetables, and mix well. Put into sterilized jars and seal. Let stand about three weeks before eating.

If you are using lots of milk this summer, try cutting costs and calories too, by using dry milk. Only the fat, vitamin A, and some of the amino acids contained in whole, fresh milk have been removed.

Dry milk can be converted into very good buttermilk. Follow directions found on the box. You don't have to use bought buttermilk; any sour milk used as a starter will do. But be sure you like the flavor of the milk added. The buttermilk you make will taste like what you've added.

Dry milk can be whipped too. In fact any recipe that calls for milk can use this nutritious food.

Good cooking and good nutrition are not necessarily the same thing. Expensive foods are no guarantee to adequate meals. We can't get away from the fact that the kind and amount of food we eat makes a lot of difference as to the way we look, the way we feel, and the way we act.

Don't get mad at somebody be-

cause they have been shocking by being impolite. Just remember that they may be suffering from a poor diet. This is actually so, only not many people make such kind allowances.

Besides irritability, a poor diet may cause: the feeling of always feeling tired; no pep, no energy, no go; anemia (lack of red corpuscles), nervousness, spongy gums, flabby skin, poor eyesight, poor posture and a whole list of other undesirable.

These foods are reasonable and good for you. All kind of fruits and vegetables, milk, lean meat, poultry, fish and eggs; whole grain and enriched breads. Take an interest in what you eat—after all it's you who will profit or lose if your health is made or lost by your diet.

ALLIANCE MEETS

The Ministerial Alliance met last week in the educational building of the First Methodist church, with the president James L. Spencer presiding. New officers for the next six months were elected, as follows:

- President, Rev. James Sharp (Fundamental Baptist);
- Vice-Pres., Rev. Jose Orena, (L. A. Baptist);
- Treasurer, Rev. Russell Heaner, (First Methodist), and
- Secretary, Rev. D. C. DuBose (First Baptist).

Following the election of officers the regular monthly meeting was held with the new officers taking charge.

—My sincere desire is at all times to truly represent the true interests of my district and of Texas. I have no master except the people, and I shall always represent their true interest to the best of my experience and ability. —Joe Burkett, Jr., Candidate for State Representative. (adv)

RE-ELECT Joe Burkett, Jr.

OF KERR COUNTY

State Representative

78th Representative District

EXPERIENCE

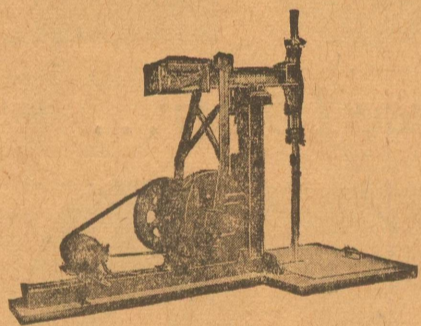

A vote for Joe Burkett, Jr., is a vote for experience in Governmental affairs. In the Legislature, he served as Chairman of the Veterans Land Investigating Committee which exposed the fraudulent activities in the Veterans Land Board. He also served as Chairamn of the House Insurance Committee which wrote the new insurance laws to protect the public and policyholders. At present, he is serving on the important State Affairs, Judiciary and Labor Committees of the House of Representatives. He has served as County Attorney and County Judge of Kerr County. Joe Burkett, Jr., knows the needs of West Texas, having lived in Kerr County for the past 28 years and having been born in Eastland County, Texas. Lawyer—Rancher—A practicing attorney of 24 years experience in Kerr County.

VETERAN

Joe Burkett, Jr., is a veteran of World War II, having served four years as a field artilleryman, 18 months of which time was in the European Theatre of Operations.

Re-Elect Joe Burkett Jr., Because...

1. He has kept all promises made to the people of the district.
2. He is a consistent, hard-working leader for Soil and Water Conservation and Livestock Legislation, all of which are of paramount importance and interest to the people of this district.
3. His practical experience in Legislative Affairs is an important factor in furthering the interests of this district.
4. He knows and is sympathetic with the needs and problems of local governmental units.

FEATURES:

- Heavy Hammertone Baked-Enamel finish — for beauty and long life.
- Positive Filter Pad Holders — prevent filter pads from sagging.
- Motors Mounted on Rubber Cushions — General Electric or Westinghouse motors on all units.
- Filters of White Aspen Wood — highly absorbent, assure maximum efficiency.
- Balanced Blower Wheels — for quiet, efficient, full capacity operation.
- Plastic Grilles — adjustable 16 ways for complete air control — up, down, sideways, straight out.
- 100% Hot-Dipped Galvanized Steel — for strength and long life.
- All-Welded Construction — for greater rigidity and trouble-free installation.
- Sleeve-Type, Bronze Bearings with Oil Reservoir — insure quiet, long-life operation.
- Adjustable Water Troughs — may be adjusted from outside with cooler in operation.

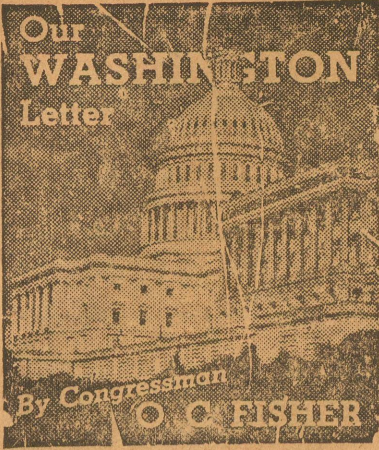

IT'S RESULTS THAT COUNT

This beautiful new Sterling evaporative cooler is designed for lasting beauty and low-cost operation. With its clean, sharp lines and two-tone color styling, it represents the latest advances in functional design and construction. Equipped with push-button switches, air volume control, and 16-way adjustable plastic grilles, it provides complete control of the air for cooling or ventilating. You can be assured of a cooler for many years when you install a Sterling.

in addition

A cooler for every need. Marvelaire Portable Cooler priced \$59.95 and \$79.95. Paramount Coolers from \$104.94 to \$189.95. Whatever your cooler need — come in and talk to us!

West Texas Utilities Company

The liberal make-up of the Supreme Court under Chief Justice Warren was accented last week when the Senate Judiciary Committee reported an analysis of decisions involving subversive activities.

Going back to 1943 and tracing the trend, the report reveals that during the 10 year period up to 1953 when Warren was appointed, the court acted on 34 cases involving communism and subversion. A majority of the Court voted in favor of the position advocated by the Communists in 15 cases, and

held contrary to what the Communists wanted in 19 cases.

But in the 4½ years since 1953 when Warren became Chief Justice the Court consented to hear a total of 39 cases involving Communist or subversive activities in one form or another. Whether by coincidence or otherwise, the Communies were favored in 30 out of 39 decisions.

Warren sided with the Communies in 36 out of the 39 cases; Justice Black and Douglas voted 100% liberal; Other Justices varied, with Justice Burton voting through the years pro-Communist 32 times, 37 against. Justice Tom Clark of Texas has established himself as the most conservative and most anti-Communist member of the court. His box score shows 18 for and 33 against the Commie position, since he became a Judge.

What about the Flag, now that Alaska is coming in? The make-up of the new flag will be decided later, probably by a commission. The last change was made in 1912 and was decided by a special board, headed by Admiral Dewey. Congress can, of course, legislate on this but it is more likely the President will make the decision, probably through a commission he would appoint.

But what to do with the 40 million old flags, is being asked. They may continue to be used even though a new one with 49 stars is okayed. In fact, under the law it would be appropriate to fly a flag with only 13 stars, since it was once the recognized flag of our country.

So, let's hold on to those old flags. They are good souvenirs to keep, and they will continue to be just as appropriate and useful as they ever were.

Joe Garvin who has been ill and confined to his bed most of the past month, is slowly improving.

Blakley Story Is Typically Texan

The typical American story is of the poor boy who made good through his own efforts. This is the story of Bill Blakley, born in a covered wagon while his parents were on their way to homestead in Oklahoma territory. He has come a long way in 59 years. Said the *Austin American-Statesman*, when William A. Blakley announced for the Senate:

"... He was a top-hand cowboy; he was a crackerjack bank clerk; he was an exceptionally good accountant and lawyer. We have an idea that he is going to be a refreshing, able political candidate. He would make a great United States Senator."

Vote for Bill Blakley on July 26 — an able man whose only ambition is to serve all of Texas.

(Pol. Adv. Paid for by Jim Blundell)

Lions Elect International President

Dudley L. Simms, a merchant of Charleston, West Virginia, has been elected International President of Lions International at the Association's 41st Annual Convention in Chicago, Illinois. Lions International with 577,000 members in 91 countries or regions, is the world's largest service club organization.

Lions International is especially known for its many youth activities and service activities in sight conservation and aid to the blind. Last year Lions Clubs around the globe completed more than 171,000 individual worthwhile community service projects.

TEACHERS TO HONOR REP. JOE BURKETT

State Rep. Joe Burkett Jr., of the 78th District has been notified that the directors of the Vocational Agriculture Teachers Association of Texas have voted unanimously to give him the distinguished service award.

John Holcomb of Austin, executive secretary of the association, said the award was to honor the "conscientious efforts" by Burkett on behalf of vocational agriculture. The presentation will be made at the annual awards breakfast Aug. 6 in the ballroom of the Adolphus Hotel in Dallas.

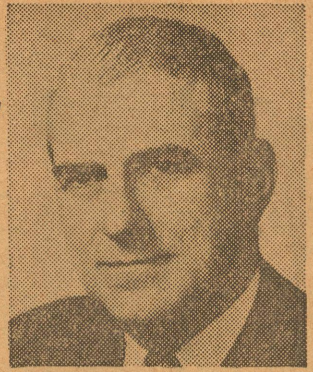

I thought For The Week Ministerial Alliance

Mark 9:1-10. And after six days Jesus taketh with him Peter.— Man's transformation: The transfiguration of our Lord admonishes us of a change which we are to undergo in this life. We must be conformed in our souls and spirit, and the use of our bodies, to the image of the son of God. (Rom. 8:29), while we are here, so that we may be conformed to the body of his glory hereafter (Phil. 3:21). O, then, what a stake have we in our treatment of this body. We must keep it in all holiness, even on its own account, and not only because it ministers to soul and spirit. In this same body we are to meet the Lord, and upon the use of it depends the condition in which we shall meet him, in glory or contempt. We must serve him, and do his work in it now, if we hope to serve him in it in his heavenly and everlasting kingdom hereafter. But how can we serve him in it, if we employ it in the service of a different and contrary master? And how can we keep it pure and undefiled as his peculiar vessel, if we be not watchful against the advances of that master, who has so many natural friends in its house? For has not Satan fast friends in its corrupt affections and sinful passions? Look at the man who has clouded his reason, palsied his limbs, by strong drink. See the disgusting, degrading spectacle of his helplessness; can such a one entertain any serious thoughts about the body that shall be? Can he be living in the hope of being glorified together with Jesus Christ.

See another man. His body is seen anywhere else but in this place, where is the assembling of the body of Christ in one body, one spirit, to give glory and worship to our great head, with one mind, with one mouth; to stand before that throne where sits the son of man at the right hand of God, in that body which suffered and rose again. What can he care about the most precious privilege of the body that shall be; the standing face to face before his saviour in a like body, amid the company of his saints in glorified bodies? In the same manner we may go on and deal with sins less open and gross than these, and show how inconsistent they all are with any hope of a joyful resurrection in a glorified body; and how necessary is the bath of tears of repentance to all who commit them, that so their sins may be washed out for the sake of Jesus Christ, and they may be found in him in peace, without spot, and blameless. Now, therefore, while yet it is the season, let us do the things which concern the body that shall be. Our present body is the seed of the body to come. It may be as unlike it, as the small black shapeless seed of the tulip is to that beautiful flower. Still it is the seed, and according as we sow it, we shall reap. If it go into the ground

laden with sin, ignorant of God's service, the mere corrupt remains of what has been expended in folly, in idleness, in unprofitableness, in rebellion against the commandments of God, in neglect of duties, in abuse of privileges, then it will come out of it a vile and noxious weed, which shall be cast into the everlasting fire. But if the sinner shall turn away from his sin, and by a change of heart and life conform to the example of Christ; if he will take his body out of the service of sin, and conformity to the world, and use it in the service of righteousness; if he will, in this world, be transformed into the likeness of the body of Christ, in all temperance, in all purity, in all deeds of holy living, then he will have "sown to the spirit;" and of the spirit he shall, through the lord and giver of life, reap life everlasting. He shall stand on the everlasting mount of heaven, transformed from this mortal body in the raiment of a body shining as the sun, white as no fuller on earth can white, and gathered into the company of the sons of God, such as Moses and Elias, and beholding the son of God in eternal glory, face to face, shall say with the joyful cry of the song of the full sense of thankful blessedness, "Master, it is good for us to be here."—Hubert Chaney.

Round-Up Beans 'n' Burgers
(Makes 4 servings)
1 pound ground beef 1 cup catsup
1 teaspoon salt 2 tablespoons vinegar
1/4 teaspoon pepper 2 tablespoons brown sugar
1/2 cup quick-cooking oats 1/2 teaspoon dry mustard
1/2 cup undiluted Carnation sauce 2 teaspoons Worcestershire
Evaporated Milk
1/4 cup finely chopped onion 3 1/2 cups (No. 2 cylinder
2 tablespoons shortening can) baked beans

Combine beef, seasonings, oats, Carnation and onion in mixing bowl. Mix thoroughly. Divide meat mixture into 12 portions and shape into balls. Melt shortening in frying pan. Add meat balls and brown on all sides. Drain off fat. Mix catsup, vinegar, sugar, mustard and Worcestershire sauce. Pour over meat balls. Simmer for 15 minutes. Spoon baked beans into 2-quart casserole. Cover with meat balls and sauce. Bake in moderate oven (350° F.) about 20 to 25 minutes.
