Number 32

Former Clinic Bldg. To Become Production Field Office for Atlantic-Richfield Company

Remaining equipment was being moved out of this clinic building Saturday and owner Eldon Calk reported that the building is in the process of being leased to Atlantic Richfield for a production field office.

Atlantic-Richfield recently became successor to Sinclair Oil Co., which was the largest taxpayer and operator in the county. Among their operations is the large gasoline plant at Huldale.

According to men connected with that plant, the gasoline division will continue to maintain its office at Huldale, but the production field office will be located in Eldorado.

Mr. Calk's clinic building has been vacant since the new hospital opened in February. It will make an ideal location for a production office. Included in the requirements are that a 6-foot chain link fence will enclose the lot.

Hospital Continues To Be Crowded

Such was the report at the hospital directors meeting Monday night when Dr. Brame and Lillian Kroeger were present and testified on the operation of the facility. This is about the same report that has been coming from the hospital for the past six weeks. On a number of occasions lately a hospital patient has had to take a bed in the nursing wing.

Otherwise the board conducted routine business and discussed a number of minor items.

Former Co-Op Mar. To Receive Award In San Antonio

Don McCormick, manager of the Southwest Texas Electric Cooperative here from 1945 to 1968, will be honored at a State meeting of Electric Co-Ops which will be held in San Antonio August 14 and 15.

McCormick, who now resides in Austin, recently received the following invitation:

"I am honored to inform you that during the TEC Board Meeting held in San Antonio July 10, the Board of Directors unanimously voted an award of merit to be presented to you during the banquet on the evening of August 14.

"Will you and Mrs. McCormick please be our guests at the banquet on the night of August 14 so that we may publicly express our appreciation to you for all you've done for rural electrification? — Sincerely, J. R. Cobb, Gen. Mgr."

Co-Op Manager Elton McGinnis will attend the San Antonio meeting and will be accompanied by one or more of his directors.

CoOp Prepares For Its 24th Annual Meeting

Approximately twelve hundred invitations have been mailed to Co-Op members this week for the 24th annual meeting of the Southwest Texas Electric Cooperative which will be staged next Tuesday evening.

The meeting, as it has in the past, will get under way at 7:00 with a big barbecue on the court house lawn, which has always drawn hundreds here for the event.

The period from 8:00 to 9:00 will be devoted to a business meeting usually held in the Memorial Building, for the purpose of hearing reports, election of directors, and any other business that may come before the meeting. Directors whose terms expire are J. D. Strauss, president; Peyton Cain, secretary; and Frank Bond, director. All three have been nominated for re-election.

Gene H. Linn of Rogers, Texas, will be guest speaker for the evening. He is noted as a top Texas humorist and a great crowd pleaser. Final item on the program will be drawing for a large number of handsome door prizes.

Firemen Consider New Equipment

The Eldorado Fire Department, which is observing its 30th anniversary, this week has several of its members looking into the matter of some better equipment to supplement that presently in use.

At present, the department has four trucks. These range from the city truck, a '69 model, up to the 1960 Dodge truck which was purchased for fighting prairie fires out in the county.

Wednesday, Sam Dannheim, Weatherly Kinser, and Orval Edmiston went to El Paso to look at a government-surplus truck.

The firemen and county commissioners are also considering the purchase of a new truck.

If these plans and arrangements go through, that would give the Eldorado Fire Department six trucks in operation in the near future.

Election Officials For 1970 Named

At a recent meeting, the County Commissioners named the following election judges and assistant judges for all Special and General Elections for 1970:

Pct. No. 1, T. R. Spence, judge; Mrs. Elizabeth Ballew, assistant.
Pct. No. 2, Mrs. M. H. Woodward and Mrs. Arch Ory;
Pct. No. 3, Mrs. Frankie Short and Mrs. James Williams;
Pct. No. 4, P. S. Dudley and Mrs. Edwin Jackson, Sr.;
Absentee, No. 5: Jerrold Sanders and Mrs. Donnie Gilmore.

The four county precincts now corner in Eldorado, and voters who live here in town will start registering in their new precincts on October 1st, for voting in 1970.

Masey Reunion Held

The Masey reunion was held in Christoval August 2 and 3.

Those attending were: Mr. and Mrs. Harold Masey and baby, Mr. and Mrs. Terry Kappes and children, Mr. and Mrs. James Ray Masey and children, Mr. and Mrs. Mitchell Haller and children, Mr. and Mrs. John Masey, Mr. and Mrs. Cal Masey, Mr. and Mrs. James Masey, Billy and Terri Holden, all of Odessa;

Mrs. Robert Lee and children of El Paso, Mr. and Mrs. George Anderson, Mr. and Mrs. I. V. Huichuman and girls, and Steve Aldridge, all of Dallas; Mr. and Mrs. John Holden of San Angelo; Ronnie Masey of Casper, Wyoming; Mr. and Mrs. George Williams and Mr. and Mrs. Charles Orr and children, all of Eldorado.

Range Fires Now A Real Hazard

College Station, Tex.—The greatest hazard to rangeland during the hot and dry summer months and into the fall and winter is fire.

Everyone, explains B. J. Ragsdale, Extension range specialist at Texas A&M University, has a stake in preventing range fires. The rancher depends upon range vegetation to produce livestock which ends up as steaks, lamb chops and other meat products and which are enjoyed by Texans.

And, adds Ragsdale, fishermen and water enthusiasts want clear rivers and lakes for fishing and water sports. Fire denuded rangelands are conducive to soil erosion when the rains come, resulting in silt laden rivers and silt-filled muddy lakes.

The forage produced on rangeland also provides cover and food for wildlife. Wildfires, points out the specialist, can very materially reduce the hunter's opportunity for a successful hunting season.

Good moisture last spring resulted in much vegetative growth but a hot and dry summer have combined for optimum fire conditions, says Ragsdale.

He has the following suggestions for preventing range fires. Motorists should snuff out cigars and cigarettes and place them in the car's ash tray instead of throwing them out the car window. Recreationists should be very careful with camp fires. Fires should not be left unattended.

Landowners can protect their ranges by building fire guards. Sprayers and other fire fighting equipment should be kept in good repair and readily available for any emergency. Communities and counties should have up-to-date workable plans for fighting fires, emphasizes the specialist.

Because everyone has a part in preventing range fires and much to lose in case of fire, Ragsdale urges full compliance with all safety measures and immediate reporting of any fire which might be noted.

ATTEND FUNERAL IN ARKANSAS

Mr. and Mrs. Buster Hale left for Arkansas Saturday to attend the funeral for Mrs. Hale's mother, which was held on Monday.

Post Script

Report Wednesday was that Texas voters had rejected the \$3½-billion Water amendment, and had passed the hike in welfare benefits.

Of the nine proposed amendments to the state constitution, these were the ones in which the most interest had developed in recent days.

Generally, East Texas voters rejected the water plan while West Texans approved it.

How Schleicher county voted is set forth elsewhere in this issue of the Success.

Veteran Barber Buried Wednesday

JESS ASHMORE

J. D. Ashmore, 80, Eldorado barber from 1945 until he retired a few years ago, died at the Schleicher County Medical Center at about 8:00 Tuesday morning. He had been in frail health for several years.

Funeral services were held at Rockwood, his former home in Coleman county, at 2:00 p.m., Wednesday, August 6th, at the Rockwood Baptist church.

Interment was made in the cemetery there under direction of the Ratliff-Kerbow Funeral Home of Eldorado.

Jess Ashmore was born April 16, 1889, in Williamson county.

On November 6, 1910, he was married to Minnie Lee Ingram at Rockwood. He was associated with his father in farming at the time he was married. He took up barbering about that time, and had been in the barbering trade off and on ever since.

In 1912 the Ashmores moved to Fort Worth where they lived for eight years; then moved back to Rockwood where he barbered until World War II was under way, and returned to Fort Worth and worked in a defense plant. After the war ended they moved to Eldorado where he opened a barber shop.

The Ashmores were active in the First Baptist church, the Masonic Lodge and the Eastern Star.

In November of 1960, a large crowd of relatives and friends honored the couple on their Golden Wedding.

In addition to his wife, Mr. Ashmore is survived by eight children: Jesse Lee Spencer, Eldorado; J. Dean Ashmore, Greenville; Catherine Kennerly, Houston; Pauline Hodges, Eldorado; Margaret Gray, Whittier, Cal.; Barbara Terry, Sugarland; William L. Ashmore, of Arlington; and Barney Janet Peterson, Ft. Worth.

Also surviving are 14 grandchildren and 9 great-grandchildren, and two brothers, Barney Ashmore and Hobson Ashmore, both of Bangs, Texas.

Value of Schleicher Oil and Gas Production Over \$10 Million During The Past Year

Schleicher County oil and gas wells pumped some \$10.4 million into the county's economy last year, according to a study just released by the Texas Mid-Continent Oil & Gas Association.

Value of production from oil wells was \$7.3 million and from natural-gas wells \$3.1 million, based on the most recent U. S. Bureau of Mines figures compiled by the Association. The county ranked 94th in the state in value of production.

"Output from Schleicher County is part of this country's domestic oil supply which is endangered by some of the proposals now before Congress," commented Corbin J. Robertson, Association president. "Attempts to destroy percentage depletion provisions of our income tax laws and to nullify present controls over imported oil could discourage further development of Texas oil resources. Eventually oil markets now shared by the county would be given over to foreign producers."

Last year, the county produced 2.5 million barrels of crude oil and 23.7 billion cubic feet of natural gas.

Of this total, county landowners and others with mineral interests received royalty payments of \$1.3 million.

Construction on the local Co-Op lines got under way in the autumn of 1945 with a few miles of line in operation by end of the year. From that point on it has developed rapidly until it now has lines in nine other counties in addition to Schleicher. These are Menard, Sutton, Tom Green, Irion, Reagan, Upton, Crockett, Pecos and Val Verde.

This year's annual report shows 2575 miles of line in operation, an increase of 79 miles over the previous year. The number of meters connected is 2793, an increase of 119 from the year before.

The handsome building above is headquarters for the entire system, but sub-offices and warehouses are maintained in Big Lake and Ozona. The system provides employment for about 26 people, and maintains its own construction crew and equipment for repair and building of new lines.

Their payroll is a substantial asset to the economy of Eldorado.

Boys To Report For Football August 13th

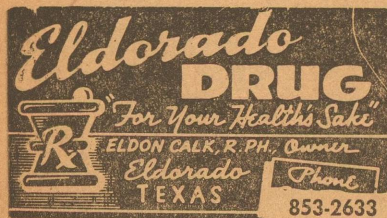

Eagle Coach Sherwood Barker has announced that all high school boys who are coming out for football to report at the gym on August 13, 1969, at 8:00 a.m. Shoes will be issued at this time for running.

Clean Up Your MEDICINE CHEST

12 Safety Rules To Prevent Accidental Poisoning

1. Keep all medicines and household poisons (cleaning fluids and insecticides) out of the reach of children.
2. Never refer to medicine as "candy" to your child.
3. Read all labels carefully and follow directions.
4. Don't take a medicine prescribed for someone else.
5. Never increase the dosage or the frequency of a dose of medicine—unless your doctor suggests it.
6. Throw out the contents of all old medicine bottles.
7. Keep internal medicines in one cabinet and external medicines and poisons in another.
8. Do not place poisonous liquids in soda bottles.
9. Throw out all unlabeled medicines and containers.
10. Do not take or give medicines in the dark—when you may be sleepy.
11. Protect your skin when using insecticides, solvents or cleaning agents. Remember some products can be absorbed through the skin; use as directed.
12. If someone takes a potentially toxic substance in your home, call a physician immediately. Don't wait for symptoms to appear.

Tax Man Sam Sez

About 30 or 40 years ago the good tax folks put out statistics of income for each county in the United States. This got to be too big a job for the tax folks because there were too many taxpayers creating too many different kinds of income statistics for the tax people to furnish detailed county by county figures within a reasonable period of time. Then came the computer—and on your tax return you give the computer your name, your number and your zip code. Your zip code not only tells IRS what county you live in, but what corner of the county, or what section of the city. About a year ago Internal Revenue issued statistics of income for the year of 1966. These returns were filed in 1967. Last month Internal Revenue issued statistics of income for the year 1966 broken down by the first three digits of your zip code. In most cases the large cities have a separate three digit zip code for the city and another three digit zip code for the surrounding area.

There are 47 different three-digit zip codes in addition to a breakdown of the 47,307 people who didn't put their zip codes on their tax return in Texas.

You can buy a copy of the Zip Code Statistics of Income from the Government Printing Office for \$1.00. Ask for Publication 649, from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

Miss Favila Bride Of Mario Cruz Saturday

MRS. MARIO J. CRUZ

Miss Maria Dolores Favila became the bride of Mario J. Cruz in a ceremony Saturday in Our Lady of Guadalupe Catholic church. The Rev. Miguel Fernandez, pastor of St. Ann Catholic Church in Sonora, officiated.

Parents of the couple are Mr. and Mrs. Juan Favila of Eldorado and Mr. and Mrs. David Cruz Sr. of 14 W. Ave. M., San Angelo.

Maid of honor was Miss Cecilia Martinez of Del Rio, and matron of honor was Mrs. David Cruz Jr. of San Angelo. Bridesmaids were Mrs. Ray Favila of Arlington, Mrs. Gil Favila of Sonora, Miss Tonie Garcia of San Angelo, Miss Elizabeth Espinosa and Miss Conzuelo Espinosa, both of Monterrey, Mexico, and the bridegroom's sisters, Mrs. Ramiro Minor and Mrs. Ramona Arzate, both of San Angelo. Ring bearers were Jo Anna Sosa and Ray Favila, Jr.

David Cruz Jr. of San Angelo served as his brother's best man. Groomsmen were the bride's brother, Ray Favila of Arlington, the bridegroom's brother, Ramon Cruz, Ramiro Minor and John Chapa, all of San Angelo, Gil Favila, Guy Askew, Alfred Perez and Benjamin Perez, all of Sonora. Ushers were Tony Talamantes of San Angelo and Jaime Flores of Sonora.

The bride wore a floor-length gown of peau d'ange lace over heavy imported satin, featuring Empire waist and long tapered lace over satin sleeves. Seed pearls outlined scalloped bands trimming the skirt and cathedral train.

Mrs. Cruz attended Eldorado schools and was graduated from a San Angelo beauty college. She is a beautician. Her husband, a graduate of San Angelo Central High School, has served as state chairman of the American Junior GI Forum. He is a graduate of Angelo State University where he was named to the Dean's List and was president of Alpha Epsilon fraternity. He is a teacher in the San Angelo public schools.

The reception was in the Memorial Building in Eldorado and a dance was in the Town and Country Club in San Angelo.

After a wedding trip to Mexico City, Acapulco and Monterrey, the couple will live at 202 W. Avenue D, San Angelo, Texas.

Recent guests in the Sherwood Barker home were Mr. and Mrs. J. D. Barker of Angleton, parents of Mr. Barker, and their granddaughter, Terry Oliphant, of La-Marque.

Mrs. Evelyn Stigler and Eva spent several days in Glorieta, N. M., attending a Music Conference at the Glorieta Baptist Assembly. Attending the conference with them was Mrs. Viola Guthrie of Hico and Mr. and Mrs. Jack Leech and sons of Brownfield, Texas.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

The price situation is causing many stockmen to ask questions about the possible use of wheat for feeding cattle.

Wheat can be fed to all types of cattle. Research has shown that on full feed best use can be made of wheat by limiting it to 25% of the total ration. When fed in these amounts it is equal to corn in feeding value and no digestive problems are encountered.

When one is pressed for feed and needs to use more, it can be raised to 50% for fattening cattle. Generally, it is not economical under any circumstances to increase it beyond 50% for fattening.

For wintering, where only 3 or 4 pounds of grain are being fed along with a full feed of hay or silage, wheat can be used entirely. In fact, where 4 pounds of grain is the daily limit, 100% wheat can be used.

The problem with wheat for cattle feed is proper preparation and its physical characteristics. If wheat is coarsely cracked or is rolled, it is more acceptable to the cattle. Often in preparation, wheat is ground into a flour and becomes gummy and sticky and quickly soils feed troughs.

Checking the type of equipment and finding the best method to roll or crack wheat will help improve its feeding characteristics.

The sun shines after every storm; there is a solution to every problem; the soul's highest duty is to be of good cheer.

It is time to start thinking about the small grain varieties you'll be planting this fall and also sources of seed.

Many factors enter into the choice of a variety. For a given area several varieties are often suggested so that a choice can be made to suit the individual farmer's needs.

Among the factors to be considered in making the final selection of a variety include whether or not irrigation will be available, fertility requirements, whether the crop will be used for grazing or for grain production or for both.

Resistance to diseases is also a very important consideration. Resistance to insects should also be considered. Lodging and shatter-

ing resistance are also very important under some conditions.

Suggested varieties of small grains for this area are available at my office.

Remember that when you are in the right you can afford to keep your temper; when you are in the wrong you can't afford to lose it.

Extra care of roses of roses during August and September can mean more beautiful blooms this fall.

Here are suggested care items. Check the mulch applied in the spring. Make certain it is still at least an inch or two thick. Water the rose bed thoroughly as needed and soak the soil to a depth of 8 to 10 inches. Frequent light waterings encourage shallow root development and make the plant susceptible to disease.

It is also essential that the spray program be continued, even though the weather is hot & dry, to prevent blackspot. Heavy dew in the mornings will encourage blackspot just as do frequent showers in the spring.

The rose plant should be sprayed with a fungicide containing maneb or folpet every 10 to 14 days. Continue the spray program until the first killing frost because the leaves are the food manufacturing organs of the plant. Thus, it is essential to retain as many leaves as possible to build up food reserves in the plant and to promote larger flowers with more intense color. Good food reserves will also help the plant to withstand severe winter weather.

Examine rose plants at this time of the year with a critical eye to determine if there are plants which need replacing. Many excellent rose varieties are available. It's a waste of time and effort to keep plants which do not live up to your expectations. Mark those selected for removal so they can be easily spotted when planting time rolls around.

Tolerance is the vision that enables one to see things from another's viewpoint.

Hot summer weather can cut into both the efficiency and profits from finishing hogs unless comfort

factors are provided.

Proper shade and ventilation will aid in keeping feed consumption and gains up. On the other hand, summer gains may drop by 50% unless cooling is provided. Tests show a definite relation between growth rate and efficiency.

Hogs can be kept comfortable with sprinklers or foggers; however, they should be able to move in and out of the wet areas at their will.

Proper ventilation in the farrowing house is a must for saving pigs. Fans delivering air individually to sows through a 4- to 6-inch pipe or tube is used in many farrowing houses.

It is good business to keep hogs cool and comfortable even though some expense may be involved.

None but the productive can be strong and none but the strong can be free.

Day Camp Will Begin August 11th

Eldorado girls' day camp will begin at 9:00 a.m. Monday, August 11, at the Robinson's home. Already 50 girls have made plans to attend, and any others in the 2nd through 7th grades are invited to come Monday morning with their sack lunches, batons, cups, and \$5.00 fee. Daily sessions will be from 9:00 a.m. to 2:00 p.m.

Featured activities of the week are to include classes in swimming, paper mache, twirling, first aid, drama, softball, hiking, and camp craft, instructed by counselors Gail Robinson, Sandra Rosford, Jenny Sue Martin, Marian Bland, Glenda Hanusch, Kathleen O'Harrow, and camp director Kathy Robinson. Meador Wilson of Houston, an experienced camper and camp friend of Kathy's, will also be assisting.

Tuesday evening at 8:00, an overnight is planned for the 5th, 6th, and 7th graders, and at 1:00 p.m. on Friday, August 15, a closing parents' program will be held. All in all, the week promises to be a fun and rewarding experience for both counselors and campers.

The Cost Of The Sound Of Music

If you have a stereo tape recorder and a stack of tapes in your car and don't take some basic theft precautions there's a good chance they won't be there in the morning.

And unless you take the time to mark your equipment and record the serial numbers the chances of ever recovering the stolen goods are practically nil.

The stealing of stereo tape recorders and tapes from automobiles is becoming a major headache to law enforcement officials in the Southwest, as well as insurance companies.

Because of the failure of car owners to protect their tape decks from theft, they are easy prey for the professional car thief and are being stolen at a fantastic pace.

For instance, in Austin, Texas, in 1965 there were approximately 20 stereo players and 200 tapes stolen from automobiles, according to that city's police department. Thefts skyrocketed to around 900 players and almost 6,000 tapes in 1968. This same rate of increase applies to practically every major city in the Southwest, or the whole nation for that matter.

C. C. Benson, manager of the southwestern division of the National Automobile Theft Bureau, says that the key to preventing the theft of tape players is for car owners to always lock their doors when leaving them unattended and mark their stereo equipment.

"Leaving cars unattended on dark, residential streets or apartment parking lots should be avoided as much as possible," said the NATB official.

"Also, don't advertise the fact that you have a stereo player in your car by leaving tapes in plain sight in the seats or in a box in the middle of the floor. These are things the thief looks for."

The recovery rate of stolen players and tapes is only 10 to 20%, says Mr. Benson.

"Auto stereo player owners must mark both their players and tapes permanently and record these serial numbers and markings in order to have any real chance of recovery. Permanent, but inconspicuous markings greatly aid law enforcement officials in their recovery efforts."

"However," he said, "these people forget that the cost of insurance varies in proportion to the amount paid out in claims. This can ultimately only lead to the owner losing out. Also, there is always the possibility that if insurance companies continue to suffer huge losses due to these thefts that they will limit insurance coverage for stereo players and tapes."

These 900 stereo players and 6,000 tapes stolen in Austin in 1968 were valued at about \$50,000 or more in replacement value, according to Mr. Benson. He added that there may have been more stolen that were not reported to police.

TCU Scholarship

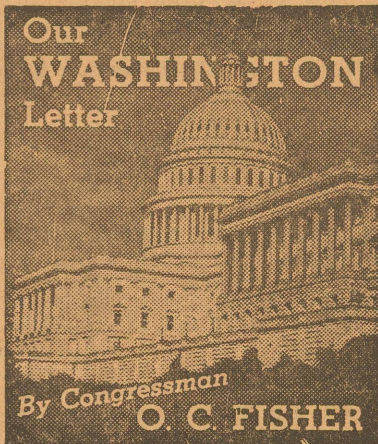

SUSAN HILL

Ft. Worth, Tex.—Miss Susan Jean Hill has been awarded a TCU Scholarship at Texas Christian University for the 1969-70 academic year.

Announcement of the award was made by Logan Ware, director of scholarship and student financial aid at TCU.

Scholarships and grants are awarded at the University on the basis of academic excellence and the financial need of the student. They vary in amount from \$250 to full tuition.

Miss Hill resides at 103 Redwood in Eldorado, Texas.

Prospects for needed labor legislation at this session are becoming less likely, although both President Nixon and former President Johnson noted the need for updating the Taft-Hartley Act—but did nothing more about it.

Yet, last year strikes resulted in a loss of 47.3 million man-days of work, while through exceptional bargaining power unions upped their wages—while not increasing productivity, according to government findings.

Thus, the productivity aspect and the enormous loss in production of goods contributed very directly to the inflationary spiral.

The pressing need for more effective laws to prevent unnecessary and unjustified work stoppages has been widely recognized. But politicians are notoriously skittish about offending union leaders who can become very vitriolic and vindictive toward those who would make them, and management, more amenable to the public interest.

It has been that way for years. Much of this stems from a dearth of statesmanship in the labor movement. The late Bill Green was statesmanlike in his outlook, but there has been precious few of like quality since his time.

Too often labor leaders become obsessed with ambitions to move up and dominate their own bailiwicks. In doing this many of them bitterly resent criticism when they abuse economic power given them by the laws of the land. Fortunately, a good many of the leaders do not follow this pattern, but they seem to be the exception rather than the rule.

It happens that in my own case I have always given priority to the public interest in dealing with labor legislation. I supported and, as a member of the committee helped write, the Taft-Hartley Act. I favored the Hobbs Act (which made unions subject to the anti-racketeering law). I voted for the Landrum-Griffin Act, which helped contain the ruthlessness of James Hoffa. All of which, in the eyes of irresponsible labor leaders makes me "an enemy of the people." Indeed I was marked for defeat several years ago by AFL-CIO's COPE. Thus far their efforts have been in vain.

This helps explain the outburst against me at the recent AFL-CIO State Convention in Corpus Christi when I was named "the Neanderthal Man of the Year!" This was, I am told, spearheaded by a radical left-wing element in the union. Considering the source, don't you think this is quite a compliment?

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

We have been having parties in the Reynolds community for many years now and they seem to get better every year. The one held last Friday night at the home of the H. A. Belks was no exception and all 75 of us enjoyed the evening thoroughly.

I'm not sure of the count, but 75 is a close figure. It is of no particular significance except to note in passing that eleven gallons of home made ice cream and a dozen or so cakes completely disappeared as everybody came back for "seconds" and I'm pretty sure of some "thirds."

Fresh peach, pineapple-fruit sherbet, banana, plain vanilla, vanilla with chocolate syrup and vanilla and vanilla and more vanilla was dipped until the dippers got tired and after that it was strictly self-serve. There are some tremendous cooks in this county.

This was strictly a "talk out", there was no planned program and for once everybody got a chance to get his visit out.

We were delighted to have a relatively new comer to the county with us: Rev. Bobby Palmos and his mother were welcome guests for the occasion.

Our community believes that neighbors should be neighborly and we can't think of any better way of making this possible than to have as many of these gatherings as we can.

When someone mentions a "diet," the average person thinks of a reducing diet. To be very exact there are literally hundreds of diets because any food or combination of foods makes up a diet.

But—back to the reducing diet. A friend has sent me a copy of a diet that will end them all. Try this for a week or so and I believe you will be bound to lose a little weight.

Read it and it won't take long to decide that quite a little spoofing is going on.

The following 7 Day No Calorie Diet may be just the answer to the Battle of The Bulge.

"Diet to end all diets."

Monday:

Breakfast, Weak Tea.

Lunch, 1 bouillon cube in 1/2 cup of diluted water.

Dinner, 1 pigeon thigh and 3 oz. prune juice (gargle only).

Tuesday:
Breakfast, scraped crumbs from burnt toast.

Lunch:
Doughnut hole (without sugar), and 1 glass dehydrated water.

Dinner: 2 jelly fish skins.

Wednesday:

Breakfast, Boiled out stains from tablecloth.

Lunch, 1/2 dozen poppy seeds.

Dinner, Bee's knees and mosquito knuckles sauteed with vinegar.

Thursday:

Breakfast, shredded egg shells.

Lunch, Thin skin from a navel orange.

Dinner, three eyes from Irish potatoes (diced).

Friday:

Breakfast, 4 chopped banana seeds.

Lunch, broiled butterfly liver.

Dinner, Jellyfish vertebrae a la bookbinders.

Saturday:

Breakfast, 2 lobster antennae.

Lunch, fillet of soft shell crab claw.

Dinner, 1 guppy fin.

Sunday:

Breakfast, pickled hummingbird tongue.

Lunch, prime humming tadpole.

Dinner, tossed paprika and clover leaf (1) salad.

Note: all meals to be eaten under microscope to avoid extra portions.

Texas Traffic Law Revisions Presented

Austin, Tex.—A number of changes in the state's traffic laws, some of which are highly significant to Texas motorists, were made by the Texas Legislature during its 61st regular session.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, noted that the new laws will all be in effect by September 1, and pointed out that Department of Public Safety patrolmen will begin enforcement on that date.

While the measures range from one establishing new motor vehicle inspection procedures to allowing the owner of a parking lot to remove cars parked on the lot without his consent, one of the most important is the new "implied consent" law covering breath testing of drivers.

Under the terms of this law, a motorist is "deemed to have given consent" to a breath test if arrested for any alleged offense arising out of his actual operation or physical control of a motor vehicle while under the influence of intoxicating liquor. Refusal to take the breath test may lead to suspension of the suspect's driver license for up to one year.

Another measure which directly involves drivers is one which requires that slow-moving vehicles, that is, vehicles traveling at less than the normal speed of traffic, be driven in the right-hand lane or as close as practicable to the right-hand curb or edge of the roadway except when passing.

Also effective on September 1 is an act which establishes a new intersection right-of-way for the State of Texas. Under this, there are four rules governing the right-of-way at intersections. In cases of collision, it will be presumed that the driver did not yield the right-of-way if the four conditions have not been satisfied.

The Legislature also made changes in the "following too closely" law. Drivers, after the effective date, must give due regard to the speed of the vehicles, traffic upon and condition of the street or highway, to insure that their motor vehicle can be safely brought to a stop without colliding with the preceding vehicle or bearing into other vehicles, objects or persons.

A change in the Motor Vehicle Inspection Act places Texas on a 12 month inspection period, raises the inspection fee to \$2, and moves the location of the inspection sticker from the right of the windshield to the left. It also adds exhaust emission systems on 1968 or later vehicles, and exhaust systems on all vehicles, to the list of items to be inspected.

Still other new laws remove the restriction on profane language, such as studs on tires, which do not injure the roadway; adopt a slow-moving vehicle emblem; prevent racing, horn blowing, contests for speed, etc., in privately owned parking areas; and make it illegal to modify any passenger vehicle so that the lower most portion of the vehicle has less clearance than the lower most portion of any rim of any wheel in contact with the roadway.

Another measure, which does not become effective until January 1, 1970, makes an officer's accident report available to the public upon the payment of a \$2 fee.

Mr. and Mrs. T. E. Parson of Blanket visited here last week with her sister, Ethelene Green. Also here were Mrs. Glenn Shadix of Blanket and Mrs. Estle Adams of Brownwood.

Joe Gault was visiting here last week from San Angelo, where he is a salesman for Jim Bass Ford.

Dr. and Mrs. J. B. Brame were in San Antonio recently.

Mr. and Mrs. K. H. Richardson and Gay Lynn returned last week from a visit with relatives in Oklahoma and Missouri. In Oklahoma City Gay Lynn visited with Kay Mann, former Eldorado resident.

Judy and Dobs Lively are at Buchanan Dam this week with Mr. and Mrs. Jamie Lively.

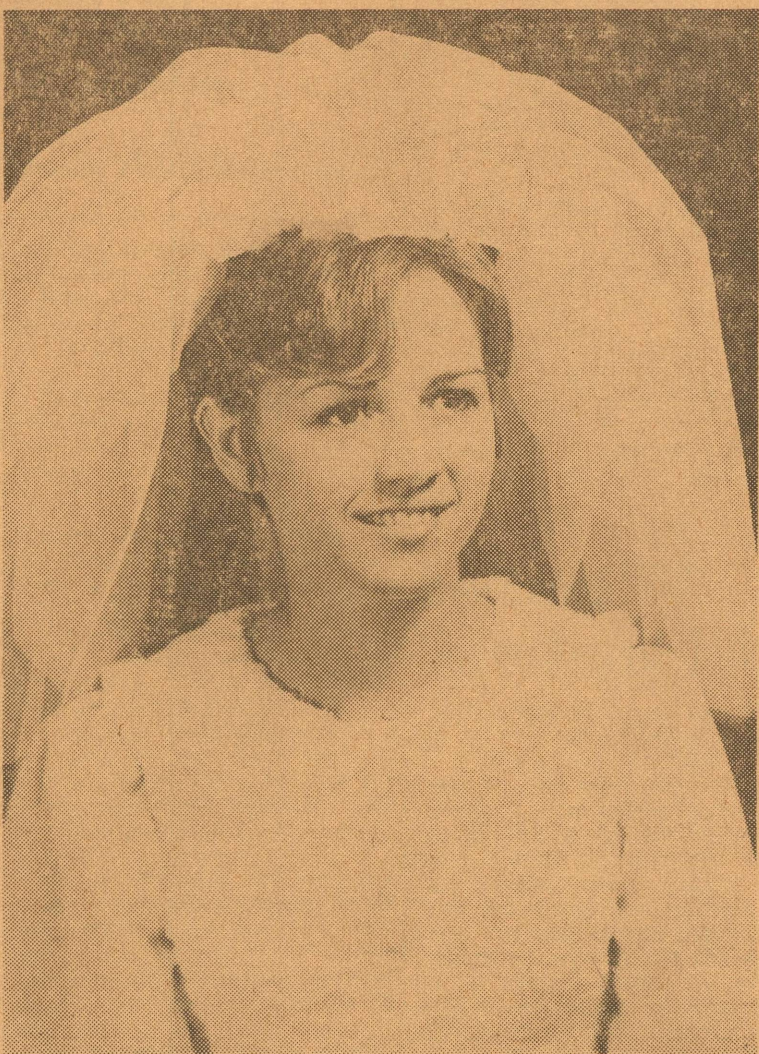

Mr. and Mrs. Pat Patterson of Glenville, Ga., visited last Tuesday and Wednesday with his aunt, Mrs. Bessie Doyle. They were on their way to the west coast to do some sight seeing and to visit other relatives.

Jackie and Greg Etheredge, children of Mr. and Mrs. B. J. Etheredge of Dallas, visited last week with their grandparents, Mr. and Mrs. Jack Etheredge and Bessie Doyle. They returned home on Sunday.

Mrs. F. M. Bradley, Frank Bradley and Mrs. R. L. Ballew were in Brady on Friday for the funeral of their sister-in-law and aunt, Mrs. H. D. Bradley. The Bradleys of Brady had visited often in Eldorado.

Visiting Mrs. Tucker Clark are her sister and two daughters, Mrs. Roger Simoneau from Ft. Worth, for the week.

Miss Ahrens And Dwight McDonald Married Saturday In Winters Church

MRS. DWIGHT McDONALD

After a wedding trip to the Corpus Christi area, Mr. and Mrs. Dwight McDonald, married Saturday in St. John's Lutheran Church in Winters, will live in San Angelo.

The bride is the former Miss Joan Louise Ahrens, daughter of Mr. and Mrs. W. W. Ahrens of Winters. The bridegroom is the son of Mrs. Doyle Nichols of Portage, Ind., and Gordon McDonald of Eldorado.

The Rev. A. C. Schiff Jr., pastor of Calvary Lutheran Church in San Angelo, officiated. Presenting wedding music were Miss Emma Henninger, organist, and Mrs. Fred Voss, soloist.

Matron of honor was Mrs. Bobby Burrus of San Angelo. Bridesmaids were Miss Nadine Pentecost of San Angelo and Miss Eddie Gottschalk of Ballinger.

Flower girl was Nancy Nienstedt of Columbus and ring bearer was Dwain Ahrens of Brenham.

Larry Donaldson of San Angelo was best man. Groomsmen were Gary Donaldson of Eldorado and John Tom Bilberry of Post. Ushers were Roger Ahrens of Winters, Stacy Granzin of Miles, Sam Chumley of Big Lake and John Adams of San Angelo.

The bride wore a street-length dress of white scalloped lace over satin, featuring long puff sleeves of chiffon with wide lace cuffs. Empire waist and large chiffon bow in center back with streamers to the hem.

The attendants wore crepe dresses fashioned after the bride's, with short puff sleeves. Each attendant and the flower girl wore one of the bride's chosen rainbow colors, pink, blue, yellow and green. Each carried a colonial bouquet of rainbow-colored gladiolas with ribbons to match her own dress.

Mrs. McDonald, a graduate of Ballinger High School, is a senior elementary education major in Angelo State University. Her husband, a graduate of Eldorado High School, is employed by a department store in San Angelo.

The bridegroom is a Junior distributive education major at Angelo State University.

Houseparty for the reception in the church fellowship center included Miss Myra Minzenmayer, Mrs. Jerry Lowe, Mrs. David Kinnison, Mrs. David Taite, Miss Ruth Ahrens, Mrs. Larry Donaldson, Miss Linda Armstrong, Miss Carla Moore, Mrs. Dennis Bailey, Mrs. Charles Cheney and Miss Myrlee Minzenmayer.

Also Miss Rhonda Gerhart, Miss Rebecca Gerhart, Miss Pamela Holle, Mrs. Edward Gottschalk, Mrs. Paul Gerhart, Mrs. F. O. Minzenmayer, Mrs. Johnny Wilson, Mrs. Carl Gottschalk Jr. and Mrs. Bill King.

The couple will be at home at Parkway Apartments in San Angelo.

The bridegroom was host for the rehearsal dinner in the bride's parents' home.

Ensign Ray Ballew Serving in Vietnam

ENSIGN RAY LEWIS BALLEW

Vietnam (FHTNC)—Navy Ensign Ray L. Ballew, son of Mr. and Mrs. R. L. Ballew of Eldorado, Tex., is serving with Coastal Division 12, a patrol unit of swift boats (PCFs) operating in the Republic of Vietnam.

His division operates on the Cun Dai River, 15 miles southeast of Danang, as well patrols the 200 miles of coastline in I Corps, the five northernmost provinces of the country.

In January and February, after finding the river navigable, the PCFs began to make periodic raids on enemy bunker complexes ashore. These raids eventually led to the establishment of full-time, 24-hour patrols of the river by March. In addition to providing gunfire support for units ashore, the swifts aid in civic action projects, transports troops and conduct insertions of specialized teams.

Equipped with three .50 caliber machine guns and an 81 mm mortar, each swift boat is manned by five crewmembers and an officer-in-charge. The speed and fire-

power of the craft led one Hoi Chanh, or enemy defector, to describe it as a "fire-breathing dragon."

Lions Meet, See Film

The Eldorado Lions Club met yesterday with Boss Lion A. G. McCormack in charge. Several items of business were considered.

The membership rosters, giving committee assignments for the 1969-70 year, were passed out.

Sam Dannheim is program chairman for this month of August.

For the program, a film was shown.

The next major event for the Lions Club will be the ladies night honoring the school faculty. This will be staged sometime in September.

The Dan Griffin family have been on a trip to points in New Mexico this week.

Mr. and Mrs. Bill Rountree and daughters returned Sunday from a three-weeks vacation trip to Tennessee and Florida, where they visited relatives.

Mrs. Joanne Wright, welfare worker from Menard, is here today, Thursday, at the Court House.

David Steen has been visiting his parents, Mr. and Mrs. L. Steen. He is working this summer in Dallas and has accepted a faculty position in the Economics department at North Texas State University in Denton.

Keith McCormack was honored last Saturday afternoon at the home of his parents, Mr. and Mrs. A. G. McCormack, on his 6th birthday. Games were played and refreshments were served to several of Keith's little friends who were present.

Arch Crosby will celebrate his 85th birthday quietly at home Friday, Aug. 8th.

he said would be close to that recommended by the governor.

But such a bill stands little chance in the Senate, at least in the near future.

Appointments

Senate elected Sen. H. J. (Doc) Blanchard of Lubbock its president pro tempore for the special session.

Governor Smith appointed Judge George Rodriguez of El Paso as district attorney for the 34th judicial district, succeeding Barton Bolling who resigned.

Senate confirmed Rodriguez and also C. B. Maynard of Bostrop as district judge of 21st judicial district and William Baber of Vernon to the State Board of Optometry Examiners.

Donald Paul Katz of Dallas has been named deputy director of planning in the office of foreign investment of the U. S. Department of Commerce.

Three new members of Texas Industrial Commission have taken oaths of office. They are C. L. Cooke of Fort Worth, Lloyd L. Davis of Plainview and C. Truett Smith of Wylie. New T. E. C. staff members are L. B. Smith of Brady and James H. Havey of Wichita Falls.

Lone Star Medal of Valor went to SP4 George D. Webb of New Braunfels, a National Guardsman, for his attempt to save the life of William A. Maxwell of New Braunfels who was knocked to the ground by a high voltage transmission line.

Gas Rate Hike Sought

Texas Railroad Commission has taken under advisement a request of Lone Star Gas Company for a raise in gas rates sold to local systems in 512 Texas cities.

Representatives of the cities were at the hearing to oppose the proposed 9.4 cents per thousand cubic feet of gas raise. Richard Aughenbaugh, Fort Worth city public utilities supervisor, said the cities felt that an increase of no more than 2.77 cents to six cents would be in order, preferably 3.44 cents.

A decision will be reached by the commission sometime after a minimum waiting period of 30 days.

Hunting, Fishing Licenses Out

Two million licenses for 1969-70 hunting, fishing seasons will be shipped to 3,200 license sales agents by the Texas Parks and Wildlife Department on August 10.

Initial shipment will contain 730,000 resident hunting licenses and 900,000 fishing licenses with

total face value of \$4.4 million. There will be 23 types of licenses in shipment. Fish farm, fish farm vehicle and salt water trotline licenses were added by the legislature this year.

Courts Speak

State Supreme Court decided that the Alice National Bank will remain as the independent executor of the \$300 million Sarita Kenedy East estate.

Court adjourned until October 1 without taking action on the Sunday closing law challenge.

In other new decisions, the High Court:

—Agreed with lower court prohibition against Granbury Independent School District's implementing a 1968 tax "equalization" program which would have brought about tax increases up to 700%.

—Upheld a lower court's view that the City of Vidor had full authority to enact 1960 ordinances providing for warrant financing of a new city hall and levying city taxes.

Beaches

A number of violations of the Texas "Open Beach" law on Galveston Island has been reflected by county and state officials' investigations, says Atty. Gen. Crawford Martin.

Representatives of the owners of beach property apparently violating the provisions of the state law, which requires all beaches to be public, have been invited to meet with Galveston county officials to see if they can be persuaded to eliminate the barriers without court action.

Short Snorts . . .

Attorney General Martin says a coin machine occupation tax increase authorized by the legislature this year applies to anyone who operates a vending machine in the hope of making a profit or operates it to draw business.

Sen. Oscar Mauzy of Dallas has filed a legislative reapportionment suit based on the ruling of a federal court in Indianapolis.

August 16th is the deadline for refund claims for overcharges on broad spectrum antibiotics bought during 1954-1966, reminds Attorney General Martin.

Dr. James E. Peavy, Texas Health Commissioner, warns that lindane vaporizers used around food may be detrimental to health.

In a press conference Bord Logan announced that the American Party has asked Dallas broadcaster Don Campbell to be its 1970 candidate for the U. S. Senate.

Some Drug Refunds May Be Claimed

Austin, Tex.—Attorney General Crawford C. Martin today urged Texas consumers to check their records and file refund claims for broad spectrum antibiotics purchased during the years 1954 through 1966.

August 16, 1969, is the deadline for mailing a notarized claim to the Clerk, United States District Court, P. O. Box 745, Bronx, N Y 10451.

Texas consumers will receive a share of \$100 million offered by five large drug manufacturers in settlement of multiple civil anti-trust actions filed against them by Martin and the Attorneys General of other states.

Forms may be picked up at the County Clerk's office in each Texas county. Many newspapers are also printing copies of the form which can be used by consumers.

The drugs involved are Aureomycin, Terramycin, Achromycin, Mysteclin, Panalba, Panmycin, Polycycline, Steclin, Tetracycline and Tetrex.

If a person fails to file a claim, it will constitute authorization to use the money recovered in his behalf for the benefit of all consumers in a manner directed by the Federal Court.

"Thousands of Texans are eligible to make claims and I hope they will avail themselves of the opportunity," the Attorney General said. "The form is a simple one, providing for estimates of the total dollar amount a consumer purchased and the names and addresses of the drugstores where the purchases were made in the years 1954-1966."
