**Odessa Linebacker Links With Jackets**

Howard Payne College head football Dean Slayton wasn't pulling the wool over anybody's eyes when he said he was looking for full-size recruits to restock his football fold.

Latest of the sizable signers is 6-1 and 233 pound Monty Clark, a linebacker from Odessa High School. Clark became the third schoolboy footballer to sign a pre-enrollment application with the Yellow Jackets in the last week or 10 days. According to Slayton, Clark will be used either as a linebacker or defensive lineman for the Yellow Jackets. He also will be observed by HPC coaches during Spring practice as an offensive lineman. Monty is a tremendously strong young man, Slayton said. He added, "He has the potential to break into our lineup his freshman year, possibly as a good back-up man if not a starter."

Clark earned two letters as a two-year starter on Coach Dick Winder's Odessa High team. He also played baseball at the West Texas high school.

He is the son of Mr. and Mrs. Kenneth C. Clark of 514 Zeneta, Odessa, and grandson of Mr. and Mrs. C. N. Clark of Eldorado.

Debby Page of Eldorado participated in the Speech tournament held recently at Brownwood.

primary elections is heading for a final legal test.

Comptroller Robert S. Calvert asked Atty. Gen. Crawford C. Martin for an official opinion on Secretary of State Bob Bullock's plan to pay for the party primaries with state funds.

Bullock forced the issue to a head last week by handing Comptroller Calvert \$73 worth of initial pre-primary bills and asking him to pay them.

Calvert balked and took the matter to Martin for advice. "I will not pay anything out of the treasury for this unless I have a written opinion from the attorney general or an order of the court," said Calvert. He added he does not think Martin will advise him to pay the bills submitted by Bullock.

"If the vouchers are, for some reason, not approved, I intend to place this question before the Texas Supreme Court at the earliest possible moment so that the entire matter of primary financing can be adequately, equitably and finally resolved," Bullock stated. He moved with court authority to formulate rules for the primaries after a three-judge federal court January 20 struck down the filing fee law relied on to finance the spring elections. Goy Preston Smith proposes to transfer to him more than \$1 million for paying primary bills if the plan is finally cleared by legal authorities.

Rep. Rayford Price of Palestine accused Smith and Bullock of preempting prerogatives of the legislature, and said the governor should call an immediate special session to give lawmakers another whack at resolving the problem. Reps. Price Daniel Jr. of Liberty and Jim Nugent of Kerrville defended Smith and Bullock and charged Price was trying to further his House speakership campaign. Daniel and Nugent are also seeking the speakership.

**Primaries Crowded**

A total of 55 candidates for statewide office entered the Democratic primary before the February 7 filing deadline. There are contests for every office on the statewide ballot except four judicial places.

Republicans fielded only 10 state office candidates—and seven of them are running for governor.

There are 10 Democratic candidates for governor, five for U. S. Senator, nine of lieutenant governor, three for attorney general, nine for comptroller, seven for treasurer, two for land commissioner, two for agriculture commissioner and four for railroad commissioner.

Republicans have only one candidate each for U. S. Senator (incumbent Sen. John Tower), treasurer and railroad commissioner.

Former Sen. Ralph W. Yarborough and Barefoot Sanders of Dallas are the leading Democratic candidates for senator. Governor Smith, Lt. Gov. Ben Barnes, Dolph Briscoe of Uvalde and State Rep. Frances Farenthold of Corpus Christi will stir most of the action in the governor's race. Three state senators and a newspaper executive are battling for a runoff spot for lieutenant governor.

**Hospital Funds Approved**

Loan guarantees with interest subsidies totalling more than \$23.8 million have been approved by the Texas Board of Health for 14 Hill-Burton hospital construction projects. Another \$450,000 was set aside for the Ranger General Hospital pending completion of a feasibility study of its new building program.

Subsidies were approved for Texas Medical Center Laundry Co-op Association, Houston; Scott and Whit Memorial Hospital at Temple; Henderson Memorial Hospital; Eastland Memorial Hospital; Freestone County Hospital at Fairfield; Heart of Texas Memorial Hospital at Brady; Decatur Hospital Authority;

Marshall Memorial Hospital; Bailey County Hospital District at Muleshoe; Red River County Hospital at Clarksville; Nocona Hospital Authority; King's Daughters Hospital at Temple; Richards Memorial Hospital at Rockdale and St. Anthony Hospital at Amarillo.

Twenty-six other applications will be considered at a March meeting.

**Courts Speak . . .**

Texas Supreme Court ordered a district court trial of an Andrews property owner's suit to force his local school board to tax bank stocks.

The High Court also held a 57-year-old woman who received a broken leg after being butted by a "petting zoo" goat cannot collect damages from Six Flags Over Texas.

The State Court of Criminal Appeals reversed convictions of three El Paso men for possessing obscene material (girlie magazines) for purpose of sale.

For the second time, the Court of Criminal Appeals reversed lower courts and ordered a new trial for a man arrested with a truck load (567 cases) of cigarettes which had no state tax stamps. The Third Court of Civil Appeals

ruled out a suit by parents of a blind boy who drowned at a school for the blind swimming pool against the institution.

**Appointments . . .**

Robert B. Gilmore of Dallas was reappointed to a new six-year term on the Texas Water Development Board.

Governor Smith made these appointments to the Criminal Justice Council: Harmon Schepps of Dallas, Kent Hance of Lubbock, Mayor Ken Ritter of Beaumont, Mrs. Ray W. Willoughby of San Angelo, 148 District Judge Noah Kennedy of Corpus Christi, W. E. Haynes Jr. of Laredo, Dr. I. T. Hunter of Tyler, Mrs. Carroll Koch of Quanah and Police Chief William Harold McGee of Texarkana.

Fred Toler of Austin was named executive director of the Texas Commission on Law Enforcement Officer Standards and Education.

Theodore Ziller of Austin is new head of the Texas Highway Department Construction Division.

**Draft Lottery Cut-Off Is 200**

A temporary draft lottery cut-off number of 200 has been set for the 1972 first priority group.

Col. Melvin N. Glantz, state director of Selective Service, said the number is subject to downward revision as manpower needs change. Local boards were authorized to reclassify all draft registrants of the first priority group for 1972 with lottery numbers 201-365 in Class 1-H.

**Attorney General's Opinions**

District clerks are required to report to vote registrars felony convictions where probated sentences are assessed as well as other convictions, the attorney general has held.

In other recent opinions, the attorney general concluded: —Texas laws do not limit the number or amount of bail bonds a corporate surety may make. —State employees must work a minimum 40 hour week, but can be assigned to 10 hours a day, four days a week. —Law regulating sport of falconry applies to imported as well as native falcons.

**PWC Head Replaced**

Governor Smith, in a surprise move, relieved Pearce Johnson of Austin of the Parks and Wildlife Commission and appointed Jack Stones, Wells banker, to replace him.

At the same time, the governor designated Parks and Wildlife Department Executive Director Jas. U. Cross to succeed Johnson as state-federal liaison in parks matters.

The action came soon after a federal circuit court of appeals threw out a lawsuit filed by John-

son to block purchase of Mustang Island property for a state park. However, Smith's office said the shuffle followed a policy of rotating chairmanships and had nothing to do with the prolonged Mustang Island wrangle.

**Short Snorts . . .**

Bids on a proposed new \$20 million highway department headquarters near the state capitol and governor's mansion will be taken in May.

The U. S. Supreme Court refused to delay single-member district elections in Bexar and Dallas counties this year.

A receivership hearing on First Fire and Casualty Insurance Company of San Antonio is scheduled in district court here February 18. Additional spending of \$970,689 in federal funds has been approved for 13 parks. More than half will go for Hidalgo County parks im-

provement and expansion. Brenham, New Braunfels, Nacogdoches and Hallettsville will also get substantial shares.

Cigarette tax revenue increased \$4.1 million—to \$19.9 million—from December, 1970 to December 1971.

A new state bank charter is

being sought at Wallis, Austin county.

Governor announced action to implement food stamp programs in Willacy and Cameron counties.

Texas is expected to get \$50.8 million in federal crime control funds for fiscal 1973, an increase of \$2.8 million.

We're putting our money where your mouth is.

A lot of people have been shooting at the telephone companies these days. And, in truth, we've had our hands full keeping up with the zooming demand for increased phone service. But General Telephone and, in all fairness, the other phone companies haven't been sitting around counting dimes. For some time now, we've been paying a healthy "phone bill" ourselves trying to make our service do everything you expect of it. And a few things you don't expect. During the next five years we'll be spending millions of dollars in the areas we serve upgrading and expanding every phase of our phone operation. From laying underground cables (an important, if invisible area) to customer contact service (an equally important, but highly visible area). But no matter how much we spend on equipment and expansion, it's what we do for you in your home or business that counts. Ladies and gentlemen, we're working as fast as brains, manpower and money can combine to make our service as efficient as possible.

**THOUGHT FOR THE WEEK**

By The Ministerial Alliance of Eldorado

There are two words in our vocabulary that are very close in meaning. Both, obedience and obeisance suggest a particular type of behavior on the part of each person. Obedience; an act or fact of obeying, or state of being obedient. Obeisance; a bow, curtsy, in token of respect.

Both of these words are suggestive in The Old and The New Testaments. In Romans, we read that obedience to God is based on faith. Deuteronomy in the 32nd chapters suggests that this should be whole-hearted. Joshua thinks that obedience to God is better than sacrifice. There are many Scriptures that we should study on this subject. But let us just think about being obedient to Christ and His church for a few minutes. Christ and Church both suggest worship. Worship demands some obedience and I would like to pass on to you some rules in first person which I think will help any one to get more out of worship when they attend church.

1. Worship begins as I close the door to my home. On my way, I pray for my church, for the ministry, and for those who worship far and near.
2. Before I enter the house of God, I pause a moment that I may cast off and leave outside all things and thoughts unbecoming to a child of my Heavenly Father; hates, grudges, frettings, worldly cares, and sinful thoughts.
3. The moment I enter the door of this sacred house I cease all conversation. I come in silence, for great things arise out of quietness and minister to me and to those about me.
4. As soon as I am seated, I bow my head in prayer. I pray for others as well as for myself. I pray for my church and its great causes. I ask God to be near me now.
5. I join in the singing of hymns and bow my head during the amen. I think about the words of the sermon and let their meaning and spirit go down to the roots of my soul.
6. As I lay my offering on the plate, I say a prayer of thanks for my money and ask God's blessings on its use here and in the uttermost parts of the earth.
7. Throughout the service I think of God objectively. As power, peace, strength, love, He is all I need for life as it should be.
8. I listen as my minister preaches from God's Word and I seek to apply his message to my life. I pray for him as he preaches.
9. When the service has ended, in Christian friendliness I speak to those whom I know and also to those who are strangers to me.
10. As I pass through the outer portals I dedicate my life to walk this week the high road of Christ. I had to put these words in first person as they are words of many

Christian friends and people with a great and warm affection in obedience to their church. Their faith in The Lord Jesus Christ and His Church. It is not just tradition, but experience as well, that has taught man that faith in one God, one Lord and faithful service in church is good for one's soul and an expression of good will toward others.

**Reynolds H. D. News**

The regular meeting of Reynolds H. D. Club was on Feb. 8th in the home of Mrs. H. A. Belk. In the absence of our president, the meeting was called to order by the vice president, Mrs. L. E. Lloyd. Roll call was answered by "a demonstration I would like to see given." We had 14 members, 2 visitors and our agent present. For recreation we each did a crossword puzzle from Texas Agriculture Products. The report of the Concho Planning meeting was given by Mrs. Frank Williams, who stated that they had 52 women present. She said that it is possible that we may have the meeting in Eldorado in 1973.

There will be a meeting on Feb. 18 to organize a council, which will meet on the first Friday of each month. Mrs. Frank Williams was elected as our second council delegate. There will be a leader training program at 1:30 Feb. 22nd given by a representative of the Dairy Council. Mrs. L. E. Lloyd, Mrs. H. A. Belk, Mrs. B. J. Reynolds and Mrs. Frank Williams volunteered to attend. Miss Durrutt spent some time in discussing the different aspects of H. D. work which include foods and nutrition, family clothing, family stability and relationship, 4-H work, senior citizens and limited income people. The next meeting will be held in the home of Mrs. C. F. Barber at 2:00 p.m. on March 14th. The lesson on foods and nutrition will be a fondue demonstration. —Rep.

When does a baby start to think? Nobody knows, but thoughts come by association. Baby eagerly responds to the sight of a bottle. Experience proves that the bottle offers both satisfaction and comfort. Because baby does learn by association, it is important that parents expand their children's horizons. A very small child will respond to a simple prayer. And a child of three will enjoy attending Church School geared for youngsters of that age. Religious instruction and guidance is not only for the mature—it is needed regularly by everyone. The spiritual life of your child needs constant cultivation and the mind needs day by day development.

### Rehabilitation Goal Of Easter Seal Drive

Because of the steady growth in numbers of crippled children and adults in Texas, the Easter Seal Society for Crippled Children and Adults of Texas has stepped up its rehabilitation services.

According to Mr. Raymond Hall, who is the Easter Seal Representative for Schleicher County, over 22,000 handicapped Texans received Easter Seal treatments during 1971.

"Despite medical scientific advances," he explained, "the ranks of the crippled are growing. This is because of population growth, increased number of accidents and medical treatment which saves victims of crippling diseases who might not have lived in past years."

Quoting the annual report of the Easter Seal Society for Crippled Children and Adults of Texas, he said that 19 affiliated treatment centers are in operation in Texas. They include treatment and rehabilitation centers, sheltered workshops, recreation and educational programs, and many others.

"Through these programs, persons with a wide variety of handicaps receive the help they need to live normal lives," Mr. Hall said.

The largest group includes those with major deformities of bones and joints, severe speech defects, cerebral palsy, arthritis, muscular dystrophy and multiple sclerosis and stroke. The Easter Seal Campaign, which provides funds for continuation of these services, begins February 28 and continues through Easter Sunday, April 2.

#### Garment Labeling

A new era in the care of wearing apparel will soon begin for consumers as a result of a permanent labeling trade rule by the Federal Trade Commission.

Effective July 3, 1972, the rule will cover articles leaving manufacturing plants after that date. Manufacturers will be required to place permanent labels concerning care on most finished articles of clothing and certain textile products in the form of piece goods. Any textile product in the form of wearing apparel must have a label or tag permanently affixed which clearly gives instructions for care and maintenance of the article.

In addition, any textile product in the form of piece goods which will be used by the consumer to make an article of clothing, must be accompanied by a label or tag which clearly gives instructions for care and maintenance. The label must be in a form that can be permanently affixed to the finished article by the consumer by normal household methods.

The rulings by the FTC were based on technological advances. Every article requires different care because of the large number of textile products on the market with a variety of fibers, combinations of fibers and special finishes. It has been almost impossible for the consumer to be informed or recall information about any one product.

Care labeling instructions must fully inform the buyer what regular care and maintenance is necessary for the ordinary use of the article. Washing, drying, ironing, bleaching and drycleaning instructions must be included. Instructions should also warn which care and maintenance procedures will harm the product.
