ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936) Thursday, October 9, 1969

Number 41

Plane Crash Kills Local Independent Oil Field Worker

James C. McWilliams, owner of Bluridge Production Service, an independent oilfield pumping company in Eldorado, was found dead about six miles north of Sonora about 3:30 p.m. Monday in the wreckage of his Piper Cherokee airplane.

The missing plane was discovered on the Bill Tittle ranch 2½ miles north of US 277, probably 20 hours after it crashed.

Schleicher County Sheriff Orval Edmiston reported that he saw the plane take off from the local airport at 11:45 p.m. Sunday during a period of real stormy weather.

He was at the scene of the wreck Monday afternoon when the body, badly torn up, was removed to a funeral parlor at Menard.

McWilliams was apparently killed instantly when his light plane hit tree tops, and nosed over, flipping onto its back. Peace Justice Alfred Cooper ruled accidental death in the incident.

According to Bill Webster, Texas Highway Patrol at Sonora, the plane apparently approached the site from the north. Parts of the extensively damaged craft were scattered over a 200 foot area, according to Webster.

McWilliams began flying in World War II when he served in the Army Air Corps as a mechanic. According to his brother, Vernon McWilliams, he had owned the Cherokee aircraft 5-6 months.

Mrs. McWilliams was visiting in the home of Homer Etheridge in Lamesa during the week end, and was notified by Sheriff Edmiston of the tragedy by 4:00 p.m. Monday.

Survivors include his wife of Eldorado; his mother, Mrs. Effie McWilliams of Menard; two brothers, Vernon McWilliams of Menard and A. C. McWilliams of San Angelo; and two sisters, Mrs. Daniel Hobert of Munday and Mrs. Mozelle Bird of Beltsville, Ohio.

Services for McWilliams are pending at Mission Funeral Home in Menard.

Mrs. Godwin Heads Hospital Auxiliary

The first regular meeting of the Schleicher County Medical Center Auxiliary was held Tuesday morning. Mrs. Delbert Taylor, temporary chairman, presented the names of those nominated to serve as officers for the 1969-70 year.

President of the auxiliary is Mrs. W. G. Godwin; vice president, Mrs. Carroll Ratliff; recording secretary, Mrs. Delbert Taylor; treasurer, Mrs. C. C. McLaughlin; and corresponding secretary, Mrs. Ted Short. The president then appointed Mrs. Winnie Jackson as parliamentarian, Mrs. Walter Wallis as historian, Mrs. Buddy White publicity chairman, and Mrs. Arch Mittel as auditor.

A set date was named for the monthly meeting and it will be held on the first Thursday of each month at 9:30 a.m. The meeting will be held in the hospital dining room.

Miss Lillian Kroeger, hospital administrator, was present and spoke to the group about uniforms. A committee was appointed to study the kinds of uniforms and report on them at the next meeting.

Mrs. Winnie Jackson, parliamentarian, read a copy of the proposed by-laws for the organization and they were accepted. —Rep.

Salvation Army Drive Being Closed

Bill Rountree, chairman of the fund drive which has been under way in recent weeks for the Salvation Army, urged this week that the drive be brought to a successful conclusion as soon as possible.

Rountree stated that anyone not contacted for a contribution may mail or hand his check to him.

Also, he urged that team captains and workers please turn in pledge cards and contributions as soon as possible.

AFTER GAME COFFEE SET

The Booster Club will host an after-game coffee in the Booster Room after Friday night's game.

Eagle Booster Club To Meet Tuesday

The Eagle team Booster Club will have their meeting next week on Tuesday night instead of Monday, promoters announced this week.

The meeting will start Tuesday night at 7:30 and a football official from San Angelo will be on hand speak. Also there will be the usual viewing of the film.

In succeeding weeks, the booster club will meet Monday nights.

ATTENDS FUNERAL

Mrs. Mae Mercer attended funeral services in San Angelo last week for her brother, Joel Long. His funeral was held in San Angelo with burial at Wall.

Mrs. Mercer also visited with Richard and Jimmy Mercer and other relatives.

Junior Highs Win Game Number Three

The Eldorado Junior High won its third game by defeating the Sonora Colts 20-6. All victories are sweet but this one was especially so because it had been a number of years since the Eagles had beaten Sonora in football.

The only high point for Eldorado in the first quarter came when Roy Lloyd blocked a punt and the Eagles recovered it on the Sonora 18-yard line. The Eagles, however, were unable to score on this drive as it stopped on the Sonora 1½-yard line. The first quarter ended with the score 0-0.

Sonora scored first in the second quarter and failed to make the extra points. Later in the same quarter Mike Manning scored on a sweep to tie the score and again the point after attempt failed. The score at half was 6-6.

The third quarter proved to be more generous to the Eagles and things started to happen when David Yocham recovered a Sonora fumble on the 35 yard line. Several plays later, in fact with '26 seconds left in the third period Gene Nixon went over for another Eldorado score. Gene also added the points after. At the end of the third period the score was Eldorado 14, Sonora 6.

The next break came when Gene Nixon intercepted a Sonora pass on their 25 yard line with 4 minutes and 19 seconds left in the game. Following this interception Ken Peters made the score 20 to 6. The final high point came when lineman Mort Mertz intercepted another Sonora pass with 3 seconds on the score board.

The victory could certainly be termed a team victory. The line did a very fine job blocking the larger Sonora line and the backs did a good job of running the ball. Key defensive plays were made by lineman Roy Lloyd, Tim Edmiston, Mort Mertz, Garry Westner, David Yocham, and Chris Gardner. The linebackers Mike Manning and Ken Peters proved effective as they shut down the end sweeps of Sonora. The defensive secondary of Gene Nixon, Benjie Jay, Wayne Joiner, and Timmy Harris did a good job on pass defense as he intercepted two passes and broke up others. They also did a good job of filling on the end runs of Sonora.

This Thursday the Junior High team travels to Robert Lee to take on the Steers at 6:00 p.m.

Post Script

I am still wondering . . . When I answered a phone Monday the operator said, "I have a long distance call for Mr. Gunstead."

This is he. Hold the line until I connect you. The next voice . . . Hello, Mr. Gunstead. This is Miami, Florida. How are you? Have you been down this way lately?

No. Do you expect to be down here any time soon?

No. You haven't been out of Texas (in a long time?)

No. Well, that's just fine. Nice talking to you. (Click!)

. . . what the hell. —ps—

September Rainfall Totals 3.49 Inches

Rainfall in September, most of which fell during the latter part of the month, totaled 3.85 inches, according to records kept by Lloyd Johnson of the Soil Conservation office.

This brought the total for the year to 19.35 inches, with over 7 inches of it falling in August and September.

Now October

The first week of October has brought more rains over several days. Some rain gauges in town showed about two inches and reports from certain parts of Bailey ranch were as high as three. Several in Reynolds area reported a modest half inch.

Clouds, fog and mist and intermittent light showers have combined to interrupt cotton ginning, and one person was heard to remark, "Maybe we're going in to a wet fall."

Lions Club To Honor Faculty Monday

The Eldorado Lions Club will give their traditional Ladies Night honoring the school faculty and administrators this coming Monday starting at 7:30 p.m. in the Memorial Building.

Boss Lion A. G. McCormack this week reported arrangements about complete for the event. Fred and Flora Riley will serve the supper and a good turn-out is expected.

Bill Rountree will be master of ceremonies and the speaker for the evening will be Harvey Palmer of San Angelo, former district governor of Lions District 2A-1.

Also at the ladies night, the club will launch their Halloween Candy Sale. Bags of the candy will be given out for each Lion to sell. The candy will also be sold this month from the "Lions Den" truck to be parked at the post office and manned by members of the club.

Boss Lion McCormack and his officers and all other Lions urge everyone to buy your trick-or-treat candy from the Lions Club this year. Cost will be just \$1 a bag.

At the meeting of the club this week, final arrangements were announced for the ladies night set for Monday. For the program, Palmer West had charge of a presentation on Fire Prevention Week.

The Club will not meet the coming two Wednesdays, October 15th and 22nd. Next regular meeting will be October 29th.

On November 5th, the Lions Club will put on their annual sale of Brooms and Mops and other articles made by Texas Blind. So if you will need such things in the near future, wait until Nov. 5th and buy them at this special sale.

Patterson Lumber Has Fire Damage

W. M. Patterson's City Lumber Company in Abilene had extensive damage done by fire last week, local friends learned recently.

In a telephone conversation with Mr. Patterson on Monday, Joe Kreklow was told that the yard had extensive damage, that the loss was insured, and that rebuilding would start soon but would take a long time to complete, and have the yard re-stocked.

The Pattersons lived here a number of years ago and he was manager of the old Cameron lbr. yard. About a dozen years ago he moved to Abilene where he set up the Harbor-Patterson Lumber Co. as a partnership and after Mr. Harber's death Mr. Patterson set up his own City Lumber Co.

Mr. Patterson also said that he and Mrs. Patterson were planning to go to San Antonio in the near future for a visit with their son-in-law and daughter, Dr. and Mrs. Neville Presley Clarke and family. The Clarkes are going on a trip to Rome, Mrs. Clarke is the former Marcelaine Patterson and she went to school here.

Eagles In Home Game With Wall

Bulletin Board

HOW THEY CAME OUT LAST FRIDAY:

Rankin in Sonora
Wall in Eldorado

How They Stand In Non-Conference Play: - W - L - T

Mason 4 0 0
Junction 4 0 0
Eldorado 4 0 0
Sonora 2 2 0
Menard 2 2 0
Eden 0 4 0

The Eldorado Eagles and coaching staff should be commended on their poise and good manners in the Iraan contest in spite of some erroneous decisions by the officials. The Eagles captured one loose lateral pass and the ball was returned to the Indians. Then on the kick following the safety scored against the Eagles, the Eldorado lads again captured the ball which was theirs under the circumstances; again the ball was given to Iraan. Neither Eagles nor staff members lost their "cool" though as much cannot be said for at least one highly partisan fan who became somewhat vocal in his unhappiness.

Coach Sherwood Barker said this week that the members of this year's football team and the coaching staff greatly appreciated the fine support provided by Eagle fans who have journeyed many miles and in large numbers in support of the Eldorado High School football organization for 1969.

Joe Stanfords Lose New Baby

Eric Ray Stanford, infant son of Mr. and Mrs. Joe Ray Stanford of Vista, California, died on October 2nd shortly after his birth in Tri-City Hospital, Oceanside. He is survived by his parents and a brother, Kevin, age 2.

Grandparents are Mr. and Mrs. Truett Stanford and the late Mr. and Mrs. J. T. Jackson, Jr., all of Eldorado. Mrs. Truett Stanford has been visiting her son and family since early September.

Friends who might like to write the Stanfords may use this address: Mr. and Mrs. Joe Stanford, 533 Osborne, Vista, California 92083.

Deer Permits Set

Representatives of the Texas Parks and Wildlife Department will issue antlerless deer permits for the regular gun hunting season for designated areas of Schleicher County on October 17 at Memorial Building in Eldorado.

Landowners or their agents are requested to apply for permits between 8 a.m. and 5 p.m. on the issuance dates.

A county map showing compartments and rates of issuance will be posted in the County Courthouse.

Band Wagon Rolls On

If you aren't on the "bandwagon" it's time to get on board. The membership of the booster club is gathering momentum and mamas and papas. At the present time more than half of the parents are already card carrying members (plus some band friends) bringing the membership near the 100 mark.

Dues may be paid at McCalla's Variety Store and Eldorado Drug, also to Sarah McCravey, or Jerroll Sanders) and membership cards obtained.

The Eldorado Eagles end the first half of the 1969 football season tomorrow night on Eagle Field where they host the underdog Wall High School Hawks. The Hawks have a very respectable 2-win 2-loss record to date. This high school barely has enrollment to justify its being in Class A football; but the Hawks don't let the fact that they are often outmanned bother them at all. Last year they posted a 3-win 7-loss record. This season sees them with Warren Townley as a new mentor with whom they hope to improve.

It is true that area forecasters tomorrow will almost certainly pick Eldorado to win and unanimously; but this situation is also a coach's headache. The following statement is a fact: Wall will be wound up as tightly as possible for this contest as both they and their coaches know that a win over highly rated Eldorado would make their season a highly successful one, no matter what happened the rest of the year. Wall has all to gain and little to lose; and the Eldorado Eagles should not let this situation escape their undivided attention.

Wall will utilize Wing T and I formations in their offensive efforts. Their quarterback, John Sefcik, although only a sophomore, is actually more dangerous with his long than with his short passes. Wilfred Wilde at fullback, another sophomore, is the Hawk's best back. He is agile as a broken field runner with good speed and is their

Unusual Half-time Activities Set For Wall Game Friday

Wall has a girls drill team that will perform Friday night, but due to the fact they have no band, extra time develops. To entertain the spectators Mr. McDonald's band and Mrs. Shannon Harber's P. E. classes will combine during the band's half-time performance to show "a side of every day's school work" accomplishments that few people know about.

Elementary girls' physical education classes, 4th, 5th and 6th, will join forces with the band in "helping to keep America strong" thru Eldorado's "Operation Fitness." To the accompaniment of the band, the elementary girls will perform some warm-up exercises and tumbling and stunt routines, such as the log roll, forward roll, monkey roll, head stands, and vaults. Mrs. Harber reports that most of the routines are geared to the level of the average performer, and not to the especially proficient ones, many of whom are capable of performing quite difficult stunts. She further states that the opportunity to be on the field with the band has given the youngsters such enthusiasm and motivation that they have made amazing progress for the period of time that they have been engaged in this unit of activity and in preparation for this program.

Elementary school performers are: 4th Grade, Trudy Collins, Candice Draper, Janette Hanusch, Susan McAlpine, Virginia Montalvo, Cynthia Mittel, DeVanna Ottaberry, Cynthia Raiborne, Delia Robledo, Luz Sanchez, Maria Valesquez, Susan Warnock, Donna Casbeer, Lupe Chavez, Karen Copeland, Kelly Engdahl, Diana Guerrero, Carolyn Killebrew, Susan Mertz, DeVonna Ottaberry, Lesa Posey, Filomena Robledo, Elizabeth Rodriguez, and Susie Wagner.

5th Grade: Rebecca Adame, Rosa Arispe, Frances Bland, Vivian Espinosa, Nancy Evers, Shirley Fay, Gynna Jay, Candy Martin, Mary Ann Pina, Lucy Robledo, Barbara Speck, Nancy Belman, Cleva Nell Clark, Barbara Farris, Teresa Logan, Rita Lozano, Billie Jean Mills, Elizabeth Niblett, Delsa Robledo, and Jill Yates.

6th Grade: Anna Arispe, Carolyn Bland, Debbie Copeland, Sherry Doekal, Dorothy Evers, Terry Fat-Nita Love, Katha Orr, Darla Shephard, Irene Garcia, Kim Griffin, pard, Charlene Warnock, Diana Arispe, Vicky Cheatham, Linda Daniels, Toya Dunham, Mary Ann Gauna, Cindy Jackson, Sandy Kreie, Janis Mikeksa, Judy Reynolds, Rosie Smith, Marcella Vaughan.

best pass receiver. Their favorite ground attacks consist of off-tackle thrusts, the usual power plays off I formation between tackles, a wide and well-manned sweep; and they are definitely air-minded.

Defensively, they employ a five-man line with a three or on occasion four man secondary set up. They position these secondary defenders at times behind linemen, idea being that while the opposing offensive lineman is occupied with the defensive lineman, the linebacker can slip through and stop the opponents play.

Their starting lineup goes like this and for once the Eagles will not be completely outsize although at least two Hawks are larger than the largest Eldorado lads:

No.	Name	Pos.	Wt.
83	David Cave	LE	125
76	Randy Dusek	LT	185
77	Olen Wilde	LG	225
51	John Hruska	C	160
65	Joe Ramirez	RG	145
70	Gary Germgross	RT	200
85	Richard Lehr	RE	155
22	Steve Edwards	LHB	145
11	Eddie Holik	RHB	150
31	Wilfred Wilde	FB	143
10	Jim Sefcik	QB	135

The Eagles will probably be at full strength tomorrow night.

There is some danger that they might be thinking about the Mason Cow Punchers so much that they could dangerously underestimate Wall. But in the main, this could be a night of "Rest and Recreation" for Eagle fans before some other future expeditions in dangerous territory.

Meanwhile the Eagles should not forget that almost the saddest words in high school football go like this: "I was just sure that we would win this game."

Eagles Defeat Iraan By Score Of 40 To 8

The Eldorado Eagles defeated the Iraan Indians last Friday night 40-8 in Iraan although the Braves were noticeably uncooperative. The score by quarters was as follows:

Eldorado	7	12	6	15	40
Iraan	0	0	8	0	8

Statistics give the Eagles almost as wide a win margin as did the score:

Eldorado	Iraan	
19	First downs	5
260	Yards rushing	95
90	Yards passing	8
350	Total yards	103
4 of 13	Passes att. & com.	1 of 6
2	Passes intercepted	1
4	Fumbles recovered	1
10 for 130	Pen. & yds. lost	1 for 15
5 for 41	Punts & av. dis.	8 for 31

It was a spirited contest with Iraan resisting with all they could offer. But it was the Eldorado Eagles' night to triumph.

Paul Page and Sam Oglesby each intercepted an Iraan pass while Iraan was capturing one Archie Nixos toss.

Bobby Sykes, Charlie Adams, and Steve Sykes and Roy Jones each latched on to an Iraan fumble to add to Indian troubles.

Robert Wilson blocked one of the Iraan punts and Jim Martin captured the ball.

The first quarter was nine minutes old when Eagle blockers Jas. Larry Davis, Dobs Lively, and Bob Whitten cleared the way for Wayne HV Doyle to cross over from two yards out. Bob Page held and Archie Nixon kicked the extra point.

The Eagles scored quickly in the second quarter as Paul Page, Bob Sykes, and Roy Jones encouraged James Larry Davis to carry over from four yards out on an option play.

Next, two minutes before half-time, Paul Page, Roy Jones, and Keith Williams discouraged would-be Iraan tacklers; and Bob Page bruised over his own right tackle for the score from 10 yards out. The try for extra point failed but the half ended 19-0, Eldorado.

The third quarter saw Dobs Lively, Sam Oglesby, and Bob Whitten assist Mickey Clark who carried over from a yard out. The try for extra point again failed.

The fourth quarter saw Keith

(Continued on Page 3)

COUNTY AGENT'S COLUMN

by Ting Godwin

Schleicher County Agricultural Agent

October 5-11 is National 4-H Club Week and it has so been proclaimed by Governor Preston Smith. In an official memorandum, he urges all citizens to support and encourage the work of the "To Make The Best Better" organization.

4-H leaders with Ronnie Mittel as president, announce that the month of October and especially 4-H Club week will be membership drive week. Boys and girls desiring to become members are urged to get in touch with adult leaders or call the county agent's office, phone no. 2610. This is especially true to all those desiring a feeding project and desire to show it in the annual livestock show in January of 1970. So far some 25 youths have indicated that they are interested in feeding.

4-H members may feed fat lambs, range lambs, swine, beef calves and registered heifers and registered breeding sheep. A booklet giving details is being worked on and will be available to members soon.

Remember should you desire to feed livestock for the annual show November 1, 1969 is the last date to make your intentions known.

When the moon is fullest it begins to wane, when it is darkest it begins to grow.

Where cotton is defoliated and

harvested before frost, producers might consider the addition of methyl parathion or Guthion to arsenic acid or phosphate-type defoliant. This practice has proved effective in reducing potential overwintering boll weevil populations. Greatest benefit is derived from the addition of insecticides to defoliant when this practice is carried out by a majority of the producers within a community.

These insecticides should be added to arsenic acid or phosphate-type defoliant so that 0.5 lb. methyl parathion or 0.25 lb. of Guthion will be applied per acre. These materials SHOULD NOT be added to chlorate-type defoliant and/or desiccants.

After harvest is completed, the stalks should be destroyed and plowed under to prevent regrowth which provides food for the boll weevil.

The superior man blames himself, the inferior man blames others.

Before doing that outside fall painting job on the house, give some thought to caulking cracks.

It may be surprising the number that can be found around window and door trims, at the joints between flashing and bricks, and at the joints in wood siding and corner trim.

The oldest and least expensive

compound is the oil base caulking. New or bare wood should be primed before applying.

Don't use a latex paint over an oil base caulking, because the oil may bleed through and discolor the latex paint, and sometimes peeling occurs.

Latex base caulking can be used directly on a new, bare or painted surface. Any kind of paint can be used over it and it will not bleed or discolor.

Latex caulking has good adhesive ability and can be used over old, dried out oil caulking. Both oil and latex caulking should be applied to a clean surface and will last longer if painted over.

Whenever the going it too easy make sure you're not going downhill.

Adequate turnrows can help prevent cotton harvesting losses. Studies have shown that end-of-the-row losses can be a third greater than those in the middle of the field when turnrows are improperly prepared.

The turnrow space should be 1 1/2 times the length of the harvester or 25 to 30 feet.

Using a pasture clipper is often better than disking. Disking leaves the soil soft, making turning difficult. In case of rain, the disked turnrow may stay soft though the field is dry enough for harvesting.

Turnrows should be wide and smooth enough for the machine to come out of the rows and enter at operating speed. Reducing the speed causes the machine to drop cotton.

Improperly prepared turnrow space can, in addition to cotton losses, result in de-barking of plants and grassy cotton.

Remember—an ounce of loyalty is worth a pound of cleverness.

House Foreclosed

M. K. Dabney of San Angelo Federal Savings & Loan Association was here Tuesday and accepted a \$3,000 foreclosure bid on the J. R. Ledingham house a block north of the school.

Notices were posted for the past several weeks on this sale and the association was the only bidder.

The house was last occupied by Maxine Cranford, who has moved to Brady.

Visiting Mr. and Mrs. J. P. Enochs last week end was their daughter, Patricia Enochs of Dallas.

Gov. Smith Salutes Texas 4-H Clubs

PRESTON SMITH

College Station, Tex.—Governor Preston Smith in an official memorandum said, "Texas 100,000 4-H members are observing National 4-H Club Week, Oct. 5-11."

"The purpose of 4-H work is to give equal training to the Head, Heart, Hands and Health of Texas young people and to help prepare them to be better leaders and citizens who will fit into society where their life's work may take them."

"4-H is a part of the educational program of the Texas A&M University Cooperative Extension Service and is supervised on the local level by county Extension agents along with the help of 19,000 local volunteer 4-H leaders who are outstanding men and women in their local communities."

"Texas 4-H members, working with over 202,529 educational learn-by-doing projects, apply the latest research and scientific information to their work, keeping records, arranging exhibits and giving demonstrations as means of passing information learned to others."

"The leadership and citizenship training which 4-H members receive is a valuable asset to our democratic way of life."

The governor urged all citizens to support and encourage the work of the "To Make the Best Better" organization.

The state 4-H Club leaders say that National 4-H Week observances are being held in many local and county clubs, and are hopeful that parents and other interested persons will attend. "It's a real opportunity to see 4-H members in action and to learn firsthand of the many worthwhile training experiences offered to youth through the program," they noted.

They point out that 4-H programs have changed through the years and now include projects and activities for rural, suburban and urban youth.

SNELSON ON COMMITTEE FOR PENAL SERVITUDE

Lieutenant Governor Ben Barnes today announced the appointment of a special five-member Senate Interim Penal Servitude Committee.

Named by Barnes to the Committee were Senators Grady Hazlewood of Canyon; O. H. (Ike) Harris of Dallas; Barbara Jordan of Houston; William T. (Bill) Moore of Bryan; and W. E. (Pete) Snelson of Midland.

The Committee, authorized by Senate Resolution 1006, will study the laws and practices relating to eligibility for release on parole, including the practice of allowing commutation of time for "good conduct, industry and obedience."

The findings of the Committee will be reported to the 62nd Legislature meeting in 1971.

School Menus

(All meals served with hot rolls and milk.)

Thursday, Oct. 9: Roast beef & gravy, creamed potatoes, whole kernel corn, stewed tomatoes, fruit cobbler.

Friday, Oct. 10: Salmon croquettes, macaroni & cheese, blackeyed peas, stuffed celery-peanut butter, ice cream.

Monday, Oct. 13: Steamed sausage, potato salad, pinto beans, cole slaw, bell pepper.

Tuesday, Oct. 14: Turkey and rice casserole, English peas, sliced beets, tossed green salad, banana pudding.

Wed., Oct. 15: Hamburgers, lettuce & tomatoes, cheese strips, fritoes, fresh fruit cup, chocolate brownies.

Thursday, Oct. 16: Swiss steak, creamed potatoes, mixed greens, carrot & apple & pineapple salad, chocolate cake, chocolate icing.

Friday, Oct. 17: Spaghetti with meat sauce, green beans, tossed green salad, French dressing, fruit cobbler.

Miss Applewhite and Richard Preston Married Saturday in Ozona Church

MRS. RICHARD EDWARD PRESTON II
the former Jill Applewhite

Miss Jill Applewhite became the bride Saturday of Richard Edward Preston II in a ceremony in Ozona United Methodist church with the Rev. John Berkeley, pastor, officiating.

Parents of the couple are Mr. and Mrs. Charles G. Applewhite of Ozona and Mr. and Mrs. Richard E. Preston of Eldorado.

Presenting wedding music were Mrs. L. B. Cox III, organist, and Miss Pam Sandel of San Angelo, soloist.

The bride wore a candlelight satin dress fashioned with softly scooped neckline and long tapered sleeves. The bodice was closely molded above a princess silhouette. Imported french lace encrusted with pearl appliques adorned the bodice and sleeves and the entire length of the Chapel train. Her headdress, which belonged to her cousin, Mrs. Duane Oswald, was a waist length heirloom veil of Chantilly lace from Brussels.

Miss Vicki Applewhite was her sister's maid of honor. Bridesmaids were Mrs. Duwain Vinson of Stephenville, Miss Cynthia Mahon, Miss Donna Moore and the bride-

groom's sisters, Misses Libby and Vicki Preston, both of Eldorado.

The bridegroom's father served as best man. Groomsmen were the bridegroom's brother, Patrick Preston of Dallas, Laurin Prather of Lubbock, the bride's twin brother, Jack Applewhite, Phil McCormick and Ricky Jones, both of Eldorado. Ushers were Danny Sponhaltz of San Antonio, Jerry Shugart of Lubbock and Steve Corder of Midland. A reception in the Fellowship Hall followed the ceremony.

Mrs. Preston, a graduate of Ozona High School, attended East Texas State University in Commerce and is a student in Angelo State University.

Her husband, a graduate of Eldorado State University and is presently employed by a local well-servicing company.

After a wedding trip to Dallas, the couple will live in Shady Village Cottages, Apt. 18, at 1903 Ward, San Angelo, Texas.

The bridegroom's parents served as hosts for the rehearsal dinner in Ozona Country Club.

Increasing The Personal Exemption On Income Tax

By U. S. Sen. Ralph Yarborough

Today, tax reform is a major subject all over America. Here in Washington, the Senate Finance Committee is now conducting hearings on tax reform proposals.

Most of these proposals deal with special interest provisions in the tax laws. There are many loopholes which need closing, but there is also a greater need to provide real tax relief for the average wage earner of this country. Most of the discussion is over closing loopholes, or over which tax exemption is a loophole and which is not. But there has been little discussion so far of genuine tax relief for the people.

To provide some of this needed relief, I have introduced an amendment to the tax bill which passed the House of Representatives and is now pending in the Senate. My

amendment would increase the personal exemption on income taxes from the present \$600 a year to \$1,200 a year.

It was disappointing to me that neither the House of Representatives bill nor the President's tax proposals included any increase in the personal exemption.

An increase in the personal exemption is essential if we really want tax reform. It is the surest and quickest way to give the middle income and the low income taxpayers relief from their heavy burden of taxes.

An increase in the personal exemption would mean that many poor families would not have to pay an income tax. As things stand now, a family of four with a yearly income of \$3,400 a year is considered in the poverty bracket. Yet this same family of four must pay an income tax.

The government is taxing people who are not making enough money to provide themselves with a minimum standard of living. Through our tax laws we take away from these people money they could use to buy food or clothing then we turn around and set up a program

to see that they get food.

An increase in the personal exemption would help the taxpayers who are out of the poverty bracket but are still having a hard time making ends meet.

The present exemption of \$600 a person a year was set in 1948. When it was passed by Congress, it was said this amount would provide relief from the high cost of living.

Since 1948 the cost of living has gone up over 52%, but we have not increased the personal exemption one cent. This present exemption does not provide relief from the high cost of living, and the people need relief.

An increase in the personal exemption is essential if Congress is to do its duty for the over-taxed citizen. Passing my proposed increase in the personal exemption would provide relief for the average citizen.

R. Mittel To Head Adult Leaders Assn.

RONNIE MITTEL

Ronnie Mittel, a former 4-H Club Gold Star Boy, a graduate of Texas Technological University, will give of his time to youth in the county. Ronnie will bring together the best thoughts and experience of the leaders in junior work in order that the 4-H and FFA programs in Schleicher county may be strengthened and improved, thus contributing to the four fold development of boys and girls enrolled and carrying a 4-H or FFA project.

Ronnie will assist in planning and conducting an organized adult leaders program based upon needs of the leaders, thus providing opportunity of fellowship and an exchange of ideas. The recognition of talent and utilization of talent in expanding programs for youth and the development of unity of purpose among leaders & parents.

Mr. Mittel is office manager of the Agricultural Stabilization Conservation Committee, secretary of the hospital board, director of the Jaycees, a member of the Lions Club and deacon in the First Baptist church.

Ronnie and Sharon Mittel have two children, Mitzi 3½ years and Ron 1½ years.

Helping revise the rules and regulations for shows and events to come and increasing enrollment in youth organizations will be in order for September, Mr. Mittel states.

Mr. and Mrs. Jerry Stigler of Lubbock visited here over the week end with his mother, Mrs. Evelyn Stigler.

Student Influx Causes Overcrowded School

By Congressman O. C. Fisher

A Mississippi Congressman received a telephone call last Wednesday from Esko Smith, superintendent of schools in Gulfport, Miss. A suburban school district, reported Smith, was in trouble—an influx of nearly 400 new students were seeking admission and there was no room for them.

The cause, said the Superintendent, was Turnkey III—a new 200-unit housing project which, almost overnight, had burdened the already overcrowded school beyond its capacity. Smith was appealing for federal help because the district, he said, was already over-bonded, over-taxed, and overcrowded.

But HEW said there is no federal money for that purpose.

In the meantime, HUD Secretary George Romney, referring to a proposed 400-unit Turnkey III project, tentatively planned for 4 sites in San Antonio, has informed me that his Department has not committed itself contractually to the development of the project. "Final determination on this project," he said, "will not be reached until a careful and thorough evaluation has been completed."

A rise in Social Security benefits appears likely, perhaps on the order of a 10 to 15% hike. And that will, of course, require more taxes in order to have the money to pay for it. Amid political overtones, both the White House and Congress keep raising the proposed

ante. With 25 million SS beneficiaries involved, President Nixon early this year called for a 7% increase, effective next April 1. Recently he upped that to 10%.

That prompted House Democratic leader Carl Albert to call for a 15% rise, effective next Jan. 1. House Republican leader Gerald Ford said it should be "at least 10%, perhaps more, effective January 1." Not to be outdone, Assistant Democratic Leader Hale Boggs then called for a boost of "at least" 15% by December 1. And then along came Republican Wm. Cramer of Florida, an announced candidate for U. S. Senate, who joined the 15%—January 1 crowd.

Few of them ever mention the tax increase that will be necessary. President Nixon asked that the taxable wage ceiling be upped from \$7,800 to \$8,400 by 1972 and that the graduated scheduled tax increase be accelerated. Eventually the total tax on earnings, levied on both employers and employees, would jump to 11.8%. And then there is the tax to pay Medicare.

In Those Days
Compiled From Success Files
ONE YEAR AGO
Oct. 10, 1968—Lee Halbert sold her drive-in across from the school to Sam and Gladys Sanders, who moved here from Dallas to take over the business.
Bill Rountree, chairman of a drive for the Concho Valley Council of Boy Scouts, reported that the drive was about to come to a close.
Funeral services were held for Mrs. Maria Rablado Cardona, 65, long-time local resident.

FIVE YEARS AGO
Oct. 8, 1964—Fred Watson was president of the Lions Club and that organization was to serve a pancake supper Friday night, the day Big Lake was coming here to play the Eagles.
Jack Hext, president of the Chamber of Commerce, reported that hunting leases should be listed with Mrs. Dean Murr, the secretary.
Martha Lee Meador was chairman of a Conservatives For Gold-water group which was setting up headquarters in the Wiedenmann building.

Mary Hoover, who was on a 3-weeks European tour, wrote home folks that she had visited East Berlin.
M. G. Shurley and Walter Pope were elected supervisors of the Eldorado-Divide S.C.D.
Miss Clarvce Schrier became the bride of Walter Frank Williams in a ceremony in West Side Church of Christ.
The Delta-Pauley gas well at No. 1 Parker Estate three miles north-west of town was reported rated at 19 million feet of gas per day.

12 YEARS AGO
Oct. 10, 1957—A Revival was set at the Methodist church with Roy Shilling Jr. of Mertzong preaching and Bob Burkart in charge of the music.
Mrs. Otis Buie died at the age of 49 in Austin, and her funeral was held there.
Jo Ed Hill was president and E. C. Peters vice president of the new Chamber of Commerce. T. P. Robinson Jr. was sec. treas. Directors were Mrs. Vida Krecklow, Eldon Calk, Charles Hahn, Edwin Jackson, J. E. Hill and E. H. Topliffe.
Pictured with Genelle McCalla, drum major, were twirlers Margo Mittel, Emma Lou Menees, Janis Sofge, Linda Love, Judy Wyatt and Kay Thomerson.
Mr. and Mrs. Ralph McGrew moved back to Eldorado to the Marvin McDonald rent house.
Rev. D. C. DuBose was moving here with his family to assume his duties as pastor of the First Baptist church.
The Rev. Jose Orena was moving here from Coleman.
F. V. Everett was moving to Knox City after he served as Cameron lumber yard manager here.

35 YEARS AGO
Oct. 12, 1934—County Agricultural Agent C. Snell and Miss Lora Farnsworth, county demonstrator, attended a representative meeting of county agents in Ballinger.
Appointed to the Texas Centennial Advisory Board for Schleicher county were Miss Herma Lee Hooker, Mrs. Ida Hill, Mr. J. A. Whitten and Mr. E. W. Brooks.
Miss Kate Adele Hill, former Schleicher county girl, was appointed new District Demonstrator for District 3.
R. F. Cook, vocational ag. instructor, took a group of FFA boys to San Angelo to a turkey grading school. Those attending included Richard Jones, Cecil Newlin, Jack Hext, Felix Susen, Paul Davis, R. J. Alexander, Harmon Bodine, and John E. Rodgers.
Miss Julia Faye Webster, who is attending school in San Angelo, was a guest of Miss Yvonne Jones on the Tisdale ranch.
Students visiting at home from Howard Payne College at Brownwood were Nell Campbell, John Alexander, Kenneth Green and Albert McGinty.
Conn Isaacs won \$35 and Mrs. John Williams \$25 in a drawing at the Lone Star Theater.
Ernest Hill, Sam Oglesby, Will Lewis and L. T. Wilson returned from a fishing trip to Devils River.

Crooked sales pitches via the telephone are on the rise. They trap people into buying things they don't need or into seeing salesmen they don't want to see. Tricks include free gifts, phoney surveys and get-rich-quick schemes.

Mrs. Doris Myers, Extension home management specialist at Texas A&M, gives these tips which may warn you of phonies.
The caller gives no identification.

—He says he is making a survey and requests a personal interview.
—He assures you he is not selling anything—just wants to interview you as part of an advertising campaign.
—He describes a "special offer" that your common sense tells you is too good to be true.

—He reels off prices, costs, offers and questions so fast that you cannot follow what he is telling you.
What should you do? Mrs. Myers says the Better Business Bureau suggests replying: "Please send me a letter about the matter. I'll consider your offer after I've had a chance to investigate. Thank you for calling. Good-bye."

This way you discourage a gyp artist while not cutting yourself off from someone whose business is perfectly legitimate.
Legitimate callers also can be a nuisance, if they call at an inconvenient time or they refuse to take no for an answer. Mrs. Myers says, if you aren't interested—just say good-bye and hang up.

When you "hit the feathers" on going to bed, how about it? Are the pillows clean or could they do with a little fall rejuvenation? Continue reading for exact directions for getting the job done.
Pillows should be kept clean for sanitary reasons and to retain their comfortable softness. Almost all pillows can and should be washed once or twice a year.

Suds-and-water is the reliable washing formula, although the method varies according to the filling, says Wanda Meyer, Extension home management specialist at Texas A&M University.

Most pillows actually have two coverings—an inner case of lightweight fabric, plus an outer ticking or decorative slipcover. First the non-washable "shell" must be removed.

Mrs. Meyer advises removing and washing ticking separately because this fabric is so closely woven that it keeps suds and water from circulating through the filling.
If a pillow has no lining, rip about a 2-inch opening in the ticking seam on opposite sides and fasten these openings with loose basting or overcasting stitches or pin with a large safety pin. Then suds and rinse water can flow through these vents, allowing dirt to escape but not the stuffing.

Feather, down, Acrican, Dacron and Orlon filled pillows can be laundered and dried by machine. To balance the washer load, wash two pillows at a time or add clean towels.

With feather filling, use extra soap or detergent because feathers cause the suds to die down quickly. Pillows tend to float on the surface of the water, so knead them in the water to get them wet before you start the washing cycle.

Rinse well, re-stitch the open vents, then dryer-dry at a LOW setting or hang them out in a breeze day. Shake and punch pillows several times during drying to plump up and fluff the filling, she says.

Latex foam pillows can be machine-washed, using a 4-minute washing cycle with warm suds. Unless already covered, place the pillow in a mesh bag or a pillow case with its open end fastened by loose stitches. This will protect the foam from shredding or breaking during the machine action. Foam pillows may be left in an automatic washer during the spin cycle. Pillows filled with shredded foam rubber can be dried automatically at low heat.

If you wash pillows by hand Mrs. Meyer recommends a deep tub or bathtub to allow plenty of room for suds and rinses. Use a squeezing motion to circulate suds thru the millions of tiny spaces, and at least three rinses to remove all residue of soiled suds.

Polyurethane foam pillows are best washed by hand in warm soap or detergent suds. Don't twist or wring. Just compress each pillow with an up and down motion of your palms to create movement of suds.

These pillows can be safely tumble-dried at any setting, or may be air-dried after pressing out excess moisture between towels. Plastic foam dries slowly, the specialist says.

It will pay off in saved time and effort to cover each bed pillow

The Bible Speaks To You
8:15 a.m. Sundays
KGKL-960 Angelo
New Christian Science Radio Series

SALESBOOKS: Simple charge tickets in duplicate, with carbon;

with an inner case made of muslin. Then put a zipper on the outside ticking which can be laundered every month or so to wash away hair tonic, face cream, body oils, and ordinary soil which go thru pillowcases.

Mrs. Meyer suggests that if the living room couch is used for naps, keep some washable pillowcases handy to protect decorative throw pillows from preventable soil.

The difference in mayonnaise and salad dressing is told by the label. Both products contain vegetable oil, an acidifying ingredient, as vinegar or lemon juice and seasonings.

The oil may be from soybean, cottonseed, peanut or corn, and in mayonnaise it must total at least 65% of the weight. In salad dressing to a minimum of 30% by weight. Food standards such as these insure honest and fair dealing for both consumers and manufacturers, says Gwendolyn Clyatt, Extension consumer marketing specialist.

The Texas A&M University specialist adds some history to the food facts on mayonnaise and salad dressing.

Mayonnaise was made for Louis XIV of France who was a gourmet devoted to sauces. When American Doughboys returned home after World War I, they brought back a lively interest in French cooking and many brought French brides who could prepare mayonnaise and other delicacies at home.

Because the preparation was long and tedious, manufacturers found it worth while to develop mass production methods. In the 1930's another product appeared on grocery shelves, similar but less expensive to make than mayonnaise. It officially was designated as "salad dressing."

Add other ingredients to mayonnaise or salad dressing for a special treat, suggests Mrs. Clyatt. Try hot or sweet pickle relish, chowchow, finely chopped onion, your favorite herbs or spices.

New innovations are lighting up the appliance market.

Mrs. Doris Myers, Extension home management specialist, reports that blenders, irons, alarm clocks and even pots and pans have taken an air of sophistication.

Pots and pans now come in strong colors: bright red, yellow, orange, deep blue, green, chocolate, avocado, and paisley pattern. One company will supply cookware with a monogram baked on. Plastic dishes come in mix-and-match sets with contrasting designs or reversed colors.

One blender comes with 16 push-button speeds. Simpler ones are priced low to attract customers, but the top models remain expensive.

Coffee pots have new styles. One drip coffee because of a special make promises the perfect cup of water flow system that is said to allow the brew to steep just the right length of time, reports Mrs. Myers from Texas A&M University.

Irons are slimmed down and donned handy features. One has a special heel rest to prevent it from tipping. Another takes its own temperature and displays it on the top. It's scorch proof!

There is a battery-powered bathroom scale that features a raised black screen on which oversized numbers light up to show your weight. Many others come in different styles, including the latest butterfly shape.

A "his and hers" electric alarm clock with two faces and alarms lets him get up early and her sleep on until the second alarm. A lamp-clock-radio is new that wakes you in stages: first the light and radio, then the alarm.

What's in the future for appliances? Mrs. Myers reports on an array of items that are not due on the market for at least five years. Examples are: a thermo-electric steam iron, powered by a rechargeable fuel cell, will collect moisture from the air, provide instant heat and remove spots. An ultra sonic blender, also powered by a fuel cell, will be self-cleaning and silent in operation.

An automatic can-opener will cut metal with a laser beam. A computerized beverage center will dispense hot or cold drinks at the touch of a button—automatically adjusting the liquid to the height of your cup or glass.

Sew-It-Yourself-With-Wool Contest

It's fall again and with the coming of cool nights and brisk mornings, it's time to think of jackets and sweaters. And it's also time for women to think of the National Sew It Yourself With Wool contest sponsored annually by the Women's Auxiliary to the National Wool Council.

This competition is open to all girls and women providing they meet the age and other requirements and abide by the rules as set by the contest officials. The category to enter will be determined by the age on January 1, 1970. The four age categories are as follows: Junior, ages 14-16; Senior, ages 17-21; Sub-deb, ages 10-13; Adults, over 21. Sub-debs have only district competition; adults have district and state.

Entry forms must be filled out and sent to the district, state and national personnel by November 8. These forms may be obtained from many fabric shops, department stores or from Miss Dana Owens, Schleicher County chairman and local homemaking teacher.

The contest purpose is three-fold: to focus attention on the beauty and versatility of American wool, to encourage girls to use this incomparable fabric in sewing their own smart fashions, to offer young experts the opportunity to compete for valuable prizes and to win recognition for their sewing skills.

All entries must be made from American loomed wool. The fabric may be 100% wool, or wool with no more than 5% of another fiber added as defined in the Wool Act. 100% wool fabrics bonded to triacet are acceptable. Hand-knit garments are not acceptable. Trimmings, interfacings, facings and linings and blouses worn with suits may be made of fabrics other than wool. It is the responsibility of each person to determine the fiber content before she buys it. Insist on seeing the label.

The correct name of the fabric manufacturer will become essential should there be any question about the fabric's classification and eligibility as American made wool.

Eldorado has been host to the district contest th past two years but Kerrville will be the host on Nov. 29. Previous date was the 22nd, but our local representatives asked the date change because of the conflict with the band contest date. Mrs. Russell Thomas, Junior of Kerrville is the new district director. The district 5 and 6 includes the following counties: Bandera, Crockett, Edwards, Gillespie, Kendall, Kerr, Kimble, Kinney, McCulloch, Mason, Menard, Real, Schleicher, Sutton and Val Verde.

It is the desire of the local county chairman to have as many entries from our county as in the past. Miss Owens will answer any questions and give any assistance if needed. Eldorado is still boasting of our two girls, Miss Nancy Lux and Miss Connie Sue Speck who represented our district at the state competition last year. Nancy won state and enjoyed the trip to National Competition in San Francisco. At the present she is in Texas Tech on two scholarships won from these contests. Who knows, some where in the county and surely in the district we have another state winner. However, nothing ventured, nothing gained. This could be the year we have several adults from the area to compete with garments they weekly turn out. May you be among the ones who travel to Kerrville? Please get your entries in. Deadline is November 8.

SCHOOL NOTES
Thursday today the Jr High football team will play at Robert Lee at 6:00 p.m.
Friday, the High School varsity team will play Wall, here, at 8:00.
Saturday, some students from the Student Council will attend the West Texas Forum in Kermit.

News of the Sick

Mrs. Bertha Wilson was released Saturday from the local hospital and returned home. She is continuing convalescence at home. Her daughter, Mrs. Grover Lee Johnson of Goldsmith, spent last week here with her.

James Logan underwent major surgery last week in the veterans hospital at Albuquerque, New Mexico, and has continued since then to make gradual recovery. Earl Floyd and his brother Harold left Monday morning for Albuquerque to visit with him.

Ray Boyer was around the business district last Saturday, after having had eye surgery earlier in Clinic-Hospital. He is still confined home most of the time.

Mr. and Mrs. C. L. Martin Sr., are now living in the nursing wing section of the Medical Center. W. F. (Rocky) Meador was scheduled to return home Tuesday of this week from San Antonio where he had surgery recently in Santa Rosa hospital.

Mrs. Ed Meador has been in a Houston hospital recently for surgery.

IRAAN GAME

—(Continued From Front Page)—

Williams, Bob Sykes, William Edmiston, and Bob Whitten encourage James L. Davis who powered over for six yards on a reverse from right back to left. This time Archie Nixon kicked the ball. Bob Page held against the gym windows.

Last Eagle touchdown saw Paul Page accept Archie Nixon's aerial and race 13 yards for the score. A try for two extra points was successful. The score stood 40-8 for Eldorado less than two minutes from the final horn.

In the third quarter, Iraan capitalized on three consecutive 15-yard penalties which put the ball on the Earle 21-yard line. Iraan then utilized its only effective play of the game, a draw, which saw J. D. Mirike carry the ball over for 21 yards after the Eagles had seized and searched all the other Indians on the field. Iraan attempted to run the ball over for two points but failed.

With the wind to their backs, they kicked deep in Eagle territory and an Eagle optimist tried to run the ball out but was downed in the end zone and the officials correctly ruled it a safety and gave the Indians two points for their side of the scoreboard.

Wayne HV Dovie carried 18 times in the game for 103 yards. He is fast becoming a marked man as in the last two games, he has been obviously first choice of all tacklers even if somebody else ran away with the ball.

Archie Nixon scrambled six times for 60 yards; Bob Page, 12 times for 39 yards; James L. Davis, 9 for 24; Keith Williams, 5 for 22; Mickey Clark, 3 for 7; and Bill Hubble, once for 5 yards.

Keith Williams converted two Archie Nixon passes to 56 yards; Wayne HV Doyle, one for 21 yds.; and Paul Page, one for 13.

Dobs Lively took first honors in the tackling department with 10 stops while Roy Jones, a consistent defender, came next with 8. Bob Page and Sam Oglesby vetoed 7 Indian sorties each, while Mickey Clark stopped 6. Bob Whitten, Bob Sykes, and Charles Adams each halted 5 Indian carriers.

As usual, there were several seen and many unseen highlights. Jim Martin although busily employed with a determined Iraan blocker reached out and forefooted the ball carrier and halted the play for little or no gain.

Keith Williams flipped an Indian carrier's feet high in the air which immediately preceded his emphatically violent stop.

Charles Adams was almost boxed to the inside at his defensive right end position but quickly rallied with a reverse pivot and whopped the Indian carrier for no gain.

Wayne Doyle for the second time this season arrived just as a punt was settling in the arms of an Iraan safety. Needless to say this was an emotionally traumatic experience for the Iraan lad although very commendably he managed to hold on to the ball.

Archie Nixon booted a tremendous downwind punt which sailed over the safety man's head and rolled to the Iraan 5-yard line although the Braves were able to run it out almost to their 20. The Iraan announcer remarked on the punt, grudgingly calling it for 70 yards. Those yards were all there for sure.

Eagle coaches considered it expedient to be careful of Walter Sneek and Robert Hibbits and neither was committed to play although both were suited out.

Coach Sherwood Barker credited the offensive linemen with the successful night although he was very commendatory of the defense which held Iraan to a total of only 103 yards for the night.

Coach Barker was very appreciative of Eagle efforts for the four-game offensive average of 384 yards average for each game.

Keith Williams and Wayne HV Doyle were slightly shaken up in the Iraan contest but neither to the extent that his continued play might be jeopardized.

After two consecutive defeats at the hands of the Braves, last Friday night's win was a pleasant change for Eagles many of whom will not have another chance to meet Iraan again.

First Baptist Church

Everyone is looking forward to our new church year. Some were happy with being promoted. Some were happy with being demoted.

We are happy to add five new members to our church: Miss Herdin, Mr. and Mrs. Scott, and Mr. and Mrs. Jimmy Ball.

WMMU members met Monday at 2:30 for their General meeting. Eleven members were present.

Mrs. Bob Sykes was host to her YWA Wednesday evening for an initiation. Four new members will be initiated, these being Jean Rountree, Gav Richardson, Eva Stigler, and Trudy Rushing.

Everyone is invited to attend revival services this week. Each morning at 10:00 and at 7:00 p.m. —Mary Hext, Rep.

Austin, Tex.—Higher automobile insurance rates were adopted by the State Board of Insurance, but they are not as high as had been originally predicted.

Statewide, the increase in rates on Nov. 1 will be 9.9%. Insurance Board's staff earlier had recommended an 11.4% increase.

This smaller increase was accomplished by accepting the recommendation of Gov. Preston Smith's study committee that the percentage allowed insurance companies for acquisition costs be cut from 25 to 22.5% of the premium.

Another recommendation of the study committee headed by former Gov. Price Daniel was that the Board should include investment income of insurance companies in setting the rates.

Board Chairman Ned Price said the Board would give careful consideration to inclusion of investment income from unearned premium and loss reserves as "profit and contingencies." He added that "we may have further comment on this at a later date."

However, Price also warned that it may not have as much effect on the price of insurance as had been thought. He said "The Board has consistently recognized and considered in its regulatory acts that the companies have other income than that from underwriting."

Price also said that the Board will begin, "as time and circumstances permit," a detailed study of automobile rate-making formulae. He said the study of the present formula used in setting rates would be made during the coming year. The formula, he said, "will be reviewed with the objective of determining if rates can be made more precisely by another formula."

Voy Lee Butts Re-Elected Director To Eldorado-Divide District
(By Bill Rountree, Dist. Cons.)

Voy Lee Butts, well known Tom Green county ranchman, was re-elected to serve a five-year term as director of Zone 1 of the Eldorado-Divide Soil and Water Conservation District Thursday at the annual election which was held at Shady Park near Christoval.

Voy Lee has served the past year as chairman of the board of directors of the district. The district includes a portion of Tom Green county and Schleicher county.

Other District directors include Clay F. Atkins, zone 2; who was recently appointed director after the resignation of Milton Rathbone; Otis Deal, zone 3; Geo. Humphrey, zone 4; and Walter C. Pope III, zone 5.

Soil and water districts are organized to combat soil and water losses. They are democratically organized. Five farmers or ranchers who are landowners handle the business of the district. These men are elected by the people.

Since the first soil and water conservation district was organized on Brown Creek in Anson county, N. C., in 1937, some 3,012 districts have been established. Today, almost 100% of the farms and ranches in the United States are in such districts.

These districts are people—not just an idea or program. The most important people are the district directors. They govern the districts. Today there are 15,060 of them—all citizens of the districts they serve. They are chosen by their

Democrats . . .

State Democratic Executive Committee has nominated Mrs. Carrin Patman of Ganado to serve as the National Democratic Committeewoman from Texas. She is the wife of Sen. William N. Patman and replaces Mrs. Lloyd Bentsen of Houston, who resigned the position. Mrs. Patman is the daughter-in-law of U.S. Rep. Wright Patman and the daughter of the late State Sen. Fred Mauritz of Ganado. She still has to be approved by the National Committee.

At the meeting, State Chairman Elmer Baum told committee members that Democrats have to overcome their biggest handicap—taking success for granted. He is organizing a futures committee to act as an advisory group to chart new approaches "for a brighter future."

French Robertson of Abilene, executive committee finance chairman, told members that he is dropping the "card carrying" Democrat scheme to raise money. The party had been selling gold Democratic Party membership cards for \$100 and other cards for \$1. but Robertson said it wasn't raising enough money to continue the program.

Bills

Governor Smith has sent Mike McKool's voter registration bill to the Secretary of State without his signature, thereby allowing it to become law. It requires that all citizens registering to vote in person must fill out a written application containing the same information as the registration certificate in order to get a certificate.

Governor vetoed a bill that would have allowed legislators to have office space in their county courthouses. He said office rental could be provided from legislators' expense allowance.

He also vetoed bills providing for insurance protection (through private, non-profit corporations) on bank deposits above \$15,000.

Smith said he is in accord with idea of giving full protection for bank deposits but feels that the matter should have careful study before implementing legislation becomes law.

Appointments . . .

Governor Smith selected as new judges of the district courts just created: Robert George Scofield of Grapevine, Hollis D. Garmon of Greenville, Noah Kennedy of Corpus Christi, J. F. Clawson Jr. of Temple, Don Maxwell Dean of Amarillo, Thomas A. Thomas of Beaumont, David Walker of Lufkin,

Marcus F. Vasocu of Longview, Lee Duggan Jr., Joseph Michael Guarino, Wallace Koker Moore, George Leamon Walker, Edward Donald Coulson and Wyatt H. Heard, all of Houston.

Smith named Ellis County Attorney W. Bruce Allen of Waxahachie as judge of the existing 40th district court, succeeding Judge A. R. Stout, also of Waxahachie, who resigned.

District attorney appointments went to Dan McCall Brazil of Lufkin, Larry Lee Miller of Greenville, and Jack Gayle Neal of Sulphur Springs.

Millard K. Neptune of Austin is the new director of the Southwestern area office of Economic Development Administration.

Governor appointed 50 members of his new Committee on Human Relations, with Secretary of State Martin Dies Jr. as chairman.

House Speaker Gus Mutscher named a five-member general investigating committee, headed by Rep. R. H. Cory of Victoria.

Lt. Gov. Ben Barnes named lunar landing commission members from the Senate, and committees on urban affairs, penal servitude (parole) and historical and recreational sites.

Dept. of Public Safety chief pilot L. A. Bradfute resigned to accept a position as executive vice president of Rio Airways in Corpus Christi.

Courts Speak

Supreme Court handed down a roomful of cases after its summer recess. It declined rehearings in three major cases decided last July, reaffirming that:

—Sundaco Inc. of Tarrant and other counties will not get an advisory court opinion on whether its arrangement for evading Sunday closing law is legal.

—Until the Sarita Kennedy East will contest is concluded, Alice National Bank will remain as executor of the \$300 million estate.

—Juvenile delinquency proceedings do not require proof of guilt beyond reasonable doubt.

Travis County district court assessed a \$2,800 penalty against Orange real estate development concerns for polluting the Sabine River. Penalty was first recovered under the Water Quality Act. Firms are now constructing waste disposal plant to avoid future pollution.

Supreme Court refused to order Limestone County court to dismiss bank robbery charges against a man there.

First Candidate Emerges

Hawthorne Phillips, former district judge at Brownsville and now executive assistant to Attorney General Crawford Martin, has announced his candidacy for the Texas Supreme Court.

He says he will run for the seat being vacated by Associate Justice Robert W. Hamilton of El Paso, who recently announced that he will not run again, after 11 years on the bench.

Crime

Judge Joe Frazier Brown of San Antonio, executive director of the Governor's Criminal Justice Council, has urged industry to take a technological hand in fighting "the ever-rising threat of crime."

He said, "In spite of the fact that our society has developed systems that take us to the moon, our approach to the Crime Control Act was still too much the old hit-'em-in-the-head night-stick philosophy, or the ignore-the-problem-and-it-will-go-away philosophy. This has got to change."

To Awaken Small Towns

Governor Smith announced a "Texas Communities Tomorrow" program to revitalize the small towns in Texas.

Aim is to provide a central source through which small towns can get information on governmental aid available to them and to help find technical and financial know-how for improvement programs.

Most "hometowns" are "becoming crowded cities" or "are decaying into nothingness," complained the governor.

Short Snorts . . .

Secretary of State Martin Dies Jr. says there were 13,001 profit corporations chartered in Texas for fiscal 1969, an increase of 3,000 over 1968.

John C. White, Commissioner of Agriculture, announced that Texas peanut growers have approved a commodity check-off referendum (with an 84.2% majority).

Parks and Wildlife Commission encountered lots of static over decisions to discontinue the late-late deer hunting season in Frio county.

Texas Adjutant General Ross Ayers has called attention to a previously-unpublished poll purporting to show the National Guard in the Southwest is not as high in public esteem as units in other states and asks for increased public service activities in guard unit home cities and close review of officer efficiency and promotions by selection and retention boards.

New \$360 million tax bill went into effect October 1, when sales tax rate went up from 3% to 3 1/4% and levy was extended to alcoholic beverages.

Peanut-Orange Muffins deserve a special place in fall menus. Orange flavored and dotted with chopped peanuts, these quick 'n easy muffins are pure pleasure right from their pancake mix beginning. Top each little muffin with a bit of orange marmalade before baking for a sparkling, sweet "frothing" — perfect for brunch or lunch.

Put your favorite pancake mix to work for you, for hurry-up baking as well as for light, tender, best-ever pancakes. It's magic from a package!

- PEANUT-ORANGE MUFFINS**
Makes 12 muffins
- 2 cups pancake mix
 - 1/4 cup sugar
 - 1/2 cup chopped peanuts
 - 1 egg, beaten
 - 1 cup milk
 - 2 tablespoons melted or liquid shortening
 - 1 teaspoon grated orange peel
 - 2 tablespoons orange marmalade

Heat oven to hot (425° F.). Combine pancake mix and sugar in bowl. Stir in peanuts. Add egg, milk, shortening and orange peel, stirring only until combined. Fill greased muffin cups 3/4 full. Place 1/2 teaspoon orange marmalade in center of each muffin. Bake in preheated oven (425° F.) 15 to 20 minutes.
