Sam H. Hill Elected Member Of Executive Committee Of West Texas Development CONGRESS.

Asks Co-operation Of Schleicher County Citizens.

Sam H. Hill one of Schleicher's leading stockmen and an all-around West Texas booster was elected a member of the executive committee of West Texas Development Congress.

Mr. Hill writes us to try and get the citizens of this county to take membership in this grand institution. We here publish his letter so that the people may understand.

Christoval, Texas, Dec. 10, 1909
Mr. A. T. Wright,
Eldorado, Texas.

Dear Sir:—

You doubtless know I was elected a member of the executive committee of West Texas Development Congress.

The greatest thing for the development of our splendid country, that has ever been organized.

If the citizens of Eldorado will take membership as prescribed

in article 3 of our By-laws, if our good citizens of Schleicher county will co-operate with me through this organization, I am sure in a few years every acre of tillable land in Schleicher county will be in a high state of cultivation, by a class of people who will make it produce as much per acre as any land in Texas, as it is certainly capable of doing.

Railroads will run excursions trains of home-seekers. We will send literature to every city and village in these United States advising them of the splendid opportunities of West Texas.

We will have a legislative committee whose duties it will be to see that we will have such laws passed as will tend to up build West Texas.

We will take up railroad building and get in touch with the great financiers, get them here and when they see the splendid opportunities we will offer them,

Ice Factory and Electric Light Plant For Eldorado.

San Angelo and Eldorado Capitalist Combined.

A well grounded rumor is a float that before many moons Eldorado will have an Ice Factory and Electric Light Plant.

Eldorado and San Angelo capitalist are behind the move, and the organization is well underway, a charter has been applied for and will doubtless be granted.

We could not learn just who is behind the move among our Eldorado citizens, but we caught on to enough to know the move will materialize.

Other great things will be done in Eldorado before 1910 expires, keep your eyes open and watch the future of Eldorado grow brighter and brighter.

F. R. Keele informs us that he is having a well drilled on the Keele addition for the benefit of those desiring to build in that portion of Eldorado, there is also a well being drilled on the Keeney addition.

E. E. Stricklen was in from his ranch near Juno Saturday he came up on his auto Bike and was busy shaking hands with friends. Mr. Stricklin has some of the finest goats in West Texas.

Entered as Second Class matter July 9th, 1906, at the Post Office at El Dorado, Texas, under Act of Congress of March 3rd, 1879.

The West Texas Development... will bring many new... Texas and Schle... in for her share.

A mans character and stand... in life is often judged by the company he keeps.

The thing looks very much... now like Cook never discovered the north pole.

H. Clay Pearce the oil magnet... has been acquitted for false swearing and is at liberty to roam the fields of Texas without the fear of being arrested.

The thermometer manages to... go down during the month of December but bacon keeps going up.

Several porkers were killed last... week and no doubt these families will have good biscuits made of lard.

The McCulloch County Star... will come out Semi-Weekly from now on, Wednesday and Saturday the next thing brother Roberts will want is a daily.

Hogs are higher now than... they have been since 1892 they are bringing \$8.47 1-2 on the Denver market.

Buy your Xmas. goods early... and avoid the rush.

nor Jesus Del Valle of Coahuela... Mexico will meet in Del Rio Jan. 5th and will be the guests of the city.

Only a little while until electric... lights will be at your command.

Just think how cool next summer... will be with that Ice Factory.

Keep posted on your county... Capital. How! by reading reading The Success.

J. G. Murphy Senior Editor of... the San Angelo Standard is confined to his bed this week with an attack of la grippe.

The Success for job... Miss... town Monday... of Miss Ollie Henderson

Houston is probably the only... city in the world where two-thirds of the women are surpassingly beautiful.—Houston Post.

The Post Editor has undoubtedly... never visited Eldorado.

The penitentiary investigating... committee in its report suggests reforms and thinks they are needed bad enough to require a special session of the Legislature but Governor Campbell thinks otherwise. Almost anything would be better than another session of the present Legislature. We are sorry for the convicts, but "sorrier for ourselves."—Guadalupe Gazette.

You may think what you will... about Attorney General Davidson and his chances for election, but you've got to hand it to him, that his latest surprise announcement is an able document and well circulated to give his candidacy a big boost, attracting the attention of those unalterably opposed to him. His refusal to "eat the people's bread while doing nothing to earn it" listens good and brings into the spot light some of his opponents who prefer holding on to what is to the hopes of what is to be. Mr. Davidson's planks are three and they are good planks, however one may regard their author.—Wichita Times.

The Houston Post says that... Colquitt is "flooded" with letters and telegrams "begging" him not to resign. The Bulletin is willing to pay a dollar each for letters and telegrams over the first dozen, received prior to the publication of the Post's statement. They would be worth it as reading matter, and wouldn't bankrupt the paper either.—Brownwood Bulletin.

The following Eldoradoites... were business visitors to San Angelo the first of the week, C. A. Spencer, F. L. Cozzens, W. W. Barbee, Tom McKnight, O. E. Conner.

How to Treat a Sprain... Sprains, swellings... Chamberlain's Liniment reduced inflammation and soreness so that a sprain may be cured in about one-third the time required by the usual treatment. 25 and 50 cents sizes for sale by B. E. Earle.

If there be anyone who intends... to claim exorbitant damages for the railroad running through their lands, they should not forget what they swore it was worth when they rendered it for taxes. Each land owner, when he rendered his lands and other property to the tax assessor, swore or subscribed to an oath that he had rendered all his property at its full value. A man who swears that his land is only worth so much for taxation, ought to be made to stay with his oath when he seeks unreasonable damages against his neighbors, who are straining themselves to procure a railroad that will make his land double in value even before the first brigade of graders are camped on the ground. It looks mighty queer in a man to swear that his land is only worth \$2 an acre for taxes, and then in the next breath, ask a jury or a right-of-way committee \$25 an acre for enough on which to build a road that will add double its value, not saying anything about the indispensable convenience of the thing.—Sterling City News-Record.

OFFERED 12 1-2 CENTS FOR 1910 COTTON.

Waxahachie, Tex. Dec. 11.—Representative J. M. Alderdice, who owns a large cotton farm in Ellis county, today, received an offer of twelve and one half cents per pound for the entire crop he will raise next year. The early bid comes on the strength of the government estimates in this year's cotton yield.—San Standard.

WORDS OF ENCOURAGEMENT.

This week while searching for... news we came across an old friend, who expressed himself freely as to the progress and improvement we had gained in the way of bettering The Success during our time as editor of same. He has been a constant reader of The Success, and as he greeted us with a hearty hand shake, he said "the longer I read it the better it gets, stay with your job and by and by you will accomplish your aim." These words made us feel like that we were probably pleasing some one and greatly stimulated us for another effort to improve The Success.

Just Hoover of... Pontoic Texas were in our city the first of the week, viewing the picturesque country in and around Eldorado. They are brothers to Dr. Hoover, who owns a nice ranch in this county, and are among the best citizenship of the Pontoic country. The Success would like very much to see these worthy gentlemen settle in our midst.

Walter Oliver one of Scoleich... or's jo'al Irish ranchmen from the west side of the county was spreading smiles on our streets Monday.

Pete Whitley was in from the... Sam Henderson ranch Monday.

How to Cure a Cold.

Be as careful as you can you will... occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to adult. For sale by B. E. Earle.

SOME LEAGUE THOUGHTS.

The attendance at our last... meeting was good, the interest most excellent. Every body seemed to go away with renewed zeal for the work.

Our leader, S. L. Wright ac... quitted himself splendidly. We believe he even surprised himself.

There were quite a number of... very excellent, pointed talks were made during the service.

Especially on the question:... "How can we improve our League?" If you were not there you are the looser.

Our young people are begin... ing to duly appreciate the fact, that the League is an important department of the Church. They are learning to love the work.

Our next lesson being an ap... peal for service, we should ask ourselves the question, "What are the qualifications for this service?" Ask God to help you answer it.

The pastor takes this oppor... tunity of announcing his subject for Sunday: Morning—"Nehemias Prayer." Evening—"The Great Arbitration."

The morning discourse will... naturally appeal to the Christian people; the evening to the unsaved.

The Christians should espec... ially hear the morning sermon, that he may be instructed, and directed to his best interest.

An urgent invitation is exte... nded to the thoughtful, unsaved, man or woman, to hear the evening discourse.

We shall try to make it helpf... ul to you. Pastor.

PLEASED WITH SCHLEICHER.

J. H. Booth returned last week from a business trip to Austin, also visited his mother. Mr. Booth returned better satisfied with Schleicher county than ever. He says after living a few years in grand old Schl eicher, the coun- try around Austin dosen't look good to him. All Schleicher needs to be one of the leading counties in Texas in the agricul- tural line, is to have a lot more just such men as our friend Booth. Mr. Booth says he en- joyed his visit and stay among his old friends at the Capital

Do not fill your stomach with arsenic, calomel, quinine and
debilitate the system, leaving symptoms that it takes years to

In case of a burn or scald what would
you do to relieve the pain? Such injur-
ies are liable to occur in any family and
everyone should be prepared for them.
