ELDORADO — SCHLEICHER COUNTY — TEXAS Thursday, November 26, 1964

NUMBER 48

## Work To Resume On Highway 277

A contract for 15.5 miles of construction on Highway U.S. 277 in Schleicher county has been awarded to a Fredericksburg firm, it was announced in Austin this week by the State Highway Commission.

Subject to the Concurrence of the Bureau of Public Roads, Allen Keller Co. submitted the low bid of \$808,933 on the project. Grading, structures, flexible base and two course surface treatment from Tom Green county line to 0.7 miles north of Eldorado City limits is expected to take 310 working days, according to J. S. Snell, district highway engineer at San Angelo.

R. A. McCulloch, resident engineer at Sonora, will be in active charge of the project while it is under construction.

## More Road Work East Of Eldorado

The Texas Highway Department has announced a construction project on U. S. Highway 87 in Concho County, between 1.3 miles and 5.8 miles east of Eden, and on State Highway 29 in Schleicher County, between 21.9 and 26.4 miles east of Eldorado. The construction consists of widening structures. The Texas Highway Department and the contractor, Acme Bridge Company, Inc. of Austin, stated that construction began on this project on November 10, 1964 and will be completed in June, 1965.

G. L. Rogers, Senior Resident Engineer, in charge of construction on this project, stated that traffic will be routed through construction. There will be adequate barricades and warning signs prominently displayed, but the motorists should be extremely cautious when passing through the area as it will be heavily traveled by large construction equipment. A temporary speed zone of 45 m.p.h. will be established for the entire length of the project. Cooperation of the public is requested in obeying all traffic signals and warning signs.

Mr. and Mrs. Edgar Spencer and Claude visited Mr. Spencer's brother-in-law and sister, Mr. and Mrs. Tom Kent in Midland last week end. Mr. and Mrs. Joe Ed Spencer and baby of Alpine met them there and the group attended the Alpine versus Stamford football game.

## Post Script

**Most Stores Closed Thanksgiving**  
Except for local cafes remaining open to serve traditional Thanksgiving fare, and some service stations serving the traveling public, most stores, offices and other businesses are closed today for Thanksgiving.

This is a legal holiday throughout the nation. People will be enjoying this day at home, at their chosen recreation, or just plain visiting with friends and loved ones.

Our public schools are observing a two-day holiday, with classes dismissed at 2:30 Wednesday afternoon and classroom work to be resumed Monday morning.

The annual Community Thanksgiving Service sponsored and conducted by the Ministerial Alliance of Eldorado was held Sunday night in the First Methodist church with a good crowd attending.

The Court House and City Hall will take Friday for a holiday, in addition to Thursday.

For most people, though, it will be back to work Friday morning.

Ruth Baker librarian, continues to sort her books and other materials following the County Library move to larger quarters in the Memorial Building.

Tuesday, she began to check out books.

People moving:  
A. H. House is back in Eldorado with road work and is in a Riley house.

Vernon Archer, new in Eldorado, is in a Riley house.  
Mrs. Eddie Wright has moved to a Crosby apartment. Her husband is being transferred.

Love's Flowers will hold Open House Tuesday to show Christmas centerpieces and other Fall lines at the Gus Love home.

Further details are in their ad elsewhere in this Success issue.

**Borrowed . . .**  
Is it Commercializing Christmas? Well, wise men, perhaps merchants, brought Him gifts—giving means buying—and before Christmas we go to the market place.

Where? Where there is merchandise. Where trade is wanted, appreciated, and invited.

Or is it Christmatizing Commerce? Good Will in the market place is one of the joys of the coming season.

Consider every advertisement in this newspaper an invitation to you to include your own neighbor in business in your good will this coming year-end holiday season.

The Success hopes you will have an enjoyable Thanksgiving holiday.

This issue goes to the post office nearly one day early in order to enable part of the crew to make a trip to Van Horn. The remaining member of the crew will keep the Success doors open at least part of the day—Thursday.

## Oil News

More oil tests were announced for Schleicher county last week:

Geochemical Surveys, Abilene, will drill a 7,900-foot Strawn wildcat in Schleicher county, 12 miles west of Eldorado, 7½ miles southeast of the two-well University 101 (Ellenburger) field and 7 miles northeast of a recently completed unidentified oil discovery, possibly Canyon. It is the No. 1 Henry Speck.

Location is 1,980 feet from the south and west lines of the east half of 30½-A-GC&SF.

Meadco Properties, Ltd., Midland, will drill the No. 5 T. C. Meador as a 1,200-foot south offset to its No. 3 Meador, upper Canyon oil pay opener and lone producer from that pay in the Velrex multipay field, 16 miles northwest of Eldorado.

Tucker Drilling Co., Inc., San Angelo, will be the contractor.

Location is 1,416.7 feet from the south and 487 feet from the east lines of 1216-TCRR. Contract depth is 6,800 feet; elevation is 2,516.9 feet.

The discovery was finalized Dec. 26, 1963, for 216 barrels of 41 gravity oil, no water through a 16-64-inch choke and perforations between 6,553-565 feet.

## F. F. A. Sweetheart

TOYA JO FINLEY

Attending the district F.F.A. banquet in San Angelo Tuesday night as sweetheart from the Future Farmers of America chapter in the local schools was Miss Toya Jo Finley.

Miss Finley, 16, daughter of Mr. and Mrs. Pat Finley, is a Junior in the Eldorado high school.

## Shoots His First Deer 648 Bales Ginned

It's a mighty thrill, probably unlike any other, when a boy or girl lines a deer in his or her sights, pulls the trigger and downs him the first time in his life.

Wayne Doyle, 13-year-old son of Mr. and Mrs. Kenneth Doyle, had this experience the second day of the hunting season this year. He bagged a 9-point buck that weighed 115 pounds. Wayne is still excited over it.

Early this week the season's bale total stood at 648—just 5 more than the week before. Growers have gotten the freeze they were waiting for and the foliage has all turned black. Cotton men say it will take about a week for the stalks to dry out and permit stripping. After that if weather continues favorable it would take only two weeks to wind up the year's harvest—one that will have the distinction of being the smallest in many years.

## Grandsons Celebrate

Mr. and Mrs. Ben Biggs were in Abilene last week end to attend a birthday celebration for one grandson and a program in which a second one participated.

Brian Biggs celebrated his 5th birthday with a party Friday afternoon and Barry, 7, was presented in a speech program Saturday morning at his school where he is in the second grade.

The children are sons of Mr. and Mrs. Glenn Biggs.

## News of the Sick

Mrs. Elton McGinnes and Mr. and Mrs. Sam McGinnes have returned home since Mrs. Elton McGinnes's asthma is much better.

Mrs. Irene Rutland continues very low at the home of her son, Durward Rutland, in San Angelo.

Mrs. Jack Griffin is a patient in Sonora hospital.

# A Little 'Skerry' at Times But Jet Flight Was a Wonderful Experience

I went to Washington and I'm back; safe, sound, exited over my experiences and still wanting to tell somebody about it. My jet flights were routine—thank goodness. Someone has said that the safest way in the world to get from one place to another is by jet air travel. In my mind I know that this is true but just the same when that giant went roaring down the runway at 250 miles an hour I did have a slight question about the sanity of the whole procedure.

I promised the early Thursday morning readers of the November 12 Success that I'd be in the air when they read my column. I wasn't. I was sitting at gate 41 in Dallas, waiting for them to put a new engine in the plane which was to have made flight 179 at 9:15 a.m. The flight was delayed an hour at a time until 12:30 p.m. As a pure amateur at flying it didn't make me exactly hilarious when the man at the desk said, as calmly as you please, "Well, you see, we have to keep putting this flight off because the deeper we get into this motor trouble the worse it gets." I answered back in a thin kind of voice that I didn't want to fly on a plane which was being worked on at breakneck speed. "Oh, lady don't think anything about that—they all get worked on sometime," was the very matter-of-fact answer I got.

Then suddenly we had to decide. What to do, Change flights. Catch a plane from Mexico City, go on at 12:45, or sit and wait, with the waiting getting a little tougher all the time. I decided;

I'd take the Mexico City plane—the only thing to do. But could we get a quick transfer of baggage to the new flight? One little man at a desk said, "No, it is too late." I went to a taller man—Was it too late? "Certainly not," he said. "We'll just hold that plane a few minutes, for after all we have got to have somebody to eat all those lunches we are putting on it."

So at 12:40 we were off. And as I said, with some show of speed. We were barely air borne when the pilot's voice came over the loud speaker saying that the flying weather was perfect and that we would arrive in Washington 26 minutes ahead of schedule. I knew right then where he gained his extra time—he made it up on that take-off.

I sat by the window. I wanted to see where I was and had been. The air was crystal clear until we passed over Memphis, Tenn. I was totally unprepared for the breathtaking beauty of the face of the earth at 40,000 feet up making 700 miles per hour. At one time I was sure I could see Texas, Oklahoma, and New Mexico at one look. But I'll save the superlatives. You might see it for yourself and after you have seen it you will never be the same.

The cloud cover moved in over the Great Smokies and we traveled over this giant bowl of whipped cream until we were almost into Washington. This particular flight went into Dulles airport which is 18 or so miles out in the country and as we came in for the landing I really couldn't tell exactly what

we were going to land on but I was so hoping it was going to be a runway.

One of those big, big waiting rooms on wheels came out to the plane (sure enough there was an airport under us), and we walked from the plane to this expensive piece of rolling equipment, each costs about \$250,000, rode a few blocks and walked right from it into the airport. Dulles airport is not used as extensively as some of the other fields but for sheer beauty it is spectacular. Located

## "Just Little Bit Nervous"

VIDA KREKLOW  
Schleicher County H. D. Agent

out in the wooded country the "in-flight" look to the roof of the port made me think of a phrase I saw once: it was a study of "poetry in concrete."

So by now you know I made it fine. The flight back was on a rainy day and not so beautiful. On nearing the Dallas airport coming from Washington I remarked to my friend sitting with me, if we make it home safely this is the kind of experience everybody in the world should have. We were coming in on instruments through thick, black clouds and I know that her face reflected my own as she nodded, weakly, and in a small voice said, "Yes."

My time and space are almost gone and I've not said anything about the convention. It was totally successful. Secretary of State Dean Rusk's speech was the highlight of the series of meetings and speakers which we were privileged to hear. He talked about "Our Relations with the World" and talked about problems of gravity with simplicity and integrity. Next week I'm going to try to re-think his talk through and write it up in a more dignified form than this news letter called the column.

I am sure I'll think of many interesting things and facts which might be fun to tell you later. One I think of now is a question I asked a guard at the Capitol building. As you know they are getting ready for President Johnson's inauguration and have the whole east entranceway completely blocked with scaffolding. I asked this

## Forms Sent Out For Farm Census Here

Questionnaires for the 1964 Census of Agriculture are now being mailed out to farmers and ranchers of Schleicher county, according to Jene W. Moore, crew leader in charge of the census in the county.

The questionnaires are expected to reach the farmers within a few days. This will allow the farmers a period of time in which to consult their 1964 farm business records in order to answer questions on the form accurately before enumerators begin calling on individual farmers to collect the questionnaires. These visits started on November 23 in this county.

An enumerator will call on every farmer in the district under his supervision, the crew leader said. At the time of the call, the enumerator will help the farmer complete answers to any questions that prove difficult to understand and check the form for accuracy.

The do-it-yourself aspect of the farm census is aimed at saving time and effort.

The Census of Agriculture is taken every five years in the years ending in "4" and "9" to gather needed, up-to-date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventory, information on farm equipment and facilities, farm products sold, and use of fertilizers, insecticides, and herbicides.

## New Babies

Mr. and Mrs. Ronnie Sauer are parents of a daughter born last Thursday, November 19, in the Clinic-Hospital in San Angelo. The new baby is the couple's first child and the mother is the former Rozanna Sudduth.

The baby weighed 9 lbs. 10 oz. at birth and has been named Tracy Dawn.

Grandparents are Mr. and Mrs. W. W. Sudduth of Eldorado, Mrs. Alma Sauer of Tulsa, Oklahoma, and Victor Sauer of Eldorado.

Greats are Mrs. Otto Sauer and Mr. and Mrs. O. Sudduth of Eldorado, Mr. and Mrs. Amos Taylor of Santa Anna, and Mrs. Emma Castello of San Angelo.

Mrs. Sauer and her new baby came home Monday from the hospital. The father is employed here with the Southwest Texas Electric Co-Op.

man why they were completely covering all the steps with ½-inch ply board. "To keep people from chipping the steps to pieces during the inauguration," he answered. He went on to say that they would bring something with them heavy enough to break marble and that they would completely ruin the steps. I couldn't believe it but I know I'm wrong; they would.

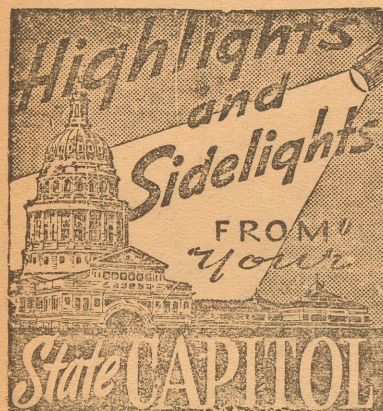

One more remembrance—Mrs. Dorothy H. Jacobson, assistant secretary of agriculture for international affairs, told this charming story. She said that two or three years ago it was her privilege to entertain a little woman from Scotland who was at the time president of the associated country women of the world.

During their tour of Washington one morning they stopped by the White House. As they entered the grounds there was a sudden wave of commotion. Guards took their posts, police arranged themselves in position on the south lawn and a big helicopter settled to the ground.

Out of the White House came Jackie Kennedy, a nurse had John-John in her arms and Caroline scampered out like a puppy. Finally the President strode out; they all got in the helicopter and flew away.

The absolutely beaming American woman looked at her Scottish visitor and asked, "How did you like that? Wasn't that a sight?"

"It certainly was," answered the woman. "I never saw a helicopter land and take off before!"

Austin.— State Representatives who were sworn to the 1965 Legislature on Monday have military matters very much on their minds. Constituencies of those lawmakers with military bases in their districts stand to be affected by both Federal and State proposals.

Some lawmakers were sworn in with the knowledge that many Federal workers in their districts stand to lose their jobs by U. S. Defense Department cutbacks. Operations will be cut out at James Connally Air Force Base at Waco and Amarillo Air Force Base and cut down at Dyess Air Force Base in Abilene and Eagle Mountain Army maintenance facility at Fort Worth.

San Antonio bases and Carswell AFB at Fort Worth stand to gain by the big shift. And that also will present new problems for State Representatives.

**Redistricting**

Congressional redistricting: one of the major problems facing the 1965 Legislature, may cause a headache for legislators whose districts embrace bases.

Bob Johnson, executive director of the Texas Legislative Council, believes the Legislature could, if it chose, leave out military and State hospital populations in deciding the population of a county for redistricting purposes.

By state constitutional provision, persons in State mental hospitals cannot vote, nor can persons in military service who enlisted in other states. Therefore, they could be left out of population totals if the Congressional redistricting goal of "one man, one vote" is considered paramount.

However, Johnson conceded that the mathematics involved in paring down population in communities as heavily military as, say, Bexar County might become so complicated that the Legislature would choose to proceed on full population figures.

**LBJ Ranch**

Orders involving President Johnson's ranch home near Stonewall from the Parks and Wildlife Commission and the State Highway Commission raised the question of whether tourists from Texas and elsewhere ever will get glimpses of the President at his "little White House" as Washington, D. C., visitors enjoy at the big White House.

Parks and Wildlife Commission authorized creation of a Lyndon B. Johnson State Park directly across from the LBJ ranch. Commission said the proposed park—located on some 245 acres between Ranch Road 1 and Highway 290—would be created in cooperation with Gillespie County. The commission does not have authority to condemn land for parks but the county does.

The question came up a day later when the Texas Highway Commission granted the U. S. Secret Service's requested authority to restrict traffic on that part of Ranch Road 1 when President Johnson is there, in the interest of presidential safety.

The President returned home last Thursday and is due to remain on the LBJ Ranch until after

Thanksgiving.

**Border Dispute**

Gov. John Connally, Land Commissioner Jerry Sadler and Attorney Wilson Fox of Taylor, members of the State School Land Board, filed a protest with Louisiana's Board of Mineral Development over the Sabine River border dispute.

Area in dispute is the western half of the Sabine River and Sabine Lake and a pie-shaped wedge of the Gulf of Mexico pointed at the mouth of the Sabine and widening sharply until it reaches the line three miles out where Louisiana's offshore boundary lies. Beyond that point, the area extends to Texas' offshore boundary of 10.5 miles.

Controversy grew out of Louisiana's offer of two oil and gas lease tracts which lie in an area claimed by Texas, but also claimed by Louisiana. Governor Connally has requested Atty. Gen. Waggoner Carr be brought into discussions, so he will be fully informed should the dispute travel to the U. S. Supreme Court.

**Industrial Growth**

A study of UT's Bureau of Business Research's monthly reports on industrial growth from January through November shows that a total of 611 new plant locations and significant plant expansions were announced for Texas in those 11 months.

The Houston metropolitan area led all others with 126 plants and expansions; Dallas with 81 was next, and Fort Worth followed with 65. However, there were dozens of little towns which boasted big industrial boosts.

**College Fund Plan Adopted**

The Texas Commission on Higher Education has adopted a plan for distribution of \$11,700,000 in federal building funds among 90 junior and senior colleges in 1965.

Forty-five per cent of points allocated to schools under the system must be based on projected enrollment increases and utilization of existing facilities. Formal applications of schools can be submitted after the U. S. Office of Education approves the state plan—probably about December 1st. January 15 is the deadline for applications.

**Water Estimated**

The Texas Water Commission has estimated Rio Grande Valley has water supplies to irrigate up to 680,000 acres over the requirement for municipal and industrial purposes. The commission figured that 124,000-acre feet annually would be needed for municipal and industrial uses. Report was written for the attorney general who is participating in a giant lawsuit over Rio Grande water rights involving Starr, Hidalgo, Cameron and Willacy counties.

**Oil Allowable**

Texas Railroad Commission set

December oil allowable at 29 per cent of maximum for prorated wells, compared to 28.4 per cent in November. The increase is expected to be 29,914 barrels a day higher than the estimated November average of 2,541,909 barrels a day.

**TB Control Plan Mapped**

A sweeping new plan for tuberculosis control aimed at consolidating all TB services under one agency and providing treatment of patients close to home had been recommended by the Governor's committee on TB eradication.

The committee found the state's program, now divided among four agencies and costing some \$16,200,000, a year, not equal to the job at hand. It proposes placing all related activities in the TB Services Division of the State Health Department. Recommended treatment procedures, calling for shorter hospitalization but careful at-home treatment after the infectious period is passed and a lifetime follow-up, would cost more but would be more effective, the committee believes.

**Courts Speak**

The Third Court of Civil Appeals upheld most of a trial jury's verdict against three East Texas oil men penalized \$304,800 for slant well drilling. The court held that the production penalty was in error because the State and Railroad Commission had not established number of production days from the slanted well, and reversed that portion of a district court's ruling. The Supreme Court held that lower courts were wrong in refusing Fort Worth an injunction to block an apartment structure in an area zoned for single and two-family dwellings.

Constitutionality of a 1963 law providing state regulation of Texas border liquor exporting firms was attacked in arguments before the Third Court of Civil Appeals. The law set a stiff licensing fee and other requirements.

**SHORT SNORTS**

Uniform shell dredging regulations for Texas coastal bays may result from a Parks and Wildlife Commission decision on an application by Heldenfels Bros. of Corpus Christi to dredge for shell in Copano Bay.

The School Land Board may increase royalty charged producers on mineral leases which it has extended, Attorney General Carr has held in an opinion.

Land Commissioner Jerry Sadler announced a December 12 deadline for prospective lessees to submit nominations of tracts of State Permanent School Fund land to be leased by the state during the oil and gas lease sale on February 2, 1965.

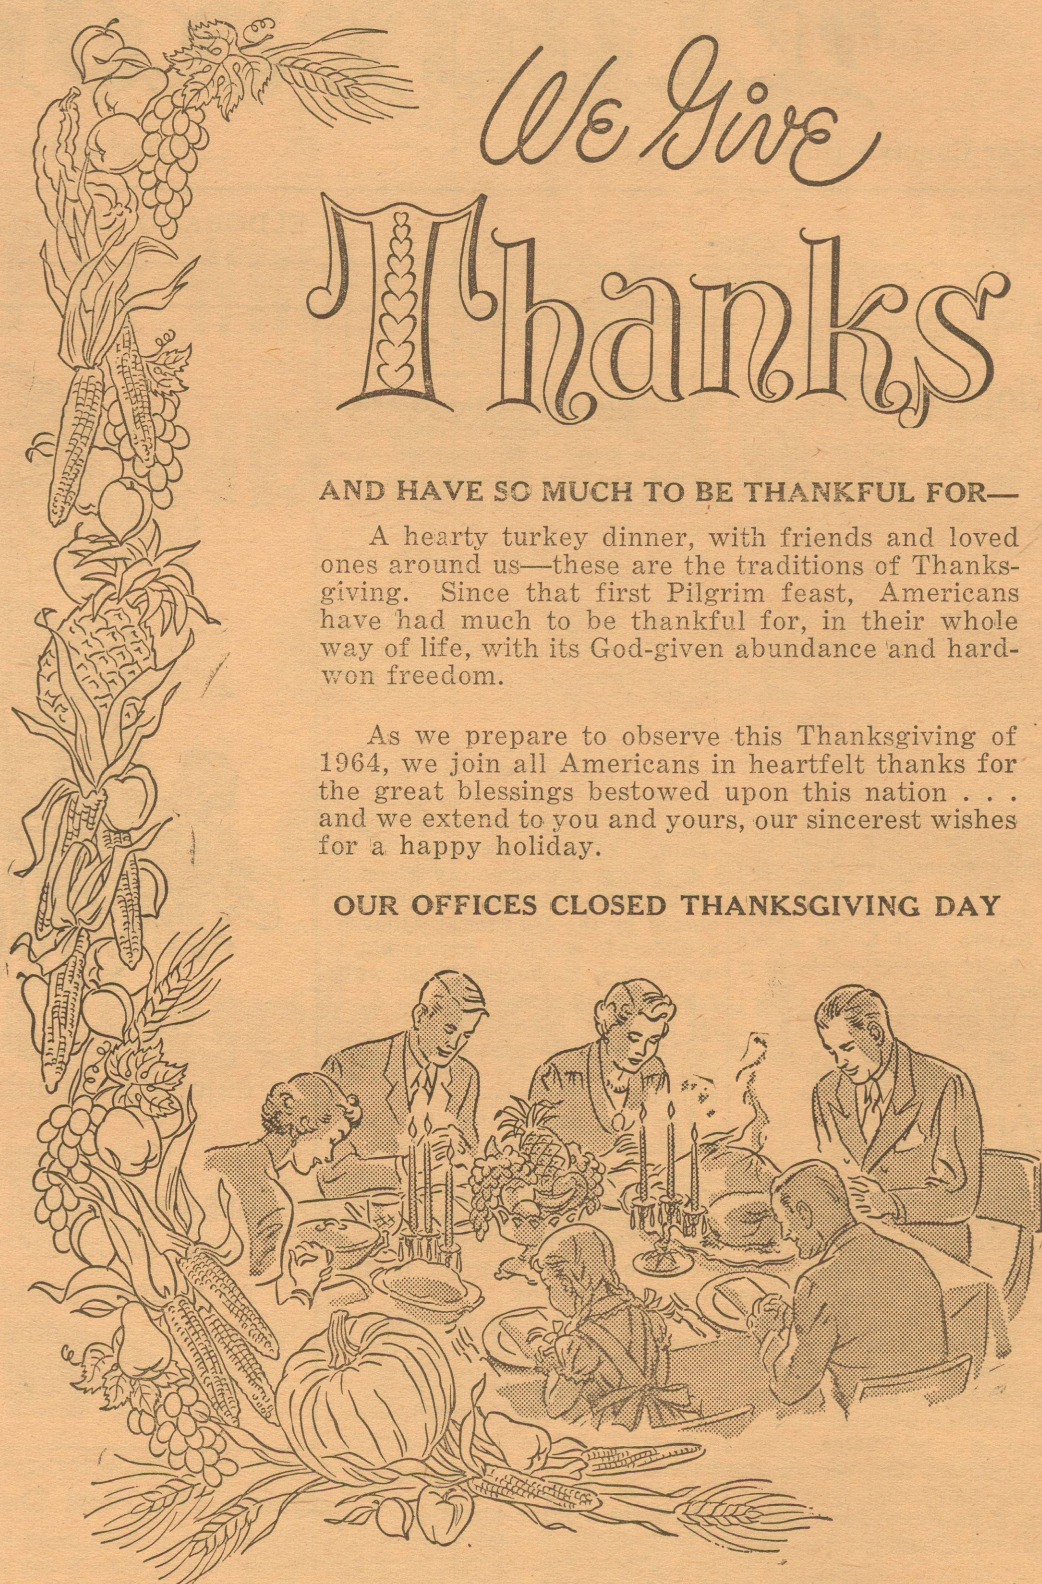

The State Health Department reports only six cases of paralytic polio in Texas this year, five of which were children four and under. The Parks and Wildlife Depart-

ment is seeking men between 21 and 40 to fill 15 game warden openings, after completion of four months' training at AM University.

A study released by Texas Research League recommends a new

finance building to house the State Comptroller and Treasurer and close cooperation between State and City of Austin in future capitol area planning. City of Paris application to ap-

propriate 61,610-acre feet of water annually from proposed Pay Mayse Reservoir on Sanders Creek in Lamar County has been set by the Texas Water Commission for December 17.

AND HAVE SO MUCH TO BE THANKFUL FOR—

A hearty turkey dinner, with friends and loved ones around us—these are the traditions of Thanksgiving. Since that first Pilgrim feast, Americans have had much to be thankful for, in their whole way of life, with its God-given abundance and hard-won freedom.

As we prepare to observe this Thanksgiving of 1964, we join all Americans in heartfelt thanks for the great blessings bestowed upon this nation . . . and we extend to you and yours, our sincerest wishes for a happy holiday.

**Blaylock, Moore, Are Team Captains**

**FRANKIE BLAYLOCK**

**CHRISTY MOORE**

Frankie Blaylock and Christy Moore, the young ladies pictured above, have been elected as captains of the 1964-65 basketball team, the Eaglettes.

These two began playing in junior high where they were captains of the junior team that won consolation at the Brady Tournament. Both have lettered three years, been G.A.A. charter members and both have been all-district choices at their respective positions. Last year they teamed together to win district in tennis doubles and advanced to regional.

received the American Legion Sportsmanship Award and last year her team mates selected her as the Most Valuable Player.

As is the case with Frankie, Christy has been in band four years, a cheerleader three years, a member of the National Honor Society and Track and Football Sweethearts.

These two fine senior girls will seek to lead the Eldorado Eaglettes to another district championship and successful season.

**Girls Wallop Brady**

The jinx is securely broken now as Eldorado Eaglettes pinned at 60-37 loss on Brady for the second time this year. Christy Moore broke her own individual scoring record by hitting 46 points. Her previous high was 40. Karen Griffin and Marsha Mund each had 6 and Susan Hill made 2.

Frankie Blaylock led defensively as she seemed to grab every rebound in netting 22. Chris Edmiston was next with 12 and Paula Mace had 5. Jane Cain contributed 2 along with 1 each from Beth McCalla and Mickey Phelps.

Brady, as was expected, was much improved on their own court and with their best forward back in the line-up. Their forwards hit 14, 13, and 10 and the first half was nip and tuck as Eldorado shot at the basket where two overhead lights were out. The score was 21-18 in favor of the Eaglettes. However, the last half saw Eldorado pull away with 18 points in the third and 21 in the last while Brady hit 10 and 9. The pace which the fast and well-conditioned Eaglettes set was too much for the Pupettes.

Coach Bell was pleased to see the floor per cent increase this game with a 39% mark from last week's 27% of shots made. The girls will continue to work on shots and free throws whereas the guards will concentrate on eliminating mistakes such as traveling, bad passes and unsure dribbling.

Score by quarters—  
Eldorado — 11 10 18 21—60  
Brady — 9 9 10 9—37

**B's Win 2nd Game**

The Eldorado "B" is batting 1000 as they have two victories against no losses. They downed Brady Friday night in an exciting contest.

At half-time the younger Eaglettes were behind 17-13 and Libby Preston had fouled out and Joan Doyle had 4. The third quarter Susan Mobley began to find the basket hitting 8 points and had 3 and 4 point contributions from Martha Sue Page and Stella Hubble to give Eldorado a 28-19 advantage although the Pupettes scored 19 to our 16 the last quarter Eldorado still won it 44-39.

Susan Mobley was high point with 17 but Martha Sue had 16 and Stella Hubble had 6. Libby Preston had 5. Libby led the offensive rebounders with 10 while Susan had 8 and Stella and Martha Sue each had 4.

On defense Sherry Yates pulled in 10 rebounds and Shirley Hubble had 8. Joan Doyle, Jan Wagley and Jacque Davis each had 3. Each girl did an excellent job on defense rebounding and getting the ball down court to the forwards.

This is one of the strongest "B" teams that Eldorado has had and they do an excellent job in scoring, defending, and hustling.

Their next game will be in Rocksprings Nov. 30, A&B girls.

Game by quarters —  
Eaglettes — 11 2 15 16—44  
Pupettes — 5 12 2 19—39

**School Menus**

Monday, November 30: German style sausage, potato salad, pinto beans, carrot & apple & pineapple salad, buttered rolls, milk, canned fruit.

Tuesday, Dec. 1: Meatloaf, buttered rice, spinach, stewed tomatoes, buttered rolls, milk, chocolate cake.

Wed., Dec. 2: Hamburgers, lettuce, tomatoes, pickles, English pea salad, potato chips, milk, fresh fruit cup, pecan squares.

Thursday, Dec. 3: Roast beef and gravy, creamed potatoes, buttered broccoli, cabbage & apple & raisin salad, buttered rolls, milk, fruit cobbler.

Friday, Dec. 4: Fresh catfish fillets, whole kernel corn, macaroni and tomatoes, congealed cranberry salad, buttered rolls, milk, fresh fruit.

**Methodist Notes**

Following the special service this past Sunday morning honoring the football team in which special recognition was given the lettermen and captains, the service coming up Sunday morning will have emphasis on older people, the pastor Rev. C. M. Nyquist announces.

"The Glorious Tints of Autumn" will be the topic of his sermon in the service which will start at 10:45.

Statement Pads, 40 sheets to pad. 25c at Success.

**Missionary Visits Here**

Mrs. Eugene Lee, who with her husband is in Presbyterian missionary work in Mexico City, visited here recently with her cousin, Mrs. C. J. Niblett, and family.

The Lees are visiting here in the United States on a three-month furlough. Mrs. Lee spoke at a meeting of local Presbyterian women.

Mrs. Lee and Mrs. Niblett and her family visited with their grandparents, Mr. and Mrs. Maurice Hargett at Moody, Texas.

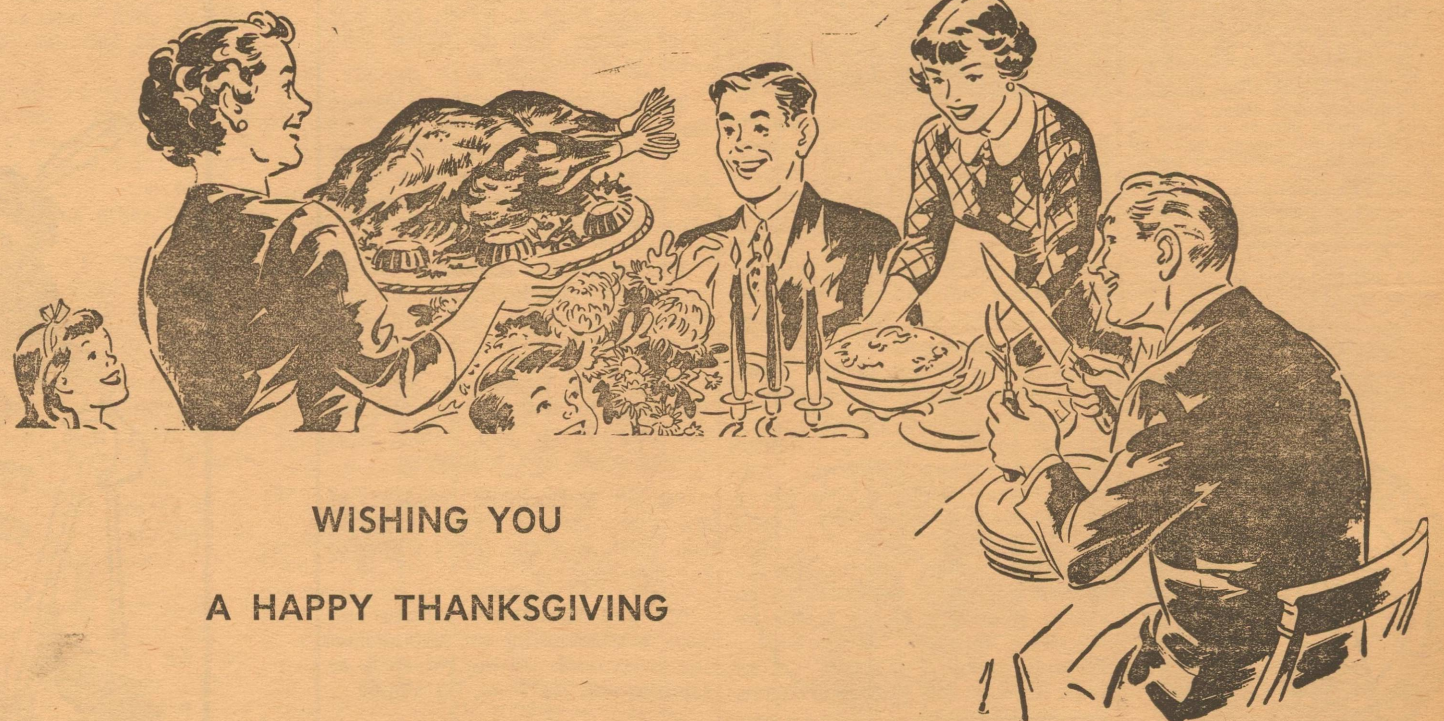

Mr. and Mrs. Jim O'Harrow expect their son and daughter-in-law, Mr. and Mrs. Jimmy O'Harrow and baby daughter, here to spend Thanksgiving from Texas Tech at Lubbock.

**Thanksgiving Resolution**

As we give thanks today for the countless blessings our Freedom provides for us, let us—each of us, determine in his and her heart, to support, with admiration and willingness, the very necessary rules our elected government has set up for us to live by.

These laws, big and little, are the foundation of Freedom, and observance of them is Freedom's only security. Let us hold them in honor. Thus, may all future Thanksgivings be rich with blessings for you and yours.

CARD OF THANKS I want to express my thanks to all my friends and relatives who were so nice to visit me and to all those who sent cards and flowers while I was in the Shannon hospital. Every word of cheer and comfort and every deed of kindness was deeply appreciated by me and also by my daughter and son-in-law, Stella and Terry, and thanks to all the nurses who were so nice to me, and special thanks to my nephew Claude Oran and others who donated blood. May God bless each one of you. Mary Harvey

In Those Days

Compiled From Success Files

ONE YEAR AGO Nov. 28, 1963—"Events of Past Week Cast Gloom Today" was the headline in this Success issue in which the assassination in Dallas of President Kennedy the preceding week, was discussed. Texas Governor Connally who was also shot was reported recovering in a hospital.

Joan Griffin was announced as D.A.R. Good Citizen from the Senior class.

Gladys McClain became the bride of Truel D. Jackson.

FIVE YEARS AGO Nov. 26, 1959—Martha Graham was crowned Band Sweetheart. Hal C. Wingo was to be evangelist at a revival starting at the First Baptist church.

Funeral services were held in Odessa for Hiram Edwin Sharp, Jr., who died following a long illness. Mrs. Lois Etheredge and other relatives and friends attended.

Jack Elder, Gus Love, and Glenn McDonald were taking the farm census.

12 YEARS AGO Nov. 27, 1952—Ann Williams was awarded a \$25 savings bond for her winning Oil Progress Week essay.

Jess Carter died at Christoval. He was a stage coach driver in this area in the early days.

Mrs. Edwin Jackson was elected state P-TA vice president.

Two wildcat oil tests were scheduled. Humble was getting ready to drill No. 1 Olivia Spencer 10 miles southwest of Eldorado and Sinclair spotted its No. 1 Margaret D. Thomson 11 miles southeast of Eldorado.

Floyd McGinnes, in the Army on the East Coast, was getting ready to leave for assignment in Germany.

Jimmie Dell Williams was crowned sweetheart as the Jr. High football banquet was held.

Janice Meador was honored on her 10th birthday.

35 YEARS AGO Nov. 29, 1929—The high school reported acquisition of a block of wood from the remodeling of the White House, to be placed in a "Historical Museum." The school obtained it through the National Lumber Manufacturing Association in Washington, D.C.

Otis Bule and Miss Tommy Dee Oliver were married in the Methodist church, with the Rev. L. D. Hardt, pastor, officiating.

The San Angelo Morning Times advertised Holiday Subscription Rates of \$4.70 by mail in West Texas, daily and Sunday.

Mr. and Mrs. Bill Sweet had an 8-pound girl born in San Angelo. They were planning to return to the ranch near Fort Stockton.

Fred O. Green has started building a new brick home in the Glendale addition which will be five rooms and bath and will cost about \$4500. Mr. Green is local telephone manager.

Home for Thanksgiving from A&M were Wince and Prince Murphy and Edward Ratliff.

First grade honor roll: Hobson Ashmore, Robert McWhorter, Rosalyn Jones, Jimmie Lee Posey, Eloise Watson, Lula May Green, and Jo Ed Hill.

Second grade: Venetia Morgan, Wanda B. Rape, Hazel Outlaw, Genevieve Ramsey, Thelia Luedecke, Juanita Thompson, Jewel Butler, Virginia Lawley, Gerald Nicks, Jack Rounds and Robert Williams.

ELDORADO LODGE No. 800 — A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Community Calendar

Nov. 26, Thursday. Thanksgiving Day. Nov. 26-27, Thursday and Friday. School holidays. Nov. 30, Monday. Girls' basketball teams to Rocksprings. Dec. 1, Tuesday. Open House all day at Love's Flowers. Dec. 1, Tuesday. Ozona boys and girls basketball teams here. Dec. 2, Wednesday. Lions club meets 12:10, Memorial Building. Dec. 3, Thursday. American Legion meets. Dec. 5, Saturday. Bailey Ranch Community Club meets with Mr. and Mrs. Vernal Sudduth. Dec. 7, Monday. Mrs. Oliver Teele's Christmas choral program. Dec. 8, Tuesday. Woman's club. Dec. 9, Wednesday. Social Security representative at courthouse 1:00 to 2:30 p.m. Dec. 10, Thursday. Masonic Lodge meets. Dec. 14, Monday. O.E.S. meets. Dec. 17, Thursday. D.A.R. meets.

FOR SALE—Gas kitchen range; also two love seats. —Mrs. Dee Shipman, phone 22411.

CARD OF THANKS I wish to thank all my friends in Eldorado for the lovely gifts, flowers, notes and cards that were sent to me during my stay at the hospital in Sonora, and the Shannon Hospital in San Angelo. I will always remember your kindness. Virginia R. Moore

Meeting of Bailey Ranch Community Club Held

The Bailey Ranch Community Club met last Saturday night at the home of Mr. and Mrs. A. J. Stevens for our regular monthly meeting.

We had barbecued goat and just about anything else one might want in the way of food. We all enjoyed the "good eats" and it's always in order to visit with a fine group of neighbors who don't bother to add up their troubles—they just count their blessings. It was indeed a very enjoyable evening for all.

The next meeting will be Saturday night, Dec. 5, at the home of Mr. and Mrs. Vernal Sudduth. Remember the date. It's early in the new month. —Club reporter.

Troop 41 Met Monday

Troop 41 met Monday at the Presbyterian church. We were served grape drink and cookies by Sherri Fitts and Debbie Page. We made Christmas presents for our parents.

There were 10 Brownies present and 3 leaders. Mrs. Wilson Page, Mrs. Hal Whitten and Mrs. Vernon Bailey. We all had good luck selling our calendars last week. All were sold. —Rep., Sherri Fitts.

The Guy Whitakers have Mrs. Whitaker's parents, Mr. and Mrs. Bernice Penny of Cushing, Texas, and a brother-in-law and sister, Mr. and Mrs. Roger Richards of Port Arthur, as guests. Mrs. Penny has been here a week and will return home with the others who came in Wednesday.

Mr. and Mrs. Arch Mittel expect the W. H. Harrison family of El Paso on Dec. 5. Bill will return home in a few days and leave Margo and little Leslie Marie to visit until after Christmas.

Mr. and Mrs. Raymond Halls' guests for the holidays are Mrs. Hall's brother, Mr. and Mrs. Dan Mason and family of Lubbock.

Billy Van Dusen of Andrews was here to visit his parents; Mr. and Mrs. W. A. Van Dusen, last Friday night and Saturday.

"Buzz" McCormick, student at the University of Texas, came in last week end for the Thanksgiving holidays.

Mr. and Mrs. Harry Mercer and boys are spending the Thanksgiving week end visiting relatives at Dunson and Marlowe, Oklahoma.

Mr. and Mrs. M. F. Carothers and young son moved last week from Abilene to Waco where he has accepted a new position with Farm Bureau Insurance. Mrs. Carothers is the former Ila Jean Boyer of this place.

Walter Campbell Is 3

Mrs. Dewey Campbell honored her son, Walter, with a party on his third birthday at the Corral room Nov. 20.

Cake and punch were served to: Susie Wagoner, Vonda and Rosellen Maness, Jimmy and Jenny Martin, Turk and Carla Sweatt, Lana Archer, Gary Black, Ara Ledingham, Jimmy and Mike Doyle, Charlie and Melody Davidson, Colmer and Zenda Chapman, and John and Walter Campbell.

Out of town guests were Ty and Terry McEwain from Big Spring. Bubble soap was given as favors.

Mrs. Leonard Bailey and Mrs. Roscoe Keys and son, Dicky, of Kerrville, were guests of Mrs. Kenneth Doyle and children last week end.

Miss Ruth Applin, Mrs. Frank O'Banion's sister, has been visiting her parents, Mr. and Mrs. Dan Applin at Brownwood and is returning to the O'Banions' accompanied by her parents, to spend Thanksgiving.

Women Study Korea

The W.M.U. of the First Baptist church met Monday afternoon at the church for the monthly general business meeting and missionary program. The topic of the program was Korea: Ready for Religious Change.

Mrs. Edgar Spencer was program leader. Mrs. J. B. Montgomery brought the devotional. A prayer period was held with Mrs. W. N. Ramsay, Miss John Alexander and Mrs. L. M. Hoover leading the program. Frank O'Banion sang the national anthem of Korea accompanied by Mrs. Vernon Rogers at the piano.

Others on program were Mrs. Fred Watson, Mrs. T. P. Robinson Jr., Mrs. Weldon Davis, Miss Mary Bruton, Mrs. Edith Shaw and Mrs. Granvil Hext. Frank O'Banion led the closing prayer.

Mrs. Carroll Ratliff, WMU president, conducted the business session.

The Annie Sue Cliff circle acted as hostesses and served brownies and coffee to three guests, Mrs. Effie Brooks of Dallas, Mrs. August Roden and Mr. O'Banion, and 28 members.

CWF, Christian Church

The C.W.F. of the First Christian church met in the home of Mrs. Charles Young.

Roll call was given with a thought of our Pilgrims' Thanksgiving. Secretary report was given by Shirley Haynes and treasurer's report was made.

It was suggested we visit all members absent from church, ill or well, each week.

The C.W.F. is sponsoring a nursery for Sunday morning service at 10:45.

It was fully decided to have a fellowship dinner following our December 6th Woman's Day Service. Be sure to keep this date in mind and be a part of this service. We hope this to be an outstanding service and all will become better acquainted with our speaker Mrs. Grupe, from San Angelo.

Our lesson was on Jose Sanchez, a Cuba Refugee, written by Ella Williams.

Our meeting closed with the C. W. F. benediction. Refreshments of home-made cookies, tea and coffee, were served. Mrs. C. E. Cogswell will be our December hostess. —Rep.

Mrs. Rose Doyle and Mrs. Mary Hernandez of Rose's Beauty Shop attended a Beauty Show at the Town House Hotel in San Angelo recently. Otto of Vienna was the guest artist at the showing of the latest in hair styles.

Mr. and Mrs. W. H. Harrison Sr. of Columbus, Texas, visited Mr. and Mrs. Arch Mittel last week end en route to El Paso to visit their son, Mr. and Mrs. W. H. Harrison Jr. and little granddaughter, Leslie Marie, and for Mr. Harrington to join a hunting party at Trent, Texas.

Mr. and Mrs. E. W. Brooks were here Monday from San Angelo where they now live, looking after their property.

Mr. and Mrs. Joe Edens of Lake Buchanan were in Eldorado the first of the week.

Band-Football Banquet Held Saturday Evening

The annual Band-Football Banquet was held Saturday night, November 21. The banquet was held in the old gym, which was beautifully decorated in a football-band theme by band members.

The welcome was given by band president, Kay Peters, and response by Richard Preston.

Invocation was given by Mickey Phelps.

The High School Girls' Sextette entertained with three songs; then Coach Barnett made presentation of the awards: Most Valuable Player award went to Bobby Halbert, and Most Outstanding Player award to Monty Montgomery.

Band sweetheart, Mary Ann Page, and Football Sweetheart, Marilyn Wilson, were recognized.

Following the banquet, everyone went to the Memorial Building, which was decorated outstandingly, for the dance. Music for the dance was furnished by Frank Trevino and his combo.

The Band members would like to thank all the mothers who furnished food for the banquet and refreshments for the dance, and a special thanks to Mr. Jerroll Sanders for preparing all the turkey and dressing.

George Stanley Finley was here Tuesday from San Angelo.

The Bob Rowe family are visiting Mr. Rowe's brother-in-law and sister, Mr. and Mrs. Leo Harrelson and family at Archer City for Thanksgiving.

Mr. and Mrs. August Roden have as guests for Thanksgiving and through Sunday, Mr. and Mrs. Ernie Webb from Midland.

Miss Karon Kemble, a student at San Marcos college, was visiting Kay Sanders and Pat Rogers, a Hardin-Simmons sophomore home for the week end, last week end.

Mr. and Mrs. Vernon Rogers and family are spending the Thanksgiving holidays in Lovington and Portales, New Mexico.

Mr. and Mrs. E. B. Mace of Fort Worth visited their son, Mr. and Mrs. J. H. Mace and Paula, last week end.

Mr. and Mrs. Fred Watson are spending Thanksgiving with their son-in-law and daughter, Mr. and Mrs. Floyd Spurgers and their four boys, at Clyde.

Mrs. F. M. Bradley had as guests from Wednesday through Friday, Mr. and Mrs. H. E. Davis of Snyder, Oklahoma, and Mr. and Mrs. Luther Roberts of Mountain Park, Oklahoma. Mrs. Davis is a niece of Mrs. Bradley. They came to hunt in the county and Mr. Davis was successful in getting a buck.

Ray Lewis Ballew is here from San Marcos to spend the Thanksgiving holidays with his parents and other relatives.

E. T. Davis quietly observed his 82nd birthday this past Saturday. A few neighbors and friends called on him and Mrs. Davis at their home here to wish him well.

Methodist Notes

**ANOTHER SPECIAL SERVICE**  
Last Sunday youth had its day at the Methodist Church as the pastor, C. M. Nyquist, preached a sermon on the subject, "First Down and Ten to Go." The Eldorado Hi Varsity and B teams were special guests, and the sanctuary was well filled with worshippers. Next Sunday the Senior Citizens will have a special day. The theme will be "The Glorious Tints of Autumn," and the sanctuary will be decorated in the colors of autumn. Each worshiper will be given a souvenir of the special service. The public is cordially invited to attend. Time: 10:45 a. m.

Guests in the Jack Bell home this week are Mrs. Bell's mother, Mrs. Marie Graham and grandmother, Mrs. Effie Brooks, both from Dallas.

**COUNTY AGENT'S COLUMN**

by *Tiny Godwin*

**Schleicher County Agricultural Agent**

At this Thanksgiving season of the year all of us should stop, meditate and just simply "give thanks." Thanks for home and fire-side; for friends who mean so much; for the doors that open for us to enter to have our "faith lifted;" for the privilege of work; for the marvelous example set by parents who cared; for talents bestowed upon us by Him who created us; for romance and thousands of other things.

Screw worm eradication officials are preparing to implement the winter screw worm control strategy which will effectively protect the State and Southwest against reinfestation from Mexico next year. Plans call for dispersing nearby all the sterile flies available in Mexico this winter, with special attention to the east and west coasts where screw worms can live all winter and form the principal threat to the United States next spring. As the number of flies subside in Texas, New Mexico and Arizona, sterile flies will be withdrawn and released in the barrier zone which parallels the international border on the Mexican side. This will weaken screw worm population in Mexico and prevent their northward migration in the future.

A major hitch could develop if large numbers of cases appear in Texas this winter. This could happen if livestock men, relying too heavily on cold weather to alleviate their problems, fail to watch their animals and detect all cases, especially in South Texas.

It narrows down, that cases found in Texas now will force eradicators to pull sterile flies from the barrier operation to "hot spot" statewide cases. Each hot spot operation costs about \$750,000, and means one million less flies in the barrier zone.

The pattern of screw worm activity follows the same pattern each year with one major exception. The number of cases has decreased 95 per cent. 17,000 cases were reported in 1962; 3100 cases in 1963, and 23 cases in 1964, within the pattern.

With all co-operating, let us hope for that magic number—zero!

The greater the difficulty, the greater the glory.

What is the best time of the year to prune trees? This will depend largely on the reason for pruning. Deadwood can be removed from trees at any time without injuring them. Spring pruning, however, is recommended when doing correctional pruning, since the wounds heal faster than at other times of the year.

If your object is to increase fruit and set floom, prune before the blossoms form in mid summer. If, on the other hand, you want to decrease the number of blossoms, prune before they bloom after blossoms have set. Pruning trees too early in the fall tends to reduce plant hardiness and, in general is not a good practice.

Evergreens should not be sheared in late fall as the cut ends will not heal over until spring.

The 1965 Farmers Tax Guide is now available at the county agent's office. Even though you may not do your own income tax return, the pamphlet is well worth your time to read, to read about changes in the law, and important dates and things that should be remembered by each individual who sends in a 1040 form.

Nuclear war, however unlikely,

still is possible, and if the United States is hit, casualties could be enormous.

Even in the worst conceivable kind of war, fall-out shelters will save up to 65 million lives. No other defense weapon, neither the present bomber defense nor the potential missile defense, can be effective without shelters.

The first essential is to protect or shelter your family from fall-out dust and the penetrating rays that radiate from dust. Your home or any farm building will give some protection.

You may obtain the 30-page booklet, Family Shelter Designs, from your county agent or local civil defense director.

Leisure is the time for doing something useful.

**Thanksgiving Program Presented By D.A.R.**

The El Dorado Chapter, Daughters of The American Revolution, met at the home of Mrs. Ernest C. Hill last Thursday, Nov. 19, for their Thanksgiving program.

The reception rooms were beautifully decorated with roses, berries, and fruit carrying out the Thanksgiving motif.

Miss John Alexander brought the devotional on Thanksgiving after the opening prayer. She also led in the pledge to the flag and the National Anthem was sung by the group.

Mrs. Ernest Goens, regent, presided and gave the President General's message.

Mrs. Ernest Hill gave a report on defense.

The social chairman, Mrs. Elizabeth Powell, announced that the next DAR meeting would be a luncheon at a local cafe and asked all members planning to attend to contact the social committee by Tuesday.

Mrs. Powell was program leader and reminded the chapter of the sacred urge of all free men to give thanks to our Maker for blessings received throughout the year.

Mrs. L. M. Hoover brought the program, "Faith of Our Fathers, Living Still" by Mrs. G. A. Ackerman, state vice-regent of Nebraska. She stated that even though DAR was a patriotic society and that the objects were patriotic, educational or historical, all meetings were opened with prayer asking divine guidance in achieving all objectives.

She also described the church of the Pilgrim fathers, one of the earliest in America and the difference between churches in those days and today. Their first meeting houses were crude, unpainted and uncomfortable. The services were long, lasting most of the day; the opening prayer lasting at least an hour. The pilgrims were very stern about their religion and had strict laws governing conduct. She also stated that we have inherited our faith from our forefathers and also a willingness to defend our beloved America, and that many believe that faith in God would be the deciding factor if there should be a struggle between America and Russia.

After the meeting adjourned the hostess, Mrs. Hill, who was assisted by Mrs. Carl McWhorter and Mrs. P. K. McIntosh, served German chocolate cake, fruit salad, nuts, and coffee or tea to Mrs. Goens, Mrs. Powell, Miss Alexander, Mrs. Hoover, Mrs. J. E. Hill, Mary Davis Coupe, Mrs. W. F. Meador, Mrs. V. G. Tisdale, Mrs. W. N. Ramsay, Mrs. Josh Ewing,

Here's a woman men notice...and women watch...

Unerringly she puts her finger on excitement and stirs it. She's discovered the freedom of living in a Total Electric Gold Medallion home. She has time for civic duties without leaving her house and family unattended. She is a member of the young married set. Dozens of reliable electric servants stand ready at all times, and with their help, her home stays fresh and clean as spring-time the whole year round.

Total Electric Gold Medallion homes may be any size, style, or price, as long as they meet electrical requirements. Why not investigate the comfort and modern convenience that only flameless electricity makes possible. Remember that the Gold Medallion, like the Sterling mark on silver, is a sign of quality.

See your own home builder or WTU regarding the advantages of a Total Electric Gold Medallion home.

### This Day Of Thanksgiving

Thanksgiving is a time to count

Our many blessings, large and small,

And offer up a prayer of thanks

To the Creator of them all.

With simple words but heartfelt warmth,

Your deep appreciation shown—

Thanksgiving Day's true meaning, then,

Your heart will feel and you will know.

As we sit down to dinner today, this Thanksgiving Day of 1964, each of us warm and safe, let us give thanks for more than the food upon our table. Let us give thanks for our country founded on four essential freedoms. Let us give thanks for our freedom of speech and expression. Let us give thanks for the freedom of each of us to worship God in his own way. Let us give thanks for freedom from real want in this great country of abundance. But, most of all let us give thanks for freedom from fear when we exercise our rights to these other basic freedoms. Let us give thanks that some of America's greatest characteristics are decency, tolerance and moderation, that the great majority of our people act, one to another, as thinking, compassionate human beings. Let us thank God for America and her freedoms and then let each of us stand tall to preserve them.

Let's Make This More Than A

## Thanksgiving

Day of Feasting . . . . .

On this day of Thanksgiving, 1964, let us be truly grateful for the great heritage that is ours, in this, the greatest nation in the world.

We feel it is fitting at this season to express our sincere thanks to each of you, for your friendship and patronage through all these many years that we have had the pleasure of serving you.

We Wish For Each Of You A Most Joyous Thanksgiving With Your Loved Ones

### THANKSGIVING BEFORE MEALS

Protestant: "Bless, O Lord, this food to our use, and us to Thy service, and make us ever mindful of the needs of others, in Jesus' name. Amen."

Roman Catholic: "Bless us, O Lord, and these Thy gifts, which are about to receive from Thy bounty. Through Christ our Lord. Amen."

Jewish: "Lift up your hands toward the sanctuary and bless the Lord. Blessed art Thou, O Lord our God, King of the universe, who bringest forth bread from the earth. Amen."

Farm and Ranch Conservation Plans

A conservation plan for your farm or ranch should be designed in such a way that by carrying it out, or applying it to the land, the most effective use of the rainfall will be made; soil will be conserved; and improvement of vegetation obtained on the rangeland. The objective of the plan is to net the most money and at the same time keep the farm or ranch in a good productive condition for years to come.

Land operators cooperate on a voluntary basis with their local soil conservation districts. They ask their district for assistance in developing a coordinated soil conservation plan. Together the farmer or rancher and the Soil Conservation Service planner go over each piece of land and determine its needs and condition. Together the farmer or rancher and the Soil Conservation Service technician, assisting the Eldorado-Divide Soil Conservation District, go over each piece of land and determine its conditions and needs. With the help of the technician, the operator decides on the right soil conservation plan for his farm or ranch. The details of the plan are drafted onto an aerial photograph and serve to guide the operator as he applies the program to his land.

At the present time there are 312 farmers and ranchers who have conservation plans on their places in the district. These 312 plans cover 716,439 acres. Their effectiveness as far as conservation is concerned depends entirely upon how well the fundamental principles and benefits of conservation are understood. The speed with which a particular conserva-

tion plan is applied to the land depends upon the owner or operator of the farm or ranch. Some conservation practices are more popular with farmers and ranchers than other practices. Year in and year out a conservation plan on a farm or ranch will pay more dividends when all of the needed soil, water, and plant conservation practices are carried out.

Technicians of the Soil Conservation Service assisting the Eldorado Divide Soil Conservation District, will be glad to work with farmers and ranchers in working out conservation plans for their places.

Cost share assistance on certain practices in the conservation plan can be obtained by working thru the Great Plains Conservation program or the Agricultural conservation program.

For further information and assistance in developing and carrying out conservation work on your land contact local technicians assisting the district.

Ginning Last Week At A Standstill

Abilene.—Cotton harvesting was at a standstill last week. A few gins operated on Monday to clear gin yards of cotton harvested during the week end.

Sample receipts at the U.S.D.A., Cotton Classing Office in Abilene were down about 7,400 from the previous week. Receipts for the week ending November 20, 1964, totaled 11,150 which brought the season total to 109,500.

Grades of cotton from Concho, Schleicher and Tom Green counties continued to improve. Grades

and their percentage were: Middling Light Spotted, 23; Strict Low Middling Light Spotted, 45; Low Middling Light Spotted 5; Middling Spotted, 7; Strict Low Middling Spotted, 18; and Below Grade, 2. Staple lengths improved considerably and were: 13% 7/8; 40% 29/32; 45% 15/16; and 2% 31/32.

Better than 99% of the mike readings were in the 3.5-4.9 range.

VISIT MR. HILL IN HOSPITAL

Last Friday night, Ray Boyer, Bill Gunstead and John Stigler, all of the local Lions club, visited Ernest Hill in the Sonora hospital. Mr. Hill is a charter member of the club.

Mrs. Lester Henderson

On this Thanksgiving, let us all give thanks for our great free nation; our pleasant and prosperous community; and personal rewards we all enjoy.

THE FIRST NATIONAL BANK

Eldorado, Texas

On Aircraft Carrier

USS Constellation (fhnc)—Jose Vasquez, fireman, USN, son of Sylvestre Vasquez of Eldorado, Texas, is serving aboard the attack aircraft carrier USS Constellation, operating out of San Francisco, California.

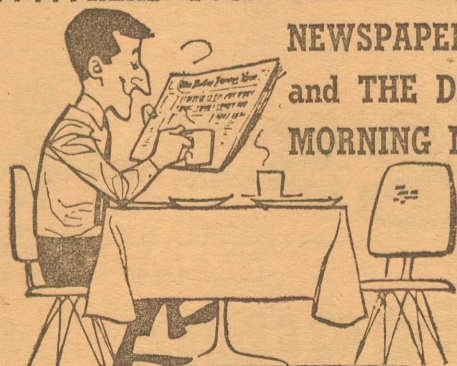

Constellation, one of the Navy's mobile floating airbases, provides fuel, maintenance and supplies for more than 80 aircraft of assorted

types and sizes.

The ship is operated by more than 4,000 men and can operate continuously for months at a time, covering 600 miles a day with speeds up to 40 miles per hour.

Her flight deck is longer than three football fields laid end-to-end, its widest point being over 250 feet. The flight deck is large enough to hold both luxury liner Queen Elizabeth and Queen Mary side-by-side.

Tourney Set at Dyess

Dyess Air Force Base., Texas — Lineup of teams for the Fifth Anniversary High School Girls Basketball Tournament, hosted annually by Dyess AFB, has been reported complete by Recreation Services Director Larry Mildren.

Sixteen teams are slated for the three-day event, starting at 11:30 a.m. December 10 in the Dyess gymnasium. A daily schedule of eight games will be capped by award presentations at 10:30 p.m. December 12.

Participating high schools announced were Paint Creek, Anson, Winters, Trent, Coleman, Wylie, Baird, Hamlin, Jim Ned, Hawley, Clyde, Canutillo, Haskell, Sundown, Eldorado and Lueders.

Mildren stated that capacity crowds were expected and the record of 4,600 fans, set in 1962, may be broken.

A partial summary of the contending teams was as follows: Heading the list of entries this year is Coach L. B. Howard's fine Baird High School team, which captured the state Class A title last season, and Coach Ralph Newton's top Trent High School team, which returned from Austin with the state Class B championship last year. These teams met in the Dyess 1963 finals. Baird won 59-57 in the last seven seconds.

Sundown High School, only contender to take a Dyess championship two times, returns for a third title attempt. Sundown did not participate in 1963, because of a schedule conflict. Sundown captured the state class A championship for three years in a row, took the Dyess titles in 1961 and 1962.

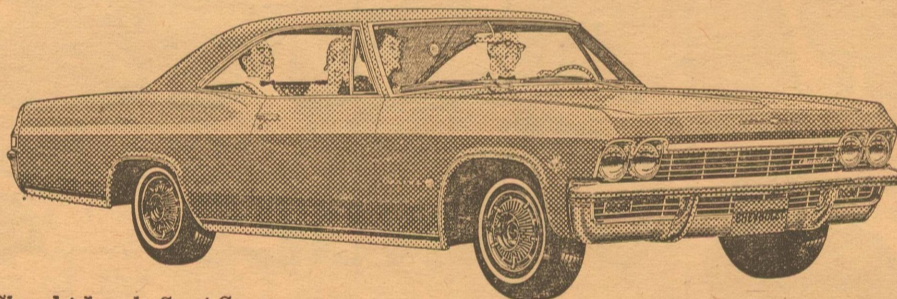

Newcomers in the Dyess 1964 event will be Canutillo High, from the El Paso area, and regional finalists at Lubbock last year; Lueders High School, which captured fourth place in class B action last year, and Eldorado High School, 1963-64 bi-district class A champions.

Eleven of the teams participating at Dyess this year won their conference title last season, Mildren stated, and four participated in the state basketball tournament at Austin. The outlook for Dyess was such that "No other tournament in the state can boast such a lineup of star players and teams."
