The Orient officials have been to Del Rio with a view of building from San Angelo to that city via El Dorado and Sonora.

SANTA FE TO BUILD TO EL DORADO FROM BRADY
Prospects Bright And Committeemen Hard At Work To Secure Road.

Capt. Brewster, one of the engineers who have been at work locating the line for the railroad, and crew will leave in the morning for Brady, where he will begin the work of locating a line from Lometa to Brady and on to either El Dorado or Sonora.—Mr. Brewster was not sure which of these two points would be their destination—Sterling City Record.

From reading what Capt. Brewster said while at Sterling City, the Santa Fe contemplate coming West from Brady, as far as El Dorado and in our judgment we don't think that a more feasible route could be selected, and better destination could not be found than the city of Eldorado, and our committee is hard at work trying to get the road to come this way.

Mr. Miller, who recently moved into our country who lives on the J. E. Jones place, went to San Angelo last week where he was operated upon for an abscess in his side. Mr. Miller stood the operation well and was doing nicely when last heard from.

J. W. Alexander was in from the ranch Monday, attending to business. Uncle Jim was wearing a smile which meant that everything in his neighborhood was flourishing.

LET'S GET THE ORINET.

The Orient officials have been to Del Rio with a view of building from San Angelo to that city, the question for the Eldorado citizens to settle is, will we sit still and let this road be built from Mertzson across the divide 10 or 12 miles west of our city to Sonora, or will we get busy and pull it by Eldorado or even get it to do better and build here from San Angelo. Now is the time to act. We may be in the dark as to what our committee is doing but we have not learned of them

closing any contract with any road yet and we believe now is the time for something to be done in regard to securing the Orient, to come direct from San Angelo to our city.

SUBSCRIPTION RATE, ONE YEAR..... \$1 00

Entered as Second Class matter July 9th, 1906, at the Post Office at El Dorado, Texas, under Act of Congress of March 3rd, 1879.

The first consideration in THIS office is to have things done EXACTLY RIGHT.

Children need love, tenderness and sympathy as much as flowers need air and sunshine.

The reason why women do not propose is supposed to be due to the fact that they want to have the last word.

To make home happy is an art—an art a good many people have neither lost or never found.

Some of our pretty little girls seem quite fond of our cunning little boys, on whose lips the first appearance of what will in the course of time be a mustache and they are really imperiling the lives of these youths in keeping them out so late evenings. Girls remember that little boys should always go to bed early.

The life of our editor was saved the other day by a silver dollar in his pocket. A crank shot at him and the ball struck the dollar. Now should we happened to get shot before you pay up your subscription and there is no dollar to stop the ball we shall always presume you might have saved our life.

The following is a very truthful remark: "The man who grows up in his native town is regarded as a boy by his elders until he is well started down the declivity of life that ends in a hole. The stranger who come into a place is more often pushed to the front than the young man who has grown with the town. This is the reason why so many young men are dissatisfied with their home surroundings and long to chase their tails in other quarters."

If a railroad can be secured for Eldorado, (which is almost a certainty) Eldorado will lay aside her swaddling clothes and put on the appearance of a city in a very short while.

letter to
C. C. DOTY.
Eldorado, Texas.

Dear Sir: How two men differ! N Avery Delhi N Y, had two houses painted two ways, the houses alike same painter, different paints One paint 6 gallons; the other 12. A dealer there who was selling the 12 gallons paint, threw it out and put in the 6 gallon paint. Do you see why? The less-gallon paint cost less for the job by 12 gallons of paint and 6 days' labor: \$10.75 for paint and \$12 to \$24 for labor according to painters wages \$2 to \$4 a day. A dealer in paint at Malone, N Y, was selling this 6 gallon paint, was offered the 12 gallon paint for 15c less a gallon, and took it! To make that extra 15c a gallon, he saddles a loss of \$22.75 to \$34.75 a job on his customers. What if they find it out? The people had better look out for that \$22.75 or \$34.75, which ever it is we don't know what painters' day wages are there.

The two paints are Devco and another sold at the same price by the gallon, will you figure-out that 12-gallon paint what a man can afford to pay for a gallon of it? The answer is (if you figure it right) take wages \$2 a day: A man could afford to put-on that paint if somebody pay him 12c a gallon; and taking wages \$4 a day he must get \$1.21 gallon.

Yours truly

Why Colds are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by B. E. Earle.

RAIL ROAD COMMITTEE DECIDE TO TAKE \$100,000 WORTH OF ORIENT BONDS

At a meeting held Monday night, in the office of the First National Bank, by the railroad committee, at the meeting it was decided that Eldorado would take \$100,000 worth of Orient Bonds in case a satisfactory arrangement could be secured between said road and people. The Orient has said that they would build to Eldorado, if the citizen here would take \$100,000 worth of bonds, now it will be up to the Orient people to either build or quit talking.

Eldorado has always wanted the Orient but want it direct from San Angelo. The committee will take the matter up with the Officials of the Orient Road.

F. H. Watson moved into the store room of Silliman, Campbell and Evans next door to the Haynes' Confectionery, and is still selling confectionery goods to the public. Mr. Watson has built up a good trade during the time he has been in business and does not care to quit the business.

NOTICE

Three Binders in operation this fall, and anybody wishing any cutting can call on W. L. Edwards, George Brown, A. A. McNutt.

When you hear a man sneering at the local papers you can safely bet he don't spend his time making them better. They who don't see a benefit arising to a town from a newspaper haven't as much sense as a dove oyster and are of about as much value to a town as a ten year-old delinquent.

If you are a kicker and see the shadow of failure in everything that is proposed to help the town, for heaven's sake go into some secluded canyon and kick your own shadow on the clay bank, and give the men who are working to build up the town a chance. One long-faced, hollow-eyed, whining, capping, chronic kicker can do more to keep away business and capital from a town than all the drouths short crops chinch bugs, cyclones and blizzards combined.

W. L. McWhorter has bought the old store house of B. E. Earle and moved it back of his store where he will use it for a ware house in the future.

Sick Headache

Watch for the first indication of an attack and as soon as you feel it coming on take three of Chamberlain's Stomach and Liver Tablets and the attack may be warded off.

Mr. Geo. B. Wright of New London, New York, says: "For several years my wife was troubled with a peculiar ailment called sick headache of a very severe character. She consulted with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is well."

THE COMING INTERNATIONAL FAIR.

From the announcement by President Brown of the attractions already arranged for and the preparations already made or being made there appear to be ample promise of a great San Antonio International Fair and Exposition next autumn. All the buildings on the ground will have been and freshly painted before the Fair opens the grounds are to be beautiful with plants and shrubs and walks made hard and smooth and everything put in fine shape before the exhibit are installed. Greater efforts than ever before are being made for splendid agricultural and live stock display and the merchants and business men of the city have promised a more active and generous cooperation in making the Exposition Hall an attractive resort. The Mexican government is paying a comprehensive exhibit of Mexican industries and resources assembled for the coming fair, and will in addition send one of the best military bands with the compliments of the President.

There will be according to official announcements, a better line of amusements than ever before and these have already been been contracted for. Of course the main idea of the fair is to educate the people as to the progress and development along agricultural, live stock and industrial lines and to stimulate efforts for better things by force of example. Seeing what others have done in the field or in the city—farmers, stockmen, artisans—everybody in fact with a spark of ambition or desire for progress—may obtain new ideas and new encouragement for going a head with a purpose to emulate if not to excel. But people like to be amused as well as instructed, and when they go to the Fair they look for some sort of novelty something they are not likely to see elsewhere. So there will be horse races, automobile races on the track, sidshows in great profusion and of the best of all—airships ascensions daily, thus giving visitors to the Fair an opportunity to see the modern dirigible air craft circle overhead and come back to the starting to land.—San Antonio Express.

There is no use of any further disputing as to who discovered the north pole, as that question was fully settled Friday night by the Athenia Literary Club of Eldorado, that Com. Peary was entitled to the honors, so let's drop the question.

Its A Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr King's new Discovery the king of Throat and Lung remedies. Every atom is a health force. It kills germs, and coals and lagrippe vanish. It heals cough-racked membranes and coughing stops. sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. More, Black Jack, N. C. writes "it cured me of lung trouble, pronounced hopeless by all doctors" 50c. \$ 1.00 Trial bottle free Guaranteed by I. H. Elder & son.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE it is the best medicine ever sold over a druggist's counter.

NEEDS MORE ROOM, RENTS W. O. W. AND K. OF P. HALL.

SAYS INCREASE OF BUSINESS IS DUE TO USE OF PRINTERS INK.

T. L. Benson Co. have rented the lower story of the W. O. W. and K. of P. Hall and have it full of grain's, this is evidence of the increasing business of this firm and is more evidence that the use of printers ink will increase a business. This house has two large storerooms in the main building besides a small grainery and ware house, yet they need more room and to secure same they have rented the hall which is 30 by 60 feet.

There is man in our town, his like is hardly known, He never drinks nor smokes nor swears, and always stay at home. He never chew nor lies nor fibs nor does a thing that's wrong, That's why I write this little verse, to remember him in song. He's paralyzed.

There is another man in town who also is all right, His wife can always tell you where you'll find him any night, He never flirts, praised nor fawned upon a maiden fair, Wan't even look at beauty, nor at wealth of golden hair, He's blind.

There's a man who lives on Gay Hill street, won't listen to a thing, The gossips may keep gossiping until they make things ring, Won't go to hear good preaching, nor music, nor the band, Won't cross the street if Sembrich were singing at the Grand, He's deaf.

There also was a man in town who combines them all above, and wen't a model man for sure, as you may well suspect, Belonged to a peculiar class just one of the Elect, He's dead, San Angelo Standard.

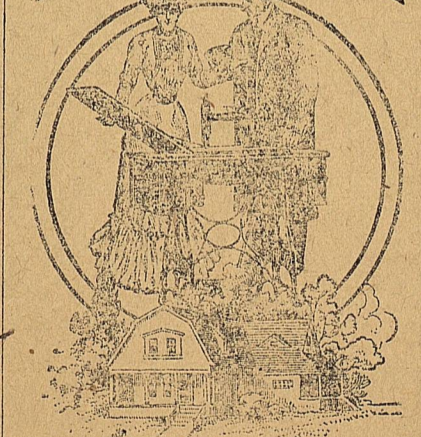

Misses Irby Bearge and Cecile Elder two of Scheffler's popular school teachers were in the city Saturday spreading sunshine on our streets.

A. H. Schuessler and father-in-law Mr. Wallace were in the city the first of the week.

Joe Riley, one of Mayers prominent stockfarmers was in the city Tuesday with a bale of cotton.

More Than Enough is too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by B. Earle.

Money Comes In Bunches

to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes, "I couldn't sleep, had no appetite, no ambition, grew weaker every day in spite of all medical treatment. Then used Electric Pilters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine."
