Saturday Service To Be Curtailed At Post Office

Discontinuance of window service at the Post Office on Saturdays has been announced.

Postmaster Bernard Carr states that as a result of the recent cut-backs in the Post Office Department's budget, Postmaster General W. Marvin Watson has found that one of the ways to live within the budget cuts is by eliminating window service on Saturdays at First and Second Class Post Offices.

This means that this Post Office will be closed all day on Saturdays, beginning this Saturday, July 27th. The mail will come in as usual and be put up into the boxes, the same service that you have been receiving on Sundays. It also means that the mail that you wish to go out on Saturdays must be deposited in the street letter box before 1:15 p.m. And it also means that you must keep plenty of stamps on hand for your Saturday and Sunday mailings, as we are strictly forbidden to make any financial transactions on these days, Postmaster Carr pointed out.

As to date, this does not affect the Rural Route Service. It will run as usual on Saturdays.

So please remember to keep plenty of stamps on hand, and that you must deposit your out of town mail in the curbside collection box before 1:15 Saturdays, Sundays and holidays if you want your mail to go out on those days, as this is the time of the last outgoing for those days. There is no change in the services and outgoing mail Monday through Friday.

LOCAL PASTOR DIES

Bro. Jim Jackson of Austin, Tex., suffered a severe heart attack on Monday and died late Wednesday in an Austin hospital. Interment was made in an Austin cemetery.

Bro. Jackson had been serving the Antioch Baptist church as pastor for the past 3½ years, and will be greatly missed by his many friends here in Eldorado.

Deer Season Set For Nov. 9th Thru Jan. 1st

Deer season will be Nov. 9 thru Jan. 1 in the counties here in Southwest Texas that comprise the Edwards Plateau, Schleicher county is in the group.

Bag limit: 3 deer, no more than 2 bucks. Antlerless deer may be taken in designated areas by permit only.

Javelina and squirrel: no closed season and no bag limit. Turkey: Nov. 9 thru Jan. 1 with a bag limit of two turkeys, gobblers or bearded hens.

Quail season will be Nov. 9 thru Jan. 31 with a bag limit of 12 per day and 36 in possession.

New Babies

Mr. and Mrs. Richard Kent are the proud parents of a daughter born July 18 in the Shannon hospital. The young lady has been named Rhonda Michele. She weighed 7 lbs. 10 oz.

Grandparents are Mr. and Mrs. Victor Kent, and Mr. and Mrs. H. M. Talley of San Angelo. Greats are Mr. and Mrs. L. Kent and Mrs. Gladys Stoepfer of Eden.

Mrs. Kent and new baby came home Tuesday.

News of the Sick

Morris Whitten sustained a severe heart attack late Sunday and was taken to Shannon hospital by Sheppard ambulance. He was still under oxygen and in the intensive care section Monday.

Mrs. Sybil Kinser entered Shannon hospital Saturday, was treated over the week end, and by Monday was pending major surgery. The surgery was set tentatively for Tuesday. Levis Kinser is continuing convalescence at home.

A. G. McCormack remained in Shannon hospital early this week, and was in traction for his back.

Jim Thornton was in Dallas Monday where his ear was checked by a doctor.

Reactivated C of C Making New Start

At a recent meeting of the Chamber of Commerce, members who had held office for several years, requested that they be re-elected and a new interim list of officers and directors were appointed who will carry out duties of the chamber until a formal organizational meeting is called some time in September.

Interim officers now are: Raymon Mobley, president; J. B. Brame, sec.-treas.;

Interim directors are: Pete Peters, Mee McCormack, Buddy White, Toney McMillan, Isadore Belman, Bob Bland, Elnora Love, Pat Sykes and Henry Speck, Jr.

Most of these members were present at an informal meeting Thursday night in the home of Dr. and Mrs. Brame. While the meeting was in the nature of a "bull session" the group agreed that a clean-up campaign was urgently needed in Eldorado and certain members in the group agreed to contact city and county officials in an effort to enlist their co-operation in a clean-up drive.

Discussed at length was the coming deer hunting season and ways to advertise this county as a new unexploited area where deer are numerous and hunting conditions unusually favorable.

Four large signs were proposed on the highways leading into Eldorado and one of the directors was charged with the job of getting estimates on its cost.

The Chamber of Commerce as it is now set up is looking forward to a reorganization and re-birth in September when a city-wide meeting will be called and a more permanent organization will be set up inviting the efforts and co-operation of the entire community.

It should be encouraging that the re-activated club is not starting out broke.

Interim President Raymon Mobley reported that when the books of the old C of C were turned over to him that the new organization is starting off with a bank balance of no less than \$1,400.00.

To Coaching School

The state Coaching School will be held in Fort Worth starting this week end.

Head Coach Sherwood Barker, and his assistants Norman Roberts and Bob Helmers, are planning to attend from the local school.

Coach Barker will announce plans for physical exams and pre-season workouts when he returns from the school.

Commissioners Vote Salary Hikes And Set \$1.25 Tax Rate

In recent meetings, the County Commissioners voted salary hikes.

In addition to the increases for Commissioners and the officials listed in the legal notice on page 4 of this Success issue, 10% salary increases were voted for: Wynema Buchner, Jack Jones, Fenna Whitten, Bertha Wilson, John Hamm, Earl Hicks, Gregorio Barajas, Jack Griffin, R. E. Cheatham, O. B. Singleton, James Holley, Jerry Jones, C. W. Wallace, Eugene Bradshaw, Zaragoza Esquivel, Roy Andrews, and Ruth Baker.

The Commissioners set the rate for the 1968 year at \$1.25. The following valuations were set:

Cattle	\$15
Horses	\$15
Sheep	\$2.50
Goats	\$1.50
Hogs	\$2.50
Grazing Land, acre	\$4.50
Farming & Cult. Land	\$7.00

Automobiles

1968	\$400
1967	\$300
1966	\$200
1965	\$150
1964	\$100
1963	\$75
1962	\$65
1961	\$50

Tractors, Trucks & Pick-Ups

1968	\$300
1967	\$200
1966	\$150
1965	\$100
1964	\$75
1963	\$65
1962	\$50
1961	\$40

All 1958 through 1960 cars, tractors, trucks and pick-ups: \$25.

The Commissioners voted to increase their own expense allowance \$25 month.

They allocated \$300 to the Schleicher County Historical Society.

The Court employed Walter L. Ford road employee at \$400 a month.

They also increased the salary of Helen Carlman \$40 month, and voted to raise the sheriff's salary \$50 month.

Governor Connally's Bus Coming Tuesday

Texas Governor John Connally and a number of state dignitaries are expected to pass through Eldorado next Tuesday afternoon as a part of a Texas Forts Tour, route of which has been promoted in recent months by the various agencies concerned with tourist development.

The Governor will have lunch Tuesday noon in San Angelo and his bus is expected here about 1:15 p.m. It will stop at the woolen mill where local citizens are invited to mingle with the crowd.

The Chamber of Commerce and the Lions Club are making special effort and plans for the governor's visit here to be memorable, although it will be brief. Judge Tom Ratliff will ride the bus to Ft. McKavett. Judge Winslow will be on it from there to Menard.

Shooting Demonstration Given At Lions Club

Frank Perkins and Travis Lane of the Texas Department of Public Safety presented the program at the meeting yesterday of the Lions Club. They gave a shooting demonstration, during which Lane split a playing card in two, put out candles, and did other trick shooting with pistols.

Penfield Barker was a guest, and C. T. Humphries presided.

At beginning of the meeting, Joe Christian led singing of The Battle Hymn of The Republic accompanied by Mrs. Olson at the piano. John Stigler led Flag salute, and D. G. Salter gave invocation.

Post Script

A revised notice from the county appears on page 4, setting the date of August 12 as a hearing for proposed increases in county salaries.

We added up the increases shown and it comes to an extra \$4,524 per year. In addition we understand there will be increases for road hands and various deputies.

I only hope there will be enough money left next year so the county can provide handsomely for the new rodeo arena which the Eldorado Riding Club is so desperately in need of. That figure was set one time at \$15,000.

With our subscribers: The Wilson Humphrey family have moved from Portland, Texas, and their new address is 8907 Troulon, Houston, Texas 77036.

The Lum Burks have entered a new subscription for Mrs. R. J. Wilkins, 1209 Huddleston, Grand Prairie, Texas 75050.

Ray Morgan's new address is 2509 Guilford Road, Fort Worth, Texas 76107.

Mrs. J. B. Christian is now receiving her Success at Baptist Memorial Hospital, 702 N. Main in San Angelo.

Social Security Benefits Listed For This County

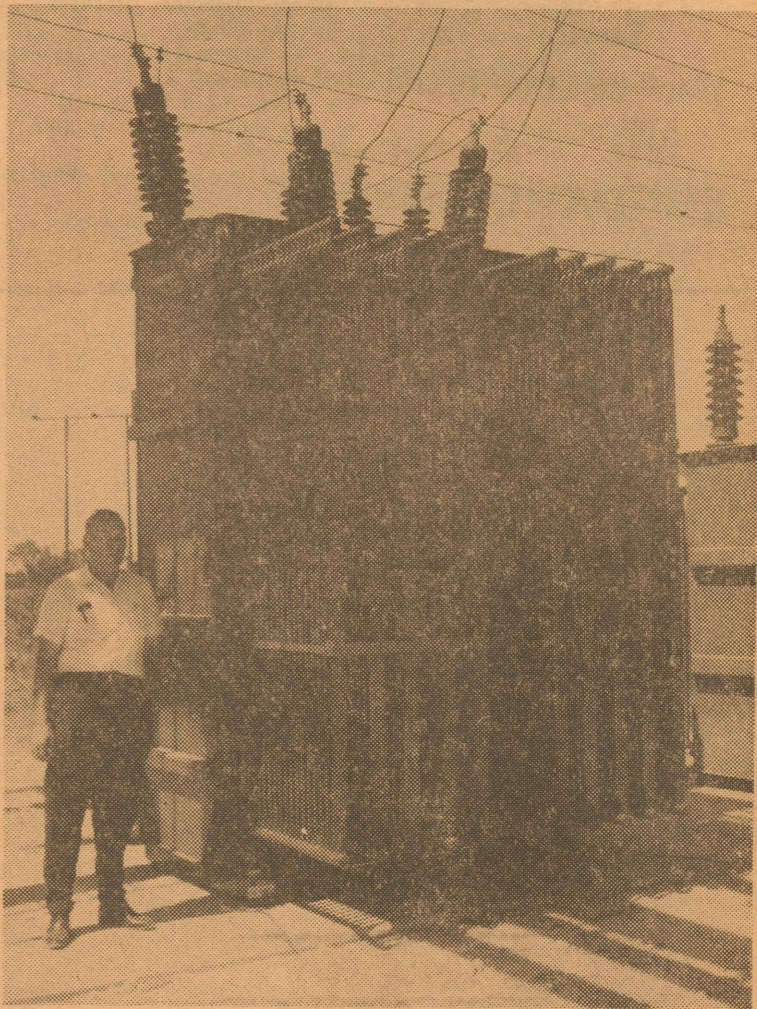

Social Security benefits were paid to 314 recipients in Schleicher county during the year preceding last February, according to information given Congressman O. C. Fisher by the Social Security Administration. Total of payments for the County amounted to \$24,156.

Nearly 11 Inches

A rainfall report supplied by Lloyd Johnson of the Soil Conservation District is carried in this issue on page 5.

His figures for the first 6 months of this year add up to a total of 10.81 inches. Mr. Johnson has only three stations reporting to obtain his average, and it is likely that certain areas in the county receive considerably more.

Service Interrupted Only Three Hours While This 13 Ton Transformer Was Installed At Huldale

Tuesday, July 16, Southwest Texas Electric Co-Op's Huldale Substation was a beehive of activity. The Co-Op crew was very busy installing a new 2500 K.V.A. transformer and removing three 335 K.V.A. units, and bringing another circuit out of the station for better load distribution and control of service interruptions.

These changes were made due to sharply increased loads on this station last year and will put this portion of the Co-Op's system in position to deliver both better quality and quantity service.

Road Machinery Back Working On New City Streets

County road equipment moved into Eldorado Tuesday morning and work is under way on streets in the low-rent area, giving promise to residents in that district that all-weather streets will finally be provided.

Procedure calls for digging out about six inches of black dirt and replacing it with caliche for a base. Later it will be black-topped.

First problem being encountered is the presence of huge rocks lying near the surface and their big bulldozer was having a problem dislodging them.

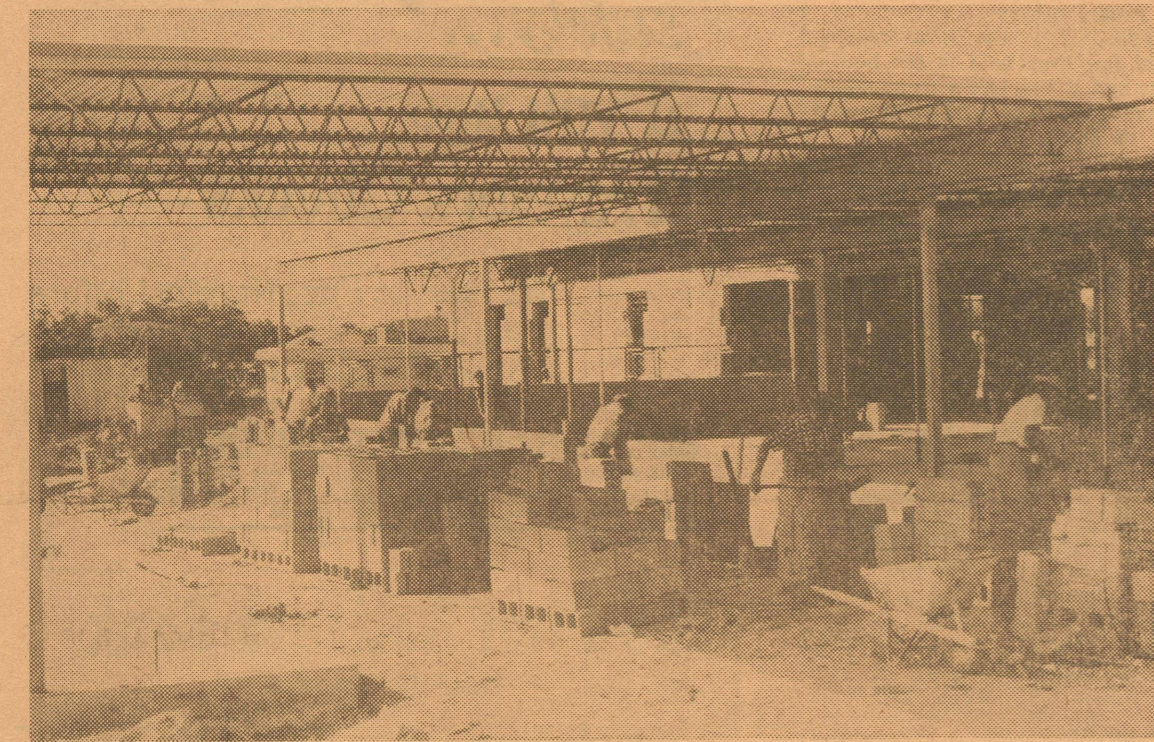

Linthicum Named To Charolais Association

Horace Linthicum of Eldorado, Texas, has been accepted for membership in the American-International Charolais Assn., Houston, the nation's fourth largest and fastest-growing beef breed, announces J. Scott Henderson, executive secretary.

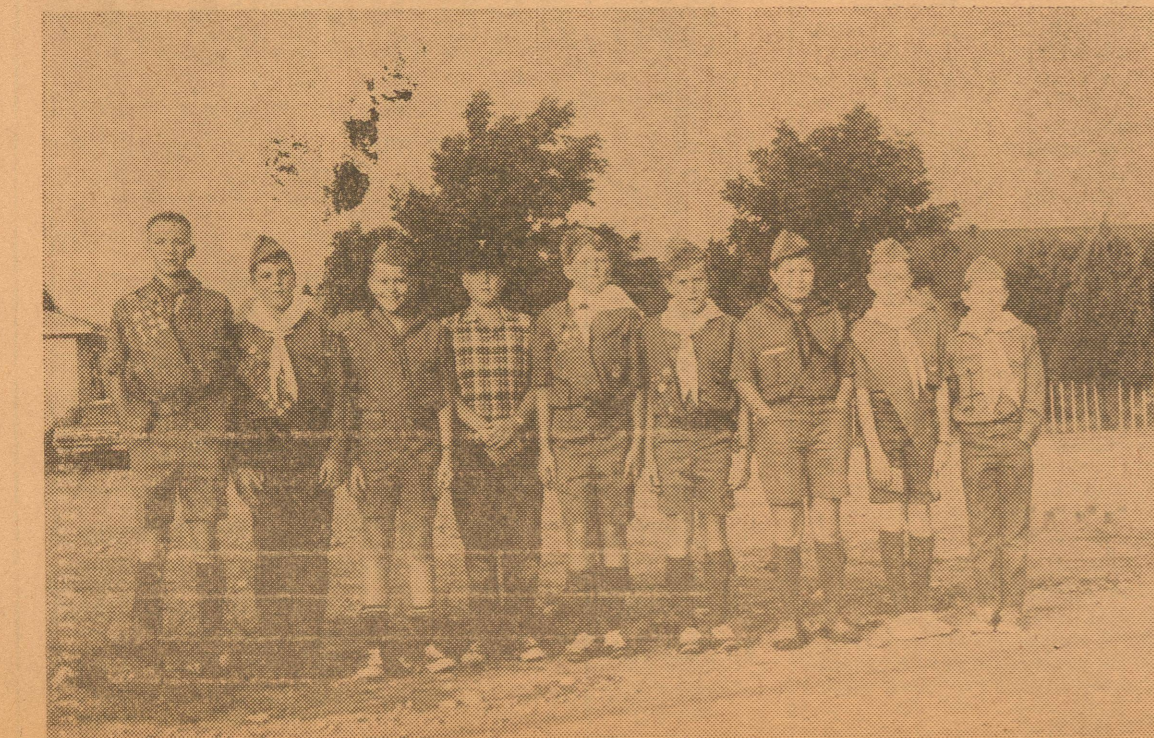

Originating in France more than 200 years ago, Charolais has become well established in this country because of the breed's greater weight-for-age, greater feeding efficiency and improved carcass values that produce a greater ratio of quality lean meat to fat than other breeds.

Registrations of purebred Charolais during the past year totalled 17,618 animals, a 46% increase above year earlier figures. Transfers rose 41% as more and more breeders enter the production picture. Membership increased to 5,676 members, a 34% increase over new members the previous year.

There are now approximately 59,900 purebred and 183,183 recorded animals in the association's herd book and appendix, for a national herd of 243,088 animals.

COW POKES

"No, Senor, the panther no bother the sheep thees week . . . but he deed eat the government trapper!"

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

Everybody loves a picnic and especially the children. Having a picnic is a frame of mind and backyard picnics are as much fun as one 25 miles from home and I would say—"much easier."

Batter-Dipped Hot Dogs make a perfect main dish for backyard eating. Add some corn on the cob and an icy cold watermelon and you have it made. Here's how you do—

Batter Dipped Hot Dogs

- 1/2 cup corn meal
- 1/2 cup sifted flour
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1 egg, beaten
- 1/2 cup milk
- 2 tablespoons shortening
- 12 weiners.

Sift together corn meal, flour, salt and pepper. Add egg, milk and shortening. Beat with rotary beater until smooth. Dip weiners in batter and let them drain. Fry in hot deep fat (375 F.) 2 to 3 minutes or until golden brown. Drain on absorbent paper. Call the children.

Want to try something new and different? Then make up a batch of crackers. Crackers? Yes—Corn Meal Crackers! They are fun and good at the same time.

Crispy Cornmeal Crackers

- 1 1/2 cups flour
- 1/2 cup cornmeal
- 1 teaspoon salt
- 1 1/2 teaspoons dry mustard
- 1/2 cup shortening (any you choose)
- 1 tablespoon prepared horseradish
- 2 tablespoons COLD water
- 1/2 cup sour cream

Sift together flour, meal, salt and mustard. Cut in shortening and horseradish until mixture resembles coarse crumbs. Blend water and sour cream; add to dry ingredients, stirring lightly until just dampened. (Dough will be sticky.)

Turn dough out on lightly floured board. Knead gently a few times. Divide dough in half. Roll each half paper thin; cut in squares or with a 2-inch cookie cutter.

Place on ungreased cookie sheets; prick with a fork. Bake in preheated moderate oven (375 F.) 10 to 12 minutes or until lightly brown. Makes 8 dozen.

And—while we are on the subject of cornmeal dishes we might as well do a recipe for hush puppies.

I had fun not long ago with a group of 4-H Club girls. Somehow the subject got around to Hush Puppies and not a girl knew what they were but several of them had some rather wild and far out notions of what they could be.

Nothing goes better with a summer fresh vegetable meal than Hush Puppies unless it might be Jalapena cornbread.

Hush Puppies

- 1 cup corn meal
- 1/3 cup flour
- 1 teaspoon salt
- 1 teaspoon baking powder
- 1/2 teaspoon soda
- 1/3 cup finely-chopped onion
- 3/4 cup milk (I like to use sour milk).

Sift together meal, flour, salt, baking powder and soda. Stir in onion. Add milk, mixing well.

Drop by teaspoonfuls into hot deep fat (375 F.) frying only a few at a time. Fry until golden brown. Drain on paper towels. Makes 1 1/2

dozen. The story goes with this fine Southern bread that during the days of the big fish fries the cooks would cook up a bit of this batter and pitch them to the dogs instead of pieces of fish. As they pitched the corn bread to the barking dogs they would say "hush puppy." I really don't know, but that is what I heard. Sounds fair enough to me.

Would you believe frozen tomatoes, lettuce and other salad greens? They aren't on the market yet, but food scientists are working on solving the problems connected with freezing these foods with high water content, say Extension nutritionists at Texas A&M University.

You should use a 150 watt bulb in a reading lamp. If you have a multiple socket you need three 60-watt bulbs. A floor lamp used for prolonged reading or sewing should have a bulb wattage of 200 to 300 watts, according to Extension home management specialists.

Major home appliances, like cars and other expensive things, will finally have to be replaced. You may expect the home appliances listed here to last about the number of years indicated:

- Washing machine -----11 years
- Dryer -----15 years
- Freezers -----15 years
- Refrigerators -----16 years
- Ranges -----16 years

The smart home maker will make a survey of what appliances will need to be replaced in the near future and will start saving now. Some appliances will last longer than indicated, but finally replacements will have to be made.

Senator Yarborough To Be Honored At HemisFair Saturday

Since the opening of the great world's fair last April, some 3 million people have come from all over the world to see the exhibits and performances that make up this outstanding fair in historic San Antonio. Mrs. Yarborough and I were privileged to accompany President and Mrs. Johnson to HemisFair on Independence Day, July 4.

HemisFair officials have proclaimed Saturday, July 27, Ralph Yarborough Day at HemisFair. I hope that you will join me at HemisFair.

My wife, Opal, our son, Richard and his wife, Ann, and our two granddaughters will be there. There'll be a ceremony at the federal pavilion beginning with band music at 10 a.m., with Ambassador Ed Clark, U.S. Commissioner for HemisFair, and many distinguished visitors. As a part of the ceremony, I have been advised that I will be presented with one of the six gold medallions struck for HemisFair.

A similar ceremony was held recently for Rep. Henry Gonzalez, because the two of us worked throughout 1965 and 1966 here in Washington to obtain Congressional designation of HemisFair as a world's fair, and money for federal participation. Without participation by the United States government, HemisFair could never have received sanctioning as an international fair.

In 1965, I took the lead in the Senate and, with the help of Sena-

tor Tower, persuaded the Foreign Relations Committee to approve an initial \$125,000 study for HemisFair. This gave us the federal recognition needed so that the fair organizers could obtain the approval of the Bureau of International Expositions in Paris.

But 1966 was still difficult. We needed funds for a U.S. Pavilion, but it was difficult to get money because of these times. From the Senate, I was able to obtain \$7 1/2 million, but the House cut it to \$6.75 million.

Nevertheless, the \$6.75 million has proved ample for a fine U. S. Pavilion. This U. S. Pavilion has become the hub of HemisFair—the highlight of the beautiful 92-acre fairgrounds.

I have appointed an executive committee at HemisFair to work with the people at the federal pavilion at the HemisFair proper on this Ralph Yarborough Day. Judge Charles Grace of San Antonio is chairman; members include District Judge-elect Franklin Spears, Senator Joe Bernal, State Rep. Jake Johnson, State Rep. Frank Lombardino, County Commissioner Albert Pena and San Antonio attorney Maury Maverick, Jr., among others.

HemisFair is the first international fair ever held in the Southwest, and it has had a tremendous impact on our state. I hope you'll join us there.

Named Staff Favorite At Glorieta Assembly

BILLIE GAYL BLAYLOCK

Glorieta, N.M.—Billie Blaylock has been selected a Staff Favorite at Glorieta Baptist Assembly where she is serving on the 456 member staff. She was one of the six chosen for this honor.

A spring graduate of Eldorado High School, she was a cheer leader, Football Sweetheart and a member of the National Honor Society. She played basketball, served as secretary of the Student Council, and was selected Miss DAR.

The daughter of Mr. and Mrs. Billy Frank Blaylock will be a freshman at Baylor University in Waco where she hopes to major in Home Economics. She plans to teach home economics eventually.

At Glorieta Miss Blaylock is a hostess in the 2500 seat dining hall and sings in both the staff choir and the selected staff chorus.

Glorieta Baptist Assembly is located 18 miles east of historic Santa Fe covering a 2500 acre site high in the Sangre de Cristo Mountains. During the 16th season an attendance of 28,000 is anticipated. The assembly is owned and operated by the Sunday School Board of the Southern Baptist Convention.

Mercer Appears In H-Fair Performance

Steven Mercer has been in Brownwood for rehearsal of Shakespeare's "A Mid-Summer Night's Dream" in Cowboy and Indian version, revised by Alex Reeves, head of drama and speech at Howard Payne College and native of Southampton, England. The play is being presented today (Thursday) through Saturday, matinee and evening performances, at HemisFair's International Theatre.

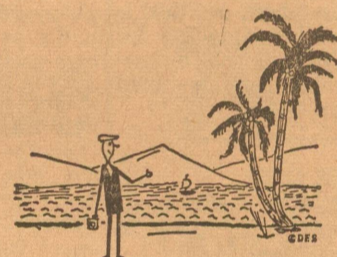

The play was to have been presented at Montevideo, Uruguay next week at the Delphic Institute In-

ternational Festival of University Theatre but the entire meet has been canceled due to extreme political unrest and sabotage in that country and in several universities in Europe that were to participate—the Sorbonne in Paris in particular made headlines for several months with riots and political upheaval until President DeGaulle closed it.

The Delphoid Meet has already been rescheduled for next summer in Europe and the "Dream" from Howard Payne College has been invited to participate.

The cast has secured much of the needed cash for trip expenses and are continuing with fund-raising projects.

Burden Awarded Lo-Vaca Contract

J. S. Burden, chairman and president of the O. R. Burden Construction Corp., of Tulsa, and grandson of the late Mr. and Mrs. T. W. Johnson and elder son of Joyce Burden of Wichita Falls, announced the award of a prime contract by Lo-Vaca Gathering Co., subsidiary of Coastal States Gas Producing Company, Corpus Christi, Texas.

The Tulsa based construction firm will participate in Lo-Vaca's \$33 Million Dollar expansion program which consists of the construction of a 260 mile 30-inch intra-state gas pipeline system in the State of Texas. The project will connect the rapidly developing Delaware-Val Verde Basin in West Texas to Coastal's existing facilities in the San Antonio area. The gas company also has signed an agreement with Superior Oil Company to purchase gas reserves of the Grey Ranch Field in Pecos county, Texas which will supply the new gathering system. Reserves are estimated to total approximately 850 Billion cubic feet of pipeline quality gas.

Lo-Vaca's new line will have an ultimate capacity of over 600 Million cubic feet daily, and will be the first major intra-state gathering outlet for the Delaware-Val Verde Basin.

Burden's contract will cover the construction and related financing of the entire 260 mile pipeline. Construction crews will start in July under the direction of A. L. Lundberg, Vice President and Construction Manager, assisted by F. W. Lewis, together with Gene Allen in charge of the East Spread and R. F. Williams in charge of the West Spread. The pipeline is scheduled to be in service in early 1969.

Pvt. John Calcote, who completed basic recently at Ft. Polk, La., visited here with his mother, Zula Sparks, recently. He leaves on the 31st for a period of duty in Germany.

The three children of Mr. and Mrs. Joe C. Whitten of Houston are visiting here with Mr. and Mrs. Lum Burk and other relatives.

Summer Crowds Swell HemisFair Attendance

From the tourist in sunglasses and walking shorts to the leaders of nations... they are all flocking to the San Antonio World's Fair. The summer crowds have invaded HemisFair for vacations that in many cases have been extended for that extra day of fiesta fun.

Despite the record crowds converging on the 92.6-acre showcase, Visitor Services, Inc. reports plenty of rooms and parking—with neither catching a full load to date.

The Fair recorded its 3 millionth visitor July 9, only 27 days after reaching 2 million. The 2 millionth visitor took 30 days and the first million was not reached until the exposition was 38 days old. Daily records were set seven out of nine days in early July.

Among the guests of the World's Fair during the first week of July was President Lyndon Johnson and the ambassadors of a host of countries—probably the most distinguished group of dignitaries ever assembled outside of Washington.

Following President Johnson by two days was President Rene Barrientos of Bolivia, who took an extended tour of the World's Fair.

Confluence/Cosmos has been called eerie, weird, ghostly and any number of other things—but it always is called interesting.

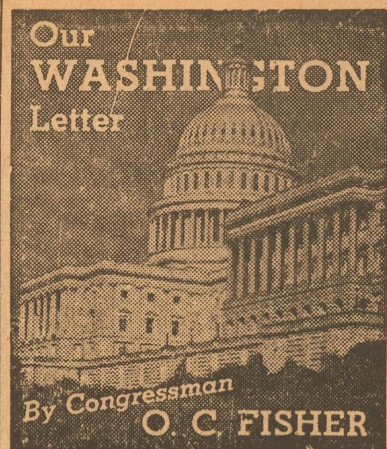

The San Antonio World's Fair Theme Exhibit is actually more an experience than display, designed to allow the visitor to relive the many ways mankind has used to portray his environment.

The semi-dark presentation is divided into six divisions: man, earth, sun, moon, stars and space, and includes the Swiss Time Center that provides the heartbeat of time for the entire Fair.

In final segment of Confluence/Cosmos, the visitor enters a square chamber where the experience of simulated space flight through the use of film taken during actual space travel awaits him.

Mr. and Mrs. Bill Gunstead and Gwendolyn and Billy Charles spent Sunday visiting in Midland with the Tom Stewart family. Mr. Stewart's parents were also there from Missouri.

The Bob Helmers family have moved to the Jerroll Sanders house.

Austin, Tex.—Texas Liquor Control Board is studying new regulations for private clubs where "spirits" are sold.

Members won't reveal the recommendations that were submitted to them by Acting Administrator O. N. Humphreys Jr. until after careful study.

Last set of regulations banning cash sales in the clubs and curbing the issuance of guest cards by manager-members was knocked out by a district court order in May.

Humphreys termed the new rules "workable" but not "rigid." Meanwhile, he submitted a long report on the steps taken to restore public confidence in the LCB which has been hard hit on investigation or irregularities.

At their July 18 meeting, the board also: —Approved retirement for LCB Enforcement Chief A. R. Cartledge and named as his temporary replacement Don Fishell, 39.

—Announced that a permanent successor to resigned Administrator Coke Stevenson Jr. will be appointed in 30 to 60 days.

—Acknowledged that Stevenson told members he had received an expensive watch as a gift but they did not question his acceptance of it.

"The future looks good," commented Chairman W. D. Noel of Odessa, who is scheduled to step down soon after 16 years of service.

Tax Bill Law

Now there's no way out of paying those new taxes approved by the Legislature in special session. Gov. John Connally has signed into law the bill which is designed to raise \$160.2 million for 1969 state operations. It's effective October 1, and here's what it does: —Raises the general sales and auto sales tax rates from 2 to 3% statewide. In cities which levy 1% option sales taxes the rate will be 4%. (No change was made in exemptions.)

—Increases the corporation franchise tax rate (collectible May 1) from \$2.25 to \$2.75 per \$1,000 of taxable capital, surplus and undivided profits. Portion of the franchise tax on corporate debt will be reduced from \$2.25 to \$2.00 in 1969 and phased out by 1973.

Tourist Record in Making

Tourist travel is expected to far surpass all previous records this year, according to State Highway Department's travel and information division soundings.

One Highway Department travel bureau on Interstate Highway 10 near Orange reported "customers" for first half of 1968 more than doubled total for January-June '67. Ninety per cent of the visitors were on their way to the HemisFair in San Antonio.

All eight established bureaus run by the Highway Department reported big increases. Total services went up 14.2% for the first half of this year compared with the same period in 1967. Travel and information division said its mail inquiries are up 27%.

Last year Texas was visited by 20.6 million persons who spent \$1.2 billion. This was an 8% increase in visitors over 1966, and an 11% jump in spending.

Courts Speak

Atty. Gen. Crawford Martin has urged the U. S. Supreme Court to reconsider its decision that the Texas tidelands boundaries must be measured from 10.3 miles of shoreline as it existed in 1845, without regard to recessions.

State Supreme Court reversed an \$862,000 verdict favoring foreign car dealers. They had sued the city of Houston for flood damage to autos, claiming inadequate drainage.

High court set October 16 for review of the lower court orders directing a charter be granted to Mission Savings and Loan Association, San Antonio.

Court said National Surety Corporation has a valid judgment of \$18,237 against the Friendswood Independent School District, Galveston county, but cannot collect.

It ordered a new trial in a Hansford county landowner's suit against a professional wheatcutter whose truck started a fire in his field.

Third Court of Civil Appeals held that the State Board of Education could order a hearing on the appeal of a Lumberton school superintendent who was fired by a local board.

Third Court directed a new trial in a case involving disannexation of 550 acres of land from Temple.

Attorney General Rules City cannot force on a land-

owner higher air control standards than those set by State Air Control Board, Attorney General Martin has held.

In other recent opinions, Martin concluded that:

A Texan is qualified to vote in a local liquor election if he resided in the state a year, the county six months before election and is a resident of the city where the election is held.

Dallas County Hospital District has no authority to build and operate a crime laboratory.

State Insurance Commissioner has authority to release a surety bond on an insurance company that is in receivership when all claims are satisfied and when the one-year statutory time limit is satisfied.

Board of Vocational Nurse Examiners cannot vary fees set by state law.

Plaintiff could not recover for faulty workmanship, labor and materials and/or negligence under a surety bond required by the Water Well Drillers Act.

Appointments Announced

Dr. Bevington A. Reed, 52, was named to succeed Dr. Jack K. Williams as Texas Commissioner of Higher Education effective September 1.

Lt. Gov. Preston Smith named three senators to a new committee to study state park needs: Joe Christie of El Paso, Dorsey Hardeman of San Angelo, Roy Harrington of Port Arthur, Charles Herring of Austin, Don Kennard of Ft. Worth, Bruce Reagan of Corpus Christi and Murray Watson Jr. of Waco.

State Republican Chairman Peter O'Donnell Jr. designated Jim Campbell of Pampa as acting deputy state GOP chairman for the Panhandle-Northern Texas Region V, temporarily replacing Bryce V. Beard, Amarillo. O'Donnell appointed Mrs. Pierce P. Langford Jr. of Wichita Falls Region V as deputy state vice-chairman.

Operation Youthlift

August has been declared by Governor Connally as Youth Month at HemisFair.

Ben Barnes, Speaker of the Texas House of Representatives, heads a statewide committee to organize special youth excursions to the Fair. He is meeting with youth leaders in key cities of Texas to plan the August trips.

Special, low-cost, package-plan excursions, including overnight accommodations in San Antonio, have been developed by HemisFair to tie in with the program.

Any youth group in Texas desiring to participate in "Operation

Youthlift" should contact HemisFair Headquarters or the Speaker's office at the state capitol.

Short Snorts . . .

New \$7 million bond issue has been sold to aid Texas college students needing tuition loans.

First court penalty—\$10,000—has been directed against a chemical company accused of polluting the air near Galena Park.

Governor Connally approved \$1,683 regional planning grants to aid Lubbock Metropolitan Council of Governments and Smith County-Tyler COG, benefitting Tyler, Arp, Bullard, Lindale, Troup, Whitehouse and Winona.

Veteran University Interscholastic League Director Rodney J. Kidd will go on modified service September 1, as UIL scholarship program head.

Land Commissioner Jerry Sadler reports that 2,262 active contracts have been received from purchasers under the revitalized Veterans Land Program.

Man With A Memory

National Political Convention's TV Know-It-All

A gavel brings to order a political convention. But who brings order to the million details that go into the gavel-to-gavel coverage of political conventions on television? Behind the NEC coverage of the Republican and Democrat conventions are a dozen unit managers whose job it is to see to everything from housing and headpieces to "how can we get this done in time?"

One of these men is Gene Whitlock who has been a unit manager for various NBC shows since 1956. At the conventions he is the NBC unit manager in charge of production and related business matters for Gulf Oil Corporation, which again is sponsoring the television and radio coverage. Mr. Whitlock sees to it that the film libraries at both convention sites have the programmed commercials ready for use at the right time. He knows the running time and the intricacies of scheduling. He works with the advertising agencies in assuring the air quality of the film or tape and he must be ready for every contingency. If a sudden shift in schedule comes, such as: "Drop Reel Number 106 and get Reel Number 127 on tape for the next break," Mr. Whitlock has to be able to quickly coordinate the network operations and insure the changes.

Mr. Whitlock must know a thousand things about the convention hall, the city, the political parties and their various candidates. Long before the convention opening, he has surveyed both the Miami and Chicago convention sites to learn the ins and outs, basements and lofts of the halls and the housing, food and transportation situations of both cities. He must sit on planning committee meetings and know how to obtain credential clearances and how to make one ticket to the gallery do the work of ten tickets, all within the tight regulations of

Gene Whitlock (right) looks over mockup of NBC News' TV and radio network broadcast center at Miami Beach Convention Hall, where Republican National Convention will meet starting Aug. 5. With him here is Hjalmar Hermanson, plant designer, and George Murray (center), executive producer of Gulf-NBC News' coverage of the 1968 national political conventions.

convention halls and the respective party planning executive committees.

"Political conventions are just about the most exciting assignment you can get," said Mr. Whitlock. "It is very encouraging to see people become more and more interested in them. More people are recognizing that delegates to a convention are deciding a very important matter: who will be leading the country and arrang-

ing their lives for the next four years.

For Mr. Whitlock this assignment appeals to his deepest scholastic interest. He majored in history at Brown University, where he was graduated in 1954. "Reading history as recorded in a book is just not as exciting as seeing it enacted on a convention floor," he said. "In the roll call of states you feel the power of democracy working right before your eyes."

Lions International is best known for its aid to the blind, sight conservation activities, youth programs, and its many community service projects.

New White House State China Service

To the American housewife, the thrill of serving her family or guests from new fine china dinnerware is universal. Mrs. Lyndon Johnson is no exception and recently she proudly displayed a new White House state china service for the first time.

Guests at an informal reception to mark this occasion included employees and officials of the companies involved in the design and manufacture of the china as well as representatives of the White House Historical Society and the executive mansion service staff.

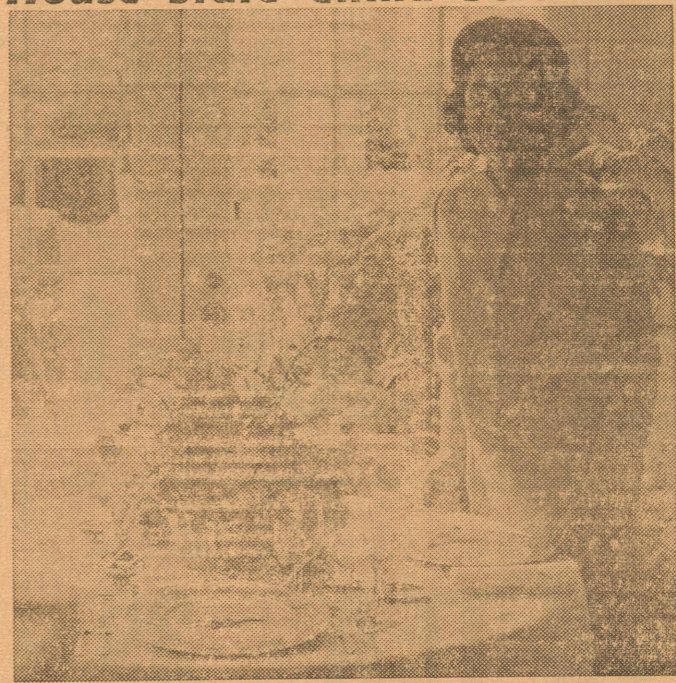

The First Lady felt it particularly fitting that those persons involved with the American-designed and American-made dining service should be among the first to view it in its permanent home in the executive mansion. Guests included representatives of Tiffany & Co., New York; Castleton China, New Castle, Pa.; Commercial Decal, Mt. Vernon, N. Y.; and INTERPACE, Parsippany, N. J., parent company of Castleton.

The new presidential service, purchased by the White House Historical Society for the people of the United States, consists of 216 place settings of ten individual pieces per setting.

Original designs for the White House state service were by Van Day Truex, and the paintings of flowers for decorations were by Andre Piette, both of Tiffany & Co.

Most unusual item in the china service is the entire plate, which also doubles as a dessert plate. The center decorations for these plates consist of individual representations of the state flowers of the fifty states and the District of Columbia.

Basic decorative design of all pieces is a radiating and

vaulted pattern of pure gold dots over the rim areas of the plates and on the outsides of the hollow pieces, such as cups, cream soups and bowls. Each piece is edged with a scalloped gold band adjacent to a band of pink-orange. Wildflowers of the Southwest United States are also featured in the rim designs of the service plates, dinner plates, rim soups, cups and bowls.

The large service plates depict a flying American eagle and shield in plate center. The eagle design was adopted from a state service acquired for the executive mansion by President James Monroe.

Manufacture of the new service required six months at the Castleton plant, utilizing the skills of more than two hundred employees in forming, decorating and firing the ware.

The entire project, through research, designing and manufacturing, covered a period of two and one-half years.

The new china is more informal than a previous White House dinnerware. The First Lady was the principal motivator of the less formal styling and the Tiffany designers followed her preferences.

The Old West Lives On

SALADA, TEXAS — Since the days when vast herds of cattle moved north over the Old Chisholm Trail, the Stagecoach Inn has been host to colorful heroes and desperadoes of the past century.

Established in 1847, this historic inn was host to Gen. Robert E. Lee and Sam Houston. Gen. George A. Custer stayed overnight at the inn on his way to Montana's Little Big Horn, scene of the disastrous battle with the Sioux Indians. Jesse James and Sam Bass also registered at the inn during their years as notorious outlaws.

While retaining its Old West atmosphere, the Stagecoach Inn offers today's guests modern

living with liquefied petroleum gas appliances that replace the antique wood stoves of a bygone era. Gone are the chuck wagons, but now gourmet meals are prepared on automatic LP-gas kitchen ranges. Even the swimming pools are warmed by LP-gas for more pleasant recreation out along the Old Chisholm Trail.

SINGING, SWINGING COWSILLS SET FREE SHOWS AT 1968 STATE FAIR IN DALLAS

"We Can Fly" to "Indian Lake" is not a travelog — they are the titles of two of the top record sellers which have made the swinging, singing Cowsills one of the biggest names in today's music. The family group will give two free performances daily Oct. 5 through 9 at The State Fair of Texas in Dallas. Overall dates of the 1968 exposition, the nation's largest in terms of annual attendance, will be Oct. 5-20.

WALL STREET Notebook

BY ROBERT B. JOHNSON, Research Director
PAINE, WEBBER, JACKSON & CURTIS

Member New York Stock Exchange

SHIFTING GEARS

NEW YORK (ED) — The caution flags have been raised for the stock market . . . and for business. Volume has surged more than 40% since President Johnson's March 31 peace message. The activity was accompanied by rising speculative fever and increasing similarities with 1961, which preceded the 1962 shake out.

To reduce the paper logjam, suspension of trading was voted for four days over a 3 1/2 week period. The initial result following the first closing: record volume on the New York Stock Exchange (21.4-million shares) and the American Stock Exchange (10.8-million); for over-the-counter trading, such descriptions as "hectic" and "pandemonium." Warnings on the risks of uninformed speculation flooded the Street.

The Federal Reserve Board, also concerned with the excessive amount of stock market credit which had risen to a record in April, had raised initial margin requirements earlier in June on listed stocks from 70% to 80% and on convertible bonds from 50% to 60%. The surprise for me was not the increase, but that it was not higher.

It's my opinion that business is in for a deceleration period that will affect the market. Two reasons why it will be more difficult for corporations to show higher profits in the months ahead: 1)

most obvious, taxes will be increased; 2) if fiscal restraint is effective in diminishing demand pressures, corporations will find it harder to offset rising costs through price increases.

Corporations are going to be faced with further hefty increases in wage costs next year — just at the time when demand may not support price adjustments sufficient to offset rising labor and material costs. Thus, with significant slowing in the rate of real growth of the economy (which I expect next year) corporations may find it difficult to show any meaningful increase in 1969 earnings.

With the market approaching a period when the odds favor a seasonal rise, and considering the money to be put to work, I think the outlook is for somewhat further improvement over the next few weeks. However, as I look further down the road, upside progress may become more difficult, and stocks could encounter a period of fluctuation — attractive for the nimble trader — but lacking in significant progress. One of the market's functions is to discount — usually looking ahead six months. And earnings comparisons early next year — versus record first quarter 1968 results — will not make the bullish reading it has so far this year. 6/22

Try California Rx For Ribs

Fresh nectarines give a California touch to a simple barbecue sauce for this short-on-work, long-on-flavor main dish, "Short Ribs El Patio." Rice and a tossed salad are good with it.

Tart-sweet nectarines have a "cooling" quality that makes them most agreeable with highly seasoned foods. Try them with barbecued spareribs or sliced over bowls of hot chili.

SHORT RIBS EL PATIO

- 3/2 lbs. beef short ribs, cut into serving pieces
- Seasoned salt
- Pepper
- 1/4 cup bottled barbecue sauce
- 1 can (10 1/2 oz.) condensed bouillon
- 1/2 bay leaf
- 2 to 4 fresh nectarines
- 1/2 tablespoons cornstarch

Trim a little fat from ribs; melt in skillet to coat bottom; discard. Sprinkle ribs with seasoned salt and pepper. Brown in skillet. Mix barbecue sauce and bouillon; add to skillet with bay leaf. Cover and cook over low heat 2 hours, or until meat is tender, adding water if needed. Just before meat is done, slice nectarines to measure 2 cups. Transfer meat to heated serving dish; keep warm. Skim off fat; measure liquid and add water if needed to make 1 1/2 cups. Mix a little with cornstarch, then heat with remainder in skillet until thickened. Add nectarines; heat through. Pour nectarine mixture over meat; serve at once. Makes 5 or 6 servings.
