D. E. SIMS OF PAINT ROCK BUYS STEER CALVES.

D. E. Sims of Paint Rock was in Eldorado Friday and bought about 600 head of steer calves, paying \$30.00 per head for them. He bought from the following parties: 250 head from Chas. Speck; 50 head from Oscar Gibson; 8 head from A. F. Lueddecke; 135 head from C. E. Thompson; 100 head from Frank Thomson and 50 head from John and Lewis Jones.

SCHOOL DOING FINE.

Superintendent Hurst informs us this week that the Eldorado school was down to hard work and had closed the third month, in a most satisfactory showing, which called to our memory a conversation we had in San Angelo last Friday with a former citizen of our city, but who lives elsewhere at present, he asked about our school and said he was afraid the Eldorado people did not appreciate what they really did have in the public school, he has been out and tested others, and can realize what the Eldorado School is.

This reminds us that the tax collector for the district is ready to receive that school tax, and we are sure, from past experience, the trustees needs this tax now, we had the pleasure of paying ours this week, and paying a school tax is, or should be, a real pleasure to us all.

The school tax may be paid without paying state and county tax, and if paid will probably save the trustees from borrowing money to keep the teachers paid up until the State money comes in in February.

REV. DOWNING HERE.

Bro. Downing, Presbyterian minister of San Angelo, preached at the Methodist Church Sunday morning and night, and left and appointment for the third Sunday in January if the weather will permit.

Novel Christmas Salad Bowl.

By the time that the salad course arrives at the Christmas dinner all that surround the festive board are apt to be warm. It will be refreshing to see the salad come to the table in a block of ice. Smooth the ice square with a hot flat iron and make a cavity in the center with the same utensil. Border with crisp lettuce and sprigs of holly and fill with salad. Place the block on several thicknesses of cloth or a deep platter and put around it a wreath of holly.

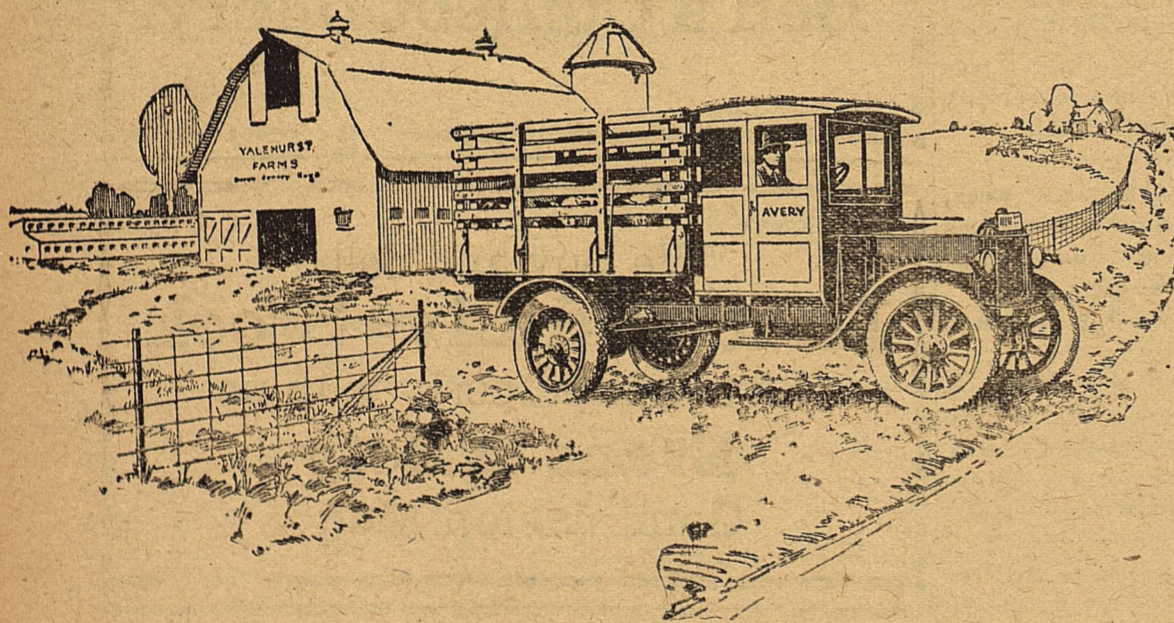

Fresh bread for sale at Ben's.

ENJOYABLE BOX SUPPER

A very enjoyable entertainment was staged at the Adams School house in the Rudd community last Friday night consisting of a splendidly rendered program followed by a box supper, the sale of the boxes under the able auctioneer work of Mr. Bradley netted \$125.00, this sum will be expended in equipment such as maps, etc., and painting of the building.

This will make the Adams School one of the best country schools in the county, and Mrs. F. G. Clark, the efficient teacher deserves much of the credit for the quality advancement.

A goodly number of Eldorado people attended.

The New Avery One-Ton Truck

Six Cylinder Motor--Internal Gear Drive--Electric Lights and Self-Starter

For City or Country Hauling

The Avery One-Ton Motor Truck is the latest addition to the large line of Avery Motor Farming, Threshing and Road Building Machinery. Like all the other Avery machines this new Avery One-Ton Motor Truck is a quality machine built throughout with the very best materials, workmanship and units that can possibly be secured.

This truck, equipped with pneumatic all-weather cord tires has just the capacity that you want for either city or country hauling with the right combination of power, speed and ability for doing the work. It is the truck that will show you splendid results in the saving of time and money, by reducing your hauling costs.

It is equipped with a powerful six-cylinder motor built complete in the Avery factories. The front and rear axles are especially designed for truck service and

have a carrying capacity in excess of the truck capacity. The front axle is a drop forged I-Beam section carefully heat treated. The rear axle is of the internal gear type consisting of two units, one for carrying the load and the other for driving--thus insuring strength of construction.

Regular equipment with the truck consists of 34x5 pneumatic all-weather cord tires, demountable rims with one extra rim, front and rear wheel fenders, electric lights and self-starter. This machine is sold chassis only, chassis with all-weather cab, or complete with an all-weather cab and a choice of three different bodies--box body for hauling grain, stake body or stock rack.

We can now give you immediate delivery on these trucks and we would like to have you come in and see us about this truck and let us figure with you on your hauling needs.

Funny Christmas Habit.

There is not a drug store, cigar shop or barroom in the larger cities which has not been made the storage room for Christmas presents bought before the rush sets in. The strange part of it is that every man who utilizes the friendship of his favorite place round the corner thinks he is the only one who thought of the plan. Realizing that the stores will be crowded, many far-sighted heads of families bought their presents a week in advance, and then, fearing the nature of the mysterious package would be discovered at the office or at home, they hid upon the device of making a cache in some resort near home.

Plants for Christmas.

Other things being equal, it is better to buy plants near one's home than to travel afar. Do not be tempted, even by cheap offers, to go miles away, for counting car fares, packing, expressage and lost time, the ultimate cost is very likely to be more than if you paid a good deal higher price at home. Of course it may happen that one grower or florist has a large stock of some one thing and can sell at a low rate, but dealers usually have an understanding with one another especially regarding holiday prices, and for weeks before the holiday season they have been balancing stock with each other, so that the better quality plants are of an almost fixed value.

TO THE READERS OF

THE SUCCESS.

In last week issue of the Success, if you noticed directly under a piece of poetry which I had written, our editor brought to bear upon your minds about the facts about 400 head of muttuns selling in 1891 for \$3.00 which he calls particular attention to the sale being made under a Republican administration. Now I'll set em up to the editor or any one else who will show me where muttuns ever sold as high as that before 1891. Here are some facts which I know are true. In 1886 we drove 500 head of fine muttuns as was ever, put on market to San Antonio and sold them for \$1.75 per head (big price) in 1894 we went to Blanco and bought 342 good young sheep in October with the wool on for \$0.67 1-2 per head in the spring of 1894 one of my neighbors sold 37 head of dogie steer yearlings for \$50.00 for the bunch in 1893 my grand father sold his cattle (good graded durhams) for \$6.00 per head.

Now you who read this can look back and see what kind of admittion these sales were made under. I am sure our editor got a hold of the wrong paper when looking through his files because he could have found cheaper sales than the one which he mentioned.

So I will stop now Mr. Editor and give you a chance to look over your files of papers and see if you can't get something better. W. A. Spencer.

W. A. Spencer reports that Chas. Schriener was paying 18c for wool and expected it to go higher.—The Success May 22, 1914, a little over a year from the inauguration of a democrat for president, and advance form 12 1-2 cents.

T. D. Newell, of Sonora bought from Roy Hudspeth 974 muttuns at \$3.10 per head.—The Success, May 29, 1908, 11 years of Republican reign.

R. A. Evans and W. P. Evans sold to M. B. McKnight 35 head of steer yearlings at \$14.—The Success May 15, 1908.

We refer you to any date after the democrat went into power for better prices than those above.

Fordson

TRADE MARK

There are many Tractors clamoring for the patronage of the farmer. The very air is charged with the noise of claims. One would think that all the farmer had to do was to buy a Tractor and he would enter into the Millennium.

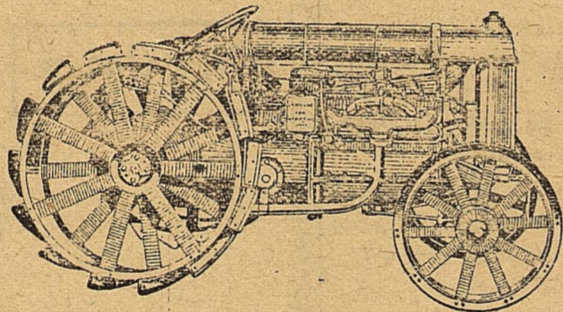

Well, consider this fact—there are a great many different makes of Tractors. Tractors have been on American market for twenty years. In that time some three hundred thousand Tractors have been sold to the farmers of the United States. The Fordson Tractor has only been on the market two years, and in that time more than one hundred thousand Fordson Tractors have been sold to the farmers of the United States.

Two and two makes four. Two and two always will make four. If the Fordson Tractor had not delivered more good work, more satisfactory work, more economical work, than any other farm Tractor, it would not have sold in ratio of anywhere from five and more to one. "The proof of the pudding is in the eating." The proof of the superior merits of the Fordson Tractor is in its larger sale and use.

The Fordson Tractor then asks you to buy it because of what it has done for your neighbors. It asks you to buy it on its merits. It asks you to buy it Mr. Farmer, because you have use for it every day in the year. All the uses for the Fordson Tractor have not yet been uncovered because new places where machine power can take the place of human power, where machine power can supplement horse and mule-power, are being found every week, and wherever such discovery occurs, the Fordson Tractor will fill the bill more satisfactorily than any other form of power.

The Fordson is simple in design, and it is very strongly made of the highest quality of iron and steel. It is the product of the greatest mechanical genius the world has ever known, and it is most economical in first cost and after expense. The Fordson Tractor on your farm will increase the value of every foot of ground in that farm. It will put more dollars and cents into every hour you put into the farm.

Now why not have a Fordson right away? Take up the subject with us. Come in and get the details, and all the particulars. It is only a matter of time until you buy a farm Tractor—that is sure. So don't put it off when it means money to you to act promptly.

AMERICAN RELIEF ADMINISTRATION.

I have consented to act as Chairman for the American Relief Administration for Schleicher County, and have associated with me as committee, Messrs A. T. Wright and A. J. Atkins, Mrs. D. E. DeLong and Mrs. L. M. Hoover.

The Success has kindly promised to give through its columns that which will inform you on this movement, and by this means we expect to get the matter before our people, and ask that you read each item carefully and make your offering to this worthy cause as your heart may direct.

We do not expect to make a high pressure collection but at the proper time will ask you to contribute to this "Life Saving Fund". Any of the above named will take your offering and receipt you for same.

Not one cent of this money will go for expenses here, but will all go for the purpose given. We are giving our time and expense free. J. A. Whitten.

We are now facing the third winter, with our relief work in Europe and have 3,500,000 children yet to take care of and am asking the American people to contribute Twenty-three million dollars for this work.

Some of the relief work has been set aside in the war zone but yet there is much to be done for the rebuilding of the future generation of that country.

No one knows better than I do the many home burdens of our own people, but I believe that we can care for our own and still protect these forlorn victims of war. Says Herbert Hoover in a letter to the American people Nov. 16, 1920.

Don't throw that old hat away bring it to us and we will make it look like new and give you service. L. I. Brannan.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.
