To my many friends in this and surrounding counties that have given me their surport, in my fight for re-election, I wish to say I can not express the inward appreciation and gratitude, I feel in my heart, so I will simply say I thank you for your friendship, and if at any time in future life I can serve you in any honorable way command me, and the road will not be too long, nor the night too dark for me to respond to the call.

Now I want to especially thank the good ladies in our town and county, who have been such loyal friends of mine; there is nothing connected with my official life that I appreciate more than the kindness with which I have been treat ed by the Ladies of this county, during the years I have been honored as one of your public servants.

And now last but not least; I want to thank the boys and girls. and the little folks of the county and town, for the many kind words that have been given me during my campaign and since my defeat. God bless the Uhildren, I had rather have defeat and their good wishes and friendship than victors wihout it and again I say God bless the Ladier and Chil dren who have never been poisjoned with falsehood and selfish-

Now to those who have always pretended to be my friends, but voted against me because I would not compromise my honor, because the other man did and then subserve the intrest of one man at the expense of another and the sacri fice of honor. I hope you will live long enough to endorse principle and not money

1.75 When recently in company with Mr. Jack Beasley, a pioneer set tler of McCulloch county, he drove to a large live oak tree standing near the foot of the mountains on the west side of Salt Ureek and directed our attention to a spot at the root of the oak that is only marked by a few small stones such as are found on every mountain side, but are now marking the last resting place of Sebe Goen who was killed by the Indians in the year 1865. Mr. Beasley informed us that Goen, with three comrades, had camped on the top of the mountains and had built a fire to dry their clothing after a rain and that at night had lain down to sleep when the savage crept up and sent an arrow into Goen, the others of his party narrowly escaping with their live. He also stated that Mr. Warren Hudson of Murcury, was one of the party who returned to lay the remains away where they now rest. We were caused to reflect upon the small consideration with which we view the secrifices of those who faced danger and death to make way for our civilization, and how neglectful we are in manifesting our gratitude for those who have fallen for the cause. Sebe Goen deserves an enduring monument instead of a few small, rough stone, and a dime from every one in our county would be ample to let the future generations know that our civilization, our peace, our happiness and our safety has been bought with blood, and heroes memory commemors !ed by an adpreciative people.

A Paithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for 18 years, and never start out on a trip without this, my faithful friend." says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for 35 years he knows its value and is competent to speak of it. For sale by B. E. Earle.
