Graduation Issues Set For May 18th And 25th

As has been our custom for some years, we will salute the grads of Eldorado High in the final two issues of the school year, for May 18th and 25th.

We will publish photos and writeups of all graduating Seniors along with other news pertaining them. We also will carry the class will and prophecy. We have already done quite a

bit of the work on these special members and their friends in years to come.

Our public-spirited local merchants will carry advertising space to greet the class members and this significant milestone in life.

THANK YOU, VOTERS OF PRCT. 3

I am very grateful to my many friends who went to the polls last Saturday and voted, and gave me the leading total for Commissioner of Precinct 3.

I will now be in the run-off election on June 3, and I will need your vote and support again, more than ever. The run-off primary is the one that counts, and I am counting on your help.

Your friend, Nick Robledo, Jr. who hopes to be your Commissioner

THANK YOU

I want to express my appreciation and gratitude to the voters of Precinct One and all the people of Schleicher County for their courteousness during the recent weeks and for their support in the recent primary. I have enjoyed visiting with all of you during the previous campaign and will make every effort to personally see each of you again before the forthcoming runoff election.

I want to congratulate each of the other candidates for the courteous conduct of their campaigns

I will need and appreciate your continued support in the runoff election June 3rd.

Soil Stewardship Week Set For May 7-14

"Creative Conservation" is the theme of this year's Soil Stewardship Week which will be observed across the nation May 7-14.

The week emphaszes man's obligation to God as stewards of the soil, water and other resources. It is sponsored annually by soil and water conservation districts over

Today, more than ever before, high priorities are being placed on pleasant home and community surroundings, conservation of natural resources, and a peaceful landscape. Many people are giving fresh thought to improving the quality of the world in which we live.

Everyone in the county is urged "conservationto become more minded" and to join with others in supporting efforts and activities that are aimed at improving our quality of life. He suggests that a good start would be to become involved in promoting and supporting Soil Stewardship Week.

GOD SPEAKS TO YOU NOW

Open your heart and mind to receive his message. Matt. 7-12.

"Therefore all things whatsoever ye would that men should do to you, do ye even so to them; for this is the law and the prophets." (King James Version)

"So then whatever you desire that others would do to and for you, even so do you also to and for them, for this sums up the Law and the prophets." (Amplified New Testament)

When a basketball team is on the offense, the players move ahead in positive action.

Jesus made a very positive statement, which directs very positive action. DO!

This brief summary of the Law of Moses and the teaching of the prophets would automatically end all wrongs that man commits against man. Not only that, but it directs each individual to get involved in showing divine love by meeting the needs of another according to opportunity and ability.

IF THE LEADERS OF MEN WOULD PUT THIS STATE-MENT INTO PRACTICE THERE WOULD BE NO WAR.

It will work in your personal relations with other people. —J. Loyd Rice

There's a lot of sentimentality in the observance of Mother's Day. Let's be practical.

Only one thing really counts: MY CHILD!

There is no glory in being a mother unless one has learned how to prepare a child for Life. Nor is there any pride in motherhood unless one has done her utmost to share with her child the great spiritual heritage which is her own.

People love to compliment us: "Just like her mother!" they say.

If mothers through the centuries had been satisfied with that goal, our civilization would have stagnated in the days of the cave men.

The mark of a devoted mother is her desire to make her child even a finer person than she or her husband has become. And in this common aim she and her husband find their staunchest ally in the Church.

Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact
