FRED S ROGERS RUNS FOR GOVERNOR

The Sunday papers of April 30, carried the announcement of Fred S. Rogers of Bonham Texas, for Governor, this is the fourth announcement for this office.

Mr. Rogers is an ex-soldier of the late war and is indorsed by the Nonpartisan League, the Farm Labor Union, the State Federation of Labor and the Brotherhood of Railway employees.

He criticized Governor Neff for making promises to wipe the slate clean at Austin during the campaign and then "failing to make good his promises when he became Governor." As an instance of what he called gross extravagance Mr. Rogers charged that there have been appropriations totaling \$31,000,000 to pay the running expenses of the State government and compared that with the \$5,000,000 appropriated during the administration of Gov. James Stephen Hogg and the \$10,000,000 of the administration of Gov. T. M. Campbell.

There was a chorus of "noes" from the audience when the speaker asked if they thought the extra expense was worth while.

He quoted from the address of Governor Neff at Fort Worth in January regarding crime conditions in Texas and asked if the people of Texas "want a Governor who will permit crime to be one of the established industries of the State and who cannot find the means to prevent lawlessness from being blatant when he has appropriations amounting to \$31,000,000."

Mr. Rogers promised to restore the pardon board and permit that body to act on pardons and not assume all the power as Governor Neff had done.

He accused Governor Neff of celebrating his birthday by granting many pardons and again refusing pardons that had every evidence for real merit, condemning the Governor's refusal to commute the sentence of Hornsby of Bell County, "despite the fact that a petition of 7,000 of the best citizens of the country had asked for it."

He promised liberal support for all higher education and said that he would favor the establishment of a junior West Texas A. & M. college because the State of Texas was so large that the A. & M. College at Bryan did not meet the needs of people in the western part of the State.

His closing appeal was addressed to the mothers and fathers of ex-service men and ex-service men themselves to "see that none whose patriotism was ever questioned be allowed to ever hold office in Texas." Throughout his speech he was applauded.

Ben Hext came down from Crossplains Friday and spent Saturday and Sunday with his family. Ben says Crossplains is becoming quite an oil town, he returned Monday.

COMMENCEMENT SERMON.

The Commencement Services were held at the Baptist church Sunday night with some appropriate songs and music after which Elder Black, pastor of the Christian Church of Ozona delivered an address, or preached a sermon, to the Class, using as his text the 1 and 13 verses of Ecclesiastes 12th chapter which reads, "Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them."

13. Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man."

A large crowd was out to here this sermon and enjoyed it very much, the speakers them was to not leave God out of their lives and be admonished the class to build on and up and to seek higher learnings.

The daily expense of the United States Government exceeds \$10,000,000 a day.

The German statistics show that 46 Germans were killed and 109 wounded during every hour of the world war, and Germany still insist on talking back.

According to the press reports, Charlie Chaplin, Mary Pickford, Douglas Fairbanks, Mabel Normand and others of the famous movie world went wild with enthusiasm when the jury acquitted "Fatty" Arbuckle. He will doubtless be crowned King of Hollywood.

The Baptist women of Iowa are contributing all the egg-they hens lay on Sunday to foreign missions, and have estimated that it will bring about \$75,000.

Robert L Henry has opened his headquarters in the First State Bank Building in Waco, men from every portion of Texas compose the executive committee, many of them prominent citizens.

The first daily newspaper in the United States to publish the Bible in series form is the Topeka State Journal. The four gospels are to be published in weekly installments of approximately 3,000 words. The Weymouth text of the new Testament will be used throughout.—The Dearborn Independent.

Almost every day we witness the awful crimes of sin and vice and you don't have to go to Southern California to see it, it lurks about us and often appears in some of our best homes, the devil is every where, and often walks around in our community in the shape of man, he is allowed this privilege often times to protect the fair name of some sweet girl who has fallen to the temptation of his dambable lunks.

God has been gracious to West Texas, will we return to him that which rightly belongs to him out of the prosperity we are going to reap, let us not keep on in our sinful lives, but turn and cleave to that which is good.

The Success wishes to commend the action of many of our ranchmen in their efforts to exterminate the fly, by placing fly traps on their range. A trap was on exhibit at the Eldorado Hardware Co., this week, which demonstrated the work that was being done. The fly can be exterminated just as easy as the tick, and why not do it? every home in town should own one of these traps, it would be an investment in good health, not to say anything of the dollars and cents it might save. Let's all get together and swat the fly.

One of the greatest electrical supply companies in the world has fifteen million dollars' worth of unfilled wireless apparatus orders on its books and refuses to accept more business till it catches up.

Cullen F. Thomas, candidate for United States Senator, says he is strictly against the Ku Klux, and for the coal miners union. Some members of the coal miners, one night last week, threw a bomb into a cabin where four non-union miners were sleeping and blew them to atoms. Four widows and four teen helpless children were called upon to weep over the masses of mangled flesh and bone that once gained for them their daily bread. These men had committed the offence of working to support themselves and families when told by the union miners not to do so. Varily, "Saul has slain his thousands and David his tens of thousands," and Cullen prefers the crowd that does the most killing. Go to 'em Cullen; but right here the trail divides.—Sterling City News Record.

Stenographers in service of the United States Government lose \$6,000,000 worth of the government's time each year rouging their cheeks and lips, according to efficiency experts of the Treasure Department. This is figured on a basis of 40,000 girls on the government payroll as stenographers and typist receiving \$1,200 a year and upward.—The Dearborn Independent.

Pressed back step by step by the pressure of events, the rulers of the world are fast approaching fundamental causes. That is the meaning of the Genoa Conference. The last makeshift which the money manipulators tried was the proposal to cancel all the war debts—a most humane thing to do, if it benefited human beings in the large; but a most inhuman thing to do if it only gave a false monetary system a new lease of life. With that makeshift refused, the rulers are now face to face with the sources of supply—material, labor and management. Exalt these and inevitably you put money back into its natural place as the servant of these. It could not have been done had another money politician been permitted. Genoa is the world's first step back to the economic foundations.—Henry Ford

From the 15th day of March to the 15th day of April there were reported nineteen deaths by violence at Dallas. The citizens of Dallas took but little notice of these tragedies, but when two worthless social carrion crows got their hides tanned by alleged Ku Klux, all Dallas arose as one man and demanded that such things must be stopped. This reminds of one who strains at gnat and swallows a dormedary. Those old Dallas boys are great jokers.—Sterling City News Record.

Albert J. Beveridge defeated Senator Harry S. New, in the Indiana Republican primary last week. New is the man recently white washed by the United States Senate for the enormous sum he spent in defeating Henry Ford two years ago.

The Republican party refused to indorse him again. Congratulations.

Changing artificial light into "daylight" has been accomplished by an artist of London, England. Last summer we visited at the home J. H. Dismukes, our brother-in-law, when he lived at Georgetown, where all he had to do was to press the button, but times have changed a little in the past 12 months and we are now contemplating going to see him again, he is now on the ranch in Edwards county, and from what we read between the lines, the button has been pressing him, however, we have been invited down to fish, we always accept invitations, we work on the plan if we are not wanted we won't be asked, so we are now planning to see if the button did really press pretty hard, a good old outing on the creek will make a man forget the past and live a new, we have our friend Bob Henry's speech to take along for good reading in the spare time.

C. S. Chick and Miss Pearl were in from the ranch Friday and Saturday and report that the grass and crops were coming fine in the Kaffir neighborhood, and that stock was getting fat.

A RESOLUTION.

"Resolved, that no teacher be employed by the board who will not abstain from card playing and dancing."

The above resolution was passed by a school board in an adjoining county. It seems like somebody is always trying to take the joy out of life, why did not those good men prohibit jizing and gambling. The old square dance or Virginia reel are not harmful, it's the present day "jizing" that should be cut out, neither are there any harm in a social game of cards, no more so than dominoes, flinch, etc., why should we ask out teachers to abstain from harmless pleasure. Have backbone enough to call a spade a "spade" and eliminate the jazbaby and the flapper from the school room among both teachers and students.

Every now and then a woman will tell of a most hideous crime on a man, which causes the indignation of the people to rise against him, and then flee to some other portion of the State and tell that her first testimony was false. Hornesby was hanged on such testimony, only it came from a boy.

When will the people get right and live like godly people should? When will their word and meditation be free from evil? When will our Judges and attorneys be in favor of enforcing the law and not try to break or defeat them? Oh! when will we forsake evil in all its forms and cleave unto that which is good?

POSTAL IMPROVEMENT WEEK IS OBSERVED

May 1 Sees Inaugurated First General Campaign of Kind in Service.

Without the Postal Service, business would languish in a day, and be at a standstill in a week. Public opinion would die of dry rot. Sectional hatred or prejudice only would flourish, and narrow-mindedness thrive.

It is the biggest distinctive business in the world, and it comes nearer to the innermost interests of a greater number of men and women than any other institution on earth. No private business, however widespread, touches so many lives so often or sharply; no church reaches into so many souls, flutters so many pulses, has so many human beings dependent on its ministrations.

"Postal Improvement Week" has been set for May 1, by the Postmaster General. This is the first general campaign of its kind in the Postal Service for several decades. Business men and their organizations, large users of the mail, newspapers, motion pictures, advertisers, and the entire organization of 320,000 postal workers are to be enlisted in this country-wide campaign of interest in postal improvements. Your help is vital. Address your letters plainly with pen or typewriter. Give street address. Spell out name of State, don't abbreviate. Put your return address in the upper left hand corner of envelope (not on the back) and always look at your letter before dropping in the mail to see if it is properly addressed. This care in the use of the mails is for your benefit and speeds up the dispatch and delivery of mail matter.

If you have any complaints of poor service make them to your postmaster. He has instructions to investigate them and report to the department.

COURTESY

It sticks in human relations like postage stamps on letters. The POST OFFICE DEPARTMENT expects it to be used by its postmasters and employees in dealing with the public.

Help them in its use beginning with POSTAL IMPROVEMENT WEEK, May 1-6, 1922.

THANK YOU

WITHOUT STREET ADDRESS YOUR MAIL IS DELAYED AT OFFICE OF DELIVERY

The Dead Letter Office has been in existence ever since Ben Franklin started our postal service. Even then people addressed mail to Mr. Ezekiel Smithers, "Atlantic Coast," and expected Ben to know just where Zeke lived.

Perhaps they had Zeke's address in letters up in the garret, maybe a chest full of 'em, but then it was easier to let Ben hunt Zeke. Today people are addressing letters to John Smith, New York, N. Y., or Chicago, Ill., thinking Uncle Sam can locate him, which is just as incomplete as was Zeke's address of yore. The Postoffice Department asks you to put the number and street in the address. It helps you.

Trinidad Col.

How do you expect the Postal Clerk to know whether you mean Trinidad, California, or Trinidad, Colorado?

ALWAYS SPELL OUT THE NAME OF THE STATE IN FULL IN THE ADDRESS.

"MORE BUSINESS IN GOVERNMENT"

This apt phrase was used in President Harding's first message to Congress and applies particularly in postal management where postmasters are being impressed with the fact that they are managers of local branches of the biggest business in the world.

HERE COMES A STRANGER!

Let's make our post office look neat, Mr. Postmaster. Straighten up the rural letter box, Mr. Farmer. Tidy up some, Mr. Rural Carrier. First impressions are lasting. Maybe Mr. Stranger, taking notice of these improvements, will come back, bringing you benefits. Start these with "POSTAL IMPROVEMENT WEEK" May 1-6.

HUMANIZING THE POSTAL SERVICE

"There is no unimportant person or part of our service. It is a total of human units and their co-operation is the key to its success. In its last analysis, postal duties are accommodations performed for our neighbors and friends and should be so regarded, rather than as a hired service performed for an absentee employer."—Postmaster General Hubert Work.

"They Satisfy"

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Calomel Good but Treacherous

Next Dose may Salivate, Shock Liver or Attack Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.
